DALHOUSIE

1947

In Alexandria, Egypt, stood the ancient Pharos, or lighthouse, built during the reign of Ptolemy II, about 260 B.C. To the mariners of the ancient world Pharos was an ever shining beacon. Our university has been compared to this lighthouse because it is symbolic of Pharos' guiding influence. To perpetuate the importance of Dalhousie in our lives we have called our Year Book "Pharos" in respect to the ancient lighthouse and to our Alma Mater.

THE PRESIDENT

# THE PRESIDENT'S MESSAGE

I APPRECIATE the opportunity, afforded by the publication of this *Year Book*, of sending greetings to the students, and of thanking them for their unfailing co-operation in the session now drawing to a close.

I repeat what I have said on more than one occasion, that in all her splendid past Dalhousie has never had a finer student-body than she is able to show today. My own impression in this respect is confirmed by statements made to me by some of the senior professors. We are proud of the quality of the men and women at present in the University and trust that their researches will open to them unsuspected stores of knowledge and of wisdom.

My colleagues and I confidently hope that those who are finishing their course this year will be true to the best ideals of the past, and we could ask nothing more than this from them. A novelist of the last century tells a story of an old tutor who came to the end of his part of the education of the son of a very distinguished family. For his last lesson he took the young man to the picture-gallery of the great house, and pointing to the portraits of his forbears recalled the particular virtues which they exemplified and charged him to prove himself worthy of them. As we say Godspeed to the members of the graduating classes, our last word to them is an appeal to reproduce in their own lives the spirit of their predecessors who gave Dalhousie her far-reaching reputation, and in the days to come to think of their Alma Mater with ever deepening filial regard.

A. E. KERR, President.

# Honorary President

PROFESSOR H. R. THEAKSTON  
*Honorary President of Class '47*

**T**HIRTY-ONE years have elapsed since my own class graduated from Dalhousie into a world at war. You will, on Convocation Day, emerge into a world sick from a second conflict, greater and more far reaching in its effects than its predecessor.

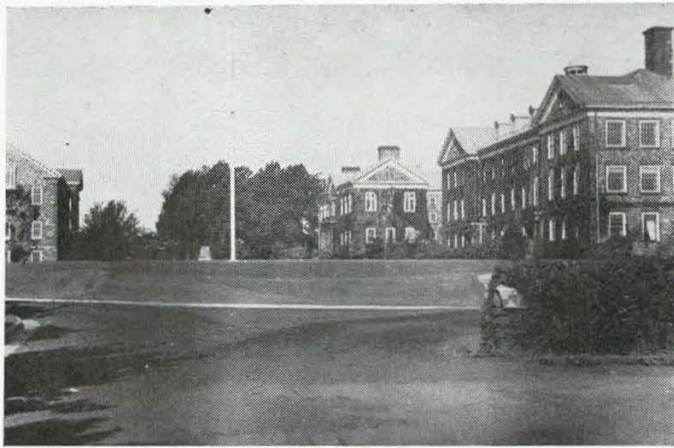

What can you, individually and collectively, do about it? There lies your challenge. What can you do to heal the scars of the wars of the past, and render impossible the wars of the future? What can you do to overcome prejudice and intolerance and false nationalism? What can you do to make the Four Freedoms a reality instead of a hollow mockery of words?

I have no ready-made prescription to offer you. My generation failed miserably once—how then can I advise you? It is your problem, and that of your generation; a problem not of your own making—but yours none the less. How well you succeed your children will know, and the history books will record.

On the wall opposite my desk is a paragraph from the pen of "The Old Philosopher" which appeared in a technical publication several years ago. As a parting word I leave its message with you. It was entitled "A Prayer", and reads as follows:—

"Give us freely each day of the Spirit of Tolerance. May we be kindly disposed one toward another. Help us to esteem ourselves modestly, and to esteem our fellows generously. Help us to search diligently for truth in the fertile places of an Open Mind, and may we direct our Thoughts, our Works and our Acts only toward Good."

ELIZABETH ATKINS

JAMES BELL

MARY E. CAMERON

G. A. CAMPBELL

ELSIE COLEMAN

DONALD COLLINS

ELIZABETH ATKINS, Halifax—A native of Moncton, and an Alpha Gam, Betty has to her credit a Regional, the Pollock, the Campbell, two I.O.D.E. scholarships, and one marriage, through which she became hopelessly associated with the medical school, the shock of which, rocked the English Dept. to its venerable foundations. An honour's course plus a successful marriage proves Betty's ability.

JAMES LAWSON BELL, Halifax—Jimmy came to Dal in '43 and soon proved himself a capable athlete and a good student. After an army career he returned to accept important posts in the Glee Club and on Pharos. A Sigma Chi, Assistant Editor of Pharos, Life Treasurer of the class of '47, Jimmy next enters business life where his pleasant personality, tenacity and resolution assure success.

MARY ELIZABETH CLARE CAMERON, Petite River, N.S.—From Edgemoor Mary Liz strolled into Dal. She graduates this year in Arts with an English book under one arm, and a History text under the other. Her favourite pastime is chauffeuring her father on his medical rounds. Mary Liz has worked part-time in the Dal Library in preparation for a course in Library Science which she plans to study next year.

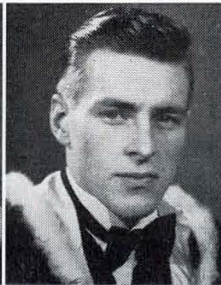

GEORGE ALLEN CAMPBELL, Halifax, N.S.—George is a native of Halifax and attended the Halifax Public Schools. He entered Dalhousie in 1945. After obtaining his B.A., George hopes to take his Diploma in Education. His favorite subjects are History and English; he is interested in Music and Art Appreciation. Although naturally modest and unassuming, George's future, judged by his abilities, should be a marked success.

ELSIE AGNES COLEMAN, Joggins, N.S.—At Dal Elsie has accomplished more than a B.A. in Psychology and Political Science—a member of Pi Beta Phi fraternity, on the executive of the C.C.U.F., president of Midlothian, was co-'Knowsey' on the Gazette, and on the Delta Gamma debating team; but what has the most effect on Elsie is Don Waner's version of 'Stardust'.

DONALD ST. CLAIR COLLINS, Aylesford, N.S.—Don graduates this year, having majored in English and Philosophy. He is a conscientious student, and he keeps close company with his books. While at Dal Don has been an active member of the Glee Club and the S.C.M. Next year he will enter Second Year Theology at Pine Hill. Don has won many friends at Pine Hill, who join in wishing him "all the best" in his chosen career.

ART. ELLIOTT

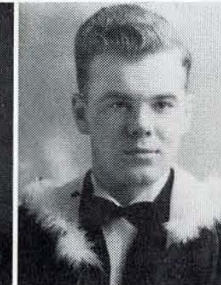

ALEX. FARQUHAR

MARY FARQUHAR

ED. FOOHEY

DRUMMOND FRASER

MILDRED GARSON

ARTHUR WILLIAM ELLIOT, Halifax—Art came to Dal from Q.E. H.S. with a Regional Scholarship, and the next year added a Khaki Scholarship. Although his main ambition is an M.D.C.M., Art believes in a liberal education and so he receives his B.A. At interested member of D.M.D.S., Arts and Science Society, and the Dalhousie Student Medical Society, Art is known for his cheery grin and his dependability.

ALEXANDER JAMES FARQUHAR, Halifax—"Farqsie", as he is affectionately known, has made a grand name for himself at Dalhousie. Simply Wonderful! Four years Varsity Football and Basketball, Gazette, Students' Council and Sigma Chi have rounded out his versatile career. Recipient of the Athletic Gold D and an engraving for Gazette work his future plans are for Physical Education at Springfield, and Mary.

MARY FARQUHAR, Halifax, N.S.—Mary is known to us by her personality and her "gift of gab." She has been Gazette Circulation Manager '46, '47, S.C.M. cabinet member and delegate to Lake Couchiching '46, Council Candidate '45, Midlothian Society Secretary-Treasurer '47, and is an "Alpha-Gam." She plans to make her way into the field of nursing.

EDMUND FOOHEY, Saint John, N.B.—Ed's college life has been well sprinkled with scholastic achievements. He has won the MacKenzie Scholarship, Bruce Bursary and the H.M.C.S. Good Hope I.O.D.E. Scholarship. Faculty Representative for Arts and Science, a member of the Newman Club, he was this year elected life president of his class. Ed plans to continue his studies with post-graduate work in economics.

JAMES DRUMMOND FRASER, New Glasgow, N.S.—In the Fall of '42 Drum entered our portals of learning. Now studying law, he plans to graduate in '49. In the spring of '44 Drum's strife for learning was interrupted, to be resumed in '45. Among his accomplishments are Interfac football '42-'43, secretary, D.A.A.C. '43-'44. A loyal Phi Delt, Drum's friendliness and "alcoving" will be long remembered.

MILDRED R. GARSON, Halifax, N.S.—Mildred came to Dal from Q.E.H.S. in '42 and will leave this year with a B.A. Quick understanding and common sense have won her many friends. Her four years here have been full of work and fun. She plans to enter the field of Social Work, where we know she'll do well. Good luck, Mildred.

# Bachelor of Arts

BRENT GIBSON

DOT. GRAHAM

JUNE GRANT

EDITH HAWKINS

R. MACDONALD

J. D. MACDONALD

BRENT GIBSON, Truro—Little jaunts here, there and everywhere characterize Truro's own Brent, who makes infrequent trips from Sigma Chi to Studley but very frequent visits to the Sea Horse. A scholar and a gentleman, Brent has his eye on a future filled with more and bigger and better university degrees. Interests—philately, badminton, debating and trains.

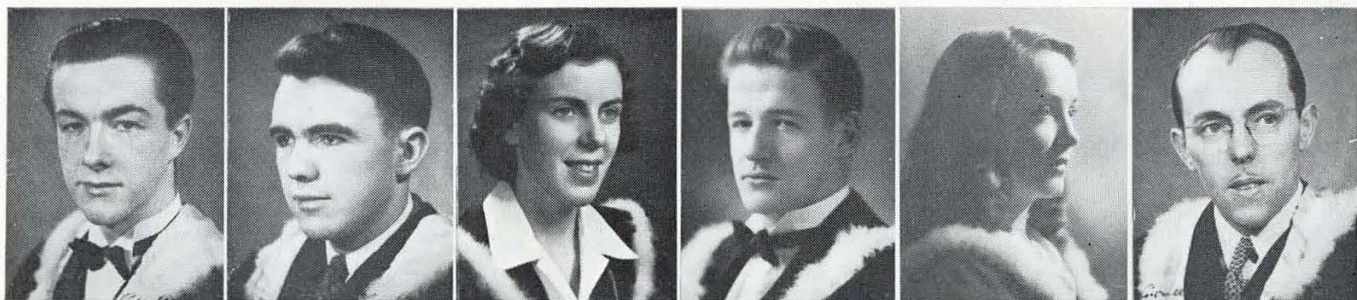

DOROTHY JEAN GRAHAM, Halifax—Dot entered Dal in 1942, with a Regional Scholarship, and majored in English and French. In 1943, she received the Bruce Scholarship, and in 1944 the French Scholarship to Trois-Pistoles. She spent last summer in Paris at the Sorbonne on a French Government scholarship for prospective teachers. Dot's favourite pastimes are reading—and thinking!

JUNE BISHOP GRANT (Mrs. Douglas A. Grant), Halifax—Last year June came to the land of the herrin' chokers via such interesting detours as Skidmore and marriage. Motive: to finish her education at Dalhousie. Between domestic duties and a thoroughly nice husband she found little time to indulge in extra-curricular activities; but, she has endeared herself to those of us who have come to know her well.

EDITH PEPPARD HAWKINS, Milford, N.S.—Although you may not find her in the library or in fact any place that breeds of studying, Edith is one of the keenest participants in subjects that formulate the basis and profound discussions of University students in general. She is a "Pi Phi," a member of Midlothian, has acted on Shirreff Hall House Committee and on Pharos '46-'47. There is nothing that is of interest to Dalhousie that is not of real interest to Edith.

DONALD RALPH MACDONALD—Ralph came to us in 1943 from Cape Breton. He has been Secretary and Treasurer of the S.C.M., Business Manager and Editor of the Pine Hill Pepper Box, and proofreader for the Gazette, and has done acting and singing for Glee Club and Pine Hill activities. We are confident that he will be highly successful in the Presbyterian ministry.

JOHN DONALD McDONALD, Dartmouth, N.S.—"J.D." is an Alumnus of Baddeck Academy. He entered St. F.X. in '42 and there took Pre-Med. At Dal he completed the Pre-Med. course and last year decided to number himself in the ranks of those noteworthy Theologians of Pine Hill. However, as you now see, he has not forsaken the cause of "pure science."

GERRY MCKAY

H. MACKENZIE

M. H. MARTIN

BILL MINGO

ANN PARKER

S. R. PURCHASE

GERALD HOWARD MCKAY, Nappan Station, N.S.—Jerry has maintained a high academic standing, receiving the Khaki University Scholarship and two Leonard Foundation Scholarships. He has taken an active interest in campus affairs, his chief interest being dramatics, but he has also participated in debating and interfaculty basketball. His plans include future study and we are sure that his intellect and personality will carry him far.

HUGH GILMORE MACKENZIE, North Sydney, N.S.—Gil hails from North Sydney, C. B., came to Dalhousie in 1944 from Sydney Academy and graduates this year with a B.A. degree, having majored in English and History. He is a keen sports follower. He plans to enter Pine Hill next year to begin his studies in Theology. Best of luck, Gil.

MARJORIE HAZEL MARTIN, Dartmouth—Marjorie dropped in on Dal from Winnipeg and Dartmouth to major in history and English and to pursue in her spare time a healthy interest in gardening, interior decorating and Alpha Gamma Delta fraternity. For sport she indulges in badminton.

JAMES WILLIAM EDGAR MINGO, Halifax—A most versatile man. Bill has been twice member of Students' Council, Secretary-Treasurer of D.A.A.C. and team manager. Vice-President of Arts and Science, twice president of Class of '47 and Editor of the Gazette last year where his timely editorials were well-known. A very efficient organizer, Bill has also won several scholarships and a Gold D.

ANNE PARKER, Halifax—Anne's dignified and gracious manner, sympathy and charm are well known to all. Having lived in Quebec and Nova Scotia, Anne brings with her a freshness of outlook and breadth of purpose. She has no patience with stockworn prejudices or mean philosophies. She is often to be found painting. Vice-President of the Sociology Club, she will proceed either with sociology or library work.

SAMUEL RAYMOND PURCHASE, Launceston, Nfld.—Ray came to Dalhousie in '45 after graduating from Memorial University College and taking one of its scholarships. He intends to be a "round-collar" man and next year will be at Pine Hill, where he has already made a name for himself in Hebrew. Ray is well-known and well-liked both in college and as a student minister on the field.

# Bachelor of Arts

LIZ REEVES

ESTELLE SAUNDERS

WYN. SHEPPARD

JOYCE SILVER

CHARLOTTE STUDD

ELIZABETH REEVES, Sydney, N.S.—Full of vim and vigor Liz crashed Dal in '43. Vice-President of the Glee Club '46, C.U.P. editor of the Gazette '45, Pharos undergrad editor '45, graduate editor '46, Delta Gamma debater '45, '46, debating manager '46-'47, and a member of Midlothian, she holds a Pharos Gold "D" with two debating engravings. Liz's future holds Montreal and lots of fun.

CATHERINE ESTELLE SAUNDERS, Stellarton, N.S.—Those who know Estelle will always remember her for her "turned up" nose and blond hair, her pleasant manner and her skill (?) at Bridge, besides her good academic record. She is interested in sports, and helped the Senior Archery team win the inter-faculty championship. Estelle leaves Dal this year with a B.A. in history, and will probably further her university education.

CHARLOTTE HAWTHORN STUDD, Halifax—A member of Alpha Gamma Delta Fraternity, she was Activities Chairman for '45 to '46 and this year Recording Secretary. In sports Chas played ground hockey, but badminton is first in popularity. Charlotte is considering social work, where her cheerful smile and friendly manner will be an asset. Scholastic interest: history.

WINIFRED FLORENCE SHEPPARD, Humbermouth, Newfoundland—Terra Nova has been glorified (or at least raved about) by Wyn, one of our most popular Newfs. Vivacious Wyn has been active in the Glee Club, "co-Knowsey" on the Gazette and holds her own in sports. Wyn is of artistic ability and her work will probably lead in that direction.

ISABEL JOYCE SILVER, Dartmouth—A sports enthusiast she participated in ground hockey, badminton, swims, sails and skis. She possessed musical abilities and was a violinist in the Dalhousie Concert Orchestra. With quite a few Latin and English classes to her credit, Joyce plans a life of imparting knowledge after she receives her Education Diploma.

HAL. THOMPSON

ELLEN WEBSTER

GRACE WONG

LILY WONG

WILLIAM HAROLD THOMPSON, Regina, Sask.—Hal came to Dal after he was discharged from the Navy, having previously spent two years at the University of Sask. He has majored in Philosophy and Psychology, and hopes to be able to continue his studies. His keen intellect and great interest in work should help him to succeed in his further studies.

ELLEN PAGE WEBSTER—Ellen attended Yarmouth High School and Dalhousie, interrupting her course to take Library Science at Toronto University. Returning to Dal this year, she majored in Modern Languages and History—and bridge in the apartment she shared with three Dal grads. She has been granted a year's Fellowship with the Rochester Public Library, N.Y., beginning this July.

GRACE WONG, New Glasgow—Arriving from New Glasgow in '43 demure "Gracie" is well-known at Dal, where all who meet her are her friends—and proud of it. A conscientious worker, she majored in modern languages and biology, and includes lab work in her future plans. For recreation Grace enjoys badminton, photography and music appreciation, and takes an interest in everything and everyone.

LILY WONG, New Glasgow, N.S.—In '43 Lily left New Glasgow to become a Dalhousian—a sincere friend and eager student whose serious air cannot hide that twinkle in her eye. She majors in Botany and Modern Languages. She enjoys tennis, badminton and music appreciation. Many Dalhousians will miss cheery, talkative Lily, and we all wish her success in the botanical field.

# King's College

JAN. ABRAHAM

P. G. BROWN

CON. DEMILLE

ANN DUFFY

J. S. HARRIS

JANET ELIZABETH ABRAHAM, St. John's, Newfoundland—A true "Newf," Jan came to King's in '45 from Memorial. Active in the Glee Club and basketball, Jan has been an efficient and sympathetic House President of Alexandra Hall. A conscientious student, Jan majored in Chemistry and Biology and, knowing that she will do well in her chosen career of nursing, we wish her every success.

PHILIP GORDON ALLEN WAMBOLT BROWN, Halifax, N.S.—Phil entered King's in 1943 with the "Keating Trust Scholarship" and has majored in Economics and Sociology. He was Advertising Manager of the King's College Record last year, and is Business Manager this year. Phil is an outstanding student and plans to remain at Dal till he has gained his Bachelor of Commerce and Master of Arts degrees.

JOHN SPURR HARRIS, Annapolis Royal, N.S.—Enthusiasm for his hobby, radio, took Johnny away from college and into the R.C.A.F. in 1942, but Johnny came back to King's for his B.Sc. John is well known on the campus; when you hear a witty remark and a satisfied chuckle you know he is near. His hobbies include his amateur radio station VEIKJ, music and photography. Future—radio, of course!

CONSTANCE MARIE DeMILLE, Halifax—To a full program of student activities at King's Connie has added an enviable scholastic record and was awarded the Binney Exhibition in '45. Her room is the headquarters for bull sessions, friendly advice and food. With an Arts Degree, majoring in History, English and French, this busy little girl with the big heart should have a bright future.

ANN STROMBERG DUFFY, Charlottetown, P.E.I.—After graduating from Prince of Wales with an honour diploma, and a year at McGill, Ann came to King's this year. Her majors are English and Biology, but her true love is Fine Arts. Ann has been secretary of the Co-Ed Student Body and has taken a keen interest in dramatics. She is assured a brilliant future in radio because of a pleasing personality and ability.

JOYCE HART

J. A. MACEWAN

BETH MACLAINE

DOUG. ROGERS

E. P. THOMPSON

JOYCE THOMSON HART, Halifax—A conscientious student, a genial personality and an all-round athlete, she took part in varsity ground hockey, swimming, tennis and basketball and last year won her Gold D. On the executive of Quintillian Society, Sociology Club, Alpha Gamma Delta Fraternity, she was chosen Senior Co-ed of King's this year.

JOHN A. MACEWAN, Charlottetown, P.E.I.—John came to Dalhousie from Prince of Wales College and the University of British Columbia. The intervening time was spent in a radio station and in teaching. Registered at King's, he is a member of the Dramatic Society and the Haliburton Club, and indulges in photography as a hobby. He plans to return next fall for his M.A. in English.

ELIZABETH MILDRED MACLAINE, Charlottetown, P.E.I.—Having graduated from Prince of Wales College, Beth served in the W.R.C. N.S. for three years. Continuing her education she came to King's in 1945 and receives her B.A. this year, majoring in English and History. Besides being Associate Editor of the Record and senior class representative, she made the basketball team. Beth's charming personality has made her one of the most popular girls at King's.

DOUGLAS HERBERT ROGERS, Halifax—Doug, with his engaging personality, his capacity for leadership, his penetrating remarks and scientific mind, came to King's from Q.E.H. four years ago. Although he entered on a Foundation Scholarship which he has held through his course, won the Stevenson in '45, and has acquired First Divisions and Distinctions consistently, Doug's participation in extra-curricular activities has been outstanding.

EDWARD PRESCOTT THOMPSON, Bedford, N.S.—Ted came to King's in 1944 on a Foundation Scholarship, bringing with him a personality and sense of humour. A badminton enthusiast, Ted also enjoys ping-pong and basketball, and is an ardent amateur photographer, and he is secretary of the Haliburton Club. Ted's ultimate goal is the ministry, but he may be with us again next year for his Master's degree.

# Master of Arts

KEN BOITE

C. BROWN

R. C. FREDERICKS

M. KIERSTEAD

DON. MACLEAN

J. SWANBURG

DON VINCE

**KENNETH L. J. BOITE**, Halifax—Receiving his Arts degree in '42, Ken entered the army. He returned in '46 for his B.Comm. degree. Receiving his M.A. in Public Administration this year, Ken has still found time to hold office in the Dalhousie Citizens' Forum and to work on the Gazette. He intends to enter the Civil Service, and our best wishes go with him.

**CONSTANCE EDNA BROWN**, Halifax—Connie's abilities, social and scholastic, are evident in offices held in the Co-ed's Club, Quintilian Society and Classical Club. Connie entered on a King's Foundation Scholarship, gained three others as well as two class prizes and the King's Governor-General's Medal. With Connie's abilities and her capacity for making friends we predict but one thing—success.

**RODERICK GERALD FREDERICKS**, Imperoyal, N.S.—Rod, a very scholastic and energetic gentleman with a true love for his Alma-Mater, thought a Bachelor degree wasn't enough so he came back to take his Master's in History and to spend more time in his favorite haunt—the library. A keen mind indicates that his future will be most successful even if he says his plans are "indefinite."

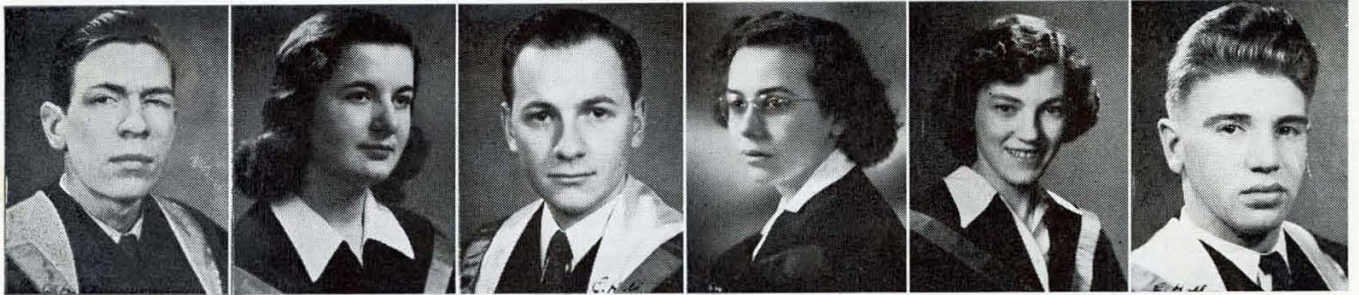

**DONALD M. RABAN VINCE**, Woodstock, N.B.—Donald graduated from Dal in 1941, a B.Sc. with distinction in chemistry. Nothing could better illustrate the versatility of Donald's genius than the fact that he has taken his M.A. in International Relations. Simultaneous with this academic legerdemain he has carried on an equally distinguished military career to the greater glory—and glamour—of the campus. Veni, Vidi, "Vince."

**MILES ALBERT KEIRSTEAD**, Sussex, N.B.—A graduate of the New Brunswick Normal College and Acadia University, Miles came to Dalhousie for his M.A. in Physics. He has proved himself an able demonstrator in the Physics Lab. A fine fellow, and a born teacher, Miles plans to return to his profession next year, where his success has already been assured.

**DONALD FORREST MACLEAN**—Early in the fall of '46, Don entered Dalhousie from Acadia, where he received his B.A. degree the previous spring. A conscientious student, he might have been found any day poring over dusty manuscripts in the Archives. Straight-forward and sincere, Don has a fortunate aptitude for concentrated effort which enables us to predict a promising future.

**JULIA AURELIA SWANBURG**, Armdale, N.S.—Julia graduated once before from Dal in Arts in 1940, when she took honours in Classics. She taught at the School for the Blind. Her chief interest now is Russian and her fondest hopes include a visit to Russia in the not-too-far distant future.

# Bachelor of Science

R. G. S. BIDWELL

R. BLOUNT

M. BURNSTEIN

A. CASTAS

LETA COCHRANE

W. F. COOK

**ROGER GRAFTON SHELFORD BIDWELL**, Halifax—Tony's principal activity on the campus has been classical music. He collaborated with Keilor Bentley when the latter founded the Music Group in 1945, and has revived it this year; he is perhaps better known as the critic for the Gazette in matters of music. Next year he plans to take post-graduate work in Botany.

**ROSEMARY WALSTON BLOUNT**, St. John's, Newfoundland—From Memorial College, Rosemary entered Dal on the Junior Jubilee Scholarship, and since then she has maintained her high scholastic standing. Receiving the Hugh Graeme Fraser Award in Chemistry, she is majoring in Chemistry and Mathematics. She has played interfaculty basketball and ping-pong and is a member of Pi Beta Phi. The best of luck to Rosemary in the field of research.

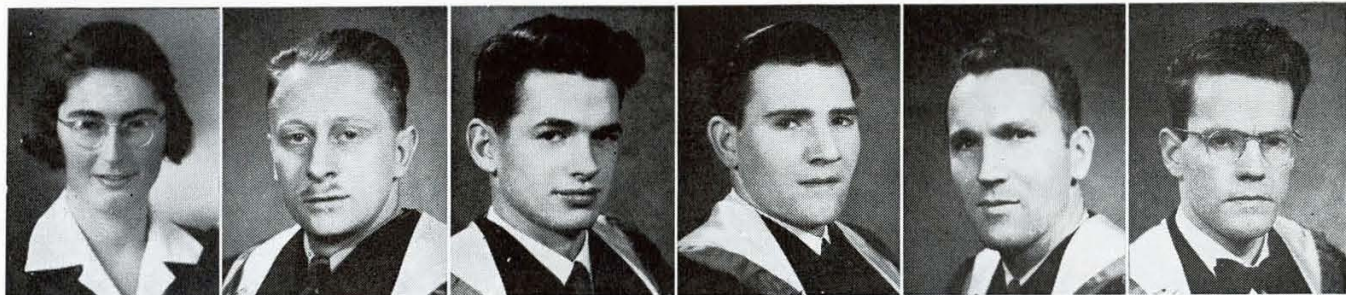

**MENDEL BURNSTEIN**, Glace Bay, N.S.—A first-year Med student, Mendel arrived at Dal in the fall of '45, after two years at Mt. A. and one in the Army. The record of his extra-curricular activities reveals many interests. A good student, who always manages to maintain a "highly bonne" humor, Mendel has majored in Biology and Chemistry, and is looking forward to his medical studies.

**ATHENA DOROTHEA CASTAS**, Armdale—Regina born and a graduate of Q.E.H.S., Athena entered on a King's Scholarship which she held for two years. At King's, Athena has been winner of the Stevenson Scholarship, treasurer of King's College Co-ed Club in '45, and secretary in '46. A good badminton player and an avid reader, she has majored in Chemistry and Mathematics. Her future plans, "Work!"

**LETÀ NAOMI COCHRANE**, River Hebert, N.S.—If you see a little lass wandering dreamily around the campus with Physics and Math books, that's Leta. A quiet, mild exterior covers an inner love of fun which bubbles over on occasions. A likeable personality has seen Leta through three years with the Glee Club, two years' membership with Pi Phi Fraternity, and two years on Shirreff Hall House Committee.

**WALTER FRANK COOK**, Lunenburg, N.S.—Walter attended the Lunenburg County Academy, graduating in 1944 at the age of sixteen. He then came to Dalhousie where he has received his Bachelor of Science and is pursuing studies in dentistry. Walter is a studious person who works hard at whatever he attempts and whose ready wit and good humor have won for him many friends.

# Bachelor of Science

JOAN CROSBY

G. E. DAINE

AL. ERNST

W. FELTHAM

A. FLEMMING

C. M. FRASER

JOAN MARGARET CROSBY, Halifax—A hard worker, conscientious, dependable, Joan was one of the lucky ones to make Medicine this year, and is now a member of the Medical Society. In her first winter she was active in badminton; however, in summer sailing takes first place with photography a close second.

GEORGE EDMUND DAINE, Halifax—George was at Dal from '32 to '35 with plans for a medical course. Since then he has spent several years nursing, both in civilian life and the Air Force, and now is back, married and with a young son, on his way toward an M.D. and a career in psychiatry.

ALAN ERNST, Halifax—A local boy, Al entered Dal from Queen Elizabeth, took science for three years and is now in Med School. Football is Al's sport. For one year intermediate and two varsity, he has been a rugged popular forward. A "Flight" in U.A.T.C. and later second "Loonie" in C.O.T.C., Al is quite well known. Al's future? With a bedside manner.

LJEWELLYN ALLISTER WOODROW FELTHAM, St. John's, Newfoundland—Woodrow hails from Neptune's hardy race and is as much at home at the ship's helm as in the chemistry laboratory. He is well known for his versatility and scientific linguistic. After graduating from Memorial University College he came to Dalhousie in 1945 to plant his feet on higher ground. His academic record bids well for future success.

ALLISTER MELVILLE FLEMMING, Bonavista, Nfld.—Born in St. John's, N.S., where he first attended school. Moved to Bonavista, Nfld., 1929, attended school there till 1939, then to Memorial University College from which he graduated in 1943. For the next year worked with the Ministry of War Transport of the United Kingdom, Newfoundland Representative, and after that until entering Dalhousie, with Fishery Research, Government Laboratory, St. John's, Newfoundland.

CLARENCE MACINTOSH FRASER, Halifax—With his eye on a B.Sc., "Clarie" has steered a course from Dal to the National Research Council and back to Dal. He has majored in Physiology. He was active in sports and has a great interest in all campus activities. He is a member of Phi Rho Sigma Fraternity. After a taste of scientific research, he is certain that it is his future field.

G. L. HANDRIGAN

L. HUBERMAN

L. JODREY

BOB. KIMBALL

H. LAMPERT

ALEX. LARGE

GEORGE LESLIE HANDRIGAN, Grand Bank, Nfld.—Born at Grand Bank, Newfoundland, attended high school there and attended Memorial University College and Acadia University before joining the Army in 1942. Taught school in Newfoundland for two years and was Government Auditor previous to joining the Army. Married in 1944 to Florence Butler and now women outnumber men in family of three.

LEON HUBERMAN, Outrement, Que.—For Leon chemistry is a hobby as well as work. He majored in chemistry and plans to move on toward a Ph.D. in that subject. He is a member of Tau Epsilon Phi Fraternity and of the Chemical Institute of Canada. An all-around guy, Leon is also a basketball and badminton enthusiast.

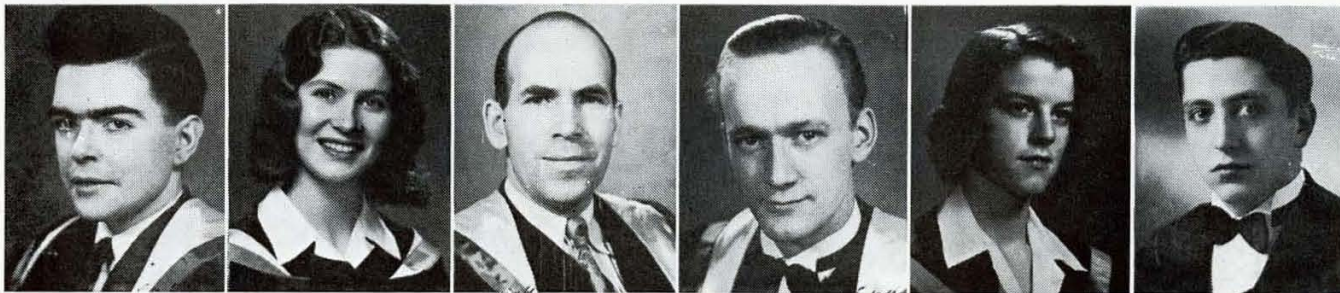

LOUISE HARRIET JODREY, Northport, N.S.—Louise receives her B.Sc. this year majoring in Chemistry and Zoology. Besides maintaining a permanent position in the First Division Section, "Tip" is an ardent bridge fan, and she likes basketball, badminton and fun. She was a member of the Delta Gamma Executive last year. May she dispense pills as well as she has handed out laughs.

ROBERT G. KIMBALL—Since Bob entered Dal in 1943, his briefcase and smile have become well-known on both camps. Although he has taken many science courses, notably Zoology, his main interest seems to lie in English and Psychology. Bob is a conscientious student and this, along with his friendliness and personality, is sure to spell success wherever he goes.

HERBERT "RED" LAMPERT, Moncton, N.B.—Little introduction is needed for Herbert Lampert, popular News Editor of the GAZETTE. "Red", a Moncton boy, has majored in Zoology with his gaze, at all times, turned towards medicine. In his fraternal brothers in Tau Epsilon Phi, and his many friends on the campus, no surprise will be aroused at any future mention of Red's greatness.

ALEXANDER LARGE, Charlottetown, P.E.I.—From Prince of Wales College Alex came to Dal in '45. He graduates this year, having majored in Chemistry. For a hobby—well, have you ever heard that voice say, "This is the friendly voice of the Maritimes"?—that's right, radio announcing. He plans to do radio work in the future.

# Bachelor of Science

JOHN MacINTOSH

TERRY MacLEAN

RAY MAYO

H. NEUFELD

SYB. PENTZ

H. POULOS

**JOHN WILFRID MacINTOSH**, Halifax—Amicable and sincere, John has won many friends on the campus since his arrival. He is a keen sports enthusiast, chiefly interested in hockey, basketball and badminton. A Phi Chi man, John is studying medicine. In the art of healing he should go far, and we wish him every success in his medical career.

**THERESA GERALDINE MacLEAN**, New Waterford, N.S.—Terry's activities have been numerous and varied. She has held executive positions in Pi Beta Phi, Delta Gamma, Arts and Science Society, and Students' Council, also is a member of Newman Club and Progressive Conservative Club, and has a Gold D for debating. Terry was chosen Munro Day Queen, 1946. She says her future plans are in Zoology but we predict a different story!

**SAMUEL RAYMOND MAYO**, Fortune, Newfoundland—After a successful teaching experience, Ray decided to seek variety and as a first step entered the Maritime Pharmacy College, where, without any practical drugstore experience, he completed the course in two years. After graduating this year, he plans to return for a year's intensive study of Psychology, proceeding next to the University of Toronto for an advanced degree in that subject.

**CORNELIUS HERMAN HARRY NEUFELD**, Winnipeg, Man.—Having attended the University of Manitoba, Harry came east to major in Chemistry. He has been a clever and conscientious student. Harry has been elected the 1947 Chairman of the Dalhousie Chapter of the Chemical Institute of Canada and his ability will add much to its success. Behind him, at Dal, he leaves a host of good friends.

**ALICE SYLVIA PENTZ**, Halifax, N.S.—Cheers for "Syb" who has led our girls' varsity basketball team to success, and who also wields a mighty badminton racket. Coupled with a lively interest in sports she is known for her wit and her "philosophy" over on Forrest campus. Her talent is science which she intends to pursue in further graduate work.

**HARRY PETER POULOS**, Halifax, N.S.—A first year Med., and a Phi Chi man, Harry received his senior matriculation at Q.E.H.S. where he took top honours by winning the Governor-General's medal. Harry has majored in Chemistry, has been a member of the C.I.C., and winner of the Hugh Graeme Fraser Memorial prize in advanced Chemistry. His next step is a degree in Medicine.

LOIS RATTEE

KAY STACK

BOB WEBSTER

D. A. WEIR

KAY WHITEHOUSE

S. WHITEWAY

**ELEANOR LOIS RATTEE**, Westville, N.S.—From the "wilder of Pictou County," Lois entered on a Regional Scholarship, and her frosh activities culminated in the winning of the Pan-Hellenic Award. Since then she has been active in Delta Gamma Debating, Delta Gamma executive and S.C.M., Junior Representative on the Council, and Vice-President of the Junior Class—a great asset to Dal.

**MARY KATHLEEN STACK**, Calgary, Alberta—Kay relinquished her boots and saddle and traversed the wide open spaces to become a Dalhousian. Musically talented, she holds an L.R.S.M. in piano-forte and a vocal licentiate. Kay is presently pursuing a D.D.'s degree. Capable and energetic with a sense of humour and a keen interest in her work, she will be a worthwhile addition to the molar profession.

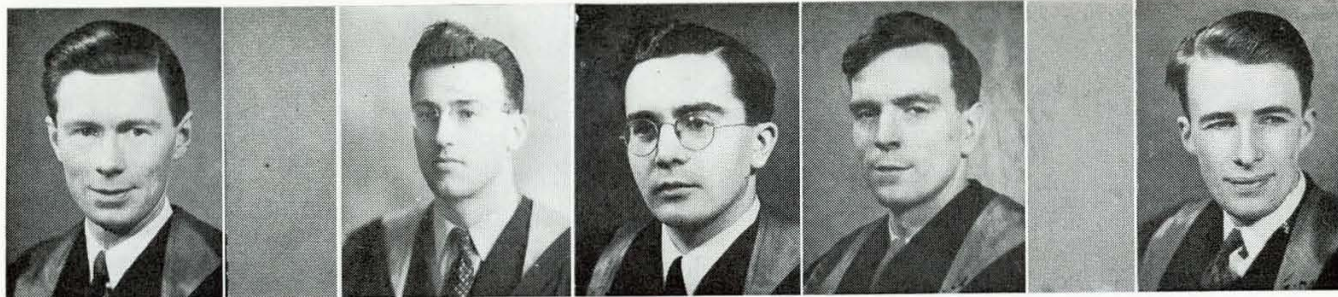

**ROBERT MCNAUGHT WEBSTER**, Yarmouth, N.S.—Bob Webster has completed three years of study at Dal along the road to a Medical degree, interrupted by three years as an R.C.A.F. pilot. He took an active part in campus activities at Studley, having important parts in several Glee Club productions. Bob's cheery smile and his willingness to work at whatever he undertakes, insure him a successful career.

**DONALD ANDREW WEIR**, Freeport, N.S.—Don is an enthusiastic sportsman. He played Intermediate football in '45, interfaculty hockey for four years, and enjoys baseball, tennis, ping-pong, swimming, and boxing. He enjoys music and plays the piano and clarinet. Add to this an unfailing good humour, and it is easily understood why Don is popular among his fellow residents at Pine Hill. His future: Dalhousie Medical School.

**KATHLEEN LINDSAY WHITEHOUSE**, Juniper, N.B.—Kaye, with her winning personality enthusiastically entered the life of Dalhousie in the fall of '43. Winner of a Glee Club Gold "D," she also found time to serve on the executives of Delta Gamma, Pi Beta Phi, Shirreff Hall House Committee and to major in Chemistry and Zoology. Phi Chi's will always remember Kaye as their choice for the first Munro Day Queen.

**STIRLING GIDDINGS WHITEWAY**, Stellarton, N.S.—Three years ago "S.G." arrived with a Regional Scholarship and all the honours from Stellarton High. Next year "S.G." will go to Tech. with a B.Sc. and all the honours of Dal, plus a liberal education at Acadia and Pine Hill. He has unstintingly contributed his efforts and time to many activities of campus life, and leaves warmth and respect in the hearts of many.

# Master of Science

ANDY DUNN

E. GORHAM

BOB. HATCHER

BOB. LELACHEUR

ALEX. MACDONALD

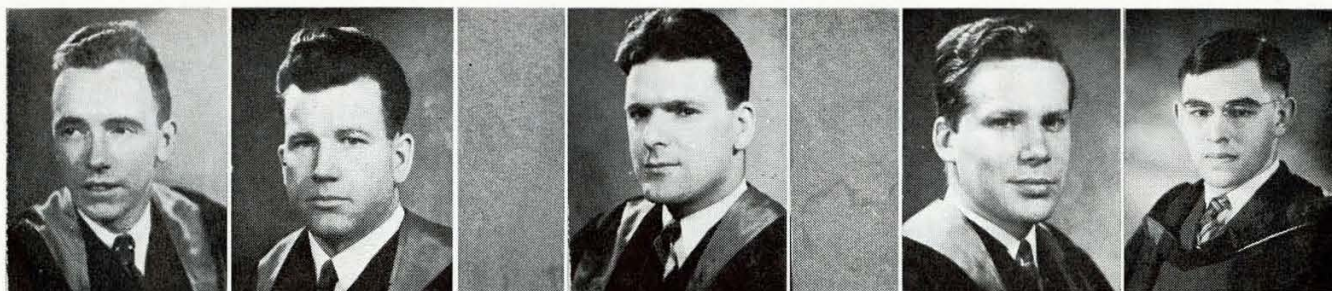

ANDREW FLETCHER DUNN, Halifax, N.S.—Originally a Sydney man, Andy first entered Dal in '38, and graduated with a B.Sc. in '42. After three years Army Radar experience, he returned to graduate in Physics this year. Andy has an N.R.C. Studentship. To an efficient Lab. Instructor and an excellent student go our best wishes.

EVILLE GORHAM, Halifax, N.S.—Ev entered Dal on a Regional Scholarship, and graduated with Distinction in Botany and Zoology. He has been demonstrator in Biology 1 and Zoology 6, and has won the Lawson Scholarship and a National Research Council Studentship. Future plans include a Ph.D. in England, after which he hopes to teach and do research work in biology.

ALEXANDER DANIEL MACDONALD, Sydney, N.S.—A B.Sc. from Dal in '45 in Math. and Physics, Alex this year gets his M.Sc. Well-known in the Physics Lab, Alex has won many scholarships during his career from Regional Entrance to N.R.C. Studentship; been active in the S.C.M. and Pharos. Continuing with his studies next year, he plans to end up teaching.

ROBERT DOUGLAS HATCHER, St. John's, Newfoundland—"Bob" has for the last two years been taking a Masters in Physics and Maths. Well known as an instructor in the Physics Lab, he has also won several scholarships, among them an N.R.C. Bursary. Bob has been an energetic member of the Pharos Editorial Board, 1947, and plans to continue his studies next year.

ROBERT MURRAY LELACHEUR, Sackville, N.B.—Bob arrived here last year from several years' service in the Navy with a B.Sc. from Mt. A. and single. This year he leaves with an M.Sc. in Physics, having won an N.R.C. Bursary, and married. During his stay he has been an instructor in Physics and President of Mulgrave Park Student Veterans' Association.

HUGH MACLELLAN

CARL MOEN

C. G. MOORE

O. A. SANDOZ

J. SNOW

HUGH JOHN MACLELLAN, Sydney, N.S.—A B.Sc. in '41, Hughie returned last year after five years with N.R.C. and the Army, to take his Masters in Physics. Well-known for his cheery smile, he spends his spare time on his car, and replying to questions on remaining single. Future plans involve the ocean to which we say "Bon Voyage" wherever he may travel.

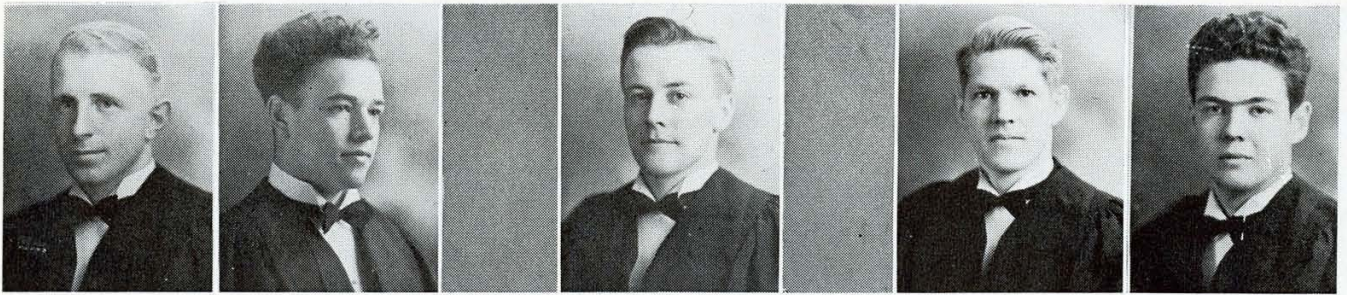

CARL J. MOEN, Viscount, Saskatchewan—After spending several years doing research for the Navy, Carl graduates this year with his M.Sc. in Physics in the record time of one year. Hailing from Saskatchewan, he obtained a B.A. with distinction from the University of Saskatchewan. A brilliant student, Carl plans to continue his studies next year.

JAMES MURRAY SNOW—Came to Dal from the Halifax Academy in 1942 on a Regional Scholarship. Was a member of the Student Chemical Institute and in 1944 won the Hugh Graeme Fraser Chemistry Award. Graduated with B.Sc. in 1945, having majored in Chemistry and Biology. Has worked at Fisheries Research and this year gets an M.Sc. degree in Biochemistry.

CEPHRENUS GEOFFREY MOORE, Dartmouth, N.S.—"Geoff" is another old Dalhousian who has returned to his Alma Mater for post-graduate work. After four years of teaching, he served in the R.C.N., holding the rank of Acting Lieutenant Commander. As a post-grad, he has been an efficient Physics demonstrator and tutor. Freed from studies, Geoff will devote his time to teaching, and his two boys.

OSCAR ADRIEN SANDOZ, Halifax, N.S.—Oscar, known to the world of Radio as VE1QZ, first entered Dal in '37. As an undergrad, no one was certain whether he was an engineer or physicist. Now after four years' service in Naval Research, he is taking his Masters in Physics. Oscar plans to go on for a Doctor's degree and devote his life to research. Good-findings, scientist!

# Diploma of Engineering

BRUCE BAULD

BILL BLAKNEY

R. K. COLLINGS

L. L. CURRIE

DON DUNLOP

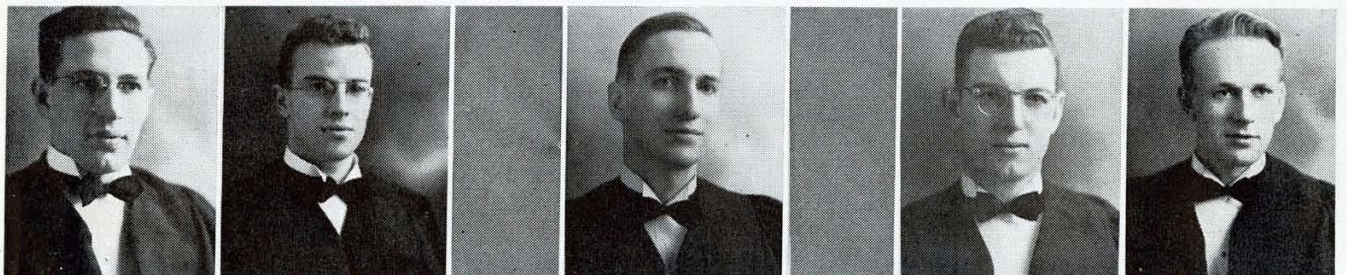

**BRUCE RENFREW BAULD**, Halifax, N.S.—Graduating from H.C.A., Bruce aimlessly wandered over to Dalhousie and became one of d'em Engineers. At Dal, Bruce won his Silver "D" for two years intermediate football, basketball, and badminton. After two years in the Army, he returned for his diploma and last year became a staunch "Sig" and Maritime Intercollegiate Badminton Champion. Future plans—N. S. Technical College.

**WILLIAM GILBERT GROVER BLAKNEY**, Hubbards, N.S.—Another boy from the shack on the corner who is almost totally unaware of the rest of the campus. Bill has been an active participant in inter-faculty sport—rugby and football. In his off hours he's quite a music fan and when winter comes, it's Bill's big chance to don the silver blades. Next year will find Bill at Tech. in Mining Engineering.

**JAMES DONAL DUNLOP**, Kenogami, Quebec—Sometime resident of New Brunswick, British Guiana, Nova Scotia, and Kenogami, Quebec—representative of D.A.A.C. '46; Varsity Rugby; President King's Athletic Association; Interfaculty Rugby Manager; President of the Engineering Society; Surveyor of Mt. Dalhousie; Labrador—and student—who, having majored in French 1 for four years, also found time to complete successfully the University Course in Engineering.

**RONALD KENNETH COLLINGS**, Dartmouth, N.S.—This young man hails from Dartmouth, N.S. He came to Dal, in '44 from Q.E.H.S., and will graduate this year with an Engineering Diploma and B.Sc. Ron plans to go in for Mining Engineering, which course he will follow at N.S.T.C. An ardent home craftsman, Ron spends a good deal of his spare time in home workshop.

**LEO LLOYD CURRIE**, Bridgewater, N.S.—Lloyd first entered Dal in 1939, then put in four years' service with the R.C.A.F. overseas. He returned to Dal in 1945. Lloyd has played soccer and badminton and was a member of the Engineering Society. After graduating, Lloyd intends to go on to University of Toronto to take mechanical engineering.

E. J. EISENBERG

PETE FLYNN

D. C. JOHNSON

D. MENCHIONS

M. MOSHER

**EUGENE JACK EISENBERG**—If modesty and integrity are the criterion for the ideal student then "Gene," as he is known to his many friends, has reached the heights of the ideal. Suave, soft-spoken, sincere, he has the makings of a good plumber, coupled with his renown as a master of the culinary arts his friends feel he will some day make some lucky woman a good wife.

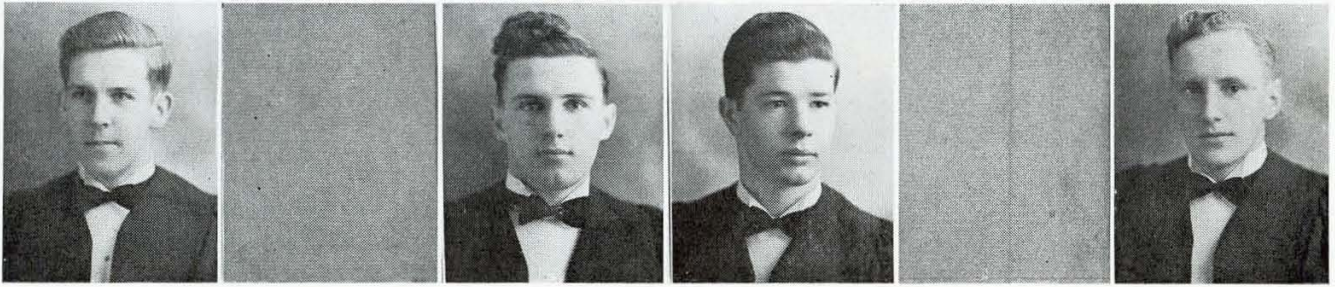

**PETER JAMES FLYNN**, Halifax, N.S.—A hero of the gridiron, this popular Phi Delt has led a busy and active life on the campus, playing varsity football and hockey, being football manager '46 and a star of inter-fac. football and hockey which all lead to a shiny Gold D. Pete isn't really lazy but his pet ambition now is to retire.

**MEDFORD CARL MOSHER**, Windsor, N. S.—"Med" came to Dalhousie from Windsor Academy, 1940, registering in Engineering. Completing a year here, he joined the R.C.E. in 1941. Upon discharge he returned to Dalhousie for completion of his Engineering Diploma. "Med's" favourite pastime is sports, particularly badminton and tennis. His many friends wish him the best of luck at N.S. Technical College.

**D. C. JOHNSON**, Halifax, N.S.—Doug came to Dal from the Halifax Academy. Was member of the band and dance orchestra for several years, and assistant football manager one season. Took time out from studies, and served with the R.C.A.F. as a WAG. Favorite pastime: Can be found exploring the ether waves in the realm of amateur radio. Future: Electrical engineering at N. S. Tech.

**DOUGLAS CHARLES MENCHIONS**, Halifax, N.S.—Doug came to Dalhousie after leaving Halifax County Academy in 1941. While at Dal, he was a valued member of the football team. After a period in the Navy, he returned last year to complete his course in Engineering. He plans to finish his Engineering at N.S.T.C. During the hunting season you can usually find Doug in the woods with his trusty gun.

# Diploma of Engineering

L. W. SOMERS

BILL SNUGGS

D. TEASDALE

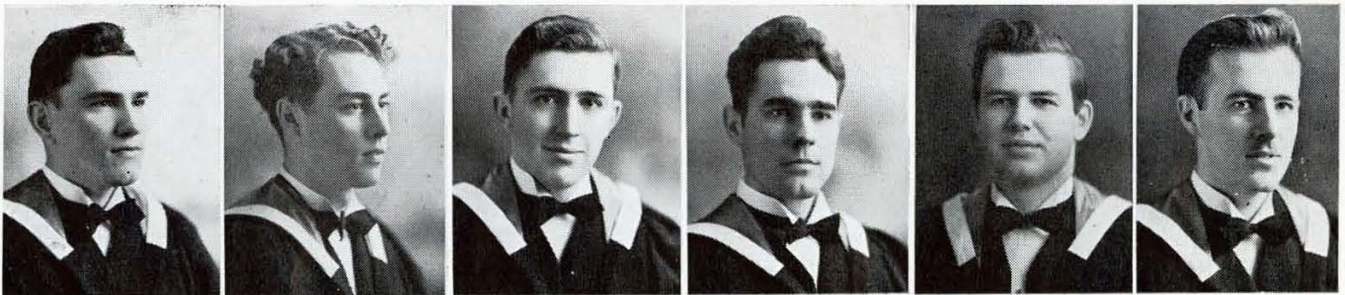

D. S. TEMPLETON

LOUIS WILFRID SOMERS, Dartmouth, N.S.—“Dutch” is another one of those Dalhousians, not fortunate enough to have been born in Dartmouth, who nonetheless has overcome that handicap by taking out his citizenship papers there. In his younger days he had many dull stops at Sydney, Halifax, and Canso. His favourite pastime is poring over a drafting board. Next year he plans to honor N.S. Tech.

WILLIAM HERBERT SNUGGS, Halifax—Bill, a popular and well-known figure at Dal, departs from his favorite campus to complete his studies in Mechanical Engineering at Tech. A sports enthusiast, Bill played inter-faculty hockey—and not on the Delta Gamma team either, since he’s a faithful engineer. He is a member of Phi Delta Theta Fraternity and the Engineering Society.

DONALD K. TEASDALE, Dartmouth—“T” has shown himself to be a conscientious, hard-working student. Devoting much time to extra-curricular activities, he has been an outstanding performer on the Engineers’ hockey team. His executive ability has exercised full rein in the Engineering Society, where he was Vice-President. His future plans? Summers attached to the R.C.E.M.E. and next fall, Nova Scotia Tech.

DAVID SMITH TEMPLETON, St. John’s, Nfld.—Dave entered Dal this year in the third year course after several years in the Tank Corps, having received his early training at Memorial. A good Newfy, during his brief stay here, Dave has become well-known to the members of the shack for his class discussions. Sports include soccer and tennis and future plans involve Nova Scotia Tech.

D. BURGOYNE

P. DUFF

D. E. HEBB

P. HECKMAN

EILL KELLY

L. LAMONT

DAVID GRAHAM BURGOYNE, Okanagan Landing, B.C.—“How much will you bet?” is a ready phrase with Dave. Entering Dal in 1941, he soon lent his prowess to the football and hockey teams of the Engineers. Two years in the Army interrupted his stay at Dal. This year he returned to complete his course, and then naturally to Tech.

PRESCOTT TANTON DUFF, Bridgewater, N.S.—Prescott came to Dal in 1942 and later left to join the R.C.A.F. This year he receives B.Sc. in Engineering. He has played Interfaculty basketball, hockey and football and this year was King’s basketball manager. His lanky form and cheery sense of humor will be greatly missed both at Dal and King’s.

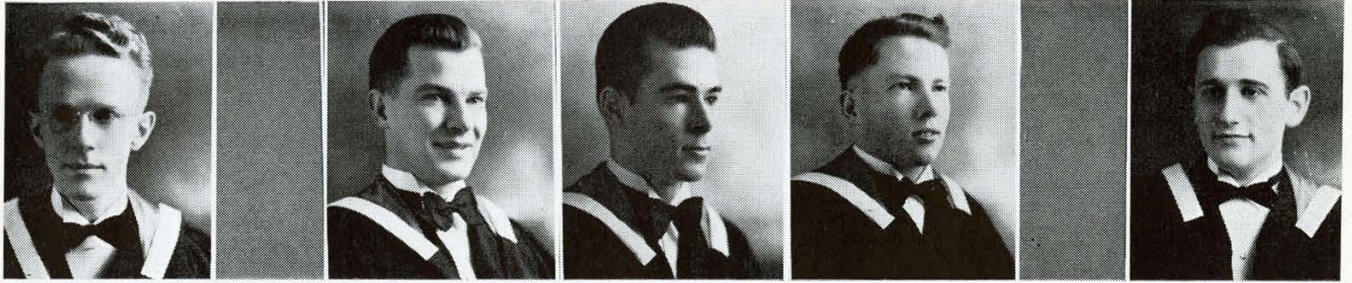

DONALD EUGENE HEBB, Bridgewater, N.S.—Don came to Dal in ’42 and then interrupted his engineering course to spend some time in the Army. He returned to his Alma Mater in ’45 and this year graduates with a B.Sc. and Diploma in Engineering. An ardent sportsman, Don enjoys badminton, basketball, skating, swimming and skiing. Don carries with him our best wishes for success.

PHILIP JEFFREY HECKMAN, Halifax—“Phil” first saw the blue skies in Lunenburg but after long residence in Halifax, claims to be a staunch Haligonian. A graduate of Q.E.H., after coming to Dal, he was immediately caught by the spell of the drafting room. Phil takes a keen interest in all sports and is a member of the Dawson Club. While at Dal he has been a good worker which indicates success at Tech.

WILLIAM JOHN KELLY, Kentville, N.S.—From the Valley Town of Kentville in ’43 came W.J. (alias Kel), to Dal to study Engineering and to sing. This year Bill graduates with a B.Sc. and Diploma of Engineering. Having led an active campus life on the Gazette, Newman Club and Debating, Bill plans to go into radio engineering and with him go our best wishes.

LAWRENCE JAMES LAMONT, Dartmouth—Lawrence has adequately proven himself a mainstay of the Engineering representation in sport, with a consequent degrading of his plate marks. However, his lateness of the aforesaid plates was not characteristic of him, for he could be seen any morning sprinting towards the ferry, to prove his speed. His ambition is to win the Irish Sweepstake and make a career of extracurricular activities.

# Bachelor of Science and Diploma of Engineering

HARVEY McKEOUGH

BILL POWER

DOUG. SAWYER

L. F. SMITH

W. STARR

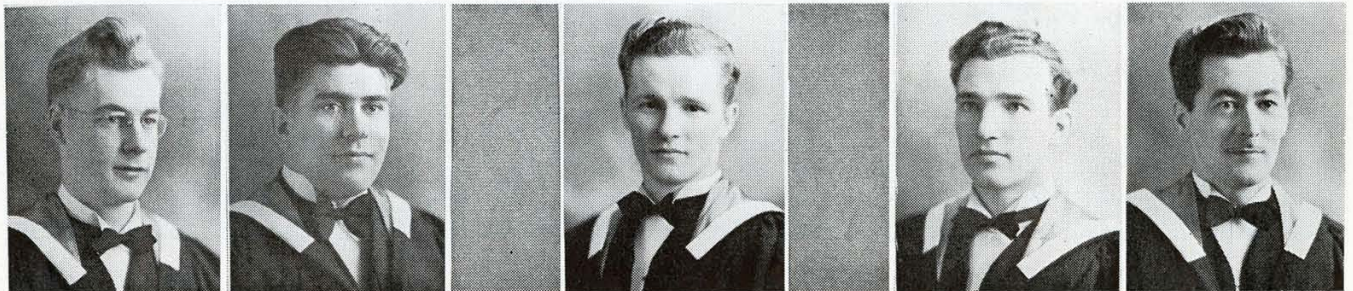

DANIEL HARVEY MCKEOUGH, Sydney Mines, N.S.—Harvey is another one of those gifted boys from Cape Breton. He has played senior and interfaculty hockey, and has taken a keen interest in society activities. His future is aimed at an Optical Engineering degree, at the University of Rochester, and we are sure that he will receive all the success he so fully deserves.

WILLIAM JAMES POWERS, Halifax—Bill left R.M.C. in '40 to go overseas with the Infantry. Arriving with wife, young daughter, and a real sense of humor in the Engineering building in '46, he immediately adjusted himself and became the centre of drafting room antics. Next term Bill will enter Tech, with his diploma and B.Sc. and in a couple of years the field of Chemical Engineering.

WILLIAM STAR, Montreal, Que.—Bill is a quiet, reserved Dalhousian. His four years at the University have left him with what all the sophomores are envious of—not only his degree, but also a very high rating with all his friends. Good luck, Bill, it's been a pleasure being your fellow students, and we're sure you'll do well in the "building bridges, drinking beer" profession.

DOUGLAS EVERETT SAWYER, Halifax—Q.E.H. presented Doug to Dalhousie in '43, but a year passed before he saw the light and took up permanent quarters in the drafting room. Having majored in dancing and bridge, Doug will pursue his Mechanical Engineering Degree at Tech, during the next two years, and then on to M.I.T. and Chemical Engineering.

L. FRASER SMITH, Halifax—Smitty's cheerful countenance arrived on the campus from K.C.S. in 1942. With two years of Engineering behind him he went to England for training with the RNFPA, an experience which, it seems, provides many pleasant memories. Smitty was welcomed back to the campus in 1945. He is well known for the ominous sounds he produces with the French horn.

R. VAIL

G. J. VANBEEK

BOB WADE

N. P. WALLACE

IVAN WARR

ROY KEITH VAIL, Halifax—Aye, lads, and it'll be a sad day when the "Boys from the Shack" see Keith leave for the Wild West. The University of Manitoba and Architectural Engineering call. Keith has spent most of his time in drafting rooms and designing houses in Math classes. He has also led an active social life, plays the piano, badminton and held a position on a championship basketball team.

GEORGE JOHN VAN BEEK, Halifax, N.S.—Via Chatham Collegiate, the power plants of Ontario industry, and five years in the Canadian Navy, in which latter period he married a Dal Alumna, George arrived at Dalhousie, to complete the Science-Engineering course in two years. With all his energy bent toward discovering the why of things, he plans to continue asking questions at the N.S. Tech.

IVAN ROSS WARR, Halifax—After four wonderful years in the R.C. A.F. which have resulted in many interesting tales, he came to Dal to study engineering. This college career included a start on Pre-Med at Dal, "a couple of years" at Mt. A., but then he came back to his Alma Mater to become one of the Shack Gang.

ROBERT FRANCIS WADE, Halifax, N.S.—Bob's activities at Dal would almost fill the entire book but we'll mention a few, the most important being his winning of the Bob Walters award; then there is varsity football and hockey, Phi Delta Theta Fraternity, executive positions in the Engineering Society and membership on the Council for two years and Vice-President of D.A.A.C. Quite a record.

NEIL PAUL WALLACE, Halifax, N.S.—Neil started his engineering at Saint Mary's College, and after serving with the R.C.A.F., returned home, and continued his studies at Dal. Chief pastime: Managing a fleet of motor boats on the North West Arm. Can be found in the "Shack" whenever a bridge game is in progress. Future plans: Matrimony; Mechanical Engineering at Tech.

# Bachelor of Commerce

J. C. COX

CHRIS IRVINE

KEN LOUGH

J. MACDOUGALL

KAYE MACLEAN

M. NATHANSON

JOHN CLARE COX, Shelburne, N.S.—John first came to Dal in '39 and remained until '42 when he left to join the Air Force. When he returned to the fold, John decided to change his chosen field from Science to Commerce in which he receives his degree this year. Apart from his studies, John was an active member of the Commerce Society and could often be seen on the badminton courts.

CHRISTINE ISABELLE IRVINE, Bridgetown, N.S.—Chris arrived in '44 with her eye on Commerce, and receives her degree majoring in Economics and History. She has capably filled the offices of President of Shirreff Hall and Pi Beta Phi Fraternity, and Tennis Manager, D.G.A.C. A warm smile, an interest in people, and a quiet sense of humour have endeared Christy to many who wish her success in the business world.

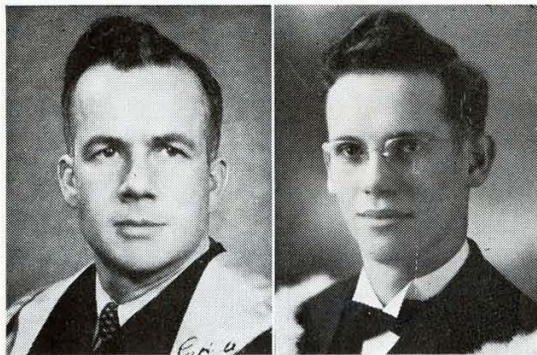

GEORGE KENNETH LOUGH, Halifax—Ken, after attending Halifax Academy, tucked his favorite musical instruments under his arm and hit Dalhousie. This year he graduates in Commerce having majored in Commerce. Ken played a mean tenor sax in the Dal Dance Band for which he won a Gold D this year. He also found time to play interfaculty basketball. Law School is his destination next year.

JOHN WILLIAM MACDOUGALL, Halifax—John entered Dal "to be a millionaire", and while collecting a majority of firsts he has participated in his favorite sport, badminton, and played on several varsity teams. He was in regular attendance at Round Table, taking a great interest in current events. While uncertain as to his future plans he is continuing his studies towards a C.A. degree.

KATHERINE LOUISE MACLEAN, New Glasgow, N.S.—Flitting around with an engaging smile and a Sigma Chi pin, Kaye has had three active years at Dal making friends, keeping a good standing in Commerce, serving as one of the Pharos Graduate Editors, as Vice-President of Pi Beta Phi Fraternity and of Shirreff Hall House Committee, and has, as President, contributed greatly to Delta Gamma's success this year.

JEROME MATVEN NATHANSON, Sydney, N.S.—Though no leading campus showman, "J. Marv" will harvest cribbage playing host to radio's best. An Economics major, CJC's next addition to broadcasting's select coterie, will stop briefly on American campi for gentle professional ? Queried on sports indulged in, honors received, prizes won and campus organizations, J. Marv commented "Naturally". Motto—"More inventions to lighten life's load."

# Bachelor of Music

J. W. MONT

JIM SAUNDERS

TERRY MONAGHAN

JAMES WILLIAM MONT, Liverpool, N.S.—Graduating with the Jack Cornwall Prize from B.H.S., Jim entered Dalhousie in 1937. In his Freshman year he played Varsity Football and Hockey. Commerce was dropped from the curriculum so Jim became successively: a winning pitcher with the Liverpool Maritime Baseball Champions and a sergeant in the Canadian Army. Future Plans—Indefinite but full of promise.

THERESA MARIE MONAGHAN, Halifax—From Mount St. Vincent an attractive gal came to Dal. Enthusiastic and talented, she won D's for Glee Club and Debating. Was Vice-President Newman Club, Pianist, vocalist and valuable asset to string ensemble—who is she? Meet Terry! Whether her future be devoted to operatic arias or soft lullabies, we know it, too, will be a success.

JAMES NISBET SAUNDERS, Stellarton, N.S.—After Jim received his B.A. last year, it occurred to him that a Pictonian with a yen for business could use a degree in Commerce, so here he is again. A debater of note, Jim climaxed his University career this year by winning his Sodales "D" and serving an outstanding term as President of Sodales.

# Diploma of Education

ROSEMARY INDER ALLEN, Halifax

Rosemary, the blushing heroine of our Education Class, has already become an experienced teacher of one week. She has majored in History and English, receiving her B.A. from King's last year. Reading is her favourite pastime, with music and cooking coming next.

RUTH LOUISE PATTERSON, Dartmouth, N.S.

For the second time Ruth is a member of the graduating class, this time to receive her Diploma in Education. At Dalhousie Ruth has played badminton, tennis and ping-pong, and was a very active member of the D.G.D.S., S.C.M., Alpha Gamma Delta Fraternity and the University Panhellenic.

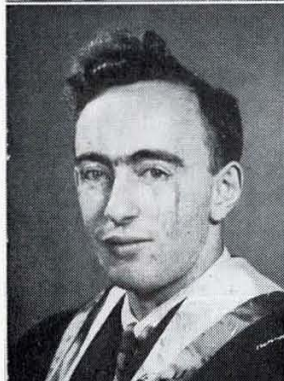

LOIS RUTH GILROY, Halifax

Lois received her B.A. last year, majoring in French, History and English, and this year completed her Education course. A member of Alpha Gamma Delta Fraternity she held the position of Treasurer. Last summer she attended summer school at Trois-Pistoles, Quebec. Her main interests in extra curricular activities are drawing, reading, skating and badminton.

THOMAS ALLAN PEACH, Glace Bay, N.S.

"Tom" is one of the Glace Bay boys, receiving his early education there, and proceeded to King's College, graduating in Arts in 1943 and obtaining the degree of Bachelor of Sacred Letters in 1945. Tom is a good student, and the epitome of diligence. All who know him see a bright future in store.

EDWARD JAMES LONGARD, Halifax

"Eddie" attended Bloomfield High School before coming to Dal to graduate with his B.Sc. in '45. He has many widely diversified interests, among them being badminton, painting, geology, model building, and making puns. This year, Eddie was secretary of the Dawson Geological Club.

M. KATHERINE SMITH, Dartmouth, N.S.

Katherine graduated from Dal in 1942 with a B.A. degree, majoring in Latin and history. While here she has been a sports enthusiast, among other things being a member of the basketball team for two years. Katherine plans to teach but as yet she has no definite plans as to where she will carry on her profession.

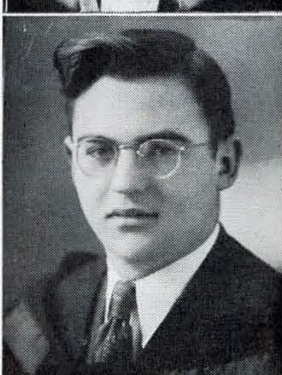

JOAN CAMPBELL MURRAY, Dartmouth

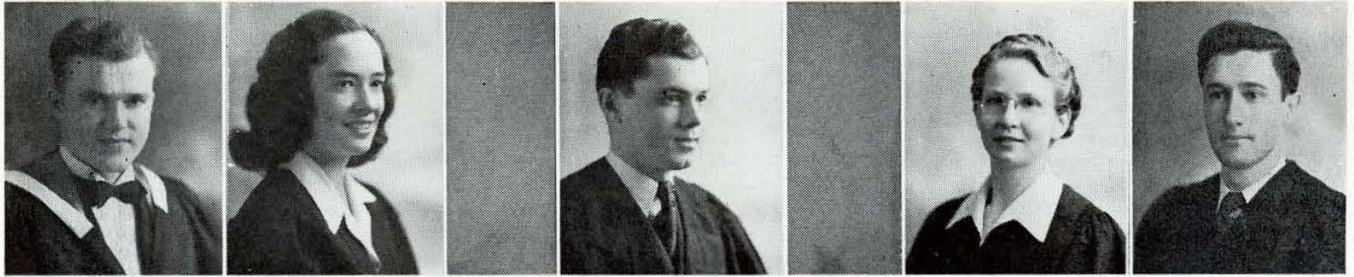

Joan has attended Dal for several years, having gained her B.Sc. degree in '46. She has played tennis, badminton, and ping-pong, and always enjoys a good skate. This year she has continued her interest in music by again singing in the Glee Club chorus. Joan's acting ability came to the fore in the Education Department's play.

MORRIS HIRSCH, Sydney, N.S.

A solid Cape Bretoner, Morris arrived from Mt. A. to take his senior year at Dal. At Mt. A. he played volleyball, softball, and basketball, but found his Dal science courses enough to keep him busy. Last year he received his B.Sc. degree and this year he will get his Diploma of Education.

# Diploma of Pharmacy

K. ADAMS

BETTY ATKINS

GEORGE COCHRANE

HELEN GIBSON

LORNE HALL

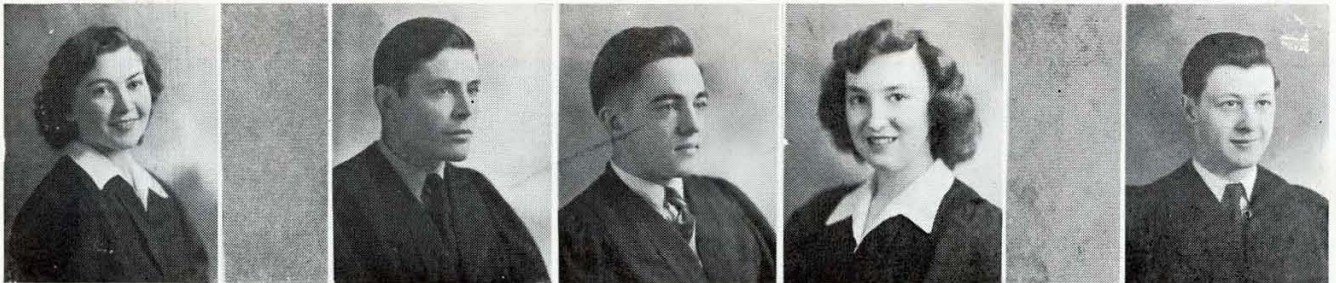

KIRK JOHNSON ADAMS, Glace Bay, N.S.—From Acadia and the Army, Kirk landed in M.C.P. and King's. He receives his B.Sc. this year as well as a Diploma. Basketball is his favorite sport and he has played on the King's team for two years. He leaves college for a career of retail pharmacy in the home town—The Bay!

BETTY ATKINS, Halifax—Betty has been busy since her arrival at Dal. She worked for the Gazette and the Glee Club and the Swimming Team. President of Alpha Gamma Delta Fraternity, Secretary-Treasurer of the Panhellenic Society and the Pharmacy Society. Betty's future lies in retail pharmacy (*she* says) but her favourite hobby isn't staying home with a good book!

LORNE HALL, Truro, N.S.—A very conscientious student with a sense of humor Lorne devotes himself exclusively to his books and gags during the college term, but during the summer he leads his own orchestra on tours of provincial centres. He plans to return to Truro where he will practice his profession.

GEORGE GILBERT COCHRANE, Perth, N.B.—A graduate of Andover Grammar School, George came to Dal in '45 to study pharmacy. As a freshman, he was president of the Freshman Pharmacy Class, and is this year president of his graduating class. An excellent student he won the New Brunswick Pharmaceutical Society Award and the Charles E. Frosst Proficiency Award for Veteran Students.

HELEN KATHARINE GIBSON, St. Andrew's, N.B.—To outward appearances quiet and shy; beneath the typical English reserve (and accent) Helen is kindly and lovable. She is completing her Pharmacy course in two years, having done consistently well and won the Charles E. Frosst Scholarship in 1946. She will return to her job in Hampton, N.B., where they may well be proud of this steady and reliable pharmacist.

MARY HANUSIAK

EUGENE MERRY

BILL MORRIS

IRENE ROBINSON

BLAKE WILBUR

MARY VICTORIA HANUSIAK, Moncton, N.B.—Our Polish pill pusher blew in from the Hub of the Maritimes with a formal evening gown, an insatiable curiosity, and an engaging smile; and leaves with a Diploma in Pharmacy and many happy memories. Keen on dancing and dispensing she blushing held membership in the Pharmacy Society, Pi Beta Phi, and the Newman Club.

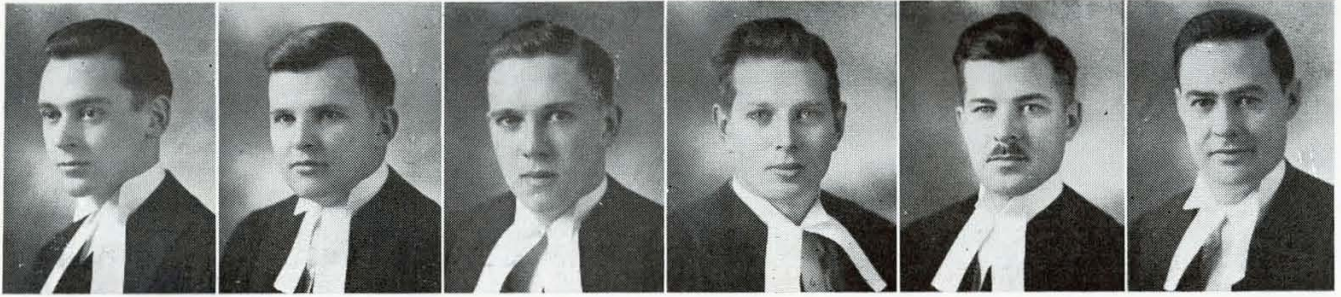

EUGENE ANDREW MERRY, Middleton, N.S.—Eugene walked into M.C.P. in '43, stayed long enough to be on the staff of the Gazette, completed a few Pharmacy courses and then joined the Air Force. Since his return, Eugene has been awarded a Gold D for music and turned out for the Pharmacy hockey team. With his sharp wit and infectious grin, Merry will do well.

L. BLAKE WILBUR, Belleville, Ontario—An ex-airforce type, Blake came to Dal two years ago from sunny Moncton. Pressing his way through the fog, he saw a diploma of pharmacy as his ultimate objective. He was prominent among the founders of the Pharmacy Students' Society. He was coach of the first Pharmacy inter-fac hockey team, and an avid bridge player.

WILLIAM FREDERICK MORRIS, Dartmouth—Bill arrived at Dal in '44, started in leading his classes where he left off in Dartmouth High—getting the H. K. Wampole Pharmacy Scholarship. He has made a name for himself in Interfaculty Hockey—reaching a peak this year as playing manager. Bill will be back next year for his B.Sc. and after that he will take over Morris's Drug Store.

IRENE JOYCE ROBINSON, Annapolis Royal, N.S.—If you should hear a feminine scream when Don Warner begins "Stardust" that's Renie! She is Annapolis Royal's very alive and active contribution to Pharmacy, Class '47. She lives for D.G.A.C. and three years intercollegiate basketball, sport class manager, secretary 1945-46, President 1946-47, makes her just about tops in athletics!

# Bachelor of Laws

GRAHAM BATT

D. BLACK

AL. BLAKENEY

LYN. BURNETT

ROY CUZNER

B. HATFIELD

HILLARD GRAHAM BATT, Charlottetown, P.E.I.—Graham entered Dalhousie in 1943 on a Prince of Wales College Scholarship. He was recently awarded an I.O.D.E. Postgraduate Scholarship for Overseas Study. Next year will find him in England, studying for an LL.M. degree at the University of London. He was chosen by his classmates as Life President of Law '47.

DONALD JOHNSON BLACK, Amherst, N.S.—Between snoozes and study, Don has led the Law Society as president for the current year. In his pre-service days, Don was a leading light in campus activities which included Gazette work. He says his future is "business"—monkey business? A keen student, fluent writer and a brilliant conversationalist, the Law class of '47 will long remember Don.

ALLAN EMRYS BLAKENEY, Bridgewater, N.S.—Since coming to Dal in '42, Al has held responsible executive positions in many campus organizations, including being vice-president of the Students' Council in '47. He has reaped his share of Academic honors, and in recognition of his outstanding ability, Al was awarded the Rhodes Scholarship. Next year will find him at Oxford.

JAMES EVELYN BURNETT, Charlottetown, P.E.I.—Lyn, the Glee Club boy, is a retired banker, a law clerk with the phenomenal record of over eight years "articles" on the Island, and probably the only student ever to complete Second Year Law before First. He is understood to thank the gods daily for being able to scrape into the last reasonably sized class. Lyn expects to practice in Charlottetown.

ROY H. CUZNER, Halifax—Roy with a wife and an Ontario schooling "sailed" into Dal after several years spent in mining and construction in Northern Ontario. His love of Toronto, "the good", hasn't been much of a handicap during his career at the Dalhousie Law School! To a Chemical Engineer who gave up the shovel for books we wish him the best.

BYRON MAXWELL HATFIELD, Armdale—Byron came from Halifax Academy in 1936 and spent two years taking Pre-Law and one year Law before going on Active Service in the Navy in September, 1939. Returned to Dalhousie last year to resume his law course. His sporting interests include basketball, swimming and soccer. Future plans are not definite but hopeful.

M. HALEY

ALEX HART

J. HENDRY

P. O'HEARN

A. HICKMAN

MARTIN D. HALEY, New Waterford, N. S.—Martin is very interested in veterans' affairs and holds responsible positions with the Vimy Branch of the Canadian Legion. He received his B.A. from St. F. X. and was a Captain in the R.C.A. and R.A. In recognition of his talent and industry, he was chosen Life President of the Law Class of '47.

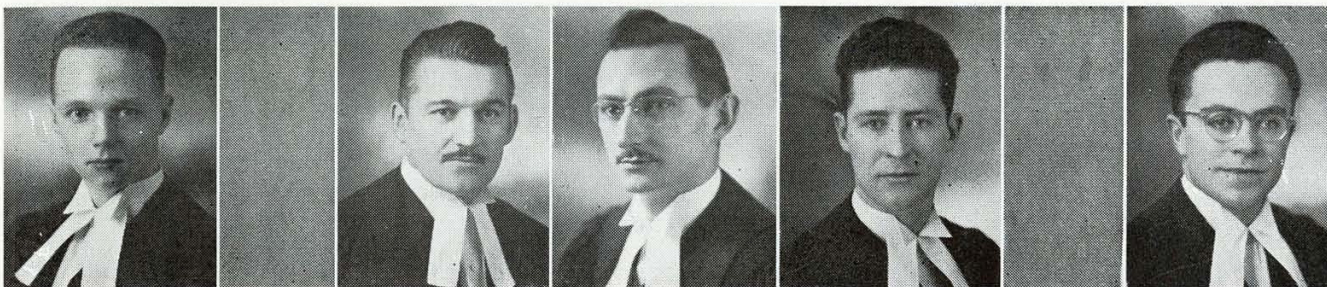

ALEXANDER HENRY HART, Dartmouth—Alex will be long remembered for his outstanding service to the Student Veteran Society of which he was the president in its infant stages. He returned to Dal after army service as a Captain in England, France, Belgium, Holland and Germany. He was awarded a Gold D for varsity sport. Alex is Vice-President of Phi Kappa Phi Fraternity.

THOMAS ALEXANDER HICKMAN, Grand Bank, Nfld.—Alex entered the portals of the Law School from Memorial. While at Dal, he was for three years a member of the senior Soccer Team, played on the Law football and basketball squads. A member of Phi Kappa Pi, he was this year Vice-President of the Law Society, and in '46 was selected to argue in the Moot Court for the Smith Shield.

JAMES HENDRY, Halifax—Jim came to Dal in 1935 from King's Collegiate School and received the degree of B.A. in 1939. Entering the Navy the same year, he saw six years' service and on his discharge in 1946 entered second year at the law school, and graduates this year. He intends to do post-graduate work at Harvard.

PETER J. O'HEARN, Halifax—P. J. joined the law class of '47 with a B.A. from St. Mary's and after post-graduate study at Dalhousie and McGill. Formerly active in football, he participated at Dal in Sodales and Liberal Club activities, and as Premier of the Mock Parliament. He has a philosophical approach to law. He served overseas with the R.C.A.

# Bachelor of Laws

K. J. KENNEY

BOYD MACGILLIVRAY

L. MACLEOD

A. MIFFLIN

P. NICHOLSON

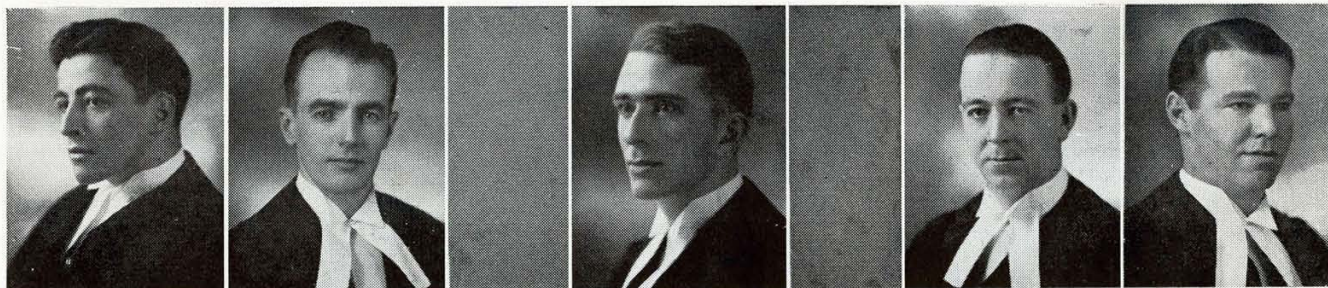

KENDALL JAMES KENNEY, New Germany, N.S.—A bridge fan hit Dal in a big way with his arrival and if you take a peek in the common room, you can frequently see his blonde head peering over a card table and a confident voice challenging: "Four no trump!" He also maintains a strong interest in the Liberal club and the many political discussions around the campus.

ANGUS BOYD MCGILLIVRAY, Antigonish, N.S.—Coming to Dal from St. F. X. in 1933, here is a man who has really "been around." With more zest for life than study he has travelled to China, South America, Japan and the Philippines, finally returning to the fold and graduating with his LL.B. this year. A Phi Delta, his plans include a small town practice and plenty of bridge games.

PETER MURRAY NICHOLSON, Baddeck, N.S.—Pete came to Dal in 1939 from Glace Bay High School to take Commerce. He capably filled the offices of President of the Commerce Society, treasurer of Weldon Inn Legal Fraternity, Commerce representative and later member at large on the Students' Council. After completing two years of Law he spent five years in the Navy returning to get his LL.B. this year.

LAWRENCE MELVILLE MACLEOD, Imperoyal, N.S.—Desirous of partaking of the uniqueness of a legal education, Larry entered Law School in the Fall of '44. While here he has become convinced beyond all doubt of the superiority of the legally trained mind and to him it is but another illustration of an "open and shut" case. Larry plans to desert his native Province for the metropolis of Toronto.

ARTHUR A. MIFFLIN, Catalina, Newfoundland—When Pike and Proudfoot floated back from Newfoundland to Dal. in '43, they brought Mifflin. King's College took advantage of his ability and he has gone through the mill of students' jobs, climaxing this year with the office of "Senior Student." Despite his active role in residence life Mifflin has a scholastic record which will carry him on to post-graduate work at Harvard.

JACK NICHOLSON

AL. ROSS

FRED TAYLOR

D. J. CHISHOLM

H. TRITES

JOHN PATON NICHOLSON, Charlottetown, P.E.I.—"Nick" came to the Dalhousie Law School from Prince of Wales College, Charlottetown, in the fall of '44. In his three short years here he has endeared himself in the hearts of all who have met him by his cheerful smile and ready wit. After graduation John will return to Charlottetown and take up the practice of law.

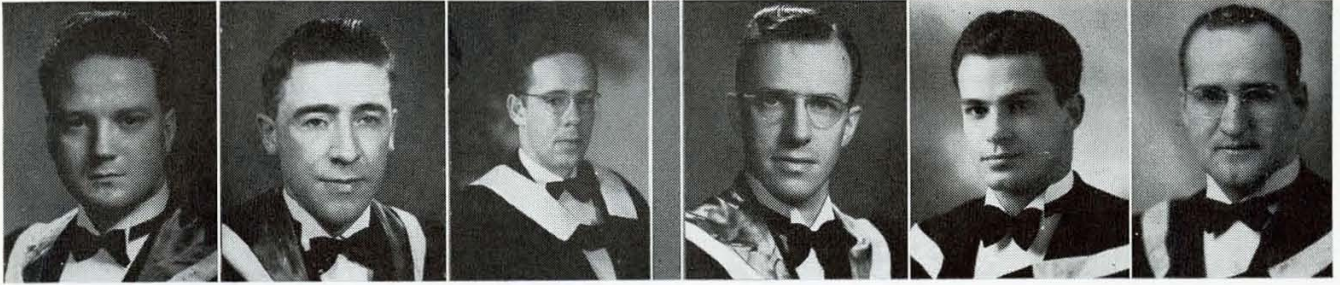

JOHN ALLISTER ROSS, Sydney, N.S.—Cape Breton's sole representative in the law class of 1947. Al commands the respect of his fellow students who appreciate his stableness and his dry sense of humor. His consistent appearance at the library limited Al's extra curricular activities to participation in inter-bay competition at Kings residence, where in the field of hockey, basketball, volleyball, Al has held his own.

FREDERIC SAVARY TAYLOR, Rothesay, N.B.—Fred entered King's College in 1940. In 1944, having obtained his B.A., this tall, quiet and unassuming graduate entered the famous Dalhousie Law School. Having been business manager of the King's College "Record" for three years, Fred was appointed Graduate Editor this year. After obtaining his LL.B. Fred probably will be found yachting in N. B., or dispensing juristic wisdom in Saint John.

DUNCAN JOHN CHISHOLM, Antigonish, N.S.—After taking his Pre-Law at St. F. X., Duncan decided to register at the Dalhousie Law School. His studies here were interrupted by the war when he became an officer in the Canadian Army. Now back at Dal, Duncan can be most frequently seen in the Law Common Room absorbed in a game of bridge or nines.

HORACE BEVERLY TRITES, Sackville, N.B.—Horace first came to Dal in 1938 after graduating from Mount A. Though classmates then knew him as a keen follower of all sporting events and social functions, he managed to pass with high marks. Now he has returned to complete his course in law. No longer the playboy, Horace is looking forward to a small town law practice and a vine-covered cottage.

# Doctor of Medicine

D. ARCHIBALD

A. ATKINS

DON. CLARK

G. COLQUHOUN

L. FEANNY

R. GIBERSON

DAVID MACDOUGALL ARCHIBALD, Glace Bay, N.S.—Davie, one of the brighter lights of the class, is also a top-notch performer when it comes to handling the fairer sex. His popularity is evident when we note that he has held prominent positions in the Students' Council, Medical Society, and Phi Rho Fraternity, being Past President of that organization. The future looks promising for our friend, "Archie."

AINSLIE SCOTT ATKINS, New Glasgow, N.S.—He's known as "A"—a gentleman and a scholar of note. Winner of the Kellogg Scholarship, the A. F. Miller Prize, and the Dr. Clara Olding Prize, he yet finds time to know the Classics, both literary and musical. These, along with the odd fishing trip, will occupy "A"'s spare time from a busy surgical practice. We wish you all the best, "A."

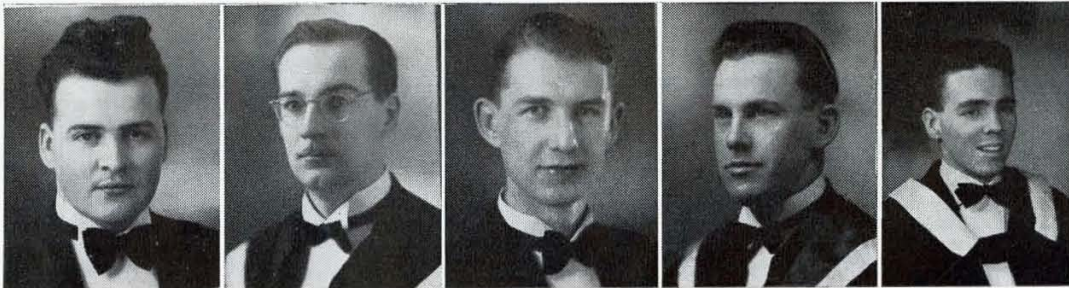

DONALD STORY CLARK, 21 Young Avenue, Halifax—  
For the female curves I adore, give me one chance I implore,  
To wine them and dine them, to play mighty fine with them,  
But REALLY FELLA'S, NO MORE.

Don's chief ambition is to be a good G.P.—marry a tall curvaceous woman and enjoy some of the finer things in life. We wish him the best of luck.

GRAHAM FRASER COLQUHOUN—Fresh from the College of Pharmacy, where he won the Wampole Bursary (1940) "Cooney" became notorious in medical circles because of his "one R.B.C." By his active participation in social activities, Phi Rho and his favorite sports—sailing, swimming and tennis—he has cast some doubt upon this subject. "Cooney's" favorite pastime is music, a welcome companion for his future plans in Surgery.

LLOYD S. FEANNY, Kingston, Jamaica—After leaving Jamaica College, Lloyd entered Dal in 1940 deeply interested in Medicine. His quiet and shy disposition has won him many friends both in Jamaica and Nova Scotia. Lloyd's ability and popularity earned him election as the President of the Class of 1947. His scholarship earned him the coveted prize in Pathology. Hobbies—reading, sleeping, "shooting the bull" and swimming. Future plans:—Returning to Jamaica.

RAYMOND GEORGE GIBERSON, Holmesville, N.B.—"Gibie" comes from Holmesville, N.B., having called at Mount Allison to pick up a B.Sc. Gibie a "tops" student, entered Medical School with the Kellogg Scholarship and Frosst Bursary. Other University interest number him as a Phi Rho man and a lover of boxing, football and tennis. He was President of the Medical Society 1945-46. He likes surgery and plans post-graduate work in that field.

A. JOHNSON

DON. LINDSAY

PETE LODER

D. MacKENZIE

STU. MADDIN

ARTHUR DRYSDALE JOHNSON, Great Village, N.S.—Popular with all, Art is certainly going to be missed around the Med School. He has the knack of making and keeping friends. Naturally he uses this to good advantage, and his conquests in the feminine world are numerous. Best of luck, Art, in the days to come.

DONALD STUART LINDSAY—Don was born in 1924 at St. Catharines, Ont. He came to Dal in 1940, and, being very interested in his work, passed each year with success,—he will be the youngest graduate in his class. Drawn especially to the field of Psychiatry, he has been appointed a member of the Medical Staff of the Nova Scotia Hospital. His marriage will take place in June.

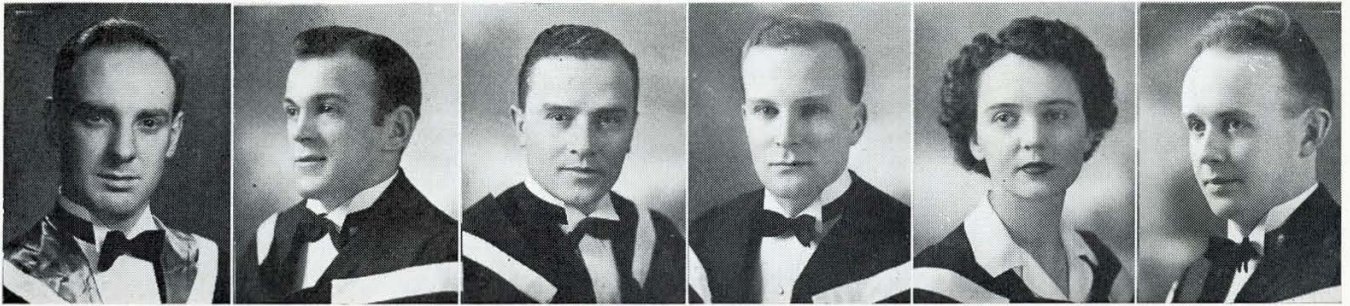

PETER G. LODER—The greatest difficulty in Pete's acquisition of a Medical degree has been in reaching Canada from Corner Brook, Newfoundland, but apart from education, he has been interested in swimming, tennis, skating, became business manager of Phi Rho Sigma in 1944-45 and at the end of a trail of broken hearts, picked Joan and Radiology for the future.

DOUGLAS HAIG MacKENZIE—Doug hails from Sydney Mines, C.B., coming to Dal in 1942 from St. F. X. where he had completed his pre-med. While at Dal he has played an active part in fraternity life being presiding senior of Phi Chi. He has also showed keen interest in basketball. Doug plans to go into General Practice and we wish him every success and good health.

WILLIAM STUART MADDIN, 1307 Dogwood Ave., Vancouver, B.C.—  
Favorite Hobby: The odd party and the Book Bureau.  
Favorite University: Toss up between "U.B.C." and Dal.  
Favorite Conversation: B.C.  
Favorite Trip:—East to West—Non-stop.  
Favorite Song: "Glory Glory to Dalhousie."  
Favorite Saying: "That's the story, Boy."

"Stu's" ambition is to practice internal medicine on the West Coast. His energy, enthusiasm and personality should certainly ensure his success. Best of luck, Stu!

# Doctor of Medicine

GAR MOFFATT

E. REDMOND

DICK RITCHIE

JOE. ROACH

BARB ROBINSON

KEN. RODGERS

GARFIELD MACLEOD MOFFATT, Sydney, N.S.—"Uppie," as he is known best, took his Pre-Med at Mount A. Always the life of the party, he has gained wide popularity among his fellows. A conscientious student, he has combined work and play with much success. He was secretary of Phi Rho Sigma '43-'44, and played inter-faculty basketball. He plans post-graduate work in Medicine at V.G.H.

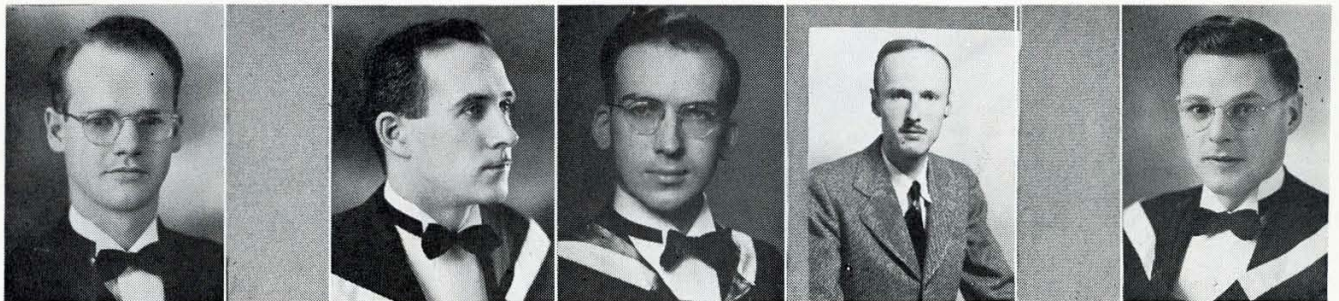

EDWIN BENEDICT REDMOND, Cornerbrook, Nfld.—Eddie came from that not-so-emerald isle, Newfoundland, via St. F. X. A devotee of the goddess of chance, he gives 2-1 odds on anything and wins. He is blessed with a psychologic quirk which makes conscientiousness physically impossible in boring lectures. A great conversationalist, he can repeat the dialogue of last night's movie verbatim—and does—cuss it!

DICK RITCHIE, Westville, N.S.—"Rover" from Westville grew up in Toronto, and calls Montreal "home." He took his Pre-Med at Acadia. At Dal he took his studies and social life in his easy but steady stride. In Phi Chi his spirit, imagination and artistic ability made him irreplaceable. With his mature quiet manner and perseverance his success in general practice or pediatrics is a certainty.

JOSEPH ALOYSIUS ROACH, New Waterford, N.S.—A staunch Cape Bretoner and ready for work Joe entered Med School with the Kellogg Entrance Scholarship after two record years at St. F. X. A Phi Chi man, he is interested in hockey, tennis, and sports in general. Sincere, conscientious and full of ambition, Joe's plans for the immediate future are general practice in his home town of New Waterford.

BARBARA JOSEPHINE ROBINSON—Barbara who hails from Marysville, N.B., came to Dal with a Kellogg Scholarship after "doing her bit" for a year in "war work." Already successfully launched into University life she continued her excellent record of U.N.B. days through medical school. This with her jovial personality and good comradeship indicates a splendid career. Barb's plans are for post-grad work in Pediatrics.

KENNETH CLARK RODGER, Amherst, N.S.—Kenny is Phi Rho's little man with the big handshake. He is very interested in canoeing, swimming, fishing, skating, and tennis, and is a violinist in his spare time. His future plans are not finalized yet, but he intends to go into general practice this summer.

G. SAUNDERS

G. SHEPPARD

DONNE SMITH

H. STERRETT

ART. TITUS

GEORGE MCKENNA SAUNDERS, Stellarton, N.S.—Another good Pictonian to enter the field of Medicine, George has chosen Surgery as his life's work. Always interested, always cheerful, he has the qualities necessary to ensure success. Next year he will carry on his training as a Resident Surgeon at the Victoria General Hospital, and we congratulate him on receiving this appointment.

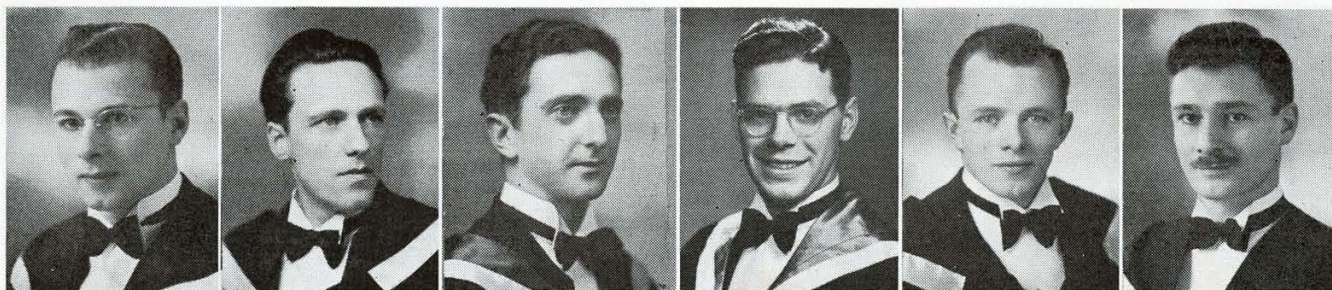

GEORGE GRAHAM SHEPPARD—"Shep" received his Preliminary Education at Sydney Academy, came to Dalhousie where he obtained his B.Sc., and then entered Medicine. Early to bed, early to rise, a conscientious Med. and a good worker, he has always been held in high esteem by his fellow students. His plans for the immediate future are general practice.

DONNE W. SMITH—The keynote here is "versatility." Donne left Shubenacadie, N.S. for Sackville, N.B., breezed through an Arts course, then settled down in Halifax for the serious business of Medicine. Yet he found time for various executive posts in Phi Rho Sigma, two years on the Students' Council, C.A.M.S.I. and N.F.C.U.S. Representatives, Medical Society and softball and table tennis teams. In the near future, matrimony, general practice, and then surgery.

HENRY HATCH DENT STERRETT, JR., Washington, D.C.—Since like Cassius he has a lean and hungry look, Hatch states: "There is my claim to fame." As our only classmate from the land of the free he soon proved himself a popular and top-notch student, well versed in his studies, classical music and literature. Hatch is convinced that most Maritimers think Boston and U.S.A. are one and the same place.

ARTHUR WINSTON TITUS, Yarmouth, N.S.—Art's is a wonderful record of scholarship, leadership and unstinting service in the interests of Dalhousie and her students. Among the offices he has held are Chairman of the Blood Donor Society, '43-'44, Member and later President of the Students' Council, '43-'45, and President of the Medical Society '45-'46. Postgraduate training and then practice in Yarmouth seem likely for Art, and the future holds fair for even higher standards of accomplishments and service.

# Doctor of Medicine

AVERY VAUGHN

ROBERT WASHBURN

IVAN WILSON

GERALD DAWE

ALEX MACDONALD  
(Dent.)

CHARLIE MILLER

J. AVERY VAUGHN, Windsor, N.S.—Avery hails from Windsor and following the attainment of a B.Sc. at Acadia entered Dal Med School with the Kellogg Scholarship. His enviable scholastic record include the Pathology and Surgery prizes. A Phi Rho man, he is a swimmer, ski-er and photographer, is happily married, is scheduled for post-graduate work in surgery, and is undoubtedly a fellow with a bright future.

ROBERT EDWIN WASHBURN, West Saint John, N.B.—A careful and ambitious student, Bob amazed his fellow workers at Dal by breezing through Pre-Med in one brief year. Since then, his work has shown little let-up, and he has a record to be proud of. A scholar and a gentleman, he deserves the success we are sure will be his.

IVAN GEORGE WILSON—Ivan took his Pre. Med. at Prince of Wales College. Since coming to Dalhousie on a Kellogg Foundation Scholarship he has made many friends, played interclass hockey and been an active member of Phi Chi Fraternity. His interests are gardening, fishing and hunting. While interning Ivan acquired an active immunity to Chicken Pox which will be useful to a G.P. on "the Island."

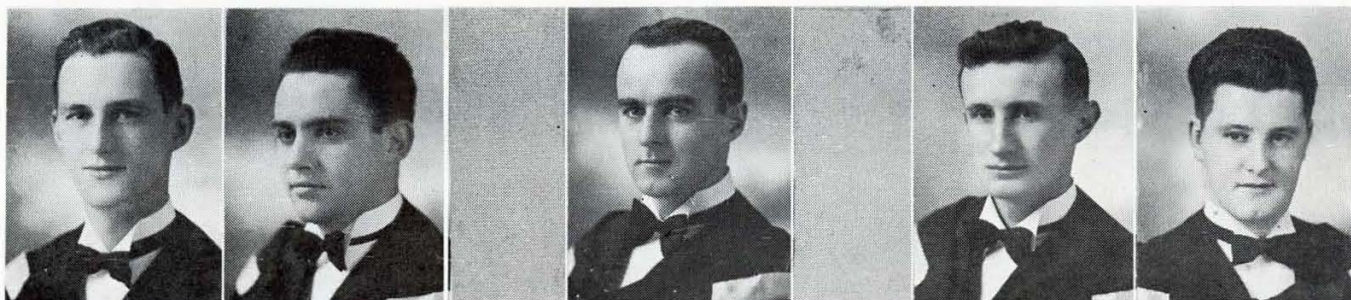

GERALD DAWE, St. John's, Nfld.—In first year Dit impressed us all as a quiet sort of fellow but we soon realized that deep water runs swift. Never an addict to spontaneous conversation, he dearly loves peeking through his microscope, studying Russian and Psychiatry and playing bridge and chess. As a family man Dit claims the one-year-old heir is amazing St. John's by using a microscope already.

ALEXANDER V. MACDONALD, New Waterford, N.S.—Alex came to Dal in '43 to study Dentistry. While here he has gained many friends with his winning personality. The Dental hockey team found Alex a definite asset both in his brand of defensive hockey and the high spirit which he imparted to his team-mates. A hard-working student, Alex plans to continue in this spirit when he sets up his practice in New Waterford.

CHARLES PATRICK MILLER, New Waterford, N.S.—Charlie came to Dal via St. F. X. and soon became a loyal son of Phi Rho Sigma. A married man in his second year, he was one of those particularly lucky persons with a nice apartment in Halifax. In his fifth year, Charlie was giving out cigars—twins no less! Following graduation all roads lead to New Waterford.

# Doctor of Dental Surgery

JOHN BURKE

SID. CHERNIN

C. CUSACK

H. DUBINSKY

ART. HINCH

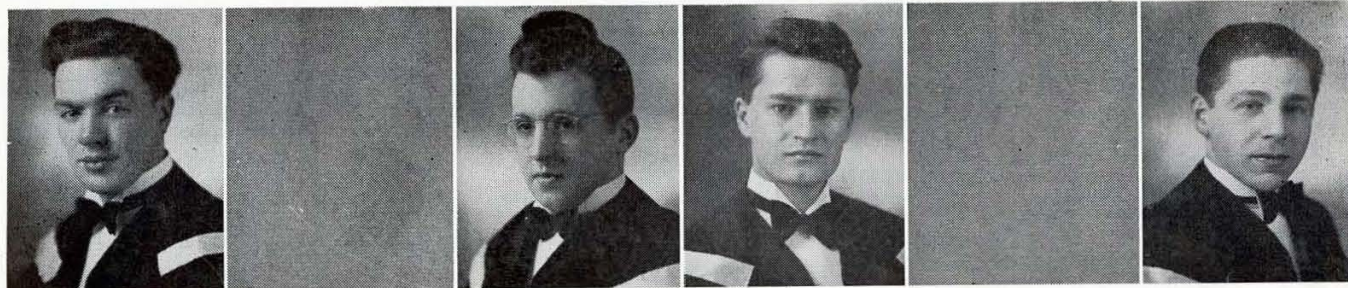

JOHN FRANCIS BURKE, Sydney, N.S.—Besides shining in scholastic achievement, Johnny ably represented Dentistry on the Council in '46, Captain, C.O.T.C., he was prominent in the re-organization of the Dental Society this year, and the Dents recognize his leadership and achievement as President of the Society. John led the Dent Interfaculty hockey team as captain in a year when sport played an important role in Dentistry.

SIDNEY CHERNIN, Glace Bay, N.S.—Easy-going and never worried, "the Duke" is renowned for his diamond socks (thanks to Anita) and for his snoozes in the most unexpected places. A member of Tau Epsilon Phi, Sid plans to go into practice in Halifax. His continual good humor will assure him success. Slated to get married in June, all the best to Sid and Anita.

ARTHUR THOMAS HINCH, Halifax—Art holds the distinction of being the only native Haligonian in the class and the first to acquire a "blushing bride." His favorite sport is rowing, in which he excels but he didn't let too many goals in as goalie of the Dent Interfac hockey team. He plans to open a private practice after graduation.

CORNELIUS GALLIVAN CUSACK, Sydney, N.S.—"Corn" graduated from Sydney Academy and then acquired his B.A. and B.Sc. at St. F. X. He was Maritime Intercollegiate Featherweight Champ 1937-1939. The genial Corn plans to try the Army out for a spell and eventually go into private practice. He has been dental representative of the Newman Club. A true gentleman, we sense success for him wherever he goes.

HARRY DUBINSKY, Sydney, N.S.—"Hashie," a typical Cape Bretoner, matriculated from Sydney Academy and proceeded straight to Dal. An ex-chancellor of Tau Epsilon Phi Fraternity, a music fan, and a bridge enthusiast, and drawn irresistibly to the sea, his adventures (or misadventures) in the summer have become legends among his colleagues. He plans to join the C.D.C. for a short term and then practice.

V. MacMASTER

G. PENTZ

A. STEVERMANN

HARRY ZAPPLER

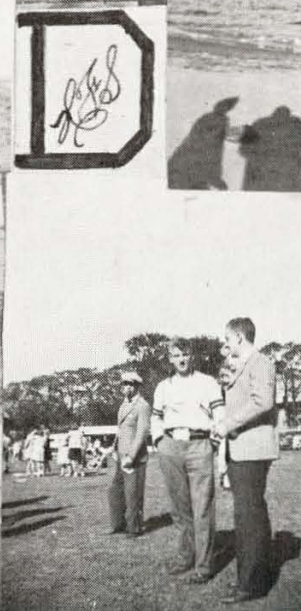

VINCENT MACMASTER, Sydney, N.S.—Not for years will his classmates forget their beloved "Falstaff," with his humor which infected all his colleagues and his unique names for dental instruments. He played Inter-fac hockey and basketball this year and is a member of the Newman Club. We can count on Vince never to lead a dreary life.

DONALD GORDON PENTZ, Halifax—After taking Pre-Dent at U. N.B., Gordie left his native New Brunswick to become a Dalhousian. A conscientious student he has won the respect of his classmates. His activities include Interfaculty Basketball this year and membership on the Students' Council '45-'46. General practice in Halifax and a trip to the altar are his future plans.

ARTHUR STEVERMANN, Halifax—Strassie, who likes to be known as just an average student, completing his Pre-Dent course in one year carved himself an amazing scholastic career in professional school. Keeping up to the standard of his Kellogg Entrance Scholarship he won the Nova Scotia Dental Association and the Charles Bell Memorial Prize for two years. His warm personality will take him far in the field of dentistry.

HARRY S. ZAPPLER, White Plains, N.Y.—Completing his Pre-Dent course in one year, Harry came to Dent School with a Kellogg scholarship. A tireless worker, he made a great contribution to the Clec Club as President '45, '46. Presidency of the Music Club '43, '44 and vice-presidency of the Round Table rounded out his extra-curricular activities. Harry plans to specialize in oral surgery in New York.

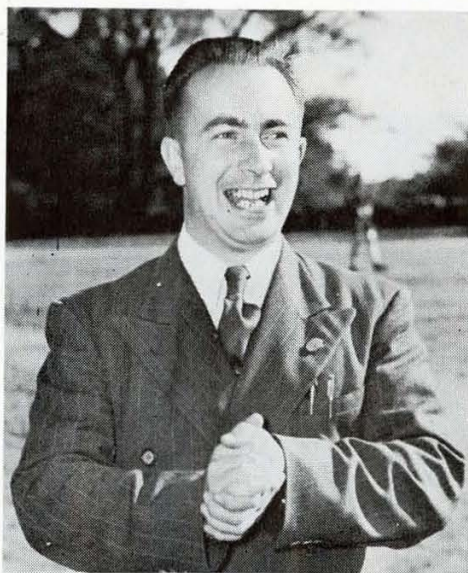

# THE YEAR IN REVIEW

## Initiation Week

At the beginning of the year the usual ordeal through which all freshmen must pass took place. A week of artificial torture and not a little training was held, ending in the customary Freshie-Soph. Dance, where the worst offenders during the week were tried. The jury consisted of a number of impartial sophomores, and on the bench was Jack Boudreau, the god-father of all freshmen. As the cut indicates, rigid but impartial justice was meted out.

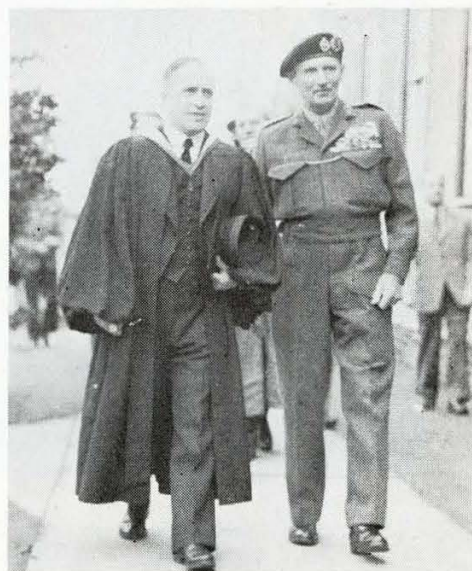

## New Physical Director

John MacCormack, our new physical director, came to Dal after a year in Physical Education at McGill which followed five years as an officer in the Navy. His sports record from his college is an impressive one: he played practically all sports, excelling in track and hockey, both at school and at St. F. X., from which University he graduated in 1940 with a B.A. His advent here has seen many improvements, particularly in interfaculty sports.

## Field Marshal Montgomery's Visit

Last fall Dalhousie conferred an honorary degree of Doctor of Laws upon a noted Britisher—Field Marshal Sir Bernard Montgomery, popularly known by his troops as "Monty". Dr. Kerr is shown here conducting the world famous soldier along the walks of Dalhousie's Studley Campus. Once again Dalhousie's significance and standards were brought to the fore with the presence of this famous gentleman.

## Expeditionary Party

The members of the N.D.E. expedition to Labrador include: Front—N. R. Goodman, M.Sc., geologist, and Rhodes Scholar for 1946; Patrick Douglas; Andrew Mullet, cook; Prof. G. V. Douglas, Carnegie Professor of Geology, leader of expedition; G. C. Milligan, B.Sc., Geologist.

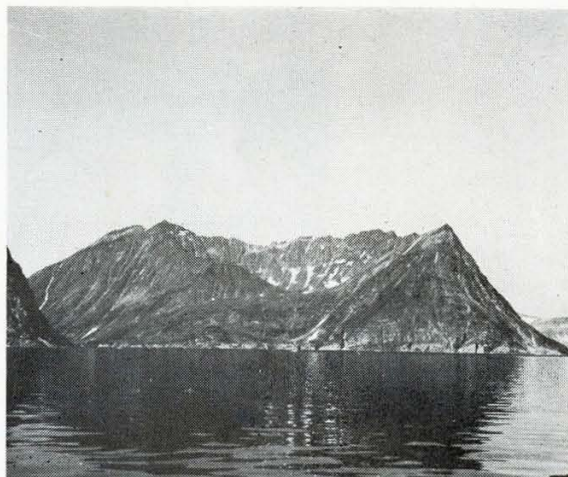

Back—Jabez Hunt, cook; C. H. Smith, B.Sc., instrument man; Roland Clarke, Engineer; M. C. Waterfield, B.Sc., instrument man; Bill Chaffe, rodman; Peter Bloomer, rodman; Colin H. Smith, B.A., rodman; J. D. Dunlop, instrument man; George, cook; D. L. Chapman, B.Sc., instrument man; Cecil Seymour, rodman; Martin Sturge, First Mate.

## MacDonald Oratorical Winner

Premier Angus L. Macdonald presents the Macdonald Oratorical Award to Bob McLellan.

## Mt. Dalhousie

Towering over the Labrador coastline, this 3000 foot mountain was named "Mount Dalhousie" by Professor G. V. Douglas and members of the 1946 Newfoundland-Dalhousie Expedition to Labrador. Prof. Douglas and members of the party, composed of Dalhousie students, scaled the mountain and erected a cairn in which was deposited a bottle containing names of the Expedition members, thus permanently testifying to the ascent.

## Students' Gym Committee

DAVE DOIG, Pres. D.A.A.C.; BILL POPE, Chairman, Students' Gym Committee; JOHN MACCORMACK, Physical Director.

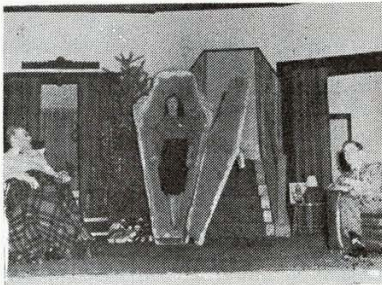

The Students' Gymnasium Committee is responsible for the allotment of gym hours to the various student and outside organizations. This year the Committee also regulated dates for all Student activity, both on and off the campus, in an effort to remove conflicts of schedule. With an increase of extra-curricular activity this year the Gym Committee has served a useful purpose, and its members are to be congratulated on their good work.

# Twelfth Night

Early in the second term the Glee Club presented its second production, *Evicoms*, which means, translated from something or other, An Evening of Vocal, Instrumental, Choral, Orchestral and Musical Selections. In this production the Orchestra under Frank Padmore, and the Chorus under Geoff Payzant appeared for their first concert. Both were received well, a tribute to the hard work of Messrs. Padmore, Payzant and their cohorts. The soloists fell generally into three groups, vocal, piano and violin. In the first group Eileen Cantwell was the most commendable, and picked two selections which suited her voice very well, and which she sang equally well. Frances Saulnier, Mary Lou Christie and Neil Van Allen split the honours in the instrumental selections. The outstanding event of the evening was, for the writer, Mr. Van Allen's spirited and faithful performance of Liszt's *Spanish Rhapsody*.

# The Man Who Came to Dinner

The last of the Glee Club's offerings, except for the Munro Day Show, was a rousing performance of Gilbert and Sullivan's "Trial By Jury." The Orchestra and Chorus made their second full-dress appearance of the year with an able group of soloists. The Vocal part of the piece was under the direction of Geoff Payzant, while the Orchestra was led by Frank Padmore. Of the soloists, the best were Lloyd Soper as the Judge, and Jean Parker as the Plaintiff. Mr. Soper displayed his usual excellent stage presence, and also made known the fact that besides being an actor of no mean talent, he could also sing. Miss Parker, appearing as a soloist for the second time that term, sang beautifully and made a very attractive Plaintiff. Among the other soloists who were all of a high calibre, were Roy DeYoung, Bob Smith, and Maynard Taylor. The production was the first of its kind that Dalhousie has had in a long time, and we hope it is here to stay.

Shakespeare's "Twelfth Night" was easily the outstanding success of the year, and probably of many years, a feat of which the Glee Club should feel very proud. This can be attributed not only to the invaluable services of Mr. H. Leslie Pigot, but also to the work of the really good cast Mr. Pigot chose. The production played for three nights, each one of which drew a capacity crowd.

The ablest performer, and the one who really took advantage of her lines, was Gene Machum as Viola; the part is not only the most important one in the play, but also the most difficult, and it is a great credit to the Glee Club to have so able an actress. The performance of Frank Flemming as Sir Toby, Gerry MacKay as Sir Andrew and Don Harris as Malvolio were also excellent.

# Evicoms

The next production was the second play, "The Man Who Came to Dinner" by Kauffman and Hart. Directed by Mr. H. Leslie Pigot the performance was a great success. The title role was played by Lloyd Soper, who did exceptionally well as the sarcastic intellectual who, through necessity rather than choice, is forced to spend some weeks with a family for whom he has no great affection. Mr. Soper kept the play away from the farce it was in danger of becoming, and played the very difficult part with great gusto. Mrs. Schulman was also exceptionally good as Maggie, the "attractive but rather cynical secretary." Again, the success of the play was almost entirely due to the direction of Mr. Pigot, which is no reflection upon the able cast he selected.

# Trial By Jury

# The Year in Review

by Arthur Moreira

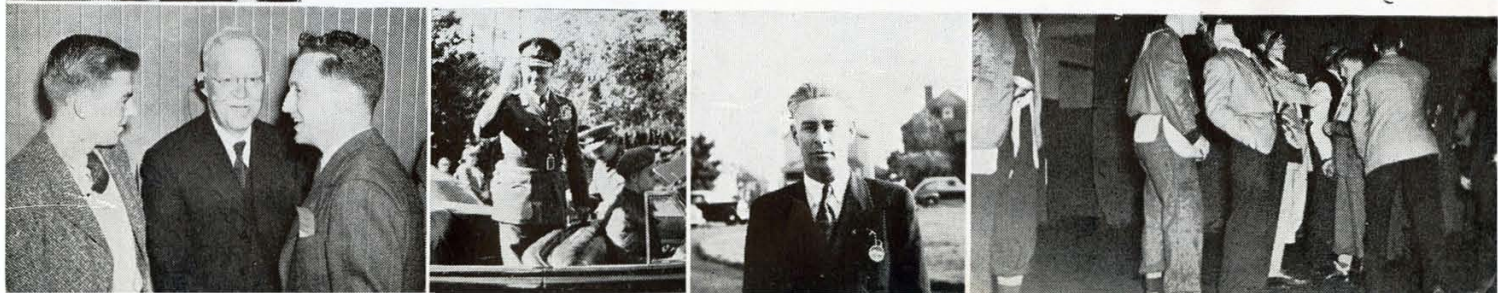

The year has been a highly satisfactory one in most respects, and all of the student activities have been eminently successful. Writing last year, J. Cricket McGosh (who was also known as McLaren) mentioned the favourable condition of that abstract something-or-other which we call, for lack of a better term, "college spirit." Doubtless he was correct, but this year has seen an increase in the active interest taken by students in their extra-curricular activities, with one notable exception—the elections showed that a disappointing percentage of students cast their ballots.

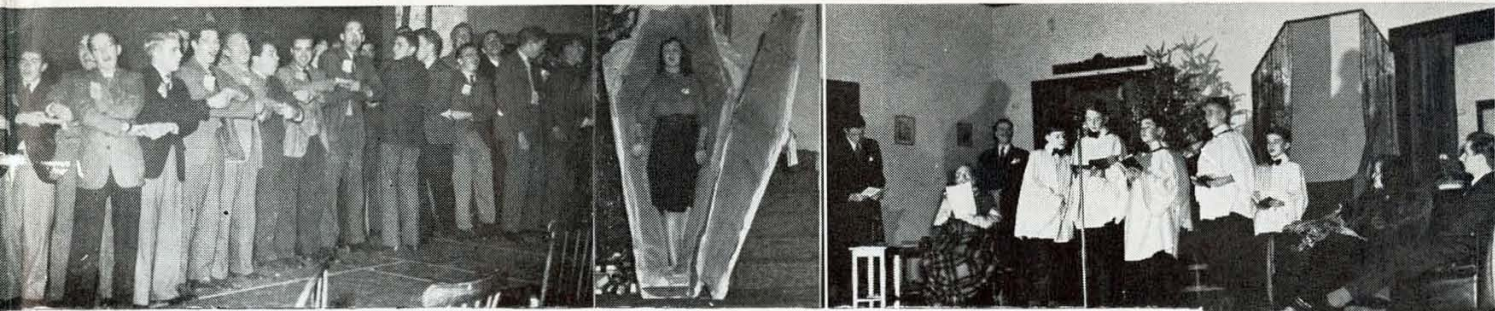

In athletics Dalhousie sent powerful teams in almost all branches of competition. In tennis we reached the Dominion finals, but lost to McGill at Montreal. In basketball the Tigers reached the finals in the city league, and played several intercollegiate matches. At the moment Dal teams are competing in boxing and badminton, and there are high hopes of their winning most of their fixtures. The football team did well at the beginning of the year; there has been some talk about the possibility of Canadian football being introduced next year as well as Rugby.

The D.G.A.C. has had up to date a very successful year. Girls' teams have been in successful competition in hockey, badminton, tennis and basketball. This year has seen also, under the able direction of Physical Director John MacCormack, immense improvements in the inter-faculty system.

The Glee Club has completed one of its most successful years in the memory of the students here at present. The two plays, particularly "Twelfth Night," made one realize exactly how lucky we are to have a man like Mr. H. Leslie Pigot around to direct them. The two musical shows owed a considerable debt to the hard work of Geoff Payzant with the Chorus and Frank Padmore with the Orchestra. Our congratulations go to President Gordie Hart and his executive.

The Gazette in a New and Improved eight page form contributed the customary twenty issues to the year. Editor Lomas' editorials were somewhat shorter than his predecessor's, which is a step in what historians call The Right Direction. Sports Editor Harris' attacks upon all and sundry aspects of the status quo were becoming an accepted feature, and

even the Glee Club managed to survive the "criticisms" handed out. The Gazette, malgre lui, has become a receptacle for political arguments of a truly formidable nature, which is only one sign of the interest in things political which seems to have swept the Campus.

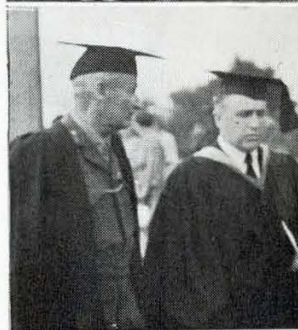

The University now contains at least three identified political clubs, and forums of sorts have been held between them which were very successful. The Dalhousie Mock Parliament was revived after a wartime suspension. Sodales under Jim Saunders held a very successful year; winning most of their intercollegiate debates. Dal debaters also had one of the most successful Bennett Shield series since the award's inception. The Citizens' Forum Group held a very successful year under the genial direction of Dr. Richter. The Cercle Francais has profited from the increased enrollment; more members have attended the meetings, held under the direction of Professor LaFeuille, than in former years, with Arthur Moreira bearing the "executive burdens" as President. The Cercle is indebted to Mr. and Mrs. Christie for their kind reception of the members during the second term.

Music is playing a prominent part in the Campus life; besides the concert and operetta presented by the Glee Club, the Music Club was revived under the direction of Tony Bidwell and Doug Ferguson, and held weekly meetings at Shirreff Hall. Don Warner and his Collegians have become, if anything, even better than last year; besides their regular appearances at the better dances on and off the Campus, they appeared in two Glee Club productions, and made several trips. They have become an invaluable part of the college.

A new feature towards the end of the year was the I.S.S. appeal for funds, which, Chairman Lew Miller tells us, has been highly successful. The drive featured a dance, a boys-girls hockey match, various stunts and the Campus King competition, won by Russ Lownds who was sponsored by Alexandra Hall. The drive ended with a tag day; the drive has collected at least thirteen hundred dollars, and Lew Miller is to be highly congratulated for the successful result of his hard work and good organization for such an excellent cause.

The year ended with a Munro Day unsurpassed for crowds; at least fifteen hundred students and guests assembled in the Gym for the celebrations which culminated in the crowning of the Munro Day Queen for 1947, Gene Machum. The Glee Club Show was the usual mad farce, which owes its success to the able work of Director Frank Flemming.

All things considered, the year was a very successful one. The elections showed disappointing student interest, since only about nine hundred cast ballots, but in other activities student support has been gratifying. Next year, we hope, will be at least as successful.

## Health Service

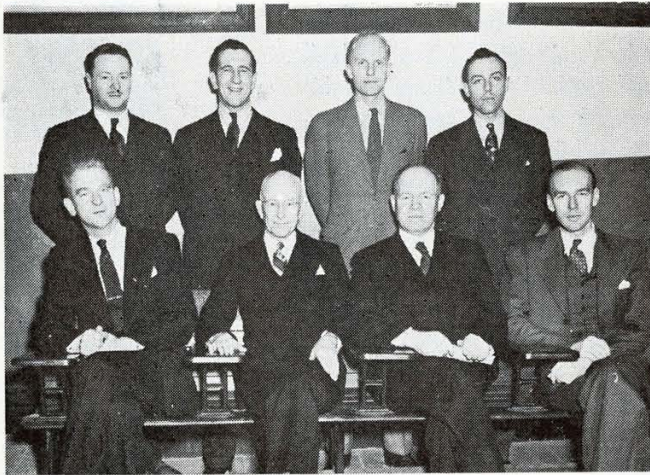

Mass Radiography of Dalhousie Students as part of a city wide Tuberculosis survey was undertaken during the year. Shown in the picture are students ready for the Radiography who also later took the patch tuberculin test.

## Connolly Shield

An exceptionally fine set of entries competed for the Connolly Shield this year. There were four entries—from Delta Gamma, Arts and Science, Alpha Gamma Delta, and the Education class. The Delta Gamma entry won, largely due to the acting of Pat MacKinnon. The outstanding individuals in all the productions were probably, besides Miss McKinnon, Gene Machum as Piggy in the Arts and Science entry, and Ted Levy who played the title role in "The Man in the Bowler Hat," besides directing it.

## Osgoode - Dal Debate

*Front:* Judges—Professor Hancock, A. M. MacKay, Judge Archibald, Mr. Stanfield.

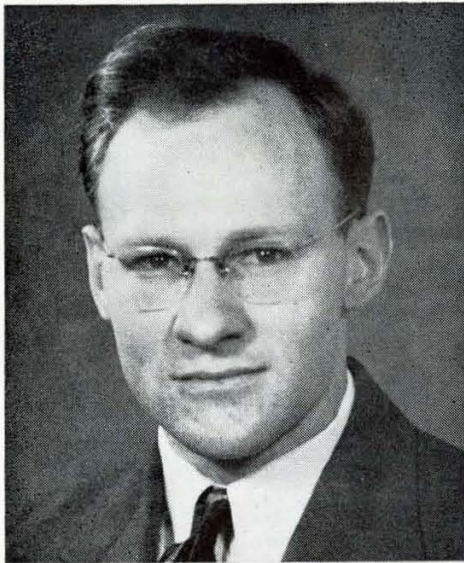

*Back:* Pete O'Hearn, Gordon Black, Representing Dal; V. R. Butts, E. S. Kirkland, representing Osgoode Hall.

President Jim Saunders fully deserves the congratulations of the student body for his year in office. Under his guidance Sodales saw an interesting and well-organized series of inter-faculty debates for the Viscount Bennett Shield, which ended in a victory for the first team from Law of Havey, Blakeney and Cox, three of the University's finest exponents of the art. In Intercollegiate debates the Sodales teams showed three wins as against two losses. A welcome innovation this year was the debate between Osgoode Hall and the Dal Law School; while Dal failed to win, the debate was an excellent one.

## Munro Day Show

The Glee Club presented a very successful show on Munro Day, under the able direction of Frank Flemming, who is to preside over the Glee Club during the coming year. There was the usual collection of unconnected "numbers", from the Tragedy of Julius Caesar (not according to Plutarch) to the "operation" performed presumably for the purpose of removing a liver—all we saw was a rather lifeless cat. Some of the feminine element of the Society presented a dance, which followed an involved production staged by the Gazette, which dealt with the coming Red menace. This was preceded by an engaging skit involving the famous death of Dan M'Grew. As usual, there were those who contributed bursts of inspiration of which the directors had not heard, and which helped to make the Munro Day Show the hilarious farce that we expect and enjoy.

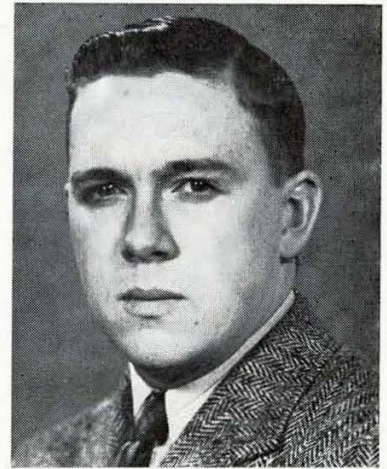

BILL POPE

## Malcolm Honor Award

"The highest award that the students of Dalhousie can confer on one of their members" went this year to a man who fulfills all the requirements—Bill Pope. Quiet and unassuming, Bill has found time to take part in virtually every activity on the Campus, and is this year fully occupied with editing the Year Book for the second time.

The Malcolm Honour Award is given in memory of Jimmy Malcolm, a Dalhousie student and football hero, who gave his life in an attempt to save a friend's. The students who receive the award are those who "have shown themselves worthy to receive the award by the unselfish devotion of time and talent in the service of their fellow students . . ." Congratulations, Bill.

AL BLAKENEY

## Rhodes Scholarship

A Rhodes Scholarship was awarded this year to Al Blakeney of Dalhousie, who graduates this year from the Law School, having received his B.A. two years ago. Since he came to Dal from Bridgewater, Al has been active in many branches of student activities. Last year he was the President of Sodales, and received his Gold D from that society. This year he is ending his career here as Vice-President of the Students' Council. When he goes to Oxford in the autumn the best wishes of the student body will go with him.

## Pan-Hellenic Award

RENEE FISHER

Pan-Hellenic Award winner for 1946-47 was Renee Fisher, a freshette, from Saint John, N. B. Renee's achievements scholastically, her exceedingly fine personality, and her interest in extra-curricular activities combined to make her the appropriate person for this award.

## Gold D Awards

### GLEE CLUB GOLD D's

Mary Lou Christie, Frank Padmore, Geoff Payzant, Don Warner, Bob Williams, Francis Jubien, Bill Menchions, Evan Velcoff, Lloyd Soper, Janice Thomas, Archibald Gates, Ken Lough, Ralph MacDonald, Frances Saulnier, Nita Sederis, Eugene Merry, Shirley Weatherbee, Don Harris (Engraving), Ernest Heighton, Bill Moreside, Joan Murray, Bernie Creighton (Engraving), Les Page, H. Leslie Pigot (Hon.).

### D. A. A. C. GOLD D's

King Churchill, Dave Churchill-Smith, Bill Mingo (Engraving), Bill Pope (Engraving), Lew Bell, Jim Rose, Dave Doig.

### SILVER D's

Blair Dunlop, Bill Pope, George Smith, Dave Churchill-Smith, Mike Waterfield, Ted LeBlanc, Don Dunlop, Neil MacKelvie, Gordie Algie, Bernie Creighton, Bill Moreside, Lew Bell, Jim Morrow.

### YEAR BOOK GOLD D's

Liz Reeves (Engraving), Bill Pope (Engraving), Jim Bell (Engraving).

### COUNCIL GOLD D's

Clint Havey (Engraving).

### DELTA GAMMA GOLD D's (Debating)

Terry MacLean, Liz Reeves (Engraving).

### D. G. A. C. GOLD D's

Irene Robinson, Sylvia Pentz, Nita Sederis.

### SODALES GOLD D's

Jim Saunders.

### GAZETTE GOLD D's

Lew Miller, Jack Lusher, Don Harris (Engraving), Al Lomas (Engraving).

## Climo Award

CARL GIFFEN

Carl Giffen, varsity basketball guard, and starry performer for Dal during the past four years in basketball won the Climo Trophy—awarded this year for the first time—given to the athlete who best combined athletic ability, clean sportsmanship and team spirit. Giff was also active in Interfaculty hockey during his four years at Dal.

## Marjorie Leonard Award

JOCELYN ROGERS

The co-ed to claim the title of the best all-round good sport and most helpful member of D.G.A.C. is Jocelyn Rogers of Halifax. An outstanding player on the Intermediate Basketball team, Jocelyn was also Freshette inter-class manager, and next year will see her in the position of basketball manager.

## Bob Walters Award

BOB WADE

This award went this year to Bob Wade. The award goes to that student who best combines extra-curricular activities, particularly athletics, with a high scholastic standing. Bob is thus eminently qualified; he played full-back for the football team for three years, and was its captain last year. He is one of the University's best defencemen in the hockey team, and has played other sports with distinction.

## Crowning of Campus Queen

The Munro Day judges chose, from an imposing array of candidates, Gene Machum of Halifax to be the Queen of the Campus for 1947. Gene is probably best known for her active part in Glee Club shows, in which she has played leading roles since last year. This

year saw an innovation, arranged by the I.S.S. committee, in the appointment of Russ Lownds as Campus King. He was sponsored by Alexandra Hall; Russ is an ex-service man who saw a considerable amount of service before coming to King's this year.

# BOOK 3

## Organizations

# STUDENTS'

CLINT HAVEY—Stewiacke, N. S., *President.*

On the Alumni Relations, Limitation of Student Offices, Athletics, Jan.-July Class, and Executive Committees of the Council besides being President, Clint has had a busy time this year. Sec.-Treas. Law Society 45-46; Vice-Pres. Sodales 45-46; Second in command C.O.T.C. for three years; Captain of Law team winning Bennett Shield 45, 47; leader of an intercollegiate debating team for three years, he has also had a very active Dal. career. Graduating in Law this year he has his B.A., B.Sc. and B.Ed. degrees winning the Gov. General's Gold Medal at Acadia; spent three years as an Army Captain and was Principal of a school at Mahone Bay. His Council this year has been most efficient and Dal. has every reason to be proud of it, and especially its head. — Res. ipse loquitur. —

AL BLAKENEY—Bridgewater, N. S., *1st Vice President.*

A member of Gate Receipts, Munro Day, Election and Executive Committees. Al also saw service on the Council as Senior Arts and Sc. Rep. 44-45. A most versatile well-liked fellow Al has been very active in Dal. affairs. Vice-Pres. Law Society 45-46; on Law team winning Bennett Shield 45, 47; Sec.-Treas. Round Table 44-45; Sec.-Treas. Sodales 43-44, Pres. 45-46; Treas. Pine Hill's Council 45-46 and member 46-47; Circulation Manager Year Book 44-45, Advertising Mgr. 45-46. A brilliant student Al has his B.A. from Dal. 45 and has won numerous scholarships, among them the Rhodes this year, besides leading his class in Law each year. Awarded the Graeme Fraser Award at Pine Hill last year and C.C.F. minded Al has been well able to perform his duties on the Council.

BILL MINGO—Halifax, N. S., *Freshman Representative.*

Last year on the Council as Junior Arts and Sci. Rep. and this year on the Publicity, Limitation of Student Offices, N.F.D.U.S. and Executive Committees, Bill was also editor of this year's Freshman's Handbook. Having taken part in numerous Dal activities he has been practically everything from 'water-boy to the basketball team (45) to Editor of the Gazette (45-46)' Sec.-Treas. D.A.A.C. 45-46 and on Managing Committees two years; Vice-Pres. Arts and Science 45-46; Pres. Class of '47 this year and last, and Valedictorian of this year's Graduating Class, Bill gets his B.A. this year and is also a first year Law Student. Winner of several scholarships, Bill also has his Gold D for Gazette last year where his editorials were very well written.

MOLLY SCHWARTZ—Halifax, N. S., *Junior Arts and Science Representative.*

One of the two girls on this year's Council Molly was on the Jan./July class Committee last summer and on the Malcolm Honour Award Committee this year. Coming from Halifax Ladies' College she is in the third year of a science course in Zoology. Sec.-Treas. of the Junior class, Social Chairman of Delta Gamma and a member of Midlothian last year, Molly's grace and charm has added much to this year's efficient Council.

LARRY SUTHERLAND—Pictou, N. S., *Member at large.*

Larry holds a record for membership on the Council being Pres. 45-46. Vice-Pres. 44-45 and Senior Arts and Science Rep. 43-44, this being his fourth consecutive year. This year he is on the Awards, Council Dance, and Malcolm Honour Award Committees. A fourth year Med. Student this is his sixth year at Dal. where he got his B.A. in 44. On the Executive of the Med. Society two years, Vice-Pres. 44-45, Treas. 46-47; House-Manager of Phi Rho. on Executive of D.A.A.C. 42-43; Life-Pres. of Graduating Class 44 and Sodales 42-43; Editor of Year Book 42-43, and this year's Med. Rev., Larry has been very active during his Dal. career, possessing a Gold D. Now interning at the Infirmary Larry's good nature is liked by all.

MARK YEOMAN—Annapolis Royal, N. S., *Law Representative.*

On the Awards, I.S.S. and Executive Committees Mark is a second year Law student, having obtained his previous training at St. F. X. During the war he served as a Captain in the West Novas seeing action in Italy. On the Executive of the Newman Club: Vice-Pres. of Sodales this year and on several debating teams, Mark's wisdom and understanding is well-known at Dal.

HARRY RHUDE—Halifax, N. S., *Sophomore Representative.*

On the Limitation of Student Offices and Jan./July Class Committees this year. Harry entered Dal. last year after spending four years with the R.C.A.F., having seen considerable action completing three tours of operation and winning the D.F.C. Taking an Arts course he last year captained the winning team for the Bennett Shield and worked for the Gazette. This year he is on the Executive of Sodales. Harry's career at Dal. has just begun and we predict it will be very successful, seeing next year he will be Vice-President of the Council.

DON KIRKPATRICK—Halifax, N. S., *Med. Representative.*

On the Awards Committee this year Don has seen service on the Council before as Arts and Science Representative in 41-42. Taking his Pre-Med at Dal. (39-42) Don was President of the Glee Club, Secretary, Football Manager, and won a Gold D engraved three times. During the war he served as a Flying Instructor in the R.C.A.F. and is now back at Dal. taking second year Medicine.

# COUNCIL

## DON DUNLOP—Kenogami, Que., *Engineering Representative.*

Don belongs to the Publicity Committee and is a third year Engineering student having come to Dal. through Mt. A. Academy. President of the Engineering Society this year and on the Managing Committee of D.A.A.C. last year, Don played on the Varsity Football team for three years. Well known and liked by all Don plans to continue his course next year.

## BILL POPE—Halifax, N. S., *Senior Arts and Science Representative.*

Bill is Chairman of the Gymn. and Schedule Committee and on the University Christian Conference and Election Committees this year. A fourth year Arts student Bill is very editorially minded being Editor of Pharos 45-46, 46-47; Business Mgr. 44-45, 45-46; Editor Student's Directory 44-45 and Co-editor 45-46; also Sports Editor of the Gazette 44-45 and News Editor previous. Bill is also a whiz at sports having won all titles in badminton and ping-pong while at Dal. and was on the Varsity basketball team 44 and 45. He has the Gold D's for Gazette, Year Book and athletic activity. A hard worker Bill always turns out an excellent job. This year he topped his list of achievements by winning the coveted Malcolm Honor Award.

## JIM FRAZEE—Vancouver, B. C., *Med. Representative.*

Jim is a member of the Awards, Book Room and Executive Committees and is a third year Med. student this year. Secretary Med. Society 45-46; Vice-President Phi Rho Frat. and Co-manager of the Med. Bookstore, Jim is also a B.A. from the University of British Columbia, where he took his Pre-Med training. Proof of his popularity and ability is his appointment this year.

## JOHN BURKE—Sydney, N. S., *Dentistry Representative.*

A member of the Election Committee John graduates as a dentist this year, planning to set up practice in his native town. This year he is President of the Dental Society, the first year the Society has been active and is also Captain of the Dents hockey team. John, the ever-pleasant smiling Dent., is also a good student.

## TERRY MacLEAN—New Waterford, N. S., *Senior Arts and Science Representative.*

Terry was chosen appropriately 2nd Vice-President of the Council and served on the Election and Executive Committees. Senior Rep. of Delta Gamma this year and Dramatics Manager last; Pan-Hellenic Rep. of Pi Beta Phi this year and Vice-Pres. last; on the Newman Club Executive and Dramatic Manager of Arts and Science this year, Terry is a Senior Science student specializing in Zoology. Proof of her beauty and popularity is the fact that she won the coveted Co-Ed. Queen contest last Munro Day.

## BOB WADE—Halifax, N. S., *Engineering Representative.*

This is Bob's second year as Engineering Representative on the Council and is on the Awards, Athletics and Book-room Committees. Bob is well known in the Athletic field being Vice-Pres. D.A.A.C. last year; stalwart defence of Dal's hockey team for four years and three years as football's full-back, and he has his Gold D. Pres. Eng. Society 45-46, Sec.-Treas. 46-47 and a member of Phi Delta Theta, Bob graduates with his B.Sc. and Eng. Diploma this year. He also won the Bob Walter Award showing his popularity among his fellow-students.

## BOB ROOME—Dartmouth, N. S., *Junior Arts and Science Representative.*

Belonging to the Gate Receipts, Council Dance and Malcolm Honour Award Committees, Bob is a third year student in Science specializing in Physics, coming from Dartmouth High. He is Vice-President of Arts and Science this year and President of Class of 48 and also very active in Dal. affairs and well-known to Studleyites.

## BERNEY CREIGHTON—Halifax, N. S., *Commerce Representative.*

On the Athletics Committee Berney has taken part in almost all Dal. activities. In sports he played Varsity basketball 45-46, 46-47, badminton and is Sec.-Treas. of D.A.A.C. this year. He has appeared in several plays and has debated for Commerce where he is a third year student. He was awarded a Gold D last year for his work on the Gazette, and a Gold D for Glee Club this year. On the Year Book he was undergrad Editor last year and Business Manager this year. Berney's versatility and interest make him one of Dal's most enthusiastic students.

## DOUG STALLARD—New Glasgow, N. S., *Pharmacy Representative.*

This is Pharmacy's first year on the Council, the position being created after Christmas and which Doug will fill the remainder of this year and next. A second year Pharmacy student, Doug, spent four years in the R.C.A.F. before coming to Dal. and is Vice-Pres. of this year's Pharmacy Society. Interested in hockey, swimming and basketball he has an amateur Radio Station—call VE1PG. We wish him the best of luck on next year's Council.

# DELTA GAMMA

KAYE MACLEAN  
*President*

## Delta Gamma Executive

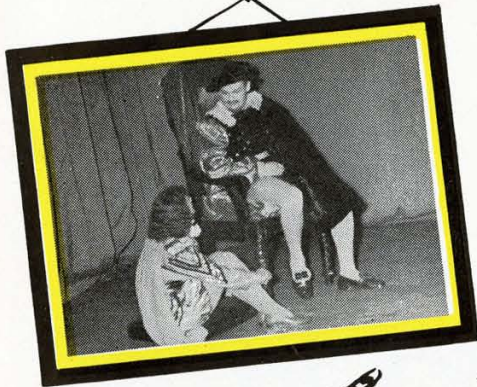

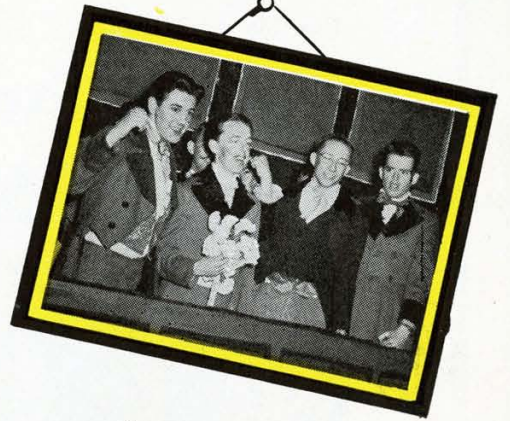

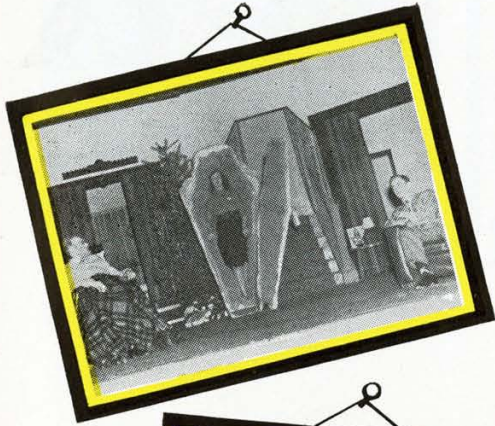

*Back Row:* Terry MacLean, Liz Reeves, Kay Whitehouse, Helen Beveridge, Elsie Cruikshank.  
*Front Row:* Marie Milton, Patty MacKinnon, Kaye MacLean, Dot Muir, Fran Jubien.

## Sadie Hawkin's Dance

Delta Gamma sponsored a highly successful Sadie Hawkin's week this year, which ended in the usual dance. The gentlemen, blushing profusely, were dragged from their obscurity into the Gym attired in garments of a distinctly doubtful nature; good music (Don Warner & Co., naturally), good company and the forceful encouragement administered by the ladies all contributed to making the dance one of the most successful of the year. The Delta Gamma Executive very generously donated most of the proceeds of the dance (which were considerable) to the I.S.S. campaign.

# The GLEE CLUB

**GORDIE HART Pres.**

GORDIE HART

DON "MALVOLIO" HARRIS

CAST OF TWELFTH NIGHT

CONSPIRIT!

## Glee Club Executive

BOB WILLIAMS, DON WARNER  
FRAN JUBIEN, LEAH TREMAINE, GORDON HART,  
MARY L. CHRISTIE, GEOFF PAYZANT

Responsible for the coordination and direction of all Glee Club activities, the executive is to be congratulated for its fine work during the year.

## Stage Crew

The group that builds the scenery for all Glee Club performances and shifts same on the night of the shows.

Front: H. IBSEN, B. BALCOM, P. RAYMOND, W. MENCHIONS.  
Back: E. PACE, D. JAMIESON, J. ROWE, F. YEADON

"THE MAN WHO CAME TO DINNER"

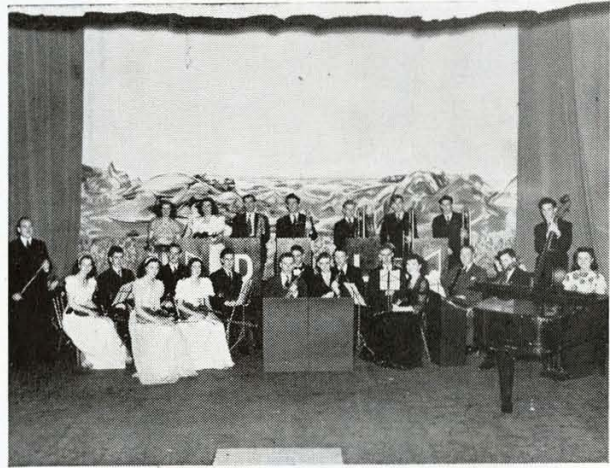

"THE DEFENDANT"

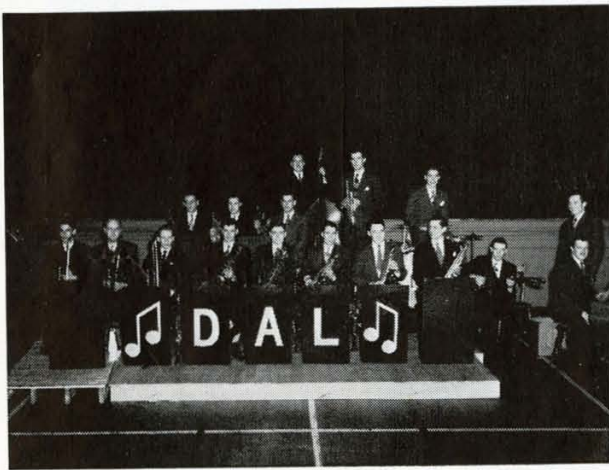

CHRISTMAS

## Concert Orchestra

Under the direction of Frank Padmore, the Concert Orchestra played to the enjoyment of audiences at Twelfth Night, Evicoms, Trial by Jury, and during the evening of Munro Day.

## Dance Orchestra

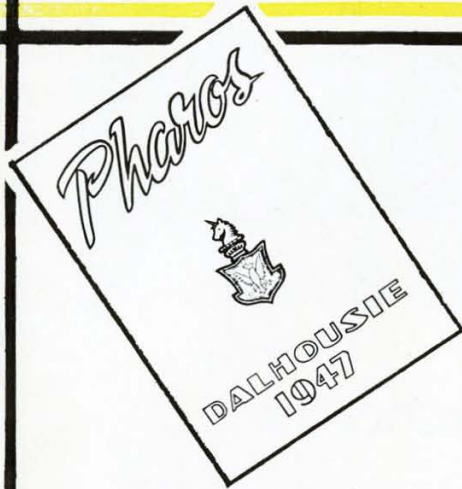

Led by popular Don Warner, the Dance Orchestra played at all student dances during the year. Of particular enjoyment to the students were Don's specialty numbers.

# PHAROS

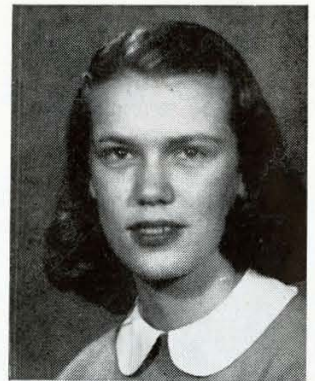

BILL POPE,

Another issue off the press, and Gazeteers gather to discuss weighty matters of policy and politics over a cup of brew.

News Editors Lampert and Miller compare notes while Office Manager "Beard" Foster fakes interest.

Obviously posed, Features Editor Lusher, Literary Editor Moreira, and Sports Editor Harris demonstrate how the GAZETTE should go to press.

# Students' Veteran Association

COLIN SMITH, HELEN BEVERIDGE, ALEX HART, ROWLIE FRAZEE

The Association was formed in December, 1945, when the Students' Council called a meeting under the chairmanship of Dick Currie, to consider the advisability of forming a committee to represent Dalhousie at a National Conference of Student Veterans to be held during the Christmas Holidays of that year, in Montreal. It was decided at this time to form a permanent organization, and the following slate of officers were elected:

President—Alex H. Hart.  
Member-at-Large—D. Noiles.  
Secretary-Treasurer—T. A. Giles.

These three men represented Dalhousie Veterans at the first National Conference at which time Alex Hart became a representative of the National Executive.

A re-organization was carried out at the next meeting where it was decided that the Member-at-Large should become the Vice-President, and that three (3) standing committees should be set up. These were Housing, Finance, and General Duties. T. A. Giles resigned as Secretary-Treasurer to take over the chairmanship of the Housing Committee. N. Sinclair headed the Finance Committee, and C. Henderson Smith directed General Duties. Miss Helen Beveridge became the new Secretary-Treasurer.

At the Spring elections, 1946, this slate was re-elected with the exception of N. Sinclair who stated that he would be unable to continue. Rollie Frazee then became Finance Chairman.

Much could be written of the activities of the Housing and General Duties Committees. Through the Housing Committee, the Housing problems of many Student Veterans were solved by the acquisition of Mulgrave Park for married men and their families, and Cathedral Barracks as a residence for single men.

The General Duties Committee, besides its duties within the organization was tremendously active in securing summer employment for the members of the Association. Through the efforts of this committee, several hundred Student Veterans were assured jobs.

At the beginning of the present term Bob Mitchell was elected Vice-President, the vacancy having been created by D. Noiles' departure for Queens. At this time Miss Helen Beveridge, Bob Mitchell, and Leo MacIntyre were chosen to represent Dalhousie-Kings veterans at the Second National Conference at Montreal. Mr. MacIntyre was elected by the National Committee to succeed Mr. Hart as National Executive Member.

Most of the original executive have recently retired. In doing so they have posted a challenge. Under the leadership of T. A. Giles, the new executive will endeavour to maintain the high standard set by Alex Hart and his colleagues in their administration to the affairs and problems of Student Veterans.

## Arts and Science Society Executive

Vice-President Roome, Secretary MacKay, President Lomas, and Treasurer Doane pose with gay abandon despite an \$11.00 Society deficit.

BOB ROOME, JANET MACKAY, AL LOMAS, FRAN DOANE

## Sodales Executive

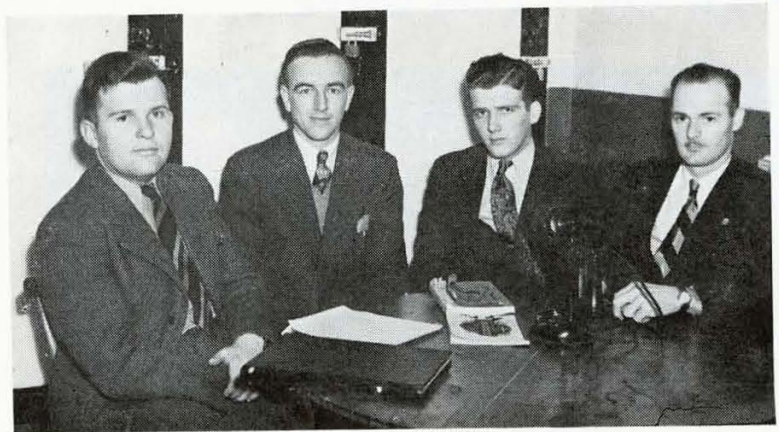

BILL KELLY, PHIL ARLETT, JIM SAUNDERS, AL BACCARDAX

With the concerted support, of each and everyone concerned with debating activities, the success achieved this year, by the Sodales executive, will be carried to the future.

## Law Executive

The Society were victors in Interfaculty football as well as winning honours in Interfaculty debating. A successful dance was held last November, and the budding lawyers plan to celebrate by holding a banquet on the final day of exams.

DON BLACK, GORDON MATHESON, ALEX HICKMAN, JIM CREGAN

# Midlothian Society

*Front:* Liz Reeves, Edith Hawkins, Mary Farquhar, Marjorie Archibald, Helen Powell, Shirley Weatherby, Elsie Coleman, (President.)

*Back:* Joan Walker, Dorothy Forrest, Zelda MacKinnon, Wendy Buchanan.

This group meets weekly to review the best of modern literature.

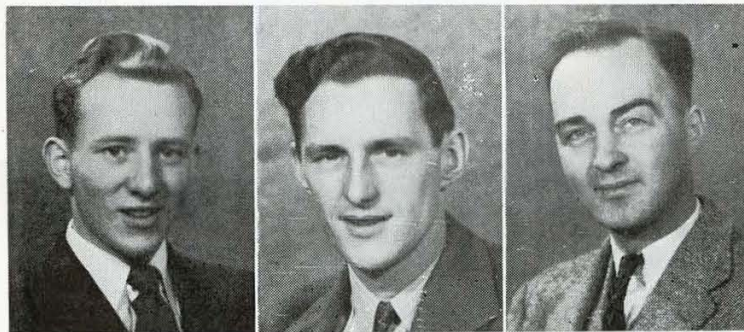

# S. C. M. Executive

The Student Christian Movement continued this year its study groups, taking up the life of Christ as well as other topics. Sing-songs, Student Chapel Services and very successful Open Houses—with good speakers and lively discussion periods—featured the activities of this Society.

MARY FARQUHAR, LOIS RATTEE, SHIRLEY WEATHERBY, ROSS HAMILTON

# Dentistry Executive

DON STEEVES

JOHN BURKE  
(President)

BILL MACNEIL

Presenting the executive of the recently formed Dental Society. This organization has been established for the purpose of encouraging better and more intimate relations among the students, with the faculty and others members of Dalhousie. The Society has well begun this job by having a Dental dance, arousing interest in sport, and concluding the year with a banquet.

# The Newman Club

With its reorganization this year the Newman Club took on new life, held two dances including the successful Mardi Gras at the Nova Scotian. Speakers to address the Club during the year included Judge Carrol, Hon. L. D. Currie, and Rev. Monsigneur Burns.

JACK MACCORMACK, PEGGY HYLAND, FINLEY MACDONALD

# Dal Student Chapter, Chemical Institute of Canada

HARRY NEWFELD, JEAN NOFTLE, IRVING TINGLEY,  
IAN HENDERSON, GERRY DAUPHINEE

The Society had a busy year which included talks from visiting speakers, films, and a trip to a local malt-processing industry.

# Medical Society Executive

1946-47 has been one of the most successful years in the history of the Medical Society. In CAMSI relations, local branch projects, social activities, and athletics, Medicine has taken an active part.

JACK GODDEN

LAUCHIE MACLELLAN

LARRY SUTHERLAND

# Engineering Executive

STIRLING WHITEWAY, DON TEASDALE, BOB WADE, REG HUMPHRIES

The Engineering Society completed a very successful year, their team winning the Interfaculty basketball title and being finalists in both Interfaculty football and hockey. A society long known for its keen and unified spirit, record crowds attended both the annual Banquet and Ball.

# Commerce Executive

A successful dance, the first after the Christmas holiday, was held by the Commerce Society. The Society sported an innovation this year, in the way of a bowling team, which lost a keenly contested match to Engineers.

AL BACCARDAX, FRAN JUBIEN, IRVINE MILLIE

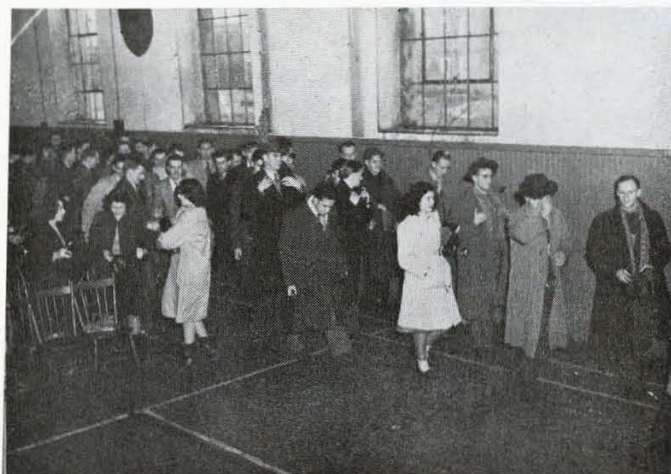

# Pharmacy Executive

BETTY ATKINS, GERRY RENO (*President*), DOUG STALLARD, SMITH SUTHERLAND, BILL MORRIS, GEORGE COCHRANE

The Pharmacy Society, recently organized into an active body, was this year officially recognized by the Council of the Students, and given a seat on the Council which has been filled for the past year and will be for the coming year by Doug Stallard.

"Dancing in the dark"

# BOOK 5

## Athletics

## D. A. A. C. Managing Committee

*Front:* Bob Knight, Bernie Creighton, Dave Doig (Pres.), John MacCormack, Lee Currie.

*Back:* Jim Darcy, Jim Mont, Alex McIntosh.

The organization and management of Dalhousie sports were carried out capably by the above group. Under their initiative a successful track meet was held at Dal for the first time in several years.

## D. G. A. C. Managing Committee

*Front:* Pam Stevens, Elsie Cruickshank, Verna Leonard, Jocelyn Rogers, Christine Irvine.  
*Back:* Peggy Rundle, Nancy McDermid, Joan Myrden, Irene Robinson (President), Dot Muir, Frances Doane.

## Track Team

Participants in the track meet staged at Dal last fall which saw several universities competing.

## Soccer Team

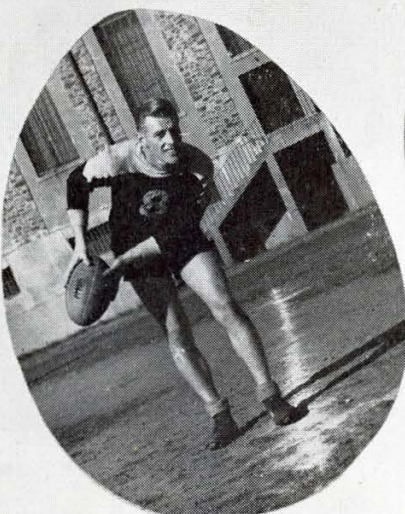

Unable to get well organized, these soccer enthusiasts wound up the season by only playing one game. Perhaps better organization will result in a more interesting season next year.

## Starting Line - Track Meet

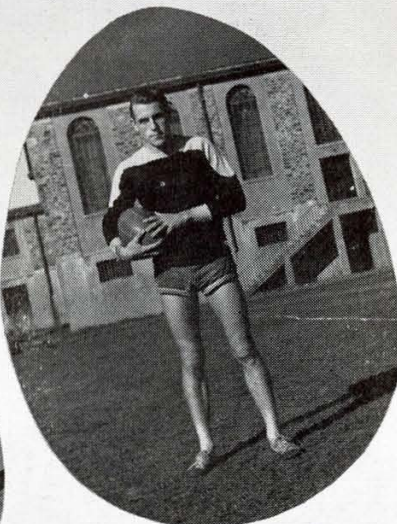

Starting line! Seven men representing different universities are tensed ready to break at the gun. Prominent among the large crowd of rooters was Dr. Kerr, a staunch supporter of all Dal sports.

### GROUND HOCKEY

Reading from left to right—*Back Row:* Joyce Hart (Captain), Mrs. Ruth Watt (Coach), Jean Mitchell, Pam Stevens (Manager).

*Centre Row:* Pat Godfrey, Leslie Ann Hayes, Pat Snuggs, Marg. O'Neill.

*Front Row:* Pat McKinnon, Nancy Jones, Laurie Brown, Beth Tilley, Joan Myrden. (Absent, Fran Doane.)

## Girls' Sports

by Fran Doane

Ground Hockey started co-ed sports rolling in the Fall term, and with Mrs. Ruth Watt as coach, the team proceeded the unofficial Maritime championship by winning five out of six games with Acadia, Edgehill, and H.L.C.

At the same time, the tennis team made a clean sweep in the Maritime Intercollegiate tournaments, with Joyce Hart and Nancy Jones carrying off the honors.

The badminton team has had a successful year. The co-eds took both tournaments played with Stad. and won one and lost one in a home and home series with Truro. This year's Singles Champion is Nita Sederis.

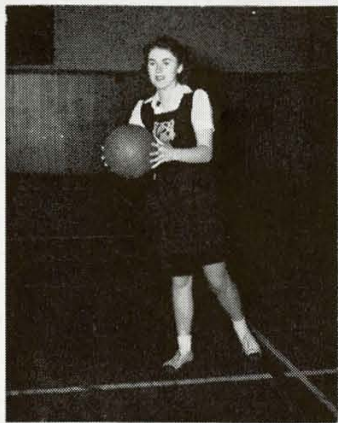

The swimming team experienced a trip to Acadia for an exhibition meet, and early in March travelled to U.N.B. for the Intercollegiate meet.

After Christmas, the basketball teams welcomed Pat Flynn of Halifax as new coach. Two teams were entered in the City League, and at the end of a tight series, Dal Varsity downed King's Co-eds to take the Ladies' Senior City League Championship.

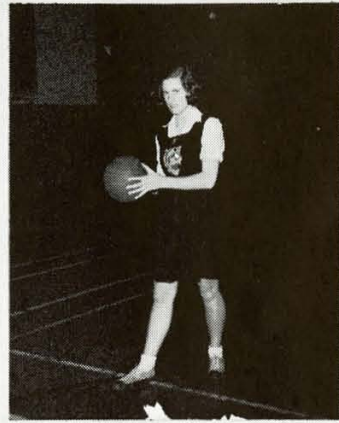

Both teams were forced out of the Intercollegiate Series by the powerful Acadia Aettes, but the Dal Varsity managed to take U.N.B. 11-8 in an exhibition game. Mt. A. and Dal Varsity and Intermediate teams staged an exhibition game early in March at Mt. A.

Interest in archery and ping-pong was slight, except during Interclass tournaments. The Interclass Shield went to the Seniors. In the absence of a Physical Education Instructress, the year was a difficult one for the D.G.A.C. executive, especially for President Irene Robinson. One of the chief reasons for such a successful year was the ability of the entire athletic club to work together.

COACH "WINDY" O'NEIL

# Sports Review

by Carl Giffin

Turning from the custom of having the Physical Director coach Varsity teams, Dal obtained expert coaches for each sport, hoping that this would get her out of the slump she's been in for the past few years.

Football was the first experiment. Ex-Caledonia fullback "Mel" Sheppherd was called in to mold into shape a high flying squad. Well, the team was undoubtedly good but was unable to win any titles.

In the meantime, however, the tennis team had successfully defended its Maritime Intercollegiate title won in '45. An exhibition meet was arranged with McGill, the outcome of which I'm sure you'll all sadly recall.

Under the capable coaching of Ken Chisholm, the basketball team went through to win the Intermediate City League, without a defeat. They were eliminated from the provincial playdowns by their old rivals Navy.

In Intercollegiate play Dal won three out of six games. Best game of the season was the exhibition win over Mt. A., when Captain Blair Dunlop starred, netting twenty-six points.

In spite of the wealth of material available, the hockey squad failed to meet up with expectations. Playing coach for the season was "Windy" O'Neil, former Toronto Maple Leaf player. The team, however, managed to win over their old rival St. Mary's for the first time in several years.

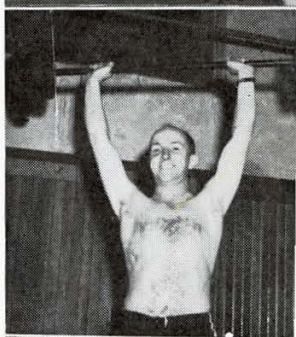

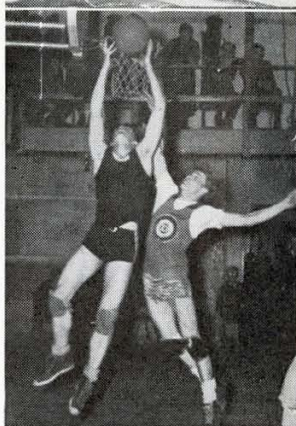

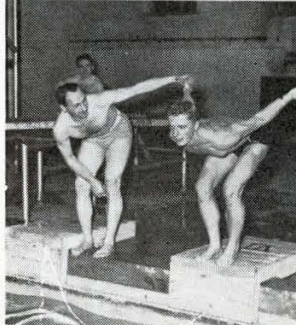

At time of writing, Jack McKenna, considered to be one of the best boxing coaches, is shaping up his pugilists for the oncoming Intercollegiate meet at St. F. X., when Dal will defend the title won last year.

Likewise, Dal swimmers are preparing for their scheduled meet at U.N.B. Dal has many promising swimmers and hopes are high for a favourable outcome.

A newcomer to Dal this year is Squash and it has been enthusiastically received. An intra-university tournament was held and a home and home series is planned with "Stad."

Intra-university tournaments were held in ping-pong and badminton. Noel Hamilton starred in badminton while Bill Pope took individual honors in ping-pong. An Intercollegiate Badminton Meet at Mt. A. is in the offing. Dal will be defending the title won last year.

Inter-faculty sport deserves special mention. Under the guidance and promotion of Physical Director John MacCormack interest was increased and competition sharpened. Lawyers took the football title, Engineers eked out basketball and Medicine won the hockey handily.

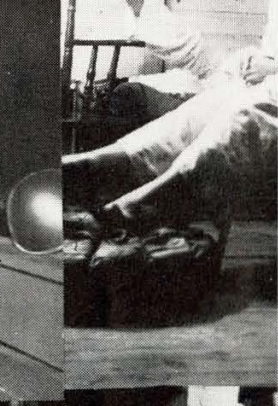

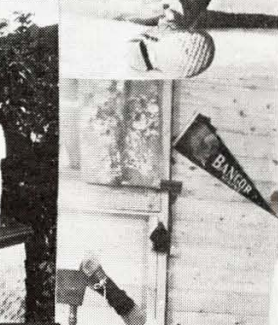

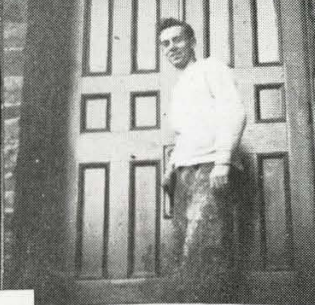

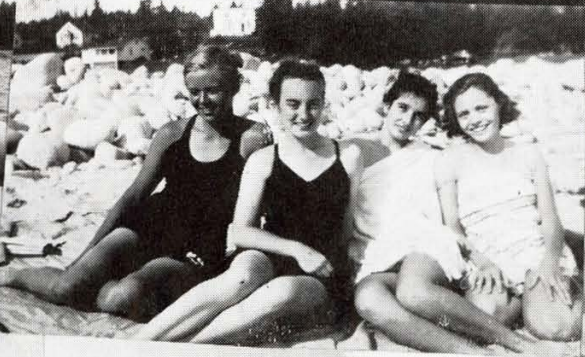

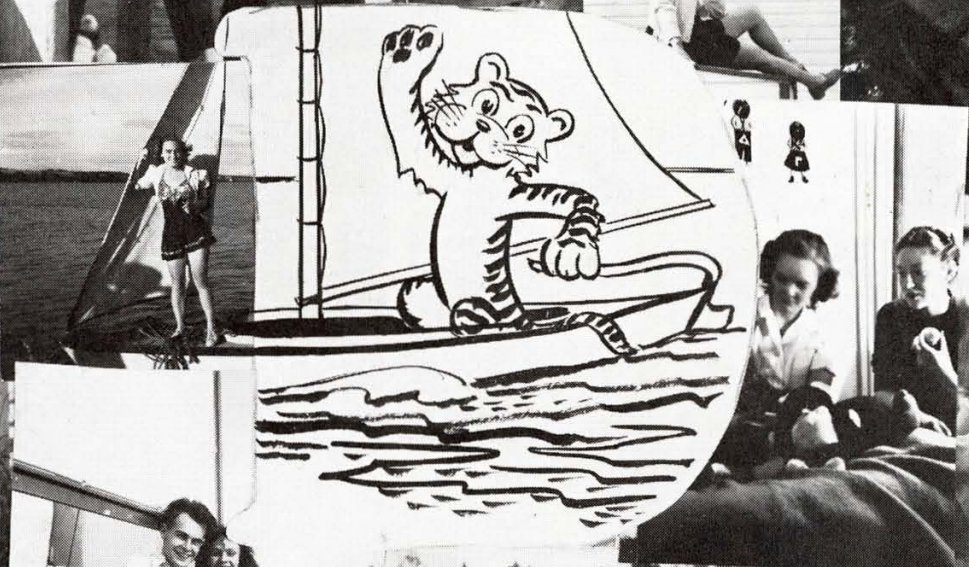

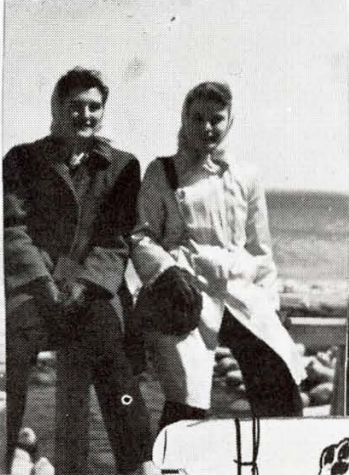

BOOK 6

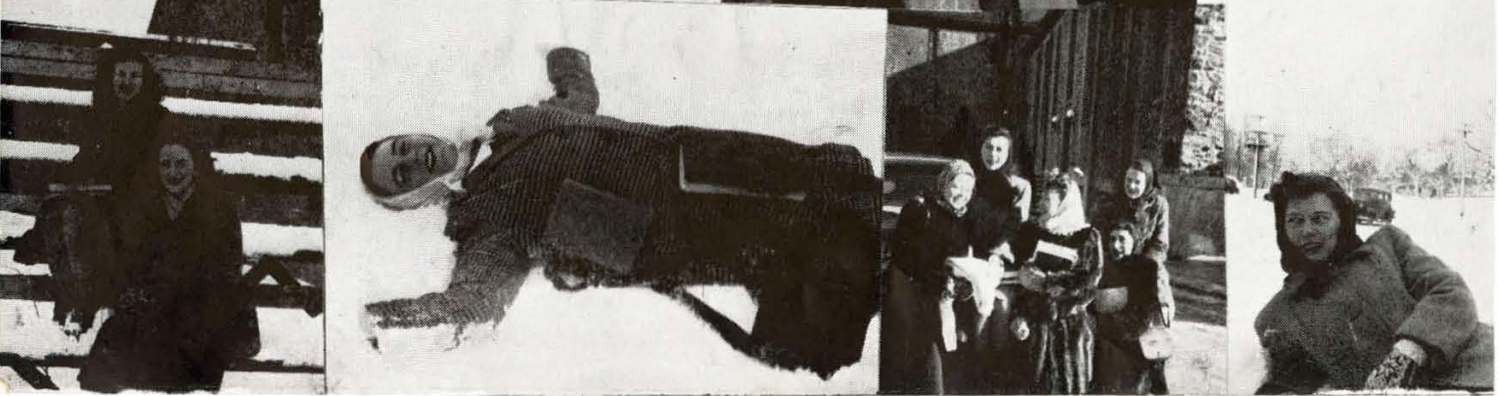

Campus Life

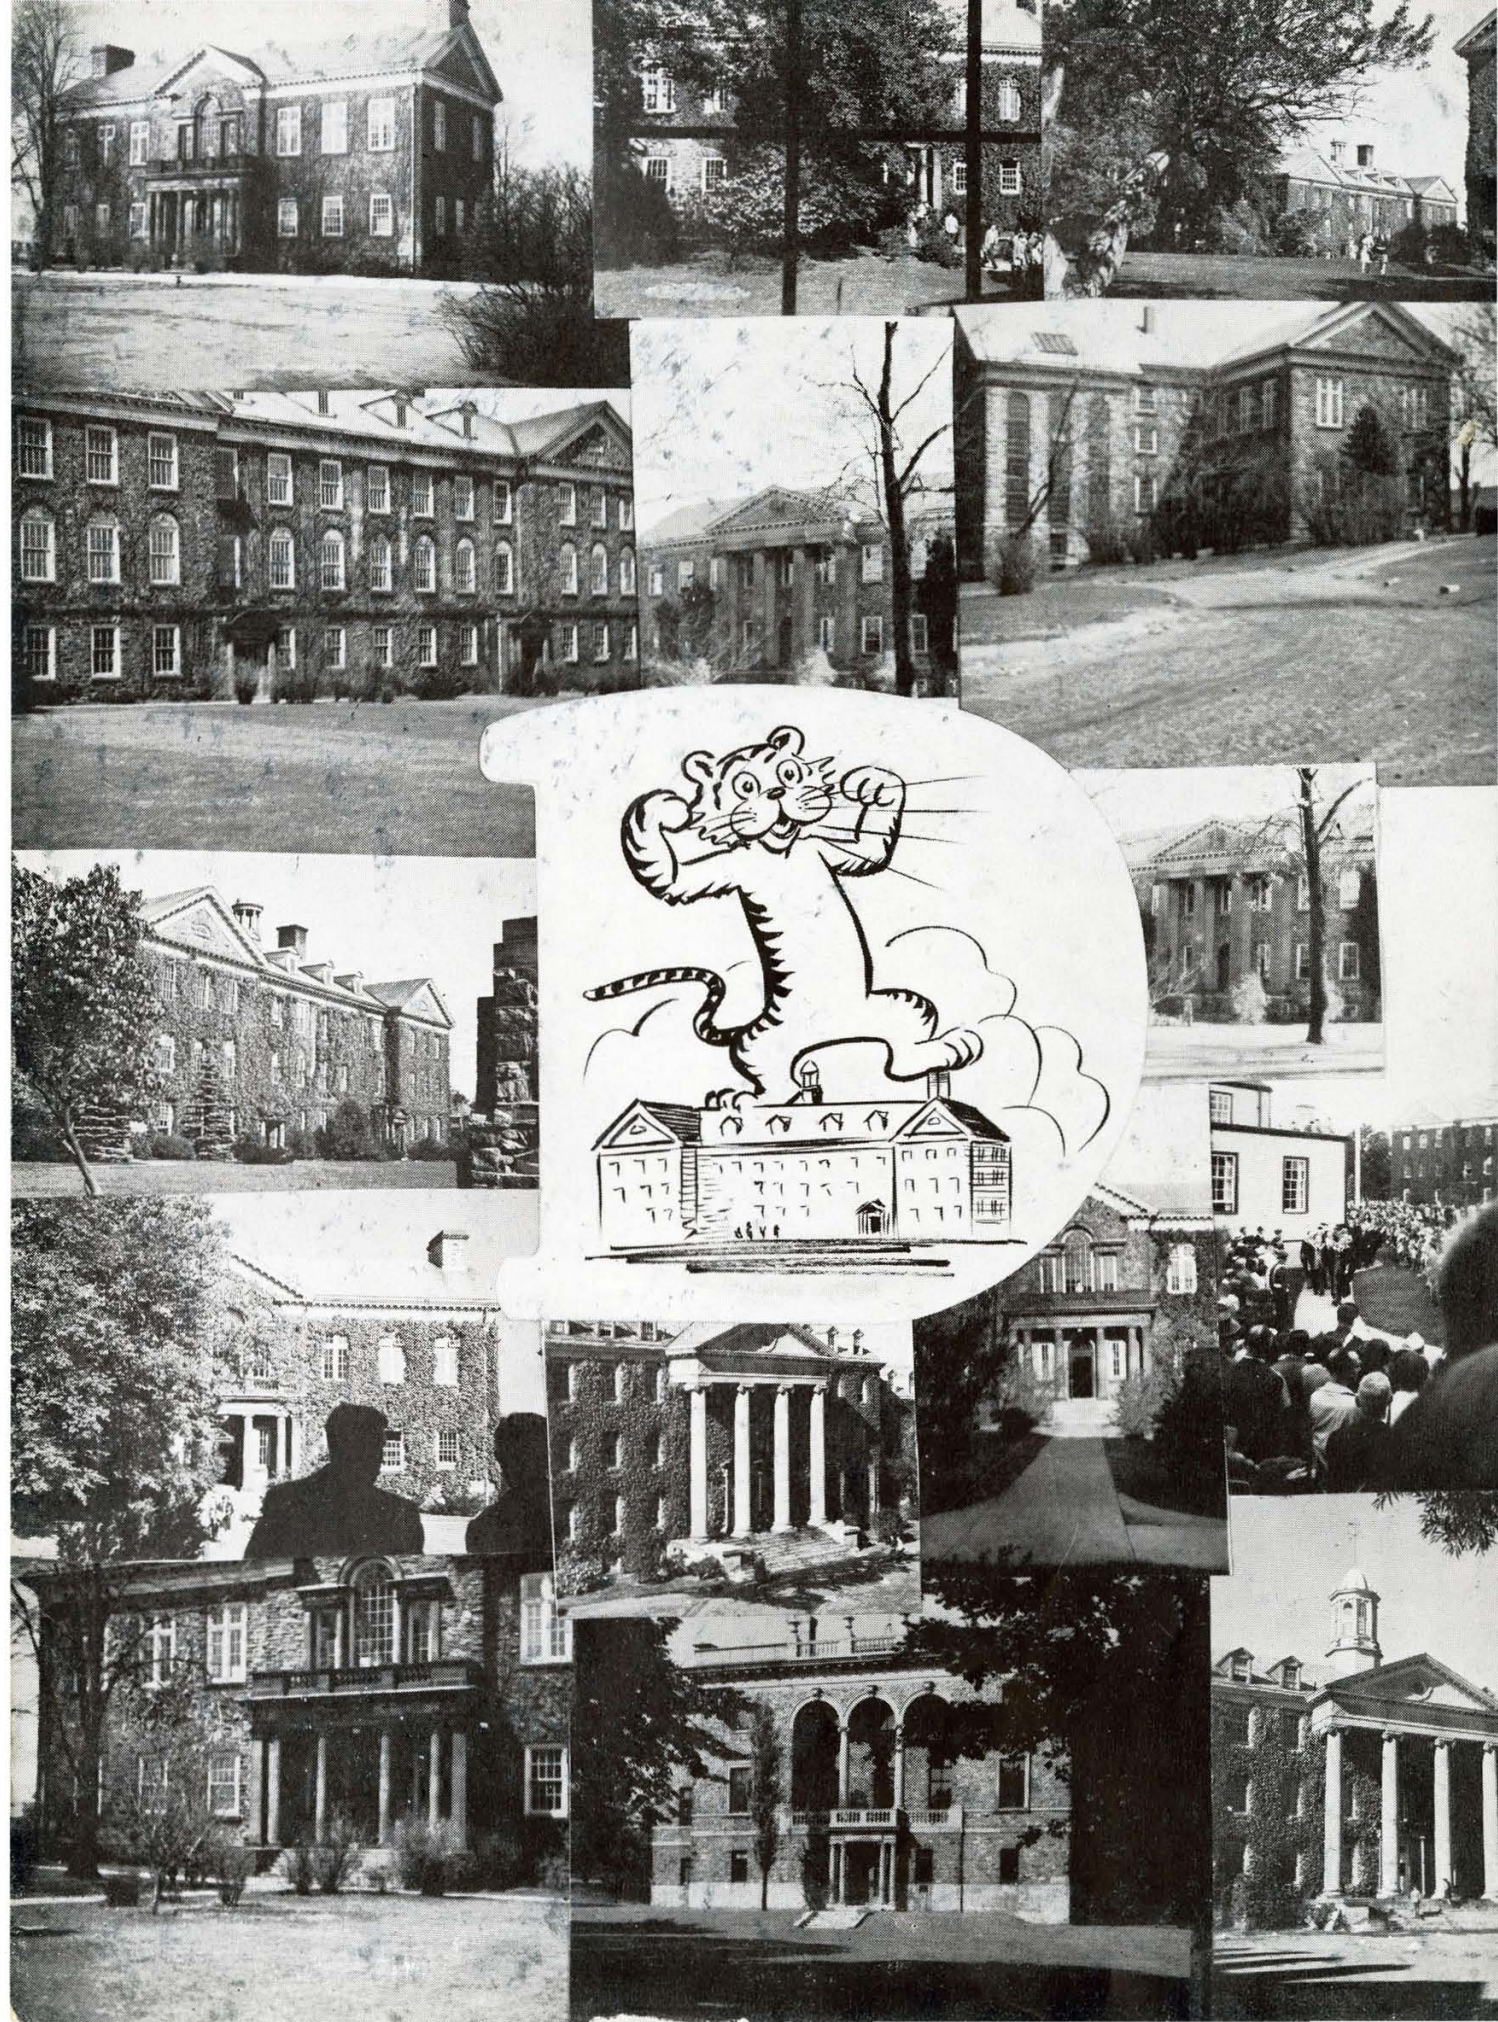

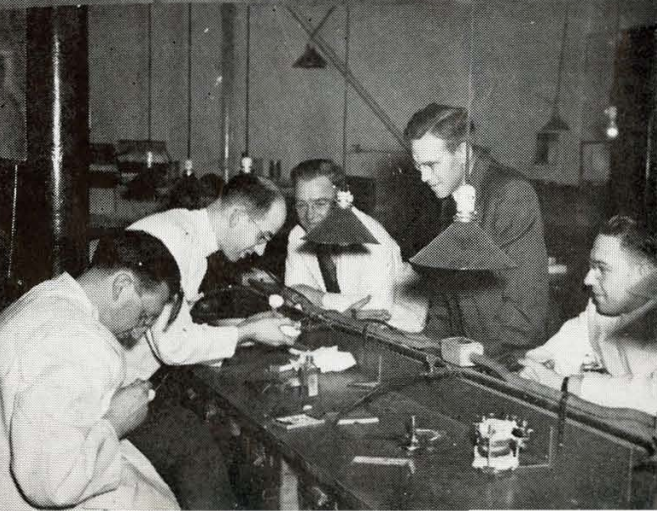

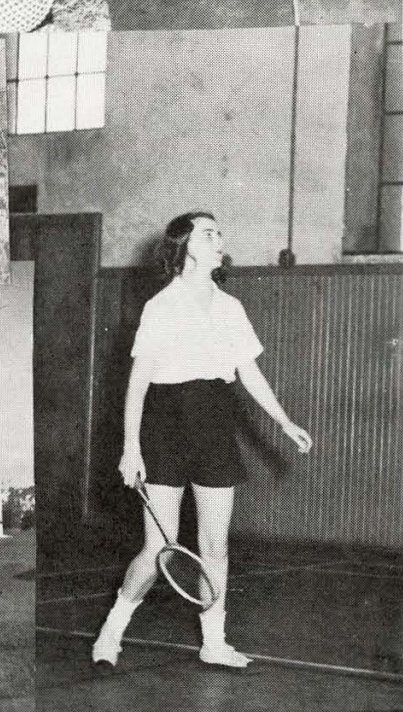

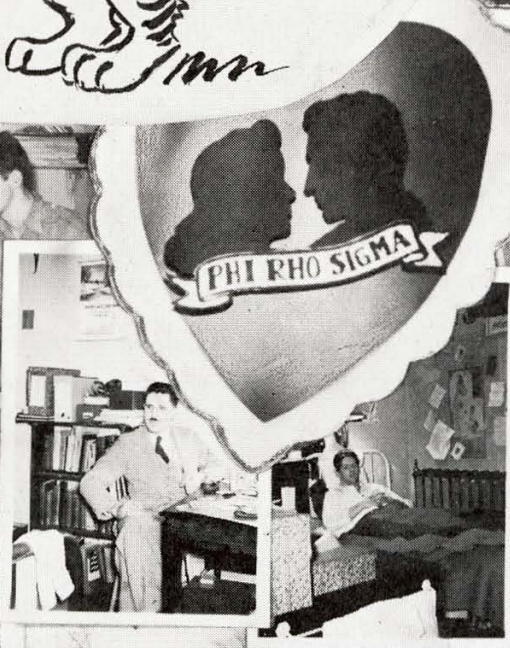

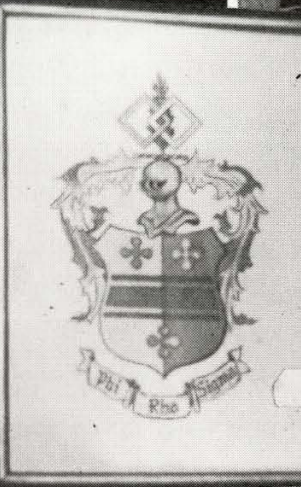

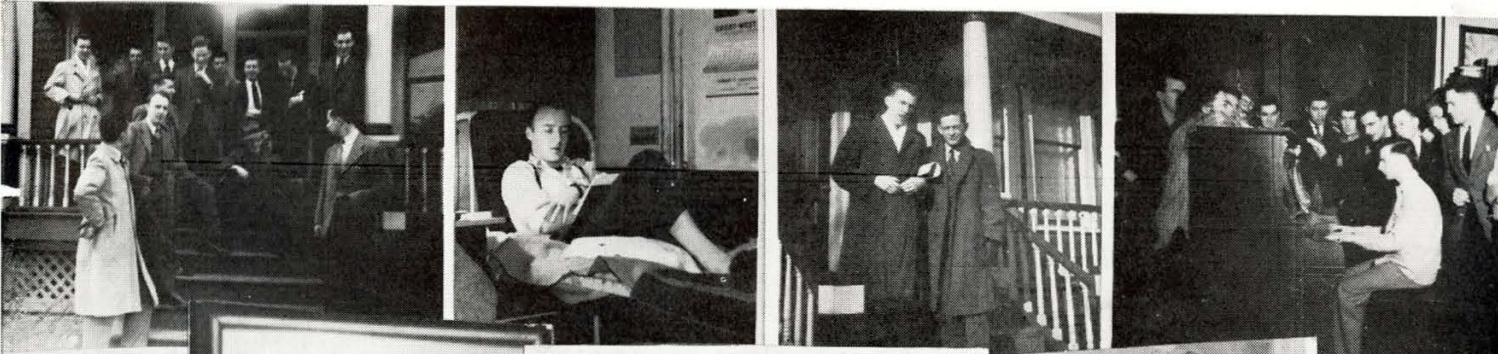

## One Last Word

Working on *Pharos* has been a pleasure and an adventure. It has also, at times, been a bit of a test and a challenge, for it has not been without occasional irritations and frequent obstacles, but in seeing the book take form, in watching the conception develop into the reality, in shaping and moulding the idea into the tangible and real has been enjoyable, exciting, and altogether worthwhile.

In all sections of the book we have not done what we would like to have done. In some cases, particularly in the Graduate section, because of our deadline, some material had to be dropped. For that we are sorry, but we considered an early publication of the book more important, and more in agreement with the wishes of the student body as a whole, than to delay the Year Book on account of a few individuals who were far behind the set deadline with their material.

Also, throughout the book, we would have liked to run more *Candid*s representing a greater number of people. Needless to say, if we had received a greater variety of *Candid*s we would gladly have used them. Actually, the *Candid*s are in the hands of the students, and we hope in future years that more people will make snaps available for publication.

To students, fellow-staff workers, faculty members, business men, and to all those who co-operated in the making of this book go my sincere thanks. Especially I would like to thank Miss Eileen Burns, of the Board of Governors, for the interest she has shown in our publication. To Mr. Frank Burns and Mr. Lewis of the Kentville Publishing Company, and to Mr. Kane and Mr. McGraw of the Maritime Photo Engravers, I am happy to record my appreciation for the courteous co-operation which was so freely given. To the members of the *Pharos* Editorial Board consisting of Kaye MacLean, Budge Archibald, Liz Reeves, Jim Bell, Al Lomas, and Bob Hatcher, a special word of gratitude is due for their sound criticisms and valuable suggestions. And, finally, I would like to express my appreciation to Co-graduate Editor and Undergrad Editor, Liz Reeves, for her monumental labours and her never-failing optimism, and to Assistant Editor, Jim Bell, for the steadying influence which he continually exerted and for his extended and invaluable assistance editorially.

This year we have been responsible for a larger and different style of *Pharos*. We hope that our efforts have been successful and that our book will be a guide to future editors, and that they may carry on the improvement until the Dalhousie Year Book stands foremost among university publications.

—BILL POPE.

## *Does Life Insurance Give Good Value ?*

"Good value" to most of us means "getting our money's worth." These days particularly, each dollar spent must contribute substantially to the family's welfare.

But the family budget has its limitations — some things we cannot afford to buy; other things we cannot afford to do without.

In planning for the future, life insurance is as necessary as food, clothing and shelter. Place it high on your list.

### OF GRANVILLE STREET

For Quality In Men's And Boys' Clothing

Quality is never an accident—it is always the result of intelligent effort. There must be the will to produce a superior thing; a clear conception of what quality is; a knowledge and skill equal to the purpose at hand, a willingness to test the product under any conditions. A standard of quality once attained must be held by a will no less firm than that which established it.—*John Ruskin*

THE LARGEST DAIRY IN THE MARITIME PROVINCES

## Take a guess How much capital is invested in the dairy industry?

Unless you happen to have seen the figure before, you're probably in for a surprise.

There is actually 3½ billion dollars invested in Canada's dairy industry. And here are some more facts that give some idea of its size and importance.

Dairy cows total nearly 4,000,000—one cow for every three people. The industry takes the output of 500,000 dairy farms and produces many products besides butter, cheese, ice cream and milk concentrates. It does a yearly business of over \$400,000,000 and employs, directly or indirectly, over 17% of Canada's population.

### *Borden's* Plays An Important Part

As stated in our last annual report, the Borden Company paid out \$20,840,258 to farmers and suppliers of agricultural materials, employees and for taxes. There are 42 Borden plants and branches with over 3,000 employees.

The Borden Company is aware of its great responsibility to the dairy industry and to the Canadian public. We are doing our level best to live up to the highest standards of quality and service.

501 BARRINGTON ST.

HALIFAX, N. S.

(Foot of St. Paul's Hill)

TEA is the symbol of home and hospitality. Over its friendly cheer companionship expands. It banishes fatigue, invigorates the mind and soothes tired nerves. As a mid-morning energy giver TEA is unchallenged. During the afternoon in the factory, at the office desk, or wherever you may be GOOD TEA stimulates and enables you to carry on. For downright satisfaction use MORSE'S SELECTED ORANGE PEKOE, a favorite in this country for four generations.
