

Item: Pharos: Dalhousie University Yearbook 1961

Call Number: LE 3 D35 1961

Additional Notes:

Digital version of 1961 Dalhousie University yearbook, 224 pages, black and white with some colour. The yearbook contains images and text regarding the University, the graduates, the faculty and the buildings. Information regarding the editorial staff can be found on page 128-129. "Pharos" is both a reference to the destroyed lighthouse in ancient Alexandria and the name of the yearbook series.

This document is a digital facsimile of the materials described above. It was digitized on June 13<sup>th</sup> 2012.

The original materials and additional materials which have not been digitized can be found in the Dalhousie University Archives and Special Collections using the call number referenced above.

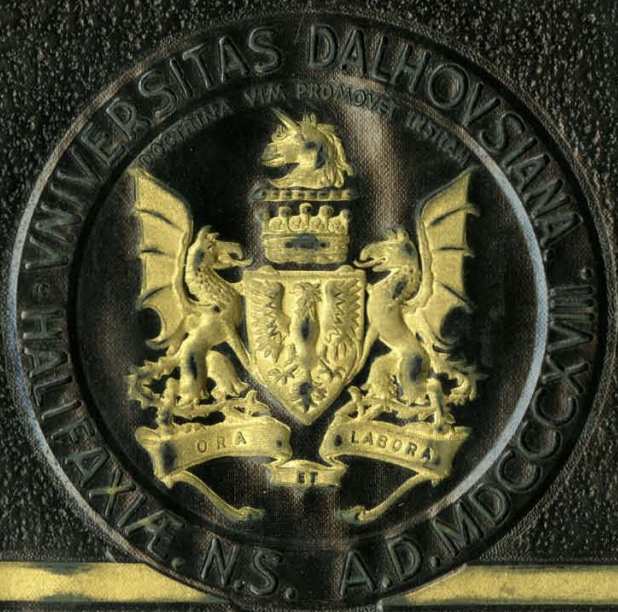

In most cases, copyright is held by Dalhousie University. Some materials may be in the public domain or have copyright held by another party. It is your responsibility to ensure that you use all library materials in accordance with the Copyright Act of Canada. Please contact the Copyright Office if you have questions about copyright, fair dealing, and the public domain.

# ΦΑΡΟΣ

προσιόντι οὖν πρὸς τὴν τῶν Ἀλεξανδρέων  
πόλιν ἐπ' αὐτῷ τῷ στόματι τῷ τοῦ λιμένος  
ἵδρυται ὡς κάλλιστα ἡ ΦΑΡΟΣ ἧς δὴ ὁ  
πύργος πᾶσι τοῖς ἢ κατὰ θάλασσαν ἢ  
ἀνέμῳ χειμαζομένοις καὶ περὶ σώματος  
ἀγωνιζομένοις — φιλοσόφοις τε καὶ  
μαθηταῖς καὶ πολικίτοις καὶ δὴ καὶ  
ἐμπόροις — γίνεταί πρυκτὸς σωτηρίας  
εἰ γὰρ αὕτη ἡ ΦΑΡΟΣ εἶν  
ὑπομνήμᾳ τι τοῦ παρὰ τῆς θαλάσσης  
λυκετοῦ ὥστε καὶ αἰεὶ "ἄλωσμένοις  
τηλαυγέα δαλὸν ἀνάπτειν "ΔΑΛΟΝΣΙΑΝ.

(..... at the mouth of the harbour, majestically, there stood the PHAROS, towering its lofty head above the city of Alexandria, a beacon of warning and succor to the merchants and scientists, men of letters, scholars and statesmen who braved the wrath of the wind and the waters in search of life. May this PHAROS be a symbolic beacon of our College by the Sea. Let the light of Dalhousie guide you wherever you might sail on the Sea of Life.)

C. L. Bennet

Dean of Graduate Studies  
Vice-President of Dalhousie University

# Dedication

Dean Charles Lindsay Bennet, or "C. L." as he is affectionately called by students past and present, is perhaps the best-known professor at Dalhousie. His excellence as a teacher is well expressed through the course in English drama which he has conducted for so many years, leading many to a true appreciation and deeper understanding of our literary heritage, and providing warm memories of happy evenings improvising costumes and settings for the plays. Dean Bennet has always made time to attend student dramatics and to take a friendly interest in campus activities despite his many duties connected with the administration of the university. He is always ready to advise or help any student; his office door is always open.

It is with profound respect and appreciation that we dedicate this book to the man who has made so deep and lasting an impression on the hearts and minds of Dalhousians for almost forty years.

## Preface

For more than one reason this preface is the most pleasant chapter of the book to write. The very fact that it is written indicates that the work is finished, and it also provides the proper place to express thanks to those who helped to make the book "come alive." Furthermore, this provides the opportunity to trace the history of this particular volume.

While not exactly a comedy of errors the compilation certainly was a drama of trials. Many Dalhousie yearbooks had appeared before, but it is only human that the staff should try to make the 1961 edition the biggest and best ever. The first decision to be made was that concerning content. The obvious and common sections of yearbooks had to be retained. However, to give the year at Dalhousie full coverage it was felt that a few sections should be added.

As a university is primarily an institution of learning, attention had to be given to the academic activity of the student body in order to reflect true university life. Accordingly, a section devoted to scholarship has been included in *Pharos* 1961. If the book is to be of interest to all students, undergraduates and graduates alike had to be given a chance for representation. Therefore, all available photographs of undergraduates have been included.

The year 1961 has brought with it the completion of a distinct phase of growth in the facilities of our university. It seemed appropriate to look into the past, to consider the present, and to attempt to project into the future.

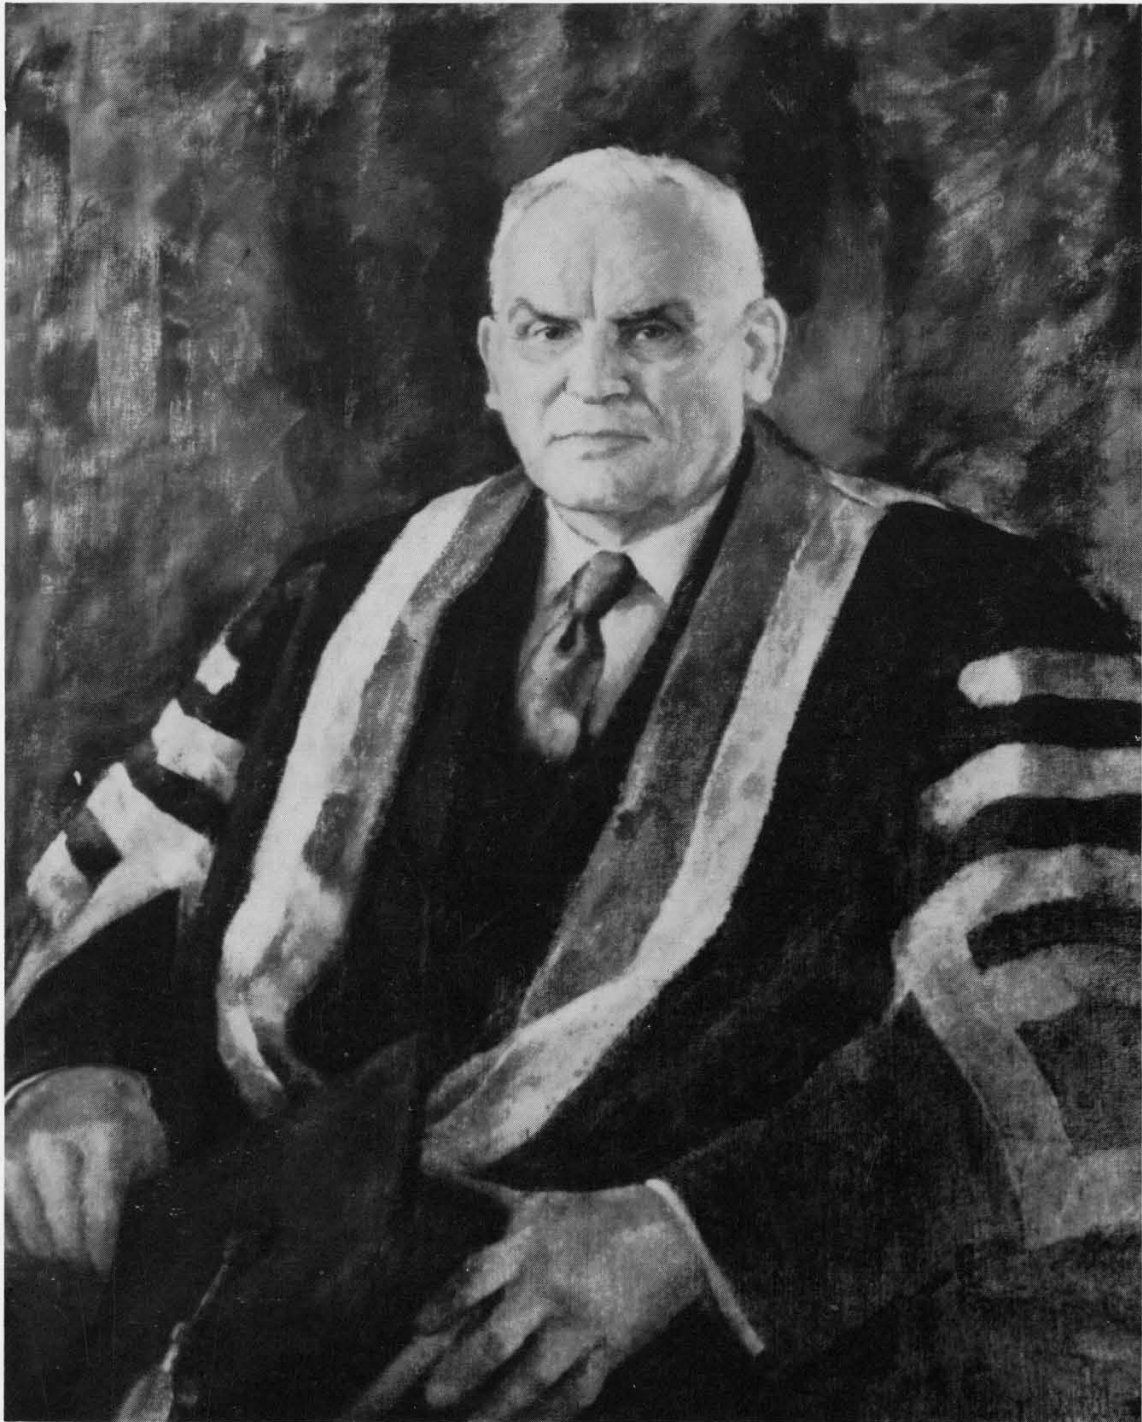

Serious consideration was given to the accuracy in reporting. Since a true mirror neither conceals nor augments, all facets of the students' activities, even a few undesirable and disagreeable ones, are reflected.

A yearbook staff cannot claim to be wholly adequate; so all the more it needs the support by the entire student body. While there is no intention of shirking responsibilities, most of the few flaws in the present volume can be ascribed to a lack of co-operation now and then experienced. It is hoped that the aid given by the multitude, gratefully accepted, has been used to full advantage. It is impossible to name equitably all who have contributed to the book; however, a special thank-you is extended to Dean Bennet whose awareness of students' problems has helped over many a rough spot; to the members of the Advisory Committee, Dr. Spratt, Mr. McNeill, and Mr. Irwin; to the Registrar, Miss Smith, whose readiness to help played an important role in all phases of the production; and to the secretary of the President, Miss Henry, whose amazing files proved a veritable treasure chest.

To the members of the staff who know what I feel, THANK YOU.

Otto Haenlein

# In Memoriam

The Right Honourable  
C. D. Howe

P.C., B.Sc., LL.D., D.Eng., D.Sc., D.C.L.  
January 15, 1885 to December 31, 1960

The year nineteen hundred and sixty-one will remain in the memory of all Dalhousians and even all Canadians as the year which marked the loss of the Right Honourable Clarence Decatur Howe.

A graduate engineer from Massachusetts, twenty-three years old, Mr. Howe came to our university on the shores of the Atlantic to accept a Dalhousie professorship. While a teacher here, he also stood on the threshold of a political destiny that was to leave an indelible mark on Canada and her history. Fifty-three years later after distinguishing Dalhousie by serving as her Chancellor for three years, still an integral part of the University and by this time a much beloved master who was still instructing our citizens in the arts, sciences, and trades of building a nation, Mr. Howe passed away.

The eulogies and tributes extended Mr. Howe following his death were many. They found their origin in the hearts of his closest friends, his political allies, and those who had spent much of their own lives opposing him. But from Halifax comes a tribute by another native son which among many stands before us as a fitting memorial to the late Chancellor.

“Only we who worked with Mr. Howe day in and day out could appreciate the character of his ability, his courage, his strength, his decisiveness and above all his devotion to duty and to public interest.

He was truly a statesman of towering stature.”

*(Rt. Hon. Chief Justice J. L. Ilsley)*

President and Vice-Chancellor of the University

DALHOUSIE UNIVERSITY  
HALIFAX, N. S.

OFFICE OF THE PRESIDENT

February 15, 1961.

I am grateful for this opportunity of writing a brief prefatory note to the new issue of Pharos, which I regard as an invaluable documentary record of our student life.

Official reports of the year 1960-61 will tell of the growth of the University, the changes and improvements that have taken place in the programme of the various faculties, the expansion and improvement of our physical facilities, and other matters requiring action on the part of the Board of Governors and the Senate; but Pharos preserves the story of the year, particularly in terms of the extra-curricular activities of the student societies, and I am glad to observe that it now includes also some reference to outstanding academic achievements by individual students. I trust that the perusal of it from time to time by those concerned will revive happy memories and the consciousness of the bond that permanently exists between their alma mater and her children.

The year brought an incalculable loss to the University in the death of our distinguished first Chancellor, the Right Honourable C. D. Howe. He was proud of Dalhousie, which he once served as a Professor and counted it a privilege to serve again in this more exalted capacity. An appropriate tribute was paid to him in a memorial service held on the campus on Sunday, January 8. He holds a unique place in Dalhousie's history.

I am obliged to the Editor of Pharos for making it possible for me to use this publication for sending cordial greetings to the students of the graduating classes, assuring them of the University's continued interest in them, and wishing them everything good in the days and years ahead.

Dalhousie

Past

Present

Future

# Past

In August, 1814, a small expeditionary force sailed from Halifax and captured Castine, a fortified naval base in what was then the Commonwealth of Massachusetts, whence American privateers sailed to prey upon the British mercantile marine. It was held by a British force until the end of the war, and administered as a British town. In the seven months of occupation the customs duties collected amounted to over £11,500. This sum was brought back to Halifax when the troops returned and was known as the Castine Fund.

In the year of 1816 Lord Dalhousie, the ninth of that name, became Lieutenant-Governor of Nova Scotia. Lord Dalhousie is given the credit of thinking that a seminary for the education of youth in the higher branches of Literature and Science, on the model of Edinburgh University, as being the most worthy of the many objects to which the Castine Fund might be devoted. Legislation was duly passed and the greater part of the fund was appropriated to this purpose.

In 1820, Lord Dalhousie became Governor-General of Canada. His first public act in Nova Scotia was laying the corner-stone of the first Dalhousie College, with much military pomp and elaborate Masonic ceremony on May 22, 1820. It stood on the northern end of the Grand Parade opposite historic St. Paul's. It was of grey cut stone in the "Colonial" style of the Province Building and Government House. The central member was two stories high, flanked by an east and west wing of one storey. At the entrance was a dignified Georgian portico, and above it, were three tables of stone bearing a Latin description telling when the building was begun and finished. These inscribed slabs were later embedded in the wall of the new building in 1887.

Under the energetic administration of the third president, Dr. John Forrest, Dalhousie became firmly established. The number and quality of students increased, the financial position was assured, the curriculum was made more liberal, a faculty of Law was added, and important men were called to the professorships. His brother-in-law, George Munro, a native of Pictou County, N.S. became interested in the institution and founded no less than five chairs, besides supporting tutors in classics and mathematics and supplying bursaries and exhibitions for properly qualified students.

In the year 1887, Dalhousie moved from her historic site on the Grand Parade to what was then the western outskirts. This second Dalhousie was built of red brick and is now known as the Forrest Building.

Progress was steadily made in this period of Dalhousie's history. In 1881, women were first admitted to classes with no opposition or struggle.

In 1912, Dalhousie, again grown too large for its accommodations, was forced to face expansion. It was at this time that the Studley area consisting of more than forty acres was acquired and became duly known as Studley Campus. On August 15, 1912, the corner-stone of the Science Building was laid, the first building on Studley. This was followed in 1914 by the MacDonald Memorial Library.

Shown above is the historic site of the first Dalhousie College. It was here that Dalhousians received their higher education from 1820 until 1887 when the College was moved to Forrest Campus.

Faculty, graduates, and students of Dalhousie College for the year 1869-1870.

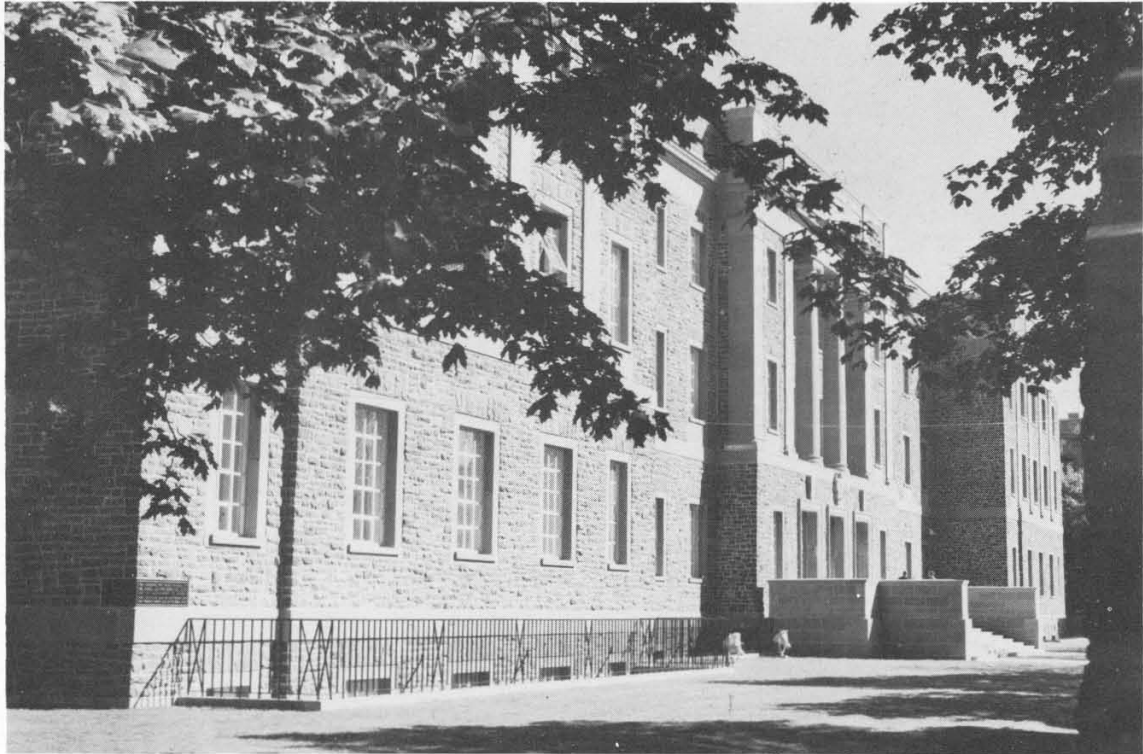

The second Dalhousie as it appeared in 1887. Minus the turret, it is still familiar to most students, and houses the departments of Botany, Zoology and Medicine.

# Future

Plans for a Student Union Building began in 1911 when a full-time secretary was hired to cope with business details in connection with students' demand for a YW-YMCA building. The idea was subsequently shelved with the appropriation of the property now comprising Studley Campus. In 1914 students and Maritimers raised \$31,000 for the purpose of erecting a Students' Building however in 1924 the money collected to that date was used for the construction of an open air rink. Once again in 1940 pleas were raised but were overshadowed by the prospect of a Mens' Residence, as they were in 1945 by the cry for a War Memorial Rink.

After two years of reports, surveys, and investigations mid-fall, 1958, saw Dalhousie's Student Union Building Committee consolidate itself for a final drive towards the long-awaited referendum. This referendum, whereby the whole student body was to be asked final approval for a fund-raising drive, was tentatively set for the middle of the spring term. To obtain campus-wide consideration of the plans, long-term Co-chairmen Murray Fraser and Dave Matheson invited representatives from every student organization to join the committee.

Every building needs land to be erected on. This was one of the earliest problems which the committee had to face up to. To this end early October saw a delegation from the committee go before the Board of Governors with a request for assistance. While not promising financial assistance with the building itself, the Board nevertheless cheered the hearts of all by guaranteeing students a grant of land on University Avenue as soon as they, the students, had demonstrated their ability and willingness to finance the building itself.

Turning to the actual financial campaign, the Committee soon determined that the most satisfactory and feasible way to get things begun would be a student-approved yearly fee. A survey of student fees paid by members of comparably-sized Canadian universities soon revealed that Dalhousie's, a mere sixteen dollars at present, were in the very lowest echelon, probably among the second or third lowest in the country.

Dalhousie students took the step forward toward making the proposed Student Union Building a reality as they voted overwhelmingly in favour of a ten dollar increase in student fees to help finance the project.

The results of the referendum showed that 1,124 of a possible 1,500 student voters were in favour of this change, while only 124 were opposed to it. Translated into percentages, this means that the students who said "yes" represented 75.1% of the entire student body and 90.2% of the total number of voters. In all 83.2% of the 1,500 eligible voters exercised their franchise.

The next concern was with the building itself. It was obvious that something concrete would have to be shown to the students before they could be asked to vote in a referendum.

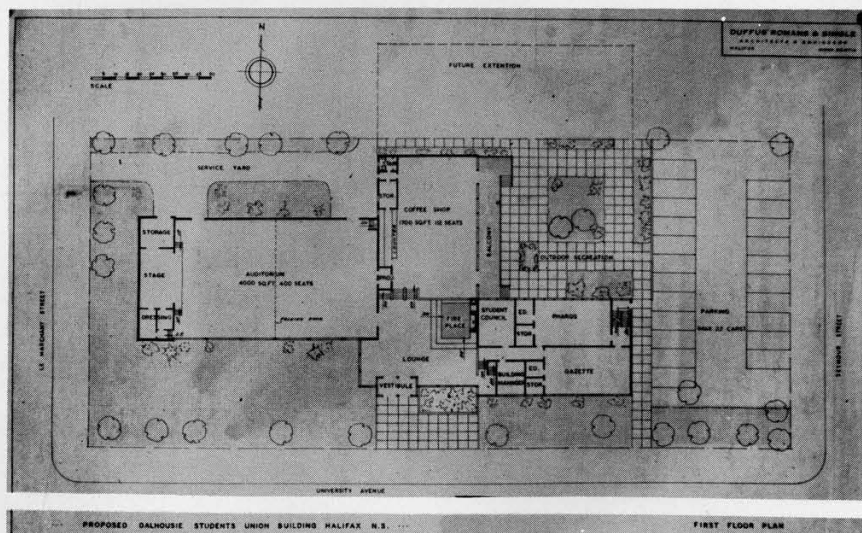

The contemporary architectural style of the proposed S.U.B. was designed to promote an atmosphere for student relaxation, with ample facilities for student social and cultural activities and occasional formal affairs.

The flexible design includes three basic centres of student activity: the coffee shop, the auditorium, and the office wing. These are grouped around the lounge and are only a few steps from the main entrance. Upon entering the S.U.B. the student will receive a view much unlike that of most other Student Union Buildings. The strategically placed lounge, with its warm colors and sunken fireplace, should provide a completely relaxing atmosphere conducive to rest and conversation.

The auditorium, enclosing four hundred square feet, can be converted into two large multi-purpose rooms by means of a folding door. This will undoubtedly provide a sophisticated atmosphere for formals, movies, and debates, and can be used as a lounge, reading room and music room at other times.

Below the spacious coffee shop there will be recreation rooms, coat rooms and washrooms. Below the large Pharos and Gazette offices there will be a barbershop, a student operated bookstore, a publicity office and a photography room. The upper level of the office wing will contain offices for campus organizations, and a committee meeting room.

Provisions for future extensions have been made.

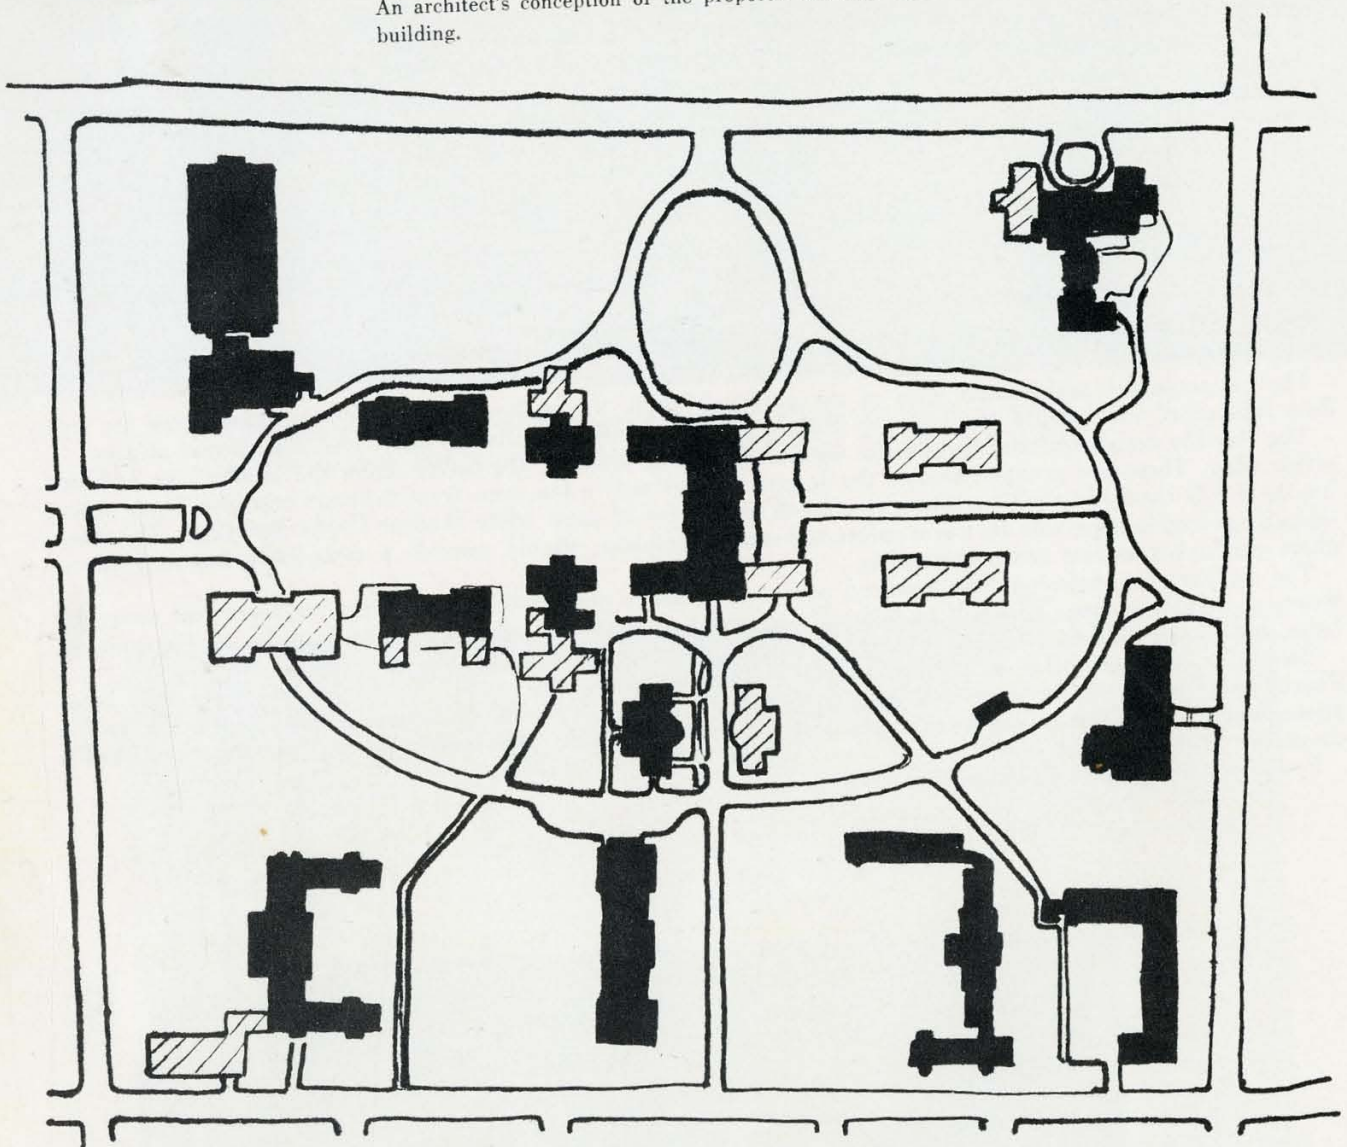

Floor plan of the proposed Dalhousie Student Union Building.

An architect's conception of the proposed Students' Union building.

Could this be Studley of the future???

What does the future hold for Dalhousie? The future expansion of Dalhousie is to some extent indefinite. No-one can foresee the future with absolute accuracy. Nevertheless, a great deal of planning has been done to meet the expected expansion of student enrolment.

Just as the past decade has seen Dalhousie grow tremendously, so the next ten years should be a period of unprecedented expansion.

In addition to the proposed Students' Union Building the future could bring a new Medical Building, an addition to, or a new Law Building, additions to Shirreff Hall, the new Men's Residence, the Library, and the Arts and Administration Building.

Time alone will provide the answer.

**BETTS, DOUGLAS HILCHIE**

Doug comes to us from Mount Allison, and has been active on the Student Medical Journal. He now hopes to enter the field of Pediatrics.

**CATANUTO, NICHOLAS THOMAS**  
Chicopee, Mass., U.S.A.

**CHANDLER, BRIAN MAXFIELD DUNBAR**

"Spud" obtained his B.Sc. from Mount Allison before entering Medicine at Dalhousie. Active in varsity football, Inter-fac hockey, Phi Rho, President of DAAC, and an Alpha Omega Alpha member, he plans to specialize in Internal Medicine.

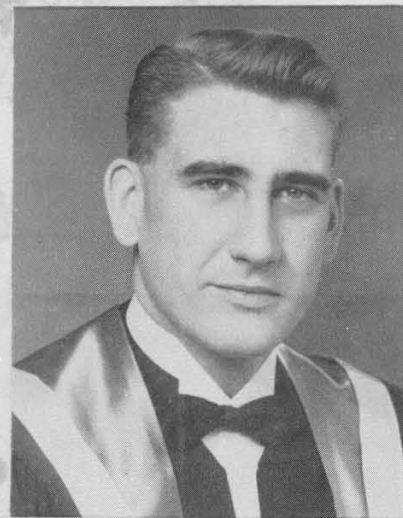

**BERNICK, RAYMOND I.**

Ray received his pre-med education at Dalhousie and remained for Medicine. This Phi Rho Sigma intends to carry on with post-graduate work next year.

**BROOKS, CALEB EMERSON**

Hailing from Lachine, Quebec, he attended Lower Canada College and Acadia University before coming to Dalhousie. He plans to return to Montreal where he will enter surgery.

**CLARK, MARVIN RAMSAY**

Marvin is another "spud islander" who previously attended Mount Allison University. He channeled his interests towards swimming and skating while at Dalhousie.

**COULSON, GORDON MCLEOD**

Gordon came to Dalhousie from the University of Alberta. He is a member of Phi Chi fraternity and intends to practice surgery in the future.

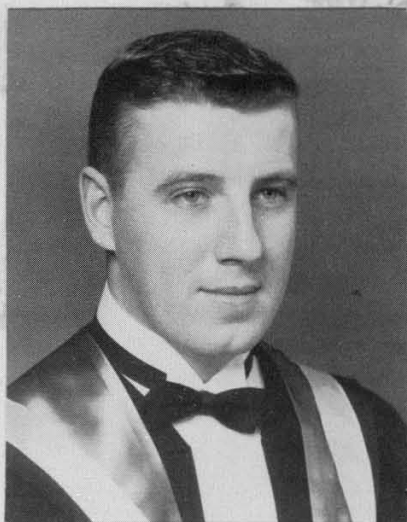

**DENNIS, WILLIAM F.**

Bill hails from Brookfield, N.S. As a member of Phi Rho, he was active in hockey and basketball. His future is cut out for him with three children and his practice.

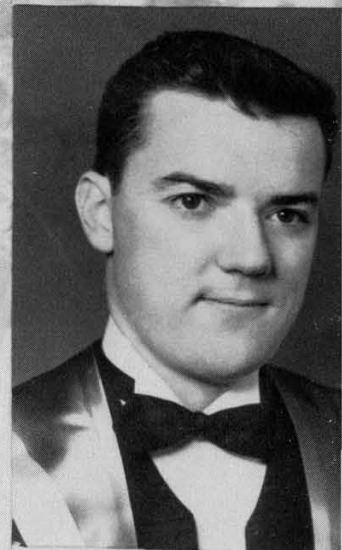

**DRYSDALE, IAN OMAR**

Ian attended Kings before entering Medicine. He channeled his interests towards basketball and hockey. As well as being on the executive of DAAC, he was an ardent member of Phi Rho. His future intentions include post graduate studies.

**FRASER, ROBERT CECIL**

"Froggie" was active in varsity tennis, badminton and Interfac football. He is a member of Phi Rho Sigma as well as Alpha Omega. After graduating he plans to go into general practice.

**GERSTENFELD, JACK NATHAN**  
Brooklyn, N.Y., U.S.A.

**GILCHRIST, FREDERICK IAN**

Ian came to Dalhousie from Bela Vista, Angola. His field in Medicine is as yet uncertain.

**GILLIS, WILFRED REGINALD**  
 Hockey and rugby occupied most of this man's time. His home town is now Dartmouth, but he received his previous education at Saint Dunstan's University. Future? General Practice.

**GOLDMAN, EDWIN JOEL**  
 St. John, N.B.

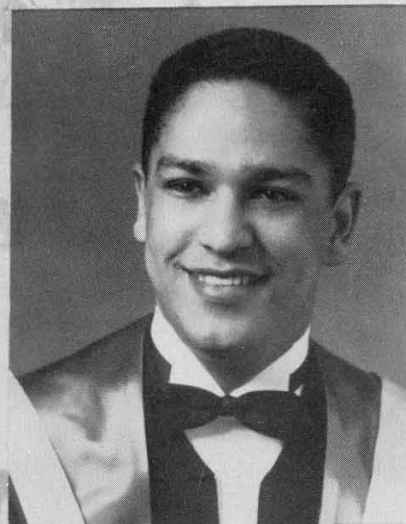

**HATFIELD, JACK G.**  
 Hailing from Truro, he was active in rugby, badminton and swimming. He intends to practice medicine in the Army for a while.

**JOHNSON, ERNEST BASIL**  
 Bathurst N.B.

**LAKE, CUTHWIN**  
 A B.A. graduate of Mount Allison University, he hails from Anguilla, B.W.I., and was active in soccer. Cuthwin hopes to do post graduate work in surgery.

**KNIGHT, EDWIN OWEN WYLLIS**  
 Hailing from St. Kitts, W.I., he previously attended Mount Allison University. He participated in soccer and track and field as well as being a Lieutenant in the RCN(R). This Alpha Omega member plans to specialize in Internal Medicine.

**LAWSON, ALAN K.**  
 Hailing from Minto, N.B., he was active in Interfac hockey. Alan holds his B.Sc., and intends to practice in the future.

LIPTON, ILLANA GOLDIE  
Sydney, N.S.

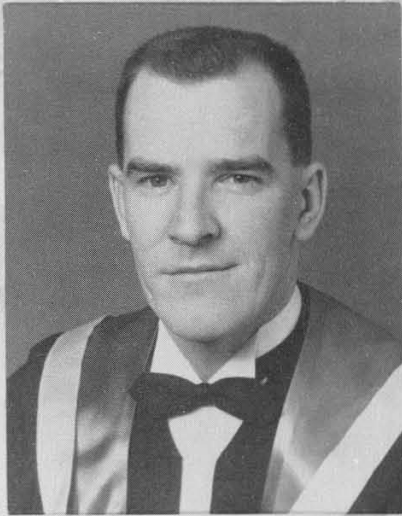

LIPITZ, TEVIA  
Brooklyn, N.Y., U.S.A.

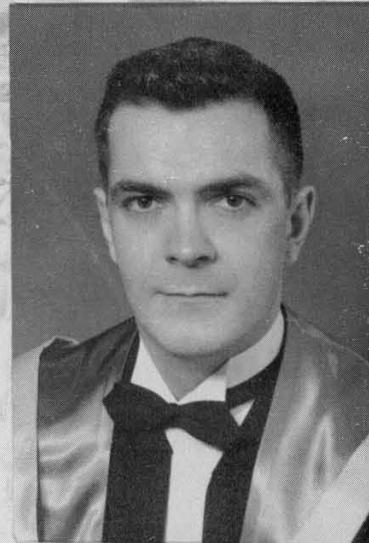

MCCARRON, EDWARD JOHN  
Coming to Dalhousie from St. F.X., he was manager of the Medical Book Store and Treasurer of Phi Chi fraternity. General practice is in the future.

MACDONALD, LEWIS  
VALENS A.

Lewis now holds his B.Sc. and plans to graduate with his M.D. this spring. Hailing from Charlottetown, P.E.I., he attended Prince of Wales College. While at Dalhousie, he was active in hockey and rugby. Future General practice.

MACISAAC, STEPHEN GREGORY  
Glace Bay, N.S.

MACKAY, JOHN SINCLAIR  
Saint John, N.B.

MCPHAIL, JOHN ALEXANDER  
A Sydney man, John attended Mount Allison University before coming to Dalhousie. He has been active in Inter-fac hockey. General practice is next.

**MASON, WILLIAM FRANCIS**  
 After obtaining his B.Sc. at Acadia University, Bill came to Dalhousie. A Phi Rho member, he hails from Kentville, and hopes to become a general practitioner.

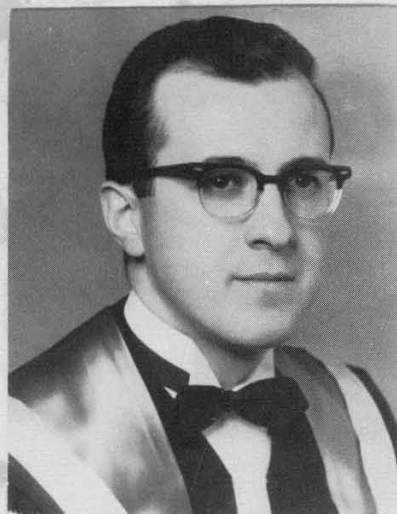

**MORRIS, DONALD JOHN**  
 Hailing from Windsor, N.S., he previously attended Kings Collegiate. Donald plans to get his M.D. this year and then to practice medicine.

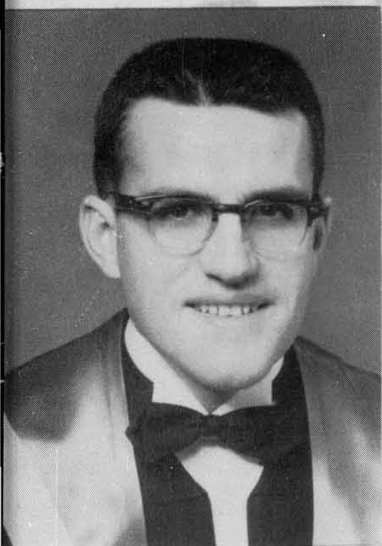

**MAYALL, ELIZABETH**  
 North Shore, Pembroke, Bermuda

**PERRY, ROLAND ARTHUR**  
 This Haligonian is a member of Phi Rho fraternity. His activities included varsity hockey and basketball. He plans to enter general practice after graduation.

**PHILLIPS, WILLIAM GORDON CARLYLE**  
 Carlyle was President of the Medical Society, Class President, and a Phi Rho member. Hailing from Arlington, PEI, he plans to enter General Practice.

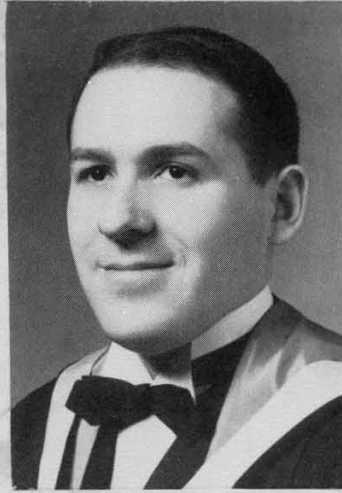

**PRATT, HENRY H.**  
 Henry came to Dalhousie from Ottawa, Ontario. He plans to enter General Practice.

**RAFUSE, EDWARD V.**  
 Acadia University sent us this Phi Rho member. Ed is a married man who has a son and is in the R.C.N.C.R. He intends to practice medicine in the future.

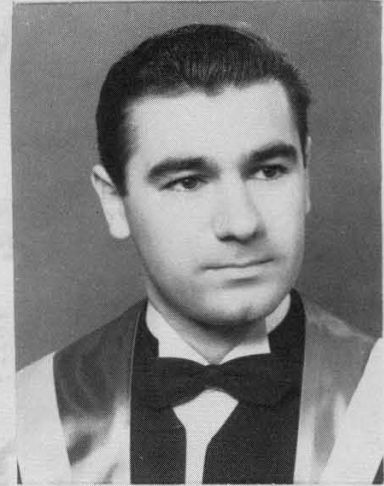

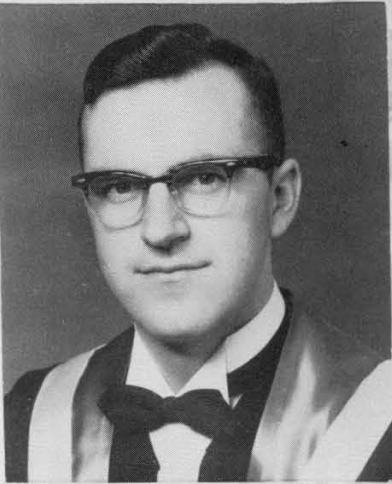

STEINBERG, BARRY  
Brooklyn, N.Y. U.S.A.

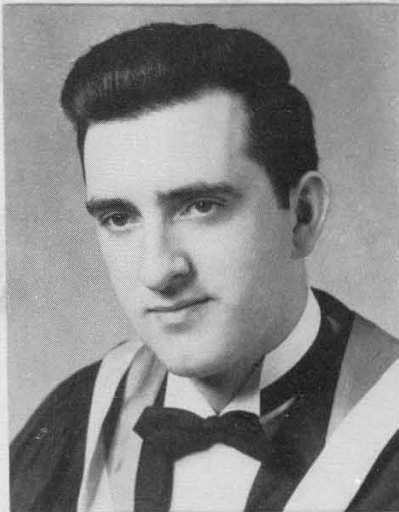

REID, BYRON LEWIS  
President of the Student's Council, Byron was also active in hockey and volleyball. He held the Sarah Lawson Scholarship in Botany, Henderson Scholarship and Kellogg Foundation Scholarship. Married, he plans to enter General Practice.

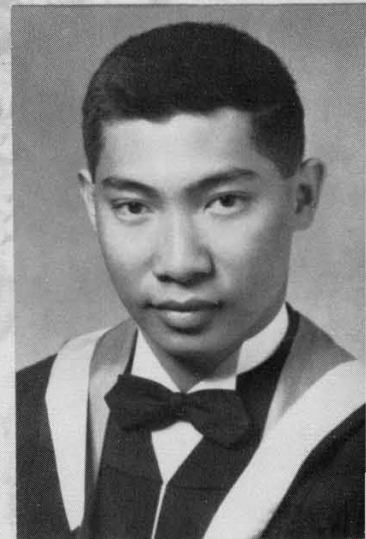

THIBEAU, DONALD WILLIAM  
Yarmouth, N.S.

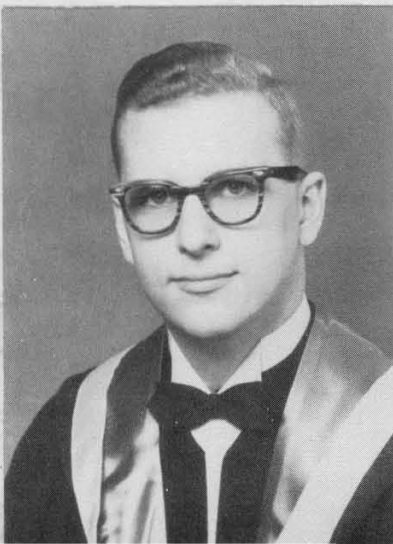

TRASK, CARL A.  
Hailing from Lancaster, N.B., Carl is the father of three children. He is undecided as to his future plans, which may include specialization.

TSANG, RANDOLPH CHIU-LUN  
Central, Hong Kong

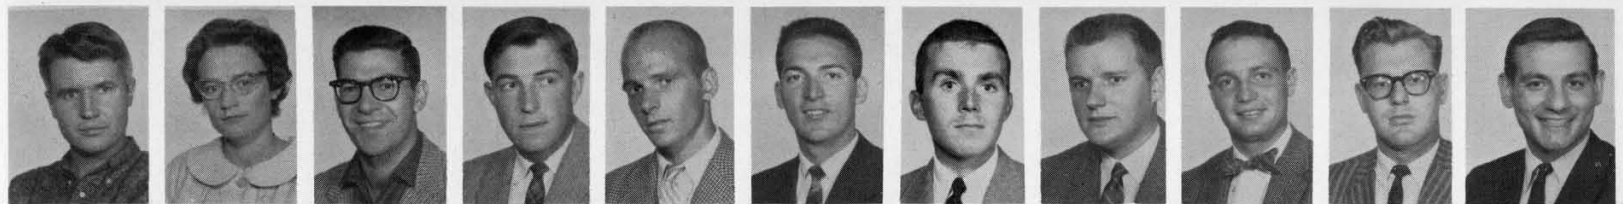

WARREN, GERALD WILBUR  
BRINTON  
Hailing from Corner Brook. Newfoundland, he attended Memorial University. Past Vice-President of Phi Rho, he participated in volleyball. Married, his future includes General Practice.

WARREN, WILLIAM PAUL  
Active in the Hillel Movement as President, he was also a Tau Epsilon Phi and Phi Chi. He plans to do post graduate work in Internal Medicine.

# Dalhousie University

HALIFAX, NOVA SCOTIA

FOUNDED  
1818

FOR FULL PARTICULARS  
WRITE  
THE REGISTRAR  
DALHOUSIE UNIVERSITY  
HALIFAX, N. S.

Dalhousie, leading university in the Maritimes, offers exceptional opportunities to students in Arts, Science and the professions. Student residence accommodation is excellent. Resident women students are housed in Shirreff Hall, the men in the new Men's Residence, which was opened last January. Both residences are on Studley Campus.

#### SCHOLARSHIPS:

Highschool students who graduate from grade XI or XII with an average higher than 65 and no mark lower than 50 may apply for one of the many entrance scholarships. These are awarded on the basis of competitive scholastic achievement. Those who win an entrance scholarship and maintain a good academic standing may receive a similar amount in consecutive years.

#### DEGREE COURSES:

In Arts Science, Commerce, Law, Medicine, Dentistry, Music, Education, Pharmacy.

#### GRADUATE COURSES

The Faculty of Graduate Studies offers courses leading to the degrees of M.A., M.Sc., and Ph.D. in Biological Sciences, Chemistry, Oceanography, Physics. Instruction leading to Master's degrees is given in Classics, Economics and Sociology, English language and literature, Geology, History, Law, Mathematics, Modern languages, Philosophy, Political Science, Psychology and Education (M.A.)

#### DIPLOMA COURSES:

In Engineering, Education, Music, Public Health Nursing, Teaching in schools of nursing, Nursing Service Administration.

#### FELLOWSHIPS:

The Faculty of Graduate Studies invites alumni of approved Canadian universities to apply for Dalhousie graduate fellowships. These have a maximum value of \$2,500 for graduates with first class honors and for other awards in proportion to merit.

## *Graduate Studies*

C. L. BENNET, M.A. (Cantab. et Harv.)  
Dean of Graduate Studies

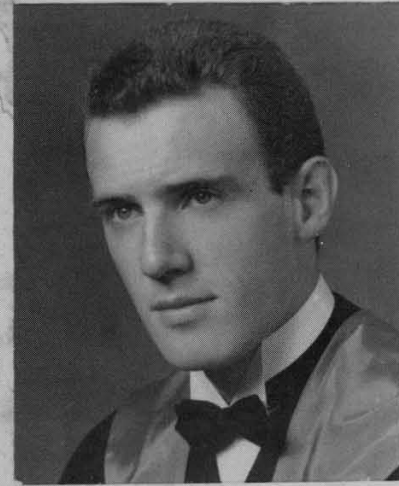

W. J. CHUTE, B.Sc. (Acadia), M.A.,  
Ph.D. (Tor.)  
Secretary of the Faculty

**BROOKS, GARLAND PHILLIPS**  
 Coming to Dalhousie from Mount Allison, Garland hopes to obtain his Master of Arts in Psychology this spring, and plans to start his Doctorate next fall.

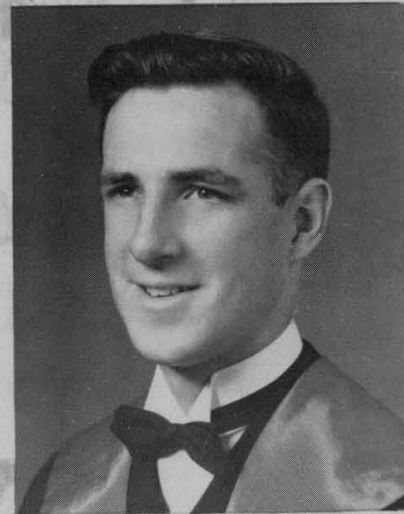

**BURRY, JOHN HENRY WILLIAM**  
 John, hailing from Petty Harbour, Newfoundland, came to Dalhousie to obtain his Master of Science degree.

**CATO, DENNIS GORDON**  
 Dennis came to Dalhousie from Saint Mary's University for his Master of Arts. He played basketball for the Graduate Society and was an active member of the Newman Club. He plans to teach, perhaps in Europe, upon receiving his Master of Arts.

**HALCROW, KEVIN**  
 Kevin hails from Sunderland, Co., Durham, England. He hopes to receive his Master of Science degree.

**DOBSON, FREDERICK WILLIAM**  
 Active in DGDS, Navy (R), Inter-fac sports, N.S. Bird Society, he held Special Physics scholarships, the A. Stanley MacKenzie Teaching Fellowship. Future? Ph.D. in Oceanography or Industrial Research, using his Master of Science (Physics.)

**HAINES, RONALD ARTHUR**  
 This Master of Science student came to Dalhousie from Dartmouth, N.S. He has held General Motors Scholarships, Dr. Ebenezer R. Faulkner Scholarship, and a National Research Council Bursary. He may continue towards a Ph.D.

**DEWOLFE, EDNA MAY (MRS. H. M.)**  
 Mrs. DeWolfe, a Master of Arts candidate, already has her B.A. and her B.Ed. from Acadia. She plans to do further study in Philosophy after graduation.

**MCFARLANE,  
ELLEN SANDRA**

Ellen entered Dalhousie on a scholarship, and participated in SCM and YPU. She hopes to graduate with her Master of Science and do research in Bio-chemistry.

**MACDONALD, RONALD CHARLES**

Coming from Mount Allison, he held a Fellowship in Philosophy and plans to continue his studies in Theology. Naturally, he is a lover of Highland culture and the proud owner of a Scottish kilt. He hopes to graduate with a Master of Arts.

**LIN, YANG TSO**

Hailing from Hong Kong, and a University of Saskatchewan graduate, he plans to graduate with his Master of Arts this spring.

**WHITE, CYRIL  
GEORGE**

Cyril, a Londoner, was on Dal's championship soccer team, taking an active interest in campus life. He held a National Research Council Scholarship, and the McGregor Teaching Fellowship.

**VANDERZWAN, LEENDERT**

Leendert hails from Lunenburg, N.S., and held an Entrance scholarship and a Special Physics scholarship. A Phi Delt, he is a candidate for his Master of Science.

**HOCHACHKA, PETER WILLIAM**

Peter came to Dalhousie from the University of Alberta, to complete his Master of Science in Zoology. His interests are varied and he has held a National Research Council Bursary. Peter hopes to continue his studies in Europe or the United States.

**HUTTON, ELIZABETH ANN**

Elizabeth hopes to graduate with a Master of Arts. She participated in sports and held three undergraduate scholarships. She intends to enter Education next fall.

# *Education*

A. S. MOWAT, M.A.; B.Ed. (Edin.)  
Professor of Education

CARMEN F. MOIR, B.Sc., B.Ed. (Dal.),  
A.M. (Col.)  
Assistant Professor of Education

**BAKER, MARGARET MABEL**

Peggy, a Dalhousie graduate, spent the last year teaching in Europe. A varsity ground hockey member, she participated in swimming, badminton, tennis, intermural sports.

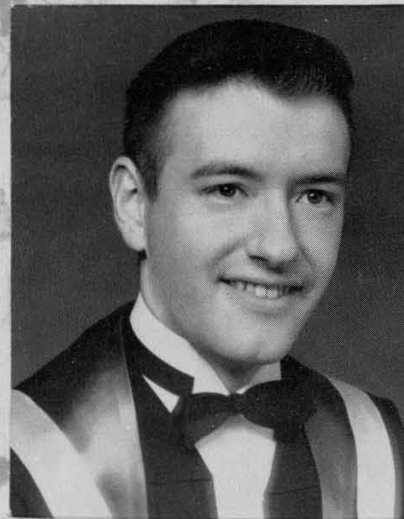

**BARRETT, EDWARD K.M.**

This Haligonian plans to get his B.Ed. this spring.

**BOYD, SANDRA G.**  
Sandra attended Acadia University before coming to Dalhousie. She hails from Sydney Mines, Cape Breton, and will now teach on the High School level.

**BROWN, ANGUS GORDON**

An Islander, he hails from Wood Islands. Upon receiving his Bachelor of Education he plans to teach for a while before returning to University for further studies.

**BURNS, MARY JUDITH**

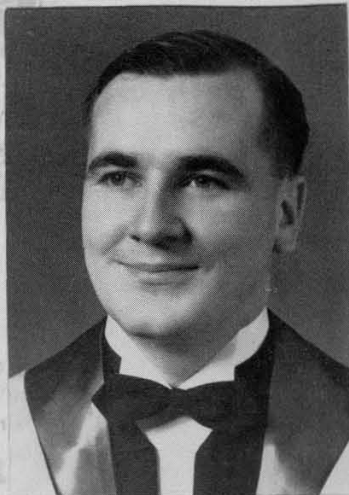

Judy received her B.A. from Dalhousie. She hopes to obtain her Bachelor of Education this spring. Activities: Pi Beta Phi Fraternity and the Newman Club.

**CHARD, WILLIAM DAVID**

Dave finished his High School education in Fall River, Mass., before coming to Dalhousie. Sports filled his "between studies" periods. He hopes to obtain his Bachelor of Education.

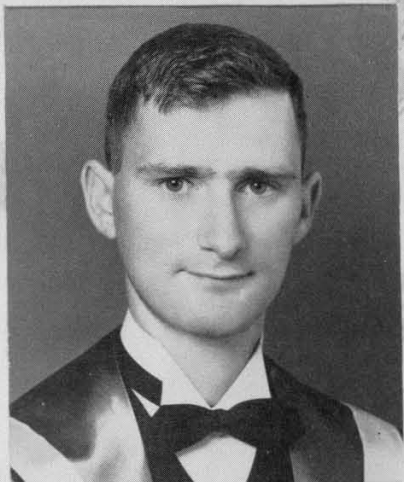

**CLARKE, LEONARD EARL TILLEY**  
 A native of Saint John, N.B., he has been active in athletics, Canterbury Club, and in the Cathedral Men's Club. He is a candidate for the Bachelor of Education.

**ELLIOT, HAROLD BRADFORD**

A married man with three children, this Acadia graduate served three years with the Army before entering Dalhousie on a \$500 scholarship. Harold enjoys music, track and field and photography. Upon graduation, he hopes to do post-graduate work in Geology.

**ERNST, GEORGE THOMAS C.**

Inter-fac sports and travelling to Mahone Bay as Sunday School teacher and choir member well-filled this UNB graduate's time. He plans to become a Physical Education teacher upon graduating with his Bachelor of Education.

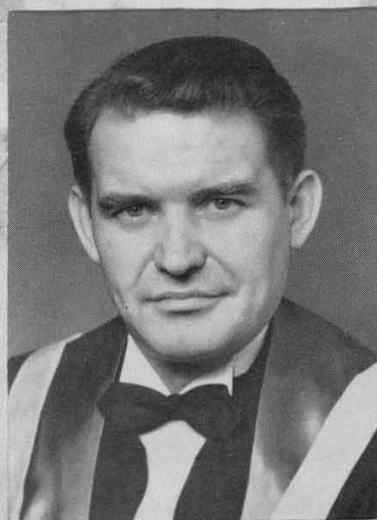

**GRIFFIN, JANE LEE FARRER**

A McGill graduate, Jane spent a year at the University of London previous to her coming to Dalhousie for Education. This year she found time to take a lead in the musical.

**GURNEY, BARBARA JANE (MRS.)**

Mrs. Gurney is a Western University graduate. She was a Wren officer in the Navy for six years prior to entering Education on a scholarship.

**HAENLEIN, OTTO H.H.R.**

Otto hopes to receive his B.A. as well as his Bachelor of Education. Married, with two children, he was Education's representative on the Council, Editor of Pharos, a Zeta Psi, I.F.C. Sec-Treas., and co-director of the Rotary Boys' Club.

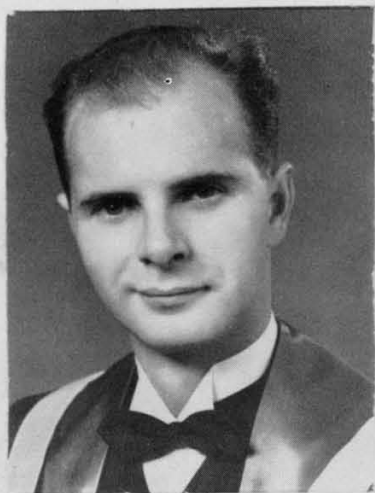

**HART, SHARON ELIZABETH**

A graduate of Mount Allison. Sharon is a Choral Society member and enjoys playing the piano during her leisure hours. She hopes to obtain her Bachelor of Education this spring.

**HILLIS, PAULINE EVELYN TOREY**

A 1928 Dalhousie graduate, Mrs. Hillis returned this year for her Bachelor of Education. Her freshman son is also attending Dalhousie this year. She later hopes to become an exchange teacher in France or Germany.

**MACCOLL, E. NATALIE**  
Natalie graduated from U. of T. with her Bachelor of Arts. A native Torontonion, she is now hoping to teach upon graduation.

**KARAGIANIS, LESLIE DENIS**

Married, Les, from Victoria, B.C., has been Freshman Representative on the Students' Council, a strong Dalcom member, a Zeta Psi, and a Sub. Lt., RCN(R).

**MACDONALD, ELIZABETH ROBERTSON**

Elizabeth hails from Florence, Cape Breton. A B.A. graduate from Mount Allison, she hopes to teach in Cape Breton upon graduation.

**MACKINNON, ALEXANDER HUGH**

Sandy's special interests have been hockey, football and table tennis. He hopes to receive his Bachelor of Education this spring.

**MACNEIL, JAMES LEO**

Jim is a St. F.X. graduate hailing from New Waterford. He now is planning to take his Master of Arts and then teaching on the High School level.

**MACRAE, ELIZABETH ANNE**

Libby entered Dalhousie on an Entrance Scholarship. She also held a Canadian Mathematical Congress Scholarship. An active member of DGAC, she played varsity volleyball and basketball for Dalhousie. Future? Marriage.

**NAISH, JOAN  
JOCELYN**

Joan, a Mount Allison graduate, hails from Sydney, N.S. Activities: ground hockey, skating, skiing, tennis.

**MOXSOM, ELIZABETH MARGARET**  
Elizabeth, hailing from Dartmouth, entered Dalhousie with a Canadian Legion Scholarship. A good student, she has also been active in the IODE, a Sunday School teacher, and a leader in the Girls' Auxiliary.

**NICHOLS, VERN MELWYN**

Vern is a man from the West Coast who received his previous education at U.B.C. Interested in gymnastics and swimming, he plans to teach Science after graduating.

**O'NEAL, BARBARA  
CAROLINE**

Raising a family is a full time job for Mrs. O'Neal. She graduated from U. of T. before coming to Dalhousie for her Bachelor of Education.

**PUSHIE, ELINOR FRANCES**

Elinor taught Chemistry while working for her Bachelor of Education. While at Dalhousie, she has been very active in Alpha Gamma Delta, Newman Club Executive, DGDS, and the Gazette.

**STARR, MARGARET SUSAN**

Sue, a Rothesay native, was 1960 Engineering Queen. While here, she has held a Committee of Studies Scholarship, and has been active in Delta Gamma and on the Varsity tennis team.

**STICKINGS, KEITH CHARLES**

Keith was born in England, coming to Canada in 1946. A graduate of St. Dunstan's University, he participated in target shooting and hockey.

**SULLIVAN, MARY JOAN**  
Joan, a loyal Newman Club member, entered Dalhousie on an Entrance Scholarship. She has made good use of the rink while here, and hopes to graduate with her Bachelor of Education.

**VOGLER, ELEANOR MARGUERITE**  
From Halifax, Eleanor plans to teach an elementary grade in Halifax upon graduation in the spring.

**TATTRIE, GEORGE ARTHUR**  
George, a Dalhousie graduate, has taken an interest in curling, church work, tennis and badminton in his free time. He held a Dalhousie scholarship, and plans further study upon graduation.

**WICKWIRE, HELEN LOVITT FLEMING**  
Helen spent two years previous to her Bachelor Education year in London, England, as a secretary. She entered Education on a Teacher's Training Scholarship.

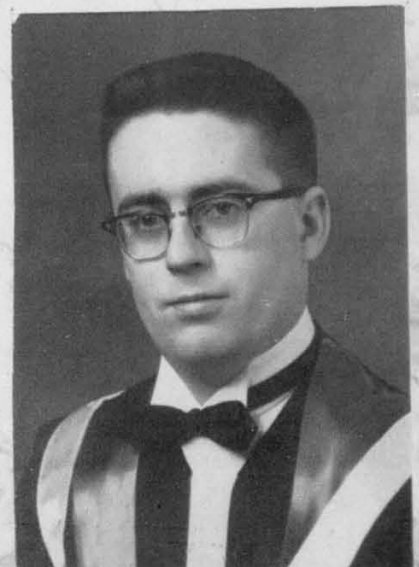

**ANNIS, BARBARA ELIZABETH STONE**  
Working for her Senior Diploma, Barb held the Pi Beta Phi scholarship and an Education scholarship. A Sunday School teacher and volleyball enthusiast, she'll be busy teaching and looking after her husband.

**WAMBOLDT, EMILY YVONNE**  
Emily was winner of the Howard Murray Prize in Classics, held a Dalhousie scholarship for three years, and in Education, held a Provincial scholarship for \$500. She plans to return for her M.A.

**FLACK, DONALD ALEXANDER**  
Don has been on a University Teacher Training Scholarship during his Education year. An Islander, he plans to become a high school teacher upon graduating with his Senior Diploma.

**FRAM, KENNETH WESLEY**

Ken completed five years' service with the RCAF before entering Education. Halifax-born, his future is undecided. Married, he has two children.

**MacLEOD, IAN KINSMAN**

Ian attended Acadia University before coming to Dalhousie. Hailing from Port Caledonia, N.S., he hopes to receive his Senior Diploma.

**HOMANS, GLADYS BONNIE**

Bonnie has been a faithful member of DGAS, enjoying volleyball and bowling. Hailing from Clair Harbor, N.S., she plans to receive her Senior Diploma.

**MacKINNON, HEATHER**

Heather, a Haligonian, came to Dalhousie from Mount St. Vincent. She plans to obtain her Senior Diploma this year.

**MERRITT, JANICE J.**

Janice was active in DGDS (dancing in the musicals) and Pi Beta Phi as well as teaching dancing each week in New Glasgow. After obtaining her Sr. Diploma her future is cut out for her — teaching and marriage.

**MacDONALD, HEATHER**

Heather, hailing from Sydney, devoted most of her free time to DGDS—was Ticket Manager for "The Boy Friend." After graduating with her Jr. Diploma she plans marriage and teaching.

**McISAAC, ELIZABETH JEAN**

Elizabeth comes from Bridgetown, N.S. She held a Department of Education Teacher Training Scholarship this year and hopes to graduate with her Junior Diploma.

**ALLEN, RUBY JEAN**  
Ruby hails from Pugwash, N.S., and is a candidate for her Diploma in Public Health Nursing.

**COLP, DOROTHY BEATRICE**  
 Dorothy is a Halifax Children's Hospital graduate. Hailing from Annapolis Royal, she is a candidate for her Diploma in Public Health Nursing.

**BURSEY, PEARL ELIZABETH**  
 Pearl came to Halifax from Stephenville, Newfoundland. She graduated in nursing from St. John's General Hospital, and hopes to receive her Diploma in Public Health Nursing.

**CROCKER, RETA PEARL**  
 Reta is another Children's Hospital graduate who plans to receive her Diploma in Public Health Nursing this spring.

**FENWICK, MARGARET JEAN**  
 Margaret attended Acadia University and is a graduate of the Nova Scotia Hospital, Dartmouth. She plans to do public health nursing in N.S. for two years.

**GOW, JULIA MARY JEAN**  
 This Haligonian came to Dalhousie from the Halifax Infirmary School of Nursing. She participated in volleyball in her spare time. The holder of a VON Bursary, she plans to work with this Order upon graduating with her Diploma in Public Health Nursing.

**HARRIS, LILY MURRAY**  
 Lily hails from Westville, N.S. She is a candidate for her Diploma in Public Health Nursing.

**LEBURN, FRANCES HELEN**  
 Hailing from Arichat, N.S., Frances attended St. Martha's School of Nursing in Antigonish. Frances enjoyed skating and dancing in her off hours, and now is a candidate for her Diploma in Public Health Nursing.

**LOGAN, MARY ELIZABETH**

From Port Wallis, Mary is a graduate of the Victoria General Hospital. She participated in skating and badminton while here.

**MACLEOD, JESSIE MARINA**

A graduate of Sydney City Hospital, Jessie hails from Mulgrave, N.S. Skating, dancing, and badminton kept her busy when she was not studying. Public Health Nursing is her ambition.

**MACNABB, MINNIE EILEEN**

A Nova Scotia Hospital graduate, Minnie hails from River John, Pictou County and hopes to receive her Diploma in Health Nursing this spring.

**MADDEN, LORETTA CAMPBELL**

A native of Stellarton, N.S., Loretta was active in swimming, and golf in her off time. She hopes to receive her Diploma in Public Health Nursing this spring.

**MAHER, MARY THERESA**

A Newfoundlander, she graduated from St. Clare's Mercy Hospital. Active in basketball, skating and bowling, she plans to graduate with her Diploma in Public Health Nursing.

**STARRATT, JOYCE MARY CARMAN**

An active member of the Nursing Society, Joyce comes from Bridgetown, N.S. She is a graduate from the Children's Hospital and hopes to become a Public Health Nurse.

**SMITH, KATHLEEN G.**

Hailing from Dartmouth, N.S., Kathleen is a graduate of the Halifax Infirmary. She is hoping for a career in Public Health Nursing.

**HOWLEY, LILLIAN JOAN MARIE**

From Bras d'Or, Cape Breton, and a graduate of St. Elizabeth Hospital School of Nursing, North Sydney, she hopes to receive her diploma in teaching in schools of nursing.

**CAKE, HANNAH VIOLET**

Violet, a native of St. John's Newfoundland, intends to return to St. John's Sanitorium to teach, upon completion of her diploma course in teaching in schools of nursing.

**HEBB, SHIRLEY FRANCES**

Coming to Halifax from Bridgewater, N.S., Shirley now intends to teach in the Belgian Congo.

**KENNEY, GRETA ANNE**

A native of Westport, Digby Co., Greta Ann graduated from the Saint John General Hospital. She enjoyed basketball, volleyball and music, while still managing to hold the Henry Judson Crowe Scholarship. She is a candidate for the diploma in teaching in schools of nursing.

**GAUTHIER, PATRICIA MARIE**

Hailing from North Rustico, PEI, Patricia attended St. Dunstan's University and the Charlottetown Hospital School of Nursing. She now plans to teach at Charlottetown Hospital.

**KINSMAN, WINIFRED JOYCE**

A graduate of the Royal Victoria Hospital School of Nursing, she hails from Shelburne, N.S., and hopes to obtain her diploma in teaching nursing.

**MACDONALD, GENEVIEVE IRENE**  
Genevieve attended Prince of Wales College and is a graduate of Charlottetown Hospital. She participated in basketball. She plans to return to Charlottetown Hospital to teach upon graduating with her diploma in teaching.

**MACHATTIE, AUDREY PEARL.**

A native of Copper Lake, Antigonish County, N.S., Audrey attended Mount Saint Bernard Convent before coming to Dalhousie. She hopes to use her diploma in teaching to work in Europe.

**MORRISON, MARGARET PATRICIA**  
Hailing from North Sydney, Margaret hopes to teach at St. Elizabeth Hospital upon graduating with her diploma in teaching in schools of nursing.

**SISTER MARION THERESA**

Sister Marion is a graduate of the Halifax Infirmary.

**RYAN, GRACE MARIE**

Grace, a graduate of St. Elizabeth Hospital, hails from Port Wallis, Dartmouth, N.S. Though she hopes to receive her diploma in teaching in schools of nursing. Her future includes marriage.

**RIDGLEY, AUDREY SYBIL**

From Codroy, Newfoundland, and a graduate of St. John's General Hospital, Audrey hopes to receive her diploma in teaching in schools of nursing this spring.

# *Engineering*

H. R. THEAKSTON, B.Sc. (Mining), D.Eng.  
(N.S.T.C.), M.E.I.C., P.Eng.  
The Right Honourable C. D. Howe Pro-  
fessor of Engineering

KENNETH F. MARGINSON, B.E. (Mechan-  
ical) (N.S.T.C.), M.E.I.C., P. Eng.

**AIKMAN, BRUCE WESTCOTT**

This Haligonian channeled his interests towards curling and skating while attending Dal. In the future he plans on attending Nova Scotia Technical College.

**BLENKHORN, ALAN ROGER**

While at Dal, he held the INCO Scholarship. He also participated in Inter-fac curling. He hopes to obtain his Bachelor of Science Degree in Mechanical Engineering at Nova Scotia Tech.

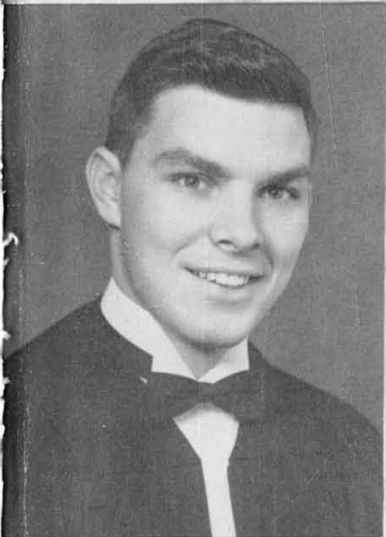

**BELL, ADAM C.**

Adam, a Canadian, raised in the States, has now returned to Canada for good. Hoping to receive his Science Degree and Engineering Diploma this year, he plans to attend Tech next fall.

**CAMPBELL, WESLEY GILPIN**

Wesley's interests were varied and many while at Dal. He was Secretary-Treasurer of the Engineering Society, Munro Day Chairman, in NFCUS and Sigma Chi Fraternity.

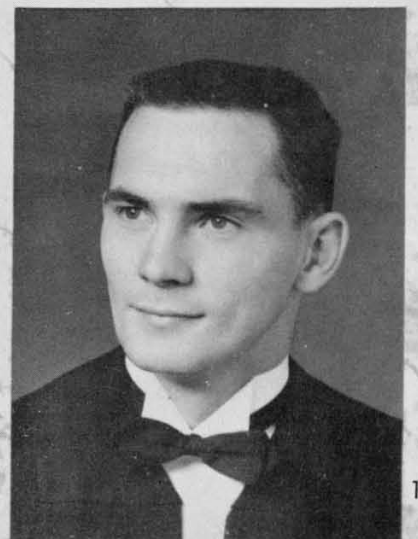

**BISHOP, GERALD OWEN**

Active in Inter-fac hockey, football, and basketball, he was also a member of Sigma Chi Fraternity. Gerald held the A.N.D. Co. Scholarship while at Dal. He plans on getting his degree in Engineering at Nova Scotia Tech next year.

**CORKUM, PETER BRIAN**

Peter is best remembered for his great contribution to the Dalhousie football team. Hockey and curling are also listed among his talents. Future intentions - building construction.

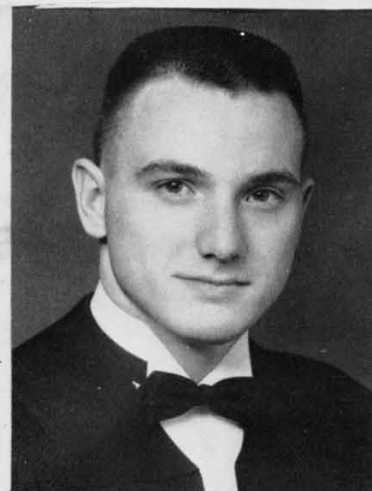

**CURRIE, LESLIE GRANVILLE**

Les' hobbies are varied - photography, amateur radio, music, sailing, his motorcycle and tropical fish. Next year he plans on going to Tech for further study.

**FERGUSON, ALLAN ANDREW**

As President of the Engineering Society, and Vice-President of Sigma Chi Fraternity, he was also active in inter-class football and hockey. After obtaining his degree in Mechanical Engineering at Tech, he hopes to delve into Naval Architecture.

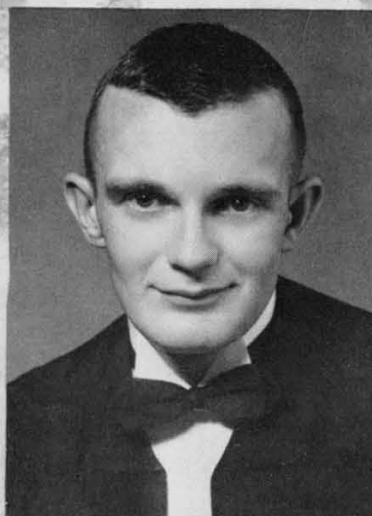

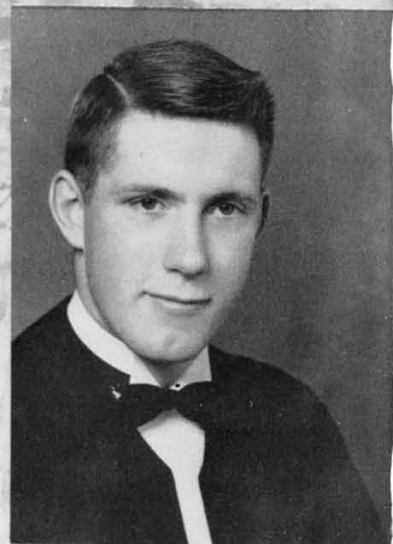

**FERGUSON, ALAN BYRON**

Alan was active in J.V. football, inter-fac football, hockey and basketball. This Pictou man intends to go to Tech in '62.

**FISHER, CHARLES WILFRED**

This Sigma Chi man participated in Inter-fac basketball, hockey and tennis. While at Dal he held the Solomon Scholarship, and a Dalhousie scholarship for three years.

**GROAT, ROLAND DOUGLAS**

He was particularly active in hockey, baseball, softball, swimming, fishing and badminton. On campus he participated in inter-fac hockey. We wish Roland success in his future studies at Tech.

**HAMER, COLIN ARTHUR**

Colin is a pilot officer in the University Reserve Squadron. He plans to further his education at Tech by taking a Chemical Engineering Degree.

**HOPKINS, DONALD STEPHEN**

This future civil engineer participated in basketball, badminton, handball, and tennis while at Dal. He also devoted some of his time to U.R.T.P. and the Engineering Society.

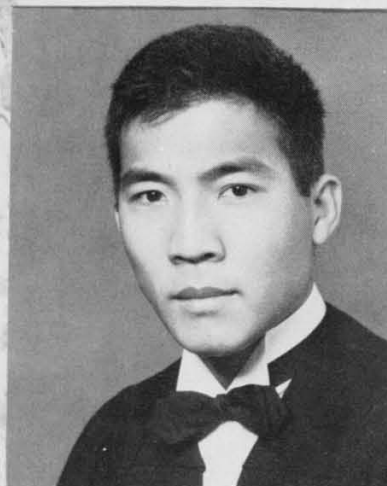

**HOWE, RAYMOND LAWRENCE**

Raymond is a future engineer who went to Dartmouth High School. Next year, he plans on going to Nova Scotia Technical College to further his education.

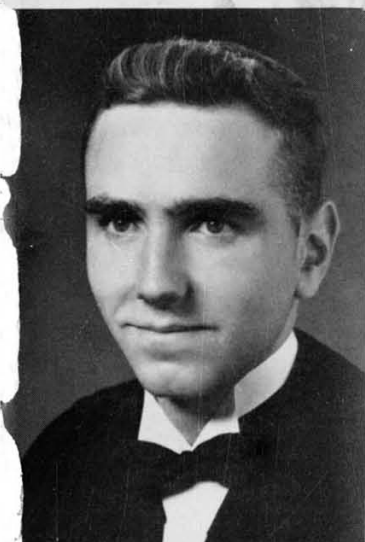

**LEUNG, ALBERT K. W.**

He comes to us from Victoria, Hong Kong, having previously attended Wah Yan College. His main activity has been soccer and we wish him the best of luck in whatever he chooses to do in the future.

**LUSBY, ROBERT FREEMAN**

Bob is another "O.E.H.er" whose main interests are curling, hunting and fishing. He intends to remain in Halifax after receiving his diploma.

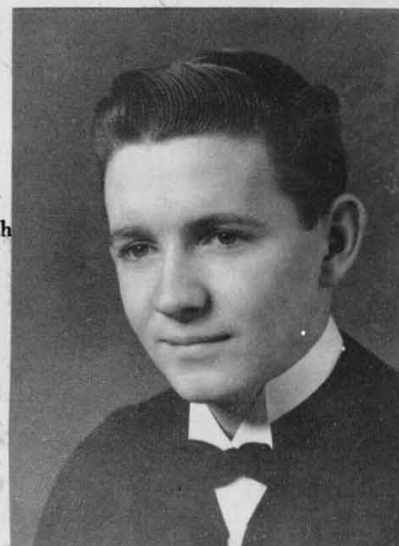

**MacDONALD, DENNIS RAY**

Dennis came to Dalhousie from Dartmouth High School. Future — Undecided.

**MacDONALD, IAN FRANCIS**

Here's another Haligonian heading for "Tech." He held three scholarships while at Dal. His interests were confined to bowling and the Jazz Club.

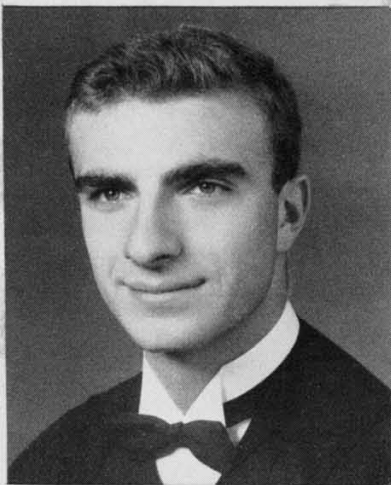

**McLEAN, JAMES LOCKHART**

Jim was active in swimming and the Auxiliary R.C.A.F. He has held a bursary and a scholarship while at Dal. He plans to enter Tech.

**RANKIN, DOUGLAS STUART**

Doug came to Dalhousie from Acadia University. He was interested in badminton and inter-fac football while here. Future intentions - "Tech."

**ROSS, ELLIS WILLIAM**

Hailing from Truro, Ellis was active in inter-fac hockey and basketball. Next year, he plans to obtain his Engineering Degree at U.N.B.

**TRIDER, GARTH LEE**

Garth, a "Zete," holds the Nova Scotia Department of Labour Machinist Certificate. His future intention is to obtain his Engineering Degree at Tech.

**WONG, KOT PING**

He came to us from La Salle College, Hong Kong. As a member of the Dalhousie J. V. Basketball team, he won the Rosenfeld Trophy as the most valuable player in Inter-fac Basketball. We wish this "Zete" luck in his future studies at Tech.

**SMITH, RONALD STEPHEN**

Most of us will remember Ron as the President of the Engineering Society 1959-1960 and an ardent member of Sigma Chi. A candidate for his B.Sc. and Engineering Diploma, he plans to attend Tech next year.

# *Pharmacy*

J. E. COOKE, Ph.C., B.Sc. (Pharm.)  
Dean of the Maritime College of Pharmacy

**CAMPBELL, NEIL JOSEPH**

Hailing from Sydney Academy, he was on the Student Council and in the Pharmacy Society as well as on the hockey team. Holding the Pfizer Bursary, he plans to go into Retail Pharmacy.

**FERGUSON, JAMES FORBES**

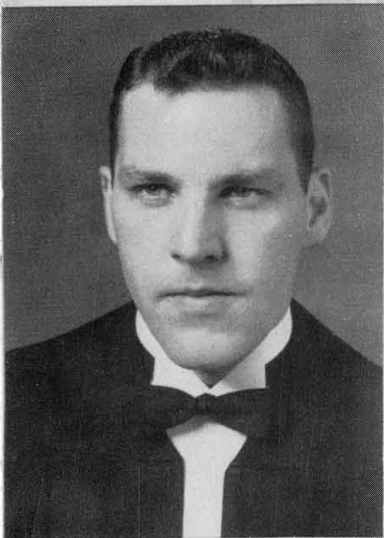

Jim is a jazz enthusiast who intends to obtain his Bachelor of Science in the future.

**EAD, BERNARD EDWARD**

A Halifax man and an ardent racehorse fan, he is now planning a Retail Pharmacy career.

**MACDONALD, DONALD EDWARD**

A New Glasgow man who held three scholarships and played Inter-fac hockey, Don may return for his Science degree.

**MCDONOUGH, ARTHUR JOSEPH**

An active Army man, he played Inter-fac hockey while at Dalhousie, and plans to become an Army pharmacist.

**MACLAUCHLAN, GAIL**

This Pharmacy Queen of 1960 has been active in golf, DGDS, and the Pharmacy Society. She plans to travel Europe?

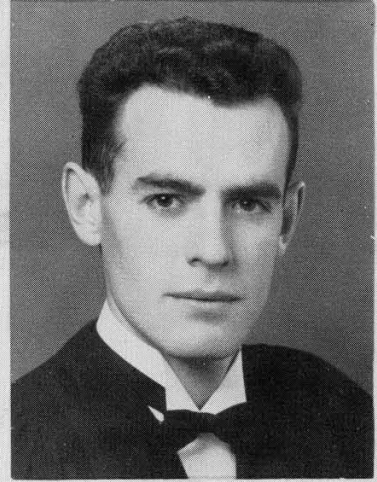

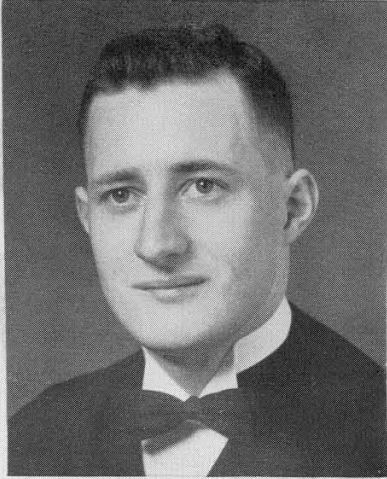

**MCLELLAN, GAIL HEATHER**

Gail hails from Amherst, and came to Dalhousie from Mount Allison University. She participated in badminton and basketball while here.

**NICKERSON,  
HAROLD DAVID**

Basketball, touch football, track and field, Young People's took up Dave's extra time. He plans to obtain his Bachelor of Science next, continuing his work in Pharmacy.

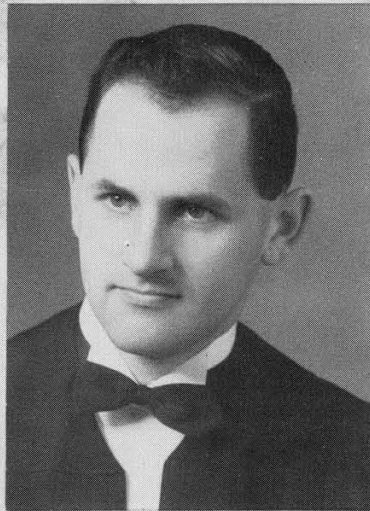

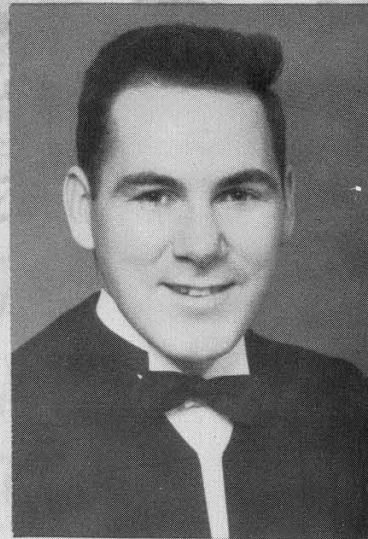

**POIRIER, ROBERT JOSEPH**

Bob played badminton and Inter-fac hockey, as well as being DAAC representative for Pharmacy.

**WOOD, ORVILLE ROGER**

An Islander! Star of Pharmacy's Inter-fac hockey team, Orville plans a career in Retail Pharmacy.

**ORCHARD, LAWRENCE RAY**

New Brunswick brought us this Vice-Pres. of the Pharmacy Society who has been active in Inter-fac curling and hockey at Dalhousie.

**PISTONE, DONNA MARIA**

A side-line rooter of basketball, football and hockey, Donna was co-chairman of the Pharmacy Ball, 1960. She holds her commission with the Air Force, and now plans a career in pharmacy.

If I were founding a university I would found first a smoking room; then when I had a little more money in hand I would found a dormitory; then after that, or more probably with it, a decent reading room and a library. After that, if I still had more money that I couldn't use, I would hire a professor and get some textbooks.

## Council of the Students

DALHOUSIE UNIVERSITY  
HALIFAX, N. S.

As one reads each page of this edition of *Pharos* it becomes obvious that once again the students of Dalhousie University have excelled in all walks of student life.

For many, this edition marks the end of a direct affiliation with the University as they go forth on their own to serve in their respective careers. On behalf of the Council of the Students, I wish them every success in maintaining the high standards evidenced by their predecessors.

It would be superfluous to attempt to summarize all the great events which happened at Dalhousie this year as they can be found elsewhere in this book, prepared much better than I could do.

However, I would like to take this opportunity to thank the members of my Council for their tireless support and assistance while in office.

Also, I would like to express my sincere gratitude to all the students who elected me to this post of honor. It has been a memorable experience for me. Because of it, I can honestly say that Dalhousie lives within me.

Finally, I would like to encourage all students and graduates not to channel their interests, whether it be in studies or careers. There is a great deal more in life than just these and once one begins expanding his interests, this will soon become evident. This requires sacrifice and work but I am certain that the returns are more than adequate.

Very sincerely,

*Doug Cubmore*

# National Federation of Canadian University Students

Seated - Bill Smythe, Jim Cowan, Sharon Connolly.  
Standing - Pete Spencer, Duncan Murray, Henry Muggah.

The Dalhousie Committee of the National Federation of Canadian University Students had an active and successful year on the local and national levels of student activity. The Dalhousie Committee hosted the twenty-fourth annual NFCUS Congress in September. Two Dalhousie Students, Brian Flemming and Peter Green, were elected to the National NFCUS executive at the Congress. The Dal Committee also received the mandate for the NFCUS National Photography Contest which proved successful. The best of the photographs submitted will go on tour in Canada and the Soviet Union.

In November the Dal committee played host to four visiting Russian students and presented an interesting panel discussion on "Education - East and West." A subcommittee has been set up at Dalhousie to study the problems of university students in the Maritimes with a view to the presentation of an education brief to the government.

NFCUS provided Dalhousie students with NFCUS identity cards, travel services, scholarship plans, a student insurance plan, and discount service at local stores.

The committee held successful tiger raffles and sponsored a dance.

Dalhousie was well represented at the Regional NFCUS conference at Mount Allison in February.

## World University Service of Canada

Dalhousie-King's WUSC started the academic year with an exhibition of Nova Scotia art and craft in the Arts and Administration building. However, the main event of the year was the annual visit of Treasure Van in November. This year's Treasure Van was organized by the combined committees of Dalhousie-King's, St. Marys and Mount St. Vincent, and held in the Dalhousie gymnasium. The 'display-sale' was an outstanding success, with sales exceeding \$4000, a record for Halifax.

A number of talks were held during the year on different countries, such as Israel, India, and African countries. The WUSC committee also sponsored several short films, shown before the Commerce Company's main weekly film, on various countries.

Other activities included two money-raising dances, and the sale of soft drinks during dances in the gym.

Last year's WUSC summer seminar delegate, Loanne Young, reported having a very interesting visit to Israel. The seminar for the coming summer is to be held 130 in Sweden.

Seated - Prof. E. C. Harris (Faculty Advisor), Ian MacKenzie (Chairman), "Wam" MacMillan.  
Standing - Dave Bissett, Wilf Harrison, Basil Cooper.

# Dalhousie Glee and Dramatic Society

The first production of the year was **Bell, Book and Candle**, a three act play by John Van Druten. It was a whopping success. The audiences were bigger than ever and the cast was better than ever.

After little interest last year as far as the Connolly Shield was concerned the competition was excellent. Held in the new Little Theatre with six plays entered in the competition, all concerned were surprised and pleased with the quality of the plays that Dal and Kings turned out. The calibre of the plays was termed "professional."

D.G.D.S. is now preparing for its annual musical. This year the production runs for five nights and if speculation means anything it will be the greatest success yet. The show is **Wonderful Town** with tremendous music and the well known lyrics. Alison Bishop is this year's director and a more than competent one. The cast is superb. More about the musical in the special section.

This year something different happened when D.G.D.S. sent Ken Clark and the West Indian Society's Steel Band to the U.N.B. Winter Carnival where they upheld Dalhousie's high standard of showmanship.

Seated - Ruth MacKenzie, Anne Mason.  
Standing - Reid Morden, Ken Clark (President).

## Stage Crew

Kneeling - Bill Priest, (Co-Manager), Flo Collier, Marty Raine, Steve March, (Co-Manager).  
Standing (Front Row) - Don Whalen, Al Robertson, Mike Luke, Paul Murphy, Anthony Harris.  
(Back Row) - Wolf Tode, Chalmers Smith, Gordon Thompson, Dave Seaman, George Earle.

The Dalhousie Stage Crew has completed another successful year. Under the direction of Bill Priest and Steve March, the regular group of a dozen volunteers worked into the wee hours to complete the sets for the D.G.D.S. productions, **Bell, Book, and Candle** and **Wonderful Town**. Comprised of men from all faculties, the crew swung to and fro in the rafters high above the stage, extremely happy in their work. Receiving the set design for **Bell, Book, and Candle** just two weeks before opening night, the crew labored every night to complete the job. Both productions were a great success.

Relations between the crew and the producers reached a new height the latter, having finally realized that the stage crew is one of the most important facets of the D.G.D.S. The unsung heroes are building their sets using the bare minimum for tools and supplies.

The members of the stage crew who will be returning next year are looking forward to a year filled with sawdust and paint. Those who have now graduated will well remember the many wonderful times behind the backdrops.

## Medical Society

Seated - W. B. Kingston, Issac Boniuk (President), Vivien Boniuk.  
Standing - Jim Holland, Stan Epstein, Kempton Hayes, Dale Dauphinee, Mike Jennings.

Because of the increased interest and participation by most of the members, the Dalhousie Medical Students' Society has enjoyed a most successful year.

To help the first year students over the initial stage of confusion and strangeness, the newly organized Orientation Committee arranged for a panel of upperclassmen to discuss some of the problems one would encounter in first year and how best to solve these, an information booth to achieve a similar purpose, a first year versus All Star Med Softball game, a tea so that all the new students could meet the Faculty, and a square dance for all years, but in honor of the new students.

On December 9, the most enjoyable Med Ball in years was held at the Commonwealth Room of the Nova Scotian Hotel, with Don Warner's Orchestra, and Guests of Honor Dr. and Mrs. C. B. Stewart, Dr. and Mrs. C. B. Weld, Dr. and Mrs. R. O. Jones and Isaac Boniuk, President of the DMSS in attendance.

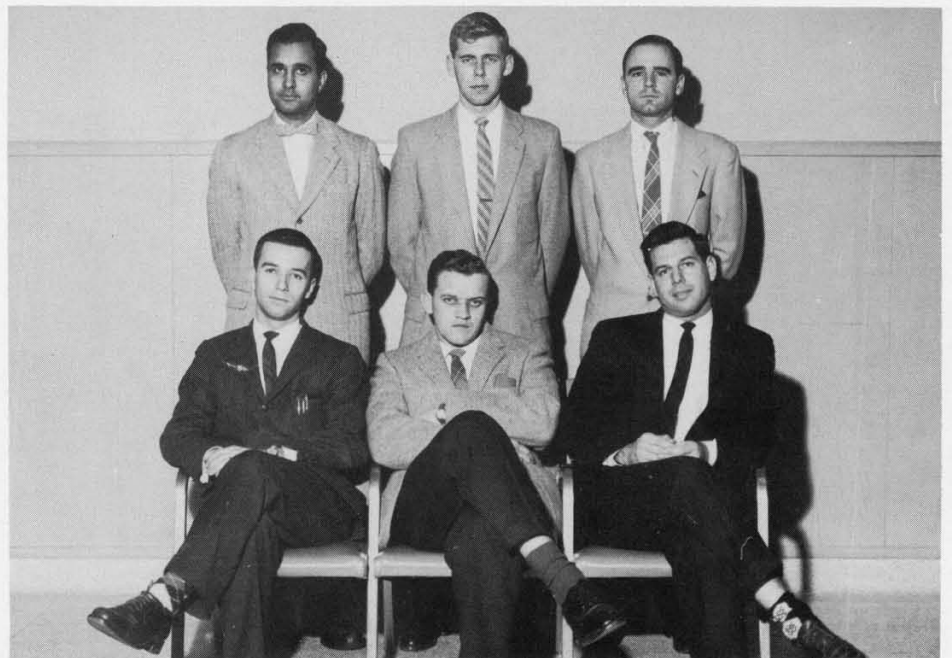

1960-61 has been a banner year and there is every indication that the coming year will yield even greater success for the Dalhousie Medical Students' Society.

## Dental Society

The Dalhousie Dental Society had a very successful year in its business achievements as well as in its social functions.

The first social event of the year was a "get acquainted night" held in September for the first year students. At the annual Dental Ball, held in December, Miss Nancy Crease was crowned Queen of Dentistry. The final social event of the year was the Dental Banquet which took place at the Lord Nelson Hotel in March.

This year the society extended its activities by producing a bi-yearly Dental Journal, the first of its kind in Canada. The first issue was mailed to students and alumni in December. The aim of the Journal is to serve as means of communication as well as allowing the future dentist to gain experience in journal publication, which is an essential part of the present day practice of dentistry.

Seated - Don Bonang, Harold Brogan, (President), Joseph Grasso.  
Standing - Terry Ingham, Noel Andrews, Tom Raddall.

## Nursing Society

It is the purpose of the Nursing Society to bring together the various groups of students in the Faculty of Nursing, through regular meetings and social activities.

Students in the degree program spend three of the six years affiliating at a recognized hospital. Those in the Diploma course are studying Teaching in Schools of Nursing, Administration or Public Health Nursing. It is because of the existence of these varied fields and levels of interest that the Society functions to unify the groups within the Faculty, to familiarize them with current activities, and to encourage participation.

Pre-Christmas activities were highlighted by a coffee party which was held in November at the home of Grace Ryan. The Nursing Society Formal is the major activity of the year. It was held in February this year and was again a successful venture. The Nursing Queen was chosen from the Society to represent the Faculty. Throughout the year, History of Nursing classes were given to first and second year students by Miss McLennan, Director of the Faculty of Nursing.

Attendance and group participation in Society functions generally again proved its value during the past year.

Seated - Grace Ryan, Marg Fenwick.  
Standing - Phyllis Matheson (President), Joyce Starratt, Anna Keenan.

Seated - Gordon Morrison, Neil Campbell (President), Gail MacLauchlan.  
Standing - Robert Poirier.

## Pharmacy Society

The Pharmacy Society had a very successful year under the capable leadership of Neil Campbell. Meetings and social gatherings were held to enable the students of all three years to become better acquainted. A stag was held towards the end of the second term for the boys, and was enjoyed by all present.

The annual Pharmacy Ball and Banquet was held at the Nova Scotian Hotel on Feb. 3. The Ball was a great success under the guidance of Don MacDonald, chairman of the Ball committee. Hilary Bonnycastle, a junior Arts student, was crowned Pharmacy Queen at the function.

Participating in intramural sports especially hockey, the boys made a good impression.

The year's climax was "Cooke's Tour" —an enjoyable excursion through a large drug firm just before graduation.

## Law Society

In reviewing the events of the past year, the Law Society looks with pride at having made some small contribution to the respected tradition of our Law School.

The Society further saw the successful completion of many projects more particular to the Law School itself. The Supreme Moot Court of Dalhousie University heard ten cases on appeal under a revised system. A brief was presented to the Royal Commission investigating Nova Scotia's liquor laws expressing the Law Society's views and emphasising its responsible interest in this matter.

Again, true to tradition, the social aspect of the Society was not forgotten. The Law Ball was highly successful and the occasion was greatly honoured by the attendance of Lady Dunn, Lord Beaverbrook, the late C. D. Howe, and many other distinguished guests. The Law Society was particularly proud to nominate Miss Bonnie Murray as its Queen.

The Orientation Stag held in September and the Poor Man's Law Ball were among the other events of note.

In summary, the Law Society concluded a full and successful year. The Law Society looks with confidence to the future remembering the "lex fons lucis."

Seated - Judy Bell, Paul Creaghan.  
Standing - Dave Logan, Bob Lindsay.

## Sodales Debating Society

Activities for the year got under way on October 15 when president Bill Sommerville attended the annual Maritime Inter-collegiate Debating League's Annual conference, held this year at the University of New Brunswick.

On October 31, the tryouts for the Inter-collegiate Debating Team were held with Professors Harris and Charles of the Law School and Professor MacLean of the History Department as judges. Larry Hebb and Brian Fleming were chosen to debate at St. Francis Xavier. Ian MacKenzie and Charles Fanning were chosen to debate against King's College on November 28 and King's emerged victorious.

On December 2 and 3, Gerald Doucet and Leonard Andrea, who won the interfaculty debating title in 1959-60, took part in the University of Toronto Debating Tournament. In Toronto, they won two of three debates, losing only to the Royal Military College of Kingston who emerged as the tournament champions.

Interfaculty debates were held as well as the annual Arts and Science Model Parliament. Two more tournaments were held as Dal visited St. Mary's, and U.N.B. came to Halifax.

Seated - Keith Jobson, Bill Sommerville (President).  
Standing - Rick Cashin, Reid Morden.

## Engineering Society

The year '60 - '61 saw the Engineers move up to the Dal Campus from their former quarters in the beloved "Shack." They look back with fond memories to the "Shack" but realize that the new facilities are much more suitable.

The Engineers' activity list this year was outstanding and all their functions were backed by the society members.

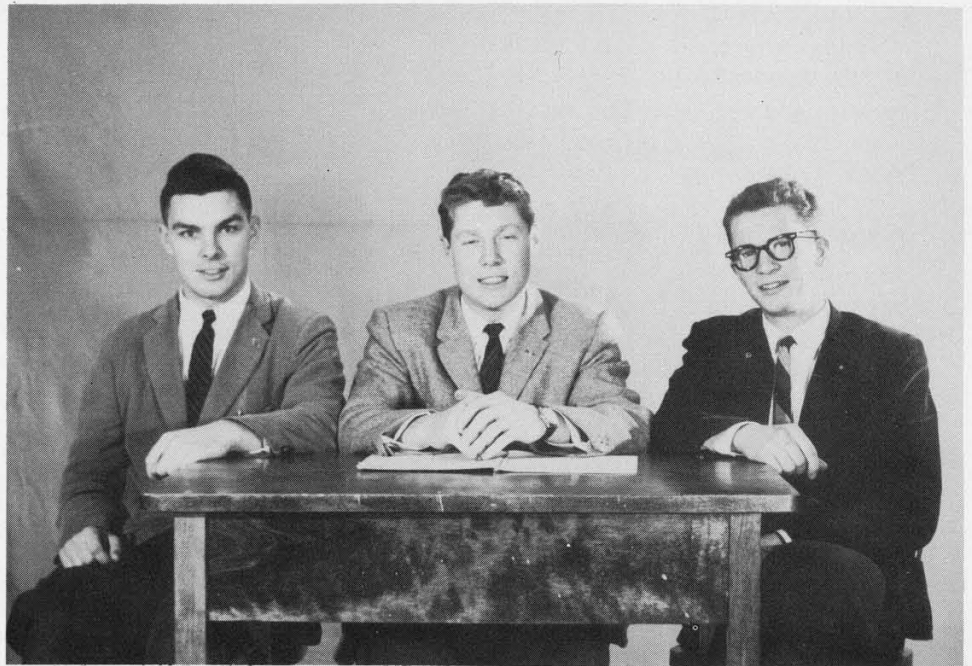

Heading the list was the Engineers' Stag held the 14th of November which was, as usual, a roaring success.

The next function the Engineers presented was the Hayloft Jamboree held in the Dal gym with the Down-Easter's supplying the music.

On the 24th of February the Engineer's Ball was held in the Nova Scotian Hotel. This activity was the social highlight of the Engineering year and was deemed a tremendous success by all those who attended.

In sports, the Engineers enjoyed a very successful year. The hockey team shaped up very well and took part in a series with the Acadia Engineers.

The social year ended in March with the Engineering Banquet at the Lord Nelson Hotel at which the presentation of awards took place.

Wes Campbell, Al Ferguson (President), Al Robertson.

## DalCom

Seated - George Zinck, Peter Green (President), Elizabeth Egan.  
Standing - Brian Beckett, Clifford Shirley, David Archibald.

The Dalhousie Commerce Company has completed a very successful year for the 1960-1961 term. Membership in the company, through shareholdings, has increased participation in activities considerably.

The Dalhousie Advertising Bureau provides a tremendous experience for its members.

The Dalhousie Film Society was organized by DalCom in 1959. During the 1960-61 term, high calibre films were shown under the direction of Dick Thompson. Films on the topics of English 1 and 11 courses were also offered.

Commerce Week 1961, January 9-15, started the social season off on the right foot. The "Week" included a Commerce Banquet and Ball, industrial tours, sweater dance, hockey game, and closed with an "At Home." Miss Eve Smith was crowned Commerce Queen to complete a successful week.

Special speakers, student-faculty receptions, and participation in inter-faculty sports rounded off a full and beneficial year.

## Delta Gamma

Delta Gamma is a society made up of all the women on the campus. The two main projects of Delta Gamma this year were the Blood Drive and Sadie Hawkins Week.

The Blood Drive was held during the fall term and was divided into two clinics in an effort to increase the number of donors. The first clinic was held on the Forrest Campus in October with the second clinic at Studley in November.

Sadie Hawkins Week, January 16-20, was again successful, with the usual fun of serenading the fraternities and the residences. The Campus King was crowned at the Sadie Hawkins Dance.

Delta Gamma has also helped the S.U.B. committee and assisted WUSC in the Treasure Van.

We would like to thank all who have helped the organization during the year.

Seated - Maura Morton, Eve Smith, Winna Millar.  
Standing - Joyce Wyman, Joan Hattie, Carolyn Myers.

## International Students Association

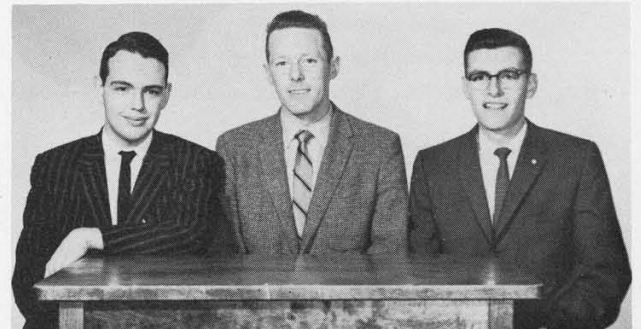

Seated - Joe Fung, Dana Lezie, Lawrence Kowlessar.  
Standing - Tat Leung, Charles Fanning (President), John Akabutu, Hans Gosine.

## Arts and Science Society

The Arts and Science Society staggered through another year without collapse, although on several occasions it was necessary to pinch the corpse to ensure it still had life. After a disastrous start — no one booked a spot for the Formal — the Society avoided financing any disastrous football trips, and with the money thus saved decided to hold the Formal at the Lord Nelson Hotel at a later date. The Tartan Twirl was held once more in the venerable Gymnasium, and as usual was a successful smash for the New Scots.

Our athletes have been performing nobly, and have made some notable achievements. The touch-football squad reached the finals of the competition, only to be butchered by the Medics. Again there was overwhelming success in cross-country; A&S supplied the lone runner! The hockey team has proved itself capable against the other faculties and made a creditable showing throughout the year. The basketball squad looked good and upheld the standard set in former years.

The incoming Executive is extended the best wishes for a successful campaign during 1961-62.

Dave Jones, Wilf Harrison, Jim Cowan.

The International Students Association was formed this year to provide a society in which students could get together to discuss the problems of foreign and Canadian Students. It was thought, moreover, that the mixing of students of different countries, races, and religions would not only help foreign students, but give Canadian students information about the rest of the world.

The I.S.A.'s ultimate aim is to see at Dalhousie an International House built. In its more immediate goals the I.S.A. has had in its program a speech from Dean Hicks, a Christmas Banquet, films on Ghana, a debate with the Fraternity Council on discrimination, and a dance with an international motif.

It is a tribute to the executive that these functions drew large crowds, and that I.S.A.'s first year was deemed successful.

The current year has witnessed a great expansion of activity for Le Cercle Français in its efforts to promote interest in French culture, language, and conversation at Dalhousie.

Each month the club holds informal meetings which feature French films, illustrated talks, singing, and the traditional refreshments. Students are particularly encouraged to participate in French discussions during the meetings.

There are two special events in the course of the club's activities. One is the Soirée Théâtrale, an evening of French plays and singing, presented to the public, which is made possible through the efforts of Professor Paul Chavy and Professor H. F. Aikens, both of whom are invaluable supporters of the club. The other event is the annual French Club Banquet, held at the Hotel Central, which continues to grow more popular each year.

In the activities of Le Cercle Français the customs, the life, and the cultural achievements of the French people are expounded through the media of slides and talks. The student can take the opportunity of becoming more aware of the heritage and tradition of the French nation and realize that French is found not only in textbook and classroom.

## Le Cercle Français

Alan Abbott, Jim Hurley (President), Betsy Whalen.

## Dawson Geological Club

In its twenty-ninth year of being, the Dawson Club has again proven the paradox that while it is a student organization, its largest group of interested persons are not university members. This fact is not to be deplored too heartily since it has provided us with many and varied points of view.

The Fall Term saw the Club sponsoring the Annual Convention of the Maritime University Geology Clubs for the first time in six years. It was with regret that we were forced to cancel all field trips in the term due to the pressure of the convention — but it was felt that the convention was of a larger interest.

In closing, I should like to thank this year's executive for their invaluable help and to wish next year's executive the best of success.

Don Crawley (President).

## Students' Directory

The 60-61 edition of "Dal-Kings" Student Directory went to press two weeks after the close of registration and was not published until late November.

I wish to express my appreciation to the Ad Bureau and others who lent their services in helping to produce the directory.

Two thousand directories were printed at a cost of about \$1500. These directories have a larger circulation than the immediate Dalhousie campus, for magazines such as **Time** compose part of their mailing list from the names in the Directory.

## Campus Co-ordination

This year there was a welcome change in the duties of Campus Co-ordinator: the role of Campus Publicity Chairman was abolished, a decision that will save many young ladies from frostbite during the winter months, and an efficient organization was set up to handle the duties of making and distributing the various posters. There were no major clashes during the year apart from a D.G.D.S. dress rehearsal and a basketball game scheduled simultaneously in the gym.

David George

Wilf Harrison

Seated - Henry Roper, Richard Deering (President), Ruth Ann Irving.  
 Standing - Hugh Farquhar, Gerry MacLean, Jane MacLean, Hans DeBoer, Dave Jones, Penny Cloustin.

## *Student Christian Movement*

The Student Christian Movement continues to encourage an interest in the study of Christianity and its problems. This can best be undertaken, it is thought, by examining Christianity in the light of the Bible, theologians, and thinkers who may or may not be within the Christian tradition.

The movement welcomes students who want to learn something about Christianity, students who have been unable to come to a satisfying understanding of Christianity through the usual channels of the Church.

The Dalhousie-King's S.C.M. welcomes to Halifax this year as appointed secretary Mr. Hans A. de Boer, a native of Germany, who brings with him a wealth of experience having worked among young people for some time and having travelled extensively on both sides of the Iron Curtain since the war.

This year the S.C.M. sponsored two lecture series entitled the **Nature of Man and Christianity and Communism**, inviting professors and laymen to speak on various aspects of these themes. Another study group was held in the spring, examining the thought of Karl Barth.

## *Newman Club*

The Newman combines a spiritual, intellectual and educational program for Catholic students of Dalhousie University, and Nova Scotia Technical College.

The Club is under the guidance of Rev. Lloyd Robertson.

This year, at 38 Windsor Street, Halifax Newmanites have access to a new seventy five thousand dollar building, the erection of which was materialized through the generosity of His Grace The Archbishop G. Berry. The programs given here are similar to those of the past, with the variation that the talks are sometimes replaced by panel discussions. Attendances this year have doubled and the club in general seems very active.

On November 25, 26, and 27, the Club was host of the Eastern Regional Conference of Newman Clubs, which was attended by delegates of U.N.B., St. Dunstan's, and Dal-Tech.

Another highlight during November was the blessing of the building by His Grace the Archbishop, who christened it The Cardinal Newman Centre.

Roger Hachey - Tech., Yvon Arseneau - Dal. (President), Rodney Burlock - Tech.

## Canterbury

Canterbury, the Anglican Church on the Campus consists of Anglican students and Faculty, but is not an exclusive Anglican association as Canterbury welcomes all.

Canterbury's primary concern is worship, and the focal point is the Holy Eucharist. Communions were held in the Arts Building on Tuesdays and on Wednesdays in the King's Chapel. Canterbury acted as a stimulus in church attendance and fellowship in worship.

The Sunday night meetings provided a chance for discussion and study. During the Fall Term topics like "Why Believe;" "The Incarnation;" Church History;" and "The Anglican Way both Catholic and Protestant" were examined.

In the Spring Chaplain the Reverend G. R. Hatton returned from a year in Europe. One activity was a discussion on: "Dating;" "Courtship;" "Marriage;" and "Family Planning."

An Anglican monk led a retreat one week-end, and there was a panel discussion by laymen on a large topic of the responsibilities of a graduate in Church and Community.

Fellowship is an aspect of Canterbury and furnishes an occasion where students meet and make friends of the same age and interests. The Sunday night coffee period supplies an opportunity for chatter and dances are held also, making Canterbury the parish away from home.

Front Row - Dave Mitchell, Carolyn Tanner.  
Back Row - Father Hatton, Clare Durland.

Seated - Tanja Rappaport, Marim Kohler, Freddie Ross.  
Standing - Rabbi Dobrinsky, Marlene Aaron, Mel Brown, Carole Lee Cohen, Judy Newman, David Hyman.

## Hillel Foundation

The Hillel Foundation at Dalhousie University began the 1960-1961 season with an executive meeting the end of September at which plans were brought forth for the coming season.

We had a very successful opening supper meeting followed by a dance.

During the first term four of our members conducted a debate for the members of the committee. A discussion group was organized under the supervision of our counsellor Rabbi H. C. Dobrinsky which met once a week. Also a dance group and a choir were organized although these groups did not begin activities until the beginning of the second term.

Plans were carried out for a show which Hillel put on in March to which all students were welcome.

Under the very able supervision of our counsellor Rabbi H. C. Dobrinsky, Hillel had a very successful season.

## Pepcats

Front Row - Laurie Borne, Athan Katsos, Gordon Thompson, Ray Yerxa, Dave Hankinson.

Middle Row - Charley Corway, Don Campbell.

Back Row - Al Bartlett, Blake Forrest, Bill Smithe, Brian Creighton, Al Robertson.

## Progressive Conservative Club

The Progressive Conservatives had one of its most successful and diversified years of activities.

Various members of parliament and the Minister of Finance have spoken to the club on different aspects of our system of government. This has greatly implemented the club program of informing the student body on Canadian politics.

The individual members have been more active in the club than ever before. Each member has contributed in some way to the Model Parliament which is the climax of the club's year. These contributions have ranged from policy-making to the technical organization of the Parliament.

The Dalhousie Progressive Conservative club has sent strong delegations to Progressive Conservative Student Federation Conferences at Fredricton and Ottawa. The constructive contributions made by the delegates at these seminars have been given much attention by the senior party.

Front Row - Lena Messler, Reid Morden (Pres.), Judy Parr.

Back Row - Peter Strong, Paul Murphy, Gregor Murray, Bill Wells, George Cooper.

Front Row - Ruth MacKenzie, Sharon Connolly.

Back Row - George Zinck, Jim Cowan.

## Liberal Club

Increased enthusiasm and a larger membership marked another successful year for the Dalhousie Liberal Club.

An inter-party Model Parliament planning committee was formed this year and this resulted in a more interesting and better organized Parliament.

The Parliament was enjoyed by all members of the club and untold members of party supporters aided the Liberal Party in the campaign.

The Dalhousie Liberal Club was well represented at the Canadian University Liberal Federation annual convention and the National Liberal Rally held in January. Dalhousians played an active part in the proceedings and deliberations of the Rally. Dalhousie Liberal President James Cowan was elected Maritime vice-president of the University Liberals.

The Liberal Club was very pleased to note the general upswing of student interest in politics and public affairs.

## West Indian Students' Society

The intentions of the executive of the West Indian Students' Society are to put the Society on such a plane as to make our Canadian friends on Campus feel the effect. A constructive program was planned for 1960-61 and it is our sincerest desire to foster the best relations with our Fellow Canadian students and bring the West Indies to Canadian doorsteps.

It is felt that Canadians are not quite conscious of the West Indies and we feel that owing to our proximity to this country and the fact that we are sister Commonwealth nations, an interest should be established between us.

We are still faced with the big problem of finding suitable living accommodations for ourselves and new arrivals from the West Indies. However, the new Mens' Residence has proven itself capable of alleviating this condition.

The President, Michael Ogis, found capable assistance in his Vice President, Dave Benjamin. The Social Chairman Kirkland Culmer combined his efforts with the rest of the group in making possible some very successful parties. Fitz Malcom Ralph kept our books in order while L. Kowlessor kept up with Public Relations.

Seated - Teresa Chiang, Wah Jun Tze (President).  
Standing - Hin Fei Cheng, Wing Ki Chu, Cheuk Yin Cheung.

## West Indian Steel Band

The Steel Band Orchestra, from Trinidad, is fast becoming part of the culture of the West Indies. It was felt by Dalhousians who had heard the band before that the West Indian students here on the campus should form a band.

This was done in the Fall of '51 and under business manager Michael Ogis the band had successful engagements ranging from Television to charitable shows.

Alroy Chow, the leader of the band, promoted the ideas while John Davidson takes care of the arrangements. Kurt Culmer has done very well with the band since he learned the art about a year ago.

The West Indian uses the band as a means to an end, not merely as a form of expression but also to promote interest among our Canadian friends and create some esteem in the minds of people both for the West Indies and Dalhousie.

Seated - John Benjamin, Mike Ogis.  
Standing - Pundit Lawrence Kowlessor, K. Kulmer, Fitz Sparrow Malcom-Ralph.

## Chinese Students' Association

The Dalhousie Chinese Students' Society membership consists of all the Chinese students in Dalhousie University and those who are interested in joining the society.

Committees such as the Social Committee take care of all the social activities in the society, whose primary function is to promote the relationship of this society with other Students' Associations in the Maritime universities. It is also concerned with the social activities of the society, that is, dinners, parties, and initiation.

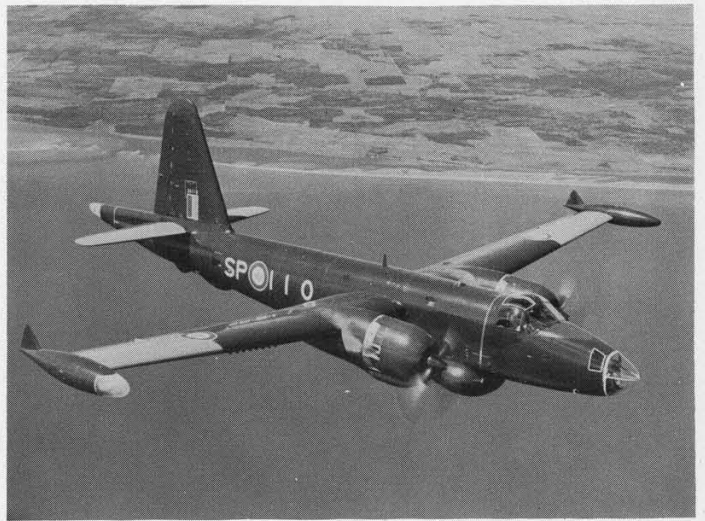

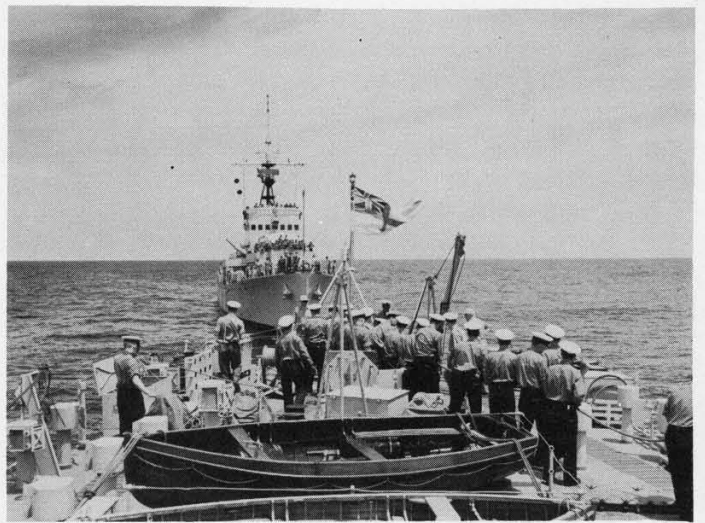

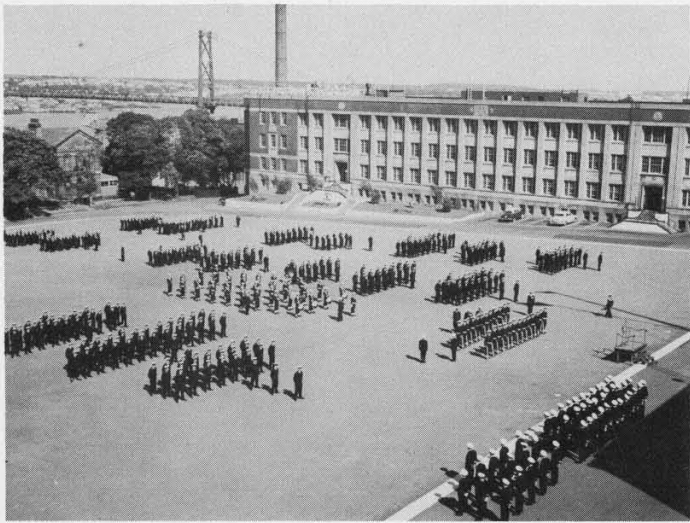

The Chinese School Committee is a committee in charge of a Chinese School staffed by voluntary members of the society to give Chinese children of the city and other people an opportunity to learn to read and write Chinese.

There is also an Executive committee which coordinates all the meetings and activities of the society and its members.

The Society's aim is to bring the Chinese students in the University closer together, in study and companionship.

Seated - Mike Ogis, Peter Bright-Asare, Fitz Sparrow Malcom-Ralph.  
Standing - K. Kulmer, John Brinckly Davidson, L. Kulmer.

# *University Naval Training Divisions*

The University Naval Training Division (Halifax Universities and Colleges) is one of 24 such divisions across Canada. It involves Dalhousie, King's, Saint Mary's Universities, and the Nova Scotia Technical College. The commanding officer of the UNTD locally is Lt. R. L. Vatcher, RCN (Reserve), an engineering professor at Dal.

A total of 43 cadets are in the local UNTD, of whom 11 are enrolled in the RCN under the Regular Officer Training Plan. Training during the academic year is carried out in all facilities of HMCS Scotian, Halifax naval division, each Wednesday evening from 7:30 to 10. The programme covers training in leadership, navigation, seamanship, engineering, supply and accounting, and communications.

The UNTD year begins within a fortnight of registration at the various universities and continues until a month before the final examinations. In addition, a minimum of 14 weeks' annual summer training must be carried out. A third of this period is spent at sea.

Service in the UNTD is the principal avenue to commission-

ed rank in the RCN (Reserve). A student must be in good standing, a Canadian citizen or British subject (NATO nationals must receive the approval of Naval Headquarters), be aged 25 or under by the day of graduation and of good physique. Preference is given to students having mathematics and physics to the calculus level due to the highly technical aspects of the modern navy.

Service as a cadet continues for three years, at which time there is promotion to the rank of acting sub-lieutenant. Confirmation of this rank is obtained when a degree is achieved, or at a level three years beyond senior matriculation. First and second year cadets are trained during the summer months in East Coast ships and establishments. The third year cadets go to the West Coast. It is common for cadets to serve well in excess of their minimum 14-week summer period. During the academic year, cadets receive half a day's pay for each drill night attended and the full-time pay each summer is \$225 a month, including uniforms, medical and dental treatment, and other benefits.

## *University Reserve Training Plan*

The University Reserve Squadron of the R.C.A.F. has operated successfully during the past year through the co-operation of the Regular and Reserve members of the Squadron. Military training, especially when combined with academic training, is an exercise which is very productive and beneficial to those who take part.

This year there are fifty-five cadets in the Squadron who have received training in many of the most important phases of Canada's defense although the machines of war are essentially non-productive. As in past years, the lectures have dealt with diverse subjects ranging from the highly technical field of the Guidance of Missiles to the less technical but nevertheless complex field of economics. These lectures are

given as preparation for the cadets' intensive summer training which is comprised of all phases of operation which they will be expected to be able to perform when they receive their commissions in the Air Force Reserve.

This summer training program consists of operations in various Air Force bases across Canada such as Clinton and Aylmer in Ontario and College Militaire Royale in St. Jean, Quebec. This training is naturally diversified and comprises many phases of officers' operations due to the fact that the main purpose of the training is to prepare the cadets for the roles they will play when they receive their commissions in Canada's Air Force Reserve.

## *Canadian Officers Training Corps*

The academic year 1960-61 marks the 45th anniversary of the Dalhousie-Kings Contingent of the Canadian Officers Training Corps as the future officers carry out military training one night a week with new weapons and developments in warfare on their syllabus.

Commanding Officer this year is Capt. Frank Sigsworth, a Dalhousie law graduate of 1960. Formerly a member of St. Dunstan's C.O.T.C., he has served in both the Regular and Militia forces before entering Dalhousie. Two other contingent officers are Lt. Robert Marvin and Lt. Jack Hawkins, both Dal students and former members of the Royal Canadian Artillery.

Seventeen Dal-Kings students are taking either C.O.T.C. or Regular Officer Training Plan training with the contingent this year. For them it is their pathway to the Queen's Commission while they receive leadership training, useful technical knowledge, good pay, and summer employment. Theoretical work is taken during the college year with the practical phase in the summer.

Corporal J. F. MacDonald was appointed to the Contingent as Clerk Administration on the first of September 1959. He has been with the Canadian Army (Regular) since August 1950, and saw service in Germany with the Canadian Brigade there.

## Dalhousie Advertising Bureau

The D.A.B. was set up in 1957 for the purpose of soliciting advertising for the various publications on campus. Since that time it has proven its usefulness due to the great energy of its members.

The publications for which the Bureau is responsible are *Pharos*, *Gazette*, *The Medical Journal*, *Students' Directory*, *Students' Handbook* and the programs for the various D.G.D.S. productions.

All members in the Bureau are in the faculty of commerce as the organization itself is an affiliate of Dalcom, the commerce society. The boys work on a commission basis but by far the most important reward which is gained is the experience of meeting local businessmen on a business-like basis.

Seated - Bill Thompson, Bob Davison.  
Standing - Jamie Cochran, Barry Annis.

## Shirreff Hall House Committee

Shirreff Hall House Committee is the group that interprets the rules in the Association's Constitution, and enforces the honor system governing residents.

This body, with the aid of Miss Reynolds, makes improvements in the routines and facilities of the Hall. It looks after such Hall institutions as supertime announcements, Friday night House Committee sessions, the dining-room and Sunday tea when Miss Reynolds is not present, the Pepsi machine, penalty and paying phone duties, Christmas presents for underprivileged children, and the newest tradition, an annual limited-circulation publication, the **Shirreff Howl**. Larger items on the yearly agenda are the Hall Formal, the Christmas Party, and the Senior Banquet.

The Hall is filled to capacity this year with 112 girls and two resident nurses. Residents come from all over North America, Hong Kong, however most are from the Maritimes and Newfoundland.

Seated - Bonny Homans, Carol Tullock, Judy Lorway.  
Standing - Janet MacGregor, Barb Cameron, Jill Ash, Liz Shannon, Linda Gerrard.

## Residence Council

January 4th marked the opening of the long awaited New Mens' Residence. Over one hundred students arrived from all sections of Canada and different countries. Dr. Guy McLean, the Dean of Residence, welcomed the new arrivals.

Wednesday saw the founding of the Student Council which is composed of members elected by the residents on each floor. The Student Council is faced with many problems which are normally encountered upon the initiation of a venture of this type.

The first meeting heard Dr. MacLean advise representatives of his desire to see full student government in control of the residence. It is hoped that his aim will be achieved in the subsequent meetings of the council.

Front Row - Al Cohen, Peter Bright-Asare, Tom Hayes.  
Middle Row - Bob Radchuck, Vern Nichols, David Walton-Ball.  
Back Row - Ben Swirsky, Bob Thorburn, Ken Beck.

# Alpha Gamma Delta

Alpha Eta Chapter of Alpha Gamma Delta international fraternity, established at Dalhousie in 1932, boasts an enthusiastic membership and a "homey" room on Jubilee Rd.

To the children attending the special classes for retarded children at Sir Charles Tupper School, the members need no introduction. Pledged to aid these endearing young people, the Alpha Gams spend a required number of hours assisting at the school, to which money, as well as time, is given.

Because of the many active Alumnae Chapters, the activities undertaken together impart a spirit of comradeship which does not end at graduation, but which continues through life.

# Pi Beta Phi

The Pi Phi's under the leadership of our boss Naomi Smith started the year with a bang and never looked back. We had a minimum of troubles and a maximum of enjoyment. Membership rose to forty girls, the largest in many years. First term gave rise to new officers, rushing, pledging, initiation, fudge sales, coke parties, and cooky-shines. Phi Delt entertained us at a much enjoyed party in November and we returned their hospitality by baking them a large chocolate "Arrow" cake. Post-Christmas activities included another rushing season and initiation, a coffee party for our Alumnae, managing the rink canteen for "Butsie," work parties, a visit from our Province President, and, of course our Annual Formal, which was held on February 8th at Ashburn. "Mardi Gras" was our theme and Ted Brown, Phi Delta Theta, was crowned Pi Phi Prince. A punch party preceded, given by Bonnie Murray, and a good time was had by all. Three of the Pi Phis are Queens this year and several are playing on Varsity teams, and serving in important campus positions. We bid farewell to eight Senior Pi Phis and hope that the chapter next year has as much success.

## *Phi Chi*

Nu Sigma of Phi Chi is a professional fraternity. Its membership is limited to a select few, who presently are engaged in the practice of medicine.

We try to blend a combination of social activities with an extra curricular education program. The main objectives of our fraternity are to assist the brothers socially, educationally, and financially, and to endeavour to make the study of medicine more enjoyable.

The chapter house is located at 160 Robie St., owned by our alumni, and operated by the active members of the chapter.

## *Phi Rho Sigma*

Alpha Eta Chapter of Phi Rho Sigma has completed another successful year of activities under the leadership of Graham Pineo with an executive of nine other medical students. As we are a Professional Medical Fraternity, most of our interests have been confined to the Medical School and the Forrest Campus. However, our activities in student affairs, sports, and entertainment proved that there is still an active interest in Campus affairs.

Our social year was highlighted by the Annual Banquet and Ball at which the president of the Grand Chapter, Mr. John Franklin Hubes was in attendance.

In student affairs, Phi Rho men held the following positions: President of the Students' Council for the second year in succession, both Medical representatives on the Council, Medical sports representative, President of the Inter-Fraternity Council, President and Treasurer of the Dalhousie Medical Students' Society, both CAMSI representatives, as well as serving on various committees including the SUB committee.

The second year members showed proficiency in the entertainment world when they carried away first prize at the Munro Day Review. The money was donated to the SUB committee. Also, many members were active in sports, particularly inter-faculty football and hockey.

# Phi Kappa Pi

Phi Kappa Pi fraternity has had an excellent record for the 1960-61 university year. The Annual Alumni Tea and the Annual Week-end, held early in the spring term, were both very successful.

The Active Chapter House at 348 Robie St. has undergone many improvements this year and the brothers and pledges of the fraternity can be justly proud of it.

At the Annual Meeting held during the Fraternity Weekend, the new executive was elected and includes Fred Dickson-President, Pete Wilson-Treasurer, Tim Unwin-Vice president, and Brian Rodney-Secretary.

The alumni of the active chapter are very interested in the activities of the fraternity. This was shown by the large number of alumni who attended the Annual Weekend, and the brothers wish to thank them very much.

# Phi Delta Theta

Under President Dave Mann the fraternity has made a great deal of progress during the year. Twenty-nine actives luckily returned, to which have been added two pledge classes of eleven members each. The house itself has undergone several major improvements including the long - awaited completion of a women's powder room, a dishwasher, and complete redecoration of a living room featuring a Fiji fertility god. The kind donation of a flag together with a new standard has greatly enhanced the exterior appearance. The usual successful parties have been held and the eagerly awaited annual weekend was a tremendous success.

# Tau Epsilon Phi

Tau Iota chapter of Tau Epsilon Phi Fraternity enjoyed one of its most successful seasons in the year 1960-61.

One of the highlights of the year was the Cocktail Party held in November for Pete Seeger, noted folk singer. Members of the students' council of the University joined with the brothers of TEP to welcome the guest artist.

The usual run of parties also highlighted the year. In the fall, the big affair was a Pizza Party. In January, a South Sea Party was held and the guests were treated to a performance by the West Indian Steel Band. January drew to a close with the Annual Steak Stag at which many brothers, pledges, and alumni heard guest-speaker, Professor George Inrig of the Dal Law School.

As this is being written, many more social and cultural events are being planned and the year will culminate in the Annual Banquet and Ball in the middle of March.

# Sigma Chi

The outstanding event of the year, as far as members of Gamma Rho Chapter of Sigma Chi Fraternity were concerned, was their change of residence from 304 South St. to Coburg Rd. The white mansion, with its massive backyard, is the largest fraternity in the neighborhood, and ranks among the upper echelon when compared with some of the beautiful outlays south of the border.

Twenty-two members are expected to live in the house next year, and some fine prospective members have been pledged this year by the Halifax member of the international fraternity.

The Sigs held their annual Sweet-heart Ball and Banquet at the Lord Nelson Hotel, March 10th, and as usual their weekend was an outstanding success.

Ted Wickwire, Consul of Gamma Rho, was honored earlier in the year with the Duffus Trophy, as he was voted the Most Outstanding Player in the Atlantic Football Conference.

# Zeta Psi

Increased membership, scholastic achievement, and spirited social life have combined to make a successful year at Zeta Psi Fraternity. Membership now stands at 27 brothers and 17 pledges, an increase of more than 100 per cent since fall.

Social life started with an "Open House" in early autumn. Following this, varied theme parties were a regular weekly fixture, and on one occasion folk singer Pete Seeger lent his talents to an evening of song. The annual Fraternity Weekend was celebrated with a banquet and ball at the Lord Nelson Hotel as well as other functions at the end of February.

The Zeta-size bottle holding up the basement ceiling received finishing touches this year and was initiated with appropriate ceremony.

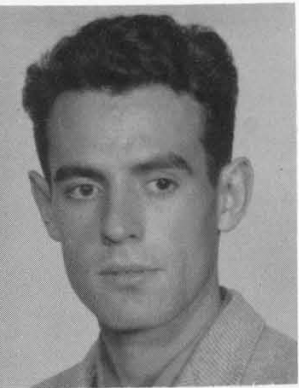

D

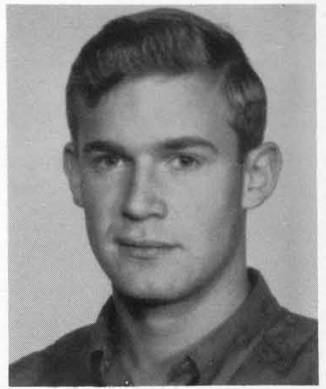

Sports

# D.A.A.C.

Poirier-Pharmacy

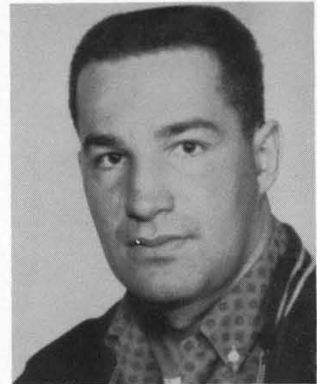

Murray-Arts & Science

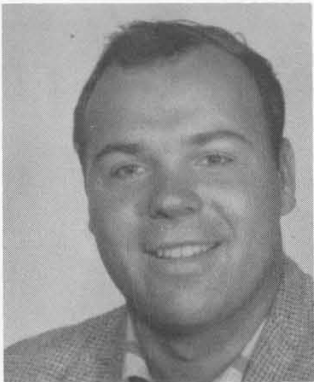

Robertson-Commerce

The Dalhousie Amateur Athletic Club has enjoyed a successful year in 1960-61. The purpose of the D.A.A.C. is to regulate all campus sports, be they inter-collegiate, junior varsity, or inter-faculty. In addition, the club tries to promote a general interest in sports with the purpose of increasing the participation in the activities. The Club focuses its main efforts on the inter-faculty football, basketball, and hockey leagues. By the interest shown, and by the spirited games that have been played, it is apparent that the efforts of the club have met with success. These leagues have seen this year a marked rise in enthusiasm by both participants and spectators. I would like to express my sincere appreciation for the support and co-operation extended by the Director of Athletics, the Alumni Board, and D.A.A.C. officers and representatives.

Sincerely,  
John R. Schiffmann

### The Athletic Scene of '61

Dalhousie's athletic endeavours spread their wings a bit wider this year, particularly through the return of Junior Varsity hockey and basketball teams to the campus after an absence of a few years. Junior Varsity teams provide an opportunity for students to gain experience, and to be coached in organized play so that many are able to graduate to the Varsity teams. This will provide our varsity teams with more depth and make keener the competition for positions on the senior teams.

The Inter-faculty sports of football, basketball, and hockey have gained many more participants, by additional faculties joining the ranks. New sports are being added and encouraged with the idea of reaching the students who may be interested in other recreational activities.

The major Varsity sports of football, soccer, basketball, and hockey are enjoying a good year. Football had a strong season with many new and enthusiastic faces added to the roster. The soccer team captured the Maritime Intercollegiate title for the second time in four years. At the time of writing the hockey and basketball teams are just beginning their seasons but all indications are that these teams will have a good year.

Our overall program is expanding as fast as faculties, participation, and time will permit. The slight trend toward decline for the past few years has been partly alleviated by the interest and co-operation of our newly established Athletic Board, under the capable chairmanship of Dr. W. A. Taylor. The board realizes the great and rightful place of recreational and athletic participation as part of our total educational system.

Sincerely,  
De Witt C. Dargie,

REGINALD A. CLUNEY, LL.B.

"We want a touchdown"

# Football

Dalhousie University's football Tigers made a fair debut in the new Atlantic Football Conference. The 1960 edition of the Bengals ended the regular season play, sporting a three win, four loss record, and tied for third place in the seven team loop.

The Tigers, under freshman mentor, Harry Wilson, looked as though they were the only team capable of touching the powerful league champions, St. Francis Xavier University. In the first game, Dal posted an electrifying, come-from-behind, 41-19 victory over Mount Allison University. The black and gold crew felt the sting of defeat for the first time on Oct. 8, when the X-Men whipped them 34-7 in Antigonish. The bright spot in this game, as far as Dal supporters were concerned, was the fact that the Dal crew held the Xavierans to a single, last-minute touchdown in the second half.

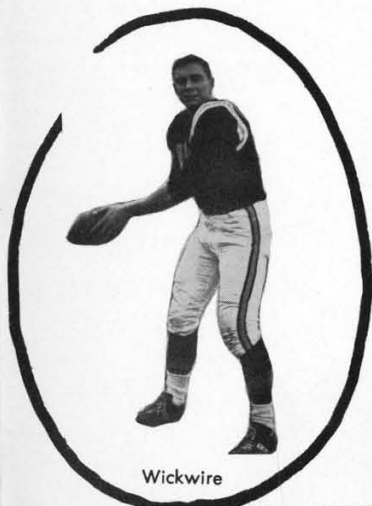

Following this defeat, the Tigers roared back with victories over Shearwater Flyers and the Un-

iversity of New Brunswick. "X" tripped Dal 32-14 in Halifax on the 22nd, but Dalhousie fans thought another meeting between these two clubs might see a different ending.

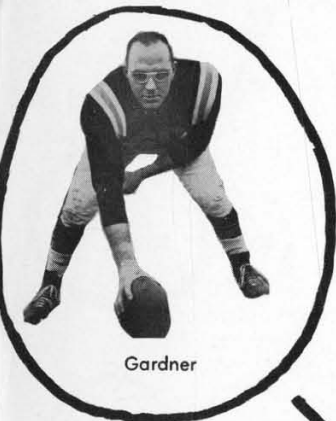

The third meeting, however, failed to materialize as Dalhousie fell to St. Mary's University and were nosed out of the Purdy Cup final by HMCS Stadacona. The "tars" eked out a 14-13 victory in the Tigers' final game of the season.

"X" went on to defeat first, Stad 30-9 in the Purdy Cup final, and then Ottawa University 21-6 in the Atlantic Bowl.

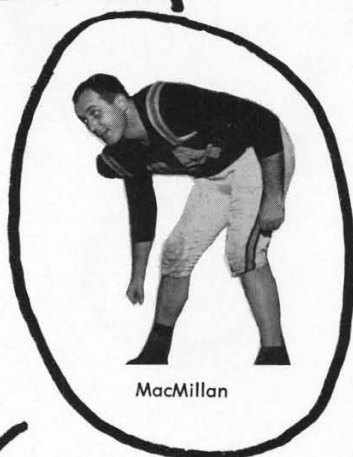

The outlook for the 1961 season is not bright, despite the fact that many players from this year will be returning. The calibre of play in the league is steadily improving and Dalhousie, with its de-emphasis on sports, soon may not be able to compete with other teams in the AFC, notably St. F.X. and SMU, who are wooing players from different parts of Canada and the United States.

 McConnell (Coach), Freeman (Manager).  
 Third Row - Thorburn, Powers, Fry, Bartlett, Barker, Murray, Unwin.

The Dalhousie Junior Varsity team displayed one of the primary virtues of mankind in their rather eventful season, that of consistency. Unfortunately they consistently lost. In view of the ultimate end, they started out on the right foot with a 35-0 loss at the hands of the Junior X-men. Stalwartly refusing to break their own now-established tradition, they plowed onward to the tune of 55-0 against the Furies and 77-0 when playing St. Dunstan's. In the latter game they were keen enough to journey to P.E.I. to insure that their streak remained unbroken. Realizing that Q.E.H. was not in the league and therefore would not endanger their now unique record, they trounced them 21-14. To finish the season in a blaze of glory, they met Acadia with a 33-0 result.

Perhaps next year the team will reverse their record.

# Tennis

Bell, Grant, Cunningham.

The annual Inter-Collegiate tennis tournament was held on Saturday, October 22, with King's College as this year's hosts. The Dalhousie representatives were Alex Bell in the singles, with Roe Cunningham and John Grant, playing doubles.

This year the tournament was run on a single knock out basis, which differed from the round robin tournaments of previous years. This change was necessary due to the large number of entries.

Unfortunately our singles representative met with tough competition in the first round and was defeated, thus being eliminated from further play. The doubles team won its first two matches, but was defeated in a close, hard-fought final match.

Dal at Mt. Allison .....	2-1

This year's soccer team lived up to the reputation established by Dalhousie during the last few years on the soccer field, by winning both the Novan Scotian and Maritime soccer titles.

The strength of this year's team was well distributed over the field. Excellent goal-tending, good stamina in the backfield, and a patient forward line combined for a 5-1-1 record throughout the season. The foreign students on campus contributed a great measure of strength, holding down thirteen of the fifteen positions on the team.

All Dalhousie congratulates the team on a fine year.

## Mitchell Scores Winner As Tigers Nip MT. A. For Maritime Soccer Crown

by BRIAN BROWN

Dalhousie's iron-men won the Maritime Intercollegiate Soccer Championship with a comeback 2-1 win over the New Brunswickchamps, Mount Allison Mounties at Sackville, N. B.

Dalhousie had to come from far back to win the close encounter, but in the end, the polish of individual Dal players, the teamwork of the Tigers, and some superb coaching strategy by DeWitt Dargie led the Bengals to victory.

The game had almost been billed as a show of skill between Phil Henderson of the Mounties and Dal's sharpshooting Kentie Chow. However, the promoters had forgotten the cunning mind of coach Dargie. Henderson was covered so well that he was not able to get clear with

the ball once during the game. On the other hand, Chow was shifted out to wing so that Mt. A.'s best defensive players were occupied on the wing guarding the ever-threatening Chow, and Dal's other forwards, no patsies themselves, had more freedom in front of the net. As a result, Dal outshot the opposition 10-6 in the first half and 20-16 in the game.

There was no score at the half, but Mt. A. nearly changed that when they almost scored on a passing play, the ball being deflected at the last moment by Hollis Whitehead. Throughout the first half, the Bengals kept the play in Mt. A.'s end but were unable to score. Shadrach Ramsaker, in a fine defensive show,

foiled Tiger attempts time and again.

In the second session, Mount A. opened the scoring with an odd goal on a penalty kick by Dave Winsor from forty yards out. This goal was scored at the five-minute mark and the Mounties kept the pressure on for the next twenty minutes, mainly through the efforts of Ed Burke and Vince Audain.

Then the tide turned and the Dalhousie teamwork took over. The ball was worked down the field where Bill Giles received a perfect setup and booted the ball past the Mt. A. goaltender at 23 minutes. With five minutes remaining in the game, Lionel Mitchell, the team captain, put Dal ahead to stay by dribbling in close and driving the ball into the upper corner of the cage. Three minutes later, "Mighty Mitch" nearly scored again, lobbing the ball from about forty yards out.

Although on the injured list, Tallim Ibrahim was as usual a standout in the Bengal nets. His fine performances are, however, taken for granted now by all the players and the coach.

Dalhousie took the game the hardest way possible. They were forced to win "on the road" before a large partisan crowd. They played with a strong will to win and come out of the game as true champions. Long may they reign!!!!

# Junior Varsity Basketball

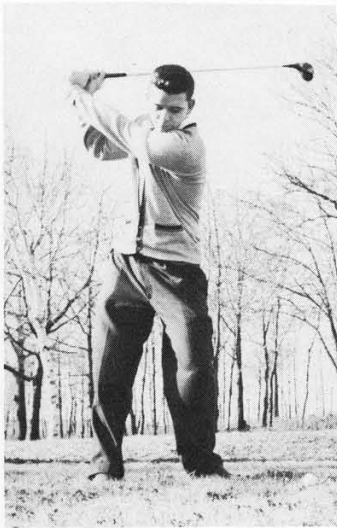

Harry Wilson (Coach), Andersons, Noel, Arnold, Moore, Cooper, Thornhill, Stern, Haywood, Bartlett, Boswick, Kerr.

The Dal J.V.'s had a somewhat weak beginning, but a drive for players after Christmas produced the necessary quota of 10. Before Christmas, a pick-up team comprised of some varsity players ran the J.V. record to 2 wins and 2 losses. However the post-Christmas team had a record of 6 and 8 which placed them in the play-offs for the Senior "C" League championship. The team was very weak in its first two games,

against the Clodhopper's and St. Mary's J.V.'s. The scores were 73-25 and 59-25 respectively. These two games helped to mold a more cohesive team and it steadily improved thereafter. The Dal J.V.'s beat Bethany 61-46, and the Barons 54-52 in a squeaker, and held the League-leading Clodhoppers to 60 pts. in their own gym. The season was most profitable to the team and thanks go out to the coach Harry Wilson for giving his time and energies.

# Golf

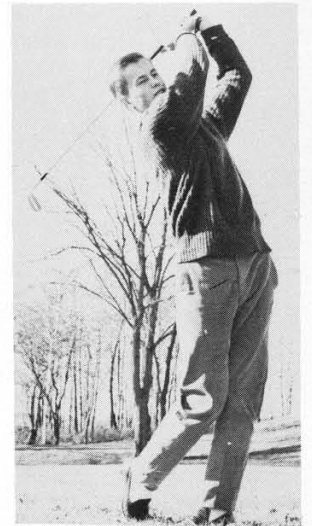

Cunningham

The golf tournament was played on Thanksgiving Day at the Fredericton Golf Club. It was hosted by U.N.B. who eventually turned out to be the winners. The members of the Dalhousie team were playing captain Robert Cunningham, Doug Arnold, Blair Green and Tor Boswick.

The U.N.B. winning score was 319, while St. F.X. came second with a 322 and Acadia came in with a third place total of 325. Dal came fourth with a 358, Mt. A. next with a 359 and N.S. Tech finished up with 383 for the cellar score.

Robert Cunningham led Dal's team with a good score of 80 over the wind-blown course. Doug Arnold had an 84, while Blair Green finished with a 92.

The D.G.A.C. began this year with near record turnouts on Monday nights for participation in the following sports: badminton, volleyball, basketball, archery and the trampoline. Many took advantage of the opportunity to enjoy swimming and bowling.

Coach Joanne Fryers was enthusiastic about the ability shown by the candidates for the ground hockey, volleyball and basketball teams. The varsity ground hockey team and tennis team were both successful

in winning their respective inter-collegiate titles. Dalhousie, hosting the inter-collegiate volleyball tournament, was second, having lost one game to the winning U.N.B. team.

We have two basketball teams competing this year in inter-collegiate, city, Provincial and Maritime open competition. Lastly, the badminton, swimming and ski teams hope to bring home some silverware from their respective inter-collegiate tournaments.

# Volleyball

Kneeling - Bobbie Wood, Judy McMahon, Penny Bennett, Linda Rood.  
Standing - Coach Joanne Fryers, Pam Dewis, Donna MacRae, Joanne Murphy, Sharon Blackburn, Manager.

Few girls turned out this year for tryouts, but with the majority of last year's team returning, and with a few promising newcomers, the resulting varsity team was first class. The tournament was held at Dalhousie on November 25-26. Teams representing Mount Allison, University of New Brunswick, Acadia, King's and Dalhousie competed for the new M.W.I.A.A.V. trophy. Dalhousie fin-

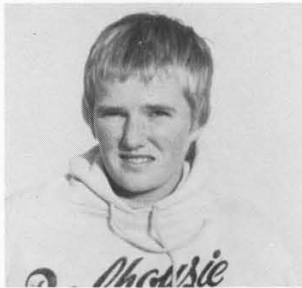

ished second place with three wins and one loss. U.N.B. with four wins and no losses was declared the winner. Dal defeated King's 15-1; 15-3; Mount A. 15-5; 13-5; and after losing to Acadia 9-7, defeated them 13-4; 10-5. The match against U.N.B. was the climax of the tournament as both teams were heretofore undefeated. However, U.N. B. won 13-2; 9-4. Congratulations are due to this hard-fighting team and their coach.

# Intercollegiate Tennis Champs

Marg Crosby, Pam Dewis, Sheila Mason.

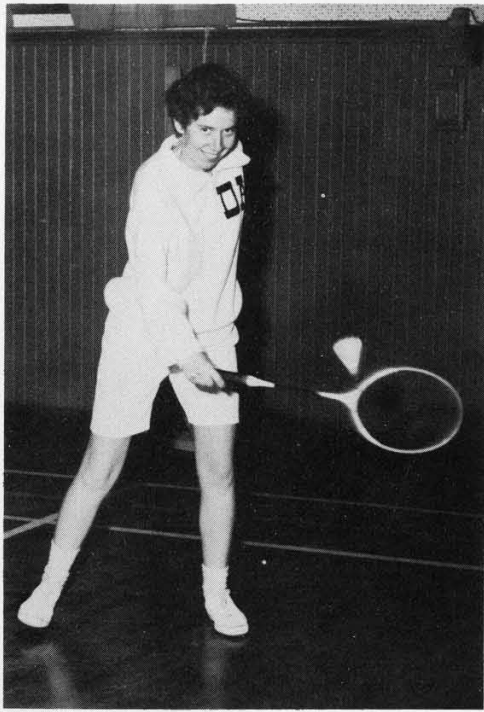

During early October, a singles tournament was held to determine who would represent Dalhousie in the Intercollegiate Tennis Tournament. Pam Dewis won this tournament and thereby qualified to represent Dal in singles. Sheila Mason and Marg Crosby played doubles.

King's College hosted the tournament which was held on the cool crisp day of October 22. Dalhousie, Acadia, King's, Mount A., and U.N.B. were represented in the singles competition, while Dalhousie,

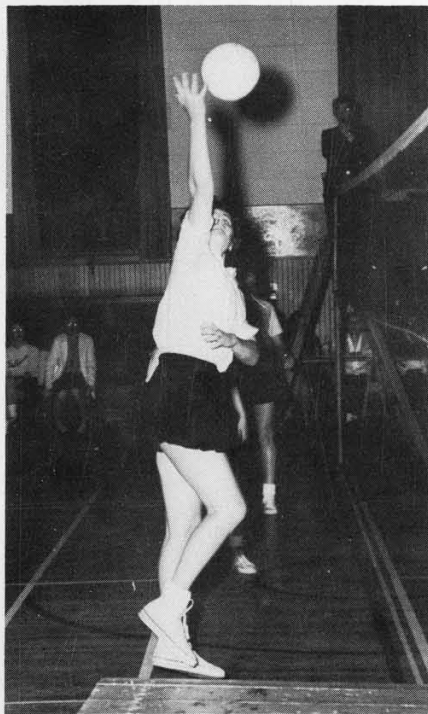

King's, Mount A., and U.N.B. competed for the doubles title. This year, Dalhousie won both the singles and the doubles titles. Pam Dewis swept through all her matches without losing a set, and Sheila Mason and Marg Crosby met their only strong opposition in U.N.B. However, Dal won in the decisive third set.

Congratulations to the coach and the team for once more making Dalhousie girls Maritime Intercollegiate Champions.

# SPECIAL SECTION

Beginning on this page and ending on page 192 is the section designed to take care of all events which happened or were concluded in March. It was the intention of the PHAROS staff to have the yearbook in the hands of the students by the end of April, and production procedure does not allow sufficient time for this section to be proof-read. Furthermore, the composition of the section might leave something to be desired, a fact which is due to the great variety of activities which had to be covered within the limits set by space and time.

Many girls turned out for the Dalhousie Junior Varsity Basketball team this year, and the resulting team was very well balanced and enthusiastic. The team made an excellent showing in the Intermediate Tournament at Acadia. U.N.B. won the tournament and Dalhousie tied for third place. The team also played in the City League Tournament where they succeeded in reaching the semi-final round before losing to King's College in two close and very hard fought games, being defeated by scores of 38-23 and 36-31 respectively. Congratulations are due to both coach Joanne Fryers and the team members for the good showing they made this year.

# Varsity Basketball

The pre-season outlook for the Dal basketball quintette was far from bright and the general consensus of opinion was that the Tigers would be one of the weakest Dal teams in many years. With only four returnees from last year's squad, freshman coach Harry Wilson had a huge task ahead of him. Furthermore, the '61 edition of the Tigers was scheduled to play in both the Nova Scotia Intercollegiate League and the Halifax Senior "B" loop.

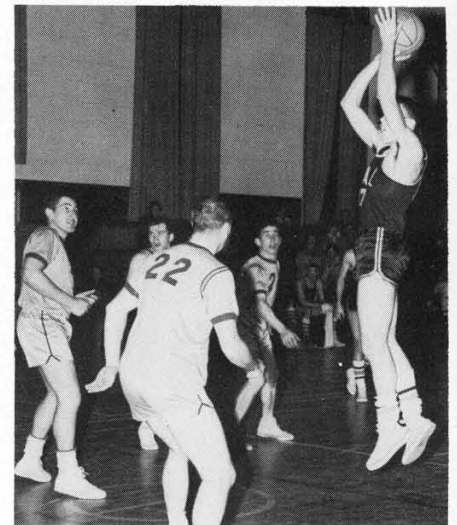

The Tigers' first outing was encouraging, as St. F.X. had to come from behind to post a 64-54 win. Dal's first win came in their next game as they downed Nova Scotia Tech 59-56. Unfortunately, our next two games were against the powerful Acadia Axemen and the St. Mary's Huskies who thumped us 84-48 and 86-48 respectively. Another squeaker (56-55), followed with St. F.X. winning by a last second basket. In the next encounter, with Acadia, the Bengals were beaten 77-55. However the high point of the season was the beating of SMU 65-57 at the Dal gym. The final victory (56-54) against Nova Scotia Tech rounded out the regular intercollegiate season.

Dal's record of three wins and five losses put them in fourth place which unfortunately meant that they met Acadia in the semi-final. This series with the Axemen, who later became Maritime Champs, was short and not so sweet as the Bengals lost in four straight games. This ended the Intercollegiate competition for this year.

In Halifax Senior "B" League action, the Tigers also had a 3-5 record which gave them a combined 6 won-10 lost total. Great credit must be given to coach Wilson who molded a fairly strong team from 4 lettermen and a host of freshmen. Next year's quintette should be much stronger as 9 of this year's players will be returning. The future looks bright.

Don't turn your back, it's in!

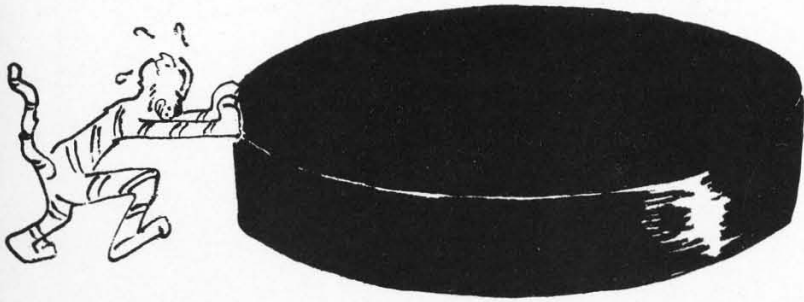

The Sutton touch

Will he or won't he?

# Varsity Hockey

Dalhousie Hockey Tigers did not play up to expectations in 1960-61, even though they finished second in the regular schedule of the Nova Scotia Intercollegiate Hockey League. The Bengals were edged in the league semi-finals to put a damper on what could have been a great season. Over the eight game schedule, Dal registered a 5-3 mark, identical to the slate scored by the league champions, St. Francis Xavier, but because of a poorer goal scoring record, Dal was forced to second spot.

... Sim again

Mainstay of the tea party

The Black and Gold started the season with a 10-1 thrashing by St. F.X. A reversal of form saw the Tigers win four in a row before falling into a late season slump. Dal beat Acadia twice, Tech and SMU one each, in this win streak. The slump began with a loss to SMU and was followed by another defeat at the hands of the X-men. The regular schedule ended with a close 4-3 win over Tech. The final game with X was protested successfully by Dal, but the replay was lost 4-3. In the league semi-finals, SMU nipped Dal in two close contests, 7-6 and 4-3 to win the two game total goal round 11-9.

There were many Tiger heroes during the season. George MacDonald solved the big problem for coach DeWitt Dargie when he donned the big pads and stepped between the pipes to play the best goal since the days of Claude Brown. In the last game with the X-men he kicked out 47 shots and kept Dal in the game.

Defense was also expected to be one of Dal's weak spots, but the presence of Pete Corkum, Gene Scheible, and George Boyd solidified the blueline crew into an excellent defense corps. Frank Palmer and Dave Cameron as the fourth defenseman.

Providing the big scoring punch for the first half of the season was a forward trio that proved to be the most feared in the league. Bill Gillies, Bill Buntain and Frank Sim were the highest scoring line in the league, and Buntain placed second in the scoring race with 18 points. When this line slowed down, Bauld, Kaiser, and Briggs took over the goal-getting chores. The third line of Eric Parsons, Dave Murray and Steve Brown started slowly and just hit their stride as the season came to an end.

Prospects are very good for next year, as only 2 of the present Tigers will not be returning, Frank Sim and Pete Corkum.

## TIGERS ENJOY SUCCESSFUL TEA-PARTY

by GERRY IRWIN

While most loyal Dalhousians used the recent holiday to recuperate from exams—and New Year's Eve, the 1960 edition of Dal's hockey Tigers invaded the land of the Stars and Stripes. While in the land where baseball reigns supreme and tennis still suffers from the effects of that rare Italian disease known as Pietrangeli-Sirolo, our pucksters, playing three of their most gentlemanly games in a decade, earned the title of "Roughhouse" from many Boston sportsmen.

Dalhousie put up a strong argument for Canadian hockey and Canadian hockey players during the Christmas vacation when they placed second in the annual Boston Arena Invitational Hockey Tournament. Providence College from Providence, R.I., won the meet.

The Tigers won two out of three games in which they played and their only loss came at the hands of Providence in an overtime thriller. In the first game of the tourney and their first game of the season, Dal trounced Northwestern University, 10-2. The next day, after being feted by the Canadian Consul at lunch, Dal proceeded to drop their only game of the trip, as Providence edged them 5-4. Conditioning proved the cause of defeat. The Friars had been practising since mid-October and the Tigers had been on the blades for only one month. The only reason Dal remained in the game as long as they did was because of "heart." Each minute of the final period and of the overtime seemed to last an eternity.

The third game of the series proved to be the thriller of the meet. Dal squeezed past Boston University 6-5 after holding a 6-2 lead midway through the third period. Thanks to the fine goaltending of Claude Brown and the stellar defensive play of Bob Ferguson, Dal was able to hold off the Terriers until the final bell.

Brown and Ferguson were chosen on the first all-star team as selected by the tournament committee and Bill Gillies was picked on the second all-star sextet.

### Men's Volleyball 1961

Six teams from Maritime Universities competed in the annual Intercollegiate Volleyball Tournament, held Feb. 24 and 25 at St. Mary's. These were Dalhousie, Mount Allison, Tech., U.N.B. and the host college. The Dal boys showed steady improvement as the tourney progressed, and closed out their schedule with a dramatic come-from-behind win over a strong Tech team. The Dal squad was seriously handicapped by lack of practise, but nonetheless, came up with a very creditable third-place finish, behind undefeated Acadia and runner-up U.N.B. The final team standings were: (Each match consisted of best two of three fifteen-point games.)

	Standings		Scores	
	Won	Lost

## Hockey

For the first time in several years, Dalhousie was host to the Maritime Inter-Collegiate Bonsel. The two day event was held at the Halifax Curling Club under the direction of Chairman Vic Snarr.

Dal proved to be poor hosts as they took the Bonsel for the fourth consecutive year, and for the second year in a row went through the meet undefeated.

Members of this year's team were Skip Don Green, mate Eric Jamieson, second Peter House, and lead Ken Gregoire. The key to success was a consistent team effort all the way.

Dal's toughest match of the series was against John Oyler's Tech squad. After six ends the score was 3-2 for Tech, but Dal managed a three on the seventh end and then allowed Tech only a single coming home to take a close hit 5-4 victory.

## *Maritime Senior Women's Basketball Championship*

Dalhousie "Tigerettes" beat St. John "Rotarians" in the sudden-death finals; score 43-42.

## *Eastern Canada Intercollegiate Bridge Tournament*

Two Dalhousie Med-students, Carl Dubicki and Bob Dionne, captured the F. J. Brennan Trophy, scoring 152 points in the two day match, 11 points better than the second-place pair from the University of Toronto. Dalhousie's second team, Dennis Burlton and Robert Mansour, placed third with 134½ points. Thirteen pairs from nine universities competed in the match.

Bob Dionne, Carl Dubicki

## *Inter-Fraternity Council Bridge Tournament*

The tournament was played on March 26. Stanley Noonan and Nick Sinclair representing Phi Rho Sigma Fraternity, emerged victorious.

# N.F.C.U.S. Congress

The 24th National NFCUS Congress was held at Dalhousie in the fall of 1960 with delegates from 36 Canadian Universities. It was Dalhousie's first NFCUS Congress.

The delegates stayed at Shirreff Hall for the duration of the Congress and the meetings were held in the Arts and Administration Building.

The Congress, the annual policy meeting, arrived at a number of important decisions, including an intensive campaign advocating a National Bursary Plan of 10,000 bursaries of \$600. each for four years, until

the goal of 40,000 is reached. The international affairs policy was broadened to concern human rights, academic freedom and national well-being as defined in the Universal Declaration of Human Rights.

Dalhousie secured the mandate for the photography contest; Brian Flemming and Peter Green were elected to the National Executive as Vice-President and Atlantic Regional President respectively. The large group of students who organized the Congress gained an invaluable insight into national student affairs.

"Thanks Otto, tremendous welcome."

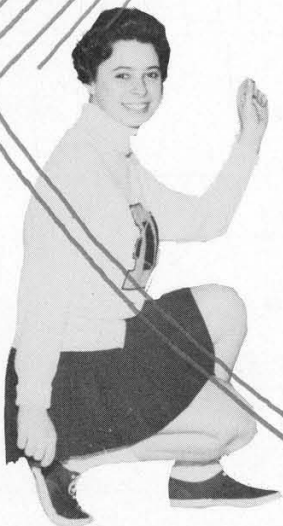

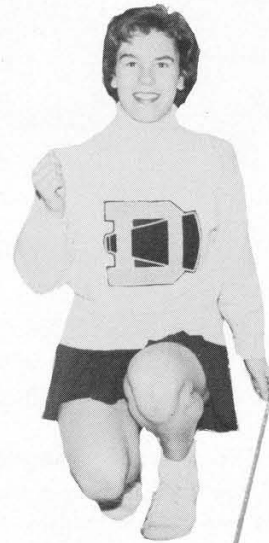

Members elected to National Executive

"Bye everyone--we had a wonderful time."

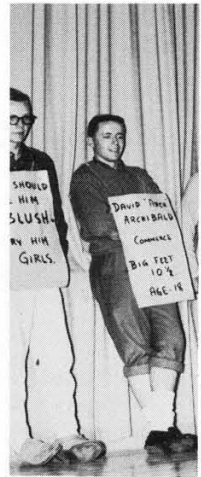

Lena Messler, Peggy Mahon, Gail Young, Carol Quigley, Carolyn Myers, Hillary Bonnycastle, Sarah Stanfield, Barb Gittens, Joyce Smith, Kay Tucker, Dixie Dennis. Coaches: Marilyn French, Nancy Crease.

Freshman join the ranks.

## THE CUSTOMERS' INTEREST

Most advertising is prepared and directed to attract new business, and new business is always welcomed by a progressive institution.

The first consideration of The Canadian Bank of Commerce is to give its customers continuous, interested and effective service, which the Bank will endeavour to maintain and improve.

Indeed the service which the Bank renders its present customers is the strongest influence in attracting new business.

## **The Grand Slam Golf Shirt**

Any time you're doing anything where you want lots of freedom for action — or comfort for just loafing, then a Stanfield's Grand-Slam Golf Shirt is **the** shirt. The patented "free swing" underarm gusset stretches with every movement, gives you complete freedom without pulling or binding. And however active you are, the honeycomb mesh fabric lets perspiration evaporate gently, without discomfort. Machine washable. Guaranteed not to shrink or fade. Wide range of colours. S. M. & L. sizes. About \$5.00. XL slightly higher.

The Penguin says . . .

"Only Stanfield's make the Grand Slam Golf Shirt - the world's most comfortable shirt."

*tomorrow's challenge...*

**your  
opportunity  
today!**

As scientists the world over grapple with the problems of nuclear power and outer-space exploration—of one thing we can be sure . . . aviation as we know it today is on the threshold of new and amazing developments.

Where can the young man of ambition and drive find greater and more varied career opportunities, than in the Royal Canadian Air Force?

If you who are about to graduate from University . . . have the vision to see today's opportunity in the challenge of tomorrow, investigate the possibilities of an air force career —talk it over with the RCAF Staff Officer on your campus.

Your Local RCAF representative is: F/L D.A.T. Youle

**WHEN THERE'S NO PLACE LIKE HOME . . .  
REACH FOR THE PHONE!**

Whatever your reason for wishing you were home, you can usually make the "trip" home in about 30 seconds by phone.

That's true whether you're working late . . . away on a trip . . . or just visiting a friend or neighbour.

The convenience of being able to call home is hard to measure in nickels and dimes — but easy to understand in terms of peace of mind. One big reason why most people find a phone worth so much more than it costs.

## Because you want to get ahead—fast

when you plan your future, explore a BNS banking career—first

Big business and little business alike turn to BNS representatives for helpful, financial counsel. With the growth of Canadian business and foreign industry, the Bank's service to its customers is expanding rapidly.

And with this expansion come new opportunities . . . for you.

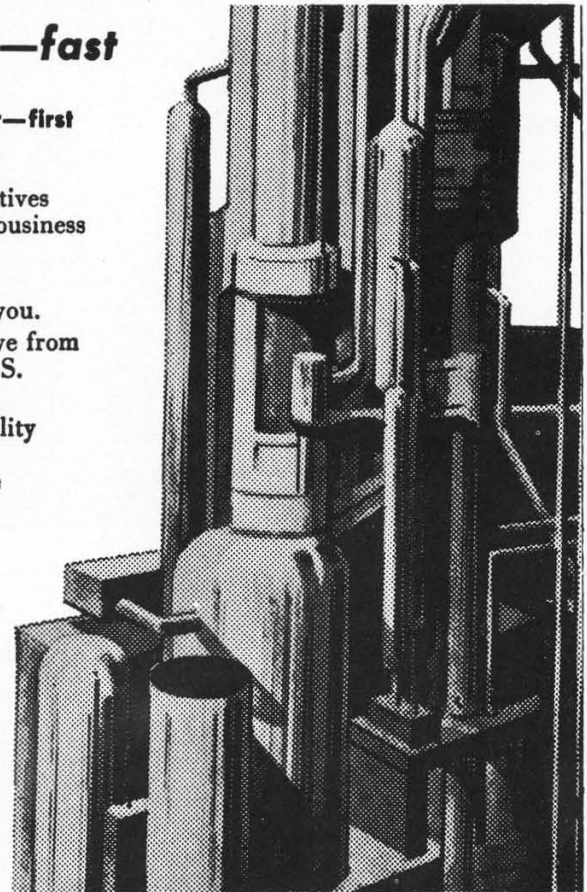

As a regular part of your career development you will move from post to post across Canada—or you may visit Europe, the U.S. or the Caribbean.

What's more, with all the new branches opening, your ability can win you quick promotion. Today's Bank of Nova Scotia will have a bigger management staff . . . with more executive positions than ever before—and we're looking *ahead* for the right men to fill them.

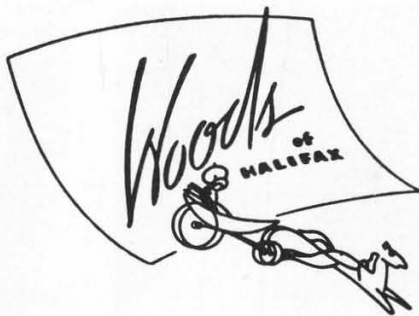

So if you're after a career with a *real* future, talk it over with your local BNS manager.

"... thus the man who goes forth to change  
the shape of the world must be equipped with  
the proper tools if his task is to be well done."  
Yllek.

Dalhousie must be congratulated on the splendid  
manner in which they prepare their students for  
the job ahead — physically, mentally and spirit-  
ually.

This excellent preparation is reflected in the  
many outstanding contributions that the grad-  
uates of Dalhousie have made for the better-  
ment of mankind.
