- Mar. 2. M.—Last day for receiving M. A. and M. Sc. Theses.
 F.—Good Friday. No Lectures.
- Apr. 1. W.—Last day for receiving applications for Primary and Final M. B., C. M. Examinations.
7. Th.—Last day of Lectures (Faculties of Arts and Science).
 9. Th.—Last day of lectures (Faculty of Medicine).
 — " Spring Examinations (Faculties of Arts and Science) begin:
 9.00 A. M., Junior and Modern Philosophy.
 3.00 P. M., Education, Mathematics.
13. F.—9.00 A. M., Practical Chemistry (Laboratory, 1st Division).
 2.30 P. M., Practical Chemistry (Laboratory, 2nd Division).
14. Sa.—9.00 A. M., Latin.
 3.00 P. M., French.
15. M.—Class certificates (Medical Faculty, and Hs. Med. College), issued on presentation of class for receipts at Registrar's office, Dalhousie College, 11 A. M., and at Secretary's office, Hs. Med. College, respectively.

- Apr. 13. M.—Spring Examinations continued:
 9.00 A. M., Second and Third English.
 3.00 P. M., Junior Physics.
14. Tu.—9.00 A. M., First English, Additional Third English, Practical Physics.
 3.00 P. M., Sen. Physics; Admit. Jun. and Modern Philosophy.
15. W.—Primary and Final M. B., C. M. Examinations begin.
 Spring Examinations continued:
 9.00 A. M., Junior and Sen. Practical Chemistry (written), and Political Economy.
 3.00 P. M., Additional Latin; Additional Education; Junior Anatomy; Materia Medica and Therapeutics; Surgery.
16. Th.—9.00 A. M., Junior and Senior Chemistry.
 3.00 P. M., Junior and Senior History; Medical Jurisprudence and Hygiene; Medicine.
17. F.—9.00 A. M., Greek; Geology.
 3.00 P. M., Greek Philosophy; Senior Anatomy; Pathology.
18. S.—9.00 A. M., Admit. Greek; Admit. French.
 3.00 P. M., German.
20. M.—9.00 A. M., Mathematics; Admit. Sen. Physics.
 3.00 P. M., Admit. History; Admit. First and Second English; Mineralogy; Histology; Obstetrics and Diseases of Women and Children.
21. T.—9.00 A. M., Admit. Mathematics; Admit. Moral Philosophy; Oral Examination in Chemistry.
 2.30 P. M., Clinical Medicine at Victoria General Hospital.
 2.30 P. M., Oral Exams. in Chemistry, Medical Jurisprudence and Hygiene, Materia Medica and Therapeutics.
 3.00 P. M., Additional German.
22. W.—9.00 A. M., Additional German.
 2.00 P. M., Clinical Surgery at Victoria General Hospital.
 3.00 P. M., Botany; Admit. Political Economy; Physiology.
23. Th.—9.00 A. M., Zoology.
 2.30 P. M., Oral Examinations: Anatomy; Pathology.
24. F.—2.30 P. M., Oral Exams.; Physiology; including Histology; Surgery; Medicine; Obstetrics and Diseases of Women and Children.
25. Sa.—Meeting of Faculties of Arts and Science at 9 A. M.
 — Meeting of Faculty of Medicine at 3 P. M.
 27. M.—Meeting of Senate at 3 A. M.
 — " Results of Examinations (Faculties of Arts, Science and Medicine) declared.
28. Tu.—CONVOCAATION, at 3 P. M.

N. B.—The dates of the Examinations are liable to change as circumstances may demand.

HISTORICAL SKETCH.

DALHOUSIE COLLEGE was founded by the Right Honourable George Ramsay, Ninth Earl of Dalhousie, "for the education of youth in the higher branches of science and literature."

The original endowment was derived from funds collected at the port of Castine, in Maine, during its occupation in 1814 by Sir John C. Sherbrooke, then Lieutenant-Governor of Nova Scotia.

In a letter to Lord Bathurst, dated December 14th, 1817, Lord Dalhousie, with the unanimous consent of the Council, proposed that £9,750 of these funds be devoted to the "founding of a College or Academy on the same plan and principle as that in Edinburgh," "open to all occupations and sects of religion, restricted to such branches only as are applicable to our present state, and having the power to expand with the growth and improvement of our society," and that this College be established in Halifax, "the seat of the legislature, of the courts of justice, of the military and the mercantile society," "in front of St. Paul's Church," on "the Grand Parade."

On the 6th of February, 1818, Lord Bathurst wrote expressing the Prince Regent's "entire approval of the application of the funds in question in the foundation of a Seminary in Halifax for the higher classes of learning."

The building was begun in 1819, and on the 23rd of May, in the year 1820, "the corner stone of this College, designed for a Public Seminary in which the youth of this and other British Provinces may be educated in the various branches of literature and science, was laid by His Excellency Lieutenant-General, the Right Honourable George Ramsay, Earl of Dalhousie, G. C. B., Captain-General and Governor-in-Chief in and over His Majesty's Provinces of Lower Canada, Upper Canada, Nova Scotia and New Brunswick, and the islands of Prince Edward and Cape Breton."

It was not until the 13th of January, 1821, that the "Bill to incorporate the Governors of Dalhousie College at Halifax" became law. The exterior of the building was completed about this time, and two rooms were fitted up for lectures. The total cost of the building to June, 1822, was £11896.5s. currency, so a M.S. minute of the Board of Governors states.

The original Board of Governors consisted of the Governor-General of British North America, the Lieutenant-Governor of Nova Scotia, the Bishop, the Chief Justice and President of Council, the Provincial Treasurer and Speaker of the House of Assembly.

After unsuccessful efforts in 1823-4 and 1829-30 on the part of both the British Government and the Board of Governors to effect a union with King's College, the only other then existing in the Province, this College went into operation in 1828, under the Presidency of the Rev. Thomas McCulloch, D. D., and with a staff of three Professors.

By an Act passed in 1841, University powers were conferred on the College, and the appointment of the Governors was vested in the Lieutenant-Governor and Council.

In 1843, President McCulloch died; and in 1845, the College was closed, the Governors considering it "advisable to allow the funds of the institution to accumulate."

In 1848, an Act was passed authorizing the Lieutenant-Governor and Council to appoint a new Board of Governors "to take some steps for rendering the institution useful and efficient as to His Excellency may seem fit." This Board, from 1849 to 1859, employed the funds of the University to support a High School.

In 1856, the Arts department of the Gresham College, Liverpool, N. S., was transferred to this College "with a view to the furtherance of the establishment of a Provincial University," and an attempt was made to conduct the Institution as a University under the Act of 1841. This union, however, came to an end in 1857.

In 1862, the College was re-organized under the following Act:

An Act for the Regulation and Support of Dalhousie College.

(Passed the 20th day of April, A. D. 1863.)

WHEREAS, it is expedient to extend the basis on which the said College is established, and to alter the constitution thereof, so as the benefits that may be fairly expected from its invested capital and its central position may, if possible, be realized, and the design of its original founders, as nearly as may be, carried out;

Be it enacted by the Governor, Council, and Assembly, as follows:

1. The Board of Governors now appointed, consisting of the Honourable William Young, the Honourable Joseph Howe, Charles Tupper, S. Leonard Shannon, John W. Ritchie, and James F. Avery, Esquire, shall be a body politic and corporate by the name and style of the Governors of Dalhousie College at Halifax, and shall have and exercise all usual powers and authorities as such, and have the title, control and disposition of the buildings on the Parade, at Halifax, and of the property and funds belonging to the said college and held for the use thereof, by the present Governors; and all vacancies at the Board shall be filled up on recommendation of the remaining members thereof by the Governor-in-Council; and any of the Governors shall be removed by the Governor-in-Council, at the instance of the Board of Governors.
2. Whenever any body of Christians, of any religious persuasion whatsoever, shall satisfy the Board that they are in a position to endow and support one or more chairs or professorships in the said College, such for any branch of literature or science, approved by the Board, such body in making such endowment, to the extent of twelve hundred dollars a year, shall have a right, from time to time, for every chair endowed, to nominate a Governor to take his seat at the Board with the approval of the Board of Governors and of the Governor-in-Council, and shall also have a right, from time to time, to nominate a Professor for such chair, subject to the approval of the Board; if Governors; and in the event of the death, removal, or resignation of any person nominated under this section, the body nominating shall have the power to supply the vacancy thus created.
3. The same right of nominating a Professor from time to time shall belong to any individual or number of individuals, who shall endow to the same extent and support a chair or professorship, and to the possessor of any testator by whose will a chair or professorship may be so endowed.
4. The Governors shall have power to appoint, and to determine the duties and salaries of the President, Professors, Lecturers, Tutors, and other officers of the College, and from time to time to make statutes and by-laws for the regulation and management thereof, and

shall assemble together as often as they shall think fit, and upon such notice as to them shall seem meet, and for the execution of the trust hereby reposed in them.

5. The said college shall be deemed and taken to be a University, with all the usual and necessary privileges of such institutions; and the students shall have liberty and faculty of taking the degrees of bachelor, master, and doctor, in the several arts and faculties at the appointed times; and shall have liberty within themselves of performing all scholastic exercises for the conferring of such degrees, and in such manner as shall be directed by the statutes and by-laws.

6. No religious tests or subscriptions shall be required of the professors, scholars, graduates, students, or officers of the College.

7. The internal regulations of the said College shall be committed to the Senatus Academicus, formed by the respective chairs or professorships thereof, subject in all cases to the approval of the Governors.

8. The Legislature shall have power, from time to time, to modify and control the powers conferred by this Act.

9. The Acts heretofore passed in relation to Dalhousie College are hereby repealed, except the Act passed in the fourth year of his late Majesty King George the Fourth, entitled, "An Act authorizing the lending of a sum of money to the Governors of Dalhousie College, and for securing the payment thereof."

This Act was afterwards amended by the following Acts:

An Act to amend the Act for the Regulation and Support of Dalhousie College.

(Passed the 6th day of May, A. D. 1875.)

Be it enacted by the Governor, Council, and Assembly, as follows:

1. The present Board of Governors, consisting of nine persons, shall be increased to a number not exceeding fifteen; and the Board shall be filled up with new nominations made on the same principle as set forth in the first section of the Act hereby amended; and any of the Governors shall be removable, as heretofore by the Governor-in-Council.

2. The Governors shall have power to affiliate to Dalhousie College any other college desiring of such affiliation, or any schools in arts, in theology, in law, or in medicine, and to make statutes for such affiliations, and for the regulation and management thereof, on the same principles as obtain in other Universities, and to vary and amend such statutes from time to time. Provided always, that such statutes of affiliation, before they go into effect, shall be submitted to and receive the sanction of the Governor-in-Council.

3. So much of Chapter 24 of the Acts of 1863, entitled, "An Act for the Regulation and Support of Dalhousie College," or of any other Act as is inconsistent with this Act, is repealed.

An Act to provide for the Organization of a Law Faculty in connection with Dalhousie College, and for other purposes.

(Passed the 14th day of April, A. D. 1881.)

Be it enacted by the Governor, Council, and Assembly, as follows:

1. The Governors of Dalhousie College, at Halifax, shall in addition to the powers conferred on them by section 2 of chapter 27 of the Acts of 1875, entitled, "An Act to amend the Act for the

Regulation and Support of Dalhousie College," have power to organize a Faculty of Law in connection with such College, and to appoint professors or lecturers in law, and out of the revenues of the College to provide for the maintenance and support of such Faculty, and to make rules for the regulation and management of such Faculty, and for the granting of degrees in law on the same principles as obtain in other Universities, and to vary and amend such rules from time to time.

2. Section 3 of Chapter 24 of the Acts of 1863, entitled, "An Act for the regulation and support of Dalhousie College," is amended by adding the words "and governor" after the word "professor" in the said section, and any individual who has hitherto endowed a chair or chairs in the College shall have a right to nominate a governor for each chair endowed, in the same way as if section 3 aforesaid had been originally passed as now amended.

3. Section 1 of the said chapter 27 of the Acts of 1877, is amended by adding the words "provided, however, that in the event of any body of Christians, individual, or number of individuals, endowing and supporting one or more chairs or professorships in the said College, as provided by sections 2 and 3 of the Act hereby amended, and of such body of Christians or individuals nominating a professor or governor by virtue thereof, the number of governors may be increased beyond fifteen, but such increase shall be limited to the number of such chairs or professorships as may after the passing of this Act be founded by virtue of said sections 2 and 3."

In passage of the Act of 1863, the Presbyterian Church of the Lower Provinces closed their College, and agreed to support two chairs in this University; the Synod of the Maritime Provinces in connection with the Church of Scotland founded one chair; and the College opened in that year, under the Principalship of Rev. James Ross, D. D., and with an Arts Faculty of six Professors. On the death of Principal Ross in 1885, and Professor Lyall in 1890, the Presbyterian Church withdrew the two professorships they had previously supported.

In 1868, a Faculty of Medicine was organized, which, in 1875, developed into the Halifax Medical College. In 1885 the Faculty was re-organized.

In 1885, the Faculty of Law, and, in 1891, the Faculty of Pure and Applied Science, were added.

In 1879, the late GEORGE MUNRO, of New York, a native of this province, placed in the hands of the Governors the funds necessary for the endowment of a Professorship of Physics. In 1881 he established a Professorship of History and Political Economy. In 1882, he founded a chair of English Language and Literature. In 1883 he added to the staff of the College a Professor of Constitutional and International Law. In 1884 he founded a Professorship of Philosophy. From 1883 till 1890 he provided Tutors in Classics and Mathematics. From 1880 to 1894 he provided the University with Exhibitions and Bursaries to the amount of \$83,148.00, which, according to his own desire, were so offered for competition as to stimulate to greater activity and efficiency the High Schools and Academies of Nova Scotia and the neighboring provinces.

The Governors desire to place on permanent record their high sense of Mr. Munro's enlightened public spirit, and their gratitude to him for the munificent manner in which he came to their help in the work of building up an unsectarian University in Nova Scotia.

To connect the donor's name for all time with the benefits thus conferred both on the University and on his native country, the chairs

which is founded shall be called the GEORGE MUNRO CHAIRS OF PHYSICS, OF HISTORY AND POLITICAL ECONOMY, OF ENGLISH LANGUAGE AND LITERATURE, OF CONSTITUTIONAL AND INTERNATIONAL LAW, AND OF PHILOSOPHY, respectively.

In 1882, ALEXANDER McLEOD, Esq., of Halifax, bequeathed to the University the residue of his estate. The following is an extract from his will:

"All the residue of my estate I give and bequeath to the Governors of Dalhousie College or University in the City of Halifax in trust, that the same shall be invested and form a fund to be called the McLeod University Fund, and the interest and income of which shall be applied to the endowment of three or more professorial chairs in said College as they may deem proper; but this bequest is made upon such conditions, namely, that if at any time the said College or University shall cease to exist, or be closed for two years, or be made a sectarian College, then and in any such case, the said fund and all accumulations thereof shall go to the said Synod of the Maritime Provinces of the Presbyterian Church in Canada, to be used for the purposes of higher education in connection with said Synod, and if it farther stipulated that so part of this fund shall ever be used, either by said Governors of Dalhousie College or by the said Synod, as a collateral security under any circumstances whatever."

According to the provisions of the will, the McLEOD CHAIRS OF CLASSICS, CHEMISTRY, and MODERN LANGUAGES were founded.

In 1880, the late Sir WILLIAM YOUNG, one of the oldest and best friends of the College, subscribed \$20,000 to start a Building Fund. In 1887, Sir William bequeathed to the University half the residue of his estate, together with a Prize Fund of \$1,000, and the amount remaining unpaid of his subscription to the Building Fund. The following are extracts from his will:

"I bequeath to the Governors of Dalhousie College at Halifax the sum of \$4,000 to be kept continually invested by them, and that they shall apply the income derived therefrom in founding and maintaining a prize of a gold medal of the value of \$50, to be called Sir William Young's medal, and to be annually awarded for scholastic eminence, and to have the recipient's name engraved thereon, with the year of his attendance at College, and in founding and maintaining such other prizes for distribution among the students of said College as the Governors may from time to time approve.

"Having agreed and promised to the Governors of Dalhousie College to pay them the sum of \$20,000 to aid in the erection of their building now in progress, I direct my executors to pay the said sum from time to time as it may be required by the said Governors.

"All the rest and residue of my estate I direct my executors to divide into two even and equal parts or shares, and to pay over one such part or share to _____ and the other part or share to the Governors of Dalhousie College at Halifax for the general purposes of said College.

"In the event of my having paid to Dalhousie College during my life these any part of said sum of \$20,000 hereinbefore mentioned, as agreed to be paid to them to aid in the erection of the College buildings, I do direct my executors to pay to said Governors the balance only, if any, that may be due on said sum at the time of my decease."

On April 27th, 1887, the corner-stone of the new building was laid by Sir William Young.

In 1887, by the will of the late J. F. AVERY, M. D., of Halifax, the following bequest was made to the College:

"I give and bequeath the sum of \$500 to Dalhousie College in the City of Halifax, to be at the disposal of the Senatus of the said College, and the interest thereof to be appropriated for an annual prize.

In 1887, by the will of the late MRS. HARRIET ELIZABETH MACKENZIE, or MOUNDSON, of Stornaway, Scotland, formerly of Picton, N. S., the following bequest was made to the College:

"To Dalhousie College, £1,000 for founding a bursary for students attending said College, subject to such conditions and regulations as the governing body of said College may appoint, but with this proviso that said bursary shall be called the 'MacKenzie Bursary,' and that students of the name of MacKenzie, Maclean, and Fraser shall have a preference in the selection of beneficiaries therefor."

In 1890, by the will of the late JOHN P. MOTT, Esq., of Halifax, the following bequest was made to the College:

"I give and bequeath to the Board of Governors of Dalhousie College, or to such individuals or organization in whom or in which the control of such College shall be legally vested, the sum of ten thousand dollars, to be legally invested by the said Governors, individuals or organization, and the proceeds applied for the benefit of such College so long as it shall remain and continue to be a non-sectarian institution as at present."

In 1901 the College received the following bequest from the late PROFESSOR CHARLES MACDONALD, M. A.:

"To Dalhousie College Library Fund two thousand dollars for the purchase of books chiefly in English literature; the annual interest of this sum only to be employed or used."

The following amounts were subscribed to the "Dalhousie College Library Fund" in 1867:

His Excellency the Lieutenant-Governor, \$400; John Tobin, M. P. P. \$200; Dr. Tupper, Hon. Provincial Secretary, Jas. Thompson, Rev. G. M. Grant, J. F. Avery, M. D., J. A. Sinclair, W. A. Hesse, and John Stairs, \$100 each; Neal, White & Co., and G. F. Mitchell, \$50 each; Jas. Cochran, S. Fleming and J. Northup, \$40 each; Jas. Scott, \$30; Errol Boyd, \$25; S. Brown, H. Blanchard, W. McLeish, M. P. P.; R. B. Seaton, W. M. Harrington, R. Kenney, M. H. Bichey, Thos. King, Bill & Anderson, and a Friend, \$20 each.

The following donations have been made to the Endowment Fund:

Sir William Young, Hon. W. J. Stairs, Hon. Stayley Brown, John Gibson, John P. Mott, Wm. F. Wood, Thos. A. Ritchie, and Hon. Robert Cook, \$1,000 each; Thos. E. Fraser, \$500; Adam Barrs, Peter Jack, Hon. Jeremiah Northup, Prof. Lawson, Alex. McLeod, Hon. J. W. Carmichael, Prof. Macdonald, Prof. Weldon, \$500; Prof. J. G. MacGregor, \$400; D. C. Fraser, M. P., J. M. Carmichael, George F. McKay, Prof. H. Murray, \$250 each; Sinclair & Patterson, \$240; Hugh MacKenzie, C. H. Cohen, \$200 each; J. F. McLean, \$150; Isaac Longworth, R. J. Turner, George Campbell, Mrs. J. R. Dickie, J. C. Mackay, B. T. Sutherland, Senator McKay, \$100 each; C. A. Robson, \$75; Ess. Dr. Burns, \$60; Angus Chisholm, J. Herwood McGregor, P. A. McGregor, S. Fraser, J. H. McKay, W. R. Campbell, W. S. Muir, M. D., Martin Dickie, D. H. Smith, Angus Murray, F. A. Lawrence, M. P., Wm. Donald, W. H. Magee, Ph. D., \$50 each; with smaller sums amounting to \$280.

The following subscriptions have been made to the Building Fund:

Rev. Louis H. Jordan, \$1,000; John Donll, John S. McLean, Hon. R. Sedgwick, \$750; Thomas Bayne, John Macnab, Adam Burns, Hon. R. Beak, Dr. Avery, \$500 each; President Forrest, \$125; James Forrest, \$300; Prof. John Johnson, Peter Jack, William Miller, Prof. Macdonald, \$250 each; Prof. MacGregor, A. & W. MacKinlay, \$225 each; Prof. W. J. Alexander, Judge Graham, \$200 each; James Scott, R. B. Seston, Rev. Dr. McMillan, Wm. Robertson, J. C. Mackintosh, H. McD. Henry, John Y. Payzant, Pearson, Morrison & Forbes, \$150 each; J. J. Stewart, \$125; Rev. E. Scott, Peter Ross, H. W. C. Beak, Pictou Academy, \$100 each; Wm. B. Wallace, Arthur Drysdale, E. L. Newcombe, Alfred Costley, H. W. Barnes, Hugh MacKenzie, \$75 each; W. C. Silver, Graham Fraser, \$50 each; with smaller sums amounting to \$95.

The following subscriptions have been made from time to time to meet current expenses:

John Donll, \$2,800; Adam Burns, \$2,625; W. J. Stairs, \$1,450; Hon. R. Beak, \$1,410; Donald Keith, \$1,000; Rev. Pres. Forrest, \$900; W. R. Ross, \$803; Prof. J. Johnson, L.L.D., \$600; Hon. Sir W. Young, Thos. Ritchie, Prof. B. Russell, D. C. L., Prof. W. Murray, Faculty, Forrest & Co., and the Class of 1893, \$500 each; Rev. J. McMillan, D. D. \$450; A. H. McKay, L.L.D., \$413.21; J. D. MacGregor, \$400; J. S. Maclean, Prof. J. Litch, Drysdale & McLennan, D. A. Campbell, M. D., and Prof. D. A. Murray, \$380 each; R. L. S. Borden and J. C. Mackintosh, \$350 each; J. Avery, M. D., Sir S. Fleming, Rev. Prin. Grant, L.L.D., Thos. Bayne, John Gibson, John Macnab and J. A. Turnbull, \$200 each; Jas. Scott and A. K. MacKinlay, \$180 each; The Medical Faculty, \$110; Hon. A. G. Jones, Geo. Thomson, and Geo. Campbell, M. D., \$150 each; W. Dennis, H. W. Barnes, W. & J. Macdonald, \$125 each; J. J. Bremser, \$120; H. H. Collins, J. Donaldson, Prof. J. DeMille, F. G. Lawson, L.L.D., Alex. McLeod, R. Morrow, Hon. J. Northrup, Jas. Northrup, T. A. Ritchie, Rev. Prin. Ross, D.D., E. Smith, H. H. Skinswage, John Stairs, James Thomson, Sir C. Tupper, James Thompson (Pictou), J. McE. Stewart, J. H. McKenzie, A. K. McLean, W. D. Cameron, and G. S. Campbell, \$100 each; Hon. J. W. Carmichael, C. D. Hunter, Maj.-Gen. Laurie, Lawson, Harrington & Co., Prof. C. Macdonald, J. P. Meit, and Hon. Judge Ritchie, \$80 each; E. M. Macdonald and R. L. Schwartz, \$75 each; G. P. Mitchell, Hon. S. L. Shannon, and Rev. A. Rogers, \$60 each; J. B. Duffin, E. W. Fraser, Peter Jack, W. H. Nesl, C. M. Blanchard, Chs. Morash, Thos. Notting, E. F. Allison, Jas. D. McLean, Prof. A. G. Laird, Prof. J. E. Creighton, Victor France, H. McElhish, T. J. Cahalane, Prof. A. S. MacKenzie, Capt. H. B. Stairs, G. G. Patterson, J. A. MacKinnon and Gen. E. Faulkner, \$50 each; with smaller sums amounting to \$1,899.

The following donations have been made from time to time for the provision of scientific apparatus and of laboratory and museum equipment:

Alumni Association, \$624; Hon. Sir William Young and Prof. E. MacKay, \$500 each; A. H. McKay, L.L.D., \$438.70; Prof. J. G. MacGregor, \$200; J. F. Avery, M. D., Thos. Bayne, Hon. R. Beak, Alex. McLeod, John MacNab, Hon. Jeremiah Northrup, W. J. Stairs, and W. P. West, \$100 each; Thomas A. Brown, Messrs. Donll & Miller, Messrs. Eason & Co., John Gibson, Peter Jack, Prof. G. Lawson, J. S. Maclean, Robert Morrow, Hon. J. W. Ritchie, James Thomson and a Friend, \$50 each; with smaller sums amounting to \$645.

Miss Lawson and Mrs. W. F. McCoy, daughters of the late Prof. Gen. Lawson, have presented their father's microscope to the College.

The following contributions have been made to the Library since 1892 for the purchase of books and to meet current expenses:

Prof. J. Seth (proceeds of course of lectures), \$245; Prof. A. MacMechan (proceeds of courses of lectures), \$575; Faculty of Arts, \$220; Alumni Association, \$743; English Class (proceeds of dramatic rentals), \$60.44; Friend of the College, \$75; H. McInnes, L.L.B., \$40; Class of '94, \$45; Lecturers on Education, \$60; Philanthropic Society, \$20; Class of '97, \$23; Class of '95, \$50; S. A. Morton, M.B., M. A., \$12; Class of '96, \$210; Class of '98, \$66; Class of '99, \$248.96; Three Friends, \$200; Class of '06, \$123.70; Class of '01, \$301.94; Class of '02, \$100; Miss R. L. M., \$12; R. C. 88; W. M. H., \$2; A. D. Gunn, R. L., \$10 (and \$90 more promised); R. H. Graham, B. A., L.L. B., \$29; Rev. D. McDonald, \$5 (unsubscribed).

The following donations have been made to the Law Library prior to 1883:

Sir Wm. Young, \$300; Robert Sedgwick, \$200; Professor Weldon, \$200; Prof. Russell, \$100; Mr. Justice Thompson, \$200; John Y. Payzant, \$100; James Thomson, Q. C., \$75; Hon. Wallace Graham, \$40; Hon. H. McD. Henry, \$200; Prof. MacGregor, \$100; J. J. Stewart, \$100; Hon. R. Beak, \$100; John Donll, \$50; Dr. J. F. Avery, \$50; T. A. Ritchie, \$50; Jas. Pyles, \$50; Hon. J. W. Ritchie, \$40; Peter Jack, \$25; Thomas Kenny, \$25; A. K. MacKinlay, \$25; James Scott, \$25; R. W. Fraser, \$20; George W. Munro, \$20; D. Buchanan, \$10; C. S. Harrington, \$10; Hon. S. L. Shannon, \$125; W. J. Stairs, \$100; R. I. Hart, \$100; Donll & Beak, \$100; Hon. J. K. Ritchie, \$100; Hon. J. W. Johnston, \$50; R. L. Borden, \$30; E. H. Eason, \$50; S. A. Chesley, \$50; John Menger, \$50; J. T. Ross, \$50; F. R. Wade, \$40; J. N. Lyons, \$25; J. W. Allison, \$25; J. F. Stairs, \$25.

The following portraits, views and busts have been presented to the College and are placed in the Libraries:

Portrait of George Munro, painted by J. Collie Forbes, and presented by Helen Munro Scherman; Portrait of Sir William Young, painted by Barrett, and presented by the Faculty of Arts; Portrait of Leed Dalhousie, painted by J. Watson Gordon, and engraved by Thomas Lupton, presented by Professor MacGregor; Portrait of Professor James DeMille, presented by Professor MacMechan; Portrait of John Young ("Agricola"), presented by his son, Judge Young, of Prince Edward Island; an engraving of Foad's "Scott and his Literary Friends"; an engraved View from Cowie's Hill in 1865, showing Melville Island, also an original drawing of Halifax from Fort Needham, both presented by Miss Ellen Ritchie, Ph. D.; Photograph of a portrait of "Sam Slick," presented by his daughter, Mrs. Weldon; Photograph of Mr. Justice Sedgwick; Photograph of "Old Dalhousie"; Bust of John Locke, presented by Professor MacGregor.

 C. H. POATER, JR., *Recorder in Theory of Music.*
 F. H. TORRINGTON, M. A. D., *Recorder in Theory of Music.*

Second Latin Class.

Mondays, Wednesdays and Fridays, 11 A. M.—12 M.

Livy, Book I; Horace, *Odes*, Books I and II; *Horace, *Odes*, Books III and IV. Latin Prose Composition. Exercises in Sight Translation. Grecian History to the death of Alexander.

Books recommended: Livy, Book I, *Baile's* (best with indicated quantities), Allyn & Bacon, Boston, 35 cents; Horace *Odes*, *Spaer's* in Macmillan's Classical Series, each book 30 cents, or Books I-IV, in one volume, \$1.25. Bradley's Arnold's Latin Prose Composition. Smith's *Smaller History of Greece*, (Harper's, N. Y.)

Third Latin Class.

Mondays and Wednesdays, 12 M.—1 P. M.

Tacitus, *Historias*, Book I; Horace, *Satires* (selected); *Cicero, *De Officiis*, Book III; *Tacitus, *Annals*, Book IV. Latin Prose Composition. Exercises in Sight Translation.

Books recommended: Tacitus, *Historias*, Book I, (Godley's, Macmillan, 30 cents); Horace, *Satires and Epistles*, (Baile's, Allyn & Bacon, Boston, \$1.40), Cicero, *De Officiis*, Book III, (Baile's), Cambridge University Press, 2 s.; Tacitus, *Annals*, Books I-IV, (Furness's, Clarendon Press, 5 s.).

First Greek Class.

Tuesdays and Thursdays, 10—11 A. M.

Xenophon, *Hellenicas*, Books I and II; *Xenophon, *Cyropædia*, Book I. Greek Prose Composition. Exercises in Sight Translation.

Books recommended: Xenophon, *Hellenicas*, Books I and II, (Underhill's, Macmillan, 35 cents); Xenophon, *Cyropædia*, Book I, (Burg's, Macmillan, 35 cents); Fletcher & Nicholson's *Greek Prose Composition*. Goodwin's *Greek Grammar*, Ginn & Co., Boston, \$1.25.

Second Greek Class.

Tuesdays and Thursdays, 11 A. M.—12 M.

Lucian, *Selected Dialogues*; Homer, *Odyssey*, Book IX; *Lucian, *The Sacred Olive, Against Eristodesmos, For the Cripple*. Greek Prose Composition. Exercises in Sight Translation.

Books recommended: Lucian, *Selections*, (Sage & Macnaghten's, Longman's, 35 cts.); Homer, *Odyssey*, Book IX, (Edward's, Macmillan, 60 cents); *Lucian's Select Orations*, (Bristow's, Allyn & Bacon, Boston, \$1.45). Fletcher & Nicholson's *Greek Prose Composition*.

*For private reading by students seeking First or Second Class Distinction.

Passages for translation at sight will be set in all examinations.

Third Greek Class.

Tuesdays and Thursdays, 12 M.—1 P. M.

Demosthenes, *Philippics*, I-III; Euripides, *Medea*; *Aeschylus, *Prometheus Fictus*; *Lucian, *Cærus and Tiansa*, (as in Sage and Macnaghten's Selections). Greek Prose Composition. Exercises in Sight Translation.

Books recommended: Demosthenes, *Philippics*, (Abbott & Matheson's, Clarendon Press, in 61s.); Euripides, *Medea*, (Verrill's, in Macmillan's Classical Series, 60 cents); Aeschylus, *Prometheus Fictus*, Longman's, G. Bell & Sons, 2s.; Lucian, *Selections* (Sage & Macnaghten's, Longman's, 2s. 6d.).

Advanced Class.

Professor..... HOWARD MURRAY, B. A.

Lecturer..... J. W. LAGAN, B. A.

Three or four times a week.

In this class a portion of the Latin and Greek subjects prescribed for the special Course in Classics is read, and Prose composition is regularly practised.

II—NEW TESTAMENT GREEK.

The class and examinations in New Testament Greek, conducted by Professor R. A. FALGOUTER, M. A., B. D., in the Presbyterian Theological College, Halifax, are recognized as qualifying for a degree. Similar classes in other Theological Colleges approved by the Faculty, are also recognized for the same purpose.

First Year Class.

Daily, 12.30, P. M.

The work of this class consists of the interpretation of the Gospels, especially those of St. Matthew and St. John. Lectures are also given on the language of the New Testament, the principles of Textual Criticism, Introduction to the Gospels, the Jewish world at the time of Christ and the geography of Palestine.

Textbooks: Stevens and Burton, *Harmony of the Gospels*, or *Hook's Synopsis der drei ersten Evangelien*; Hammond, *Textual Criticism of the New Testament*; Mathew's, *A History of New Testament Times in Palestine*. *Success: Language of the New Testament.*

Books recommended: F. Blass, *Grammar of N. T. Greek*; Burton's *New Testament, Words and Phrases*; Nestle's *Textual Criticism of the Greek N. T.*; *Expositor's Greek Testament*, Vol. I. Swete; *Gospel of St. Mark, the Passover*; *Gospel of St. Luke, Westminster*; *Gospel of St. John*. Plummer, *Gospel of St. John*.

III—HEBREW.

The class and examinations in Hebrew, conducted by Professor JOHN CRAMER, B. D., in the Halifax Theological College, are recognized as qualifying for a degree. Similar classes in other Theological Colleges approved by the Faculty, are also recognized for the same purpose.

*For Private reading by students seeking First or Second Class Distinction.

Passages for translation at sight will be set in all examinations.

Junior Class.

Daily, 8.45—9.40 A. M.

Text-book: Davidson's Introductory Hebrew Grammar, with Progressive Exercises in Reading and Writing, G. & T. Clark, Edinburgh, 7s. 6d.

The aim of the course is, by a thorough drill in paradigms exercises in reading and writing, to impart a fair knowledge of inflection and syntax, and the ability to read at sight easy parts of the Hebrew Scriptures.

Books recommended: Gesenius' Hebrew Grammar, revised edition, Mitchell, Beadley & Woodruff, Boston, 63. Green's Hebrew Grammar, new edition, unaltered (Wiley and Sons, New York, 23). Harper's Introductory Hebrew Method and Manual, latest edition, (American Publication Society of Hebrew, Chicago). Robinson's Gesenius' Hebrew Lexicon, (Houghton, Mifflin & Co., Boston, 96).

IV.—MODERN LANGUAGES.

(McLeod Professorship).

Professor..... JAMES LECHT, M. A.

First French Class.

Tuesdays and Thursdays, 3—4 P. M.

Macmillan's Progressive French Reader, II year, (Fasnacht). Molière: *Le Bourgeois Gentilhomme*, (Macmillan & Co.). Eugène Scribe: *Fufluc* (Macmillan & Co.). Exercises in Grammar and Composition, (Fasnacht's First Course by Macmillan & Co.).

Additional for a First-Class position: Saintine, *Piccola*, First ten chapters; or Octave Feuillet: *Le Bonnet d'un Jeune Homme Pauvre*, first fifteen chapters.

Text-books: Bruchet's Public School Elementary French Grammar. Other text-books required will be announced at the opening of the Session.

Second French Class.

Tuesdays and Thursdays, 2—3 P. M.

For 1902-03. Racine: *Esther*. Molière: *L'Amor*. Sight-reading: a comedy by Scribe, (Macmillan & Co.). Translation from English writers. Exercises in Syntax. Translation of unspecified passages from modern authors. French composition.

For 1903-04. Racine: *Atthalie*. Molière: *Les Précieuses Ridicules* (Macmillan & Co.). Labiche et Martin: *Le Foyage de Monsieur Perrichon* (American Book Co.). Sight-reading: a comedy by Scribe. Translation from English writers. Exercises in Syntax. Translation of unspecified passages from modern authors. French composition.

Molière: *Le Misanthrope*, (Macmillan & Co.), and either Madame de Staël: *L'Allemagne*, first twenty chapters, or Pierre Corne: *L'Année de Boëtius*, (Macmillan & Co.), are prescribed for private reading to candidates for a First Class position.

Text-books: As in First Class. Outlines of the History of French Literature (Saintsbury's Primer).

Third and Fourth French Classes.

Tuesdays and Thursdays, 9—10 A. M.

For 1902-03. Molière: *Les Femmes Savantes*. Racine: *Iphigénie*. Corneille: *Le Cid*, (Macmillan & Co.). Sight-reading: a comedy by Scribe. Translation from English writers. French Composition, 2nd course, by Eugène Fasnacht, (Macmillan & Co.). Translation of unspecified passages from modern authors.

For 1903-04. Corneille: *Horace*. Racine: *Phèdre*. Sight-reading: a comedy by Scribe. Translations from English writers. French composition, 2nd course, by Eugène Fasnacht (Macmillan & Co.). Translation of unspecified passages from modern authors.

Text-books: As in Second Class. Masson: *Littérature française*.

THIRD FRENCH: Molière: *Tartuffe*, Acts I and II, (Macmillan & Co.), and either Victor Hugo: *Les Travailleurs de la Mer*, Chapters I to V (incl.) (Livington's) or Madame de Staël: *Curioses en Italie*, livres I to V (incl.) are prescribed for private reading to candidates for a First Class position. FOURTH FRENCH: Molière: *L'École des Maris* and *L'École des Femmes*, I and II Acts of each.

First German Class.

Mondays, Wednesdays and Fridays, 3—4 P. M.

Buchheim: *German Reader*, Part II. Schiller: *Wallketa Toll*, (Macmillan & Co.). Grotler: *Incognito*, (American Book Co.). Additional for a First Class position: Gustav Ehner: *Herr Wulfer von der Fuchswald*, (Macmillan & Co.), or Helene Stöckl: *Unter dem Christbaum*, (D. C. Heath & Co.). Exercises in Grammar and Composition. Elementary German Prose Composition, by E. S. Buchheim, (Clarendon Press.)

Text-books: Joyce-Melissner's German Grammar, (D. C. Heath & Co.). Other text-books required will be announced at the opening of the Session.

Second German Class.

Mondays, Wednesdays and Fridays, 2—3 P. M.

For 1902-03. Goethe: *Egmont*. Schiller: *Marie Stuart*, (Macmillan & Co.). Sight-reading from Helene Stöckl: *Unter dem Christbaum*, (D. C. Heath & Co.). Translation from English writers. Original compositions. Translations of unspecified passages from modern authors. Bernhard's course in German composition (Ginn & Co.).

For 1903-04. Goethe: *Hermann und Dorothea*, (Clarendon Press). Lessing: *Missou von Barakolia*, (Macmillan & Co.). Sight-reading from Helene Stöckl: *Unter dem Christbaum*, (D. C. Heath & Co.). Translations from English writers. Original compositions. Translations of unspecified passages from modern authors.

Text-books: As in First Class. Critted outline of the Literature of Germany by Alb. Schen, Ph. D. (Longman, Green & Co.)

Schiller: *Die Jungfrau von Orléans*, Prolog and Act I., and either Heine: *Die Harzreise* (Macmillan & Co.), or Prendahl und Lindvall (Ed. Dr. W. Bernhardt) (American Book Co.), are prescribed for private reading to candidates for a First Class position.

Third German Class.

Mondays, Wednesdays and Fridays, 9—10 A. M.

1902-03. Lessing: *Nathan der Weise* (Macmillan & Co.). Goethe: *Götter und Dämonen* (Macmillan & Co.). Prose composition. Translation of unspecified passages from modern authors. Sight-reading from Prehn's *Journalistic German*. (American Book Co.).

For 1903-04. Lessing: *Missa von Barokolo* (Macmillan & Co.). Gustav Freytag: *Die Journalisten* (Macmillan & Co.). Goethe: *Jahreszeit der Theorie*. Prose composition. Translation of unspecified passages from modern authors. Sight-reading from Prehn's *Journalistic German*. (American Book Co.).

Schiller: *Wallenstein Tod*, Act I, 3th Scene; Act II, 2nd and 3rd Scenes; Act III, 18th Scene; (George Bell & Sons) and either Goethe: *Faust, Prolog im Himmel*, and first three scenes of Part I, (by Jane Lee (Macmillan & Co.), or Home: *Haywain* (Macmillan & Co.) are prescribed for private reading to candidates for a First Class position.

Text Books: As in Second Class. Bernhard's *Hauptstücke aus der Geschichte der deutschen Literatur* (American Book Co.).

Fourth German Class.

Twice a Week.

Schiller: *Lyrische Gedichte*, Goethe: *Faust*, Part I, by Jane Lee (Macmillan & Co.). Prose composition. Translation of unspecified passages from modern authors. Selig's German Literature.

Private reading for a First Class position: Schiller: *Wallenstein Lager*, and Lessing: *Sara Sampson*, or Schiller: *Geistesherde*.

Advanced German Class.

Twice a Week.

The subjects studied in this class will be those prescribed for the special course of English and German (§ VIII [8]). The course will extend over two years.

1902-03. Middle High German: Grammar (Wright's Middle High German Primer). Selections from Wackernagel: *Kleineres Altddeutsches Lesebuch*. Selections from authors of the 18th century. Prose Composition.

1903-04. Middle High German: Grammar (Pan's Grammar). Selections from Wackernagel: *Kleineres Altddeutsches Lesebuch*. Selections from Swin and Plattdeutsches dialect literature. Selections from authors of 16th and 17th centuries. Prose composition.

Other text-books will be announced at the opening of the Session.

V.—ENGLISH LANGUAGE AND LITERATURE

(George Munro Professorship.)

Professor ARCHIBALD MACMECHAN, PH. D.

The course in English is mainly literary; the method pursued is historical. The different periods are studied in the representative works of the period; and in all cases actual acquaintance with the texts precedes criticism upon them. This part of the course is intended to furnish the student with an outline picture of English literature from Chaucer to Tennyson. The work for "class distinction" is meant to broaden the knowledge of more ambitious students. The essential facts of Historical English Grammar are taught by means of lectures in the Second Year. In Composition, practice is set before theory; the various exercises are corrected and preserved; the writing of "reports" forms part of this work. In the Advanced Classes, the aim of the instruction is to acquaint the student with the Grammar of Old and Middle English, and to widen his knowledge of Elizabethan literature.

First (A) Class.

Tuesdays and Thursdays, 12—1 P. M.

COMPOSITION. Christmas Term; imitative exercises in the construction of narrative and descriptive paragraphs. Spring Term; ten narrative and descriptive themes, based chiefly on personal experience.

LITERATURE.—Eighteenth Century. *nov.* Addison: *Papers Contributed to "The Spectator."* Johnson: *Life of Pope*. (Macanlay; Samuel Johnson). Poetry. Dryden: *MacFlecknoe*, *St. Cecilia's Day*, *Alexander's Feast*. Pope: *Rape of the Lock*. Gray: *Elegy in a Country Church-yard*. Goldsmith: *Traveller*, *Doves' Flight*. Burns: *Tom Dugg*, *Cotter's Saturday Night*.

For reference: Gosse, *History of Eighteenth Century Literature*.

Candidates for Class Distinction will be examined in these additional works which are not read in class. Dryden: *Abolition and Archibald*. Pope: *Essay on Man*. Johnson: *Lines of Dryden, Addison and Gray*.

Two reports on private reading, assigned by the instructor, are required from each student.

Books recommended: Hale: *Longer English Poems* (containing all the poetry read in class); Addison, ed. T. Arnold; Clarendon Press Series; Johnson: *Six Chief Lives*; ed. M. Arnold.

PARALLEL READING.—As a preparation for this course, the student is recommended to read the following works:—Thackeray: *English Romances*, *Congreve and Addison*. The *History of Henry Esmond*, (bk. II, cap. vi, at least). Macaulay, *The Cause Disastrous of the Restoration*, Addison.

Second (B) Class.

Mondays, Wednesdays, and Fridays, 12—1 P. M.

COMPOSITION.—Lectures on the Principles of Narration, Description, and Exposition. Twenty Expository themes, based chiefly upon the work read in class.

LITERATURE.—Elizabethan. Shakespeare: *King John, As You Like It, Much Ado About Nothing, Twelfth Night, The Merchant of Venice, Paradise Lost, Bks. I, II.* Lectures.

ENGLISH LANGUAGE.—A short course of Lectures on the History of the English Language, at the end of the Spring Term.

For reference. Sidney Lee: *A Life of William Shakespeare*; Bowden: *Shakespeare Primer*; Saintsbury: *History of Elizabethan Literature*.

A report on private reading assigned by the instructor, is required from each student. Candidates for Distinction are required to present a second report.

Candidates for Class Distinction will be examined in the following plays, which are not read in class—*Henry V, Twelfth Night, Julius Caesar*.

PARALLEL READING.—As a preparation for this course, the student is recommended to read the following works: Kingsley: *Washington Ho!* Scott: *Kenilworth*. Betzner: *Friends in England*. Harrison: *Description of England*. (Scott Library, W. Scott). Macaulay: *Milton*.

Third 6: Class.

Tuesdays and Thursdays, 10—11 A. M.

LITERATURE.—Middle English and Pre-Shakespearean. Chaucer: *Prologue, Knight's Tale, Nun's Priest's Tale*. Sweet's *Middle English Primer II*. Spenser: *Fairie Queene*, bks. I, II. Marlowe: *Dr. Faustus*. Lectures.

History of Literature: Pollard: *Chaucer Primer*. For reference. Levensbury, Ten Brink. Morley: *English Writers*, V.

For Distinction. Chaucer: *The Prioresse's Tale, Sir Topas, The Monk's Tale, The Squire's Tale*.

Fourth (B) Class.

Tuesdays and Thursdays, 4—5 P. M.

(Not given in 1902-1903.)

LITERATURE.—Nineteenth Century. Scott: *Old Mortality, Mercutio*. Byron: *Poems*, selected and edited by Matthew Arnold. Wordsworth: ed. Durdan (Athens Press Series). Tennyson: *The Lady of Shalott, Oenone, Lotus Eaters, A Dream of Fair Women, Morte d'Arthur, Doom, Sir Galahad, The Lord of Berkeleigh, Ulysses, Brearley, Andrea del Sarto, Epistle of Kerechid, Memorabilia, Evelyn Hope, A Yacotta of Galappa's, The Statute and the Best, In a Balcony, The Last Ride Together*. Keats: *Seamus and Lillies*. Carlyle: *Sartor Resartus*; ed. MacMechan, (Athens Press Series).

History of Literature. Saintsbury: *History of Nineteenth Century Literature*. Herford: *Age of Wordsworth*. Oliphant: *Literary History of England*.

For Distinction. A thesis on a subject assigned by the instructor.

This subject may be assigned at the end of the previous session and completed during the summer vacation. It should in any case, be

selected at the beginning of the session in which the student intends to present it, and must embody the results of an original literary investigation. The following are the titles of representative theses which have been accepted: *Chatterton, A Study in Style*; *The Evolution of "Prisoner's Study" to "Anatomy of Melancholy"*; *Tennyson's Treatment of Colour in "The Idylls of the King"*; *"Alastor," edited with Introduction and Notes*. The Thesis must be written on special thesis paper and bound. A copy must be deposited in the College Library.

Fifth (E) Class. (Advanced.)

Mondays and Fridays, 9—10 A. M.

(Not given in 1902-1903.)

OLD ENGLISH.—Bright: *Anglo-Saxon Reader*. Sievers. O. E. Grammar, trans. Cook. Sight translation from easy texts.

Sixth (F) Class. (Advanced.)

ELIZABETHAN DRAMA.—Marlowe: *Tamburlaine, Edward II, The Jew of Malta, Greenes, Friar Bacon and Friar Bungay, Jason*; *The Alchemist, Every Man in His Humour*. Beaumont and Fletcher: *Philaster, The Knight of the Burning Peacock*. Massinger: *A New Way to Pay Old Debts*. Webster: *The Duchess of Malfi*. Shakespeare: the tragedies, *Two Noble Kinsmen*.

This course is conducted by means of a Seminary.

Books Recommended: History of Literature: Ten Brink, Saintsbury. Books: Texts: Chaucerian Press, "Mermaid," "Temple Dramatist," Thayer; "Best Elizabethan Plays."

VI.—BIBLICAL LITERATURE.

Lecturers..... (PROF. D. M. GORDON, D. D.
(PROF. H. A. FALCONER, LL. D.)

Tuesdays 3—4 P. M. and Fridays 4—5 P. M.

This course extends over two sessions, and covers the whole Bible. Professor Gordon will give one lecture a week on the Old Testament. Professor Falconer one lecture a week on the New Testament. Although students are advised to take the entire course, the work of any one session will be accepted as an elective in the Third or Fourth Year. During session 1902-03, the First Part of the course will be the subject of study.

OLD TESTAMENT.

First Part. Introduction. The Record of Revelation. Outline of structure. What did Moses write? The Pentateuch, its sources and contents. The Law. The Religious Institutions of Israel. The earlier Histories. The Monarchy. The earlier Prophets, including Amos, Hosea, Isaiah and Micah. The Captivity of the Northern Kingdom.

Second Part. Recapitulation. The later Histories. The Prophets subsequent to 700 B. C. The Exile and Restoration. The Psephal Books and other writings. The Messianic Elements in the Old Testament. The Canon. The Religious Value and Authority of the Old Testament.

NEW TESTAMENT.

First Part. Literary characteristics of the Gospels. Synoptic Problem. Johannine question. Readings from the four Gospels outlining the life of Jesus Christ. A comparison, both as to form and import, of the discourses and parables of the Synoptics with the teaching of the Gospel according to John.

Second Part. The Literature of the Apostolic Age, exclusive of the Gospels. Books to represent the historical movements especial as set forth in Acts, and the different types of thought of the Apostolic Age will be studied in brief outline, e. g. The Epistles to the Galatians, Ephesians and Hebrews; those of James, Peter and John, together with selections from the Revelation in illustration of prophetic literature.

Text-Books for N. T.: Stevens and Burton's *Harmony of the Gospels*. (Mathews's *History of N. T. Times in Palestine*.) Burton and Mathew's *Constructive Studies in the Life of Christ*. McClymann's *New Testament and its Writers*.

For Class Distinction a knowledge of the following books will be required:—Sunday: *Resurrection Lectures*. W. Robertson Smith: *Prophecy of Israel*. Ramsay: *St. Paul the Traveler and Roman Citizen*.

Recommended for reading:—Kent: *History of the Hebrew People*. W. Robertson Smith: *Old Testament in the Jewish Church*. Robertson: *Early Religion of Israel*. Moule: *Literary Study of the Bible*. Driver: *Introduction to the Literature of the O. T.* The *Messages of the Bible*, edited by Sandars & Kent. Burris: *Apostolic Age*. Articles in *History Dictionary of the Bible*—Jesus Christ, by Sunday; Gospels, by Stanton; New Testament Canon, by Stanton; also the separate articles on each of the books of the N. T.

VII—HISTORY AND POLITICAL ECONOMY.

(George Munro Professorship.)

Professors REV. PRESIDENT FORDNER.

Junior History Class.

Mondays, Wednesdays and Fridays, 11 A. M.—12 M.

Medieval History and Modern History to 1553.

The class work will be conducted by means of lectures and examinations on prescribed reading. A detailed syllabus with references and passages prescribed for reading will be given to students on the opening of the class.

Candidates for First Class Distinction will be examined on Hallen's Middle Ages, Bryce's Holy Roman Empire, and introductory sections of Robertson's Charles V.

Books recommended: Gibbon: *Decline and Fall of the Roman Empire*; Hallen: *Middle Ages*; Bryce: *Holy Roman Empire*; Irving: *Mohamed and His Successors*; Gittie: *History of Civilization*; Michael: *History of the Crusades*; Robertson: *Charles V*; Stubbs: *Constitutional History of England*; Lobberton: *Historical Atlas*.

Senior History Class.

Tuesdays and Thursdays, 11 A. M.—12 M.

Modern History from 1553.

The class work will be conducted by means of lectures and examinations on prescribed reading. In the lectures, books of reference will be named and select portions specified for reading.

Disputed points will be marked out for special study and students required to examine authorities and weigh conflicting opinions, and thus learn to study history critically for themselves.

Candidates for First Class Distinction will be examined on Green and Guizot, and a few chapters to be specified in other works.

Books recommended: Green: *England*, Vol. IV.; Guizot: *France (Missions d'Abolition)*; Meusel: *Germany*; Motley: *Dutch Republic*; Bancroft: *United States*; MacMaster: *History of the People of the United States*; Parkman: *France and England in North America*; Lobberton: *Historical Atlas*.

Advanced History Class.

Once a Week.

English History from 1693 to 1688.

The work of the class will be conducted by means of lectures and examinations on reading prescribed from Clarendon, Gardiner, Green, Hallen, Basker, Lingard and other authorities.

This class is intended especially for undergraduates taking the Special course in English and English History.

Political Economy Class.

Tuesdays and Thursdays, 10—11 A. M.

The work of this class will be conducted by means of lectures and examinations on prescribed reading.

The lectures will generally follow the order of arrangement of Mill's *Principles of Political Economy*. 1.—THE NATURE OF WEALTH. Analysis of fundamental conceptions of Wealth, &c. 2.—PRODUCTION OF WEALTH: Labor, Capital, Population, and their relations to each other. 3.—DISTRIBUTION OF WEALTH: Wages, Profits, Rent, Socialism, Labor Unions, Land Tenure. 4.—CURRENCY: Value, Money, Banking. 5.—RELATIONS OF GOVERNMENT TO TRADE AND INDUSTRY: Tariffs, Taxation.

Particular attention will be given to the problems of the day. Protection and Free Trade, Trade Unions, Combinations, Bimetallism. Each student is required to read the whole of Mill's *Principles*, together with prescribed passages from leading economists and current literature on the subjects. Weekly examinations will be held on the prescribed reading.

Candidates for First Class Distinction will be examined on additional work, which will be announced at the beginning of the Session.

Text Book: Mill: *Principles of Political Economy*.

Advanced Political Economy Class.

Twice a Week.

The work of this class will consist of lectures, entering into the Principles of Political Economy, more fully than in the ordinary class, with examinations on reading prescribed in the works of leading writers on the subject.

VIII—CONSTITUTIONAL LAW AND CONSTITUTIONAL HISTORY.

The classes in Constitutional Law and Constitutional History, conducted by Professor Weldon in the Faculty of Law, and the examinations conducted in these subjects by the Faculty of Law, are recognized as qualifying for a degree.

IX.—CONTRACTS.

The class in Contracts, conducted by Professor Russell in the Faculty of Law, and the examinations conducted in this subject by the Faculty of Law, are recognized as qualifying for a degree.

X.—PHILOSOPHY.

(George Munro Professorship.)

Professor.....WALTER C. MURRAY, M. A.

Junior Philosophy.

Tuesdays and Thursdays, 12—1 P. M., Fridays, 4—5 P. M.

The work of this class will consist of two courses of lectures, one on Logic, and one on Psychology, with essays, discussions, and oral examinations.

The work in the course on Logic will be selected so as to afford the best possible mental training. In the Psychological course, experiments will be introduced as much as possible to supply a basis for the theory and for the purpose of illustration. Especial attention will also be given to the connection between Psychology and Educational methods.

Books recommended: Cognition; Introductory Logic; Mill; Logic; Titchener; *Primer of Psychology*; James; *Psychology*. Reading for Discussion—Berkeley; *Director Planned Language*; *Principles of Human Knowledge*. (Open Court Edition); Bonanquet; *Elements of Logic*.

Senior Philosophy.

Mondays and Wednesdays 10—11 A. M.

For 1903-4. This course of lectures is intended to serve as an introduction to Metaphysics.

Books recommended: Treadell; *Fragmenta*, Vol. 1; Husley; *Essays*; Huxford; *Meton, Middle of the Universe*; James; *Psychology*, Vol. I; Clifford; *Essays*; Spencer; *First Principles*; Darwin; *Origin of Species*; Huxford; *Popular Lectures Ser. 1*; Martineau; *Essays*, Vol. 1; Watson; *Outline of Philosophy*; Bradley; *Appearance and Reality*; Boreo; *The World and the Individual*; Passmore; *Introduction to Philosophy*; Balfour; *Foundations of Belief*; Ward; *Naturalism and Agnosticism*.

Modern Philosophy.

Mondays and Wednesdays, 10—11 A. M.

For 1902-3. After a preliminary sketch of the principal problems of Metaphysics, the development of Modern Philosophy from Locke will be studied in Locke's *Essay*, Berkeley's *Principles of Knowledge*, and *Six*, Hume's *Enquiry*, Reid's *Inquiry*, Kant's *Prolegomena*, and Watson's Extracts from Mill's Writings.

Books: Seth (A.) *Scottish Philosophy*; Locke; *Essay*; Berkeley; *Selections by Fraser*; Hume; *Treatise and Enquiry*; Reid; *Works* (ed. by Hamilton, and *Essays* (Smith's Edition); Kant; *Prolegomena*, translated by Mahaffy K. Stewart; Wemyss; *Outline of Kant's Critique*; Mill; selections (Watson); *Enquiry*; John Stuart Mill; Blackwood's *Philosophical Classics*; Balfour's or Falkenberg's or Watson's *History of Philosophy*; Open Court's Editions of *Berkeley, Hume and Kant*.

Greek Philosophy.

Mondays and Fridays, 3—4 P. M.

For 1902-3. In this course an introductory sketch of the development of Greek Philosophy from Thales is followed by a critical study of Plato's *Apology*, *Cratylus*, *Phaedo*, *Republic*, and *Theaetetus*; and Aristotle's *Ethics* (Mairland's Edition.)

Books recommended: Freiler; *Lectures on Early Greek Philosophy*; Church's *Translation of Aristotle*; *Cratylus and Phaedo* (Golden Treasury Series); Davies and Vaughan's *Translation of Republic*, (N. T. S.); Dyde's *Translation of Theaetetus*; Aristotle's *Ethics* (The Scott Library, or Future's Translation); Zeller; *Greek Philosophy*; Boreo; *Early Greek Philosophy*; Bonanquet; *Cooperation in Plato's Republic*; Nettleship; *Philosophical Lectures and Remarks*; *Essay in Hellenism*; Stewart; *Chapters from Aristotle's Ethics*; Jowett's *Translation of Plato's Dialogues*; Freiler; *Plato and Plotinus*; Wallace; *Epicureanism*; Hegel; *History of Philosophy*.

Moral Philosophy.

Mondays and Fridays, 3—4 P. M.

For 1903-4. This course of lectures attempts a systematic presentation of the Principles of Moral Philosophy.

Books recommended: Seth; *Ethical Principles*; Martineau; *Elements of Ethics*; Green; *Prolegomena to Ethics*; Dewey; *Outline of Moral Philosophy*; Mackenzie; *Morals of Ethics*; Green; *Lectures on Moral Philosophy* (ed. by Bonanquet); Mill; *Utilitarianism*; Spencer; *First of Ethics*; Passmore; *Ethics*; Watson; *Relativist Theories*; Ward; *Ethics*; Mease; *Ethics*.

Advanced Philosophy.

Tuesdays and Thursdays, 3—4 P. M.

For 1903-4. Either Wundt's *Ethics* and Hegel's *Philosophy of Right* (Dyde's Translation) will be studied critically, or the development of Ethical Theories in Britain from Hobbes will be traced in Selby Bigge's *British Moralists*; Hume's *Enquiry*; Douglas's *Ethics of J. S. Mill*; Spencer's *Principles of Ethics*; Sidgwick's *Methods of Ethics*; Martineau's *Types of Ethical Theory* Vol. II; and Green's *Prolegomena to Ethics*. Students are recommended to consult the histories and criticisms of Stephen, Sidgwick, Watson, Selby, Seth and Courtney.

1904. The subject of this course is Kant's Philosophy. The *Prolegomena*, *Critique of Pure Reason*, *of Practical Reason*, and *of Judgment*, will be studied.

Translations recommended: Watson; *Solutions*: Mahaffy and Bernard; *Prolegomena*: Max Müller; *Critique of Pure Reason*: Abbott; *Theory of Ethics*: Bernard; *Critique of Judgment*.

Commentaries and Expositions recommended: Striding; *Text-Book to Kant*: Wallon; *Kant*: Fischer; *Kant*: Caird; *Critical Philosophy*: Watson; *Kant and his English Critics*, and *Essays III and IV* and *Speaker on an Outline of Philosophy*: Adamson; *Philosophy of Kant*: Mackay and Bernard; *Critique of Pure Reason Defined and Explained*: Green; *Philosophical Works Vol. II*: Paulsen; *Kant*.

XI.—EDUCATION.

The class in the Science of Education conducted by Prof. Walter C. Murray in the Faculty of Science, and the examinations of the Faculty of Science, are recognized as qualifying for a degree. (See Fac. Science.)

XII.—MATHEMATICS.

Professor.....DANIEL A. MURRAY, Ph. D.

The *First Mathematics Class* is prescribed for regular first year students in Arts and Science. The *Second Mathematics Class* is elective for any student who has passed in the work of the First Mathematics Class. Each of the *Advanced Mathematics Classes* is elective for any student who has passed in the work of the Second Mathematics Class.

First Mathematics Class.

Daily, 11 A. M.—12 M.

The work of this class includes:

ALGEBRA:—Indices, Theory of Quadratic Equations, Irrational quantities, Quantities involving $\sqrt{-1}$, Proportion, Variation, Progressions, Notation, Permutations and Combinations, Binomial Theorem, revised, Inequalities, Indeterminate equations, Properties of Logarithms, Interest and Annuities, Horner's method of approximating to the roots of an equation, Elementary discussions on functions, limits and series, Selected propositions in the theory of equations, Graphical representation of functions, and Plotting of loci of equations. Elements of Determinants, with applications to elimination and the solution of simultaneous equations.

Indeterminate coefficients, Partial Fractions, Simple exercises in Probability, if there be time for these topics.

GEOMETRY:—Euclid, Book VI revised, and Book XI. Theorems and problems with drawing exercises, on Harmonic Ratios and Pencils, Poles and Polars, and Transversals. Geometry of the Sphere, Elementary propositions in the geometrical treatment of the parabola and the ellipse.

TRIGONOMETRY:—The solution of plane triangles. Measurement of heights and distances, Elementary angular surveys.

Books recommended: Hall and Knight's; *Higher Algebra* (Macmillan & Co.) Hall and Stevens' edition of *Euclid* (Macmillan & Co.), Holgate's *Geometry* (Macmillan & Co.), Lockhart's and Walker's; *Geometrical Treatise of Cosines* (Macmillan & Co.), Murray's *Plane Trigonometry* and *Tables* (Longmans, Green & Co.).

Second Mathematics Class.

Daily, 10—11 A. M.

An elementary course in ANALYTIC GEOMETRY and DIFFERENTIAL AND INTEGRAL CALCULUS.

This course is intended for those who wish to become familiar with the fundamental principles of analytic geometry and the infinitesimal calculus, and to acquire the ability to apply those principles easily and accurately in the solution of simple practical problems. The course provides mathematical preparation sufficient for beginning the study of engineering, physics, and other mathematical sciences. It is recommended as the minimum mathematical equipment for those intending to teach mathematics in the high schools.

SPHERICAL TRIGONOMETRY is prescribed for private reading for those who are trying for Distinction (See § X, 6) in the Second Mathematics Class.

Books recommended: Tanner and Allen's *Analytic Geometry*, McMahon and Snyder's *Differential Calculus*, Murray's *Integral Calculus*, (All published by The American Book Co.); Murray's *Spherical Trigonometry*, (Longmans, Green & Co.)

Advanced Mathematics Classes.

12 M.—1 P. M.

The courses in these classes are intended for those who wish to take mathematical work in the third or the fourth year in the ordinary B.A. course (See § VII.) They are also intended to serve as courses introductory to the study of higher mathematics, for those who may afterwards attend the graduate schools in the larger universities. Candidates for Honours in Pure and Applied Mathematics (§ VIII, 6) are required to take four of these courses in class.

N. B.—Two of these courses will be given during each year. The same course will not be given in two consecutive years.

(1) **ADVANCED CALCULUS**.—Topics in the treatises of Todhunter, Williamson, Hartshak, Lamb, and Gibson, (Two hours weekly throughout the year.)

(2) **PLANE AND SOLID ANALYTIC GEOMETRY**, with an introduction to the general theory of higher plane curves, based on the treatises of Salmon and C. Smith, (Three hours weekly throughout the year.)

(3) **DIFFERENTIAL EQUATIONS**.—Murray's *Differential Equations*, with supplementary lectures. (Two hours weekly throughout the year.)

(4) **MODERN ALGEBRA**.—Topics in Determinants, Theory of Equations, QUANTICS, INVARIANTS, with lectures on Series and Functions of a real variable. (Three hours weekly throughout the year.)

(5) **THEORY OF FUNCTIONS**.—An elementary course in the theory of functions of a complex variable. (Two hours weekly throughout the year.)

(6) **PROJECTIVE GEOMETRY**.—(Two hours weekly throughout the year.)

Private Reading.

Subjects and topics for private reading will be prescribed for students who aim at Distinction (See § X 6.) in the Second and the Advanced Mathematics Classes, and for candidates for Honours in Pure and Applied Mathematics (See § VIII., 6).

XIII.—PHYSICS.

(George Munro Professorship.)

Professor STEPHEN M. DIXON, M. A.

Junior Physics Class.

Mondays, 4—5 P. M., Tuesdays and Thursdays, 11 A. M.—12 M.

In this Class a rapid survey of the whole subject of Experimental Physics is taken, the subjects treated being:—Dynamics; Properties of Solids and Fluids; Sound; Heat; Electricity and Magnetism; and Light and other forms of Radiation. The mode of treatment is inductive and quasi-historical, the generalisations and theoretical conceptions being worked up to experimentally but not systematically developed by deduction. The amount of mathematical knowledge assumed is not greater than can be acquired in the First Year Class in Mathematics.

Members of the Class who aim at passing merely, will be examined in those subjects only which are fully discussed in class. Those who aim at Distinction will be expected to give considerable attention to Dynamics, and to consult the works recommended by the Professor on all subjects that may be referred to in class. Students are expected to hand in problem papers for correction and criticism.

Books recommended: 'Students' Dynamics,' Minchin; 'Hydrostatics,' Magnus; 'Mechanics Treated Experimentally,' Cunningham; 'Heat, Light, and Sound,' Jones; 'Electricity Treated Experimentally,' Cunningham; 'Principles of Physics,' Daniell; 'Natural Philosophy' (Luchmann); 'Physics,' Watson; 'Physics,' Anthony & Bruckert; 'Physics,' Nichols; 'Elementary Manual of Heat,' Glaesbrouk; and 'Elementary Manual of Light,' Glaesbrouk.

Senior Physics Class.

Mondays and Wednesdays, 10 to 11 A. M.

The work of this Class extends over two years. It is assumed that students who take it have studied Differential and Integral Calculus in the Second Year Class in Mathematics and have also taken the Junior Physics Class. The more important generalisations and theoretical conceptions, obtained inductively in the Junior Class, are made the starting point; and the treatment is thus largely deductive, deductions being tested by experiment, and important practical applications discussed.

Students who aim at passing merely, will be examined in those portions only of the subjects which are discussed in class. Those who aim at Distinction are expected not only to acquire considerable power of applying principles in the solution of problems, but also to study privately portions of the subject not fully treated in class.

The subjects to be treated during the next two years are as follows:

1902-03. Sound and Light. Students aiming at distinction will pay particular attention to the Wave Theory of Light.

1903-04. Properties of Matter, Heat, Electricity and Magnetism. The Kinetic Theory of Gases will form a Special Course for Students aiming at Distinction.

Books recommended: Sound: 'Sound,' Pyralis and Thomson; 'Treatise on Sound,' Lord Rayleigh; Light: 'Theory of Light,' Prouty; 'Physical Optics,' Glaesbrouk; 'Light,' Tait; 'Properties of Matter,' Kinetic Theory of Gases, Meyer and Lehnert; Heat: 'Theory of Heat,' Maxwell; 'Theory of Heat,' Preston; 'Heat,' Tait; 'Heat,' Wright; 'Sketch of Thermodynamics,' Buckingham; 'Steam Engines' (Belins); 'Steam Engine and other Heat Engines,' King; 'Electricity and Magnetism'; 'Lessons on Electricity and Magnetism'; 'Elements of Electricity and Magnetism,' Thomson; 'Electricity and Magnetism,' Maxwell; 'Absolute Measurements in Electricity and Magnetism,' Gray; 'Dynamo-electric Machinery,' Thompson.

Mathematical Physics Class.

Mondays and Wednesdays, 11 A. M.—12 M.

It is assumed that students in this class have a knowledge of Analytical Geometry and Differential and Integral Calculus.

Books recommended: 'Kinematics and Dynamics,' MacGregor; 'Dynamics,' Williamson and Tarleton; 'Analytical Statics,' Todhunter; 'igid Dynamics,' Heath; 'Statics,' Minchin; 'Hydrostatics,' Greenhill; 'Hydro-mechanics,' Beant.

Advanced Experimental Physics Class.

At least once a week.

The subjects studied are (a) physical experimental methods, and the elimination of errors, this section of the class work being conducted mainly by private research, under the Professor's supervision, of original papers by Faraday, Joule, and Kelvin; (b) the treatment of observations, including graphical methods and the method of least squares, and the influence of errors of observation on results; (c) the relation of theory to experimental research illustrated by sketches of one or more of the following:—the kinetic theory of gases, the theory of solutions and of electrolysis, the wave theory of light.

Books of reference: Faraday's Experimental Researches in Electricity, Vol. I. (Quaritch); Joule's Scientific Papers, Vol. I (Taylor & Francis); Lord Kelvin's Mathematical and Physical Papers, Vol. II. (Cassell, Univ. Press); Merriman's Text-Book of Least Squares (John Wiley & Sons); Johnson's Precision of Measurements (J. Wiley & Sons); Meyer's Kinetic Theory of Gases (F. Dreyfus Longhans & Co.); Whetham's Solution and Electrolysis (Camb. Univ. Press); Leffler's Text-Book of Physical Chemistry (Arnold); Preston's Theory of Light.

Junior Practical Physics Class.

(At least five hours a week.)

The work of the class will consist of the experimental investigation of simple physical laws, constants such as density, specific heat, etc., being determined incidentally. Students are required to prepare reports on the investigations made, describing in outline the methods used, and discussing in detail the results obtained and their degree of precision.

Members of the class who wish to become Science teachers will be allowed to devote part of their time to the devising and executing of illustrative experiments of a qualitative and quantitative kind with the

simple apparatus and materials usually available in schools. Those who do so will be required to prepare illustrated lessons and give them before an audience.

Students will be examined in the subjects of Chaps. I-VII. of Glazebrook & Shaw's Practical Physics and in other discussions, recommended by the Professor, of any experimental methods which they may have used. Their standing in the Pass and Distinction Lists will depend upon the number and quality of the papers prepared and lessons given, and on the results of the examination.

Books of reference: Glazebrook and Shaw's Practical Physics (Longmans); Kohlrausch's Physical Measurements (Churchill); Heisen's Comparison Tables and Logarithms.

Senior Practical Physics Class.

(At least five hours a week.)

The work of this class will consist of the investigation of physical laws of a more complex kind than in the Junior class, and a greater degree of precision will be expected in the determinations made. Students who show sufficient ability will be allowed to conduct new investigations, provided they do not use for that purpose a large portion of the prescribed time.

Members of the class are required to prepare reports on the investigations conducted, of the same kind as in the Junior class, to attend the lectures of the Advanced Experimental Physics Class on physical measurement generally, as described, *e. g.*, in Glazebrook & Shaw's Practical Physics, and to study discussions of the methods they may use in the works recommended by the Professor.

Class standing is determined as in the Junior class.

Books of reference: Those specified above, together with Stewart & Goss's Elementary Practical Physics (Macmillan); Arrton's Practical Electricity (Gosnell); Nichols' Laboratory Manual of Physics and Applied Electricity (Macmillan); Ostwald's Physico-chemistry Measurements (Macmillan); Woldemar's, Physikalisches Praktikum; and Threlfall's Laboratory Arts (Macmillan).

Advanced Practical Physics Class.

(At least ten hours a week.)

The work will consist of new investigations conducted by students who have shown sufficient ability either in the Senior class or elsewhere.

Members of the class will be required to acquaint themselves with the literature of the subject in which their investigations lie, to prepare critical reports on those portions of it with which their work is more immediately concerned, and to prepare full reports on the methods and results of their own observations.

Reports which are of sufficient value will be communicated to the N. S. Institute of Science. If, though, the subject may have been suggested by the Professor, the investigation has been conducted practically independently by the student, the report will be communicated in his name. If the student has been assisted by the Professor to such an extent that the investigation has not been conducted practically independently by himself, the report will be communicated as by the Professor and the student jointly.

Only a very limited number of students can be admitted to this class.

XIV.—CHEMISTRY.

(McLeod Professorship.)

Professor.....E. MACKAY, PH. D.

Junior Chemistry Class.

Mondays, Wednesdays and Fridays, 9—10 A. M.

The lectures in this class deal in an elementary way with the principles of general chemistry. At first the preparation and the characteristic properties of common acids and bases are studied, and then the chemistry of fire, of water and of air, the order of historical development being followed as nearly as possible. When some acquaintance with chemical facts has thus been gained, the fundamental laws of combination are taken up and the atomic theory and chemical formulae are introduced. Chlorine, nitrogen, carbon and some of their typical compounds are then studied, and thereafter the principal remaining elements, each in connection with the group of elements in the periodic system to which it belongs. Examinations, oral or written, are held fortnightly, and occasional written exercises are required.

Students aiming at Distinction are required to devote at least three hours a week to laboratory work. The laboratory work is designed to make the student familiar with ordinary laboratory operations and to lead him to solve simple problems in chemistry by experiment. Several common inorganic substances are prepared and studied; simple quantitative experiments are performed; and some time is devoted to elementary work in qualitative analysis.

Book recommended: Benson's *Introduction to the Study of Chemistry*, (Macmillan & Co.), for both class and laboratory work.

Senior Chemistry Class.

(Tuesdays and Thursdays, 9—10 A. M.)

The lectures in this class are for the first few weeks devoted to a fuller treatment of chemical theory and the chemistry of the metals than is given in the Junior Class. The remainder of the year is devoted to organic chemistry.

Students aiming at Distinction are required to devote at least three hours a week to laboratory work. This will include a fuller course in qualitative analysis than is given in the Junior Class, and, in addition, the preparation of pure laboratory reagents and of typical inorganic and organic substances.

Books recommended: For class use, *Boncoe and Hardes' Inorganic Chemistry for Advanced Students* (Macmillan & Co.); *Benson's Compounds of Carbon* (Macmillan & Co.). For reference, *Benson's Inorganic Chemistry, Advanced Course* (H. Holt & Co.).

Advanced Chemistry Class.

(One hour a week.)

The subjects of study in this class are (a) History of chemical theory; (b) Special topics in inorganic and organic chemistry in connection with the reading prescribed for the Special Course in Chemistry and Chemical Physics.

Practical Inorganic Chemistry Class.

The work of this class consists of quantitative analysis and the preparation of inorganic substances.

One hour a week is taken for the discussion of analytical methods, and at least ten hours a week must be devoted to laboratory work. The preparations and analyses prescribed are designed to illustrate the typical methods. The quantitative exercises carried out are the following: preparation of standard solutions of acids and alkalies, estimation of chlorine, sulphur, phosphorus, silicon, silver, copper, iron, manganese, calcium and magnesium, volumetric as well as gravimetric methods being employed wherever applicable.

Candidates for Distinction are required to undertake additional work selected from the following: estimation of iodine, nitrogen, zinc, nitrate, carbon in carbonates, potassium, chromium, aluminium, zinc, and lead, analysis of iron and steel, analysis of ores, water analysis.

Books recommended: *Refract's Inorganic Preparations*, (Johns Hopkins Press); *Clayton and Coleman's Quantitative Analysis*, (J. & A. Churchill); *Blaiz's Chemical Analysis of Iron*, (J. B. Lipincott & Co.); *Mason's Estimation of Water*, (Wiley & Sons).

Practical Organic Chemistry Class.

The work of this class consists of the preparation and analysis of organic compounds. At least ten hours a week must be devoted to laboratory work. A sufficient number of organic compounds are prepared to illustrate the most important reactions and methods of working. Quantitative determinations are carried out of carbon, hydrogen, oxygen and nitrogen.

Students are permitted to substitute for the analytical work an equivalent amount of work in other branches of analysis or in physiological chemistry.

Candidates for Distinction are required either to do additional work of the kind outlined above or to carry out a short original investigation.

Books recommended: *Benson's Compounds of Carbon* (Macmillan & Co.); *Cohen's Practical Organic Chemistry for Advanced Students*, (Macmillan & Co.); *Clayton and Coleman's Quantitative Analysis*, (J. & A. Churchill).

Advanced Practical Chemistry Class.

The work of the class will consist either (a) of original investigation conducted by students who have shown themselves qualified to undertake it, or (b) of work in analytical or synthetic chemistry in continuation of the work of either the Practical Inorganic or the Practical Organic Class.

CHEMICAL LABORATORY.

The general laboratory accommodates about eighty students, the quantitative laboratory about sixteen. A reference library is placed in the laboratory for students doing advanced work.

Laboratory students are allowed the use of all the more expensive reagents. They are required to provide themselves with the more expensive reagents, as alcohol and ether, and they are charged with the value of apparatus they have broken or injured.

All members of practical classes are required to keep a detailed record of their laboratory work. The character of this record is a factor in determining the standing of a student in the class lists.

The general laboratory is open to students in Arts on Mondays and Wednesdays from 3 to 6 p. m. The quantitative laboratory is open daily except Saturdays from 9 a. m. to 5 p. m.

XV.—GEOLOGY.

The class in Geology, conducted by Mr. H. S. Poole, M. A., of the Faculty of Science, and the examinations conducted by the Faculty of Science in this subject, are recognized as qualifying for a degree. See Faculty of Science.

XVI.—BOTANY.

The class in Botany, conducted by the Faculty of Science, and the examination conducted by the Faculty of Science in this subject, are recognized as qualifying for a degree. See Faculty of Science.

XVII.—ZOOLOGY.

The class in Zoology conducted by A. Holliday, M. D., of the Faculty of Science, and the examinations conducted by the Faculty of Science, are recognized as qualifying for a degree. See Faculty of Science.

XVIII.—HISTOLOGY.

The University provides no instruction in this subject; but the class conducted in the Halifax Medical College by Professor G. M. Campbell, and H. D. Weaver, M. D., is recognized as qualifying for a degree. The class meets on Mondays, Wednesdays, and Fridays, at 10-11 a. m. The fee for the course is \$15.00.

§ II.—The Academic Year.—The Academic year consists of one Session, The Session of 1902 will begin on Thursday, 11th September, 1902, and end on Tuesday, 28th April, 1903.

§ III.—Admission of Students.—(1). Persons of either sex may become students of the College by (a) furnishing satisfactory references or certificates of good moral character (on first entering the College); (b) entering their names in the Register (annually), and (c) paying the annual Registration fee, (£) xxiii.

(2). Registered students may, on presentation of their Registration Tickets, and on payment of the proper fees, (Exxiii.), enter any of the ordinary classes of the College. The Advanced Classes are restricted to students who have sufficient knowledge of the subjects taught in them.

(3). Students who are candidates for degrees are known as Undergraduates. Candidates for the higher degrees in attendance on classes are known as Graduate Students. All others are known as General Students.

§ IV.—Degree of Bachelor of Arts.—(1.)

Candidates for this degree must attend with regularity the classes of their courses of study as prescribed in § vii, perform the exercises required and appear at the examinations held in connection with such classes, and secure a position on the Pass Lists in all subjects. The course of study extends over at least four years, but, in the case of students who enter at advanced stages, may be completed in a shorter time.

(2.) Persons may become candidates for degrees by passing the Junior or Senior Matriculation Examination, (§§ v, vi). Those who pass the Senior Matriculation examination are exempted from attending the classes recommended in § vii to be taken in the first year of attendance, and may complete their courses in three years. In general, the Matriculation examination is to be passed by a student before he enters upon a course of study leading to a degree. For subjects of examinations, examinations recognized as equivalent, &c., see §§ v, vi.

(3.) General students who have attended some of the classes in either of the Courses of Study and passed in the subjects of them, may become candidates for a Degree by passing one of the Matriculation examinations, in which case the classes previously attended will be recognized as qualifying for a Degree. But in those subjects of the Matriculation examination in which they have previously attended classes, such students will be expected to show a higher proficiency than if they had passed the examination at the beginning of their course.

(4.) Undergraduates of other Universities may, on producing satisfactory certificates, be admitted of *excoelo* status in this College, if they are found qualified to enter the classes proper to their years. But if their previous courses of study have not corresponded to the courses on which they enter in this College, they may be required by the Faculty to take additional classes.

§ V.—Junior Matriculation Examination.

—(1.) The following are the subjects of this examination :

1—2. Two of the following languages must be selected : Latin, Greek, French, German. Candidates for B. A. must pass in Latin. If they are to take Greek as one of the subjects of the First Year, they must also pass in Greek.

LATIN.—Translation : (a) Passages for translation from prescribed books with questions arising out of those books. (For 1902 Cassar, *Gaëlic War*, Book I, and Vergil, *Æneid*, Book II. (For 1903 Cassar, *Gaëlic War*, Book I, and Vergil, *Æneid*, Book III. (b) Short and easy passages for translation at sight from books not prescribed. Composition : Such a knowledge as may be gained from Collar and

Daniell's First Latin Book, and the first eighteen exercises of Bradley's Arnold's Latin Prose Composition. Grammar : As in Bennett's Latin Grammar, or Allen and Greenough's.

NOTE.—The Roman pronunciation of Latin as given in all the modern grammars, is the one used in the class-rooms. It is strongly recommended that special attention be given to the reading of the Latin aloud with correct accent, with fluency, and with proper expression. This recommendation applies also in the case of Greek, the words being accented according to the written Greek accent, and the diphthongs pronounced as follows :

ai as in aisle,	oi as oi in our,
ei as in height,	oe as in feed,
oi as in oil,	oo as in group,
oo as in quit,	oo as ai-oo rapidly pronounced.

GREEK.—Translation : (a) Passages for translation from prescribed books with questions arising out of those books. (For 1902, Xenophon, *Anabasis*, Book IV. (For 1903, Xenophon, *Anabasis*, Book I. (b) Short and easy passages for translation at sight from books not prescribed. Composition : Such a knowledge as may be gained from White's First Greek Book, and the first fifteen exercises of Fletcher and Nicholson's Greek Prose Composition. Grammar : As in Elementary Grammars.

FRENCH.—Vulgar : *Charles XII.*, Books I, II, III. Grammar questions limited to the Accidence, and based on the passages selected for translation.

GERMAN.—Bachstein, *German Reader*, Part I, (Clarendon Press), or Hauff, *Das Wirtshaus* in Spessart (MacMillan & Co.) omitting the five tales interwoven in the original story. Grammar questions limited to the Accidence, and based on the passages selected for translation.

3.—**ENGLISH.**—Language : Grammar, Analysis, Parsing, Composition : An essay on one of several set subjects to be drawn from :—*Macaulay, Warren Hastings ; Shakespeare, Merchant of Venice ; Longfellow, Evangeline ; Scott, The Lady of the Lake.*

Questions on a passage not specified.

NOTE.—The essential part of this examination is the essay. Legible writing, correct spelling and punctuation, will be considered indispensable. Skill shown in sentence and paragraph construction will be awarded high marks. Not more than one of the works named need be read. It should be read primarily for the story, and need not be studied minutely, as a choice is allowed among at least four themes drawn from the works named.

4.—**ARITHMETIC AND ALGEBRA.**—*Arithmetic, Algebra* : As in Hall and Knight's *Algebra for Beginners*, or Toddhunter and Loney's *Algebra for Beginners*, or Wentworth's *Algebra*.

5.—**GEOMETRY.**—Euclid, Books I, II, III, IV. Definitions of Book V., Book VI., first 10 propositions, or their equivalents.

6.—**HISTORY AND GEOGRAPHY.**—Outlines of English and Canadian History and General Geography.

Candidates who pass in three or more subjects, but fail to pass the examination as a whole, will be exempted from such

subjects, should they appear as candidates on any subsequent occasion.

Candidates reaching a certain standard will be declared to have Passed with Distinction, and will be eligible for the Sir William Young and Professors' Scholarships, and the Mackenzie Bursary. (§ xv.)

(2.) Candidates who hold the following Diplomas, Licenses or Certificates, shall be exempted from the above examination in subjects which were included in the examinations by which such Diplomas, Licenses or Certificates were obtained, and in which a sufficiently high standard was reached:—

- a) Teachers' Licenses of Grades A or B of Nova Scotia.
- b) High School Leaving Certificates of Grades XII (A.) or XI (B.) of Nova Scotia.
- c) Honour Diplomas, or First or Second Class Ordinary Diplomas, as issued by the Prince of Wales College, P. E. I.
- d) First Class Teachers' Licenses of Prince Edward Island.
- e) Superior Licenses (except in the subject of Latin), or First Class, or Grammar School Licenses, of New Brunswick.

Candidates who hold Teachers' Licenses or Leaving Examination Certificates issued by the Education Office of other Provinces, may be exempted from the whole or from parts of the above examination on application to the faculty.

Persons who, as candidates for the above licenses or certificates, succeeded in reaching a sufficiently high standard in the majority of the subjects of the above examination, shall be exempted from examination in such subjects.

(3.) Persons may be admitted as Undergraduates of the First Year, without examination, on presentation of certificates from the Principals of High Schools or Academies, approved for this purpose by the Faculty, stating that they have satisfactorily completed the work prescribed for the Junior Matriculation Examination and passed satisfactory examinations therein.

(4.) This examination will be held at the College on September 10th—13th, 1902.

§ VI.—Senior Matriculation Examination.

—(1.) The following are the subjects of this examination:

- 1—2 Two of the following:—Latin, Greek, French, German.

Candidates for B. A. must pass in Latin. If they intend to take Greek as one of the subjects of the Second Year they must also pass in Greek; if not, they may select Greek, or French, or German.

LATIN.—(For 1902).—Cicero, *Orations against Catiline, De Senectute, De Amicitia*; Vergil, *Æneid*, Book VI.

(For 1901).—Cicero, *De Senectute, De Amicitia*; Horace, *Epistles*, Books I and II; Tacitus, *Annals*, Book I.

GREEK.—(For 1902).—Xenophon, *Hellenica*, Books I and II; Euripides, *Medea*.

(For 1901).—Lucian, *Veru Historia*; Demosthenes, *De Corona*, (omitting the documents).

The papers in Latin and Greek will contain passages for translation from the books prescribed, together with grammatical and other questions arising out of those books, and short and easy passages for translation from books not prescribed. General questions in Latin and Greek Grammar will also be set, and some English sentences to be turned into Latin and Greek.

FRENCH.—Macmillan's *Progressive French Reader*, II Year; Mollire; *Le Bourgeois Gendarme*; Serbie; *Fallire*; Grammar (Bruchet, Public School Grammar); Composition.

GERMAN.—Haff; *Wörterbuch im Spenser*, excluding the five tales interwoven in the story MacMillan & Co.; Brechlein; German Reader, Part II; Schüller; *Wörterbuch Teil*; Grammar (Joyes-Meisner); Composition.

3 ENGLISH.—Language: Grammar, Analysis, Parsing, Composition: An essay on one of several set subjects, to be drawn from:—Macaulay; *Warren Hastings*; Shakespeare; *Merchant of Venice*; Longfellow; *Emmeline*; Scott; *The Lady of the Lake*. (See § v, 3. Note).

Literature.—Eighteenth Century: *Poem*, Addison; *Papers contributed to the Spectator*, Johnson; *Life of Pope*, Macaulay; *Samuel Johnson*, Dryden; *MacFlecknoe*, St. Cecilia's Day, *Alexander's Feast*, Pope; *Rape of the Lock*, Gray; *Essay in a Country Churchyard*, Goldsmith; *Traveler*, *Deserted Village*, Burns; *Two Dogs*, Colter's *Saturday Night*.

History and Geography.—Outlines of English and Canadian History and General Geography.

Instead of the works prescribed here in Latin, Greek, French, German and English, candidates for matriculation (but not for scholarships) may offer equivalents; provided they have been previously approved by the President.

4. MATHEMATICS.—*Arithmetic, Algebra, Geometry, and Trigonometry*, as specified for the Junior Matriculation Examination and in the work of the First Mathematics Class. (See § I, page 20, § V.)

Algebra.—Indices, Theory of Quadratic Equations, Irrational Quantities, Quantities involving $\sqrt{-1}$, Proportion, Variation, Progressions, Notation, Permutations and Combinations, Binomial Theorem, Inequalities, Indeterminate Equations, Properties of Logarithms, Interest and Annuities. Horner's method of approximating to the roots of an equation; Elementary theorems concerning equations, functions, limits, and series. Graphical representation of functions, and plotting of loci of equations. Elements of Determinants, with applications to elimination and the solution of simultaneous equations, Partial Fractions. Probability.

Geometry.—Euclid, Books VI, XI. Propositions on Harmonic Ranges, and Pencils, Poles and Polars, and Transversals. Geometry of the Sphere. Elementary propositions in the geometrical treatment of the parabola and the ellipse.

Trigonometry.—The solution of plane triangles. Measurement of heights and distances. Elementary angular analysis.

N. B.—The above subjects are prescribed for Candidates for Senior Scholarships. Should such Candidates desire to have subject 3 reckoned for scholarship purposes, they must notify the President to that effect in their application for matriculation. The award will be made according to average of marks.

5. **CHEMISTRY, or BOTANY.**—*Chemistry*.—The elements of General Chemistry. Reizen's *Introduction to the Study of Chemistry* (MacMillan & Co.) may be taken to indicate in a general way the extent of knowledge required. Special importance will be attached to an acquaintance with the experimental evidence upon which the more important facts and the fundamental laws of the science are based.

Botany.—The elements of General Botany. Bessey's *Essentials of Botany* and Spanton's *High School Botany* may be taken to indicate in a general way the extent of knowledge required and the method to be pursued. The examination will be designed to test the extent to which the candidate's knowledge of the subject is founded upon practical study.

Candidates may take either Chemistry, or Botany as the fifth subject of this Examination. All candidates for degrees who do not pass in the Chemistry of this examination, are required to take the class in Junior Chemistry as one of the subjects of their course. Should any candidate pass in the Botany of this examination, he shall not be permitted to offer Botany as one of the electives of his course.

(2.) Candidates who have previously passed in one or more of the above subjects, either at the Senior Matriculation Examination or at the Junior Matriculation and First Year Examinations, shall be exempt from further examination therein.

(3.) Candidates who hold the following Licenses, Diplomas or Certificates shall be exempted from the above Examination in subjects, except Chemistry, which were included in the Examinations by which such Licenses, Diplomas or Certificates were obtained, and in which a sufficiently high standard was reached:

- a) Teachers' Licenses of Grade A of Nova Scotia.
- b) High School Certificate of Grade XII (A) of Nova Scotia.
- c) Honour Diplomas, or First-Class Diplomas on the Third Year work, as issued by the Prince of Wales College, P. E. I.
- d) Grammar School Licenses of New Brunswick.

Candidates who hold the following Licenses or Certificates shall be exempted from such parts of the Junior Matriculation Examination as are common to it and the examinations by which such Licenses and Certificates were obtained, provided that in the latter the candidates reached a sufficiently high standard:

- a) Teachers' Licenses of Grade B of Nova Scotia.
- b) High School Certificates of Grade XI of N. S.
- c) First Class Teachers' Licenses of P. E. I.
- d) Second Class Honour Diploma of Prince of Wales College.
- e) Superior or First Class Licenses of New Brunswick.

Candidates who hold Teachers' Licenses or Leaving Examination Certificates, issued by the Education Offices of other Provinces, may be exempted from the whole or from parts of the above examination, on application to the Faculty.

Persons who, as candidates for the above Licenses and Certificates, attained a sufficiently high standard in the more important of the subjects of the above examination, shall be exempted from examination in such subjects.

(4.) Candidates must give at least one fortnight's notice to the President, of their intention to appear at this examination; and, in giving such notice, they must state in what Latin, Greek, French, German, and English books they intend to offer themselves for examination, and in what subjects they claim exemption from examination.

(5.) This examination will be held at the College, on September 10th—15th, 1902.

§ VII.—Ordinary Courses of Study for Degree of B. A.—(1.) The B. A. course consists of the following classes:—

- a) Three in either Latin or Greek.
- b) Two in English.
- c) Two in one of the following:—The classical language not selected to be studied for three years, German, French.
- d) One in each of the following:—History, Philosophy, Mathematics, Physics, Chemistry.
- e) Eight single classes (or an equivalent), to be selected, subject to the approval of the Faculty, from the lists given below [§ vii (9), p. 44], a single class being one in which two or three lectures per week are given, a double class one in which the number is four or five, and one double class being regarded as equivalent to two single classes.

(2.) The classes not specified above, which are selected by students as part of their course, must be submitted to the President for approval at a date not later than Oct. 1, 1902.

(3.) Undergraduates in taking French or German for the first time, enter the classes for which the Professor considers them fitted. In other subjects, they enter the First or Junior classes.

(4.) The First class in Latin, Greek, French and German is not recognized as a part of the course for a degree unless the Second class is subsequently taken.

(5.) No class in which the subjects studied are the same from year to year, can be taken twice as part of a course.

(6.) A sufficient number of the more purely literary, philosophical, or scientific subjects of theological, legal, and medical courses respectively, are included among the elective subjects, to enable the student during his course to complete part of one or other of these professional courses. Students taking Constitutional History, Constitutional Law and Contracts, and passing therein, are allowed to complete their Law Course in this College subsequently, in two years (§ xi (4)).—Students who have registered as undergraduates in Medicine, may complete one *annus medicus* during their Arts Course by taking Junior Chemistry, Junior Physics, Botany and Zoology as part of their Arts course, and by taking Junior Anatomy as an additional subject. They are recommended to attend the class in Histology, to avoid conflict of hours in the time-table. (See Faculty of Medicine).

(7.) The classes in the above courses may be taken in any order subject to the provisions:—(1) that in any one subject, classes are to be taken in the order of their advancement; (2) that First Mathematics is to be taken before Junior Physics; and (3) that Junior Physics is to be taken before Practical Physics.

(8.) In the following statement, the classes are arranged in years, to show the order in which it will generally be found most convenient to take them. The time-table of lectures and the dates of examinations are based upon this arrangement.

The details of the subjects studied in these classes will be found under Courses of Instruction. (§ i).

First Year.

1. Latin or Greek.
2. The classical language not selected as subject 1: or French, or German.

3. First English.
4. First Mathematics.
5. Junior Chemistry.

N. B.—Undergraduates who intend in their Third Year to enter the Special Course in Mathematics and Physics, or Chemistry and Chemical Physics, (§ viii, 12 & 13), are recommended to take German as subject 2, and to give special attention to Mathematics and Chemistry.

Undergraduates who intend to enter other special courses, are recommended to take German as an additional class.

Second Year.

1. The language selected as subject 1 in the First Year.
2. The language selected as subject 2 in the First Year.
3. Second English.
- 4—5. Any two of the following:—Mathematics, Chemistry, Junior Physics, Junior Philosophy.

If the classes in Physics and Philosophy are not taken in this year, they must be taken in a subsequent year.

Third and Fourth Years

1. Latin or Greek or N. T. Greek. The language selected must have been taken during the First and Second Years.
2. Junior History.
- 3—10. Eight classes from the following subjects:—

Latin,	Contracts,
Greek,	Political Economy,
N. T. Greek,	Philosophy,
Hebrew,	Science of Education,
French,	Mathematics,
German,	Physics,
Biblical Literature,	Chemistry,
English,	Geology,
History,	Botany,
Constitutional History,	Zoology,
Constitutional Law,	Histology,

N. B.—Any advanced Class may, in these years, be taken as an ordinary class, if approved by the Faculty.

§ VIII. — Special Courses for Degrees.—

(1.) An undergraduate shall be allowed, after completing the work recommended in § vii for the first two years of his course, to restrict his attention to a more limited range of subjects than that of the ordinary course, by entering upon one of the Special Courses, provided he has either attained both a First Class standing at the previous Examination in the subject corresponding to that of the Special Course selected, and a satisfactory standing in the other subjects, or has received the special permission of the Faculty.

(2.) Special Courses are provided in the following departments, viz., (A) Classics, (B) Latin and English, (C) Greek and English, (D) English and German, (E) English and English History, (F) Philosophy, (G) Pure and Applied Mathematics, (H) Mathematics and Physics, (I) Chemistry and Chemical Physics.

(3.) An undergraduate taking a special course in any of the above departments shall be required to attend the Advanced Classes provided in the subjects of such departments (§ 1), to make progress satisfactory to the Professors who conduct such classes, and to pass the examinations in the subjects of such department. He shall be allowed to omit, from the subjects of the ordinary course, certain subjects specified below, and may select as his ordinary classes in any year, any of the classes of that year, subject to the following regulations and to the approval of the Faculty.

(4.) The examinations in the subjects of Special Courses shall be held at the end of the Fourth Year.

(5.) Undergraduates taking the Special Course in **Classics** (A) may, in each of the Third and Fourth Years, omit any two of the subjects of those years, except Latin and Greek.

They shall be examined in the following subjects :

LATIN.

I. Candidates will be required to have a critical knowledge of the following works, in addition to those prescribed in the ordinary course :—

- Plautus : *Miles Gloriosus*.
Terence : *Adelphi*.
Virgil : *Georgics*, Books I, IV.
Horace : *Epistles*, Books I, II ; *Art Poetica*.
Juvenal : *Satires*, Books VII, VIII, XIV.
Cicero : *De Oratore*, Books I, II, III.
Livy : Book XXI, XXII.
Tacitus : *Agriicola* ; *Annals*, Book II.

II. Candidates will be required to show a general knowledge of one prose and one verse subject, to be chosen by them from the following list :—

- Plautus : *Menecchus*, and *Aulularia*.
Terence : *Andria*, and *Heautontimorumenos*.
Cicero : Select Letters, (Mairhead's edit., Longmans, London).
Tacitus : *History*, Books III, IV, V.

III. COMPOSITIONS.—Prose.

IV. LITERATURE.—Crutwell's History of Roman Literature, selected chapters.

V. PHILOLOGY.—Victor Henry's Comparative Grammar of Greek and Latin.

GREEK.

I. Candidates will be required to have a critical knowledge of the following works, in addition to those of the ordinary course :—

- Aeschylus : *Evmenides*.
Sophocles : *Oedipus Rex*.
Aristophanes : *The Knights*.
Homer : *Odyssey*, Books V, VI, VII, VIII.
Thucydides : Book II.
Plato : *Phaedo*.
Demosthenes : *De Corona*.
Aristotle : *Poetics*.

II. Candidates will be required to show a general knowledge of one prose and one verse subject, to be chosen by them from the following list :—

- Aeschylus : *Agamemnon*, and *Choephori*.
Sophocles : *Oedipus Colonus*, and *Antigone*.
Thucydides : First and Third Books.
Aeschines : *Centra Cleophantem*, and
Demosthenes : *De Falso Legatore*.

III. COMPOSITIONS.—Prose.

IV. PHILOLOGY.—Victor Henry's Comparative Grammar of Greek and Latin.

V. LITERATURE.—Mahaffy's History of Greek Literature, the portions bearing on the authors and subjects read by the candidate during his college course. Haigh's Theatre of the Greeks.

(6.) Undergraduates taking the Special course in **Latin and English** (B) may, in each of the Third and Fourth Years of their course, omit any two of the subjects of those years except Latin and English. They shall be examined in the following subjects, viz. :—

LATIN.

The Latin subjects prescribed for the Special Course in Classics.

ENGLISH.

The historical development of the language and literature to the year 1300. Bright, *Anglo-Saxon Reader*. Sievers, *O. E. Grammar* (trans. by Cook), Pt. II. Morris, *Specimens of Early English*, I. Emerson, *History of the English Language*. Sight reading of O. E.

History of the Elizabethan and Early Stuart Literature. Sidney. *Apologie for Poetrie*. Hooker, *Ecclesiastical Polity*, Book I. Bacon, *Advancement of Learning*, Essays.

Marlowe, *Tamburlaine*, *Edward II.*, *The Jew of Malta*. Greene, *Friar Bacon and Friar Bungay*. Jonson, *The Alchemist*, *Every Man in His Humour*. Beaumont and Fletcher, *Philaster*, *The Knight of the Burning Pestle*. Massinger, *A New Way to Pay Old Debts*. Webster, *The Duchess of Malfi*. Shakspere, *Titus Andronicus*, *Romio and Juliet*, *Julius Caesar*, *Hamlet*, *Othello*, *Lea*, *Macbeth*, *Antony and Cleopatra*, *Coriolanus*, *Tiann*, *The Two Noble Kinsmen*.

Books recommended: Sidney, Cook's edition (Ginn & Co.); Hooker, Church (Clarendon Press); Bacon, Advancement, Wright (Mac. Press); Essays (Wright, G. T. Serisht); History of Literature; Ten Brink, Sal stebury, Brooks, Clarendon Press; "Merrill," "Temple Neoclassical," and Arceæ (children of Elizabethan works).

In awarding Honours, the thesis for Distinction in Fourth (D) English will hereafter be taken into consideration.

(7.) Undergraduates taking the Special Course in **Greek and English** (c) may, in each of the Third and Fourth Years of their course, omit any two of the subjects of those years, except Greek and English. They shall be examined in the following subjects, viz. —

GREEK.

The Greek subjects prescribed for the Special Course in Classics.

ENGLISH.

The English subjects prescribed for the Special Course in Latin and English.

(8.) Undergraduates taking Special Course in **English and German** (d) must have taken German in the First and Second Years of their course, and may in each of the Third and Fourth Years omit any two subjects of those years except English and German. They shall be examined in the following subjects: —

ENGLISH.

The English subjects prescribed for the Special Course in Latin and English.

GERMAN.

Middle High German: Grammar (Wright's Middle High German Primer); Selections from Hartmann von Aue, Wolfram von der Vogelweide, Nibelungenlied, Gudrun, Wolfram von Eschsbach, Predkink or Gottfried von Strassburg, Sebastian Brant, (Wackernagel's Kleinere Altdoitsches Lesebuch.

Selections from Swiss and Plattdeutsch dialect literature.

German Literature of the 16th, 17th and 18th centuries, with selections from authors of that period.

Two of the chief literary works of Goethe not read in the ordinary course.

Translations of unspecified passages from any Modern High German author.

Prose Composition.

(9.) Undergraduates taking the Special Course in **English and English History** (k) may, in each of the Third and Fourth Years of their course omit any two of the subjects of those years, except English and History. They shall be examined in the following subjects, viz. —

ENGLISH.

The English subjects prescribed for the Special Course in Latin and English.

ENGLISH HISTORY.

English History from A. D. 1066-1689.

Books recommended: Green's History of the English People, Vol. 3; Liddard's History of England, Vols. 8-10; Hallam's Constitutional History period (Clarendon Press); Haskins' History of England; S. R. Gardiner's works on the Tudors; G. M. Trevelyan's History of the Great Rebellion; Masson's Life of Milton; Carlyle's Life of Cromwell; Foster's Life of Knox; Bayne's Chief Actors in the Puritan Revolution.

(10.) Undergraduates taking the Special Course in **Philosophy** (r) may, in each of the Third and Fourth Years of their course omit any one of the subjects of those years, except Senior Philosophy, Modern Philosophy, Moral Philosophy, and Greek Philosophy. They are recommended to take German. They shall be examined in the following subjects: —

I. General History of Philosophy.

Ferrier: Greek Philosophy.

K. Fischer: Descartes and his School.

II. Greek Philosophy from the Sophists to Aristotle.

Plato: Republic (with Nettleship's Lectures).

Theaetetus (with Dyde's Introduction).

Aristotle: Metaphysics, Book I, and Ethics (with Muirhead's Introduction).

III. Modern Philosophy from Locke to Kant.

Fraser: Prolegomena to Locke.

Green: Introduction to Hume.

Seth: Scottish Philosophy.

Boyce: Modern Philosophy, Part I.

A knowledge of Locke, Berkeley, Hume and Reid, as studied in the Class on Modern Philosophy is presupposed.

IV. Kant: The Critiques of Pure Reason, of Practical Reason, and of Judgment (as in Watson's selections).

Hegel: Logic, Chaps. 1-11. (Watson's Translation).

Seth: Hegelianism and Personality.

V. Any three of the following:

1. Principles of Logic. Bonanquet: Logic.

2. Principles of Psychology. Ward: Psychology.

3. Principles of Ethics. Green: Prolegomena to Ethics;

Ward: Ethics.

4. Principles of Metaphysics. Ward: Naturalism and

Agnosticism.

5. Philosophy of Religion. Caird, E.; Evolution of Religion;

Lotze: Philosophy of Religion.

VI. Any one of the following:

1. History of Philosophy from Descartes to Leibnitz. Descartes; Method, Meditation and Principles; Spinoza; Ethics; Leibnitz; Cartesianism; Pollock; Spinoza; Leibnitz. Monology (with Latin's Introduction).
2. History of Philosophy from Kant to Hegel. Hegel; Logic (Wallace's Translation), and Philosophy of Right (Dyde's Translation); Everett; Fichte's Science of Knowledge. Seth; Hegelianism and Personality, and from Kant to Hegel. McTaggart; Studies in Hegelian Dialectic.
3. History of Philosophy from Hume to Spencer. Comte; Positive Philosophy. Mill; as in Watson's Selections. Spencer; First Principles. Mill; Comte and Positivism; Douglas; John Stuart Mill. Watson: An Outline of Philosophy.
4. History of Ethics in Great Britain. Sethy-Riggs; British Moralists. Douglas; Ethics of Mill. Spencer; Data of Ethics. Green; Prolegomena to Ethics. Sedgwick; History of Ethics, Ch. iv. Watson; Hedonistic Theories Chaps. iv-xi. Sorley; Ethics of Naturalism. Courtney; Constructive Ethics, Pt. II, Bk. I. Schurman; Ethical Import of Darwinism.

(11.) Undergraduates taking this special course in **Pure and Applied Mathematics** (c) are recommended to take German in their First and Second Years and Junior Physics in their Second Year; and in the event of their not having done so, they should work up the German in their vacations, and should read the appropriate sections of the elements of Physics (if possible, performing experiments) before entering the Senior Physics Class. In their Third and Fourth Years they are required to take the four Advanced Mathematics Classes of these years, the two Senior classes in Physics and the class in Mathematical Physics, and three electives. The standard of attainment shown in the Examinations in this Class in both Years will be considered in estimating the results in the final examination of the Special Course.

The subjects of examination will be as follows:—

PURE MATHEMATICS.

Any four of the following:

- (a) Infinitesimal Calculus; (b) Plane and Solid Analytic Geometry;
- (c) Differential Equations; (d) Modern Algebra (Determinants, Theory of Equations, Quantics, Invariants, Series, Functions of a real variable); (e) Theory of Functions of a complex variable; (f) Projective Geometry.

APPLIED MATHEMATICS.

Kinematics and Dynamics of particles, rigid bodies, flexible strings, elastic solids and fluids,—those portions of these subjects which are treated in the class of Advanced Mathematical Physics or

may be appointed for private reading in the course of the work of that class, the mode of treatment being by application of Analytical Geometry and the Differential and Integral Calculus.

(12.) Undergraduates taking the Special Course in **Mathematics and Physics** (ii) should have studied German in their First and Second Years, and Junior Physics in their Second Year. In the event of their not having done so, they should work up the German in their vacations and should read the proper sections of the elements of Physics (if possible, performing experiments), before entering the Senior Physics Class. They are required, if they wish to complete the course, to take in their Third Year Advanced Mathematics, Senior Physics, Practical Physics, and Senior Chemistry, and in their Fourth Year, the Advanced Classes in Mathematics, Mathematical Physics and Experimental Physics, and Senior and Practical Physics. But they are advised to take three years rather than two to complete the course. The standard of attainment shown in the examinations in Senior Physics in both Years will be considered in estimating the results of the final examination of the Special Course.

Those who aim at High Honours will be expected either to prepare a thesis embodying the results of a short original investigation, or to exhibit a high standard of excellence in the more mathematical parts of the course.

The subjects of examination will be as follows:—

1. **MATHEMATICS.**—The subjects of the Special Course in Pure and Applied Mathematics, § viii (11), the standard of attainment required not being so high as in the Special Course in Pure and Applied Mathematics.

2. **APPLIED MATHEMATICS.**—The subjects of the Special Course in Pure and Applied Mathematics.

3. **GENERAL PHYSICS.**—A systematic general knowledge of all sections of the subject, as e. g. in Watson's Text-book of Physics, (Longmans & Co.) with a more detailed knowledge of special sections illustrating the use of theory in research, such as the Kinetic theory of gases, the theory of solutions and of electrolysis, and the wave theory of light.

4. **EXPERIMENTAL METHODS.**—A general acquaintance with the methods applicable in different classes of investigation, as in Glazebrook and Shaw's Practical Physics (Longmans & Co.), and Dewall's Physics-Chemical Measurements (Macmillan & Co.).—The experimental methods of the following memoirs:—Joule's papers on the determination of the Mechanical Equivalent of Heat, contained in his Scientific Papers (Taylor & Francis, vol. I, pp. 125, 172, 298, 542, 632; Faraday's Experimental Researches in Electricity (Quaritch) vol. I, Series iii., iv., v., vi., vii.; Lord Kelvin's papers on the Electrodynamic Qualities of Metals, in his Mathematical and Physical Papers, Vol. II, (Camb. Univ. Press).—the treatment of observations and the discussion of the accuracy of experimental results, (as in Holman's Precision of Measurements (John Wiley & Sons) suppl-

mented by the more purely physical chapters of Merriman's Text-book of Least Squares (J. Wiley & Sons).

(13.) Undergraduates taking the Special Course in **Chemistry and Chemical Physics** (§ 6) are recommended to select German as one of the subjects of their First and Second Years, and to take Senior Chemistry and Junior Physics in their Second Year. They are required in their Third and Fourth Years to take the following classes:—Second Mathematics, Practical Physics, Advanced Experimental Physics, Advanced Chemistry, two classes in both Senior Physics and Practical Chemistry, and one additional class not included in the preceding list, selected from the classes prescribed for the Third and Fourth Years (§ vii).

Candidates for High Honours (§ xi) will be expected either to prepare a thesis embodying the results of a short original investigation, or to show special attainments in some branch of laboratory work, as the preparation of organic compounds, or the analysis of iron and steel, of ores, or of water. In estimating the results in the final examination of the Special Course, the standard of attainment shown in the Practical Physics Class and in the Senior Physics and Practical Chemistry Classes of both Third and Fourth Years will be considered.

Candidates will be examined at the end of the Fourth Year in the following subjects:—

CHEMISTRY.

(1.) The principles and theories of modern chemistry. The following books are mentioned to indicate the extent of knowledge required:—Rosen's *Inorganic Chemistry, Advanced Course* (H. Holt & Co.); Berthel's *Organic Chemistry*, translated by McGowan (Blackie & Son, Van Nostrand); Meyer's *Outlines of Theoretical Chemistry*, translated by Bolton and Williams (Longmans).

(2.) Outlines of the history of chemistry. In this connection candidates will be required to have an acquaintance with the following:—Tilden's *Short History of the Progress of Scientific Chemistry* (Longmans); Scherer's *History of the Progress of Scientific Chemistry* (Macmillan & Co.); Roscoe's *Dalton and the Rise of Modern Chemistry* (Macmillan & Co.); Sherrington's *Justus von Liebig* (Macmillan & Co.); and the essays on Boyle, Priestley, Scheele, Cavendish, Lavoisier, Graham and Wöhler, in Thorpe's *Essays in Historical Chemistry*, (Macmillan & Co.)

(3.) The following monies:—*On the Arsenates, Phosphates and Modifications of Phosphoric Acid*, Graham, Philosophical Transactions, 1832; *Ueber das Radical der Bicarbonate*, Liebig and Wöhler (Ostwalds Klassiker, No. 22); *Ueber die Constitution der organischen Säuren*, Liebig (Ostwalds Klassiker No. 26.)

(4.) The principles and methods of qualitative analysis and of quantitative analysis, both gravimetric and volumetric, and the practical details of laboratory operations.

(5) **CHEMICAL PHYSICS.**—Those sections of Physics which have an intimate bearing upon chemical research, viz., the properties of gases and liquids, including the kinetic theory of gases and the theory of solutions, the theory of heat, electrolysis, and the wave theory of light.—Physical experimental methods which are applicable in chemical research, as in Ostwald's *Physical-Chemical Measurements*, (Macmillan & Co.)—The discussion of the degree of accuracy of experimental results, as in Holman's *Precision of Measurements*, (J. Wiley & Sons).

§ IX. **Attendance.**—Undergraduates and other students who wish their attendance on classes to be recognized as qualifying for a Degree or a Class Certificate, are required to attend the lectures or other meetings of the classes with regularity and punctuality. Professors and Lecturers are instructed to record the presence or absence of students immediately before commencing the work of the class, and to amend the record in the case of those who may enter thereafter, only provided satisfactory reasons are assigned. Irregularity may involve exclusion from the examinations held at the end of the session, and non-recognition of the attendance.

§ X. Class Exercises and Examinations.—

(1.) Undergraduates and other students who wish their class work to be recognized as qualifying for a degree, or a class certificate, are required to appear at all examinations, and to prepare such exercises, essays, reports, etc., as may be prescribed by the Professors or Lecturers.

In all classes two examinations are held, one immediately before the Christmas vacation, and the other after the closing of lectures in the Spring. In some classes, other examinations may be held at dates appointed by the Professors. At the Spring Examinations questions may be set on any subject treated during the session.

The dates of examinations are arranged so as to enable undergraduates who follow the order of classes recommended in § vii, to appear at all the examinations of the classes they may be attending. Undergraduates who attend the classes in any other order, and general students who wish to appear at examinations, should select classes with non-coincident examination dates. (See Almanac, pp. 3-5).

In order that the work done in a class by a student may be recognized as qualifying for a degree or a class certificate, he must secure a position on the Pass List. In the determination of such list, both the standing obtained in the various examinations and the degree of excellence shown in the essays, reports, and other class exercises referred to above are taken into consideration. The names appearing on the Pass List are arranged in order of merit.

(2.) A student who fails to obtain a position on the Pass List in one or more subjects at the end of any Session shall be allowed a Supplementary Examination in such subjects at the beginning of the next Session of his attendance, on the day appointed for that purpose in the University Almanac; (Sept. 15th, 1902); or he may present himself at the ordinary Christmas and Spring Examinations of such next Session. The fee for a Supplementary Examination, or for appearing as above provided, at the Christmas and Spring Examinations, shall be Two Dollars in each subject, but in the case of students failing in more than two subjects, the maximum fee shall be Five Dollars.

(3.) A student who has failed to appear at the Supplementary or other Examination provided for by (2) may, on application to the Faculty, be granted a Special Supplementary Examination at the beginning of any subsequent Session. But, if in the meantime, the student has attended a more advanced class in the same subject, he will be expected to show greater proficiency than if he had passed the examination at the proper date. The fee for a Special Supplementary Examination shall be Five Dollars per subject, but if the examination includes more than two subjects, the maximum fee shall be Ten Dollars.

(4.) A student who fails either to appear or to pass at a Supplementary Examination shall not be allowed a Special Supplementary Examination in the same Session, except by special permission of the Faculty; and in cases in which such Examination is granted, the fee provided for by (3) must be paid.

(5a) Students wishing to appear as candidates at any Supplementary or Special Examination shall be required to give notice of their intention to the Secretary of the Faculty, at least one week before the date of such Examination. The fee to be remitted with such notice.

(6.) In addition to the ordinary work of the classes required for the attainment of a position in the Pass List, additional work, consisting of private reading, essays, reports, etc., is prescribed for students who aim at Class Distinction (see § 1), special examinations being held in such additional work at the end of the Session. The award of such distinctions is based upon the whole work of the class, the ordinary work as well as the additional, and may be made to any student attending the class, whether undergraduate or general student, provided his attendance has been sufficiently regular.

Class Distinctions are of two grades.—First and Second Class; but candidates who attain a standing considerably

above that required for First Class, will be indicated as having made a High First Class. In the Distinction Lists, the names of successful candidates are arranged in alphabetical order in each grade.

No Supplementary Distinction Examinations are granted to unsuccessful candidates.

§ XI. Degrees with Honours.—Degrees with Honours in any one of the departments of study in which Special Courses are provided, will be conferred on undergraduates for special excellence shown at the Examinations in the subjects of such courses.

Successful candidates will be declared to have obtained their degrees With Honours, or With High Honours.

A candidate for Honours may defer his examination in the subjects of his Special Course until a year after he has passed the examinations in the ordinary subjects of the Fourth Year; in which case, however, such candidate shall not be entitled to his Degree until he has passed the examinations of such Special Course.

§ XII. Degrees with Distinction.—Degrees with Distinction will be conferred on undergraduates for special excellence shown, at Examinations and otherwise, in the work of the ordinary classes recommended to be taken in the Second, Third and Fourth Years of the Course. Such degrees imply greater specialization of subject than the ordinary degree and less than the degree with Honours; but they are intended to involve as much work as the latter.

The award of such degrees is based upon the Class Distinctions (§ X (6), p. 57) gained by candidates; but regard is had, not only to the number and grade of the Distinction gained, but also to the private work required for them, and the relation to one another of the subjects in which they have been gained.

Candidates for such degrees should so select the elective classes of the above years (§ VII) that the classes thus selected together with required classes of these years, shall form groups of three or four classes in such of the following departments as they may prefer, viz.: (a) Latin; (b) Greek; (c) German; (d) French; (e) English; (f) History and Political Economy; (g) Philosophy; (h) Mathematics and Physics, and (i) Chemistry. They should aim at the attainment of a good standing in all the classes thus taken, and at a high standing in all the classes of as many of the groups selected as possible.

Distinctions gained in recognized classes of other Faculties of the University are taken into consideration; but not those

gained in classes which are not taken as parts of the Course or in recognized classes of other Colleges.

Candidates for such degrees are advised to consult the Faculty at the beginning of the third and fourth years with respect to the selection of classes.

§ XIII. Short Courses of Study for General Students.—(1.) For the benefit of students who may not be able to spend four full years at the University, but may be able either to spend two full years or to give partial attendance for a longer period, short courses of study have been arranged, as specified below.

Students entering upon these courses are not required to pass any preliminary examination; but they are recommended not to enter classes in which some knowledge of the subjects studied is assumed, without first consulting the Professor as to their ability to enter with profit upon the work of the classes.

To students who attend the classes in these courses with regularity, show diligence in the class work, and are successful in passing the examinations, certificates will be issued stating the nature of the course pursued and the degree of success attained.

The details of the subjects studied in the classes mentioned below, will be found under Courses of Instruction (§§ i., xxiv., xlv.)

(2.) **Short Course of Liberal Studies.**—The aim of this course is to give the student the same kind of training as that provided by the ordinary B. A. course. It consists of ten classes. Of these, two must be in English, and the remainder may be selected by the student, subject to the provisions of the Time Table, from the other subjects mentioned in this paragraph, with the following restrictions:—
(a) One of the four subjects—Latin, Greek, French, German—must be taken during two years, and if another of these subjects be selected, it also must be taken during two years.
(b) At least two of the four subjects—Mathematics, Physics, Chemistry, Botany,—and at least two of the three subjects—History, Political Economy, and Philosophy,—must be taken for one year each; and any two of them, if subjects in which two classes are provided, may be taken during two years. The class in any subject in which a student shall enter will be that for which he is fitted by his previous study.

(3.) **Short Course in Subjects bearing on Journalism.**—The aim of this course is to enable a student to study as thoroughly as the time at his disposal will permit, subjects which have a direct bearing on news-

paper work in Canada. It consists of the following classes:—English, (First, Second and Fourth Classes), French (during two years). Junior Philosophy, Moral Philosophy, History, (Junior and Senior Classes), Political Economy, Constitutional History and Constitutional Law. Persons who have already acquired the requisite proficiency in some of the above subjects, may take other subjects in place of these, or complete the course by attending the classes, and passing the examinations, in the remainder.

(4.) **Short Course in Subjects bearing on Commerce.**—This course is intended for young men who wish before entering business offices to spend two years in studies bearing on their future work. It consists of ten classes, of which two must be in English, other two in one of the commercial languages—French, German,—the remaining six being selected from the following:—French, German, Mathematics, Physics, Chemistry, Political Economy, Contracts, Sales of Personal Property, Negotiable Instruments, Partnership and Companies, and Shipping and Marine Insurance.

Students who take this course may supplement it by obtaining, during the summer vacations, the practical training in business methods provided by a Business College.

§ XIV.—Classes not Qualifying for a Degree.—From time to time classes are organized for the benefit of persons not wishing to proceed to a degree. Announcements of such classes are made at the beginning of the term.

§ XV.—Medals, Prizes, Scholarships, and Bursaries.

(The Senate reserves to itself the right of withholding Medals and Prizes in cases in which sufficient merit is not shown.)

GRADUATE PRIZES.

THE SIR WILLIAM YOUNG GOLD MEDAL, founded by bequest of the late Hon. Sir William Young, will be awarded on graduation to the student who stands first among those taking High Honours in Pure and Applied Mathematics, provided he attain a standard considerably above that required for High Honours.

UNIVERSITY MEDALS will be awarded on graduation to students who take High Honours in other departments than Mathematics, on the same conditions as the Sir William Young Gold Medal.

THE AVERY PRIZE.—This prize, the interest of \$500, bequeathed for this purpose by the late J. F. Avery, M. D., will be awarded on graduation to the student standing highest among those graduating with Distinction. See § xi.

The Scholarship offered by Her Majesty's Commissioners for the Exhibition of 1851, which is of the annual value of £150 sterling and tenable for two years (see Faculty of Science, § xxxiii), is open to students of the College.

UNDERGRADUATE PRIZES.

NORTH BRITISH SOCIETY BURSARY.—A Bursary of the annual value of \$60, founded by the North British Society of Halifax, is offered for competition at the Examinations of the Second Year's Course in Arts. It is tenable for two years, namely, during the Third and Fourth Years of the Undergraduate Course in Arts. Candidates must be undergraduates who have completed two years of the Curriculum, and must be eligible at the proper age for membership in the North British Society. The next competition will take place in April, 1903.

THE WAVERTLEY PRIZE.—This prize, the interest of an endowment of \$1000, will be awarded annually to the student of the Second Year Mathematical Class, who stands highest at the Examinations of the Mathematics of the Year, the winner of the North British Society Bursary being excluded.

ENTRANCE SCHOLARSHIPS AND BURSARY.

1.) **JUNIOR.**—The following Scholarships and Bursary are offered for competition at the Junior Matriculation Examination in the Faculties of Arts and Science, to students entering the First Year of the Faculties of Arts and Science:

(a.) *Two Sir William Young Scholarships*; one, of the value of One Hundred Dollars, and one, of the value of Seventy-Five Dollars, tenable for one year and payable in two instalments.

(b.) *Two Professors' Scholarships*, entitling to exemption from fees throughout the entire course, in classes conducted by Professors (not Lecturers) in the Faculties of Arts and Science; provided the scholar make progress satisfactory to the Faculty.

They will be awarded to the three candidates ranking highest at this examination, providing their standing be considered satisfactory by the Faculty. The successful candidates will be allowed to select, in the order of their standing, the scholarships which they shall hold. The Mackenzie bursar is not eligible.

(c.) *One Mackenzie Bursary*, of the value of Two Hundred Dollars, will be offered annually in accordance with the following condition of bequest: Competitors of the name Mackenzie, Maclean or Fraser, who obtain Distinction, will be given the preference. Should no candidate of the name of Mackenzie, Maclean or Fraser obtain Distinction, the Bursary will be awarded to the candidate standing highest among those obtaining Distinction.

The Bursary is payable in four annual instalments; and the payment of any instalment is conditional on the bursar's attending the classes required for undergraduates, and making satisfactory progress therein.

(2.) **SENIOR.**—The following scholarship is offered for competition at the Senior Matriculation Examination in the Faculties of Arts and Science, to students entering the Second Year who have not previously attended the classes of the First Year. See § vi.

(a.) *Two Professors' Scholarship*, entitling to exemption from fees throughout the entire course, in classes conducted by Professors in the Faculties of Arts and Science, provided the scholar make progress satisfactory to the Faculty.

They will be awarded to the candidates ranking highest at this Examination, provided their standing is considered satisfactory by the Faculty.

§ XVI.—**Residence.**—All students are required to report their places of residence to the President on or before the day appointed in the University Almanac, (October 14th.)

All students not residing with relatives or friends are required to reside in approved lodging houses.

Persons who wish to take students as boarders, must furnish the President with satisfactory references. A Register is kept by the President, containing the names of those persons who have met this requirement; and for the convenience of students, a list of the names and addresses of such persons will be posted on the notice-board in the College hall at the beginning of the Session.

Women students in any Faculty are admitted, on certain conditions, as boarders, to the Halifax Ladies' College.

§ XVII.—**Church Attendance.**—All students not residing with parents or guardians, are required to report to the President on or before the day appointed in the University Almanac, (October 14th), the churches they intend to make their places of worship during the Session. Intimation will

be made to the various clergymen of the city of the names and addresses of the students who have chosen their respective places of worship.

§ XVIII.—**Discipline.**—The Senate may use all means deemed necessary for maintaining discipline.

§ XIX.—**Degree of Master of Arts.**—The degree of Master of Arts will be conferred on a Bachelor of Arts of this College, of at least one year's standing and of good character, either on his submitting to the Faculty a satisfactory thesis embodying the results of original research on some literary, philosophical or scientific subject, or on his passing an examination in a course of study, appointed or approved by the Faculty, of at least the extent represented by the academic work of one year of the Arts Course. In the latter case, no fixed courses of study are laid down, the intention being to encourage graduates to prosecute advanced courses of study either at this or at any other University or by private reading, and to adapt the courses to their individual tastes and capacities. But no course of study will be approved unless it is confined either to one department of study or to closely related departments.

Theses must be sent to the Secretary to the Faculty on or before the first of March. Examinations will be held ordinarily at the time of the Spring Examinations; but in special circumstances they may be held in the Autumn. Candidates must give one month's notice of their intention to appear for examination. Fee to be remitted with notice.

§ XX.—**Degree of Doctor of Laws.**—The degree of Doctor of Laws may be conferred *honoris causa*, for eminent literary, scientific or professional services.

§ XXI.—**Admission ad Eundem Gradum.**—Graduates of Universities approved by the Senate, who have received their degree in course, shall be admitted *ad eundem gradum* in this University, on producing satisfactory proof of character and academic standing. For fee see § xxiii.

§ XXII.—**Academic Costume.**—(1.) Undergraduates and general students attending more than one class are entitled to wear caps and gowns, and to wear the gowns at lectures and all meetings of the University. The forms prescribed are the Oxford undergraduate gown of black stuff with sleeves; and the black trencher with tassel.

(2.) Bachelors and Masters of Arts, of this University, shall be entitled to wear gowns, of black stuff, and hoods. The

distinctive part of the costume is the hood. The following are the kinds of hoods appointed for the various degrees:—

B. A.—Black stuff lined with white silk and bordered with white fur.

M. A.—Black stuff lined with crimson silk.

(3.) Successful candidates for these degrees shall be required to appear at Convocation in the proper academic costume, to have the degrees conferred upon them. Degrees will be conferred in the absence of the candidate only by special permission of the Senate.

DOCTOR OF LAWS.—Doctors of Laws shall be entitled to wear gowns of black silk and hoods of black silk lined with purple silk.

§ XXIII.—**Fees.**—(1.) Fees are payable by students for Registration, (entitling to the use of the Library), for classes attended, and for certain examinations, and for the use of the Gymnasium. They are payable in advance.

No student is entitled to enter a class until he has paid the proper fees.

The following is a statement of the fees payable by students whether undergraduates or general students:

For Registration, payable annually by all students taking more than one class	\$ 5 00
For Registration, payable by students taking only one class ..	3 00
For each class attended, (not being Practical Classes), per Session	6 00
For Junior or Senior Chemistry, (with laboratory* work of not more than four hours a week)	10 00
For Junior or Senior Chemistry (with laboratory work of five or more hours a week)	12 00
For Practical Chemistry Class,* ten or more hours a week	14 00
For Practical Physics Class,* five hours per week, per Session ..	8 00
For Practical Physics Class,* ten or more hours a week	14 00
For a Supplementary Examination, payable on giving the notice required by § 8. (2), either \$2.00 in each subject, or	5 00
For a Special Examination, payable on giving the notice required by § 8. (3), either \$5.00 in each subject, or (x. 3) ..	10 00
For a Special Certificate of Standing, under seal	5 00
For M. A. Examination, or report on M. A. Thesis, payable in advance	5 00
For use of Gymnasium by all male students	1 50

The Diploma fees are as follows:—

For B. A. Diploma	\$ 5 00
For M. A. Diploma	5 00
For B. A. or M. A. (<i>ad eundem gradum</i>)	10 00

Graduates of this College attending classes are required to pay only the Registration Fee.

*All students taking classes in the chemical or physical laboratory are required to make a deposit of Three Dollars on entering the class. This amount, or if charges for breakage have been incurred, what remains of it after such charges have been deducted, is returned to the student at the end of his laboratory course.

Faculty of Pure and Applied Science.

THE PRESIDENT, (ex officio).

J. LIGHT, A. M.	L. M. SILVER, B. A., M. B., C. M.
A. MACMURRAY, PH. D.	K. A. MORRISON, M. A.
W. C. MURRAY, M. A.	C. ARCHIBALD, M. E.
E. MACRAY, PH. D.	H. W. JOHNSTON, M. CHA. SOC. C. E.
D. A. MURRAY, PH. D.	W. T. KENNEDY, ENGR.
S. M. DIXON, B. A., I. A. M. E. C. E.	G. J. MILLER, ENGR.
A. W. H. LINDSAY, B. A., M. D.	A. HALLIDAY, M. D., C. M., D. P. H.

C. E. W. DODWELL, B. A., M. L. C. E.	F. H. MARSH, F. C. S.
R. McCOLL, M. CHA. SOC. C. E.	G. M. CAMPBELL, B. A., M. D.
ALEXANDER McCAY, ENGR.	H. S. POOLE, M. A., F. R. S. C.

Dean of the Faculty: PROFESSOR MACRAY.

Secretary of the Faculty: PROFESSOR D. A. MURRAY.

Registrar of the Faculty: PROFESSOR LIGHT.

Correspondence should be addressed to:—The Secretary of the Faculty of Science, Dalhousie College, Halifax, N. S.

§ XXIV.—Courses of Instruction.

I.—MATHEMATICS.

Professor D. A. MURRAY, PH. D.

First Mathematics Class.

Daily, 11 A. M.—12 M.

Algebra, Geometry, and Trigonometry, as in the Faculty of Arts (see § 1 (xii), p. 32).

Second Mathematics Class.

Daily, 10—11 A. M.

Analytic Geometry, and Differential and Integral Calculus, as in the Faculty of Arts (see § 1 (xii), p. 33).

Advanced Mathematics Classes.

As in the Faculty of Arts (see § 1 (xii), p. 33).

II.—PHYSICS.

Professor STEPHEN M. DIXON, M. A.

Junior Physics Class.

Mondays, 4—5 P. M.; Tuesdays and Thursdays, 11 A. M.—12 M.

As in the Faculty of Arts (see § 1 (xiii) p. 34).

Special lectures will be given in connection with this class on the elements of Hydrodynamics for the students taking courses in Engineering. Such students are required to attend these lectures and to read in connection therewith the chapters on Hydrodynamics in Cotterill and Slade's *Applied Mechanics* (Macmillan & Co.)

A supplementary course of lectures on Acoustics will be given in connection with this class for students who are candidates for the B. Mus. Degree. Such students are required to attend the ordinary lectures of the class on the properties of solid and fluid bodies and on sound, as well as the supplementary lectures.

Books of reference: Taylor, *Sound and Music*; Paynter & Thompson, *Sound*; Huxorna, *Sound in Relation to Music*.

Senior Physics Class.

Mondays and Wednesdays, 10—11 A. M.

As in the Faculty of Arts (see § 1 (xiii), p. 34).

Mathematical Physics Class.

As in the Faculty of Arts (see § 1 (xiii), p. 35).

Advanced Experimental Physics Class.

As in the Faculty of Arts (see § 1 (xiii), p. 36).

Practical Physics Classes.

As in the Faculty of Arts (see § 1 (xiii), p. 35, 36).

III.—CHEMISTRY.

(*McLeod Professorship.*)

Professor E. MACRAY, PH. D.

Junior Chemistry Class.

Mondays, Wednesdays, and Fridays, 9—10 A. M.

As in the Faculty of Arts (see § 1 (xiv), p. 37).—Every student is required to devote at least three hours a week to laboratory work.

Senior Chemistry Class.

Tuesdays and Thursdays, 9—10 A. M.

As in the Faculty of Arts (see § 1 (xiv), p. 37).—From three to five hours a week must be given to laboratory work.

Advanced Chemistry Class.

One hour a week.

As in the Faculty of Arts (see § I (xiv), p. 37).

Practical Inorganic Chemistry Class.

At least ten hours a week.

As in the Faculty of Arts (see § I (xiv), p. 38).

Practical Organic Chemistry Class.

At least ten hours a week.

As in the Faculty of Arts (see § I (xiv), p. 38).

Advanced Practical Chemistry Class.

As in the Faculty of Arts (see § I (xiv), p. 38).

CHEMICAL LABORATORY.

The general laboratory accommodates about eighty students, the quantitative laboratory about sixteen. A reference library is placed in the laboratory for students doing advanced work.

Laboratory students are allowed the use of all the more inexpensive reagents. They are required to provide themselves with the more expensive reagents, as alcohol and ether, and they are charged with the value of apparatus they have broken or injured.

All members of practical classes are required to keep a detailed record of their laboratory work. The character of this record is a factor in determining the standing of a student in the class lists.

The general laboratory is open to students in Science on Mondays and Wednesdays from 3 to 6 p. m. The quantitative laboratory is open daily except Saturdays from 9 a. m. to 5 p. m.

IV.—MINERALOGY.

Lecturer.....E. MACKAY, PH. D.

Tuesdays and Thursdays, 11 A. M.—12 M.

The instruction in Mineralogy is given by means of lectures and laboratory work. The lectures are upon Crystallography, the physical character of minerals, and the description of mineral species, and are illustrated by a collection of crystal models and the minerals of the McCulloch Collection. In the laboratory the student at first learns the use of the blow-pipe and the chief blow-pipe reactions. Practice is then given in the determination of minerals by blow-pipe and other tests. At least three hours a week must be devoted to laboratory work.

Students who take this course must have previously taken Junior Chemistry, or an equivalent course in chemistry.

Text Books: WILLIAMS' *Elements of Crystallography* (H. Holt & Co.); DANA'S *Minerals and How to Study Them*; DANA'S *Manual of Mineralogy* (Wiley & Sons); MOSES and PARSONS' *Elements of Mineralogy* (Wiley & Sons).

V.—APPLIED MECHANICS.

Lecturer.....STEPHEN M. DIXON, M. A., A. M. I. C. E.

Tuesdays and Thursdays, 10—11 A. M.

The object of this class is to study the practical application of Dynamics to the various branches of Engineering. The series of lectures will form a two years course, so arranged that students may enter the class at the beginning of either year. The subjects studied will be as follows:

In 1902-03. *Résumé of the Principles of Statics: The Theory of Structures, including the determination of stresses in framed structures, investigation of shearing forces and bending moments, discussion of strength of materials, and design of individual members of various trusses.* A short course in Graphic Statics is given and students are required to work out detailed design of a wood or steel truss.

Books of reference: Cotterill, *Applied Mechanics*; HOOK'S, *Elements of Statics* (Macmillan & Co.); LEARN, *Applied Mechanics*; BERRY, *Theory of Structures* (J. Wiley & Sons).

In 1903-04. *Résumé of the Principles of Dynamics.—The Mechanics of Machinery, including (a) Kinematics: relative velocities and accelerations; velocity and acceleration diagrams; link-work, wheel-tooth, belts, cams, the screw, conic mechanisms, bevel and skew gearing, parallel motions, etc. (b) Dynamics: equilibrium of mechanisms, force and work diagrams, inertia of moving parts, fly-wheels, governors, friction, brakes.* During the year students will be required to make dimension sketches of details of machines, and also make a complete design of working drawings of some machine.

Books of reference: Kennedy, *Mechanics of Machinery*; Cotterill, *Applied Mechanics* (Macmillan & Co.); FURTH, *Machine Design*; LEW and BERTH, *Machine Drawing and Design* (Longmans).

Students will be expected to acquire considerable power of solving problems, and to read privately specified portions of books of reference on subjects not fully discussed in class.

VI.—DESCRIPTIVE GEOMETRY.

Lecturer.....S. A. MORTON, M. A.

This course of lectures will include the following subjects: Plane Geometry: construction of scales, construction and areas of plane figures, properties and construction of curves; Solid Geometry: problems on the straight line and plane, projection of lines, planes and solids, simple intersections of planes and solids, easy examples of projection of shadows.

Books recommended: ANGEL'S *Practical Plane Geometry and Projection*; MILLER'S *Descriptive Geometry*; SPENCER'S *Science and Art Drawing*.

VII.—DRAWING.

The following classes of the Victoria School of Art and Design are recognized as qualifying for a degree. The work of a class may be completed in two years of one hundred hours each. Students of Engineering are required to take either the class in Mechanical or that in Architectural Drawing. Students preparing for the teaching of science in schools should select the class in Free-hand Drawing and Modelling.

Information as to fees, etc., may be obtained on application to Mr. Alex. McKay, Secretary of Victoria School of Art and Design, Halifax.

Mechanical Drawing.

FIRST YEAR.—Plane Geometry and Scales. Lettering. Descriptive Geometry. Projection of Lines, Planes and Solids. Sections by Planes. Developments. Penetrations. Exercises in Projections. Cutting Planes. Exercises on finding Curves by passing a plane through Curved Surfaces.

SECOND YEAR.—Riveted Joints. Single and Double Lap-joints. Butt-joints. Connection of Parallel Plates etc. Gearing. Double and single Curved Work. The involute. The Cycloid. The Epicycloid. Construction of Spur Wheel and Pinion. Projections of Gear Wheels. Bevel Gearing. Isometric Projection. Machine Design.

Architectural Drawing

FIRST YEAR.—As for the First Year of the Class in Mechanical Drawing.

SECOND YEAR.—Styles of Architecture. Perspective as applied to Architectural or Engineering design. Moulding. Bonds of brick work and stone. Details of construction in stone, brick, wood and iron. The framing of timbers. Fire-proof construction and strength of materials. Preparation of specifications.

Free-hand Drawing and Modelling.

Free-hand Drawing. Geometrical Drawing. Shaded Drawing from the Round. Modelling in Clay. Principles and Practice of Decorative Design and Elements of Perspective.

VIII.—CIVIL ENGINEERING.*

Lecturer.....M. MENZIE, D. Sc., C. E.

Once a fortnight.

The subjects treated will be:—Materials and Constructions; Earth-work; Masonry; Carpentry; Structures of timber, stone and iron; the Construction of Common Roads; Railways; Bridges; Water Supply for Towns; and Reclamation of land from the sea.

Such works as are named above are generally in operation in Nova Scotia, under the supervision of the Provincial Engineer, and advanced students in the Engineering Class will be afforded an opportunity of examining them under construction.

* If in any year there should not be a sufficient number of students to form a class in this subject, the lectures will not be given, but the students will pursue a course of reading under the supervision of the Lecturer.

IX.—SURVEYING.

Lecturers.....(R. McCOLL, M. Can. Soc. C. E.
(H. W. JOHNSON, C. E.

The course is intended to give the student a practical training in the methods of land surveying, and in the field work of engineering operations, and is divided as follows:

Junior Class.

Once a week.

Chain and Angular Surveying. The construction, use and adjustment of various instruments. Topography, Levelling and Contour Surveying. Plotting.

Senior Class.

Once a week.

Preliminary and Location Surveys of a railway. Construction Survey, including curves, setting-out work and calculation of quantities. Hydrographic Surveying and Mining Surveying.

The field work will consist of:—(1) A Chain Survey. (2) A Chain and Compass Survey. (3) A Triangulation Survey with sextant. (4) A Contour Survey. (5) A Survey with transit and chain. (6) A Survey and location of a line of road with topography and contour and staking-out for construction. (7) A Hydrographic Survey. (8) An Underground Survey or one at night to illustrate underground methods.

Students are required to keep complete notes and from them to prepare all plans, drawings, &c., of the work.

X.—MINING AND METALLURGY.*

Lecturers.....(R. GILPIN, JR., A. M., LL. D.
(C. ARCHIBALD, M. E.
(F. H. MARON, F. C. S.

Courses of lectures will be given on the following subjects:

Mining.

Geology in relation to Mining. Occurrence of Veins and Beds. Prospecting, and preliminary operations.

Shaft and Slope Sinking. Mining operations. Ventilation. Valuation of properties.

Pumping. Hoisting. Mining appliances. Cleaning of ores and coal.

Stamping of ores and tailings. Amalgamation of gold in the stamp mill and in other forms of crushing machinery. Concentrating machinery. The treatment of refractory ores, concentrates and tailings by wet methods. Smelting and refining.

* If in any year there should not be a sufficient number of students to form a class in this subject, the lectures will not be given, but the students will pursue a course of reading under the supervision of the Lecturers.

METALLURGY.

Physical properties of metals. Alloys. Thermal treatment of metals. Effects of traces of one metal or metalloïd on masses of another. Furnaces and material used in their construction. Fuel, its calorific power and intensity. Manufacture of coke, charcoal, coal and producer gas. Metallurgy of iron. The blast furnace. Conversion of cast iron into malleable iron, wrought iron and steel. Furnace charges, slags. Metallurgy of gold. The stamp mill. The Huntington mill. The Frue vanner. The Wilfley table. The chlorination process. The cyanide process. Melting and refining.

Books of reference: Smith's *Coal Mining*; *Andrew's Treatise on Coal Mining*; *Chance's Coal Mining*; *Fraser's Treatise*; *Dunn's Metallurgy of Iron*; *Merritt's Notes and Formulas*; *Geikie's Outline of Field Geology*; *Dilsey's Manual of Mining*; *Carl Schenck's Text-book of Metallurgy*, (translated by H. Louis); *Phillips & Baseov's Elements of Metallurgy*; *Kilpe Ross's Metallurgy of Gold*; *Henry Louis' Hand-book of Gold Mining*; *J. A. Rickard's Stamp Milling of Gold Ores*; *Kinsler's The Cyanide Process for Gold Extraction*; *C. LeNore Foster's Ore and Stone Mining*; *Roberts' Assays*; *Introduction to the Study of Metallurgy*; *Turner's The Metallurgy of Iron*, (Chas. Griffin & Co.)

XI.—HYDRAULIC ENGINEERING.*

Lecturer..... C. E. W. DODWELL, B. A., M. I. C. E.

Once a fortnight.

The subjects treated will be as follows:

Flow of water through orifices and short tubes, and in pipes and open channels.

Water supply to cities and towns. Quantity and quality necessary. Rainfall, watershed, springs, wells, lakes and rivers. Storage of water in natural and artificial reservoirs. Measuring weirs and steam gauging.

Filtration and other methods of treating impure waters. Construction of dams of stone, earth and timber. Details of construction of a town supply. Maines and distribution pipes, thickness, weight, strength, methods of moulding, preserving and laying. Valves, hydrants, etc. Pumping engines.

Turbines and water-wheels.

River improvements.

XII.—MUNICIPAL ENGINEERING.*

Lecturer..... F. W. W. DOANE, C. E.

Once a fortnight.

The subjects treated will be:—Streets,—laying out, opening, formation, sidewalks, paving, cleaning, sprinkling, street railways, obstructions, etc.; works of sewerage (separate and combined)—grading, materials, foundations, sectional forms, covers, ventilation, flushing, subsoil, drainage, intercepting sewers, tidal sewers, sewage disposal, etc.; house drainage and plumbing, roof water disposal, cesspits, disposal of garbage, etc.; water supply, plumbing—service pipes, stopcocks, effect and prevention of waste, etc.

*If in any year there should not be a sufficient number of students to form a class in this subject, the lectures will not be given, but the students will pursue a course of reading under the supervision of the Lecturer.

XIII.—BOTANY.

Lecturer.....

Two hours a week.

The course in Botany will have special reference to the following subjects: Protoplasm and Plant-cells, the Tissue and Tissue Systems of Plants, Morphology of the Plant-body, Plant Physiology, the Principles of Classification and the Laws of Distribution, the Protophyta (Schizophyceae), the Phycophyta (Chlorophyceae and Rhodophyceae), the Carpoophyta (Rhodophyceae, Acetabulariae and Basidiomycetes specially), the Bryophyta (Mosses and Liverworts), the Pteridophyta (Ferns, Horsetails and Club-mosses), the Anthophyta (specially the Comiferae, Gramineae, Orchidaceae, Liliaceae, Utricularia, Labiate, Compositae, Umbelliferae, Rosaceae, Leguminosae, Cruciferae, Ranunculaceae). The Morphology and life history (the anatomy, histology and development) of at least two common or representative species of each group of plants above named, in minute detail.

General attention will be given to the native form of the Province, with special notice of foreign as well as native species of interest from economic, medicinal or injurious properties.

The preliminary study of Botany as indicated in Grade IX of the Public School Course, and especially the formation of a local collection of plants, even if unnamcd and unclassified, will be an advantage to any student entering upon the course.

Practical instruction will be given in the collecting, drying and mounting of specimens, the use of the microscope, the preparing of microscopic sections, and the general dissection of plants. The use in class of a number of microscopes will be granted the students under the care and direction of the Lecturer; but a hand lens, glass slides, cover glasses, needles and other apparatus or books necessary to each student, should be supplied by each for himself. Collections, notes, class-work and drawings of students will be estimated for incorporation into final class standing.

Students in Science are required, in addition, during the summer vacation to study practically the flora or a section of the flora of some district, to present a collection of the said flora properly classified and mounted, and to pass an oral and practical examination on the same at the beginning of their next session.

Manuals for the practical work prescribed for the summer will be recommended by the Lecturer.

XIV.—ZOOLOGY.

Lecturer..... A. HALLIDAY, M. B., C. M., D. P. H.

Two hours a week.

The work of this class will consist of a course of lectures supplemented by practical work.

The following subjects will be treated in the lectures:—Organic and Inorganic bodies. Life, Vital Action, etc. Differences between plants and animals. Morphology. Physiology. Differences between Animals. Specialisation of Function. Morphological Type. Von Baer's Law of Development. Origin of Species. Homology. Analogy. Reproduction. Distribution in time and space. Evolution. Classification. Also the general characters of the several sub-kingdoms will be treated of as fully as possible.

The practical part of the course will consist of dissections by students themselves, and demonstrations, microscopic, etc.

The object of the class will be to give such a comprehensive idea of the Animal Kingdom, as will form a good basis for further prosecution of the study of Biology or Comparative Anatomy and Physiology.

Text-Book: Parker and Haswell's *Students' Manual, Books of Reference: Huxley's Anatomy of Vertebrates and Invertebrates 2 vols.; Claus and Sedgwick's Text-book of Zoology, 2 vols.; also Parker & Haswell's text-book, 2 vols.*

XX.—GEOLOGY.

Lecturer H. S. POOL, M. A., F. G. S., F. R. S. C.

Two hours a week.

Dynamical Geology. Constitution of the Interior of the Earth. Volcanoes and Earthquakes. Sub-Aerial Agencies. Reconstructive Processes.

Structural Geology. Igneous and Sedimentary Rocks. Dislocations. Veins. Metamorphism.

Historical Geology. The various formations, with distinctive Paleontology.

Scott's *Introduction to Geology* (Massillon) will be used as a Text-book. For wider reading students will be referred to publications in the Library.

XXI.—PHYSIOLOGY.

The University provides no instruction in this subject, but the class conducted in the Halifax Medical College by Professor L. M. Silver, M. B., is recognized as qualifying for a degree. The class meets on Tuesdays, Thursdays and Saturdays, at 11 A. M.—12 M. The fee for the course is \$15.00.

Undergraduates who have taken this class as part of their course are required either to present a certificate of having passed the examination of the Faculty of Medicine or to pass an examination conducted by the Examiner of this Faculty. In the latter case a fee of \$3.00 is to be paid to the Examiner.

XXII.—HISTOLOGY.

The University provides no instruction in this subject, but the class conducted by Professor G. M. Campbell, B. A., M. D., and H. D. Weaver, M. D., in the Halifax Medical College, is recognized as qualifying for a degree. The class meets on Mondays, Wednesdays and Fridays, at 11 A. M.—12 M. The fee for the course is \$15.00.

The regulations as to examinations are the same as in the case of Physiology, the fee payable being \$3.00.

XXIII.—ANATOMY.

The University provides no instruction in this subject, but the Junior or the Senior Anatomy Class and the Practical Anatomy Class, conducted in the Halifax Medical College by Professor A. W. H. Lindsay, M. D., are recognized as qualifying for a degree. The Junior Anatomy Class meets on Mondays, Wednesdays and Fridays at 12—1 P. M. The Senior Class meets on Tuesdays and Thursdays at 12—1

P. M., and Saturdays at 10—11 A. M. The fee for each of these classes is \$15.00. The Practical Anatomy Class meets daily (Saturdays excepted), at 2.30—5.30 P. M.; fee \$15.00.

Undergraduates who have taken the Practical Anatomy Class as part of their course are required to produce evidence of having, during their attendance on such class, carefully dissected at least three "parts" of the body.

Undergraduates who have taken the above classes as part of their course are required either to present certificates of having passed the examinations conducted by the Faculty of Medicine, or to pass before the examiner of this Faculty a written examination in the subjects of the Junior or Senior Anatomy Class, and an oral or practical examination on such "parts" of the body as they may have dissected. In the latter case an examination fee of \$3.00 is payable, which covers both written and oral examination.

XIX.—MENTAL SCIENCE

Professor WALTER C. MURRAY, M. A.

The class in Mental Science is that known in the Arts Faculty as Junior Philosophy (§ 1 (X), p. 30).

The aim of the course in Logic is chiefly disciplinary. In the Psychological course experiments will be introduced as much as possible, not merely for purposes of illustration but also to supply data for inductions of psychological laws. Special attention will be given to the relation of Psychology to Educational methods.

Text-books: Mill; Logic; Crighton; *Introductory Logic*; Titchener; *Primer of Psychology*; James; *Psychology* (Briefer Course). Recommended for students in Education; Sully; *Teacher's Handbook of Psychology*; Morgan; *Psychology for Teachers*; James; *Talks on Psychology*.

XX.—EDUCATION.

*Science of Education.

Lecturer PROF. W. C. MURRAY, M. A.

Two hours a week.

This Class consists of two courses of lectures. In one course the development of Educational Theory in England from Ascham to Thring will be traced. Concurrently with this the psychological basis of education will be studied. James's *Talks to Teachers* will be followed at first; afterwards the mental development of the child will be traced from infancy to maturity.

Books recommended: Ascham; *The Schoolmaster*; Milton; *Travels on Education*; Locke; *Thoughts on Education*; Spencer; *Education*; Mill; *Instruction at St. Andrews*; Thring; *Theory and Practice of Teaching*; Farrer; *Essays on Liberal Education*; Mason; *Life of Milton*, *Vol. I, II*; Quirk; *Educational Reformers*; Parkin; *Life of Thring*; Mark; *Educational Theories in England*; Lewis; *Institutes of Education*; James; *Talks on Psychology to Teachers*; Plich; *Lectures on Teaching*; Chamberlain; *The Child*; Starbuck; *Psychology of Education*.

History of Education and Practice.

This Class consists of three parts. Principal Miller lectures on the History of Education; Principal Kennedy on School Management; and Supervisor A. McKay conducts the course in the Practice of Teaching.

*This class will not be given in 1920-21 unless five or more students desire it.

(1) HISTORY OF EDUCATION.

Lecturer PRINCIPAL G. J. MILLER.

One hour a week.

[This course will be given every other session.]

The course consists of lectures and recitations on: The History of Education in different ages and countries; Comparison of Education Systems; Theories of Writers on Education; Eminent Educators.

Books recommended: Williams: *History of Modern Education*; Quick: *Educational Reformers*; Browning: *Educational Theories*; Painter: *History of Education*.

(2) SCHOOL MANAGEMENT.

Lecturer PRINCIPAL W. T. KENNEDY.

[This course will be given when the Course in History is given.]

Six or eight lectures will be given on the principles of School Management and the School Law of Nova Scotia.

Chief Books: Flick's *Lectures on Teaching*; McMurray's *General Method*; Baldwin's *School Management*; School Law of Nova Scotia, 1902.

(3) PRACTICE OF TEACHING.

Lecturer ALEXANDER MCKAY.

The work of this course will consist of observation of the practice of successful teachers, practice in teaching, and discussions conducted by Supervisor McKay on points raised in the course of the observation and practical experience of the class.

Members of the class who pass satisfactory examinations on the subjects studied, and are favorably reported upon by Mr. McKay, the supervisor of their practical work, will be granted certificates showing the standard of excellence attained and the time spent in practice.

Students who take this class as part of their course for the degree of B. Sc. (§ XXIX) will be required to spend 150 hours in practical work (including actual teaching and observation of teaching) under supervision approved by the Faculty. Those who take the class as part of the Course for the Diploma of Literate in Education (§ XXXVI (2)) will be required to spend 300 hours in practical work.

XXI—THEORY AND HISTORY OF MUSIC.

The classes in the Theory of Music, conducted in the Halifax Conservatory of Music by Mr. Percy Gardner, Director, and other members of the staff, and those in the History of Music, conducted by Rev. B. Laing, M. A., are recognized as qualifying for the degree of Bachelor of Music. In the Theory the course extends over three years; in the History, over two. Information as to details of subjects studied in the classes, fees, text-books, etc., may be obtained on application to the Director of the Conservatory.

XXII—ENGLISH.

Professor ARCHERDALL MACMECHAN, Ph. D.

As in the Arts Faculty (§ I (v)), pp. 25-7.

XXIII—FRENCH AND GERMAN

Professor J. LUCCHI, M. A.

As in the Arts Faculty (§ I (iv)), pp. 22-4.)

§ XXV.—The Academic Year consists of one Session. The Session of 1901-02 will begin on the 9th September, 1902, and end on the 28th April, 1903.

§ XXVI.—Admission of Students.—The regulations for the admission of students to the classes of this Faculty are the same as in the Faculty of Arts (§ III, p. 39.)

§ XXVII.—Degrees.—(1.) Three baccalaureate degrees are conferred in the Faculty of Science, viz., Bachelor of Science (B. Sc.), Bachelor of Engineering (B. E.), and Bachelor of Music (B. Mus.). The degree of B. E. (§ XXI) is conferred only on persons who have already obtained the degree of B. Sc. Candidates for the B. Sc. and B. Mus. degrees must attend with regularity the classes of their courses of study as prescribed in §§ XXIX and XXXV, perform the exercises required, and appear at the examinations held in such classes, and secure a position on the Pass Lists in all subjects. The courses of study for B. Sc. extend over four years, that for B. Mus. over three years; but in the case of students who enter at advanced stages, they may be completed in a shorter time.

(2.) Persons may become candidates for degrees by passing the Junior or Senior Matriculation Examination. Those who pass the Senior Matriculation Examination are exempted from attending the classes recommended in §§ XXIX and XXXV to be taken in the first year of attendance, and may complete the B. Sc. course in three, and the B. Mus. course in two, years, respectively. In general, the Matriculation examination is to be passed by a student before he enters upon a course of study leading to a degree.

(3.) General students who have attended some of the classes in any course of study and passed in the subjects of them, may become candidates for a degree in such course by passing one of the Matriculation Examinations, in which case the classes previously attended shall be recognized as qualifying for a degree. But in those subjects of the Matriculation Examination in which they have previously attended classes, such students shall be expected to show a higher proficiency than if they had passed the examination at the beginning of their course.

(4.) Undergraduates who have completed a portion of the Science or Music Courses either in this College or in other approved colleges or schools, shall be admitted to such advanced standing in the courses leading to the above degrees as the subjects which they have studied may seem to warrant, and arrangements shall be made to enable them to complete the courses in as short a time as possible.

§ XXVIII.—Matriculation Examinations.—

(1.) The Junior Matriculation Examination by which a student may gain entrance to the first year of the science or music courses in this Faculty, is the same as the Junior Matriculation Examination of the Faculty of Arts, candidates being permitted to select as subjects 1 and 2 any two of the languages specified, namely, Latin, Greek, French and German. The regulations as to distinction, exemptions, dates, &c., are the same as in the case of the Junior Matriculation Examination of the Faculty of Arts. (See § v., p. 40.)

(2.) The subjects of the Senior Matriculation Examination by which a student may gain entrance to the second year of the various courses in this Faculty, are the subjects of the Junior Matriculation Examination and of the first year of the course on which he wishes to enter (§§ XXIX and XXXV.) The regulations as to exemptions, dates, &c., are the same as in the case of the Senior Matriculation Examination of the Faculty of Arts. (See § vi., p. 42.)

(3.) The regulations of §§ v and vi with respect to Scholarships are applicable to students entering the B. Sc. Courses, but not to those entering the B. Mus. Course.

§ XXIX.—Courses of Study for Degree of B. Sc.—(1.) Two courses lead to the degree of Bachelor of Science. Course A is intended for those who wish a course in science and modern languages similar to that leading to the degree of Bachelor of Arts. Course B, though not a technical course, is intended for those who aim at becoming engineers.

(2.) **Course A** consists of the following classes:—Three in English; three in German; two in French; two in Mathematics or Chemistry; one in Mental Science or Biology or Geology and Mineralogy; one in each of the following:—Freehand Drawing (at least 100 hours), Mathematics, Physics, Chemistry; and seven single classes,* or their equivalents, to

* A single class is one in which two or three lectures a week are given, a double class, one in which the number of lectures is four or five a week. One double class is regarded as equivalent to two single classes.

be selected, subject to the approval of the Faculty, from the list of subjects given below under-classes for Third and Fourth Years.*

The following arrangement in years indicates the order in which, as a rule, these classes may be most conveniently taken:

First Year.

- | | |
|-----------------------|--|
| 1. First Mathematics. | 4. German. |
| 2. Junior Chemistry. | 5. French. |
| 3. First English. | 6. Freehand Drawing (to be completed before the end of the Second Year.) |

Second Year.

- | | |
|--|--|
| 1. Second Mathematics or Senior Chemistry. | 4. German. |
| 2. Junior Physics. | 5. French. |
| 3. First English. | 6. Freehand Drawing (completing at least 100 hours). |

Third and Fourth Years.

1. English.
2. German.
3. Mental Science or Biology or Geology and Mineralogy.
- 4—10. Seven classes from the following subjects:

Mathematics.	Anatomy.
Physics.	Political Economy.
Chemistry.	Philosophy.
Geology and Mineralogy.	Education.
Biology.	English.
Physiology.	French.
Histology.	German.

(3.) **Course B** consists of six classes in each of the first two Years, and in the Third and Fourth Years nine classes, and, in addition, one group of classes to be chosen from certain elective groups specified below. The classes, arranged in years, are the following:

First Year.

- | | |
|-----------------------|---|
| 1. First Mathematics. | 4. German. |
| 2. Junior Chemistry. | 5. French. |
| 3. First English. | 6. Mechanical Drawing (at least 100 hours.) |

* Students who have registered as undergraduates in Medicine may complete their course in Medicine in three years instead of four by taking the following four classes in addition to the *First* & *Chemistry* and *Junior Physics* required in the *First* and *Second Years*:—*Botany*, *Zoology*, *Junior Anatomy*, *Practical Anatomy*. Such students are recommended to take the class in *Histology* also, to avoid conflict of hours in the time-table. (See Faculty of Medicine.)

Second Year.

- | | |
|------------------------|---|
| 1. Second Mathematics. | 4. Second English. |
| 2. Junior Physics. | 5. French or German. |
| 3. Senior Chemistry. | 6. { Mechanical or Archi-
tectural Drawing.
Descriptive Geometry. |

Third and Fourth Years.

- 1—2. Two classes in Senior Physics.
3. Practical Physics.
4—5. Two classes in Applied Mechanics.
6—7. Two classes in Surveying.
8. Hydraulic Engineering.
9. French or German.
10—12. One of the following groups:—

- (a) For Civil Engineering: Mineralogy and Geology.
Civil Engineering.
Municipal Engineering.
- (b) For Electrical Engineering: Practical Physics.
Advanced Experimental
Physics.
Practical Inorganic
Chemistry.
- (c) For Mining Engineering: Practical Inorganic
Chemistry.
Geology and Mineralogy.
Mining and Metallurgy.

§ XXX.—Special Courses for Degree of B. Sc.

—(1.) An undergraduate shall be allowed after completing the work recommended in § XXIX for the first two years of his B. Sc. course, to restrict his attention to a more limited range of subjects than that of the ordinary course, provided his standing at the examinations of the first and second years, especially in the subjects corresponding to the Special Course on which he proposes to enter, seems to the Faculty to warrant such restriction.

Special Courses are provided in the following departments:

(a) Pure and Applied Mathematics, (b) Mathematics and Physics, (c) Chemistry and Chemical Physics.

An undergraduate taking a Special Course in any of these departments shall be required to attend the Advanced Classes provided in the subjects of such department (see § XXIV.), to make progress satisfactory to the Professors who conduct such

classes, and to pass the examinations in the subjects of such department; and he shall in some cases be allowed to omit from the ordinary course certain subjects specified below.

The examinations in the subjects of a Special Course shall not be held before the end of the second year after entering upon the Course.

(2.) Undergraduates taking the Special Course in **Pure and Applied Mathematics** are recommended to take German in their First and Second Years and Junior Physics in their Second Year; and in the event of their not having done so, they should work up the German in their vacations, and should read the appropriate sections of the elements of Physics (if possible, performing experiments) before entering the Senior Physics Class. In their Third and Fourth Years they shall be required to take the four Advanced Mathematics Classes of those years, the two Senior Classes in Physics and the class in Mathematical Physics, and three electives. The standard of attainment shown in the examinations in the Mathematical and Physical Classes in both Years shall be considered in estimating the results in the final examination of the Special Course.

The subjects of examination and other regulations shall be the same as in the corresponding course in the Faculty of Arts (§ VIII (11) p. 52).

(3.) Undergraduates taking the Special Course in **Mathematics and Physics** should have studied German in their First and Second Years, and Junior Physics in their Second Year. In the event of their not having done so, they should work up the German in their vacations and should read the appropriate sections of the elements of Physics (if possible, performing experiments) before entering the Senior Physics Class. They are required, if they wish to complete the course in two years, to take in their Third Year Advanced Mathematics, Senior Physics, Practical Physics, and Senior Chemistry, and in their Fourth Year, the Advanced Classes in Mathematics, Mathematical Physics and Experimental Physics, and Senior and Practical Physics. But they are advised to take three years rather than two to complete the course. The standard of attainment shown in the examinations in the Mathematical and Physical Classes of both Years shall be considered in estimating the results of the final examination of the Special Course.

Those who aim at High Honours (§ XI, p. 57) shall be expected either to prepare a thesis embodying the results of a short original investigation, or to exhibit a high standard of excellence in the more mathematical parts of the course.

The subjects of examination and other regulations shall be the same as in the corresponding course in the Faculty of Arts (See § VIII (12) p. 53).

(4.) Undergraduates taking the Special Course in **Chemistry and Chemical Physics** are recommended to select German as one of the subjects of their First and Second Years, and to take Senior Chemistry and Junior Physics in their Second Year. They shall be required in their Third and Fourth Years to take the following classes:—Second Mathematics, Practical Physics, Advanced Experimental Physics, Advanced Chemistry, two classes in both Senior Physics and Practical Chemistry, and one additional class not included in the preceding list, selected from the classes prescribed for the Third and Fourth Years (§ VII).

Candidates for High Honours (§ XI) shall be expected either to prepare a thesis embodying the results of a short original investigation, or to show special attainments in some branch of laboratory work, as the preparation of organic compounds, or the analysis of iron and steel, of ores, or of water. In estimating the results in the final examination of the Special Course, the standard of attainment shown in the Practical Physics Class and in the Senior Physics and Practical Chemistry Classes of both Third and Fourth Years shall be considered.

The subjects of examination and other requirements shall be the same as in the corresponding Special Course of the Faculty of Arts (§ VIII (13) p. 54).

§ XXXI.—The Degree of B. Sc. with Honours in departments in which special courses are provided in this Faculty, shall be conferred on the same conditions as the corresponding degree in the Faculty of Arts (§ XI, p. 52.)

XXXII.—The Degree of B. Sc. with Distinction shall be conferred on the same conditions as the corresponding degree in the Faculty of Arts (§ XII, p. 57).

§ XXXIII.—Medals, Prizes, and Matriculation Scholarships.—The Sir William Young Gold Medal, the University Medals, the Avery Prize, the Waverley Prize, and the Sir William Young and Professors' Scholarships and Mackenzie Bursary (awarded at matriculation) are open for competition to undergraduates of, or candidates for matriculation in, the B. Sc. courses of this Faculty. See §§ V, XV, pp. 40, 59.

§ XXXIV.—1851 Exhibition Science Research Scholarship.—Her Majesty's Commissioners for the Exhibition of 1851 have, for some years, offered Scholarships in certain universities of the United Kingdom and the Colonies, with the intention of enabling students of science who have indicated high promise of capacity for original research to continue the prosecution of science with the view of aiding in its advance or in its industrial applications. In 1894, 1896, 1898, 1900, and 1902, they placed the nomination to one of these Scholarships at the disposal of this University, and it is expected that a similar nomination will be placed at the disposal of the University for the year 1904.

These Scholarships are of the annual value of one hundred and fifty pounds sterling, are tenable for two years, subject to the fulfilment of certain conditions mentioned below, or, by special resolution of the Commissioners, for three years, and are open to women as well as men.

The following were the conditions of nomination in 1902:

- (a) The nominee must be a British subject.
- (b) He (or she) must, at the date of the nomination, have been for a term of three years, a bona fide student of Science in a University or College (or in Universities or Colleges) in which special attention is given to scientific study,—a graduate who has continued his studies at a College after graduation being regarded as a student.
- (c) He must have been a student of Dalhousie College either during the academic year at the end of which the nomination is made, or during the previous year; but in the event of his having ceased to be a student of Dalhousie College at the end of the previous year, he must have been engaged during the year of nomination solely in scientific study.
- (d) He must have indicated high promise of capacity for advancing Science or its applications by original research. Evidence of capacity for original research in Science is strictly required, this being one of the main qualifications for a scholarship; and the nominee will be selected from the students qualified for nomination mainly on the ground of superiority in this respect, though the general proficiency attained in the study of Science, special knowledge of departments of Science closely related to that to which the candidate intends to devote himself, and knowledge of such subjects as French and German, which are useful in the prosecution of research, will also be taken into account.
- (e) There is no absolute restriction as to age; but a nominee whose age exceeds 30 will only be accepted by the Commissioners under very special circumstances.

The nomination which is to be made by this University to the Commissioners in London, will be referred by them to a committee of eminent scientific men, who will advise them upon it; and the nomination will take effect on its being confirmed by the Commissioners.

The scholarship may be held at any University in the United Kingdom or abroad, or in any other institution to be approved by the Commissioners, the only restriction being that the institution

selected shall be properly equipped for the prosecution of Science. But a scholar will be required, in the absence of special circumstances, to proceed to an institution other than that by which he is nominated.

The scholar, during his tenure of the Scholarship, must devote himself wholly to study and research, more especially in some branch of Science, such as Physics, Mechanics, or Chemistry, the extension of which is especially important to our national industries; and he is not allowed during such tenure to hold any position of emolument.

The continuance of the Scholarship for the second year is dependent on the work done in the first year being satisfactory to the Scientific Committee appointed by the Commissioners.

Only one-fourth, at most, of the Scholarships granted in any one year, are renewed for a third year, the renewals being awarded to the most deserving of the candidates.

The conditions for the exceptional renewal of Scholarships for a third year are as follows:—

(1) The scholar shall have published in the Proceedings of some Scientific Society, or in some Scientific Journal, an account, approved by the Scholarships Committee, of an adequate research.

(2) The scholar shall satisfy the Committee:—

That a continuance of the Scholarship for a third year is likely to result in work of scientific importance.

That such work is not likely to recompense the scholar pecuniarily.

That the scholar is not in a position to continue the work without the help of the Scholarship.

That the scholar intends, after the expiration of the Scholarship, to adopt a pursuit in which his studies during his tenure of the Scholarship, will find useful practical application.

(3) The scholar shall undertake to make a detailed report to the Commissioners, of his work during the third year.

(4) The conditions on which the Scholarship was originally granted shall apply in all respects to its continuance during the third year.

The scholarship is payable half-yearly in advance (through the Treasurer of this University, if the scholar study in America); but £25 will be reserved from the last payment until the scholar has made a satisfactory final report.

The candidate nominated is required by the Commissioners to sign the following declaration:—

I, the undersigned, hereby declare that the particulars concerning me mentioned in the foregoing form are correct, and I undertake that, if a Science Research Scholarship is awarded to me, I will hold it subject to the conditions laid down by Her Majesty's Commissioners for the Exhibition of 1881 with reference thereto, and I will, during its continuance, wholly devote myself to the objects of the Scholarship, and I will not during such continuance hold any position of emolument.

In cases in which the candidate nominated for a scholarship appears to H. M. Commissioners to have had insufficient opportunity of showing whether or not he has the power to carry on independent research, and not therefore to be immediately qualified for a scholarship, but to give promise of becoming so after a year's experience of research work, said candidate also not being in a position to continue his studies

without assistance, H. M. Commissioners may award him a Probationary Bursary. The following are the regulations under which such Bursaries are tenable:—

1. A Bursary is intended for the maintenance for one year of a Student who proposes to become a Science Research Scholar under the scheme of the Commissioners at the expiration of the period covered by the Bursary, in order to afford him an opportunity of proving his power to carry on independent research. The authorities of an institution recommending a Student for a Bursary will be presumed to have satisfied themselves that he has *bona fide* intends to accept a Scholarship if subsequently appointed to one.

2. An applicant for a Bursary must, except as to evidence of capacity for original research, fulfil all the conditions for the time being laid down for appointment to a Science Research Scholarship. He must have passed a B. Sc. examination (or its equivalent) with Honours before the commencement of the period covered by the Bursary. His age must not exceed 25, except under special circumstances.

3. A Bursary is tenable for one year, and is of the value of £70, payable by half-yearly instalments in advance, the second instalment being payable on receipt of a certificate from the Professor under whom the holder has been working that he has faithfully performed his duties.

4. A Bursary will be awarded on condition that the nominating institution undertakes to provide for the holder facilities for conducting research, and the requisite supervision, free from charge and incidental expenses.

5. The holder of a Bursary shall devote himself exclusively to research, and work preparatory to research, and none of his time shall be spent in assisting a teacher in his duties. The holder of a Bursary must not hold any other Bursary, Scholarship, or position of emolument.

6. The holder of a Bursary shall on or before May 1st in the year of tenure send to the office of the Commissioners an account of the research work performed by him, together with an application for appointment to a Science Research Scholarship. The Commissioners will expect to receive from the Professor under whom the holder of the Bursary shall have worked, a confidential opinion as to his capacity and qualifications.

7. The Commissioners may either appoint the holder of a Bursary to a Science Research Scholarship, or at their absolute discretion decline to appoint him, and in the latter case, shall not be called upon to state any ground for their decision.

8. A Science Research Scholarship, if granted, shall be held on the usual conditions attached to the Scholarships, or on any special conditions which the Commissioners may impose. But a scholar who previously to appointment has held a Bursary shall not be eligible for exceptional renewal of his Scholarship for a third year.

Students who desire to become candidates for nomination to the above Scholarship must make application to the President of the University on or before the 1st day of February, 1904. In making such application they must furnish a statement of the following particulars:—

(a) Name and address.

(b) Age and birth-place.

(c) Institution or institutions in which candidate's term of study has been passed.

(d) Specific statement of qualifications of candidate, including particulars of his college career, and of original research in which he has been engaged.

(e) Name of institution to which candidate proposes to attach himself during tenure of Scholarship.

(f) Statement of the particular scientific work, specifying the branch of science, to which the candidate proposes more especially to devote himself.

(g) Statement as to whether or not the candidate will be prepared to accept a Probationary Bursary in the event of the Commissioners being unable to award a full Scholarship on the evidence submitted, and in the event of his being so prepared, a further statement as to his being unable to continue his studies without assistance.

As this University is required to certify the correctness of the above statement in the case of the candidate nominated, the statement must be accompanied by satisfactory evidence as to all particulars which are not in the University records. Thus age, attendance at other Universities or Colleges, and accounts of original researches conducted elsewhere, must be properly attested.

§ XXXV.—Course of Study for Degree of B. Mus.—The Course of Study includes, besides English and Acoustics, the following subjects:—Harmony, Counterpoint, Canon and Fugue, Form, and History of Music, for two years in each case, Instrumentation and Analysis of Scores, for one year.

Candidates shall be required besides attending the courses of instruction in the above subjects (§ XXIV.), performing the required class exercises and passing the examinations, to compose, themselves, the exercises specified below, and to give evidence of their ability as musical performers by playing before one or more of the Examiners, on the pianoforte or organ (pipe), the pieces of music mentioned below.

(2) The classes in the above subjects need not be taken in any one definite order and may be extended over more than three years, but students are recommended to take them in the following order:—

FIRST YEAR.—(1) Harmony in not more than four parts; (2) History of Music from 1600 to 1799; (3) Acoustics in so far as connected with the Theory of Music; (4) English.

SECOND YEAR.—(1) Harmony in not more than five parts; (2) Simple Counterpoint in two or three parts; (3) Canon in two parts, Imitation and Fugue in not more than three parts; (4) Form;

Elementary Form, Phrases, Periods, Open and Closed Forms; (5) Elements of Instrumentation; (6) History of Music from 1799 to the present time; (7) English.

THIRD YEAR.—(1) Single and double Counterpoint in not more than five parts; (2) Serial and Free Fugue in not more than five parts; (3) Form: Binary Form, Ternary Form, Rondo and Sonata; (4) Analysis of certain proscribed scores.

Exercises to be composed by the candidate: (a) A solo song with pianoforte accompaniment; (b) A four part vocal composition; (c) An instrument composition (other than a dance), for pianoforte, organ, or other stringed or wind instruments with pianoforte accompaniment.

The final examination in the practice of Music shall include one of the following groups:—

For the Pianoforte.

Prelude and Fugue in E minor	<i>Mendelssohn.</i>
C major Sonata (Waldstein)	<i>Beethoven.</i>
A ♯ major Polonaise	<i>Chopin.</i>
D ♯ major Nocturne	<i>Chopin.</i>
Concert-Étude No. 1, (Waldesrauschen)	<i>Liszt.</i>
Rhapsodie, No. 12	<i>Liszt.</i>

For the Organ.

Prelude and Fugue in E major	<i>Bach.</i>
Sonata in D minor (solo form)	<i>Merbl.</i>
Air with Variations and Fugato in A	<i>Sauer.</i>
Third Organ Sonata	<i>Mendelssohn.</i>

§ XXXVI.—Short Courses of Study for General Students.—(1) For the benefit of students who may be unable to spend four full years at the University, but may be able to give full attendance for shorter periods, or to attend a small number of classes for a series of years, short courses of study have been arranged.

Students entering on these courses shall not be required to pass any preliminary examination; but they are recommended not to enter classes in which some knowledge of the subject is assumed, without first consulting the Professors as to their ability to enter with profit upon the work of the classes.

To students who attend the classes of these courses with regularity, show diligence in the class work, and succeed in securing positions on the Pass Lists, certificates shall be issued stating the nature of the course pursued, and the degree of success attained.

The details of the subjects studied in the classes mentioned below will be found under Courses of Instruction (§ XXIV.)

(2) **Short Course for Teachers.**—This course is intended to provide a thorough systematic and practical training in education, together with a practical study of scientific subjects, such as will enable the student to present and illustrate such subjects adequately in the school.

It shall consist of the following classes (§ XXIV): Mental Science, Science of Education, History of Education and Practice, Chemistry, Practical Physics, Mineralogy and Geology, Physiology, Botany and Zoology, and Drawing.

Diploma of Literate in Education (L. E.)

This Diploma shall be awarded to students who have taken the above course, on the following conditions:

(a) Before entering upon it they must furnish evidence of general education, equal at least to that implied in the possession of the Grade XI (B) Certificate of the Nova Scotia Education Office.

(b) They must pass satisfactory examinations in the subjects of the classes mentioned above, and receive the favourable report of those who conduct practical classes on their practical work.

(c) In connection with the Class of Practice of Teaching, they must have spent at least 300 hours in practical work (including actual teaching and observation of teaching) under approved supervision; but a portion of this practical work may have been carried out in the summer vacation, provided it be under the supervision of teachers, approved by the Faculty.

(d) The Course in Drawing must include at least 200 hours in the class in Freehand Drawing and Modelling (§ XXIV (viii).)

(e) They must furnish certificates from teachers approved by the Faculty, of having attended a course of instruction of at least 30 lessons in Manual Training, and of having acquired proficiency both in this subject and in School Music (Tonic Sol-Fa notation).—Instruction in both these subjects may be obtained in the City of Halifax.

§ XXXVII.—**Classes for Artisans.**—Classes are organized from time to time for artisans and other persons who are engaged in forms of work involving the application of scientific knowledge. These classes are usually held in the evening. Announcements with regard to them are made at the beginning of the Session.

§ XXXVIII.—**Attendance.**—The regulations as to attendance of students are the same as in the Faculty of Arts. (See § IX, p. 55).

§ XXXIX.—**Class Exercises and Examinations.**—The regulations as to Class Exercises and Examinations are the same as in the Faculty of Arts. (See § X, p. 55).

§ XL.—**Residence, Church Attendance, and Discipline.**—The regulations as to residence, church attendance, and discipline, in this Faculty, are the same as in the Faculty of Arts. (See §§ XVI-XVIII, p. 61.)

§ XLI.—**The Degree of Bachelor of Engineering (B. E.)** shall be conferred on a Bachelor of Science who has taken the degree in one or other of the Departments of Engineering, at any date not less than one year after graduation, provided he satisfy the following conditions:—

(1) He must furnish certificates from an engineer or engineers, approved for this purpose by the Faculty, showing that he has been engaged in practical work in some one department of engineering under their supervision for a period of at least two years, and that he has exhibited satisfactory diligence and progress. A part, or the whole, of this time may be spent in any approved Engineering School which possesses workshops or testing laboratories.

(2) He must hand into the Faculty designs for some constructive work, prescribed by the Faculty, in the department in which he has been engaged in practical work, the designs to be accompanied by complete working drawings giving full details, and bills of materials and estimates. The designs must be accompanied by a declaration to the effect that he has received no assistance in preparing them; and he shall be required to explain and defend them before the examiners.

(3) Candidates for this degree must send their designs, &c., to the Dean of the Faculty on or before the first day of March, and must, at the same time, pay a fee of Twenty Dollars. In the event of the degree being granted, a further fee of Five Dollars is payable for the Diploma.

§ XLII.—**The Degree of Master of Science (M. Sc.)**—The degree of Master of Science shall be conferred on a Bachelor of Science of at least one year's standing and of good character, either on his submitting to the Faculty a satisfactory thesis embodying the results of original research in some department of pure or applied science, or on his pass-

ing an examination in a course of scientific study, appointed or approved by the Faculty, of about the extent represented by the academic work of one year of the B. Sc. Course. In the latter case no fixed courses of study are laid down, the intention being to encourage graduates to prosecute advanced courses of study either at this or at any other University, or by private reading, and to adapt the courses to their individual tastes and capacities; but no course of study shall be approved unless it is confined either to one department of science, or to closely related departments.

Theses must be sent to the Dean of the Faculty on or before the first day of March. Examinations shall be held ordinarily at the time of the Spring Examinations; but in special circumstances they may be held in the autumn. Candidates must give one month's notice of their intention to appear for examination.

On transmitting the thesis, or on giving notice of intention to appear for examination, candidates must pay a fee of Five Dollars. In the event of the degree being granted a further fee of Five Dollars is payable for the Diploma.

§ XLIII.—*Admission ad eundem gradum.*—Graduates in Science or in Music of Universities approved by the Senate, who have received their degree in course, may be admitted *ad eundem gradum* in this University, on producing satisfactory proof of character and academic standing, and on payment of a fee of Ten Dollars.

§ XLIV.—*Academic Costume.*—Undergraduates and general students attending more than one class, are entitled to wear caps and gowns. The forms proscribed are the Oxford undergraduate gown of black stuff with sleeves; and the black trencher with tassels.

Bachelors of Science, of Engineering, and of Music, and Masters of Science are entitled to wear gowns of black stuff and hoods. The distinctive part of the costume is the hood, which is to be as follows:

For B. Sc.—Black stuff, with a lining of white silk bordered with crimson silk.

For B. E.—Black stuff, with a lining of white silk bordered with purple silk.

For B. Mus.—Black stuff, with a lining of white silk bordered with lavender silk.

For M. Sc.—Black stuff, with a lining of scarlet silk.

Successful candidates for these degrees must appear at Convocation in the proper academic costume, to have the

degrees conferred upon them. Degrees will be conferred in the absence of candidates only by special permission of the Senate.

§ XLV.—*Fees.*—The regulations as to fees payable by students for registration, gymnasium, classes conducted in the College, supplementary and special examinations, &c., shall be the same as in the Faculty of Arts (see § XXIII, p. 63); except that for classes conducted by two or more Lecturers a fee of Twelve Dollars is payable. For extra-mural classes the fees proscribed in the institutions in which they are held, must be paid. In the subjects of Anatomy, Physiology, and Histology, examination fees are payable (§ XXIV.)

The Degree Examination fees are as follows:

For B. E. Examination.....	\$20 00
For Examinations in Music (B. Mus.), in each year of the course. 10 00	
For M. Sc. Examination or report.....	5 00

The Graduation Fees are as follows:—

For B. Sc. Diploma.....	5 00
For B. E. Diploma.....	5 00
For M. Sc. Diploma.....	5 00
For B. Mus. Diploma.....	20 00
For an ad eundem Degree.....	10 00

Faculty of Law.

THE PRESIDENT, 1902-1903.

RICHARD C. WELDON, M. A., Ph. D., B. C. L., K. C.

BENJAMIN RUSSELL, M. A., D. C. L., K. C., M. P.

C. SYDNEY HARRINGTON, K. C.

HECTOR McLENNAN, LL. B.

GEORGE A. E. ROWLSON, LL. B.

WILLIAM B. WALLACE, LL. B., J. C. C.

Dean of the Faculty—PROFESSOR WELDON.

Secretary of the Faculty—PROFESSOR RUSSELL.

§ XLVI.—Courses of Lectures.

The following Courses of Lectures to be given in the Session of 1902-03, will begin on the 3rd of September, 1902, and end on the 20th February, 1903:

CONSTITUTIONAL AND INTERNATIONAL LAW.

(George Munro Professorship.)

Professor.....B. C. WELDON, K. C.

Constitutional Law.

Two lectures per week.

Subjects of lectures:

Constitutional Conventions. Royal Prerogative. *Lex Parliamenti*. Colonial Laws Validity Act. Select Cases; Cartwright's Case.

Constitutional History

Two lectures per week.

Subjects of Lectures:

Feudalism in England. Origin and growth of the two Houses of Parliament. Origin and Development of trial by Jury. Origin and Development of the Courts of Law. The Royal Prerogative. History of the Law of Treason. The Liberty of the Person. The Liberty of the Press. History of Party Government. Origin and

Development of the Cabinet System. History of the Reform Bills. The Written Code of the Constitution. *Magna Charta*. Petition of Right. Bill of Rights. *Habeas Corpus*.

Text-book: Taswell-Langmead's Constitutional History of England.

Conflict of Laws.

One lecture per week.

Subjects of lectures:

Leading rules as to (1) personal capacity, (2) rights of property, (3) rights of obligation, (4) rights of succession, (5) family rights, (6) forms of legal acts. The use of courts by strangers. The effect of foreign judgments. Select cases upon the Conflict of Laws.

Text-book: Nibosa's Private International Law.

International Law.

One lecture per week.

Subjects of lectures:

History of North Atlantic Fisheries. Convention of London, 1818. Territorial Waters. Treaty of Washington, A. D. 1871. Consuls. Commercial Treaties. Naturalization. Extradition. Blockade. Contraband. Intervention. Capture. Prize Courts.

Text-book: Hall's International Law.

CRIMES.

Lecturer.....W. B. WALLACE, LL. B., J. C. C.

Two lectures per week.

Subjects of lectures:

Sources of Criminal Law. Offences against Public Order, internal and external. Offences affecting the administration of Law and Justice. Offences against Religion, Morals and Public Convenience. Offences against the Person, and Reputation. Offences against rights of property and rights arising out of Contract and offences connected with trade. Procedure. Proceedings after conviction.

Text-book: The Canadian Criminal Code, 1892.

SHIPPING.

Lecturer.....PROFESSOR WELDON.

Subjects of lectures:

Registration of Shipping. Transfer. Mortgage. Bottomry and Respondentia. Charter Party. Bills of Lading. Collision. Damage. Salvage. Freight. Tonnage. General Average.

CONTRACTS.

Professor.....B. RUSSELL, M. A., D. C. L., K. C. M. P.

Two lectures per week.

Subjects of lectures:

Definition of terms; agreement, consideration, proposal, acceptance, promise, &c. Persons who may contract. Principal and agent. Disabilities arising from infancy, coverture, lunacy, intoxication, &c. Express and implied contracts. Verbal and written contracts. Specialties. Statutory requirements as to validity and authentication of contracts; Statute of Frauds. Causes vitiating agreements: mistake, fraud, duress, &c. Discharge of contracts, rescission, performance, payment, release, merger, &c. Leading cases.

Text-books: Finch's Cases, and Anson on Contracts.

EQUITY JURISPRUDENCE.

Lecturer.....PROFESSOR RUSSELL.

One lecture per week extending over two years.

Subjects of lectures:

Trusts, Mortgage, Frauds, Mistake, Specific Performance of Contracts, Administration of Assets, Election, Account, Discovery, Injunction.

Text-book: Smith, H. A.

SALES OF PERSONAL PROPERTY.

Lecturer.....PROFESSOR RUSSELL.

One lecture per week.

[1902-3.]

Subjects of lectures:

Capacity to buy and sell. Executed and executory contracts of sale. Statute of Frauds. Lord Testerton's Act. Rules as to passing of property. Reservation of *ius disponendi*. Stoppage in transitu. Condition. Warranty, express and implied. Remedies of seller and buyer.

Text-book: Benjamin on Sales.

NEGOTIABLE INSTRUMENTS.

Lecturer.....PROFESSOR RUSSELL.

One lecture per week.

[1903-4.]

Subjects of lectures:

Formal Requisites, Consideration. Indorsement and Transfer. Real and Personal Defences. Over-due Paper. Notice of Dishonor. Protest.

Text-book: McLaren on Bills.

EVIDENCE.

Lecturer.....MR. C. S. HARRINGTON, K. C.

One lecture per week.

[1902-3.]

Subjects of lectures:

Nature of Proof. Production and Effect of Evidence. Relevancy. Instruments of Evidence.

Text-books: Greenleaf on Evidence; Judicature Act and Rules.

PARTNERSHIP AND COMPANIES.

Lecturer.....MR. C. S. HARRINGTON, K. C.

One lecture per week.

[1903-4.]

Subjects of lectures:

Constitution. Liability of partners *inter se* and to third persons. Change of firm. Retirement of partners. Dissolution. Mining ventures. Joint-stock Companies. Canada Joint-stock Companies Act.

Text-book: Lindley on Partnership.

PRACTICE AND PROCEDURE.

Lecturer.....MR. HECTOR McINNES, LL. B.

Subjects of lectures:

Judicature Act and Rules, General Principles of Pleading, and Rules of Practice.

Candidates for the Degree of LL. B. are not required to attend lectures or take the examination in Procedure.

TORTS.

Lecturer.....MR. GEORGE A. E. HOWLINGS, B. A., LL. B.

One lecture per week.

Subjects of lectures:

Definitions. Torts considered with reference to Crimes and Contracts. Deforc. Slander and Libel. Malicious Prosecution. Conspiracy. Assault and Battery. False Imprisonment. Enticement and Seduction. Trespass to Property. Conversion. Violation of Water Rights and Rights of Support. Nuisance. Negligence.

Text-books: Bigelow, or Pollock.

REAL PROPERTY (First Year).

Lecturer.....

WILLS.

Lecturer.....

One lecture per week.

Subjects of lectures :

WILLS.—History of Wills, Making of Wills, including Fraud, Mistake, Undue Influences, Contingent and Conditional Wills, Form and Execution of Wills, Revocation of Wills, Revival and Republishing of Wills, Special Limitations and Conditions in a Will, their effects and legality, Office of Executor and Administrator, Estate of Executors and Administrators, Debts of Deceased, Devise, Legacies.

§ XLVII.—**The Academic Year.**—The Academic year consists of one session. The session of 1902-3 will begin on the 3rd of September, 1902, and end on the 27th of February, 1903.

§ XLVIII.—**Admission of Students.**—(1.) Students may enter the University by (a) entering their names in the Register, and (b) paying the prescribed fees.

(2.) Registered students may, on payment of the proper fees, enter any of the classes of the University.

(3.) Students who wish to obtain University Degrees must become undergraduates. They may become undergraduates by (a) passing the Matriculation Examination of the Arts Faculty or a recognized equivalent, or (b) producing certificates of Articled Clerkship or the like in cases where they rely on having passed the preliminary law examinations in their several provinces, and (c) entering their names on the Register as Undergraduates.

(4.) Students who are not undergraduates are known as General Students.

§ XLIX.—**Degree of Bachelor of Laws.**—(1.) All candidates for the Degree of *LL. B.*, are required to pass the Matriculation Examination of the Arts Faculty, or a recognized equivalent, to attend not less than five-sixths of the lectures given in each subject of the course of study, to pass the prescribed Examinations in the subjects of the three years course of study, and to argue at least two cases in the Moot Court.

(2.) Graduates and undergraduates in Arts of any recognized College or University, and articled clerks or law students who have passed the preliminary law examinations in any of the Provinces of the Dominion of Canada, in Newfoundland,

or in any of the British West India Islands, shall be admitted to the standing of Undergraduates of the First Year in the Faculty of Law, without passing an examination.

Students presenting themselves for the first time for registration as undergraduates in law must submit to the Dean their diplomas or certificates to establish their qualifications as graduates, undergraduates, or enrolled law students, respectively. Without such diplomas or certificates students cannot be registered as Undergraduates in law.

(3.) Undergraduates of other Law Schools may, on producing satisfactory certificates of standing, be admitted to similar standing in this Law School if they are found qualified to enter the classes proper to their years. But if their previous courses of study have not corresponded to the course on which they enter in the University, they may be required to take extra classes.

§ L.—**Course of Study for the Degree of LL. B.**

First Year.			
1. Real Property.		4. Torts.	
2. Crimes.		5. Constitutional History.	
3. Contracts.			
Second Year.			
1. Equity.		4. Constitutional Law.	
2. Partnership and Companies.		5. Shipping.	
3. Negotiable Instruments.		6. Wills.	
Third Year.			
1. International Law.		4. Equity.	
2. Conflict of Laws.		5. Sales of Personal Property.	
3. Evidence.			

The Faculty urgently recommend that students devote their whole time during Sessions to the work of the School, experience having proved that students who undertake office work in addition to the work of their classes, receive comparatively little advantage from the lectures. The Course having been very considerably enlarged, the Faculty apprehend that students who are doing regular office work during session, will find it quite impossible to pass with credit the required examinations.

§ LI.—**Sessional Examinations.**—(1.) The Sessional Examinations will begin next Session on February 20th, 1902.

(2.) Students are forbidden to bring any book or manuscript into the Examination Hall, except by direction of the

Examiner, or to give or receive assistance, or to hold any communication with one another at the examinations. If a student violate this rule, he shall be excluded from the Sessional Examinations of the Session, and such other penalty shall be imposed as the Faculty may determine.

(3.) If an Undergraduate fail to pass in two subjects at the Sessional Examinations, he shall be allowed a supplementary Examination in such subject or subjects at the beginning of any subsequent Session.

(4.) If an Undergraduate fail to pass in more than two subjects at any Sessional Examination, he shall lose his Session.

(5.) Undergraduates who wish to present themselves at a Supplementary Examination, must give notice addressed to the Secretary of the Faculty, Dalhousie Law School, Halifax, on or before August 24th, 1902.

(6.) The Supplementary Examination for the present year will begin September 3rd, at 3 p. m. Fee 85, payable on the day of the Examination.

§ LII.—**Moot Courts.**—Moot Courts are held every week.

The case to be argued is stated by the Professor or Lecturer who is to preside. Every candidate for a degree shall be required to take part in at least two arguments at the Moot Court. The senior counsel on either side shall file briefs with the Dean one day before the day on which the case is argued. A record is kept of the values assigned to the arguments made, and these values may be considered by the Faculty in recommending a candidate for his degree.

§ LIII.—**Residence and Discipline.**—The regulations as to residence and discipline in this Faculty are the same as in the Faculty of Arts. See Arts Calendar.

§ LIV.—**Academic Costume.**—Bachelors of Laws are entitled to wear gowns and hoods. The gowns are similar to those worn by Barristers-at-Law. The hoods are of black silk stuff, with a lining of white silk brodered with gold coloured silk.

§ LV.—**The Library.**—The Library is in charge of a Librarian, who will endeavor to make its resources available to the Students. The Library will be found to contain almost all the reports an undergraduate will have occasion to consult. Students' text-books are not found in the Library.

§ LVI.—**Fees.**—The following are the fees payable by students of the Faculty of Law. They are in all cases payable in advance.

Students are requested to pay their Class Fees and sign the University Register on Tuesday, 2nd September, 1902, at 10 a. m., in the office of the Law School.

Registration Fee, payable only by General Students.....	\$ 2 00
Fee for each class attended, per Session, payable by General Students.....	10 00
Fee for each class attended, per session, payable by students of the Affiliated Course.....	6 00
Fee for the classes of the First Year, payable by undergraduates.....	40 00
Fee for the classes of the Second Year, payable by undergraduates.....	40 00
Fee for the classes of the Third Year, payable by undergraduates.....	40 00
Fee for LL. B. diploma, which is payable before the final examination, and will be returned in case of failure.....	10 00
Fee for the Supplementary Examination.....	5 00

Students of any year are permitted to attend lectures in the subjects of an earlier year without extra charge.

Students will not hereafter be admitted to the Lecture Rooms unless they have paid their class fees.

Faculty of Medicine.

THE PRESIDENT, *(ex officio).*

GEORGE L. SINCLAIR, M. D.	LOUIS M. SILVER, M. B., C. M.
DONALD A. CAMPBELL, M. D., C. M.	FRED. W. GOODWIN, M. D.
A. W. H. LINDSAY, M. D., C. M.	F. U. ANDERSON, M. B., C. S., Eng.
JOHN STEWART, M. B., C. M.	ERNEST H. MACKAY, Ph. D.
DANIEL McNEIL, PARKER, M. D.	WILLIAM H. HAYES, M. D.
ANDREW J. COWIE, M. D.	WILLIAM HALLIDAY, M. B., C. M.
JOHN F. BLACK, M. D.	GEORGE H. CAMPBELL, M. D.
ALEXANDER P. REID, M. D.	NORMAN E. MACKAY, M. D.
MATTHEW A. CURRY, M. D.	STEPHEN M. DIXON, M. A.
MURRAY McLAREN, M. D.	H. H. MCKAY, M. D.
WILLIAM TORRES, F. R. C. S., IRE.	MURDOCH CHISHOLM, M. D.
HON. MR. JUSTICE HENRY.	NORMAN F. CUNNINGHAM, M. D.

Dean of the Faculty: DR. SINCLAIR.

Secretary of the Faculty: DR. LINDSAY.

Correspondence should be addressed:

"The Secretary, Faculty of Medicine,
Dalhousie College, Halifax."

§LVII.—Courses of Instruction.*—1. Instruction is provided by the University in the following subjects of the Medical Curriculum:—

I.—CHEMISTRY.

(*McLeod Professorship.*)

Professor..... E. MACKAY, Ph. D.

Junior Chemistry Class.

Mondays, Wednesdays and Fridays, 9—10 A. M.

CLASS WORK.—The lectures in this class deal in an elementary way with the principles of general chemistry. In the earlier part of the course the characteristic properties of common acids and bases are studied, and then the chemistry of fire, of water and of air, the order of historical development being followed as nearly as possible. When some acquaintance with chemical facts has thus been gained, the

*It is to be distinctly understood that the programs and regulations regarding courses of study and examinations contained in this Calendar hold good for year ending April 30, 1903, only, and that the Faculty will fully sensible of its obligations towards the student, does not hold itself bound to adhere absolutely for the whole four years of a student's course to the conditions now laid down.

fundamental laws of combination are taken up and the atomic theory and chemical formulae are introduced. Chlorine, nitrogen, carbon and some of their typical compounds are then studied, and thereafter the principal remaining elements, each in connection with the group of elements in the periodic system to which it belongs. Examinations, oral or written, are held fortnightly, and occasional written exercises are required.

LABORATORY WORK.—Every student is required to devote at least three hours a week to laboratory work. The laboratory course is designed to make the student familiar with ordinary laboratory operations and to lead him to solve simple problems in chemistry by experiment. Several common inorganic substances are prepared and studied; simple quantitative experiments are performed; and some time is devoted to elementary work in qualitative analysis.

Books recommended: Remsen's *Introduction to the Study of Chemistry* Macmillan & Co. for both class and laboratory work.

Senior Chemistry Class.

Tuesdays, Thursdays and Saturdays, 9—10 A. M.

CLASS WORK.—The subjects of study in this class fall into two subdivisions: pure chemistry, taken up on Tuesdays and Thursdays, and the applications of chemistry to medicine, on Saturdays.

The subjects of study in pure chemistry are: determination of atomic and molecular weights; constitution of acids, bases and salts; classification and properties of the principal metals; compounds of carbon—their purification and analysis; the paraffins and their chief derivatives: ethylene; acetylene; benzene and its chief derivatives.

The subjects of study in medical chemistry are: the chemical properties and detection of the more commonly occurring poisons; the proximate principles of the body and of food; typical foodstuffs as milk, flour, bread, meat; the blood; the digestive fluids and digestion; the principal animal secretions, especially urine; the quantitative estimation of glucose, albumen, urea.

LABORATORY WORK.—All members of the class are required to devote at least three hours a week to laboratory work. This will include qualitative analysis and the preparation of pure reagents. Practice is given in the identification of the chief inorganic compounds of the following elements: arsenic, antimony, tin, bismuth, copper, mercury, lead, silver, iron, chromium, selenium, tellurium, cobalt, nickel, manganese, barium, calcium, potassium, aluminum, magnesium, zinc, sodium, sulphur, nitrogen, phosphorus, carbon, boron; and the identification of the following organic compounds (not more than one such being present): acetic, tartaric, oxalic, hydrocyanic, salicylic and citric acids and their salts, alcohol, chloroform, alcohol, glucose, cane sugar, starch, pterol, quinine, morphine, strychnine.

For students who can devote sufficient time to the subject a more extended laboratory course is given, including, in addition to the preceding, the preparation and study of typical organic compounds and the quantitative estimation of the chief constituents of urine.

Books recommended: For class use, Rowse and Harlow's *Inorganic Chemistry for Advanced Students* (Macmillan & Co.); Remsen's *Compendium of Chemistry* (Macmillan & Co.); Halliburton's *Essentials of Chemical Pharmacy* (Longmans). For reference: Remsen's *Inorganic Chemistry, Advanced Course* (H. Holt & Co.); Rowse's *Medical Pharmacology and Toxicology* (Holt, Rinehart, Son & Co.); Bainbraten's *Text-book of Physiological Chemistry*, translated by Marsden (Wiley & Sons).

CHEMICAL LABORATORY.

The chemical laboratory accommodates about one hundred students. A reference library is placed in the laboratory for the use of students doing analytical work.

Laboratory students are allowed the use of all the more inexpensive reagents. They are required to provide themselves with the more expensive reagents, as alcohol and ether, and they are charged with the value of apparatus they have broken or injured.

The laboratory is open to students of the Junior Class on Mondays, Wednesdays and Fridays from 10 to 11 a. m., and to students of the Senior Class on Tuesdays and Thursdays from 10 to 11 a. m., and on Fridays from 11 a. m. to 12 m.

II.—ELEMENTARY BIOLOGY.

(A.)—BOTANY.

Lecturer.....

Saturdays, 11—1 P. M.

The course in Botany will have special reference to the following subjects: Protoplasm and Plant-cells, the Tissue and Tissue Systems of Plants, Morphology of the Plant-body, Plant Physiology, the Principles of Classification and the Laws of Distribution, the Proto-phytes (Schizophyceae), the Phytophyta (Chlorophyceae and Phaeophyceae), the Carpo-phyta (Rhodophyceae, Acetabulariae and Rhodospirillaceae specially), the Bryophyta (Mosses and Liverworts), the Pteridophyta (Ferns, Horse-tails and Club-mosses), the Anthophyta (specially the Coniferae, Gramineae, Orchidaceae, Liliaceae, Urticaceae, Labiate, Compositae, Umbelliferae, Rosaceae, Leguminosae, Cruciferae, Ranunculaceae). The Morphology and life history (the Anatomy, Histology and Development) of at least two common or representative species of each group of plants named above, in minute detail.

General attention will be given to the native flora of the province, with special notice of foreign as well as native species of interest from economic, medicinal or injurious properties.

The preliminary study of Botany as indicated in Grade IX of the Public School Course, and especially the formation of a local collection of plants, even if unsorted and unclassified, will be an advantage to any student entering upon the course.

Practical instruction will be given in the collecting, drying and mounting of specimens, the use of the microscope, the preparing of microscopic sections, and the general dissection of plants; and all students will be required to present a collection of at least 100 plants representing the local flora examined by them, together with their notes and drawings of microscopic work done during the session, as a portion of their terminal examinations. The use in class of a number of microscopes will be granted the students under the care and direction of the lecturer; but a hand lens, glass slides, cover glasses, scalpels and other apparatus, and books necessary for each student, shall be supplied by each for himself.

(B.)—ZOOLOGY.

Lecturer..... A. HALLIDAY, M. B., C. M., D. P. H.

Tuesdays and Thursdays, 2—3 P. M.

The work of the class will consist of a course of lectures supplemented by practical work.

The following subjects will be treated of in the lectures:—Organic and Inorganic Bodies; Differences between Plants and Animals, Morphology, Physiology, Differences between Animals, Specialisation of Function, Morphological Type, Von Baer's Law of Development, Origin of Species, Homology, Analogy, Reproduction, Distribution in Time and Space, Evolution, Classification. Also the general characters of the several subkingdoms will be treated of as fully as possible.

The practical part of the course will consist of Dissections and Demonstrations, Microscopy, &c.

The object of the class will be to give such a comprehensive idea of the Animal Kingdom, as will form a good basis for anyone wishing to prosecute still further the study of Biology, or Comparative Anatomy and Physiology.

Text Books: Students' Manual by Parker Haswell; Reference Text Books: *Anatomy of Vertebrates and Invertebrates*, Buxley, 3 vols.; *Text Book of Zoology*, Claus & Sedgewick, 2 vols.

III.—MEDICAL PHYSICS.

Professor..... STEPHEN M. DIXON, M. A.

Tuesdays and Thursdays, 11 A. M.—12 M.

In this class a rapid survey of the subjects of Experimental Physics is taken, the sections treated being:—The properties of solids and fluids (including the elements of dynamics); sound; heat; light; electricity and magnetism. The mode of treatment is inductive and quasi-historical, the generalizations and theoretical conceptions being worked up to, experimentally, but not systematically developed by deduction. The amount of mathematical knowledge assumed is therefore no greater than may be acquired in Grade B of the High School.

Members of the class, though required to work up the subjects treated in the lectures, are not expected to carry on any extensive private reading. But they will be expected to refer to works recommended by the lecturer in sections of the subject which have important practical application in medical study.

Books recommended for reference: Duntell's *Physics for Students of Medicine* (Macmillan & Co.); Robertson's *Physiological Physics* (Casell & Co.); *Force, Heat, Light and Sound* (Macmillan & Co.)

2. Students wishing to attend the above courses may do so either as General Medical Students without preliminary examination, or as regular Undergraduates in Medicine. In either case they must enter their names in the University Register at the beginning of the Session. By reference to §§VII and XXIX Undergraduates in Arts and Science will see how they at the same time may be registered with the Medical Faculty and so secure the benefit of certain classes of the Arts and Science Courses, as regular Undergraduates in Medicine.

3. In other subjects the necessary classes may be attended at any other University or College recognized by the Senate.

4. Attendance on classes by those registered as General Medical Students will not qualify for Degree Examinations in this Faculty except as provided in §LXII 1 (A) (2) c.

5. Certificates indicating less than 90 per cent. of attendance upon any class will not be accepted without valid reason for absence being shown.

§ LVIII.—**The Academic Year.**—The Academic year consists of one session of eight months duration. The Session of 1902—1903 will begin on Thursday, August 28th, 1902, and end on Tuesday, April 28th, 1903.

§ LIX.—**Degrees.**—Two Medical Degrees are conferred by this University, viz., Doctor of Medicine (M. D.) and Master of Surgery (C. M.); but neither degree is conferred on any person who does not at the same time obtain the other.

§ LX.—**Matriculation Examination.**—1. Candidates for medical degrees must give evidence of having obtained a satisfactory general education, by presenting certificates of having passed, before entering on the course of study qualifying for the degrees, either the Preliminary Examination of the Provincial Medical Board of Nova Scotia, the Junior Matriculation Examination of this University, with Latin as one of the languages selected, or some other examination recognized by the Board as sufficient.*

2. The Examinations recognized *pro tanto* by the Provincial Medical Board will be similarly recognized by this Faculty.

3. Candidates who may have passed in all but one of the subjects required for the Preliminary Examination of the Provincial Medical Board either before the Board's Examiners or at any of the recognized Examinations indicated above, provided they shall have made at least 25% in such subject, may enter as undergraduates, but will subsequently be required to comply with the Board's regulations as regards the remaining subject of examination before being admitted to the classes of the second year.

§ LXI.—**Degree Examinations.**—1. Candidates for the degrees of M. D. and C. M. shall be required to pass two main examinations—the Primary and the Final M. D., C. M. Examinations—and to have satisfied at the dates of the examinations certain conditions as to fees, attendance on classes, etc. Tickets of admission will be issued to all candidates who have satisfied these requirements of the Faculty, which tickets shall be produced at each examination.

2. The Regular Degree Examinations will be held during the second and third weeks in April of each year.

3. At all examinations a minimum of 50% in each subject will be required to obtain a "Pass," except under the

*All information in reference to Requirements for the Preliminary Examination of the Provincial Medical Board, Examinations, etc., may be obtained on application to the Registrar of the Board, Dr. A. W. H. Lindsay, 241 Pleasant Street, Halifax.

conditions specified in § LXIII, 4. Candidates making 75% or over in any subject shall be indicated in the published class lists as having "Passed with distinction." The names in the two divisions of the class lists and in the general pass lists shall be placed in simple alphabetical order.

4. Should the candidate fail to pass or to hand in a paper in any subject or subjects at the Regular Examinations, his fee will not be retained to him, but he will be permitted a supplementary examination in such subject or subjects on payment of \$5.00 for each subject, with or without evidence of further attendance on said subject or subjects as the Faculty may direct.

5. A candidate who has been prevented by exceptional circumstances from presenting himself at the Regular Examinations may by special permission of the Faculty be allowed a special examination, but such examination shall only be allowed at the dates specified in the University Almanac for the supplementary examinations, and the fee shall be \$5.00 for each subject of examination.

6. Candidates are not permitted to present themselves for examination in selected subjects, but are required to take each section as hereafter defined (§§ LXII—LXIII) as a whole, except (a) Candidates obtaining the special permission of the Faculty; (b) Students taking one of the affiliated courses (§ LVII, 2).

In either case the fee will be \$5.00 for each subject, and such examination shall only be allowed at the dates specified in the University Almanac for the supplementary or the regular examinations.

7. Candidates who have been granted supplementary examinations, will be required to pay the examination fee, whether they take the examination in the Autumn or at the time of the regular April examinations.

§ LXII. Primary M. D., C. M. Examination.*

1. This examination shall consist of two parts as follows:

(A.) PRIMARY EXAMINATION, SECT. A.

(1.) This examination shall include Anatomy, Chemistry, Elementary Biology, and Medical Physics, to the extent indicated in the following synopsis:—

Anatomy.

A written examination on Osteology, including general physical characters, chemical composition and coarse structure of bones. Ossification. Arthrology: classification of Joints, structure and mechanism of the most important, (hip, knee, shoulder, elbow, ankle, etc.)

* See foot note p. 98.

Chemistry.

Elementary general chemistry, as in the course of the Junior Chemistry Class, outlined on pp. 98, 99.

Elementary Biology.

Candidates will be expected to show a practical acquaintance with the topics indicated as forming the subject matter of the courses of lectures and instruction in Botany and Zoology, outlined at pp. 100, 101.

Medical Physics.

A written examination on the subject-matter included under this heading at p. 101.

(2.) Candidates for this examination shall be required to produce certificates to the following effect:

(a) Of having passed the Preliminary Examination of the Provincial Medical Board of Nova Scotia, the Junior Matriculation Examination of this University with Latin, or other examination recognized as sufficient, at least one academic year previously, and of having completed their sixteenth year before the passing of said examination.

(b) Of having, after passing the Preliminary Examination or other equivalent examination, attended either in this University, or in some other University or College approved by the Senate, during at least one medical session of eight months' duration a course in *Anatomy*, (*Osteology and Arthrology*) of at least 75 lectures and demonstrations with 10 hours laboratory work per week for six months.

(c) Of having, either before or after passing the Preliminary Examination or other equivalent examination attended either at this University, or at some other University or College approved by the Senate, the following courses of lectures and instructions, viz., *Chemistry*, a course of at least 75 lectures with a laboratory course of not less than three hours per week for six months; *Elementary Biology*, a course of at least 100 hours of lectures and laboratory work; *Medical Physics*, a course of at least 50 lectures.

(3.) Exemption from examination in any or all of these subjects may be allowed on production of satisfactory certificates.

(B.) PRIMARY EXAMINATION, SECT. B.

(1.) This examination shall include Anatomy, Physiology and Histology, and Chemistry, to the extent indicated in the following synopsis:

Anatomy.

This examination will be partly written and partly *in vivo*. The paper may include questions in Descriptive and Regional Anatomy, Surgical and Medical Anatomy. At the oral examination, candidates will be examined on the skeleton, recent dissections, models, preparations, etc.

Physiology and Histology.

A written and an oral examination on: (a) The physiology of digestion, absorption, circulation, respiration, secretion, nutrition; animal heat, animal motion; the functions of the nervous system and sense organs; reproduction and development.

(b) The composition of food, and of the tissues, secretions, excretions, and other fluids of the body.

(c) Histology.

At the oral examinations microscopical preparations of the tissues and organs of the body will also be submitted for identification and description.

Chemistry.

Inorganic, organic and medical chemistry as in the course of the Senior Chemistry Class, outlined on page 99. The examination will include: (a) A written paper. (b) A practical examination in the laboratory. (c) An oral examination, in which questions may be put to candidates upon the entire work of the Junior and Senior courses.

(2.) Candidates for this examination shall be required to produce certificates to the following effect:

(a) Of having passed the Preliminary Examination, or other examination recognized as sufficient, at least two academic years previously, and of having completed their sixteenth year before the passing of said examination.

(b) Of having passed in the subjects of the first part of the Primary Examination either at this University or at some other University or College recognized by the Senate.

(c) Of having, after passing the Preliminary Examination or other equivalent examination, attended either in this University, or in some other University or College approved by the Senate, during at least two medical sessions each of eight months' duration, the following courses of lectures and instruction, viz.: *Senior Anatomy*, a course of at least 75 lectures and demonstrations with 10 hours laboratory work per week for six months; *Senior Chemistry*,* a course in Organic and Medical Chemistry of 75 lectures with a laboratory course of not less than 3 hours per week for six months; *Physiology*, a course of at least 75 lectures; *Histology*, a course of at least 75 hours of lectures and laboratory work.

(3) (a) Candidates who have not passed Sect. A. of the Primary Examination may by special permission of the Faculty be allowed to complete their Primary Examination in both sections at the same time.

(b) Exemption from Examination in any or all of the subjects* of the Primary Examination, may be allowed on production of satisfactory certificates.

*In Chemistry, exemption from further attendance or from further examination may be allowed although the Preliminary Examination may not have been taken previous to the attendance or the passing of the examination in that subject.

2. The Primary M. D., C. M. Examination will be held in the second and third weeks in April. Candidates are required to hand in their applications and to transmit as far as possible the certificates specified above for Sect. A or Sect. B, as the case may be, to the Secretary of the Faculty at least fourteen days before the date of the examination, and the remainder of the required certificates not less than two days before the date of the examination, to enter their names in the Register of Undergraduates of the University before the date of the examination, and to pay before the date of the examination, one-sixth of the amount of the graduation fee in the case of candidates for Sect. A, and one-third of the graduation fee in the case of candidates for Sect. B.*

§ LXIII.—Final M. D., C. M. Examination.†—

1. This Examination shall also consist of two parts as follows:

(A.) FINAL EXAMINATION, SECT. A.

(1.) This Examination will include the following subjects:—Materia Medica, Pharmacy, and Therapeutics; Pathology and Bacteriology; Medical Jurisprudence and Insanity, and Hygiene.

Materia Medica, etc.

This examination will be partly written and partly oral. The candidates will require to possess a knowledge of:

- The general nature and composition, and the most important physical and chemical characters of the Pharmacopoeial drugs, named in the annexed Schedule.
 - The composition of the Pharmacopoeial preparations of these drugs, and the process employed in making them.
 - The doses, therapeutical uses and modes of administration of these drugs and their preparations; writing prescriptions.
- At the oral examination candidates will also be required to recognize the drugs indicated by initials in the annexed Schedule:
- Liquor Chlori; Calx Chlorata; Liquor Soda Chloratæ.
 Bromum; Ammonii Bromidum; Potassii Bromidum; Sodii Bromidum.
 Iodum; Potassii Iodidum; Sodii Iodidum; Phosphi Iodidum.
 Sulphur Sublimatum; Sulphur Precipitatum; Calx Sulphurata;
 Potassa Sulphurata.
 Phosphorus; Calci Phosphas; Sodii Phosphas; Ferri Phosphas;
 Calci Hypophosphis; Sodii Hypophosphis.
 Acidum Hydrochloricum; Acidum Nitricum; Acidum Sulphuricum.
 Acidum Aceticum; Acidum Citricum; Acidum Tartaricum.
 Acidum Boricum; Acidum Sulphurosum.
 Acidum Hydrocyanicum Dilutum.
 Liquor Ammonie; Liquor Potassæ; Liquor Sodæ; Potassa Caustica;
 Soda Caustica.
 Ammonii Carbonas; Ammonii Chloridum; Liquor Ammonii Aceticus.
 Potassii Bicarbonas; Potassii Sulphas; Potassii Chloras; Potassii
 Tartarus Acidus; Potassii Peranganas.

* Candidates exempted from Sect. A of the Primary Examination will be required to pay one-half of the graduation fee before being admitted to Sect. B.

† See foot note p. 98.

Sodii Bicarbonas; Sodii Sulphas; Sodii Nitris; Borax.
 Calx; Calci Hydras; Crota Preparata; Calci Carbonas Precipitata.
 Magnesia; Magnesi Carbonas; Magnesi Sulphas.
 Alumen; Alumen Exsiccatum.
 Zinc Oxidum; Zinc Chloridum; Zinc Sulphas.
 Cupri Sulphas.
 Argenti Nitras.
 Hydrargyrum; Hydrargyri Oxidum Flavum; Hydrargyri Oxidum
 Rubrum; Hydrargyri Subchloridum; Hydrargyri Perchloridum;
 Hydrargyri Iodidum Rubrum; Hydrargyrum Animoniatum;
 Liquor Hydrargyri Nitratæ Acidus.
 Plumbi Oxidum; Plumbi Acetas; Liquor Plumbi Subacetatis.
 Antimonium Tartaratum.
 Acidum Arsenicosum; Ferri Arsenias; Sodii Arsenias; Arsenii
 Iodidum; Liquor Arsenii et Hydrargyri Iodidi.
 Bismuthi Subnitras; Bismuthi Carbonas; Bismuthi Citras.
 Ferrum; Ferri Sulphas; Ferri Sulphas Granulatus; Ferri Sulphas
 Exsiccatus; Syrupus Ferri Subchloridi; Ferri Carbonas Saccha-
 ratus; Syrupus (et Pilule) Ferri Iodidi; Liquor Ferri Acetatæ;
 Liquor Ferri Perchloridi; Liquor Ferri Pernitratæ; Liquor Ferri
 Persulphatis; Ferri Peroxidum Hydratum; Liquor Ferri Dialy-
 satus; Ferri et Ammonii Citras; Ferri et Quinini Citras; Ferrum
 Tartaratum; Ferrum Rosaceum.
 Alcohol ethylicum; Spiritus Herpiferae; Spiritus Tenuior.
 Ether; Chloroformum; Iodoformum.
 Chloral Hydras; Butyl Chloral Hydras; Pseudothymum; Sulphonal.
 Amyl Nitris; Tabellæ Nitroglycerini; Liquor Trinitrini; Spiritus
 Etheris Nitrosi.
 Acetanilidum; Phenacetin; Phenazonum.
 Colchicum.
 Acidum Carbolicum; Acidum Salicylicum; Sodii Salicylas.
 Acetosi Radix et Folia; Anethinum.
 Opium; Morphine Hydrochloras; Morphine Acetas; Morphine
 Sulphas; Liquor Morphine Bismucatis; Apomorphine Hydro-
 chloras; Codeina.
 Coca; Cocaine Hydrochloras.
 Jaborandi; Pilocarpine Nitras.
 Quassa; Ligustrum; Calumbæ Radix; Gentiane Radix.
 Physostigmati Semen; Physostigma.
 Caffeina; Caffeina Citras.
 Cassi Fructus et Folia.
 Amygdala; Ammoniacum; Myrrha; Gummæ Resina.
 Cinchona Cortex; Cinchona Rubra Cortex; Quinina Sulphas;
 Quinina Hydrochloras.
 Salsolium.
 Spectamenka; Senege Radix.
 Glycyrrhiza.
 Naz Tonicum; Strophæna.
 Belladonna Radix et Folia; Atropina; Atropine Sulphas; Hyos-
 yami Folia; Stramonii Semen et Folia; Homatropine Hydro-
 bromas.
 Cannabis Indica.
 Digitalis Folia; Strophanthus.
 Olean Ricini; Olean Crotonis; Aloe Barbadosæ; Aloe Socotrina;
 Aloin; Bhamri Purshiana Cortex; Colocynthis Pulpa; Klater-
 ium; Bhatrinum; Jalapa; Podophylli Rhizoma; Ekei Radix;
 Semen Almondinum et Indicum; Camphora; Olean Terbinthina.
 Acidum Tannicum; Acidum Gallicum; Kino; Catechu; Hamamelis
 Cortex et Folia.
 Acidum Benzoicum.
 Opemba, Cubeba, Buchu Folia.

Calceoli *Cereus* et *Semina*.
Scilla.
Fila *Moa*. *Santonium*.
Egota.
Glans *Morhuor*. *Cantharis*.

Medical Jurisprudence and Insanity, and Hygiene.

The Examination will be partly written, partly oral. Candidates will be examined on the following topics:

Forensic Medicine.

- I. Examination of Persons found Dead, with reference to:—(1) Identification; (2) Time of Death; (3) Cause of Death.
- II. Violent causes of Death:—(1) Drowning; (2) Strangulation; (3) Suffocation; (4) Mechanical Injuries and Wounds.
- III. Poisons and Poisoning:—(1) Symptoms and post-mortem appearances in cases of poisoning by the following agents:—Inorganic—Mineral Acids; Solutions of Alkalis; Copper; Lead; Mercury; Antimony; Arsenic; Phosphorus. Organic—Oxalic Acid; Carbolic Acid; Opium; Strychnine; Belladonna; Aconite; Chloroform; Chloral Hydrate; Cyanides. (2) Cases of medical men in cases of Poisoning as regards observation; Treatment and Preservation of parts for Analysis. (3) Preliminary Tests for Poisonous Substances for Clinical Use before reference to an Analyst.
- IV. Medico-legal points in connection with:—Pregnancy, Delivery, Rape, Criminal Abortion, Infanticide, Assaults and Homicide, Wounds and other external injuries; Mental Capacity in relation to Criminal Responsibility, Contracts, and Wills; Malpractice, and Neglect of Duty.
- V. Forms of Insanity. Examination of persons supposed to be insane. The Lunacy Laws in so far as they affect the Medical Practitioner when signing Certificates of Lunacy.

Hygiene.

- I. WATER, in its relation to Health and Disease:—(1) The Character and Classification of Drinking Water. (2) The Causes and Sources of the Impurities found in Water and Methods of Purification. (3) The Diseases conveyed by Water, and the Methods of dealing with Epidemics of such Diseases.
- II. AIR, in relation to Health and Disease:—(1) The Causes and Sources of the Impurities found in Air. (2) The Diseases conveyed through the Air. (3) The Quantity of Air necessary for Health; the Principles of Ventilation.
- III. SOIL, in relation to Health and Disease:—(1) The Causes and Sources of the Impurities in the Soil, and the Methods of dealing with them. (2) Diseases connected with the Soil. (3) The Methods of dealing with Excreta and Sewage.
- IV. FOOD, in relation to Health and Disease:—(1) Dietetics. (2) The common Aberrations of the chief Articles of Diet. (3) Diseases connected with Deficiency or Impurity of Food-supply.
- V. The Dwelling, in relation to Health and Disease:—The Principles of House Drainage.
- VI. The Principles of Disinfection, and the mode of Action of the chief Disinfecting Agents.
- VII. The Provisions of "The Act for the Notification of Disease."

Pathology and Bacteriology.

The Examination will be partly written, partly *ex vivo*. Candidates will be expected to possess a knowledge of:—

- (a) *General Pathology*, including Degenerative Processes, Inflammation, Morbid Growth, etc.
- (b) *General Etiology*, with reference to Parasitic and Infective Diseases.
- (c) *Systematic Pathology*; the more important diseases of the principal systems and organs of the body.

(d) *Bacteriology*, to include the General Morphology and Life History of Micro-Organisms; Characters of Organisms Pathogenic to the Human Subject, and their modes of producing diseases, etc.

At the oral examination candidates will be examined on gross and microscopical preparations, and will be expected to possess a knowledge of the Preparation of Culture Media, Methods of Isolation and Cultivation, Staining, Separation of Bacterial Products, Inoculation.

(2.) Candidates for this examination shall be required to furnish certificates to the following effect, viz:—

(a) Of having passed the Preliminary Examination, or other examination recognized as sufficient, at least three academic years previously, and of having completed their sixteenth year before the passing of said examination.

(b) Of having passed the Primary M. D., C. M. Examination at this University, or of having passed an equivalent examination at some other University or College recognized by the Senate.

(c) Of having, after passing the Preliminary Examination, or other equivalent examination, attended at some University or College approved by the Senate, during at least one medical session of eight months' duration, the following courses of lectures and instruction, viz:—*Materia Medica*, a course of at least 75 lectures; *Therapeutics*, a course of at least 25 lectures; *Medical Jurisprudence (including Insanity)*, a course of at least 50 lectures and demonstrations; *Hygiene*, a course of at least 25 lectures and demonstrations; *Pathology and Bacteriology*, a course of at least 150 hours of lectures, demonstrations and laboratory work.

(d) Of having, after passing the Preliminary Examination, or other equivalent examination, attended at some University or College, approved by the Senate, one course of instruction of at least thirty lessons in Practical Dispensing, or under the same conditions had three months practice in the dispensing of drugs with a registered apothecary or dispensing medical practitioner;

(B) FINAL EXAMINATION, SECT. B.

(1.) This Examination will include the following subjects:—Surgery, Clinical Surgery, Medicine, Clinical Medicine, Obstetrics and Diseases of Women and Children.

Surgery.

The Examination in this subject will be partly written and partly viva voce. The candidates will be expected to possess a knowledge of the Principles and Practice of Surgery, of Surgical Pathology, Surgical Anatomy, and Operative Surgery. They will also be examined on the more common Diseases of the Skin, of the Eye, Ear, Throat, and Nose.

Clinical Surgery.

This Examination will be partly practical and partly oral. Cases will be submitted for diagnosis and treatment. Candidates will also be examined on the application of Splints and Bandages, and on the uses of Surgical Instruments and Appliances.

Medicine.

In this subject there will be a written and an oral examination on the Clinical History, Causes, Diagnosis, Prognosis and Treatment of the Diseases of the different Systems and Organs of the Body. The examination will also include Infectious Diseases, Constitutional Diseases, Mental Diseases, and Diseases of the Nervous System. Candidates may also be questioned on Medical Anatomy and on Therapeutics.

Clinical Medicine.

The Examination in Clinical Medicine will be partly practical and partly oral. Patients will be submitted for Examination, Diagnosis and Treatment. Examination of specimens of Urine, Sputa, etc., will be required.

Obstetrics and Diseases of Women and Children.

In these subjects there will be a written and an oral examination, which will embrace the following:—

(a.) The Anatomy and the Physiology of the Female Organs of Reproduction.

- (b.) The Physiology, Pathology and Therapeutics of Pregnancy.
- (c.) Parturition, natural and morbid.
- (d.) Hygiene, Pathology and Therapeutics of the Puerperal State.
- (e.) Hygiene, Pathology and Therapeutics of Infancy and Childhood.
- (f.) Special Pathology and Therapeutics of the Female Organs of Reproduction.

At the oral examination, candidates may also be questioned on Gynecological Operations and the use of Instruments and Appliances.

(2) Candidates for this examination will be required to furnish certificates to the following effect, viz:—

(a) That they have completed their twenty-first year, or that they will have done so, on or before the day of graduation. This certificate shall be signed by themselves, and shall be after the following form:—

HALIFAX,, 19....

I, the undersigned, being desirous of obtaining the Degree of Doctor of Medicine and Master of Surgery, do hereby declare that I have attained the age of twenty-one years, (or if the case be otherwise, that I shall have attained the age of twenty-one years before the next graduation day).

(Signed),

A. B.

(b) Of having passed the Preliminary Examination, or other equivalent examination, at least four academic years previously, and of having completed their sixteenth year before the passing of said examination;

(c) Of having passed the Primary M. D., C. M. Examination at this University, or having passed an equivalent examination at some other University or College recognized by the Senate;

(d) Of having passed the First Part (Sect. A) of the Final Examination at this University;

(e) Of having, after passing the Preliminary Examination, or other equivalent examination, fulfilled the following requirements:

a. Attended at some University or College recognized by the Senate, two courses of at least 75 lectures each in each of the following, viz.: *Surgery, Medicine, Obstetrics and Diseases of Women and Children, Clinical Surgery, Clinical Medicine*; and one course of at least 25 lectures and demonstrations in *Ophthalmology, Otology and Laryngology*;

b. Attended at some University or College recognized by the Senate, a course in Operative Surgery, and of having performed operations on the dead body to the satisfaction of the Teacher*;

7. Attended during at least eighteen months the practice of the Victoria General Hospital, or that of some other General Hospital approved by the Senate, or attended such hospital practice for twelve months with at least six months additional attendance on the practice of a recognized Dispensary, or of the out-patient department of an approved Hospital;

8. Attended at a recognized Hospital or Dispensary courses of practical instruction of at least 25 lessons or demonstrations each in Medicine and in Surgery, including:— the methods of examining various organs and other parts of the body, in order to detect the evidence of disease or the effect of accidents—the employment of instruments and apparatus used in diagnosis or treatment, the examination of the Urine and other secretions, and of morbid products;

c. Served at least six months as a dresser in the Surgical wards, and six months as a Clinical Clerk in the Medical wards of a recognized Hospital, and reported at least 10

* Blank certificates will be issued to candidates, which must be filled out and signed by the proper authorities.

Medical and 10 Surgical cases, or of having done other equivalent practical work in Surgery and Medicine.*

ζ Attended at least four cases of midwifery, under a recognized practitioner* ;

η Attended the Post Mortem Examinations in a recognized Hospital for a period of at least six months, during which they have received practical instruction in the methods of making Post Mortem Examinations and in framing Reports. Such certificate to be accompanied by reports of at least six autopsies which the candidate has attended.

θ Received instruction and attained proficiency in the practice of Vaccination, under a recognized medical practitioner.*

(3) Candidates who have not passed Sect. A. of the Final Examination may by special permission of the Faculty be allowed to complete their Final Examination in both sections at the same time.

2. The Final M. D., C. M. Examination will be held in the second and third weeks in April. Candidates are required to hand in their applications and to transmit as far as possible the certificates specified above for Section A or Section B, as the case may be, to the Secretary of the Faculty, at least fourteen days before the date of the Examination, and the remainder of the required certificates not less than two days before the date of the Examination, and to enter their names in the register of undergraduates before the date of the examination, and to pay before the date of the examination, one-sixth of the amount of the graduation fee in the case of candidates for Section A, and one-third of the graduation fee in the case of candidates for Sect. B.

3. Candidates who may have been exempted from passing the Primary Examination under the provisions of § LXII. 1, (A) (3), (B) (3) (b) will be required to pay the balance of the full graduation fee before being admitted to the last part of the Final Examination.

4. A candidate having failed to make 50% in any subject of Sect. B of the Final Examination will also be required to pass again in any other subject in which he may have made less than 60% with or without evidence of further attendance on such subject or subjects as the Faculty, in their discretion,

*Blank certificates will be issued to candidates, which must be filled out and signed by the proper authorities.

may determine. At all such Supplementary Examinations candidates are required to make at least 60% in each subject.

§ LXIV.—**Medals and Prizes.**—**MEDICAL FACULTY MEDAL.**—This Medal will be awarded on graduation to the student who stands first at the Final M. D., C. M. Examination (Section B), provided he shall have obtained distinction in at least three of the five subjects of examination.

DR. LINDSAY'S PRIZE.—A Prize of Books will be awarded to the student who stands first among those taking Section B of the Primary M. D., C. M. Examination, provided he shall have obtained distinction in at least two of the three subjects of examination.

THE SIMPSON PRIZE.—AN ANNUAL Prize of twenty-five dollars is offered by Frank Simpson, Esq., to be awarded to the student who, at the end of his third year, has passed the best examinations in Chemistry, Practical Chemistry, Materia Medica and Therapeutics.

§ LXV.—**Residence.**—All students are required to report their place of residence to the President on or before the day appointed in the University Almanac (October 14th.)

All students not residing with relatives or friends are required to reside in lodging houses approved by the President.

§ LXVI.—**Discipline.**—The Senate may use all means deemed necessary for maintaining discipline.

§ LXVII.—**Academic Costume, etc.**—1. Undergraduates and general students attending more than one class, are entitled to wear caps and gowns at lectures and all meetings of the University. The forms prescribed are the Oxford undergraduate gown of black stuff with sleeves; and the black trencher with tassel.

2. Doctors of Medicine of this University shall be entitled to wear black stuff gowns and hoods. The hoods shall have a lining of scarlet silk bordered with white silk.

3. Successful candidates for this degree shall be required to appear at Convocation in academic costume to have the degrees conferred upon them. Degrees shall not be conferred in the absence of the candidate, except by special permission of the Senate.

P. ROBINS MEMORIAL COLLECTION of Philosophical books; and the MACDONALD LIBRARY presented by the son of the late Professor Charles Macdonald, M. A.; also the following CLASS MEMORIAL COLLECTIONS:—

- Class of 1894: Classical Dictionaries.
- Class of 1895: Sophocles' Plays and Bacon's Works.
- Class of 1896: Jesuits' Relations.
- Class of 1897: Dryden's Works, and Economics.
- Class of 1898: Standard Editions of Plato's and Aristotle.
- Class of 1899: New English Dictionary, General Literature.
- Class of 1900: Dictionary of National Biography.
- Class of 1901: Mathematical and Physical Books.

The additions to the Library since May, 1901, number 1022, of which about 400 are pamphlets and reports.

Mr. Charles M. Macdonald, son of the late Professor Macdonald, gave a large part of his father's Library to the College.

A movement, to provide a suitable memorial of the late Professor Macdonald, has been begun by the students and graduates of the college. It is proposed to collect \$25,000, and should the results warrant it to erect a Library Building and provide an endowment for the Library. The movement is confined to the former students and intimate friends of the late Professor Macdonald. Already the students at present in the Colleges have subscribed \$5500 to be paid in ten years.

The Alumni Association has given about \$340 worth of books to the Library during the past session. The set of the *Festschriften der Physik*, through their liberality, has been brought down almost to date. The earlier part of the set came from the Library of the late Dr. J. J. MacKenzie, the later from Dr. MacGregor's.

The Class memorials are the most important contributions to the Library. The set of the *Jesuits' Relations*, seventy-three volumes in all, is now complete, and to its cost the class of 1896 has contributed \$210. Two more volumes have been added to the new English Dictionary. This is part of the gift of the class of 1899 whose total contributions have now reached the large sum of \$248.50. The Class of 1901 gave \$101.84 which has been expended largely on Mathematical and Physical Books. The gift of the Class of 1902—\$100 (with more promised)—will be devoted to the purchase of the books most urgently needed. These gifts reflect the greatest credit both on the givers and the College that has such generous students.

Mr. W. B. Ross, K. C., gave Bowring's Standard Edition of Bentham's Works; Dr. Forrest several valuable books on Local History. The grant from the Medical Faculty brought in several volumes to the Biological section. Mrs. J. Duffus gave 55 volumes of the *Illustrated London News*, nearly all of which are bound. Dr. G. U. Hay, F. R. S. C., presented over 100 volumes of French and German texts. From the Hon. R. Bask 38 volumes of Nova Scotia Journals and Laws were received. A Friend presented a valuable set of Hasting's *Dictionary of the Bible, and Map*.

The handsome portrait of our generous benefactor, George Munro, which was painted by J. Colin Forbes, and presented by Mrs. G. W. Schurman, Mr. Munro's younger daughter, has been placed in the Arts Library.

Miss Eliza Ritchie, Ph. D., who does not let a year pass without sending some valuable gift, this year presented the Library with two rare views of Halifax about 1805, formerly in Dr. Almon's collection.

The following graduates have presented copies of their publications to the "Dalhousie Corner." Dr. A. S. MacKenzie: *On the Period of a Rod vibrating in a Liquid*; Dr. MacGregor: *Inaugural Address*; E. H. Archibald, M. Sc.: *A Study of Growing Crystals, and Decomposition of Mercurous Chloride*; T. C. Hobb, M. A.: *On the Determination of the Freezing Point Depression Constant for Electrolytes*; Dr. D. A. Murray: *On the Study of Mathematics*.

The following have presented books or pamphlets:—G. U. Hay, D. Sc., F. R. S. C., 111 vols.; Alumni Association, 73; Mrs. J. Duffus, 53; Dr. MacGregor, 41; Mrs. R. Nelson, 40; Hon. R. Bask, 38; Macmillan & Co, 25; Class of 1901, 22; Dr. Forrest, 19; Class of '96, 15; Class of '99, 11; W. B. Ross, K. C., 11; Medical Faculty, 8; Dr. MacMechan, 6; K. F. MacKenzie, B. A., 4; W. T. M. MacKinnon, B. L., 3; Miss E. Ritchie, Ph. D., A. H. R. Fraser, Lt. B., T. Nelson and Sons, Early English Text Soc., Pierre de Coubertin, Dr. A. P. Reid, Prof. E. MacKay, Prof. W. Murray, 2; W. MacGillivray, W. S., Bank of N. S., R. E. Walker, F. G. S., Copp Clark Co., Longmans, Miss E. M. Read, B. A., G. M. Acklins, M. A., J. Lanos, M. L., H. T. Newcomb, R. W. Ellis, G. Patterson, M. P. P., Aberdeen University, Glasgow University, Rev. Dr. Sedgewick, J. H. Austen, Rev. T. Fowler, J. Stirling, B. A., Prof. Dixon, Rev. Dr. Falconer, T. C. Allen & Co., W. R. MacKenzie, B. A., 1 each.

Reports have been received from—Dominion Government, 12; Meteorological Department, and Belgian Government, 10;

Department of Agriculture, 9; Geological Survey, 8; Congressional Library, 6; University of N. Y. State, 6; Smithsonian Institution and British Government, 5 each; Manitoba Historical and Scientific Society, and Toronto University, 4; Toronto Public Library, and British Columbia Government, 3; U. S. Naval Observatory, Num. and Antiq. Soc., Ontario Government, Harvard University, Dublin University, 2 each; Nova Scotia Historical Society, U. S. Marine Hospital, N. B. National Society, Manitoba Government, Royal Society of Canada, Cambridge University Library, Bryn Mawr, Medical Council, G. B., Halifax Local Council of Women, McGill University, P. E. I. Government, School for the Blind, Deaf and Dumb Institution, 1 each.

Calendars and reports have been received from the following Universities and Colleges:—Edinburgh; Glasgow; Aberdeen; St. Andrew's; Dublin; London; Durham; Bristol; Victoria; Dundee; St. Mungo's; Trinity Coll., Lond.; Lond. Hosp. and Med. Coll.; Sydney; Melbourne; Buenos Ayres; Princeton; Yale; Harvard; Michigan; Columbia; Columbian; California; Pennsylvania; Johns Hopkins; Cornell; Chicago; Brown; Smith; Lake Forest; Bryn Mawr; Mass. Institute of Technology; Vassar; Schencks; Detroit; Mt. Holyoke; Manitoba; Toronto; McMaster; Queen's; McGill; Bishop's College; Trinity; Victoria; Laval; Ottawa; Presbyterian Theol. Coll., Halifax; New Brunswick; Mount Allison; Acadia; King's; Prince of Wales; St. Joseph's; St. Dunstan's; St. Francis Xavier; St. Boniface; Niagara Falls; Antigonish; Wesleyan Theol. Coll., Mont.; Auburn and Hartford Theol. Seminaries; Halifax Ladies' Coll.; School of Mining, Kingston.

Periodicals have been regularly placed on the Reading Tables and in many cases given to the Library by the following:—Prof. D. Murray: *Fortnightly and Science*; Prof. Dixon: *Nineteenth and Nature*; Prof. H. Murray: *American Review of Reviews*, *McClure*, *Conspicuous*; Prof. Falconer: *Spectator*; Prof. Weldon: *Forum*; Prof. MacMechan: *Monthly Review and Academy*; Prof. W. Murray: *Nation*, *Int. Jo. of Ethics*; *Psychol. Rev.*; *Philos. Rec.*; *Educational Review*, *N. Y.*; Prof. E. Mackay: *Weekly Times*, *Popular Science Monthly*; A. H. R. Fraser, Esq. L. B.: *American Historical Review*, *English Historical Review*; from other sources: *Classical Review*, *Educational Review*, *N. B.*; *Book Reviews*, *Economic Studies*, *Publications of American Economic Association*.

The Library has been open five days each week of the session from 10 to 1 and from 3 to 5 p. m. About 3600 books were taken out from May, 1901, to May 1902. Between 50 and 60 readers per day made use of the Library. Students have free access to all catalogued books.

Stock was taken in November. In addition to those previously reported, 38 books were missing, but of these 25 have been recovered. Also 3 of those reported missing previously have been recovered. The net loss for the year is thus 9. Last year it was 10. The number of books on catalogue April 15th, 1893, was 4284, May 1902, about 7900. During the interval 171 titles were removed from the Catalogue, though only 27 represented lost books. The total number of books reported missing May, 1894, was 66; May, 1902, 111—an increase of 45. These, with the 27 removed from the Catalogue, make a loss of 72 for eight years.

Mr. Garnett Sedgewick discharged the duties of Assistant to the Librarian in a very efficient manner.

Abstract of Current Class Memorial Accounts:

CLASS OF 1896.		
<i>Receipts.</i>		
1901, May 8.	Reported to date	\$182 50
1902, May 10.	From R. M. MacGregor	27 50
		\$210 00
<i>Expenditures.</i>		
1901, May 4.	Reported to date	\$202 50
1902, May	Barrows Bros.	59 73
		\$262 23
CLASS OF 1899.

CLASS OF 1902.		
<i>Receipts.</i>		
1902, April.	From K. F. MacKenzie	\$100 00

Thanks to the kindness of Professor Dixon, the Library is now supplied with Electric lights.

The Library Committee for the session 1902-3 consists of the incoming Librarian, Professor D. A. Murray, and Professors MacMechan and Walter Murray.

THE UNIVERSITY MUSEUM.

The Museum* consists chiefly of the THOMAS McCULLOCH and the PATTERSON COLLECTIONS.

THE THOMAS McCULLOCH COLLECTION was presented to the University in 1881, by the late Rev. William McCulloch, D. D., of Truro, with a fund of \$1,400 for extending the collections. It formed the museum of Prof. Thomas McCulloch, who occupied the chair of Natural Philosophy from 1863 to 1865. It contains a large and valuable collection of birds, especially of the native birds of the Maritime Provinces, many specimens of minerals, especially of Nova Scotian species, also rock specimens, a set of Carboniferous fossils, chiefly Nova Scotian, and a collection of European Cretaceous fossils, Indian implements, shells of recent Mollusca, native plants, &c. These collections were made in part by Rev. Thomas McCulloch, D. D., the first president of the College. The McCulloch collection of birds has recently been increased by additions paid for out of the McCulloch Museum Fund. An arrangement has been made with Mr. T. J. Egan, by which his valuable collection, containing about 30 cases of native birds, has been placed in the Museum on loan.

THE PATTERSON ARCHEOLOGICAL COLLECTION—This collection of Indian Antiquities was made by the late Rev. George Patterson, D. D., LL. D., F. R. S. C., while engaged during a number of years in researches regarding the history and modes of life of the aborigines of Nova Scotia. The collection was presented by him to the College in 1889, on the condition that the Governors should make suitable "provision for the preservation and exhibition of the same, in such a manner as is usual in well managed Museums." It is kept as a separate collection. It contains 288 specimens, separately catalogued, and is arranged conveniently for reference. About 250 of the specimens have been obtained in Nova Scotia. They illustrate the stone age of its aboriginal inhabitants, and form an almost complete representation of the articles usually found among the remains of the native races of North America.

*The Provincial Museum, in the New Provincial Building, contains collections illustrating the Mineralogy, Geology, and Zoology of the Province, and is open to the public daily. It may be conveniently used by students.

There are also a number of similar articles from the United States, Scotland, the West Indies, and especially the New Hebrides. The classified catalogue of the collection, which is arranged according to the method adopted in the description of the archaeological collections of the Smithsonian Institution, contains full particulars of the localities where the several specimens were obtained.

The Zoological Section of the Museum, containing between 500 and 600 specimens, has been catalogued by Dr. A. Halliday, Lecturer on Zoology.

During the year, Mr. H. S. Poole, Lecturer in Geology, has done much work in classifying and arranging the Geological material in the Museum.

The Geological Survey Department, Ottawa, presented in December a collection of 125 Mineralogical and Geological specimens.

THE GYMNASIUM.

All male students on paying the regular fee of one dollar and fifty cents are entitled to the services of the Instructor and to the use of the Gymnasium. During the past session instruction was given by Sergt.-Major Loeg.

In future the Gymnasium will be under the management of a Committee of Six, of whom three are to be appointed by the Senate and three by the Dalhousie Amateur Athletic Club. The representatives of the Senate for the session 1902-3 are President Forrest, Professors Liechi and H. Murray.

Dr. George M. Campbell and Dr. W. D. Forrest have been appointed examining Physicians for the College.

THE ALUMNI ASSOCIATION.

(Incorporated 1876.)

EXTRACT FROM THE LAWS.

1. The object of the Association shall be the promotion of the interests of the University.
2. The Association shall consist of Ordinary and Associate Members.
3. All Graduates of the University, all persons who, during at least one academic year, have been registered students, either of Dalhousie College or of other colleges which have been merged in or united with Dalhousie College, and all other persons who have at any time been educated by means of the funds of Dalhousie College, shall be eligible for ordinary membership. But no persons other than graduates shall

The following officers were elected for the ensuing year:—

<i>President</i>	J. W. LOGAN, B. A.
<i>1st Vice-President</i>	E. D. FARRELL, M. D.
<i>2nd Vice-President</i>	D. A. MURRAY, PH. D.
<i>Secretary</i>	W. J. LEAHY, LL. B.
<i>Treasurer</i>	S. A. MORTON, M. A.
<i>Other Members of Exec. Committee</i>	E. MACKAY, PH. D.
	GRAHAM CRIGHTON.
	J. H. TREFRY, M. A.
	G. M. CAMPBELL, B. A., M. D.
<i>Auditors</i>	L. H. CUMMING, LL. B.
	W. A. LYONS, LL. B.
	H. B. STAIRS, B. A., LL. B.

STUDENTS' SOCIETIES.

University Students' Council.

Meetings are held regularly in November and February to conduct business in which all the students of the University are interested. Special meetings may be called by the President at any time.

<i>President</i>	E. A. MACLEOD, B. A.
<i>Vice-Presidents</i>	W. H. COFFIN.
	G. H. GORDON.
	J. S. LAYTON, B. A.
<i>Secretary-Treasurer</i>	G. M. J. MACKAY.
<i>Executive Committee</i>	J. M. MILLAR.
	W. M. CORBETT.
	J. W. WELDON, B. A.
	A. C. GILIS.
<i>Reading Room Committee</i>	W. M. CORBETT.
	G. G. SEDGWICK.
	A. H. S. MURRAY, M. A.
	W. H. ROSS.
	D. W. MACKENZIE, B. A.
	D. M. SMITH.

The DAILY GAZETTE is published by the students of the University under the authority of the Council.

The following have been appointed by the students of the Arts and Science Faculties as Editors for 1901-02:—

G. G. SEDGWICK, (Arts, '02).	W. M. CORBETT, (Arts, '04).
H. J. FRASER, (Arts, '02).	J. C. BAILLEN, (Arts, '04).
W. H. COFFIN, (Arts, '03).	C. J. DAVIS, (Arts, '03).
A. H. S. MURRAY, M. A., (Law, '03).	J. W. WELDON, B. A., (Law, '03).
T. M. PHILAN, (Law '03).	A. R. CUNNINGHAM, B. A. (Med. '04).
<i>Financial Editor</i>	A. M. YOUNG.

Others will be appointed at the opening of the Session by the Lady Students, and the Students of the Faculties of Law and Medicine.

Art Students' Society.

This Society meets in October and April to conduct business in which the Arts Students alone are interested. Special meetings may be called at any time by the President.

OFFICERS.

<i>President</i>	W. H. ROSS.
<i>Vice-President</i>	T. G. MACKENZIE.
<i>Secretary-Treasurer</i>	C. W. MATHESON.
<i>Executive Committee</i>	R. H. SUTHERLAND.
	J. L. ACHAM.
	C. T. BAILLIE.

Law Students Society.

The Society meets once a month for the transaction of business of interest to the Law Students.

OFFICERS.

<i>President</i>	N. J. LOCKHART, B. A.
<i>Vice-President</i>	J. W. WELDON, B. A.
<i>Secretary-Treasurer</i>	A. H. S. MURRAY, M. A.
<i>Executive Committee</i>	E. A. MACLEOD, B. A.
	G. O. CHEESE, B. A.
	W. R. MACDONALD.

The Mock Parliament.

The Mock Parliament meets weekly. All students of the University are welcome, but only students in law are allowed to take part in the debates, which are mostly of a political nature, on questions of the day. It is conducted strictly in accordance with parliamentary procedure.

<i>Speaker</i>	F. B. A. CHIPMAN, M. A.
<i>Deputy Speaker</i>	T. M. PHILAN, M. A.
<i>Clerk</i>	H. P. O. SAVARY.

The Medical Debating Club.

The meetings of this Society are held weekly throughout the session. Topics of general interest are discussed, and papers on medical subjects are read.

OFFICERS.

<i>President</i>	D. G. J. CAMPBELL.
<i>Vice-President</i>	F. LESSEL.
<i>Secretary</i>	D. W. MACKENZIE, B. A.
<i>Treasurer</i>	J. C. MORRISON.

<i>Executive Committee</i>	A. M. HERR, B. A.
	T. L. POTTER.
	F. B. DAY.
	J. I. O'CONNOR.
<i>Librarian</i>	J. R. MILLAR, M. A.

The Sodales Debating Club.

The Sodales Debating Club meets fortnightly during the session, subjects of general interest being discussed. A series of lectures by prominent public men will be given under the auspices of the club.

OFFICERS.

<i>Honorary President</i>	PROF. J. LIECHT.
<i>President</i>	J. W. WELDON, B. A.
<i>Vice-President</i>	D. McLEAN.
<i>Secretary</i>	J. BARNETT.
<i>Treasurer</i>	C. I. CROWDIS.
<i>Executive Committee</i>	A. R. MACBAIN, (Arts)
	W. C. ROBERTSON, (Law).
	J. S. LAYTON, B. A., (Medicine).
	N. M. BAXTER, (Science).
<i>Lecture Course Committee</i>	E. A. MACLEOD, B. A.
	D. W. MACKENZIE, B. A.
	R. C. WELDON, JR.
	G. W. LANGILLE.
	H. H. BLOIS.

Young Men's Christian Association.

Meetings of the Association are held every Saturday evening at the College.

OFFICERS.

<i>President</i>	L. L. YOUNG.
<i>Vice-President</i>	A. E. G. FORBES.
<i>Recording Secretary</i>	J. G. MEEK.
<i>Corresponding Secretary</i>	C. J. CROWDIS.
<i>Treasurer</i>	H. D. BRUNT.

Young Women's Christian Association.

Meetings of the Association are held every Monday afternoon at 5 o'clock.

OFFICERS.

<i>President</i>	WINIFRED M. WEBSTER.
<i>Vice-President</i>	FLORENCE BLACKWOOD.
<i>Treasurer</i>	MABEL McCURDY.
<i>Recording Secretary</i>	ESTELLA BURNES.
<i>Corresponding Secretary</i>	JEAN LINDSAY.

The Moot Court.

The Moot Court is intended for law students only, so far as arguing is concerned. It is conducted as nearly as possible after the manner of the Supreme Courts; and all law students of second and third years' standing are required to take part in at least one case during the session. (See Law Faculty).

The Dalhousie Amateur Athletic Club.

<i>Honorary President</i>	REV. PRESIDENT FORREST.
<i>President</i>	A. H. S. MURRAY, M. A.
<i>Vice-President</i>	D. M. SMITH.
<i>Secretary</i>	C. T. BAILLIE.
<i>Honorary Treasurer</i>	G. S. STAIRS.
<i>Executive Committee</i>	E. A. MACLEOD, B. A.
	J. W. WELDON, B. A.
	G. O. CHEESE, B. A.
	L. B. MACKENZIE, B. A.
<i>Trophy Committee</i>	J. MALCOLM.
	G. S. STAIRS.
<i>Grounds Committee</i>	J. A. MACKINNON, B. A., LL. B.
	R. T. MACLEITH, LL. B.
	J. C. O'MULLIN, LL. B.
<i>Auditors</i>	J. S. LAYTON, B. A.
	W. M. CORRETT.

The Glee Club.

The Club meets once a week for the practice of glees and choruses.

OFFICERS.

<i>Honorary President</i>	PROF. D. A. MURRAY.
<i>President</i>	A. M. YOUNG.
<i>Vice-President</i>	LOUISE L. THOMAS.
<i>Secretary-Treasurer</i>	G. A. CHRISTIE.
<i>Executive Committee</i>	MAY MACDOUGALL.
	ETHEL STUART.
	PRIMROSE CAMPBELL.
	E. M. FLEMING.
<i>Conductor</i>	A. H. S. MURRAY, M. A.
	A. R. CUNNINGHAM, M. A.
<i>Accompanist</i>	C. B. WIKEL.
	ALLAN P. LAING.

The Delta-Gamma Society.

The Delta-Gamma Society meets bi-monthly during the session. All lady students are eligible for membership. Debates are held, and literary programmes are prepared.

OFFICERS.

President.....	E. MAY MACDOUGALL.
Vice-President.....	PRIMROSE CAMPBELL.
Secretary.....	HATTIE M. BAYER.
Treasurer.....	JOYCE HARRIS.

AFFILIATED COLLEGES.

Halifax Ladies' College.

President.....	REV. ROBERT LAING, M. A.
Principal.....	MISS ERNESTYN FITCHER, B. A.

The object of the College is to provide a liberal education for young women. It has three departments of study,—the Primary, the Preparatory, and the Collegiate.

In the Collegiate department the course of study extends over three years, and includes English, French, German, Latin, Greek (optional), Mathematics and Elementary Science. The teaching staff in this department is as follows:

MISS ERNESTYN FITCHER, B. A., with HONS. in Philosophy (McGill), <i>Mathematics.</i>
REV. CLARENCE MACKINNON, M. A., B. D., (Edinburgh), <i>Practical Ethics.</i>
MRS. J. S. TRUEMAN, M. A., (Dalhousie), <i>History, Literature and Latin.</i>
MISS ELIZA HUNTER, B. A., (New Brunswick University), <i>English and Preparatory Department.</i>
MISS SURAN B. GANONG, B. A., (Smith College), <i>Science.</i>
Mlle. MARGUERITE PASQUET, Brevet Supérieur de l'Académie de Paris, <i>French and German.</i>
MISS J. E. F. MCKENZIE, B. A., (McGill), <i>English.</i>
MISS IRIS H. HAWKINS, (School of Expression, Boston), <i>Elocution.</i>
MISS JEAN CAMERON, (Boston Cooking School), <i>Domestic Science.</i>
SERGEANT MAJOR LAING, (Army GYM. STAFF), <i>Gymnastics and Calisthenics.</i>
MISS M. E. FITCHER, <i>Stenography and Typewriting.</i>
MISS MYRA SMITH, <i>Stenography.</i>
MISS HELEN MOWAT, <i>Art.</i>

Young women who have completed the three years' course are admitted to the first year in the Arts and Science Faculties in this University without examination in subjects which formed parts of the course.

The College Buildings, which include a Hall or Residence as well as Class Rooms and Assembly Hall, are situated in a central part of the City of Halifax, at a distance of about three-quarters of a mile from Dalhousie College. Young women who are registered students of Dalhousie College are admitted to the Ladies' College as boarders. The conditions of admission and the charges may be ascertained on application to the President.

The College has an Art Studio in which instruction in Fine Art is given by MR. H. M. ROSENBERG, Head Master of the Victoria School of Art and Design.

Halifax Conservatory of Music.

President.....	REV. ROBERT LAING, M. A.
----------------	--------------------------

FACULTY OF INSTRUCTION.

Piano—MR. PERCY GORDON, Royal Conservatory at Leipzig.
" MISS M. WALLACE.
" MR. J. H. LOGAN, Royal Hochschule at Berlin, and pupil of Godowsky.
" MR. DELBERT WEBSTER, New England Conservatory, Boston.
" MISS HELEN TINSLEY, Royal Conservatory at Leipzig.
" MISS ESTHER CLARK, Halifax Conservatory of Music.
" MISS LOUISE C. TUPPER, Halifax Conservatory of Music.
" MISS ANNIE LAYTON, Halifax Conservatory of Music, and pupil of Godowsky.

Fletcher Music Method—MISS ANNIE LAYTON.

Viola—MR. EDSON W. MORPHY, New England Conservatory of Music.
" MISS BRAYCKE WHIGDES, Royal Conservatory at Leipzig.
Voice—MR. CHARLES B. WIKEL, New York.
" MISS MABEL L. DAVIS, Boston.
Organ—MR. PERCY GORDON.
" MR. J. H. LOGAN.
Viola—MR. EDSON W. MORPHY.
Cello—MR. DELBERT WEBSTER.
Clarinet—MR. HARRY HANSON.

Concert—MR. T. L. COVY.

Piano, Mandolin and Guitar—MR. JAMES IVEMEY.

String Bass—MR. HEVRY STRATTON.

Theory and Composition—MR. PERCY GORDON.

Harmony—MR. PERCY GORDON.

" MR. DELBERT WENZLER.

History of Music—REV. ROBERT LAING, M. A.

The classes in Theory, Composition, and Harmony, conducted by Mr. Gordon, and in History by Rev. R. Laing, are recognized by this University as qualifying for the Degree of Bachelor of Music.

The Conservatory opens on the first WEDNESDAY of SEPTEMBER, and closes on the last WEDNESDAY of JUNE in each year.

Applications for information should be addressed to the President, REV. ROBERT LAING, Halifax, N. S.

University Lists.

DEGREES

Conferred September 19th, 1901.

DOCTOR OF LAWS

(Honoris Causa.)

PROFESSOR J. GORDON MACGREGOR, LL. D., F. R. S. In recognition of his eminent services to this University, and of his important contributions to Physical Science.

MASTER OF ARTS

SAMUEL NAPIER ROBERTSON, B. A.—By Examination in Modern Languages.

BACHELOR OF SCIENCE

WILLIAM EDGAR STEWART.

DOCTOR OF MEDICINE AND MASTER OF SURGERY.

HAROLD CAMERON.

WILFRED NORTHROP COCHRAN.

Conferred April 29th, 1902.

DOCTOR OF LAWS

(Honoris Causa.)

MARTIN JOSEPH GRIFPER, Librarian to the Parliament of Canada. In recognition of his contributions to Literature.

REV. ROBERT MURRAY, Editor of the *Presbyterian Witness*. In recognition of his distinguished services to Journalism.

MASTER OF ARTS.

REV. WILLIAM JAR. ARMISTEAD, B. A.—By Examination in Philosophy.
JEAN FAIRBANKS FORREST, B. A.—By Examination in the Philosophy of J. S. Mill, and Ethics.

EDITH MACGREGOR READ, B. A.—By Examination in Pure and Applied Mathematics.

WILLIAM McDONALD GRANT, B. A.—By Examination in Philosophy.

DAVID ALEXANDER LAWSON, B. A.—By Examination in Political Economy.

DUNCAN HUGH MCKINNON, B. A.—By Examination in Philosophy of Religion and Ethics.

BACHELOR OF ARTS.

REINA ALICE BENTLEY Halifax.
JESSIE BELL CAMPBELL Baddeck.

EXAMINATIONS, 1901-1902.

FACULTIES OF ARTS AND SCIENCE.

MATRICULATION.

BY EXAMINATION.

SENIOR.—*Passed in certain subjects:* McNiven, Catherine, in *Latin, French, English and Mathematics*; Barnett, John, and Ross, Edwin B., in *French, English, Mathematics*; Laing, A. P., and Bradley, J. A., in *Latin, Greek, English, History and Geography*; Laing, A. P., in *Chemistry*; Laing, A. P., in *Geometry*; Shaw, R. M., in *Latin*; McKinn, W. G., in *French*.

JUNIOR.—*First Class Distinction:* Moges, Jennie D.; Ankers, Jessie H.; Stephens, Margaret A.; Campbell, N. G.; Archibald, Margarette; Baillie, C. T.; McLean, M. C.

Second Class Distinction: Larsen, T.; Leamy, Lella A.; Canning, C. G.; Barnett, Ella K.; Archibald, Helen, T.; Granger, Constance G.; Peels, S. B.; McNiven, J.; Millar, J. M.

Passed—Neish, C. W.

Passed in certain subjects—Boak, G. A. J., and Cakler, F. H., in *French, History and Geography and Geometry*; Ross, D. K., in *Latin, English, History and Geography, and Mathematics*; Boak, G. A. J., in *Latin*; Crowdie, G. J., in *Latin and French*; Langille, G. W., and Giffin, G. A., in *Greek*; Barkley, F. C., in *French, English, History and Geography and Mathematics*; Bentley, Eugina A., Lawrence, C. S., and MacDonnell, E. May, in *French*; Froudford, J. A., in *Geometry and History and Geography*.

BY CERTIFICATE.

SENIOR.—*In all subjects:* Brehaut, L.; Harris, Estella M.; McEain, A. R.; McAdam, G. J.; Ross, W. H.

In certain subjects: Ballen, J. C., and MacDonnell, A. D., in *Latin, English, History, Mathematics and Chemistry*; Oliver, C. W., in *Latin, English, History and Mathematics*; Blanchard, C. P.; and Manley, Clotilde J., in *Latin, Greek, English, History and Geometry*; Blackwood, Florence E., in *Latin, English and History*.

JUNIOR.—*In all subjects:* Ross, Lottie L.; Murray, E. Mabel; Murray, Lulu M.; Gerrard, Louise; Stanfield, Eleanor A.; Harris, Helen, J.; Green, W. I.; Toombs, H. W.; Woodbury, W. W.; Carney, W. F.; Haliburton, A. F.; O'Hearn, Mary C.; Gladwin, Alice Pearson; Curry, Allan W.; McGillivray, A. A.; Munro, E. F.; Lawrence, C. S.

In certain subjects: Miller, H., Watson, A. D., McLellan, Jno. A., McPherson, W., McEain, I., Thorne, H., McDonald, Alex., Davis, C. J., Weir, A. S., Barnett, J., in *English, History and Geography, and Mathematics*; Forbes, A. E. G., Kirker, J. M. W., and Urquhart, Jas., in *Latin, English, History and Geography and Mathematics*; McLintock, D. J., in *English, History, and Geography and Algebra*; McLennan, K. J., in *English and Mathematics*; Gorham, C. F., in *French, English, History and Geography, and Mathematics*; Hill, Olive M., in *Latin, French, History and Geography and Geometry*; Ross, Caroline, in *French, English and Mathematics*.

SUPPLEMENTARY EXAMINATIONS.

LATIN.—*Second:* Moody, Margaret H.; Morrison, Bertha L.; Shaw, R. M.

First: PARSONS, W. H.

GREEK.—*Second:* McDonald, W.; Smith, D. M. (Doo. EXAM.)

First: Andrew, G. A. (Dec.)

GERMAN.—*Second:* Baxter, N. M.

First: HUDSON, J. W.

ENGLISH.—*Second:* Wilson, J. L.

First: McQueen, N.

PHILOSOPHY.—*Greek:* Gordon, Jean A. M.

Junior: Ferguson, J. A.

Logic (Special): DeWolfe, L. A.

MATHEMATICS.—Third: Wilson, J. L.

Second: Mooly, Margaret H.

First: Muir, D. H.; Rand, Annie M. (Algebra)

PHYSICS.—Senior: Stewart, W. E.

Junior: Richardson, Lophemia; Bentley, Regina A.

CHEMISTRY, (Junior): Payzant, A. S.; MacKean, G. A. R.; Begis, T. S.

APPLIED MECHANICS.—Wilson, J. L.

DEGREE EXAMINATIONS.

CLASS LISTS.

Names are arranged in alphabetical order in Classes and II, and in order of merit in the Pass Division.

LATIN.

THIRD: Class I.—Coffin, E. W.; MacKenzie, K. F.; Sedgewick, G. H.; Stairs, G. S. Class II.—Christie, C. V.; Lindsay, F. Jean. Passed—Davis, A. E.; Matheson, C. W.; Rand, Annie M.; Malcolm, J.; Locke, E. C.; Coffin, W. H.; Webster, Winifred M.; Roy, A.; Richardson, Loto; Mitchell, G. A.; Howatt, I. B.; Smith, D. M.; [Blais, H. H.; Carr, J. B.; Meek, J. G.; Mellish, J. R.]

Passed the April Examination—Young, A. M.

SECOND: Class I.—Ballen, J. C.; *Brehaut, L.; Brunt, H. D.; *Corbett, W. M.; *Gordon, Wilhelmina. Class II.—Achan, J. L.; Archibald, F. R.; Laing, A. P.; MacKenzie, T. G.; Power, W. K. Passed—Blackwood, Florence; Bigney, Anna L.; Blanchard, C. P.; Spencer, Minnie; McAdam, G. J.; Manley, Clotilde J.; Frame, H. A.; Coffin, G. A.; Haverstock, W. E.; Fraser, H. J.; Bayer, Harriet M.; Kelly, W. L.; MacDonald, A. D.; (Storring, J. A.; Weidon, R. C.; Crighton, G.; MacKay, G. M. J.; Harris, Kennel; McNiven, Catherine; Barnett, J.; Campbell, Primrose;) Spicer, H. J.; Molain, A. R.; (Begin, T. S.; Ross, E. B.) (Carney, M. J.; Trueman, J. M.) (Braze, Annie M.; Langille, G. W.; Smith, Olive W.; Logan, F. R.; Crossie, C. J.; (Baton, Viola M.; Sutherland, R. H.); Andrew, G. A.; (Road, G. C.; Ferguson, A.)

Passed the April Examination—Hudson, J. W.; Parsons, W. H.

FIRST: Class I.—Cumming, C. G.; Lawrence, C. S.; McLean, M. C. Class II.—Campbell, N. G.; Forsythe, R. R.; Green, W. L. Passed—Stanfield, Eleanor A.; Neish, C. W.; Harris, Joyce H.; Carney, W. E.; Gerrard, Louise F.; Gladwin, Alice F.; Curry, W. A.; Forbes, A. E. G.; Murray, Lulu M.; Toombs, H. W.; Murray, Mabel E.; Baillie, C. Y.; Webb, W. G.; Ross, Lottie L.; Hankl, D. S.; McGillivray, A. A.; Watson, A. D.; Woodbury, W. W.; Miller, H.; Kirker, J. W.; McCain, G. L.

Passed the April Examination—Ross, D. K.; Weir, A. S.

GREEK.

THIRD: Class I.—Coffin, E. W.; Sedgewick, G. G. Class II.—Christie, C. V. Passed—Davis, A. E.; Rand, Annie M.; Fraser,

* High First Class.

H. J.; Young, L. L.; Blais, H. H.; Longhead, G. W.; (Christie, G. A.; Upham, H. M.)

SECOND: Class I.—*Brehaut, L.; Corbett, W. M. Class II.—Ballen, J. C. Passed—Laing, A. P.; Achan, J. L.; Archibald, F. R.; Blanchard, C. P.; Manley, Clotilde J.; Logan, F. R.; MacKay, G. M. J.; (Coffin, G. A.; Myers, A. J. W.); Andrew, G. A.; Begin, T. S.; McAdam, G. J.; Crighton, G.; Langille, G. W. Passed the April Examination—Baton, Viola M.; Ferguson, A.; Miller, G. W.; Trueman, J. M.

FIRST: Class I.—McLean, M. C. Passed—Campbell, N. G.; (Cumming, C. G.; Neish, C. W.); Toombs, H. W.; Green, W. L.; McBae, C.; Miller, H. Passed the April Examination—Ross, D. K.

FRENCH.

THIRD: Class I.—*Gordon, Wilhelmina. PAYZANT, A. S. Class II.—Bayer, Harriet M.; Morrison, Bertha L.; Richardson, Lophemia; Smith, Olive W. Passed—Campbell, Jessie B.; Bentley, Regina A.

SECOND: Class I.—MacDougall, E. May; McNiven, Catherine; Power, W. K.; Webster, Winifred M.; Road, George C. Class II.—Barnett, J.; Bigney, Anna L.; Barris, Estella Mabel; Campbell, M. Primrose; Kelly, W. L.; Lawrence, C. S.; McKay, D.; Mackenzie, T. G.; Ross, E. B.; Spencer, Minnie G.; Weidon, R. C. Passed—Carney, M. J.; Miller, J. M.; Crossie, C. J.; Sutherland, R. H.; McEln, A. R.; Spicer, H. G.; McLean, D.; MacDonald, A. D.; Baill, D. S.; MacKean, G. A. R.

FIRST: Class I.—Curry, W. A.; Halliburton, A. P.; Harris, H. Joyce; McGillivray, A.; Stanfield, Eleanor A. Class II.—Gerrard, Louise F.; Gladwin, Alice Pearson; Murray, E. Mabel; Ross, Lottie L. Passed—Murray, Lulu M.; Carney, William J.; O'Hearn, Mary C.; Woodbury, W. W.; Blackwood, E. Florence; Hebb, Thomas C.; Hill, O. Muriel; Webb, W. G.; Forbes, A. E. G.; Baillie, C. T.; Ferguson, J. A.; McCain, G. L.; Munro, E. F.; Gerhan, C. F.; Watson, A. D.; Kirker, J. M. W.

GERMAN.

THIRD: Class I.—Richardson, Lophemia. Class II.—Roy, Alexander. Passed—DeWolfe, L. A.

SECOND: Class I.—*Haverstock, W. E. Passed—Ross, W. H.; Rielly, J. F.; Baxter, Norman; McIntosh, M. Gertrude; Hudson, J. W.

FIRST: Class I.—*Webster, Winifred M. Class II.—Ferguson, J. A.; Stairs, G. S. Passed—Forsythe, E. B.; Frame, H. A.; MacKay, G. M. J.; Lindsay, F. Jean; Halliburton, A. P.; Miller, J. M.; Road, G. C.; McLeod, W. A.; Parker, G. H.; Davis, C. J.

ENGLISH.

FOURTH: Class I.—MacKenzie, K. F.; Myers, A. J. W. Class II.—Coffin, W. H.; Lindsay, F. Jean; Mackenzie, W. R.; MacDougall, E. May; Mitchell, G. A.; Sedgewick, G. G.; Sedgewick, G. G.; Harris, Kennel; G. H.; Carr, Jeannette; Stuart, M. Ethel; Campbell, Jessie B.; Locke, E. C.; Bentley, Regina A.; Matheson, C. W.; Stairs, G. S.; Malcolm, J.; Miller, G. W.; Fraser, H. J.; Smith, A. A.; Thomas, Louise; Young, L. L.; Stavert, R. H.; Christie, G. A.; Meek, J. G.; Morrison, Bertha L.

SECOND: Class I.—Barnett, J.; Blackwood, E. Florence; *Brehaut, L.; Corbett, W. M.; *Gordon, Wilhelmina; Power, W. K. Class II.—

* High First Class.

Hayes, Harriet M.; Brent, H. D.; Campbell, Primrose; Spencer, Minnie G. *Passed*—Smith, Olive W.; MacDonald, A. D.; Payzant, A. S.; Read, G. C.; Springoor, J. A.; Crowdis, C. J.; Begin, T. S.; Burris, Estella M.; Parsons, W. H.; Sutherland, R. H.; Mackintosh, M. Gertrude; MacKay, G. M. J.; Bullen, J.; Frame, H. A.; Haverstock, W. E.; Ross, E. H.; Acham, J. L.; Blanchard, C. P.; Oliver, C. W.; Andrew, G. A.; Manley, Clotilde J.; McBein, A. R.; Mackenzie, T. G.; Weldon, R. C.; Coffin, G. A.; Trueman, J. M.; Bigney, Anna L.; Carney, M. J.; Ferguson, A.; Hudson, J. W.; Spicer, H. J.; Archibald, F. R.; McAdam, G. J.; Fraser, W.; Langille, G. W.; MacKean, G. A. R.; Braine, Annie M.; Logan, F. R.; McLean, D.; Betton, Viola; McNiven, Catherine.

FIRST: *Class I*—Foraythe, R. B.; Lawrence, C. S. *Class II*—Cunningham, C. G.; Forbes, A. E.; Green, W. I.; McLean, M. C.; Peppard, Sarah; *Passed*—Stanfield, Eleanor; Toombs, W. H.; Murray, Lulu M.; Baillie, C. T.; Gerrard, Louise F.; McCain, G. L.; Woodlary, W. W.; Harris, Helen J.; Ghadwin, A. P.; Watson, A. D.; McGilivray, A. A.; Miller, J. M.; Neish, C. W.; Halliburton, A. F.; Murray, K. Mabel; Ross, D. K.; Carney, W. F.; Ross, Lottie L.; Thorne, H.; Campbell, N. G.; Shaw, R. M.; Curry, W. A.; Miller, Hugh; Davis, C. J.; McLeann, K. J.; O'Beirn, Mary; Parker, G. H.; Webb, W. G.; Bonkl, D. S.; Munro, E. F.; Urquhart, J.; Weir, A. S.; Hill, Olive M.; McLeod, W. A.; Kirker, J. W. M.

GENERAL LITERATURE.

Class I—Myers, A. J. W. *Class II*—Christie, C. Y.; Webster, Winifred M. *Passed*—Stavert, R. H.; MacDougall, E. May; Nicholson, D. J.; Morrison, Bertha L.

HISTORY.

SENIOR: *Class I*—Campbell, Jessie B.; MacKenzie, W. B.; Stuart, Mary E.; Thomas, Louise. *Passed*—Fraser, H. J.; Morrison, Bertha; Stavert, R. H.; Read, Annie; Nicholson, D. J.

JUNIOR: *Class I*—Howatt, I. B.; Locke, E. C.; MacDougall, E. May. *Class II*—Davis, A. E.; Roy, Alex.; Webster, Winifred. *Passed*—Malcolm, James; Young, A. McG.; Matheson, Charles W.; Mitchell, G. A.; Carr, J. B.; Smith, D. M.; Upham, H. M.; Lindsay, Jean; Loughhead, George W.; Meek, J. G.; Kemp, Robert; Smith, A. A.; McDonald, C.; Mellich, James R.; Miller, G. W.; Biss, H. H.

POLITICAL ECONOMY.

JUNIOR: *Class I*—Davis, A. E.; MacKenzie, W. B.; Thomas, Louise. *Class II*—Myers, A. J. W. *Passed*—Campbell, Jessie B.; Christie, George; Stavert, R. H.; Richardson, Lophrentis; Smith, D. M.; Read, Annie; Kemp, Robert; Bentley, Regina A.; Morrison, Bertha; Nicholson, D. J.

ADVANCED: *Class I*—HOWATT, I. B.

PHILOSOPHY.

ADVANCED: *Class I*—HOWATT, I. B.

MORAL:—*Class I*—Cass, Jeannette A.; Coffin, W. H.; Howatt, I. B.; Myers, A. J. W.; Selwegick, G. G. *Class II*—Fraser, H. J.; Stuart, M. Ethel; Thomas, Louise L. *Passed*—Vance, F. S.; Locke, E. C.; McRae, C.; Nicholson, D. J.; Carr, J. B.; Christie, C. Y.;

Stavert, R. H.; Christie, G. A.; Read, Annie M.; Kemp, R.; MacKean, J. A.; Roy, A.; Young, L. L.; Matheson, C. W.; Miller, G. W.; Smith, A. A.; Meek, J. G.; Shaw, R. M.; Malcolm, J.; Loughhead, G. W.; Bradley, J. A.; Smith, D. M.

J.; McLean, D.; Manley, Clotilde; Oliver, C. W.; Trueman, J. M.; Andrew, G. A.; Coffin, G. A.; Begin, T. S.; Hudson, J. W.; Parsons, W. H.; Sutherland, R. H.; Batton, Viola M.; Read, G. C.; Kemp, R.; Kelly, W. L.; Langille, G. W.; McNiven, Catherine.

Special—Creighton, Graham.

EDUCATION.

SCIENCE: *Class I*—Campbell, Jessie B. *Passed*—Bentley, Regina A.; Vance, F. S.

HALF COURSE: *Passed*—Bradley, J. A.; Grant, W. M.; Mackintosh, F. D.; McRae, C.; Mann, C. O.; Myers, C. A.; Ross, T.

MATHEMATICS.

ADVANCED: (*Fourth*): *Class II*—Lindsay, M. A. *Passed*—Fulton, T. F.; Wilson, J. L.

ADVANCED: (*Third*): *Class I*—MacCurly, Mabel. *Class II*—DeWolfe, L. A.; Ross, W. H. *Passed*—Elliot, L. B.; Baxter N. M.; Gordon, G. H. *Passed in Calculus*—MacDonald, Campbell.

SENIOR: *Class I*—Brohant, L.; Campbell, Primrose; Frame, H. A.; *Maclean, D.; *Springoor, J. A. *Class II*—Blackwood, Florence; Blanchard, C. P.; Corbett, W. M.; Haverstock, W. E.; MacDonald, A. D.; Spencer, Minnie. *Passed*—Bullen, J. C.; Burris, Mabel; Gordon, Wilhelmina; Spicer, H. T.; Bigney, Anna; Power, W. K.; Bever, Harriet; Carney, M. J.; Andrew, G. A.; Begin, T. S.; Crowdis, C. J.; Logan, F. R.; Barnett, J.; McAdam, G. J.; McBein, A. R.; Creighton, G.; MacKenzie, T. G.; Weldon, R. C.; Braine, Annie; Miller, G. W.; Ross, E. B.; Urquhart, J.; Sutherland, R. H.; McIntosh, Gertrude. *Passed in Geometry and Trigonometry*—Acham, J. L.; Archibald, F. R.; Batton, Viola; Coffin, G. A.; Ferguson, A.; Kelly, W. L.; Langille, G. W.; MacKay, G. M. J.; Oliver, C. W.; Read, G. C. *Passed in Algebra and Trigonometry*—Brent, H. D. *Passed in Algebra and Geometry*—Fraser, W. *Passed in Geometry*—Kirker, E. A. *Passed in Trigonometry*—Laing, A. P.; Manley, Clotilde; MacKean, R.; McNiven, Catherine.

JUNIOR: *Class I*—*Campbell, N. G.; Davis, C. J.; *McLean, M. C.; Peppard, Sarah; Toombs, H. W.; *Watson, A. D. *Class II*—

Baillie, C. T.; Canning, C. G.; Curry, W. A.; Forbes, A. E. G.; Forester, R. B.; Galswin, Alice; Harris, Helen; Stanfield, Eleanor. *Passed*—Lawrence, G.; Thorne, H.; Miller, J. M.; Miller, H.; McLeod, W. A.; Gerard, Louise; Neish, C. W.; Gorham, F.; Murray Mabel; Woodbury, W. W.; Hill, Marie; Ross, Lottie; Kirker, J. M. W.; Parker, G. H. *Passed in Geometry and Trigonometry*—Buckley, R. C.; Munro, E. F.; McCain, G. L.; O'Hearn, Mary; Ross, D. K. *Passed in Trigonometry*—Caldier, F. H.; Murray, Lela. *Passed in Geometry*—Green, W. I.; MacGillivray, A. A.; Weir, A. S.

PHYSICS.

SENIOR: *Class I*—McCurdy, R. Mabel. *Class II*—Ross, W. H. *Passed*—Fleming, E. M.; (Christie, C. V.; DeWolfe, L. A.) Rielly, J. F.; Baxter, N. M.; McCleave, A. R.; (Gordon, G. H.; Lindsay, M. A.) Elliot, L. B.; McKee, W. G.

JUNIOR: *Class I*—McCurdy, R. Mabel. *Class II*—Frame, H. A.; Haverstock, W. E. *Passed*—Meek, J. G.; Locke, E. C.; Howatt, I. B.; Carr, J. B.; Crowdis, C. J.; McLean, D.; Mitchell, G. A.; Webster, Winifred M.; Macdonald, C.; (Ross, E. B.; Roy, A.) Bentley, Regina A.; Blois, H. H.; Coffin, W. H.; Young, A. McI.; Urquhart, J.; Malcolm, J.; Young, L. L.; Spicer, H. J.; (Smith, D. M.; Upham, H. M.)

Special Examination—Class I—Ross, W. H.

SENIOR PRACTICAL: *Passed*—Lindsay, M. A.

JUNIOR PRACTICAL: *Class II*—Fleming, E. M.; Ross, W. H. *Passed*—McCurdy, R. Mabel; Gordon, G. H.; (Baxter, N. M.; DeWolfe, L. A.) McKee, W. G.; McCleave, A. R.; Ferguson, J. A.

SENIOR EXPERIMENTAL: *Class II*—Lindsay, M. A.

APPLIED MECHANICS.

Passed—Fulton, T. T.; Elliot, L. B.; McCleave, A. R.

CHEMISTRY.

SENIOR: *Class I*—Ross, W. H. *Class II*—McAdam, G. J.; MacKay, G. M. J. *Passed*—Mellish, J. B.; Haverstock, W. E.; Shaw, R. M.

JUNIOR: *Class I*—Canning, C. G.; Forbes, A. E. G.; Woodbury, W. W. *Class II*—Baillie, C. T.; Miller, J. M.; Peppard, Sadie L.; Webb, W. G. *Passed*—(Rayner, A. S.; Ross, Lottie L.) (Gorham, C. F.; Urquhart, J.) (Buckley, R. C.; Davis, C. J.; Ballinton, A. F.) Stanfield, Eleanor; (Caldier, F. H.; MacLeod, W. A.) Parker, G. H.; Watson, A. D.; McLean, M. C.; Campbell, N. G.; McCurdy, Rahna M.; Curry, Winifred A.; Carney, M. J.; Thorne, H.; Toombs, H. W.; Galswin, Alice; (Lawrence, C. S.; McCain, G. L.) Miller, H.; Munro, E. F.; (Gerard, Louise; McGillivray, A. A.) (Harris, Helen Joyce; Kirker, J. W.; Ross, D. K.) Murray, Mabel E.; (Neish, C. W.) Weir, A. S.

ADVANCED PRACTICAL: *Class I*—DeWolfe, L. A. *Class II*—Ross, W. H. *Passed*—Baxter, N.; Gordon, G. H.

SENIOR PRACTICAL: *Class II*—Ross, W. H. *Passed*—Mellish, J. B.; Shaw, R. M.; Wilson, J. L.

JUNIOR PRACTICAL: *Class II*—(Fulton, T. T.; Macdonald, C.)

BOTANY.

Class I—Stuart, M. Ethel. *Class II*—MacKenzie, W. R. *Passed*—MacKay, G. M. J.; Shaw, R. M.

ZOOLOGY.

Class I—Bentley, Regina A.; Thomas, Louise L. *Passed*—Carr, Jeanette A.

GEOLOGY.

Class II—DeWolfe, L. A.; Fulton, T.; Marshall, G. H. *Passed*—McCleave, A. R.; Elliot, L. B.; Wilson, J. L.

CIVIL ENGINEERING.

Passed—Elliot, L. B.; McCleave, A. R.; Wilson, J. L.

HYDRAULIC ENGINEERING.

Passed—Elliot, L. B.; McCleave, A. R.

MUNICIPAL ENGINEERING.

Passed—McCleave, A. R.; Elliot, L. B.; Wilson, J. L.

SENIOR SURVEYING.

Class I—McCleave, Arthur. *Class II*—Elliot, L. B.; Wilson, J. L.

FACULTY OF LAW.

DEGREE EXAMINATIONS.

CLASS LISTS.

NOTE.—The names in Class I are placed in order of merit; the pass list is arranged in alphabetical order and gives no indication of the relative merits of the candidates.

INTERNATIONAL LAW.

Class I—Worsley; Reid; Harris; Squires. *Passed*—Caldier; Chipman.

CONFLICT OF LAWS.

Class I—Squires. *Passed*—Bill; Caldier; Chipman; Harris; Macdonald, W. R.; Reid; Rhodes; Ritchie; Worsley.

BILLS AND NOTES.

Class I—Worsley; Macleod, E. A.; Reid; Chipman; Murray, A. H. S.; Squires. *Passed*—Bill; Caldier; Harris; Lockhart; Manning; Phelan; Rhodes; Ritchie; Savary; Weldon.

EQUITY.

Class I—Macdonald, W. R.; Harris; Miller; Macleod, E. A.; Ritchie; Squires; Caldier; Murray, A. H. S. *Passed*—Bill; Chipman; Lockhart; Manning; Phelan; Reid; Rhodes; Savary; Vietz; Weldon; Worsley.

PARTNERSHIP AND COMPANIES.

Class I—Reid; Harris; Hamilton; Macleod, E. A. *Passed*—Bill; Caldier; Chipman; Lockhart; Manning; Murray; Phelan; Rhodes; Ritchie; Savary; Squires; Weldon; Worsley.

PROCEDURE.

Class L.—(Bell; Worsley; Chipman; Ritchie. *Passed*.—Bill; Harris; Lockhart; Murray, N. G.; Phelan; Rhodes.

CONSTITUTIONAL LAW.

Class I.—Macleod, E. A.; Weldon; Rhodes. *Passed*.—Bill; Haviland; Murray, A. H. S.; Phelan; Savary.

SHIPPING.

Class I.—Macleod, E. A.; Weldon; Phelan. *Passed*.—Manning; Murray, A. H. S.; Rhodes; Savary.

CONSTITUTIONAL HISTORY.

Class L.—Robertson; Carroll; Cheese; Mackay; Cameron, J. M.; MacKenzie, W. R.; Landry. *Passed*.—Bell; Brain, H. D.; Cameron, J. J.; Haviland; Harrington; Meagher; Nicholson; Redmond; Springour, J. A.; Young, A. M.

CONTRACTS.

Class L.—Robertson; Cameron, J. M.; Cheese; Redmond; Carroll; Mackay; Haviland. *Passed*.—Bell; Cameron, J. J.; Dickie; Harrington; Lashley; Macdonald, A. E. M.; Meagher; Nicholson.

REAL PROPERTY.—(First Year.)

In the absence of the Lecturer, no attempt has been made to classify the candidates.

Passed.—Bell; Cameron, J. J.; Cameron, J. M.; Carroll; Cheese; Dickie; Harrington; Haviland; Lashley; Macdonald, A. E. M.; Mackay; Manning; Meagher; Moulton; Nicholson; Redmond; Robertson.

TOBACCO.

Class L.—Robertson; Harrington; Cheese; Manning; Redmond; Landry. *Passed*.—Bell; Cameron, J. J.; Cameron, J. M.; Dickie; Macdonald, A. E. M.; Mackay; Meagher; Nicholson.

CUMULAE.

Class L.—Robertson; Haviland; Manning; Cheese; Redmond; Mackay; Meagher; Miller; Cameron, J. M.; Carroll; Harrington. *Passed*.—Bell; Cameron, J. J.; Dickie; Landry; Vista.

FACULTY OF MEDICINE.

GENERAL PASS LIST.

(Alphabetical order.)

PRIMARY M. D., C. M., EXAMINATION.

Section "A"—First Year.

Blackadder, Edward; Deacons, S. H.; Dickey, E. E.; Ford, T. R.; Hawboldt, H. D.; Kinkaid, E. C.; MacAnlay, M. A.; McDonald, D. R.; Macdonald, T. G.; Macdonald, W. S.; McIntosh; G. A.; MacKay, V. N.; MacKenzie, Eliza M.; MacKenzie, Mary; Meisinger, Stella M.; Miller, A. W.; Murray, J. A.; McNeil, A. J.; Norwood, E. B.; O'Connell, J. L.; Proudfoot, J. A.

*Suppl. Exam., Sept., 1901. Special Exam., Feb., 1902.
†Suppl. Exam., April, 1902.

Section "B"—Second Year.

Champion, J. B.; Crawford, D. McN.; Cunningham, A. R.; Dickey, E. E.; Earle, R. W. L.; Farquharson, W. G.; Ford, T. R.; Fuller, L. G.; Gillis, A. C.; Hardy, G. A.; Hawboldt, H. D.; Jardine, F. W.; Johnson, T. R.; Layton, J. S.; MacAnlay, M. A.; Macdonald, T. H.; McKay, D. A.; MacKenzie, D. W.; MacKenzie, Jennina; MacKenzie, L. B.; Miller, A. F.; Norwood, E. B.; Rankine, John; Rice, Grace E. B.; Stephens, F. N.

FINAL M. D., C. M., EXAMINATION.

Section "A"—Third Year.

Archibald, C. C.; Anston, Missa M.; Brebant, Lester; Coffin, Melville; Earle, R. W. L.; Hawboldt, H. D.; Lawson, W. A.; Lavelle, Fred.; McCuish, K. A.; MacIver, J. A.; MacKenzie, J. J.; MacKenzie, K. A.; MacLeod, A. C.; Morrison, J. C.; Murray, D.; Putter, J. L.; Rice, Grace E. B.; Whitman, G. W.

Section "B"—Fourth Year.

Archibald, C. C.; Blackadder, R. L.; Borden, L. E.; Cameron, C. P. P.; Cameron, Harold; Campbell, D. G. J.; Cochran, W. N.; Cook, J. L.; Coorston, J. R.; Fulton, S. A.; Harris, W. C.; Hebb, A. M.; King, A. A.; Motiary, P. A.; McKay, Wm.; MacKenzie, J. J.; MacIntosh, W. F.; Miller, J. R.; Morse, G. B.; Murphy, G. H.; Philp, Martha A. L.; Pitney, W. S.; Watson, D. T. C.

DEGREE EXAMINATIONS.

CLASS LISTS.

Containing the names arranged in order of merit of students who passed in the various subjects.

JUNIOR CHEMISTRY.

Distinction.—Deacons, S. H.; Macdonald, T. G.; Macdonald, W. S.; Miller, A. W.; Murray, J. A.; O'Connell, J. L.; Proudfoot, J. A.

Passed.—Blackadder, Edw.; McDonald, D. R.; McIntosh, G. A.; MacKenzie, Mary; Murray, W. D.

Supplementary, Sept., 1901.—Hawboldt, H. D.; Kinkaid, E. C.; MacAnlay, M. A.; Meisinger, Stella M. *Feb., 1902*, Norwood, E. B. *April, 1902*, McNeil, A. J.

JUNIOR ANATOMY.

Distinction.—Deacons, S. H.; Macdonald, W. S.; MacKay, V. N.; MacKenzie, Mary; Miller, A. W.

Passed.—Blackadder, Edw.; McDonald, D. R.; Macdonald, T. G.; McIntosh, G. A.; Murray, J. A.; Murray, W. D.; O'Connell, J. L.; Proudfoot, J. A.

Supplementary, Sept., 1901.—Dickey, E. E.; MacKenzie, Eliza M.

HONOUR.

Distinction.—Macdonald, W. S.; Miller, A. W.

Passed.—Blackadder, Edw.; Deacons, S. H.; Macdonald, D. R.; Macdonald, T. G.; McIntosh, G. A.; MacKenzie, G. A.; MacKenzie, Mary; Murray, J. A.; Murray, W. D.; O'Connell, J. L.

Supplementary, Sept., 1901.—(Zoology).—MacAnlay, M. A.

Special, April, 1902.—(Zoology).—Proudfoot, J. A.

Supplementary, April, 1902.—(Zoology).—Ford, T. R.

*Suppl. Exam., Sept., 1901. Special Exam., Feb., 1902.
†Suppl. Exam., April, 1902. Special Exam., Sept., 1901.

MEDICAL PHYSICS.

Distinction—McIntosh, G. A.; MacKay, V. N.; Murray, J. A.

Passed—McDonald, D. R.; MacDonald, T. G.; MacDonald, W. S.; MacKenzie Mary.

SENIOR CHEMISTRY.

Distinction—Layton, J. S.; Rankine, John.

Passed—Champion, J. B.; Cunningham, A. R.; Farquharson, W. O.; Gillis, A. C.; Hardy, G. A.; Jardine, F. W.; Johnson, T. R.; MacDonald, T. H.; McKay, D. A.; MacKenzie, D. W.; MacKenzie, Jennina; MacKenzie, L. B.; Mellish, J. R.; Miller, A. F.; Slayter, R. U.; Stephens, F. N.

Supplementary, Sept., 1901—Earle, R. W. L. Feb., 1902—McAnlay, M. A.; Crawford, D. McN.; Dickey, E. E.; Norwood, E. B. April, 1902—Ford, T. R.

Special, Sept., 1901—Rice, Grace E. B.

SENIOR ANATOMY.

Distinction—Cunningham, A. R.; Farquharson, W. O.; Jardine, F. W.; Layton, J. S.; McKay, D. A.; MacKenzie, D. W.; Rankine, John.

Passed—Buckley, C. E. A.; Champion, J. B.; Day, F. B.; Gillis, A. C.; Hardy, G. A.; Johnson, T. R.; Kinhead, E. C.; McDonald, T. D.; MacDonald, T. H.; MacKenzie, Eliza M.; MacKenzie, Jennina; MacKenzie, L. B.; McNeil, A. J.; Messinger, Stella M.; Miller, A. F.; Slayter, H. U.; Stephens, F. N.

Supplementary, Sept., 1901—Norwood, E. B. April, 1902—Dickey, E. E.; Ford, T. R.

Special, Sept., 1901—Rice, Grace E. B.

PHYSIOLOGY AND HYGIENE.

Distinction—Cunningham, A. R.

Passed—Champion, J. B.; Day, F. B.; Farquharson, W. O.; Gillis, A. C.; Hardy, G. A.; Jardine, F. W.; Johnson, T. R.; Layton, J. S.; McDonald, T. D.; MacDonald, T. H.; McKay, D. A.; MacKenzie, D. W.; MacKenzie, Jennina; MacKenzie, L. B.; McNeil, A. J.; Miller, A. F.; Rankine, John; Stephens, F. N.

Supplementary, September, 1901—Earle, R. W. L.; Fuller, L. O.

Special, September, 1901—Rice, Grace E. B.

MATERNIA MEDICA AND THERAPEUTICS.

Distinction—Austen, Minna M.; Brobant, Lester; MacKenzie, K. A.; Murray, D.; Woodbury, F. V.

Passed—Coffin, Melville; Earle, R. W. L.; Hawboldt, H. D.; Lawson, W. A.; Lessel, Fred; McCuish, K. A.; MacIver, J. A.; McLeod, A. U.; Morrison, J. C.; Potter, J. L.; Rice, Grace E. B.; Whitman, G. W.

Supplementary, September, 1901—MacKenzie, J. J.

Special, September, 1901—Archibald, C. C.

PATHOLOGY AND BACTERIOLOGY.

Distinction—MacKenzie, K. A.

Passed—Austen, Minna M.; Brobant, Lester; Coffin, Melville; Earle, R. W. L.; Hawboldt, H. D.; Lawson, W. A.; Lessel, Fred; McCuish, K. A.; MacIver, J. A.; McLeod, A. C.; Morrison, J. C.;

Murray, D.; Norwood, E. B.; Potter, J. L.; Rice, Grace E. B.; Whitman, G. W.

Supplementary, September, 1901—McKenzie, J. J.

Special, September, 1901—Archibald, C. C.

MEDICAL JURISPRUDENCE, INSANITY AND HYGIENE.

Distinction—Lessel, Fred; Murray, D.; Whitman, G. W.

Passed—Austen, Minna M.; Brobant, Lester; Coffin, Melville; Crawford, D. McN.; Earle, R. W. L.; Fuller, L. O.; Hawboldt, H. D.; Lawson, W. A.; McCuish, K. A.; MacIver, J. A.; MacKenzie, K. A.; McLeod, A. C.; Morrison, J. C.; Norwood, E. B.; Potter, J. L.; Rice, Grace E. B.; Woodbury, F. V.

Special, September, 1901—Archibald, C. C.

SURGERY.

Distinction—Hebb, A. M.; Morse, G. R.

Passed—Archibald, C. C.; Blackadar, R. L.; Borden, L. E.; Cameron, C. P. P.; Campbell, D. G. J.; Cook, J. L.; Corston, J. R.; Fulton, S. A.; Harris, W. C.; King, A. A.; McGarry, P. A.; McKay, Wm.; MacKenzie, J. J.; McKinnon, W. F.; Miller, J. R.; Murphy, G. H.; Philip, Martha A. L.; Phinney, W. S.; Watson, D. T. C.

Supplementary Examination, September, 1901—Cameron, Harold.

CLINICAL SURGERY.

Distinction—Cameron, C. P. P.; Corston, J. R.; Fulton, S. A.; Hebb, A. M.; Miller, J. R.; Morse, G. R.; Murphy, G. H.

Passed—Archibald, C. C.; Blackadar, R. L.; Borden, L. E.; Campbell, D. G. J.; Cook, J. L.; Harris, W. C.; King, A. A.; McGarry, P. A.; McKay, Wm.; MacKenzie, J. J.; McKinnon, W. F.; Philip, Martha A. L.; Phinney, W. S.; Watson, D. T. C.

Supplementary Examination, September, 1901—Cochran, W. N.

MEDICINE.

Distinction—Campbell, D. G. J.; Corston, J. R.; Fulton, S. A.; Hebb, A. M.; Miller, J. R.; Morse, G. R.

Passed—Archibald, C. C.; Blackadar, R. L.; Borden, L. E.; Cameron, C. P. P.; Cook, J. L.; Harris, W. C.; King, A. A.; McGarry, P. A.; McKay, William; MacKenzie, J. J.; McKinnon, W. F.; Murphy, G. H.; Philip, Martha A. L.; Phinney, W. S.; Watson, D. T. C.

CLINICAL MEDICINE.

Distinction—Borden, L. E.; Cameron, C. P. P.; Campbell, D. G. J.; Cook, J. L.; Corston, J. R.; Fulton, S. A.; Hebb, A. M.; McKinnon, W. F.; Miller, J. R.; Morse, G. R.; Phinney, W. S.

Passed—Archibald, C. C.; Blackadar, R. L.; Harris, W. C.; King, A. A.; McGarry, P. A.; McKay, William; MacKenzie, J. J.; Murphy, G. H.; Philip, Martha A. L.; Watson, D. T. C.

Supplementary, Sept., 1901—Cameron, Harold; Cochran, W. N.

OBSTETRICS AND DISEASES OF WOMEN AND CHILDREN.

Distinction—Corston, J. R.; Fulton, S. A.; McKay, William; Miller, J. R.; Morse, G. R.

Passed—Archibald, C. C.; Blackadar, R. L.; Borden, L. E.; Cameron, C. P. P.; Campbell, D. G. J.; Cook, J. L.; Harris, W. C.; Hebb, A. M.; King, A. A.; McGarry, P. A.; MacKenzie, J. J.; McKinnon, W. F.; Murphy, G. H.; Philip, Martha A. L.; Phinney, W. S.; Watson, D. T. C.

Supplementary, Sept., 1901—Cameron, Harold; Cochran, W. N.

GRADUATES.

DOCTORS OF LAWS.

(Honoris Causa.)

Potter, Jacob Leslie	Canning, Kings.
Rice, Grace Elizabeth Bernard, B. A. (Dal.)	Weymouth, Digby.
Whitman, George Watson	Guysboro.
Woodbury, Frank Valentine	Halifax.

SECOND YEAR.

Buckley, Clarence Edward Albert	Halifax.
Chapman, James Baristo	Alberton, P. E. I.
Cunningham, Allan Rupert, B. A. (Dal.)	Dartmouth.
Day, Frederick Breckin, B. A. (Mt. All.)	Lockport, Shelb.
Day, Frederick William	Halifax.
Dickey, Edwin Egbert	Upper Canada, Kings.
Farnhamson, William (Oan, B. A. (Dal.)	Halifax.
Ford, Theodore Rupert	Milton, Queens.

II.

1. Translate:—

Namque sub ingenti laetatur dans singula templo,
 Rogibus operiens, dum, quae Fortuna sit irisi,
 Artificumque manus inter se operantque laborem
 Miratur, videt Iliaos ex ordine pagas.
 Bellaque laeta fama totius vulgata per orbem,
 Atridae, Priamumque, et saevum anhelos Achillem,
 Constant, et Iarionem, Quis iam locus, inquit, Achate,
 Quae regio in terris nostri non plebs laboris?
 Es Priamus. Sunt hic etiam sua praesentia laudi:
 Sunt haerent rerum et mentes mortalia tangunt.
 Solve metus: foret haec aliquam tibi fama salutem.

2. Parse fully:—operum, anhelos, laudi.

3. Scan, marking quantities, the first three lines of the above extract.

4. Brief notes on:—Saturia, Simois, Trisacia, Quirina.

III.

1. Translate:—

Sollicit haec Spartam incoluntis patriasque Mycenae
 Aspidot, partoque ibat regina triumpho?
 Coniugumque domusque patres natosque videlicet,
 Iliadam turbae et Phrygiis comitata ministris?
 Quislerit ferro Priamus? Troia arserit igni?
 Dardanium totius salutar sanguine litus?
 Non ita. Numque etsi nullum memorabile nomen
 Festum in posse est nec habet victoria laudem,
 Extolimus nefas tamen et simplices merentes
 Laudabere poenas, animamque expressit invalidi
 Ultris flammis, et cineres satiase necum.

2. Parse fully:—parto, arserit, igni.

3. Scan, marking quantities, the first three lines of the above extract.

4. Brief notes on:—Mycenae, Tritonia, Atridae, Phoenix.

IV.

1. What is the rule for dividing Latin words into syllables? Divide into syllables each of the following words and mark the accent:—recuperant, posthabent, martitinus, peccorum, laborem, reliquias, repentinas, quosque.

2. Give the ablative singular, genitive plural, gender and meaning of: bos, arbor, rex, rex, senex, hic, uter, vis, vis, virus.

3. Give the comparative and superlative of: iniquus, beneficus, felix, senex, vetus, scilicet, facilis, prope, pulchre, requirer.

4. Write down all the infinitives and participles, active and passive of: moneo, gero, fero.

5. Explain and give an example of: oratio obliqua, consecutive clause, cognate accusative, paritively genitive, distributive numeral.

6. Latin for: (a) the sun moves, (b) he keeps his promise, (c) and no one saw you, (d) my views are different from yours, (e) I said I had done nothing, (f) he can't help going there.

7. Translate into Latin:—

(a) Do not be afraid of fortune, my son, but trust me and follow your leader.

(b) Are you afraid that he will not do what he told you he would do?

(c) Let us go to see my brother who has been living at Rome for many years.

(d) I sent you the best servant I had, but he was taken prisoner by the enemy.

(e) The general being informed of what was going on, sent forward the cavalry as quickly as possible.

V.

Passage for translation from a text not prescribed.

Quae dum in Asia gereretur, accidit eam ut legati Prusiae Romae apud T. Flaminium consularem conarent, atque ibi de Hannibale mentione facta ex his rebus diceret eum in Prusiae regno esse. Id postea die Flaminiano senatu detulit. Patres, qui Hannibale vivo nunquam se sine insidiis futurum existimarent, legatos in Bithyniam miserunt, qui ab rege prusiae, si insidias futurum secum haberet sibi que dederet. His Prusiae negare access non est; illud responderit se id a se fieri postulare, quod advenire in hospitali esset: ipsi, si possent, comprehenderent: locum ubi esset, facile inventuros. Tunc Hannibal, cum se indigne ab hostibus obideri neque sibi diutius vitam esse retinendam sensisset, memor pristinae virtutum, venenum, quod semper secum habere consuevit, sumxit.

1. Translate:

Ὅποτε δὲ τοῖς ὄπισθεν ἐπιβίοντο, Χειρίσσοφος ἐξβα-
 νων καὶ παρόμενος ἀνωτέρω γίγνεσθαι τῶν κωλιώντων
 ἔλασε τὴν ἀπέφραξιν τῆς παροῦσιν τοῖς ὄπισθεν καὶ αὐ-
 οῦτως ἐβούθησαν ἀλλήλους καὶ ἰσχυρῶς ἀλλήλων ἐπεμέ-
 λουστο. Ἦν δὲ καὶ ὅποτε αὐτοῖς τοῖς ἀναβῆσι πολλὰ
 πράγματα παρέχον οἱ βάρβαροι πάλιν καταβαίνουσιν
 εὐλαφροὶ γὰρ ἦσαν, ὅστις καὶ ἐγγύθεν φεύγοντες ἀποφεύ-
 γαν οὐδένα γὰρ εἶχον ἄλλο ἢ τῆξιν καὶ σφενδάνας.
 Ἄριστοι δὲ καὶ τοξόται ἦσαν εἶχον δὲ τῆξιν ἐγγίς
 τριπήχη, τὰ δὲ τοξόματα πλέον ἢ ἑπτήχη εἰσκον δὲ
 τὰς νεύρας, ὅποτε τοξοῖουσιν, πρὸς τὸ κάτω τοῦ τῆξιν
 τῷ ἀριστέρῳ ποδί προσβαίνουσιν. Τὰ δὲ τοξόματα
 ἐχώρει ἐὰν τῶν ἀσπίδων καὶ διὰ τῶν θυράκων. Ἐχρόστο
 δὲ αὐτοῖς οἱ Ἕλληρες, ἐπεὶ λάβουσιν, ἀκούσιος, ἐναγ-
 κυλῶντες.

2. Parse fully ἐπιβίοντο, ἀλλήλων, ἀναβῆσι, ποδί,
 ἀκούσιος.

3. State very briefly who the following persons
 were, and how they were connected with the narrative
 in this book: Aristes, Cheirisophos, Kleantor,
 Teribazos,

III.

1. State the rule violated by the accent of each
 of the following words, and correct the accent:
 ἀσθροῦσι, ἄρον, χῶρον, λελευαμέν.

2. Give the rules for the euphonic changes in
 the following words: ἔτασα, ἐπείσθην (πειθῶ), ἐτριψα,
 τέτριμμα (τριβῶ).

3. Give the genitive and accusative singular,
 and the nominative and dative plural of ἀνῆρ, γυνή,
 ἐγὼ, εἶρος, ἦός, κίον, μέγας, οἶτος.

4. Compare ἦός, μέγας, μέλας, σαφής, ταχύς,
 χαλεπός. Form adverbs from ἦός and χαλεπός, and
 compare them.

5. Write out the present indicative active of
 τίθημι, ἄρω (contracted forms), εἶμι; and the perfect
 indicative passive of ἄγω, λείπω, πείθω.

6. Greek for: Both ears, rather large, the river
 Tigris, very beautiful, many other wonders, each of
 the two cities, no one bring willing, any one who
 wishes, where did this young man come from? I
 thought that I saw him.

7. Translate into Greek:—

(a) Cyrus collected a large army and marched
 against his own brother, the king.

(b) Xenophon said that Cyrus was loved by all
 the soldiers who followed him.

(c) We remained there four days and on the
 fourth night a messenger arrived.

(d) When we had heard these things we sent the
 man away that no one might see him.

(e) Let us not delay, but let us choose leaders and
 come bringing those chosen.

TIME: 10 A. M.—1 P. M.

L.

A. Translate: *Charles XII.* Un jour, au mois de novembre, le 22 ou 23 année de la mort de son père, Charles XII venait de faire la revue de plusieurs régiments; le conseil de l'Etat Piper était auprès de lui, le roi paraissait ébahi dans une rêverie profonde. "Pais-je presser la liberté," lui dit Piper, "de demander à votre majesté à quel titre songe si sérieusement?" "Je songe," répondit le prince, "que je me sens digne de commander à ces braves gens; et je voudrais que si eux et moi ne recussions l'ordre d'une femme." Piper saisit dans le moment l'occasion de faire une grande fortune. Il n'avait pas assez de crédit pour oser se charger lui-même de l'entreprise dangereuse d'oter la régence à la reine, et d'avancer la majorité du roi, il proposa cette négociation au comte Axel Sparre.

B. Charles XII, impatient de ne pas aborder avec père ni avec tête, se jette de sa chaloupe dans la mer, l'épée à la main, ayant de l'éau par delà la ceinture; ses ministres, l'ambassadeur de France, les officiers, les soldats, suivent aussitôt son exemple, et marchent au rivage malgré une grêle de mosquétades. Le roi, qui n'avait jamais entendu de sa vie de mosqueterie chargée à balles, demanda au major-général Stuart, qui se trouva auprès de lui, ce que c'était que ce petit sifflement qu'il entendait à ses oreilles. "C'est le bruit que font les balles de fusil qu'on vous tire," lui dit le major. "Bon," dit le roi, "ce sera là décidément ma musique."

a) *À la reine* (A) Give the masculine of this and distinguish between: *a and à*; *ou and où*; *ce and cet*; *son and s'en*, giving short examples.

b) *au rivage* (B) What does each of the following forms stand for: *au, des, l', du, aux?* Why cannot *de les* be contracted into *des*? *Je serai charnel de les voir?*

II.

1. Parse and give principal parts of: *σταῦν, ὑπόσθαι, ὑποσθίσαι*. (A); *σπασα, δωσασθαι, δῶ* (B). Write down the present indicative of *σταῖν* and the future of *σπασα*.

2. Il proposa cette négociation au comte. (A) Write this sentence in the plural and in the interrogative form, pointing out peculiarity of construction in the latter form.

3. Give the French, both masculine and feminine for: your poor neighbour; this good servant; my dear friend; our well beloved king. Also the plural of: *beam, belle; keousen, keousene; choral; travel; cele*.

4. *C'est le bruit que font les balles.* (B) Parse *que*. Illustrate with short examples, the use of *que* as an interrogative pronoun, and as an *adverb*. Turn into French: I know that this gentleman is your friend.

5. *Il n'avait pas assez de crédit.* (A) Account for the preposition *de* in this sentence. In two cases *de* alone is used to express *avec* or *par*; give an illustration for each. Translate: We have friends. They would have patience. Have you courage?

6. Give the comparative of: *best, less, grand, peu, bien, beaucoup*; turn into French: The worst book. He studies least. He is not so old as his friend.

7. Give the English for: *quelle heure est-il? il est sept heures et demie; il est midi; il est trois heures moins un quart; vers les onze heures; il y a de bien jolies maisons dans cette ville.* Prove by short examples that *il y a* is susceptible of various meanings.

8. Translate into French: Give that woman a cup of tea. This water is better than the best wine. How old are you? I am seventeen years old. A good education is the greatest of blessings. The history of Charles XII is most interesting. His Majesty Edward VII is king of England. The richest man is not always the happiest.

A. Translate: *Orpheus in der Schulstube.*

Eines Tages, als Professor Chapin nicht zu Hause war, riefhand in der Benjahn ein kurzhäcker Vorn. Der anwesende Lehrer suchte sich auf keine Weise Not zu verschaffen. Da trat zum Glück Friedrich, der junge Sohn des Professors, in den Saal. Eine sehr lange zu befinden erludete er die Vornreden sich zu setzen, rief diejenigen, welche außerhalb des Saales tobten, herein, und versprach ihnen unter der Bedingung, daß sie keinen Vorn mehr machten, eine interessante Geschichte aus dem Klavier zu improvisieren. Sofort verfiel der neugierigen Schüler. Friedrich Chapin setzte sich an das Instrument und lächelte die Vornere aus.

B. Bei Geiger.—Der fremde Herr aber, der dort an dem raschen Stamme der alten Fische saß, hatte es gesehen, wie die Hand, die nur noch drei Finger übrig hatte und mit dieser den Bogen führte, die Thänen heimlich abwischte. Es war als ob diese Thänen des alten Jassaliden wie heiße Tropfen dem Herrn auf's Herz fielen, so eilte er in diesem Augenblick auf den Jassaliden zu, reichte dem erschauerten Alten ein Glasbrot und sagte: 'Nicht mir Eure Beige ein Stübchen.' Der Alte sah wohl Dank den Herrn an und gab ihm die Beige. Die Frau war an sich so übel nicht, nur derjenige, welcher sie geschädigt handhabte, frohete ädel harte! heraus.

a. What is the position of the *past participle* in a *principal clause*, and of the *auxiliary verb* in a *dependent clause*? Write down a *sente*, in illustration of each case.

b. Relate in a few words, in English, the principal features of the story alluded to in extract B.

II.

1. Parse and give principal parts of: war, wußte, versprach (A); hatte, sagte, gab (B). Write down the present indicative both of war and of hatte.

2. Der fremde Herr. (B.) Decline this in the four cases singular and plural. A certain class of nouns admit of no inflections, explain, giving illustrations.

3. Distinguish between das and daß, giving illustrations. What influence has daß on the position of the verb? explain, translating for example: I know that she has been in Germany.

4. Write down the comparative and superlative of: schön, alt, gut, viel, and translate: The richest people (Leute) are not always the happiest. Your friend speaks best. The days are longer in summer than in winter.

5. Zu Hause. What case does zu govern? Can you mention some prepositions governing five cases, and state when they require the *acc*, when the *other* case. Translate: We are in the room. We go into the room. Account for the following contractions: est, esse, sum, sum, in.

6. Illustrate with short examples the use of: nicht, sein. Translate: I have not seen anything. When do you use: Sie, Ihr, da in addressing persons?

7. Gesehen war ich in der Stadt, Als ich ankam in der Stadt war. Explain how and why the *natural* or *normal* order has been deviated from in these sentences. Translate them.

8. Translate into German: I have written an English letter to a German friend. When will your brother be at home? At half-past six o'clock. Can you speak German? No, Sir, I speak English. Many new houses are being built. I shall be glad to see you.

Note.—Translation I aa, (A. and B.), and questions 1 and 2 may be substituted for I a (A. and B.), and corresponding questions on same paper.

I aa.

A. Translate: Das Wirtshaus im Spejarr.

Es war ein langes, aber niedriges Haus, ein Karrer stand davor und nebenan im Stalle hielten man Pferde weichen. Der Zirkelmeister wollte seinen Gefellen an ein Kestler, dessen Faden gestraht waren. Sie konnten, wenn sie sich auf die Rehen stellten, die Stube übersehen. Am Ofen in einem Kesthuhl saß ein Mann, der seiner Kleidung nach ein Fuhrmann und wohl auch der Herr des Karrers vor der Thüre sein konnte. An der andern Seite des Ofens saßen ein Weib und ein Mädchen und spinnen. Hinter dem Tisch, an der Wand saß ein Kestler, der, ein Glas Wein vor sich, den Kopf in die Hände geklappert hatte, so daß sie sein Gesicht nicht sehen konnten.

B. "Stille," flüsterter der Student. „Wir ahnen daß man eigentlich nicht uns, sondern diesen Damsen aufmerkt. Wahrscheinlich waren sie unten schon von ihrer Reize unterrichtet. Wenn man sie nur warnen könnte! Doch halt! Es ist im ganzen Wirtshaus kein zufriedenes Kinnerr für die Damsen als das neben dem meinigen. Forthin wird, man sie führen. Bleibt ihr ruhig in dieser Kammer; ich will die Bedienten zu unterrichten suchen. Der junge Mann schließlich auch sein Kinnerr, löschte die Kerzen aus und ließ nur das Licht brennen, das ihm die Wirtin gegeben. Dann lauschte er an der Thüre.

1. Relate, in English the happenings of the night, alluded to in Extract B.

II.

1. Parse and give principal parts of war, hatte, sehen (A.), wird, löschte, gegeben (B.). Write down the present indicative both of war and of hatte.

2. Der junge Mann (B.). Decline this in the four cases singular and plural. A certain class of nouns admit of no inflections, explain, giving illustrations.

3. The remaining questions as in paper marked I a.

ENGLISH.

Examiner..... ARCHIBALD McMECHAN, Ph. D.

TIME: TWO HOURS.

1. Write a composition of at least three paragraphs on a *study* of the following themes, paying attention to handwriting, spelling and punctuation, as well as the choice of words, sentence structure and disposition of paragraphs:

- Hastings in Retirement.
- Portia, a Character Study.
- Shylock, the Typical Jew.
- Grand Fee, Before the Expulsion.
- King James's Hunting.
- The Sending of the Fiery Cross.

2. Reproduce carefully, in clear and simple prose, the substance of the following lines:

To-night the oozy horses springing
Toss gold from whitened nostrils. In a dream
The streets that narrow to the sunset gleams
Lie rows of golden palaces; and high
From all the crowded chimneys tower and die
A thousand aureoles. Down in the west
The brimming plains beneath the sunset rest,
One luring sea of gold. Soon, soon shall fly
The glorious vision, and the hours shall feel
A mightier sunset; soon from height to height,
With silence and the sharp rattling stars,
Stems creeping frost, and *scads* that touch like steel,
Out of the depth beyond the eastern bars,
Glimmering and still shall come the awful night."
LAMPMAN, *Winter Evening*.

3. Analyze fully the poem in (2); and parse the italicized words.

MATHEMATICS.

Examiner..... PROF. D. A. MURRAY, Ph. D.

ARITHMETIC AND ALGEBRA.

TIME: THREE HOURS.

- Divide 2650 pounds into three parts in the ratio $3\frac{1}{2} : \frac{1}{2} : \frac{1}{4}$.
- What is the difference (in per cent.) of profit between selling 8 horses for the cost of 9, and selling 9 horses for the cost of 10?
- Extract the cube root of 284.257 to two places of decimals.
- Add 3.67 and 4.278 ; and multiply 5.067 by $.381$.
- Resolve the following expressions into their prime factors:

- $a^2x + abx + ac + by + aby + bc$;
- $a^2 + x + a + 1$;
- $x^6 - y^6$;
- $9x^2 - 6xy + y^2$.

6. Simplify:

$$\left\{ \frac{b + \frac{a-b}{1+ab}}{1 - \frac{(a-b)b}{1+ab}} - \frac{a - \frac{a-b}{1-ab}}{1 - \frac{a(a-b)}{1-ab}} \right\} + \left(\frac{a}{b} - \frac{b}{a} \right).$$

7. (1) Reduce to its lowest terms $\frac{2^{n+1}}{2^{n(n-1)}} + \frac{4^{n+1}}{(2^{n-1})^{n+1}}$.

(2) Simplify and express with positive indices:

$$\left(\frac{y^{-3}}{x^{\frac{1}{2}}z^{-1}} \right)^{-2} \times \left(\frac{y^{\frac{1}{2}}x^{-1}}{z^{-\frac{1}{2}}} \right)^{\frac{1}{2}}.$$

8. If $2ma + b + c$, prove that $a^2 - (b - c)^2 = 4(x - b)(x - c)$ and that $(b + c)^2 - a^2 = 4x(x - a)$.

9. Solve the equation $x^2 - 15 - x(2x - 8) = 0$. For what values of x will this equation have equal roots?

10. The sum of the denominator and twice the numerator of a certain fraction is 26; if 3 be added to both numerator and denominator, the fraction becomes $\frac{2}{3}$; what is the fraction?

GEOMETRY.

TIME: THREE HOURS:

1. If in two triangles the three sides of the one are equal to the three sides of the other, each to each, then the triangles are equal in all respects.

2. If from the ends of a side of a triangle, there be drawn two straight lines to a point within the triangle, then these straight lines shall be less than the other two sides of the triangle, but shall contain a greater angle.

3. In a right angled triangle the square described on the hypotenuse is equal to the sum of the squares described on the other two sides.

4. If a straight line is divided into any two parts, the square on the whole line is equal to the sum of the squares on the two parts together with twice the rectangle contained by the two parts.

5. Describe a square that shall be equal to a given rectilineal figure.

6. If two circles touch one another internally, the straight line which joins their centres, being produced, shall pass through the point of contact.

7. The angle at the centre of a circle is double of an angle at the circumference, standing on the same arc.

8. The angle in a semi-circle is a right angle; the angle in a segment greater than a semi-circle is less than a right angle; the angle in a segment less than a semi-circle is greater than a right angle.

9. The straight lines, drawn from the vertices of a triangle perpendicular to the opposite sides, meet in a point.

10. Describe a circle to touch a given circle, and also to touch a given straight line at a given point.

HISTORY AND GEOGRAPHY.

Examiner..... THE REV. PRES. FOREST.

TIME: 30 A. M.—1 P. M.

1. Describe Roman conquest of Britain and some of its results.
2. "The first direct and annual tax on the English-nation" was what?
3. Condition of English Parliament in reign of Henry VI.
4. Social condition of England in Stuart Period. Describe.
5. What constitutional changes resulted from Revolution of 1688?
6. Give brief account of state of Ireland in reign of George III.

1. When and by whom was Quebec founded? Montreal? Halifax? St. John?
2. "He is properly said to be the founder of the French Dominion in Canada." Who is referred to?
3. What were the provisions of the Constitutional Act of 1791?
4. Legislature of Lower Canada met in Quebec, Jan'y, 1814. Give account.
5. Describe Red River rebellion of 1869-70.
6. Give account of Ashburton Treaty; Reciprocity Treaty; Washington Treaty.

1. Name chief islands of East Indies. To what powers do they belong?
2. Name countries which lie in whole or in part between Equator and Tropic of Capricorn.
3. Name chief colonies of Britain. Population. Climate. Products.
4. Bound Africa, Belgium, German Empire, Ohio, Ontario.
5. Lyons, Batavia, Galveston, Pretoria, Rosen, Herat, Chatham, N. B., Vancouver, Yokohama.
6. Name cities with population of a million or more.

(Senior Matriculation Examination.)

Examiner..... HOWARD MURRAY, B. A.

CICERO: AGAINST CATILINA. VERGIL: AENEID, BOOK VI.
TACITUS: ANNALS, BOOK I.

TIME: THREE HOURS.

I.

1. Translate:

Hic quis potest esse, Quirites, tam avertes a vero, tam praecipos, tam inerte captes, qui seget haec omnia, quae videntur, principibus hanc urbem docentur incertalium iure ac potestate administrari? Etiam curi sunt ista responsum, moles, invidia, infirmitas rei publicae consulari, et ea per civis, quae tunc propter magnitudinem scelera mensillis incredibilia videbantur, ea non modo cogitata a nefarius civibus, verum etiam suscepta senibus. Illud vero nomen ista praesentia est, ut natus Iovis Optimi Maximi factus esse videntur, et, cum hodierno die mane per forum meo iussu et curatu et eorum iudicio in aedem Concordiae discederent, eo ipso tempore aliquis stateretur?

2. Parse fully: mente, responsum, suscepta.

3. Write brief notes on: Manliana castra, post Malvina, L. Saturninus, Iovi Statori.

4. Give a brief sketch of Catiline and his conspiracy.

II.

1. Translate:

Navita quos iam inde ut Stygia prospexit ab aethra
Per factum sensus ire pedibus advertere ripae,
Sic prius adgreditor didici, atque incipit altero;
Quisquis es, armatus qui nostra ad flumina tendis,
Fare age, quid venias, iam istine, et comprime gressum.
Unbraurum hic locus est, somni noctisque sorore;
Corpora viva nefas Stygia rectare carina.
Nec vero Alciden esse sum lactatus euntem
Acorpisse lacu, nec Thoma Pirithoumque,
Dis quoniam genitri atque invicti viribus essent.
Tartarum ille manu custodem in vincula petivit
Ipsum a solis regis, trankque transissentem;
Hi dominam Ditis thalamo deducere adorti.

2. Parse fully: euntem, lacu, dis.

3. Scan, marking quantities, the first six lines of the above extract.

4. Write brief notes on the proper names in the above extract.

3. Translate and write brief explanatory notes on: (a) ἀποβλέπει ἀπ' ἀμφοτέρων, (b) τοὺς καταδύντας ἐν τῇ περὶ Λάβδον ναυμαχίᾳ, (c) Κριτὴν τοῦτ' ἔστιν τῆ καλῆ.

III.

1. Translate:

- (a) ἄλλ' αὐτό μοι σὺ, παῖ, λαβὼν ἐπάνωμον, Εὐρύσπασκε, ἰσχυρὴ διὰ πολυγράφου στρέφου πάρπασκε ἐπὶ τῶν ἀρρηκτων ἀείων· τὰ δ' ἄλλα τεύχη κοῖν' ἐμοὶ τεθέσθεται. ἄλλ' ὡς τάχος τὴν παιδα τίνδ' ἤδη δέχου, καὶ δῶμα πάκτου, μῦθ' ἐπισκεύουσι γένου δάερον. κάρτα τοι φιλοκτιστον γυνή, πύκαζε θάσσοι, οὐ πρὸς ἰατροῦ σοφοῦ βρηγεῖν ἐπαρῆς πρὸς ταμῆντι πῆματι.
- (b) ἐκ τῶνδε μῆντι τῶν τρόπων οὐκ ἂν ποτε κατάστασις γένοιτ' ἂν οὐδενὸν νόμου, εἰ τοὺς δίκην νεώτατοις ἐξωθήσομεν καὶ τοὺς ὀπισθεν εἰς τὸ πρόσθεν ἄξομεν. ἄλλ' εἰρτέον τὰδ' ἐστίν· οὐ γὰρ οἱ πλοτεῖς οὐδ' εἰρήνωται φόντε ἀσφαλίσταται, ἄλλ' οἱ φρονούντες εὐ κρατεροῖς πανταχοῦ.

IV.

1. Give the genitive and accusative singular, and the nominative and dative plural of ἀνήρ, γυνή, ἐγὼ, ἄνθρωπος, κῆνος, μέγας, ὄψος.
2. Compare ἤδεις, μέγας, μέλας, σαφής, ταχύς, χαλεπός. Form adverbs from ἤδεις and χαλεπός, and compare them.
3. Write out the present indicative active of τιθῆμι, ὀράω (contracted forms), εἶμι; and the perfect indicative passive of ἄγω, λείπω, πείθω.
4. Give the principal parts of: αἰσθάνομαι, εἰρίσκω, ἴσθημι, λαμβάνω, τρέψω, φαίνομαι.

5. Translate the following sentences and account for the case usages:

- (a) τοῦ σώφρονος ἔστιν τοῦτο ποιεῖν.
 (b) τῆς ψυχῆς τὴν ἐλευθερίαν πραιμίην ἂν.
 (c) ἀπαλιόθησαν τοῖς αἰώτοις Κύρῳ ὄπλοισι.
 (d) ἐμοῦ ἐπιστοῦ προεβύτατος εἶ.

6. Translate into Greek:—

- (a) The soldiers gladly listen to their general and they obey him, for they trust him.
 (b) When Cyrus told the Greeks where he intended to march, they refused to go unless he gave them much money.
 (c) Let us promise to do what they were asking, whenever we arrive in our native land.
 (d) The Lacedaemonians and their allies having collected as many ships as possible will wage war upon us.
 (e) The enemy, who are more numerous than brave, will be easily vanquished by you.

V.

Translate this passage from a book not prescribed.

Ἐπεὶ δὲ καταστρατοπεδεύσαντο, συνέκαλεσαν ὁ Κύρος τοὺς στρατηγούς καὶ ἐλεξε· Ἄνδρες σίμμαχοι, τεθέσθαι μὲν κύκλῳ τὴν πόλιν ἐγὼ δὲ ὅσων μὲν ἂν τοι τεῖχη οὕτως ἰσχυρὰ καὶ ὑψηλὰ προεμαχόμενοι ἔλοι οὐκ ἐσθλὸν μοι δοκεῖ· ὅσων δὲ πλείους ἀνθρώποι ἐν τῇ πόλει αἰσίοι, ἑπειταρ οὐ μάχονται ξηρόντες, τοσοῦτον ἂν ἕκαστος λιμὸν αὐτοῖς ἠγούμαι ἀλάτοι. εἰ μὴ τι' οὐδ' ἄλλαν τρέπον ἔχετε λέγειν, τοῦτον πολιορκητέον φημι εἶναι τοὺς ἄνθρωποι. καὶ ὁ Χρυσίστας εἶπεν, Ὅ δὲ ποταμός, ἔφη, ὄψος οὐ διὰ μίσησ τῆς πόλεως βεῖ πλάτος ἔχων πλείον ἢ ἐπὶ δύο στάδια; Ναὶ μὰ Δι', ἔφη ὁ Γυβρίσιος, καὶ βάθος γ' ἑὸς οὐδ' ἂν δύο ἄνδρες ὁ ἔστωρ ἐπὶ τοῦ ἔτερον ἑστηκὸς τοῦ ἕδατος ὑπερέχουσιν· ὥστε τῷ ποταμῷ εἶσι ἰσχυροτέρα ἔστιν ἢ πόλις ἢ τοῖς τεῖχεσι.

TIME: 10 A. M.—1 P. M.

I.

A. Translate: *Le Ciel*.—*D. Digne*, Vienna see venger.*D. Botique*, Do quel ?*D. Digne*.

Qu'à l'honneur de tous deux il porte un coup mortel;
D'un soufflet. L'insolent on eût penché la vie,
Mais mon âge troupe ma glorieuse envie,
Et se fer, que sans l'air ne peut plus soulever,
Et le revers en tien pour venger et punir.
Va contre un arrogant éprouver ton courage;
Ce n'est que dans le sang qu'on lave un tel outrage,
Mours on tue. Au surplus, pour ne te point flatter,
Je te donne à combattre un homme à redouter
Je l'ai vu, tout couvert de sang et de poussière
Porter partout l'effroi dans une armée entière,
J'ai vu par sa valeur cent escadrons rompus;
Et pour l'en dire assez quelque chose de plus,
Plus que brave soldat, plus que grand capitaine,
C'est....

B. *Le Bourgeois Gentilhomme*.—*Le Maître de Musique*. J'en demeurais d'accord, et je les goûte comme vous. Il n'y a rien assurément qui chatouille davantage que les applaudissements que vous dites; mais cet excès ne fait pas vivre. Des louanges toutes pures ne montent point un homme à son aise; il y faut mêler du solide, et la meilleure façon de louer, c'est de louer avec les mains. C'est un homme, à la vérité, dont les lumières sont petites, qu'il parle à tort et à travers de toutes choses, et n'applaudit qu'à contre-sens; mais son argent redresse les jugements de son esprit; il a du discernement dans sa bourse; ses louanges sont méritées; et ce bourgeois ignorant nous vaut mieux, comme vous voyez, que le grand seigneur délaissé qui nous a introduits ici.

a. Relate, in English, the occurrence alluded to in extract A., and the outcome of the affair.

II.

1. Parse and give principal parts of: *est, peut, es*, (A); *dites, fait, sont*, (B). Write the 1st pers. sing. of the future present of each verb.

2. Mention and illustrate at least four of the leading points in which French and English differ from one another.

3. *Il pour l'en dire* (A). Parse *es*, and illustrate its use as a preposition; as a pronominal article. Give the French for: Bring me some bread. These men have no patience. He does not sell potatoes. Have you given him any money?

4. *Il y faut aller* (B). Parse *y*; Write this sentence, substituting a personal verb for *faut*. Translate: Have you answered (répondre à) the letters? I have answered them.

5. Distinguish, giving short examples, between: *est* and *est*; *à* qui and *à* quoi; *ce* qui, and *ce* que; *qui* est *ce* qui? and *qu'est* *ce* qui? Give the French for: What are you doing? Of what is he thinking? What is the matter?

6. *Deut les benêtées* (B). Parse *deut*. Prove that "*deut*" assumes different forms by translating: Whose voice is this? Whose house is this? Your uncle, to whose kindness I owe a great deal, has arrived. The lady, whose daughter I know, is now in England.

7. When do you express "to know" by *savoir*, and when by *connaître*? Explain and translate: Do you know French? I do not. Do you know that lady? Yes, I know her to be an Englishwoman. It is not known when he will be here.

8. Write a short French letter.

9. Distinguish between: *il a cinquante ans* and *il y a cinquante ans*; *il marche entier* and *tout le monde*; *il est trop fort* and *c'est trop fort*; *il est tard* and *il se fait tard*.

ENGLISH.

Examiner..... A. MACMECHAN, PR. D.

TIME: THREE HOURS.

1. Interpret, discuss, supply information, as the case may require. Answers should be full and precise. Vague paraphrases should be avoided.

I. 1. The fair Augusta smelt to fairs inclined. 2. The king himself the sacred unction made. 3. At every word a reputation dies. 4. The nice conduct of a clouded care. 5. And beauty draws us with a single hair. 6. The heavy call of income-breathing mean. 7. Fair Science frowned not on his humble birth. 8. I fly from a petty tyrant to the throne. 9. There larvae extend that scorn Arcadian pride. 10. Where the bleak Swiss their stormy mansion tread.

II. 1. The swain responsive as the milkmaid sang. 2. Sweet as the primrose peeps beneath the thorn. 3. Blossom'd furze unexpectably gay. 4. To stop too fearful, and too faint to go. 5. Belyve the elder bairns come droppin' in. 6. From scots like these old Scotia's grandeur springs. 7. The yellow-lettered Geordie kyeeks. 8. Bosses drundie German water. 9. Rejoiced they were not seen but dogs. 10. A rhymin', rantin', rostin' kiltie.

2. Compare *MacFlecknoe* and *The Rape of the Lock* in their power of making the subjects of these poems ridiculous.

3. In what respects may *The Deserted Village* be regarded as the outcome of *The Traveller*? What economic doctrine is preached in both? Which do you think the better poem? Why?

4. Point out in the following passages all rhetorical devices and peculiarities of style:

(a) During this period of his life he was indefatigably diligent and insatiably curious; wanting health for violent and money for expensive pleasures, and having excited in himself very strong desires of intellectual eminence, he spent much of his time over his books; but he read only to store his mind with facts and images, seizing all that his authors presented him with undistinguishing voracity, and with an appetite for knowledge too eager to be wise. In a mind like his, however, all the faculties were at once involuntarily improving.

Judgment is forced upon us by experience. He that reads many books must compare one opinion or one style with another; and, when he compares, must necessarily distinguish, reject and prefer. But the account given by himself of his studies was, that from fourteen to twenty he read only for amusement, from twenty to twenty-seven for improvement and instruction; that in the first part of his time he desired only to know, and in the second he endeavoured to judge."

- (b) "He lived as a lodger at the house of a widow woman, and was a great *Amos*ist in all parts of his life. This is all that we can affirm with any certainty of his person and character. As for his speculations, notwithstanding the several obsolete words and obscure phrases of the age in which he lived, we still understand enough of them to see the diversions and characters of the English nation in his time; not but that we are to make allowance for the myth and *Amos* of the author, who has doubtless strained many representations of things beyond the truth. For if we interpret his words in their literal meaning, we must suppose that scenes of the first quality used to pass away whole mornings at a *poppet*-shop; that they attested their principles by their *patches*; that an audience would sit out an evening to hear a dramatical performance written in a language which they did not understand; that chairs and flower-pots were introduced as actors upon the British stage; that a promiscuous assembly of men and women were allowed to meet at midnight in masques within the verge of the court; with many improbabilities of the like nature."

5. Explain carefully the italicized words in (a), (b), and show how any of them have changed in meaning at the present day.

6. What are Addison's ideas as to the object and purpose of *The Spectator*, false and true wit, religion and morality? Quote or refer to passages in support of your statements.

7. Write a composition of not less than three paragraphs upon each only of the following subjects:

- Hastings in Retirement.
- Portia, a Character Study.
- Shylock, the Typical Jew.
- Grand Pre Before the Expulsion.
- King James's Hunting.
- The Sending of the Fiery Cross.

MATHEMATICS.

Examiner PROFESSOR D. A. MURRAY, Ph. D.

ALGEBRA.

TIME: THREE HOURS.

- Solve the equations $3x^2 - 2xy + 4y^2 = 36$, $4x^2 - y^2 = 7$.
- (1) Find the square root of $57 - 12\sqrt{15}$.
(2) Find the three cube roots of -1 .
- Reduce $\frac{(2-3\sqrt{-1})(2+\sqrt{-1})}{(4+4\sqrt{-1})(15-8\sqrt{-1})}$ to the typical form $a + b\sqrt{-1}$.

4. Find the general solution and the least positive integral solution of $435x - 519y = 1$.

5. (1) Given that $a : b = c : d$, prove that $ac + a^2 = ab + ad = pa + q$; $pb + qd$.

(2) The square of x varies as the cube of y ; if $x = 4$ when $y = 5$, find x when $y = 19$.

6. (1) In the scale of 8 subtract 34551 from 47234, and multiply the result by 30. (2) Express 43741 in the scale of 7.

7. Solve the following set of simultaneous equations, using determinants,

$$\left. \begin{aligned} 2x + 3y + 5z &= 8 \\ x - y + z &= -2 \\ 2x + y - 4z &= 11 \end{aligned} \right\}$$

8. (1) In a certain geometrical progression the first term is 7, the last term is 448, and the sum 880. What is the common ratio?

(2) Show that the arithmetic, geometric, and harmonic means between any two positive quantities are in descending order of magnitude.

9. (1) For what values of a will the roots of the equation $6x^2 - x^2 - 4 = a$ be real? For what values of a will the roots be imaginary?

(2) If α and β are the roots of $ax^2 + bx + c = 0$, find the value of $\frac{\alpha}{\beta} + \frac{\beta}{\alpha}$.

10. Calculate to three decimal places one of the roots of the equation $x^3 + 10x^2 + 14x - 120 = 0$.

GEOMETRY.

TIME: THREE HOURS.

- If two triangles have two sides of the one equal to two sides of the other, each to each, but the angle contained by the two sides of one greater than the angle contained by the corresponding sides of the other; then the base of that which has the greater angle shall be greater than the base of the other.
- The straight lines joining the vertices of a triangle to the middle points of the opposite sides meet in a point.
- Divide a straight line into two parts, so that the rectangle contained by the whole and one part may be equal to the square on the other part.
- On a given straight line describe a segment of a circle which shall contain an angle equal to a given angle.
- In equal circles the angles, whether at the centres or circumferences, which stand on equal arcs, shall be equal.
- If a straight line be drawn through a given point to cut a given circle, the intersection of the tangents at the two points of section always lie in a fixed straight line.
- Describe an isosceles triangle having each of the angles at the base double of the third angle.

8. Similar triangles are to one another in the duplicate ratio of their homologous sides.

9. Describe a rectilinear figure, which shall be equal to one and similar to another rectilinear figure.

10. The locus of a point, the ratio of whose distances from two given points is constant, is a circle.

CHEMISTRY.

Examiner PROF. E. MACKAY Ph. D.

TIME: THREE HOURS.

N. B.—Definite reactions should be expressed by equations.

1. Give what you think sufficient evidence to prove that combustion is chemical combination with oxygen.

2. Name three important acids and three important bases. Describe the appearance of each and state how each may be distinguished from the others.

3. You are given zinc, common salt, sulphuric acid and water; what new products could you prepare? Describe the apparatus required for each preparation and the way in which the preparation is to be carried out.

4. Explain the chief uses of ammonium sulphide and hydrogen sulphide as chemical reagents.

5. Name the elements most closely resembling either phosphorus or carbon, and point out in what the resemblance consists.

6. Describe the appearance and give the chemical formula of each of the following substances: alum, borax, plaster of Paris, ammonium nitrate, litharge, cupric oxide, corrosive sublimate.

7. State the facts expressed by the following equation without using any theoretical terms:

8. A gas contains 92.3 per cent. of carbon and 7.7 per cent. of hydrogen, what is the simplest formula that expresses its composition? If its density, referred to air, is 0.9, what is its molecular formula?

9. Given that a litre of hydrogen, under standard conditions, weighs 0.0896 gram, deduce the volume occupied under similar conditions by the ammonia that may be obtained from a gram of ammonium chloride.

* TIME TABLE—FACULTY OF LAW.

Hours.	Monday.	Tuesday.	Wednesday.	Thursday.	Friday.
9 to 10	Shipping	Const. History	Const. Law	Const. History	Const. Law.
10 to 11	Conflict of Laws	Crimin.	Crimin.		International Law.
11 to 12			Sales		Equity.
12 to 1			Contracts	Mixed Court.	Contracts.
4.30 to 5.30	Real Property, 1st yr.	Real Property, 2nd yr.	Procedure	Evidence	Torts.
6 to 9					

* Subject to alteration.
