DR. C. M. BETHUNE—*Editor*

The *Journal* extends congratulations to Doctor Clyde W. Holland, '23, on his being awarded a Fellowship in the Royal College of Physicians of Canada.

Doctor Lewis Sproull, '39, was married on October 25th, to Miss Helen Gass of New Glasgow. Doctor Sproull is practicing in Scotsburn, N. S.

Doctor Wilfred J. J. Dyer has opened an office in Halifax, where he will conduct a surgical practice. Following his graduation in 1936, Doctor Dyer spent some time on the Staff of the Nova Scotia Sanitorium, after which he did post-graduate work at The Royal Victoria Hospital, Montreal.

It is with pleasure that the *Journal* learns of the continued improvement in health of Doctor E. T. Granville, 22, of Bedford, N. S. Doctor Granville has been a patient in the Halifax Infirmary for some time, suffering from pneumonia.

Doctor Hary Cogswell Varnaby, '29, was married on October 25th, to Miss Margaret Rehfuß of Bridgewater, N. S.

Doctor Jack Miller, '39, who spent the summer as ship's surgeon on the "Arras", is now attached to the Royal Canadian Army Medical Corps.

On September thirtieth, at Saint Mary's Cathedral, Halifax, the marriage was solemnized of Miss Claire Marryat, R.N., and Doctor Charles Joseph McDonald, '37. Following a two weeks honeymoon, Doctor and Mrs. McDonald returned to Halifax, where Doctor McDonald is Medical Assistant Superintendent of the Victoria General Hospital.

The marriage of Miss Ruth Phelan, of Montreal, to Doctor F. Vance Maxwell, '32, took place early in September in Montreal. Doctor Maxwell has practiced in Saint George, New Brunswick, for the past seven years.

Doctor James Hopkirk, '39, has returned from Charity Hospital, Cleveland, where he had a rotating internship, and has joined the Royal Canadian Army Medical Corps. He is at present attached to the Royal Canadian Air Force, and is stationed at Halifax.

The *Journal* extends congratulations to Doctor and Mrs. Norman Coward, of Halifax, on the birth of a son.

Doctor I. Roy Gold, '38, is at present in Botwood, Newfoundland, where he is doing a locum. Later in the season Doctor Gold intends going to Brooklyn, New York, where he has a scholarship in Pathology.

---

At Westmount, Quebec, on September fifteenth, the marriage took place of Doctor Margaret Cameron, daughter of Mr. and Mrs. Kirk Cameron of Montreal, to Doctor Norman H. Gosse, '22, of Halifax. Following a motor trip through the Maritimes, Doctor and Mrs. Gosse sailed for Newfoundland, where they visited Doctor Gosse's mother.

---

Abe Epstein, '39, who is engaged in general practice in New Waterford, Cape Breton, spent a few days in Halifax recently.

---

Doctor Laurie Teasdale, '36, formerly of Dartmouth, N. S., has opened an office for the practice of Oto-Laryngology, in Charlotte, North Carolina. Doctor Teasdale did post-graduate work in his specialty in Montreal and in Bristol, England.

---

Doctor Yale Brody, '34, is on the Staff of Green's Hospital, San Francisco, where he is engaged in Ophthalmology and Oto-laryngology.

---

Doctor Allan R. Morton, '25, Civic Health Officer for the City of Halifax, is on a year's leave of absence for the purpose of pursuing post-graduate work in Public Health, at Johns Hopkins, Baltimore.

---

The appointment of District Hygiene Officer has been awarded to Lt. Harold L. Robertson, R.C.A.M.C., '27.

---

Doctor J. Fred Lessel, '03, is a patient in the Victoria General Hospital. The *Journal* wishes him a speedy and pleasant convalescence.

---

Doctor Harvey D. Hebb, '34, has recently sailed for England, where he will become attached to the Royal Navy. Doctor Hebb has been conducting a general practice in Halifax for the past three years.

---

Doctor Donald A. Forsythe, '31, who has practiced in Dartmouth for the past eight years, has closed his office in that place, and is now living in Ontario.

---

Doctor Eldon Eagles, '36, and Doctor Graham Simms, '37, are doing post graduate work in Public Health at Toronto University. Following the completion of their course, they will return to Nova Scotia as members of the Department of Public Health.

Doctor Carl Trask, '38, who, since his graduation, has been assistant to Doctor Duncan MacMillan, '28, at Sheet Harbour, N. S., is now a member of the Royal Canadian Army Medical Corps, and is attached to Cogswell Street Military Hospital.

---

Doctor John Budd, '33, of Cleveland, Ohio, motored to Halifax, where he attended the marriage of his sister on October twentieth. Doctor Budd was accompanied by his wife, and young son.

---

On November fourth, at Stellarton, the marriage took place of Doctor Fred (Tag) Day, '39, of New Glasgow, and Miss Mimi Grant of Stellarton. Doctor Day is doing general practice in New Glasgow.

---

Doctor Donald Thompson, '33, and his wife, the former Helen McEthanney, R.N., of Ottawa, recently visited Stellarton and Halifax. Doctor Thompson spent four years on the Staff of the Montreal General Hospital, and is now engaged in general practice in Bathurst, New Brunswick.

---

Major G. R. Burns, '25, has recently conducted a very instructive series of lectures on "Chemical Warfare" to the members of the profession in Halifax, and to the students of the third, fourth and fifth years of the Dalhousie Medical Faculty.

---

The marriage of Doctor Abie Gaum, '33, and Miss Reta Miller took place early in September, at the home of the bride's parents in North Sydney, N. S. Doctor Gaum, who did post-graduate work in Surgery in Kingston, New York, has been in practice for several years in Whitney Pier, C. B.

---

The *Journal* records with regret the death of Dr. William Duff Forrest, '98, of Halifax, which occurred suddenly on September twelfth. Doctor Forrest, who was the son of the late Reverend Doctor John Forrest, one time President of Dalhousie University, was a prominent member of the medical profession in Halifax for many years, and filled a large number of public offices, including the Chairmanship of the City Health Board, and membership in many societies.

---

The greatest fault in our medical teaching is the failure of the majority of teachers to practice when in actual contact with the students, those scientific methods which they recommend in theory, and which some of them vigorously apply in their own investigation.

*Richard N. Pearce, M.D.*
