## DEDICATION

To those who have gone forth from this University  
to serve their country in the Cause of Freedom, this  
book is respectfully dedicated.

CARLETON W. STANLEY, M.A., LL.D., LITT.D., F.R.S.C.  
*President of the University*

## MESSAGE FROM THE PRESIDENT

This year, for the first time in our history, I think, there are three graduations: that of the "accelerated" classes in medicine and dentistry, who parted from us in January; the regular May graduation; and another, late in the summer, when other "accelerated" medical and dental students will receive their degrees. I presume that all three groups are included in the *Year Book*. Perhaps a *Year Book* is more than ever necessary under the circumstances.

Yet it must have required some courage, on the part of the Editors, to bring out an issue this year. As a rule the publication deals largely with the lighter side—and that is not an unimportant side—of college life: the Clubs; the Teams; the Debates; the jokes and incidents and personal gossip of the year under review. What with "acceleration," and drilling, and the difficulties of finding suitable living quarters, and adequate meals, even, yours has not been the student life that former Dalhousians have known. But perhaps I shall find when the *Year Book* appears—what indeed I know already—that not even these things have escaped your humour. Your ranks, like the ranks of the professors, have been sadly thinned. Most particularly is this true in Law and in the Humanities. And the tragic irony there is that it is for Law and the Humanities that we are waging war.

One comes at length, even in valedictory, to the ineluctable word. You have lived with it in your ears and hearts these years. Many of you, I know, will presently join the hundreds of Dalhousians already engaged in it.

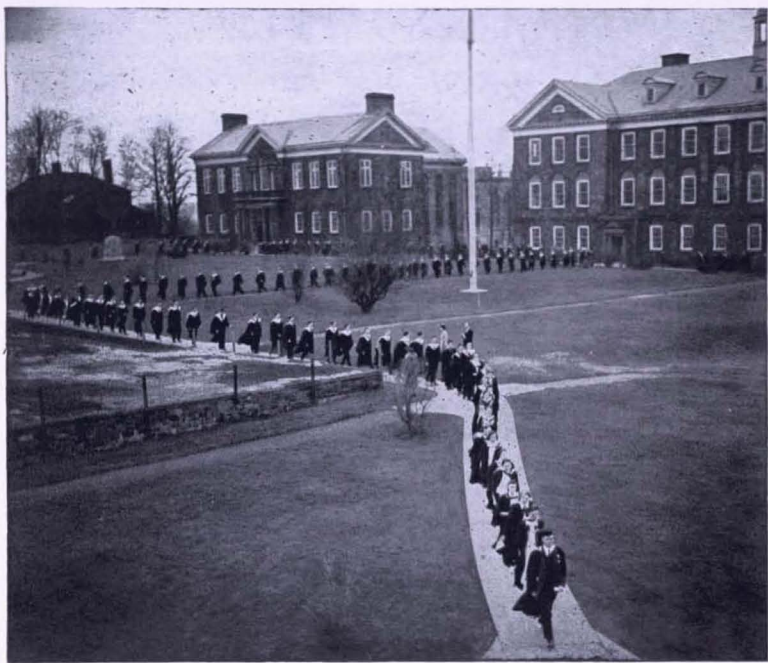

In the days to come you may reflect that your college course was not altogether unlike the one described, as ideal, by Milton, in 1644. He prescribed a great "acceleration" of studies, to be carried on at the same time with infantry, cavalry and artillery practice. The great difference is that Milton prescribed, as indispensable, a college residence and dining-hall! And he wrote when his country was engaged not merely in war, but in civil war. Perhaps your class, out of your experiences, may be the leaders in focussing the University's attention on that third part of Milton's prescription.

Meantime, in all your several ways, may good fortune attend you!

CARLETON STANLEY,  
President.

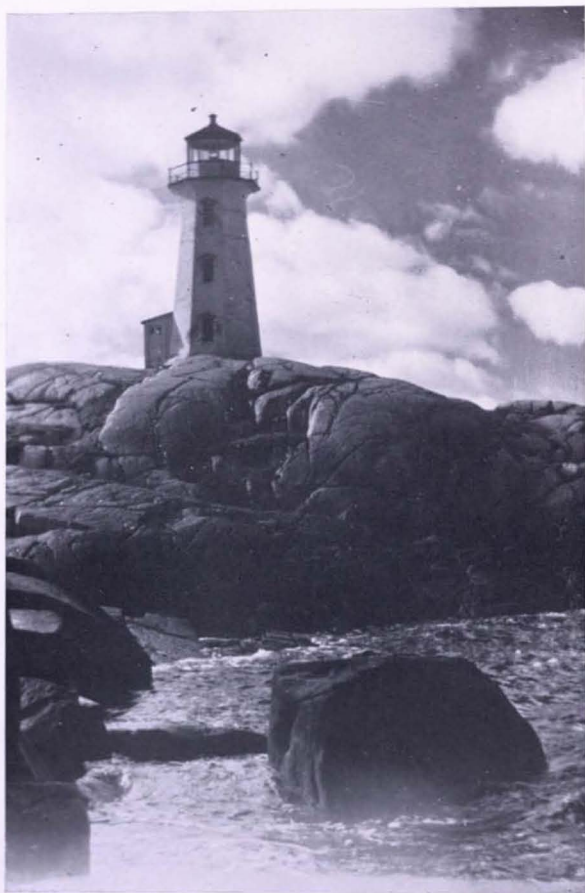

March 18, 1943.

## GRADUATES

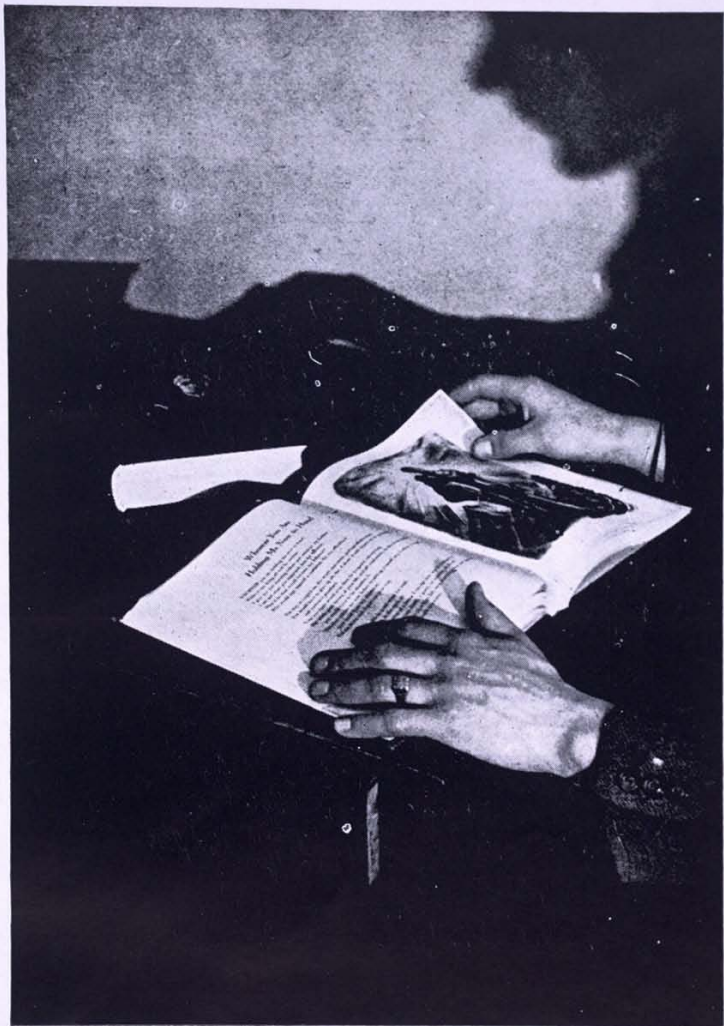

THE GRADUATION PROCESSION

MACASKILL

# ARTS and SCIENCE

Life Officers -- Class of '43

ROBERT SWANSBURG  
President

BETTY BIRD  
Vice-President

ELEANOR DOUGLAS  
Treasurer

CYRIL KING  
Secretary

# BACHELOR OF ARTS

NELSON HENRY AMIRO, Middle East Pubnico, Yarmouth Co., N. S.

Nelson came to Dal after attending Halifax Academy, and this year receives a B.A. He is Boys' Supervisor at the School for the Blind.

BETTY CAROLINE BIRD, Halifax, N. S.

Betty attended Amherst High, entering Dal with an Entrance Scholarship, and later winning the Khaki Scholarship for undergrads. She specialized in English and History, and found time for many college activities, such as Freshman Show, Badminton. President of Alpha Gamma Delta '43. Betty was also secretary of Pan-Hellenic and Midlothian President '43. Her plans are indefinite, but Kay finishes in a year.

MARY MACNEIL BOSWELL, Halifax, N. S.

"Bis" came from Netherwood to make a name for herself on Studley Campus. Mary was President of Pi Beta Phi Fraternity in '43; an active member of Midlothian; Vice-Pres. of Arts and Science; President of Delta Gamma. She was on Malcolm Honour Award Committee in '42; Pharos staff '41 and assistant editor in '42. This year Mary was awarded an honorary D by the Council. Mary has no definite plans, but the Navy seems to have a fascination for her.

FLORENCE U. R. CLAYDEN, Moncton, N. B.

Florence came from Moncton High with a Regional Scholarship and while taking her degree specialized in History and English. She is intensely interested in Badminton, Tennis and Skating, but does not mind a little sleep now and then. Florence has not told us her plans but we know that she will succeed.

PHYLLIS MARGARET CRAMM, St. John's, Newfoundland.

Phyl attended Memorial University College before coming to Dal to make life a little brighter for us. Phyl is specializing in Latin and is an interested member of the Classical Club. Her plans are indefinite "for the duration."

VERA ISABELLE CRUMMEY, St. John's, Newfoundland.

"Crum" had Memorial well in hand and in '41 tackled Dal. Her vivacious personality and friendly manner have captivated many a heart on Studley as well as Forrest Campus. She has been a member of ground-hockey and basketball teams and was Secretary-Treasurer of Shirreff Hall in '43. We hear wedding bells in the distance.

MARGARET OLIVE CAMPBELL DRYSDALE, Halifax, N. S.

Before coming to Dal Margaret was a popular member of Bloomfield High. We most often see her in the Library, and next year she intends to teach. "Best of luck to you, Margaret!"

MARGARET JEAN FARQUHAR, Halifax, N. S.

Margaret came from Halifax Academy to take an active part in Delta Gamma debating—winning her Gold D. She was treasurer of the SCM this year and she also has time to work at the Regional Library and to play Badminton. You usually hear her saying "Don't mind me." Next year she plans to return for Education.

CATHERINE JEAN FINNAMORE, Saint John, N. B.

"Puss" is a graduate of Saint John High, and since coming to Dal has taken part in a one-act play in '40 and the three-act play in '43. This year she took time off from her bridge to be editor of the Co-ed edition of the Gazette, and in her capable handling of this job we see signs of her future success in newspaper work.

HARRY S. GRANTER, Safe Harbour, Nfld.

Harry entered Dal in Sept. '41, winning the Memorial Scholarship. He had a distinguished record at Memorial University College, winning the Old Memorial and Senior Jubilee Scholarships. In 1931 he graduated from Normal School and taught in Elementary and High Schools in Nfld. for several years, entering Memorial in '39. Taking B.A. with distinction, majoring in History and English. Vice-Pres. S.C.M.

MARGUERITE R. GRAVES, Halifax, N. S.

Peggy came from Halifax Academy and since then had added greatly to her number of friends. She is most often seen in the Library and playing Badminton. Next year she plans to teach.

RUTH LOUGHEAD JAMES, Halifax, N. S.

Ruth came from Halifax Academy and since then has been a popular and active member of the Campus. She plays basketball and is Senior representative on the Delta Gamma executive. A member of Pi Beta Phi Fraternity, she was Activities chairman and took part in the Fraternity's one-act play. Ruth's plans are undecided as yet.

THEODORE ASQUITH KING, Brigus, Nfld.

Last attended Brigus Academy. Majoring in History. Played interfaculty hockey '41. Sodales Pres. '42, Vice-Pres. '43, Gold D for Intercollegiate debating. Member of Newfoundland Club, Secretary '41, Pres. '42. Also active in Effective Speaking Club, Round Table Club, and S.C.M. "Pharos" circulation manager '43. Plans to continue in Law next year.

ELIZABETH KINGSLEY LAVERS, Parrsboro, N. S.

Betty first came to Dal in '39 and returned again in '41. She is an active member of Pi Beta Phi Fraternity and is most often seen with Ruth or playing bridge.

ROBERT JARDINE McCLEAVE, Rexton, N. B.

Regional Scholarship on entrance to Dal. Allan Pollok Scholarship. Majoring in Physics and History. Member Students Council '42-'43. Editor of Dal. Gazette '43, winning Gazette D. Bob is Campus reporter for the Halifax Herald, and writes "The Listening Post" in that paper.

MARY ELIZABETH MACKEIGAN, Halifax, N. S.

Before coming to Dal Mary made life at Halifax Academy a little more interesting. At Studley she has taken an active interest in all activities—having been Vice-President of her class in '41, on the Initiation Committee, and in the Freshman Show. She has been outstanding in sports, having been President of the D.G.A.C. in '42 and Basketball Manager in '43. Basketball Gold D '42.

EARNEST FARLANE MACMILLAN, Sydney, N. S.

Ernie is affiliating Arts and Theology, and will continue at Pine Hill next year. Last attended Sydney Academy. Majoring in Philosophy. Ernie has been a popular student on the Dal Campus.

KATHLEEN PYMAN TOWNSEND MARTIN, Halifax, N. S.

"Kay" entered Dal from Halifax Ladies' College with a Regional Scholarship. Although she has been kept busy with her studies in advanced English, she has been very active socially. Along with Basketball, Midlothian and Glee Club, Kay has held the office of Vice-Pres. of Alpha Gamma Delta in '41, and won her Gold "D" for Debating.

FRANCIS EUGENE JOSEPH MURPHY, Halifax.

This year we see this cheery lad step out of college life with a B.A., and we wish him every success. He has been an interested student in both studies and extra-curricular activities. Frank is taking an Honors Course in Modern Languages and History.

MARIE AUDREY PAYZANT, New Glasgow, N. S.

Marie emerged from Netherwood and swept Dal off its feet. She is interested in Badminton, Tennis, Skating, Bowling, and Golfing. She is an active member of Pi Beta Phi Fraternity. Most often signed out for 18 Oxford St., and her favourite expression seems to be "Bridge, Leah?". When asked about her plans: "Before or after Brockville."

THOMAS ALLAN PEACH, Glace Bay, N. S.

From Glace Bay High, Tom is majoring in History. He is a student of Kings College, and President of Class '43 at Kings. Member of Haliburton Club. Frequently seen in Political arguments; his favourite expression is "Are you from the Bay, B!" Valedictorian of Kings graduating class.

ROY RODGERS, Old Perlican, Trinity Bay, Nfld.

Spent a year at Memorial before coming to Dal. Majoring in Philosophy. A Fine Hiller, he will continue next year in theology.

LENORE GRACE MACLEOD SHIELDS, Halifax, N. S.

Before coming to Dal Lenore attended Halifax Academy, and has specialized in English and History here. Badminton, Ping-Pong, and Skating claim her attention when she is not at the Maritime Academy of Music. Her future plans include some type of teaching.

LEAH ALDYTHE THOMAS, St. Stephen, N. B.

Leah came to Dal by way of Netherwood and since coming here has been an active member of Pi Beta Phi Fraternity. Leah's charming manner and delightful wit have made her very popular with all of us.

EVELYN H. TYLER, Halifax, N. S.

Evelyn came to Study from Halifax Academy and while taking her degree specializing in English and History. She enjoys swimming and Badminton and she is usually seen in the Library. Next year she plans to take Education.

CLYDE GLENDON WESTHAVER, Martin's Brook, Lunenburg, Co., N. S.

Clyde attended Lunenburg Academy. He won a Regional Entrance Scholarship, and at Dal. majored in Philosophy. Had part in Freshman Show '38 which was cancelled. S.C.M. Clyde will continue at Pine Hill in Theology.

ANN AUDREY WILMOT, Moncton, N. B.

Audrey entered with a Regional Scholarship and has continued to amaze us with the number of firsts which she acquired. In '40-'41 she won the George H. Campbell Memorial Scholarship. A member of Midlothian, she was Social Convener in '43 and President of Shirreff Hall. Audrey became an active member of Pi Beta Phi fraternity and was Treasurer in '42. Badminton and Le Cercle Francais also claimed her attention.

MARY RUSSELL JOHNSON, Halifax, N. S.

On graduating from Halifax Ladies College, Mary transferred her keen interest to Studley Campus. In her first year she made both Basketball and Ground Hockey teams and was Secretary-Treasurer of her Class in '40, '42, and '43. A member of Pi Beta Phi and President of Pan-Hellenic in '43, she also took part in three one-act plays and was Activities Chairman of Arts and Science.

# BACHELOR OF SCIENCE

JOHN ADLER, Farnham, P. Q.

Johnny came to "the College by the Sea" from Loyola College. He is majoring in Chemistry, and can usually be found with his nose in a Test-tube. Next fall will probably see him as a technical officer in the Air Force.

ARTHUR KENNETH ARCHIBALD, Halifax.

Ken hails from Summerside Academy and Queens University, Kingston. He won both a Regional and Bruce Scholarship. A member of the Gazette Staff in '40, he has also been active in the Glee Club. He is a member of Sigma Chi Fraternity. Ken is assistant in Geology '43. He is most often seen at the Forum.

DAVID MACDOUGALL ARCHIBALD, Glace Bay, N. S.

Dave got his earlier education at Glace Bay High, and at Dal has won the Hector MacInnes and Jotham Blanchard Scholarships. If not at the books, Dave can usually be found at a piano keyboard. He plans to continue in Medicine.

AINSLEY SCOTT ATKINS, New Glasgow, N. S.

A product of New Glasgow High, Ainslie has turned out to be a good student, and last year won a Kellogg scholarship to first year medicine. He is a member of Phi Rho Sigma. Next year will see him well on his way to an M.D.C.M. degree.

JAMES STEWART CAMPBELL, Bear River, N. S.

From Mount Allison Academy, Jim is another destined medico. This year he gets a B.Sc. and next year will see him in second year medicine. He is active in the Music Club, and is a member of Phi Chi Fraternity. Jim was Gazette reporter for Medicine '43.

RUBY LOUISE CASE, St. John's, Newfoundland.

Ruby graduated from Memorial with a Diploma of Arts and Science and came to Dal with the Memorial Scholarship. She was assistant in the Biology lab, and is always seen in the Forrest Building—in some lab or other.

LEON EVERETT CHAPMAN, Amherst, N. S.

Leon last attended Amherst High, and came to Dal with a Regional Scholarship. He has majored in Chemistry, and next year will see him as a Technical Officer in the Army.

DONALD STORY CLARK, Halifax.

Don went to Mount Allison and taught School at Oxford St. in Halifax before deciding that Medicine was his destiny. This year will see him get a B.Sc. and next fall another second-year med. student will be working for that R.C.A.M.C. badge.

HARRY DUBINSKY, Sydney, Cape Breton Co.

"Hashy" hails from the famous isle off our coasts, and this year he will receive his B.Sc. from Dal. A popular figure on the Campus, he has taken an interest in many student activities, such as Shirreff Hall. We wish him every success.

CARL JOSEPH EISENER, Dartmouth, N. S.

From Dartmouth High, Joe is another promising Chemist who delights in flasks and other apparatus. He was a member of the Dal Badminton team '42, and was also active in Sodales, D.A.A.C. and Arts and Science. A member of the Intersarsity Christian Movement. Seen in Chem. 7 lab.

**EDITH RAE GREEK, McAdam, N. B.**

Edie came to Dal and King's from the McAdam Composite School with a King's Entrance Scholarship and later won the Alexandra Society Scholarship, the Lois Hudson prize and the Binney Exhibition prize. She was President of King's Co-ed Student Body in '43 and Co-ed Editor of the Record. She also played Badminton for Kings. She is most often seen at the piano at the Hall.

**THOMAS ROBERT INGRAHAM, Sydney, N. S.**

From Sydney Academy. Majored in Physical Chemistry. Khaki University Scholarship '42. Undergraduate instructor in Physics. Favourite expression "Aw nuts!" We expect to see Tom a successful man in his chosen field.

**HARVEY MACLEOD LEWIS, Louisburg, N. S.**

Attended Louisburg High. Majored in Physics and Math. Regional Scholarship. Member of the U.A.T.C. and plans to continue in the R.C.A.F. after graduation as a technical officer.

**HELEN MARGARET MCKAY, New Glasgow, N.S.**

Helen entered Dal from Pictou Academy with the Patterson Bursary and Pictou Academy Scholarship. She won the Pan-Hellenic Reward in '41 as the outstanding freshman. Helen is a member of Midlothian, on the D.A.A.C. executive, President of Arts and Science in '43 and Senior Representative on the Students Council. A member of the Badminton B team for three years, she was on the Pharos Staff in '42 and '43. She has no definite plans, but "when Johnny comes sailing home!"

**EILEEN BRUNSWICK MADER, Mahone Bay, N. S.**

Eileen came to Dal from Mahone Bay High with her charming chatter, and here has specialized in Chemistry and Biology. She is Vice President of Sodates and is very interested in debating, for which she won a Gold D. She is a badminton player and an ardent bridge fan. Eileen's plans are as yet indefinite.

**YVONNE ADELAIDE MOUNSEY, Edinburgh, Scotland.**

Yvonne came from Bedebug Park, Kent, England, to her degree at Dal. As a Freshette she won the Pan-Hellenic Award, and took part in the Freshman Show, and also in the one-actors in '40, '41, and '43. Active in sports, Yvonne was on tennis, Badminton and Hockey teams in '39 and '40, and tennis manager in '40. A member of Pi Beta Phi Fraternity, she also favors Phi Delta. In the fall of '41 she was assistant in the bacteriology lab. She plans to take a war job.

**ROY ALLEN O'BRIEN, Halifax, N. S.**

Al attended Bloomfield High, Halifax, before coming to Dal. He is a sergeant in the U.A.T.C. and after graduation plans to continue in the R.C.A.F. When the war is over, he hopes to take up teaching and Boys' work.

**RALPH HARVEY O'BRIEN, Halifax, N. S.**

Ralph is another popular scientist who leaves the Campus this year with a B.Sc. He is noted for his interest in photography, and has supplied the Year Book with a number of "shots". Best of luck, Ralph.

**LESTER BENJAMIN SELICK, Charlottetown, P.E.I.**

B.A. from Acadia 1940. Spent two years in the Civil Service, Ottawa, then came to Dal last fall to take a B.Sc., and this year was kept busy with six science courses. Intends to enter the Navy. His pastime is skating. Majoring in Physics.

**ROBERT HARPER SWANSBURG, Halifax.**

Came to Dal from Bloomfield High. Majoring in Physical Chemistry. Active in football, track. President of Class '42 in 1940. Gazette Staff '40. Glee Club, '39 and '40. Two years on Council of Students. 2nd Lieut. in C.O.T.C. Life President of Class '43. Plans to teach after the war.

GERALD R. VAVASOUR, St. John's, Newfoundland.  
Came to Dalhousie from Memorial University College, St. John's. Majoring in Chemistry, and can usually be found in the Chem. 7 Lab.

BERTHA PARKER WOOLAVER, Newport, N. S.  
Bert came to Dal and King's by way of Edgchill, and has been an interested person in all College activities. Her favourite expression seems to be "great scott." A laboratory technician is her next step.

## Bachelor of Science and Diploma of Pharmacy

ADA LOUISE BROWN, St. John's, Nfld.  
Ada comes from Britain's oldest colony, where she studied at Memorial University College, St. John's. Favourite expression: "Darn you." Plans to work as hospital dispenser in Montreal. Best of luck, Ada!

NEIL AINSLIE MACKAY, West Bay, Inverness Co., N. S.  
Neil comes from that famous island of Cape Breton. He is most often seen in Pharmacy College. Plans to enter His Majesty's Services, continuing his work as a pharmacist after the war. Lots of luck, fella!

## Diploma of Pharmacy

WALTER BLAIR TERRIS, River John, Pictou Co. N. S.  
"Terry" is a former student of Pictou Academy and a graduate of Margaret King High, Oxford. At Dal he has been active in the Band as a Baritone, and this year worked on the Year Book. He is a corporal in C.O.T.C.

SISTER CHARLES CLARE, Halifax Infirmary.

## BACHELOR OF SCIENCE

MARGARET ELEANOR DOUGLAS, New Glasgow, N. S.

Norie was a popular member of New Glasgow High before she became an asset to Studley Campus. In '40 she was Vice-president of the Freshman Class, vice-president of the Commerce Society in '41, and vice-president of her class in '43. An enthusiastic member of Pi Beta Phi Fraternity, she was vice-president in '42, and was for two years on the executive of Delta Gamma. We often see her in the Gym store, but she still has time to play basketball, and work on the Co-edition of the Gazette. This year she was elected life treasurer of the Class of '43.

DOROTHY CHRISTIE GRAHAM, Halifax.

Coming from Halifax Academy, Dot took an active part in Studley Campus activities. Vice-President of the Commerce Society in '41 and '43, she was also Class secretary-treasurer in '41. Dot belongs to Alpha Gamma Delta Fraternity and also to the Sociology Club. She holds a gold D for Glee Club and enjoys Music, dancing and swimming. We know she will be greatly missed at Dal.

CYRIL ARTHUR KING, Halifax.

"Cy" came to Dal. from Guysborough Academy with a Regional Scholarship, and was awarded the MacKenzie Scholarship during his stay here. He was Secretary-treasurer of the Commerce Society in '43, and this year was elected Life Secretary of the graduating class. He also held the post of Commerce representative on the Council for '43. Always a popular member of the Campus, "Cy" could usually be found around the ping-pong tables.

DORIS HILDA LOW, Halifax, N. S.

A product of Halifax Academy, Doris has made many friends at Dal and we are all sorry to see her leave. We most often saw her in the classroom, and frequently could hear her saying, "I must type these notes today."

LEONARD MITCHELL, Halifax.

"Mitch" was born in Liverpool, England, but crossed to this country to take up residence in Halifax, where he attended Halifax Academy. The D.A.A.C. has taken up a good deal of his time at Dal, as he has been manager of the Hockey team in '42, of the Football team in '43, and Commerce member of the D.A.A.C. He holds a D.A.A.C. Gold D. Basketball, Ping-Pong and the Dal Band have been his other activities, not to mention C.O.T.C., in which he was C.Q.M.S. "Mitch" was most often seen in the Gym, and next we will see him in the Army.

JOHN ALEXANDER SCRYMGEOUR, Dartmouth, N. S.

"Scrym" has been another of the sportsmen of Dalhousie, as he was a stalwart on the Hockey squads, and holds his D.A.A.C. Gold "D". One of the energetic members of Studley Campus, he has been into some activity or another ever since coming to Dal. We wish him the best of luck!

## DIPLOMA IN MUSIC

FRANCES J. HARRISON, Dartmouth, N. S.

Frances attended Dartmouth High School before coming to Dal. She is a badminton enthusiast. Most often seen at the Music Academy; her plans are to teach music.

GERTRUDE LUCINDA MACLAUGHLIN, Perth, N. B.

LaSalle Junior College. Gertrude is another badminton player; she has acted as pianist for the Glee Club. She is most often seen in bed, and her favourite expression is "My aching back."

# MASTERS

HOWARD KELLY GREER, Halifax.

Howard receives an M.A. in English this year, after getting a B.A. from Dal. last spring. He is an excellent student, and has been associated with the Classical Club at Dal, as well as the Halliburton Club.

EDMUND LEVERETT MORRIS, Halifax.

Ed gets his M.A. this year in Public Administration, having obtained his B.A. last spring. He has held many offices at Dal, in the Newman Club, Effective Speaking Club, and Sodales, and this year is President of the latter. He was a delegate to the first Maritime Student Conference. Ed held the position of Associate Editor of the Gazette in '39, and this year was Sports Editor. He won the James deMille essay prize for '42. After graduation he will leave for Wartime Information Bureau, Ottawa.

MARGARET ANNE HYLAND, Halifax.

"Peggy" is one of the outstanding debaters of Dal., having taken part in both Sodales and Delta-Gamma intercollegiate contests. This year she won her Gold D. An M.A. in Latin awaits her. Best of luck!

BERNARD FRANCIS LONG, St. John's, Nfld.

Bernie came to Dal from Memorial, and in '41 won the Hugh Graeme Fraser Scholarship. He received his B.Sc. in Chemistry last year and this year returned to be a popular instructor in the Chem. lab.

MONTROY J. COHEN, Westmount, P. Q.

"Monty" came to Dal this year to take his M.Sc. in Chemistry. In the short time he has been with us, he has made many friends, and leaves with their best wishes. He expects to enter war work.

VERNON DORSAY CRAWFORD, Amherst, N. S.

"Vern" came here with a B.Sc. from Mount Allison, and was awarded the Macgregor Fellowship in Physics. This is his fifth year as a Physics instructor, and he is senior instructor at Dal. Week-ends in Amherst are his specialty. After receiving his M.Sc. this summer, he leaves for N.R.C.

DOUGLAS AUGUSTINE DARCY, St. John's, Nfld.

Doug gets an M.Sc. in Biology, a subject in which he has always been very much interested. He has studied at Memorial and U. of Toronto. A favourite of the Freshettes in Bio. 1 Lab. He is usually seen coming into German class fifteen minutes late.

JOHN REGINALD DINGLE, Halifax.

Jack got his M.Sc. in Chemistry last fall and now wears the Navy blue. At Dal he was a favourite Chem. instructor, and the uniform makes him even more popular with the fair sex. He received his B.Sc. with high honours in Chemistry and also won the Governor-General's medal.

JAYSON GREENBLATT, Moncton, N. B.

Jay got his B.Sc. last fall in Chemistry and this year gets his M.Sc. He is a Chem. instructor and next year will be doing war work.

LEONARD HATFIELD, Port Greville, N. S.

Len is a Kingsman, this year receiving an M.A. That sunny smile will stand him in good stead in his chosen profession, Divinity.

GEORGE BERNARD ROSENFELD, Brooklyn, New York.

Adding another degree to his already imposing list, George gets his M.Sc. in organic chemistry. He holds a B.A. from New York University and an M.A. from Columbia. Next year he will enter third year medicine. Favourite expression: "Get that apparatus away. Time to close now!"

CHARLOTTE M. SULLIVAN, St. Stephen, N. B.

Carly gets an M.Sc. in Zoology this year, having received a B.Sc. in '41. She has been active in sports at Dal, and holds a D.A.A.C. Gold D. for tennis and basketball. A member of Alpha Gamma Delta. Favourite expression: "I'm afraid you've ruined this dissection!"

# EDUCATION

# DIPLOMA OF EDUCATION

PHYLLIS RUTH BLAKELY, Halifax, N. S.  
B.A. Dal '42. North British Society Centennial Bursary 1940-43.  
Badminton, Basketball, Gazette, S.C.M. Plans to teach.

BERNICE JOSEPHINE FINCK, Halifax, N. S.  
Bloomfield High School, B.A. Dal '42; Usually seen at Murray  
Homestead, saying "You don't say."

ELIZABETH RAINS LITTLEJOHNS, Westfield, N. B.  
I.O.D.E. Bursary, Bridgewater, Leonard Foundation Scholarship,  
'40, '41, '42. B.A. Dal '42. President of S.C.M., Midlothian Society,  
Shirreff Hall House Committee. Tennis, Badminton and Ping-Pong.  
Plans teaching.

JANET EILEEN MACLEAN, Sydney Mines, N. S.  
Entered with Regional Scholarship in '39. Howard Murray Prize  
'41. B.A. Dal '42 Student Assistant in Elementary Latin. S.C.M.,  
Hospital Library War Work—Plans to teach.

HELENA BLANCHE SMALL, Tiverton, N. S.  
B. A. '42, Acadia University. Plans teaching.

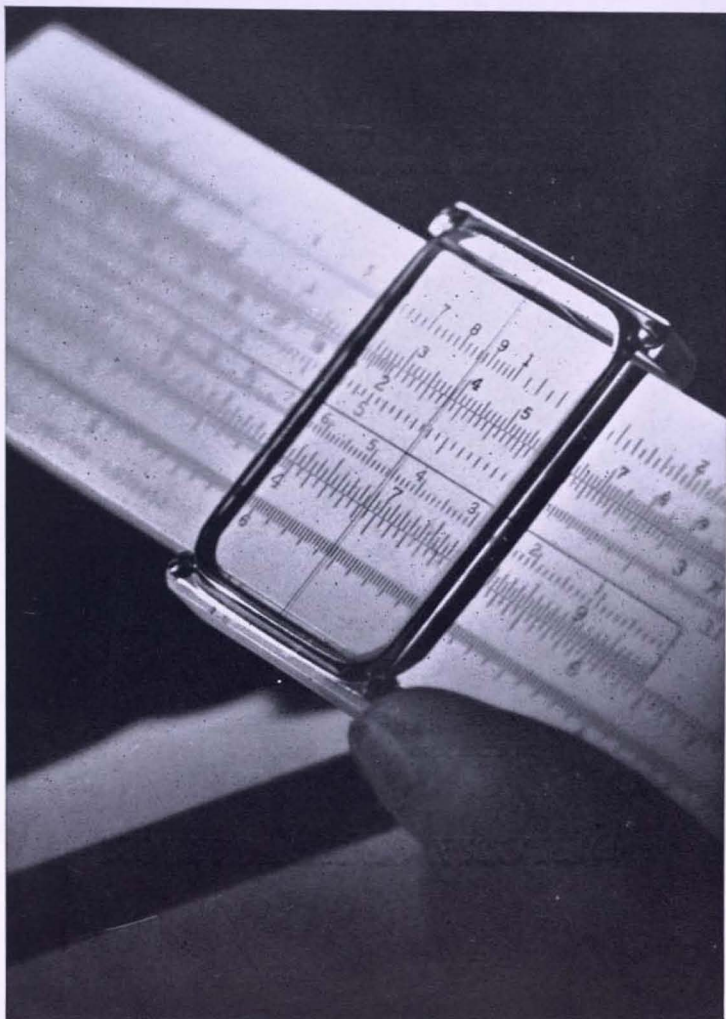

CATHERINE STERNS WELDON, Dartmouth, N. S.  
Regional Scholarship. B.A. Dal '42. Basketball. Most often  
seen walking to and from the ferry—saying "Oh damn it." Intends  
to teach.

JEAN DRURY YOUNG, Dartmouth, N. S.  
B.A. '42, Acadia University. Plans teaching.

MARGARET ELIZABETH ELLS, Halifax, N. S.  
King's College, University of London. B.A. Dal '29, M.A. Dal '30.  
Debating and Literary D's. Employed at Public Archives of Nova  
Scotia.

# ENGINEERING

# DIPLOMA OF EDUCATION

PHYLLIS RUTH BLAKELY, Halifax, N. S.

B.A. Dal '42. North British Society Centennial Bursary 1940-43, Badminton, Basketball, Gazette, S.C.M. Plans to teach.

BERNICE JOSEPHINE FINCK, Halifax, N. S.

Bloomfield High School, B.A. Dal '42; Usually seen at Murray Homestead, saying "You don't say."

ELIZABETH RAINS LITTLEJOHNS, Westfield, N. B.

I.O.D.E. Bursary, Bridgewater, Leonard Foundation Scholarship, '40, '41, '42. B.A. Dal. '42. President of S.C.M., Midlothian Society, Shirreff Hall House Committee. Tennis, Badminton and Ping-Pong. Plans teaching.

JANET EILEEN MACLEAN, Sydney Mines, N. S.

Entered with Regional Scholarship in '39. Howard Murray Prize '41. B.A. Dal '42 Student Assistant in Elementary Latin. S.C.M., Hospital Library War Work—Plans to teach.

HELENA BLANCHE SMALL, Tiverton, N. S.

B.A. '42, Acadia University. Plans teaching.

CATHERINE STERNS WELDON, Dartmouth, N. S.

Regional Scholarship. B.A. Dal '42. Basketball. Most often seen walking to and from the ferry—saying "Oh damn it." Intends to teach.

JEAN DRURY YOUNG, Dartmouth, N. S.

B.A. '42, Acadia University. Plans teaching.

MARGARET ELIZABETH ELLS, Halifax, N. S.

King's College, University of London. B.A. Dal '29, M.A. Dal '30. Debating and Literary D's. Employed at Public Archives of Nova Scotia.

# DIPLOMA IN ENGINEERING

HENRY BAIRD CARTER, St. John's, Nfld.

Henry has been with us for only one year, but has shown a keen interest in campus activities. He came to Dal from Memorial and two years of study in England. In spite of a heavy course, he has found time for Shirreff Hall and the Music Club, holding the position of secretary in the latter. The engineering column in the Gazette has also received his attention. Henry could usually be found arguing with one of the professors or in the drafting-room.

DANIEL ANDREW EISENHAEUER, Lunenburg, N. S.

Andy came to Dal from Lunenburg High and King's Collegiate School, in the footsteps of his elder brother, Martin. His chief interest seems to have been the Army. Last summer he spent his vacation as Sergeant instructor with the Reserve Army, and has recently been promoted to the same rank in the O.T.C. Andy has a keen love for boating and tennis.

VERNE ALLISTER GRAHAM, Halifax.

Halifax Academy turned out Verne in time for him to enter Dal with the Class of '43. He has been a very popular member of the student body and has made many friends. He has taken part in Interfaculty basketball, hockey, and football. Verne has been vice-president of the Engineering Society the past year. He is most often seen with Graham Bennet or at Joe's.

DONALD ARTHUR MOIR, Dartmouth

Don has been President of the Engineering Society this year, and has executed his duties in a very worthy manner. He always shows a keen interest in any college activity and has been a leader in such. Don has played Interfaculty football and hockey, and is a member of Sigma Chi. The Technical College will see him next year, and here's wishing him luck.

ROBERT DUNCAN MUSSETT, Halifax.

Bob has been a popular member of the Campus ever since he arrived with the Class of '43. He came to Dal from Halifax Academy. He has held the office of Class President and has risen from the ranks in C.O.T.C. to a qualified First Lieutenant. A member of Phi Delta Theta Fraternity, he has been their president, and has represented them on a convention in the U.S.A. His ambition is to go on Active Service.

GEORGE PARKER FIELDING, Dartmouth, N. S.

Parker came to Dal from Dartmouth High, and has distinguished himself as a student, gaining the respect and the admiration of all his fellows. His ability needs no mention here, but he always is a "couple of jumps" ahead of the majority of his mates. This past term he has been Secretary of the Engineering Society. Next year he plans to enter Tech.

ROBERT DONALD THOMAS WICKWIRE, Halifax.

Bob has been a very popular student at Dal. He went to Halifax Academy for his earlier education. A member of Sigma Chi Fraternity he holds the position of Treasurer. He has also acted on the Engineering Society executive. For the past three years he has been on the Engineers Football team. He has received his commission as a Second Lieutenant in the C.O.T.C. Favourite expression: "Pick up the step."

WILLIAM ALEXANDER KEITH WICKWIRE, Halifax.

Keith received a B.Sc. from Dal in '37. This year he returned to work at the subjects standing between him and an Engineering Diploma. A member of Sigma Chi, he has taken an active part in the Glee Club and Interfaculty sport. Keith is an ardent camera fan. Civil engineering at Tech is in his mind.

# BACHELOR OF SCIENCE AND DIPLOMA IN ENGINEERING

GRAHAM ALWARD BENNETT, New Glasgow, N. S.

"Grahamie" has been one of the outstanding engineers of the year. The fact that he is the winner of the coveted "Bob Walter Award," our highest honour for a fellow engineer, speaks for itself. He came to Dal. from New Glasgow High, starting in Science and eventually turning to Engineering. Graham has been active in College activities and has been a member of the Band and Orchestra (Gold D), as well as occupying a seat on the Student's Council this year. We expect to see him a successful mechanical engineer.

DONALD ARCHIBALD BURRIS, Upper Musquodoboit, N. S.

Don came to Dal. from Colchester Academy in Truro. He has been a good classmate and student. On entering third year, Don won the James L. Hall Scholarship, awarded to an engineer who has completed the second year with "distinction standing." He is usually seen hanging around the Park end of Tower Road. Next year he plans to enter Tech.

WILLIAM FREDERICK HARRIS, Halifax.

"Willie" has the amazing faculty of being up to date in all his work and at the same time spend the day around the gym. He came to Dal from Bloomfield High, entering with a regional Scholarship. Interfaculty sports have interested Bill and he has been a member of Championship teams, both football and basketball for the past two terms. He contributes to "T Square" the Engineering column in the Gazette.

DONALD AKERLY MACKAY, Petite River, N. S.

Don has Mahone Bay High School to thank for his earlier education. He has been a familiar sight among the tables of the Drafting-Room. Civil Engineering is his ambition and he spent his second summer vacation with the Topographical Survey. Don's favourite expression might be "Say, you're wrong."

JOHN GRAY MACLEAN, Hopewell, Pictou Co., N. S.

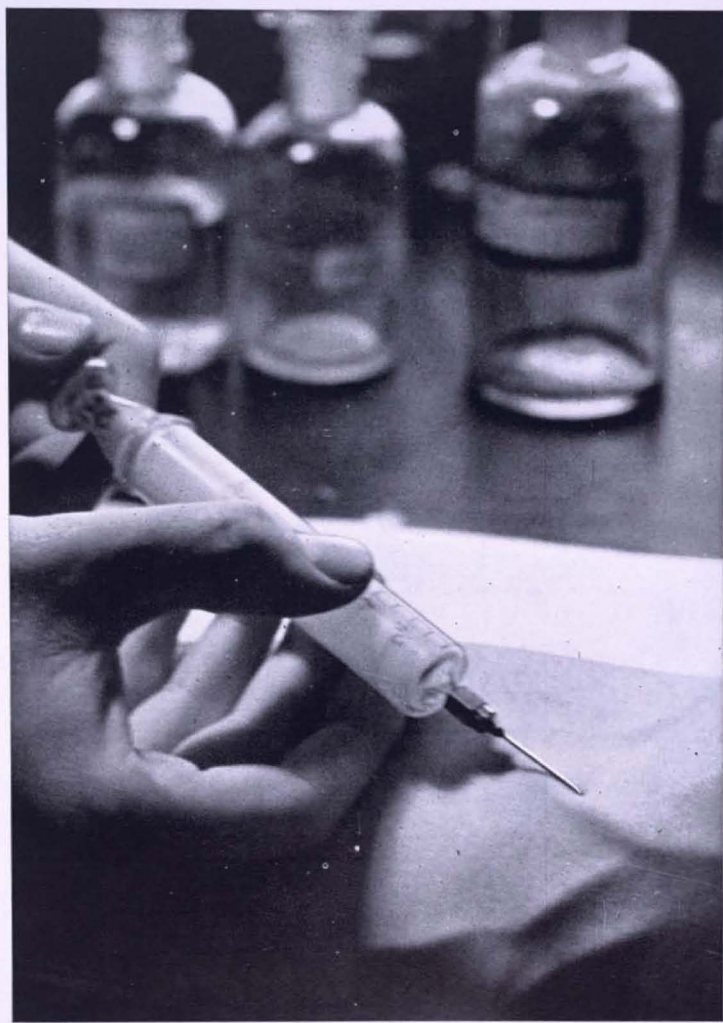

"Sparky" came to Dal from Stellarton High, and has been one of the most active and popular of the Engineers. He was a member of the Band in '40 and '41 and this year is on the Year Book staff. For two years Johnny was a Corporal in O. T. C., and this year obtained exemption from training to carry on as Assistant Engineer for War-time Housing Limited. His plans are as yet indefinite, but we wish him the best o'luck.

GORDON BLANCHARD WISWELL, Halifax.

"Wiswell" received his earlier education at Bishop's College School Lennoxville, Quebec. He has been very active in many phases of college life. Sports have interested him, and he has played Senior Hockey, Intermediate and Senior Football, and Interfaculty Basketball. He holds a D. A. A. C. Silver D and a Council Gold D. As Business and Property manager of the Glee Club, he has been a key-man in that organization for the past three years. Blanchard has been a member of the Student's Council for the past two years, a Sergeant in O. T. C., and President of Class '43 this past year. We are sure that he will succeed as he goes out from Dalhousie.

# MEDICINE

FORREST BUILDING  
*Medicine, Dentistry, Law*

MEDICAL AND DENTAL LIBRARY

**JAMES DOUGLAS MACFETRIDGE**, Middle Musquodoboit, N. S.

Doug has received all his higher larnin' at Dal. A modest boy, Doug has marked up another one for the strong silent men. At present he is on leave from the army, as assistant physician at the N. S. Hospital, Dartmouth.

**IAN MURRAY MACLEOD**, Halifax, N. S.

Ian is the second in his family to graduate in Medicine at Dal. He has been a quiet, steady student and his vices have escaped us entirely. Ian is—need we say—in the Army.

**WILLIAM ALEXANDER MACQUARRIE**, Moncton, N. B.

"Willie" is noted chiefly for his dry humor and his interest in the off duty hours of a certain nurse at the Children's Hospital. Phi Rho Sigma fraternity. Willie is perfecting his skill on the unsuspecting natives of Stellarton.

**CHARLES NELSON MOREHOUSE**, Centerville, Digby Co., N. S.

B.Sc. at Dal. Charlie has been a consistent favourite among the ladies. His medical knowledge is a delightful combination of the Farmer's Almanac, the Manual of Veterinary Surgery and Boyd's Pathology. Charlie is practicing his witchcraft in Noel, Hants Co.

**NEIL ALLISTER MORRISON**, New Waterford, N. S.

B.Sc. from Acadia. "Al" had absorbed all the "fine points" of that famous co-educational institution at Wolfville. The result was that he was way ahead of the field while at Medical School. Plans to marry in the near future. Sigma Chi and Phi Chi Fraternity's Basketball Manager are his sidelines.

**WILLIAM ARNOLD MURRAY**, Tatamagouche and Hillsboro, C. B.

Pre-med at St. F. X. Bill's only claim to fame is his insistence that man is not intended to be a vertical animal. He is continuing his research along these lines. He hopes to get his paychecks from the R.C.A.F.

**IVAN CHESLEY PRICE**, Fredericton Junction, N. B.

"Ivan the Terrible" has been a terrific student since leaving U.N.B. He has made a remarkable showing at Dal., and has been a swell fellow in the bargain. He is currently being underpaid by the Army.

**HAROLD CECIL REID**, Elmsdale, N. S.

Pre-med at Mount A. At Dal he has been right at the top. Spent a year as assistant in Pharmacology. Has contributed to various Medical Journals and has been in general a model boy. Harold went into "double harness" following graduation. Another good catch for the Army.

**CHARLES AUGUSTUS ROBERTS**, St. Johns, Nfld.

Memorial College, then a B.Sc. at Dal. Charlie has been one of our more versatile students. Student Council, Glee Club, Phi Kappa Phi, Gazette, Interfaculty sports. Politician, Philosopher and champion of his native land. Charlie was married in his fourth year. Interested in Public Health. At present he is on leave from the Army to act as resident physician at the N. S. Hospital.

**JOHN RALSTON RYAN**, Springhill, N. S.

B.Sc. at Mt. A. Ralston has never consciously been on time for a class. Aside from that his only weakness is for the fair sex. He was married in his fifth year. We are not sure just what his wife plans for him to do.

# DOCTOR OF MEDICINE and MASTER OF SURGERY

(Graduated January 1943)

DAVID BRENTON ARCHIBALD, Sydney Mines, N. S.

Pre-med at Dal. Dave has been a steady student. Favourite pastime: skating and driving his "Baby Austen." Favourite expression: "Aw, heck! What do they want now?" Future plans: Post-graduate work.

CHARLES MILLER BALLEM, New Glasgow, N. S.

Pre-med at Dal. Interscholastic and senior football '38-'39. Phi Kappa Phi fraternity. C.O.T.C. with rank of R.S.M. Miller is in the R.C.A.M.C.

HERBERT ARTHUR BIRD, Liverpool and St. John, N. B.

Art has been right up there at the top since taking a few pre-requisite courses at Mount A. He is a Phi Rho Sigma stalwart, editor and staff member of the Dalhousie Medical Journal. Interfacial hockey. Now with R.C.A.F.

NORBERT CHARLES GRANT, Montague, P. E. I.

Pre-med at Prince of Wales College. Norbert is the third of his family to go through the "Forrest Mill." A good student. He has yet to explain where he was all through his fourth year. He is currently being annoyed by the bugler at camp.

LEO GREEN, Halifax, N. S.

Leo got all his education in Halifax. The midget of the class but a lion among ladies. Leo has been a hard worker and will do well R.C.A.M.C.

AUGUSTINE MACDONALD GUY, St. John's, Nfld.

"Gus" arrived at the Medical School via Memorial College. Noted for his phlegmatic personality, he is not easily perturbed by the vicissitudes of a Medical education. Phi Rho Sigma fraternity. At present he is stationed with the R.C.A.M.C. in the Old Colony.

EDWARD RICHMOND HARRIGAN, Sydney, N. S.

Ed got all his higher education at Dalhousie. A brilliant student he has been a consistent leader of his class, winning several academic prizes. Secretary of the Medical Society '41-'42. His favourite pastime is wood-carving or canoeing. Winner of the Graeme Fraser Memorial Award as the most outstanding resident of Pine Hill '42. He is currently fitting the biggest pair of shoes in the R.C.A.M.C.

WILLIAM JOHN HIGGINS, St. John's, Nfld.

Bill came to the Medical School via Memorial, and has been a consistently good student. Phi Rho Sigma president '41-'42. Now with the R.C.A.M.C.

ROBERT FOWLER INGRAHAM, Campbellton, N. B.

Bob came to the Medical School via Mount A. and Queens. Phi Ki Fraternity. He has made a fine showing academically, along with being the inseparable companion of Jo Jo during many a friendly prowl. Bob married in his final year and is now in the R.C.A.M.C.

BLOIS C. LEPAIGE, North Restigouche, P. E. I.

Prince of Wales College, then B.A. at Dal. Phi Chi Fraternity. Blois also has a good record at Medical School, with plenty of time left over for numerous social contacts. Blois is married and is resident physician at the Victoria General Hospital.

# DOCTOR OF MEDICINE and MASTER OF SURGERY

## Graduates, August 1943)

THOMAS ASHBURTON ANDERSON—Fredericton, N. B.

Came to Dal. with a B.A. from U.N.B. Secretary of Phi Chi '42. Interfaculty Football and hockey '40, '41, '42. R.C.A.M.C.

ROBERT WILLIAM MacASKILL BETHUNE, New Glasgow and Baddeck, N. S.

Pre-med at Dal. Member of Phi Rho Sigma. Assistant Editor of Student Medical Journal. R.C.A.M.C.

STANLEY SCOTT BLAND, Halifax, N. S.

Took his pre-med. at Mount A. and came to Dal. in '39. Student Council of Pine Hill '42. R.C.A.M.C.

JOHN HERBERT CHARMAN, Halifax, N. S.

Pre-med at Dal. Intermediate Basketball '38-'42. Interfaculty Football and basketball. Gold and Silver D's. D.A.A.C.; Member at large '40-41, Secretary-Treasurer '41-'42, President '42-'43. Member of Phi Kappa Pi. R.C.A.M.C. Congratulations and best wishes to you and Audrey.

JAMES BRUCE CROWE, Annapolis Royal, N. S.

Completed his pre-med at Mount A. and came to Dal. in '39. Member of Phi Chi. R.C.A.M.C.

LLOYD GEORGE DEWAR, New Perth, P. E. I.

Pre-med at prince of Wales College. House Manager of Phi Rho Sigma '41-'42. R.C.A.M.C.

KENNETH ARCHIBALD FRASER, Whycoomagh, C. B.

Pre-med at Dal. '37-'39. Treasurer of Phi Chi '40-'41. Medical Journal; Class Representative '39-'40, Associate Editor '40-'42, Editor '42-'43. R.C.A.M.C.

JAMES FRASER KEAYS, Newcastle, N. B.

B.A. from Mount A., B.Sc. from Dal. '39. Treasurer Phi Chi '41-'42. Lieutenant Dal. C.O.T.C. R.C.A.M.C.

HARLAN DAVID LAVERS, Parrsboro, N. S.

B.Sc. from Acadia '39. Member of Phi Rho Sigma. R.C.A.M.C.

CLAUDE MOORE LEIGHTON, Moncton, N. B.

B.Sc. from Dal. '40. Varsity Football '40-'41. Phi Rho Sigma. R.C.A.M.C.

**SAMUEL YARN SHIRLEY**, English Harbour West, Nfld.

"Sammy" is a Memorial product. A good student and hard worker, Sammy will be a good bet to get the job done with a minimum of fuss. Phi Chi Fraternity. Sammy is endeavouring to prove that two can live cheaper than one. (With success, we are sure.) Mark down another for R.C.A.M.C.

**GEORGE MURRAY SMITH**, Liverpool.

"Mike" is the biggest man of the class physically and otherwise. A Mt. A. product. Phi Kappa Phi Fraternity. Senior basketball. Student Council, Class President, Irrepressible hypomaniac, and above all, Malcolm Honour Award Winner, 1943. Mike has been a leader and swell fellow right through. He is at present practising with "Pappy" in Liverpool.

**RICHARD JOSEPH FRANCIS MURPHY**, Halifax.

"Dick" needs no introduction here. His strength and weaknesses are common knowledge, the price of fame. Has held various positions on Glee Club, Student Council, Gazette contributor, and so on. Phi Delta Phi Fraternity. Dick's first care is the Navy. Needless to say he is now a Surgeon-Lieutenant.

**JOHN KEMP MORRISON**, St. Peter's, N. S.

"Kemp" is a Mount A. product who has upheld the good old Cape Breton traditions at Dalhousie. A Phi Rho stalwart, Kemp is now doing his bit on the morning sick parade.

**LYNN ELWYN BASHOW**, Liverpool.

Pre-med at Mount A. Lynn has been a steady worker and a swell fellow. His only known weakness is "Maple Buds." His one ambition is to get on the same side of the "big ditch" as a certain Army Nurse. Lynn is now in the Army.

**STUART DENOON DUNN**, Pictou, N. S.

B. A. at Mount A. Came to Dal. along with the rest in 1938. Stuart has been a leader all through medicine. Plays the piano better than most of the boys can play poker. Stuart has been able to avoid all campus scandal, which is going some. He is now resident physician at St. John General Hospital.

**JAMES ROBERT FEINDEL**, Bridgewater, N. S.

"Big Jim's" Memoirs about "the life of a little college" would make a sally supplement to Dr. MacMecan's book of the same title. B.Sc. from Acadia. An outstanding athlete in any man's game. Brilliant student, Nocturnal Prowler Extraordinary. Jim will be remembered by a host of friends and "associates." He is now in the R.C.A.M.C.

**FREDERICK HULLEEM GEORGE**, St. John, N. B.

B.A. from St. Joseph's; B.Sc., St. F. X. Fred has been a hard worker and successful student. His only known girl friend is "Madeline Carroll." A philosopher all the way, Fred prefixes all expositions "Now....." Fred is also a soldier.

**SAMUEL JOSEPH GLICK**, Halifax.

"Sammy" got all his education at Dalhousie. He crowded more into seven years of exceptional academic work than most of his colleagues would in twelve years. A keen fellow and a good guy, you can bet Sammy will get there o.k. The Army is looking after him for an indefinite period.

**HUGH MALCOLM HENDERSON**, Halifax.

"Homborg Hughie" has been a Dalhousie man right through. Phi Delta Phi Fraternity. Charter member of many a "bull session." Hughie is a Navy man.

**BRUCE MACCANNELL**, Charlottetown, P. E. I.

Acadia and Dalhousie. "Bruce" can always be counted on to say or do the wrong thing in the right place, "eh, what, Bruce?" He is a veteran of the Society of Benedictines. By the latest count he has a family of two. Bruce plans to practice in Amherst.

**JOHN ALLAN MACCORMACK**, East Bay, Cape Breton Co.

John holds B.A. and B.Sc. degrees from St. F. X. He has had a notable career as teacher, college professor and medical student. A conscientious and successful student, John can be expected to make the most of his opportunity. Phi Chi Fraternity. Senior football and the piano are his diversions. He is with the R.C.A.M.C.

**JOSEPH AUGUSTINE MACDOUGALL**, Sydney.

B.Sc. from St. F. X. Joe has been a leader in college activities at Dalhousie. Senior football and hockey. Phi Chi Fraternity, Student Council and Student Medical Society. Joe refuses to take life, study or himself very seriously. He is with the R.C.A.F.

**HECTOR IAN MACGREGOR**, Halifax.

B.Sc. from Dal. Ian is a "dour Scot" who has made a fine record scholastically and has been a perennial star on the senior football and hockey teams. Phi Rho Sigma fraternity. Ian has recently been married and is with the Army.

**NEWTON GEORGE PRITCHETT**, Gambo, Nfld.

"Newt" attended Memorial College before coming to Dal. A good student, a golfing enthusiast and all-round good fellow. Newt will do well in his chosen profession. Phi Chi Fraternity boasts him as an alumnus. He also is doing his bit with the R.C.A.M.C.

**WILLIAM ANGUS SHEA**, St. Louis, P. E. I.

"Angie" attended St. Dunstons in Charlottetown, getting his B.A. This was followed by a B.Sc. at St. F. X. At Dal he has been the source of many a laugh. Self-styled ping-pong champion and all round athlete, he can talk the best game on record. He is a sure cure for any case of Melancholia. He is now on the Army team.

**JOHN FRANCIS LYDIARD WOODBURY**, Halifax.

B.Sc. from Dal. Phi Rho Sigma Fraternity. Student Council, President Student Medical Society, patron of the Arts, Glee Club, etc. Jack has a way with him that assures success. An army man at present.

# DOCTOR OF MEDICINE and MASTER OF SURGERY

## Graduates, August 1943)

THOMAS ASHBURTON ANDERSON—Fredericton, N. B.

Came to Dal. with a B.A. from U.N.B. Secretary of Phi Chi '42. Interfaculty Football and hockey '40, '41, '42. R.C.A.M.C.

ROBERT WILLIAM MacASKILL BETHUNE, New Glasgow and Baddeck, N. S.

Pre-med at Dal. Member of Phi Rho Sigma. Assistant Editor of Student Medical Journal. R.C.A.M.C.

STANLEY SCOTT BLAND, Halifax, N. S.

Took his pre-med. at Mount A. and came to Dal. in '39. Student Council of Pine Hill '42. R.C.A.M.C.

JOHN HERBERT CHARMAN, Halifax, N. S.

Pre-med at Dal. Intermediate Basketball '38-'42. Interfaculty Football and basketball. Gold and Silver D's. D.A.A.C. Member at large '40-'41, Secretary-Treasurer '41-'42, President '42-'43. Member of Phi Kappa Pi. R.C.A.M.C. Congratulations and best wishes to you and Audrey.

JAMES BRUCE CROWE, Annapolis Royal, N. S.

Completed his pre-med at Mount A. and came to Dal. in '39. Member of Phi Chi. R.C.A.M.C.

LLOYD GEORGE DEWAR, New Perth, P. E. I.

Pre-med at prince of Wales College. House Manager of Phi Rho Sigma '41-'42. R.C.A.M.C.

KENNETH ARCHIBALD FRASER, Whyecomagh, C. B.

Pre-med at Dal. '37-'39. Treasurer of Phi Chi '40-'41. Medical Journal; Class Representative '39-'40, Associate Editor '40-'42, Editor '42-'43. R.C.A.M.C.

B.Sc. from Acadia '39. Member of Phi Rho Sigma. R.C.A.M.C.

CLAUDE MOORE LEIGHTON, Moncton, N. B.

B.Sc. from Dal. '40. Varsity Football '40-'41. Phi Rho Sigma. R.C.A.M.C.

ARCHDALE SYDNEY LEWIS, St. John's, Newfoundland.  
Pre-med. at Memorial University College. Phi Chi Fraternity.  
R.C.A.M.C.

LLOYD ALLAN MacLEOD, Glace Bay, C. B.  
Came to Dal. in '39 from Mount A. Member of Phi Rho Sigma  
R.C.A.M.C.

JOHN HUBERT MOLLOY, St. John's, Newfoundland.  
Pre-med. at Memorial University College. Interfaculty football.  
R.C.A.M.C.

IRVING ABRAHAM PERLIN, Sydney, C. B.  
B.Sc. from Dal. '40. Interfaculty football and Basketball '40-  
'42. Phi Delta Epsilon Fraternity; Secretary '40-'41; Pres. '42-'43.  
R.C.A.M.C.

RONALD MORRISON RITCHIE, Sydney, C. B.  
Pre-med. at St. F. X. Interfaculty Football '40-41. Phi Rho  
Sigma: V.-Pres. '40-'41; Pres. '41-'42. R.C.A.M.C.

ROBERT MACKAY ROWTER, Maitland Bridge, N. S.  
Diploma from N. S. Agricultural College. Pre-med. at Dal.  
'37-'39. Prizes in Anatomy '40-'41. Prize in Pathology '42. Kellogg  
Scholarship '42. Co-manager of Dal. Medical Book Bureau '41-'42.

JOHN RONALD SULLIVAN, Fairville, N. B.  
B.S. from Holy Cross College where he specialized in biology.  
Member of Phi Chi Fraternity. Interested in Obstetrics. R.C.A.M.C.

DONALD FRASER SUTHERLAND, New Glasgow, N. S.  
Pre-med. at Dal. '37-'39. Pine Hill Student Council '42. Inter-  
ested in Obstetrics. R.C.A.M.C.

HENRIK ODD TØNNING, Black's Harbour, N. B.  
B.Sc. from Dal. '40. Prof. R. J. Bean Prize '49. Prize in Pathol-  
ogy '42. Kellogg Scholarship '42. Phi Chi Fraternity; Presiding  
Junior '41-'42; Presiding Senior '42. Med. Rep. on Student's Council  
'41-'42. Pres. of Student's Council '42-'43. Pres. Class '43. Business  
Manager Medical Journal '41-'42. Interfaculty Football and Hockey  
'39-'42. Hopes to Study Pathology after the war. R.C.A.M.C.

CARL WILLIAM RODERICK TUPPER, New Glasgow, N. S.  
Pre-med. at Dal. B.Sc. in '40. Kellogg Scholarship '42. Inter-  
mediate Football '38-'40. Intermediate Basketball and football '39-  
'42. Most often seen at 70 Jubilee Rd. R.C.A.M.C.

LOUIS MAURICE VENIOT, Bathurst, N. B.  
B.A. from Sacred Heart College. Pre-Med at Dal. '36-39. Sigma Chi: Secretary '37-'38; Consul '39-'40. Phi Chi: House Manager '40-'41; Judge Advocate '41-'42. R.C.A.M.C.

JOHN SIDNEY WRIGHT, Bedeque, P. E. I.  
Pre-med. at Dal. B. Sc. '40. Cowie Memorial Medal in Obstetrics '42. Med. Representative on Student's Council '40-'41. V. Pres. of Dal. Medical Society '41-'42. Vice Pres. Class '43. R.C.A.M.C.

JOHN BELL DOWNING, Summerside, P. E. I.  
Pre-med at Prince of Wales College. Interfaculty Football and Hockey '39-'42. Dr. John F. Black Prize in Surgery '42. Phi Rho Sigma. R.C.A.M.C.

GORDON WALLACE BETHUNE, Baddeck, C. B.

B.Sc. from Acadia. Member of Phi Rho Sigma. Associate Editor of Student Medical Journal. Interfaculty Football. R.C.A.M.C.

FRANCIS ALFRED DUNSWORTH, Halifax, N. S.

St. Mary's College. Pre-med. at Dal. Phi Delta Theta Fraternity. C.S.M. Dal. C.O.T.C. R.C.A.M.C.

DAVID GAUM, Sydney, C. B.

Pre-med at Dal. '36-'39. Phi Delta Epsilon Medical Frat. R.C.A.M.C.

BERNARD FREDERICK GRAHAM, Halifax, N. S.

B.A. and B.Sc. from Dal. Vice-Pres. of Student's Council '41-'42. Member at large '42-'43. Active member of Student Christian Movement.

DONALD VYE GRAHAM, Halifax, N. S.

B.Sc. from Dal. Best of luck to Chris and you. Plans indefinite.

LOUIS KRISTAL, New Waterford, C. B.

Pre-med at Mount A. Member of Phi Delta Epsilon Medical Frat.

LOUIS EDMUND LAWTON, Wabana, Nfld.

"Lou" is a Memorial College Product. Tall, dark, and dreamy, Lou gives the impression of a sleepwalker at times, but don't let that fool you.

ROBERT GORDON MacKENZIE, Truro, N. S.

B.A. from Acadia '39. Treasurer of Dal. Medical Society '40-'42. Phi Rho Sigma. R.C.A.M.C. Congratulations on your recent marriage and best of luck Gordie.

NEIL FRANCIS MACNEILL, Glace Bay, C. B.

B.Sc. from S. F. X. Chapter Editor of Phi Chi '40-'41. Varsity Football '39-'40. Interfaculty Football '40-'43. R.C.A.M.C.

PATRICK MADORA, Sydney, C. B.

Pre-med at St. F. X. Phi Chi Fraternity. Student Librarian at Med. Library. Plans indefinite.

CHARLES DOUGLAS SIMMS, St. John's, Newfoundland.

Pre-med at Memorial College. Devoted to his studies. R.C.A.M.C.

BENTLEY ROBERTSON WILSON, Halifax, N. S.

B.Sc. from Acadia '39. Senior Basketball '39-'42. D.A.A.C. Gold D '42. Phi Rho Sigma. Plans to study Psychiatry. R.C.A.M.C.

JOHN GORDON WISWELL, Halifax, N. S.

B.A. and B.Sc. from Dal. Interfaculty Football, Hockey and Softball. Phi Rho Sigma. Plans indefinite.

# DOCTOR OF DENTAL SURGERY

*(Graduated January 1943)*

REGINALD WILLIAM BALL, Botwood, Newfoundland.

Came to Dal from Prince of Wales College, St. Johns, Nfld. Played intermediate rugby '38-'39. Also played with the Newfoundland Soccer team '38-'39 and '39-'40. Very successful in the art of borrowing, both in the Lab and Clinic. Reg was an active member of Sigma Chi. He is now a proud officer in the Canadian Dental Corps, attached to the R.C.A.F. in Newfoundland.

HYMAN DUBROW, Rockaway Beach, N.Y., U.S.A.

Hyman received an A. B. degree from Cornell, then started a medical course at Edinburgh University. Then came the war, and he arrived at Dal. A consistently hard worker, he was always at or near the top. Now a member of the Dental Corps of the U. S. Army.

JED BLACKMORE SUTHERLAND, Fredericton, N. B.

Arrived at Dal with a B.A. from U.N.B. A very good student, but never one to pass up a bit of excitement. Possessor of an unusual personality and a fine sense of humour. Now a member of the C.D.C., attached to the R.C.A.F. and stationed at Moncton, N. B. We wouldn't be surprised to hear wedding bells soon.

# DOCTOR OF DENTAL SURGERY

(GRADUATES, AUGUST 1943)

NAPIER BENJAMIN ANDERSON, Lunenburg, N. S.

"Andy" came to Forrest Campus from Lunenburg Academy via Kings College, where for three years he participated in football, hockey, and Alexandra Hall. Students Council at Kings '38-'41, D.A.A.C. '41-'42, Students Council '42-'43; Senior Football '41-'42. O.C. "B" Co., C.O.T.C. The strong, silent type, he keeps us guessing as to his plans. Wherever the Dental Corps sends him, you can bet "Andy" will do well.

SILAS CLARK BLACK, Truro, N. S.

"Red" hails from Millis High School, Millis, Mass. A very hard worker, first to lab, in the mornings, last to leave and first to the Library at nights. Altho his home is in Truro, he has other interests there. Will enter civilian practice following graduation and will probably specialize in Exodontia.

DONALD CHESTER EATON, Freeport, N. S.

Don came to us from Acadia with a B.Sc. A good athlete at Acadia, he played interfaculty hockey at Dal. Secty-Treas. of the Dental Society since '41. Usually seen at Joe's about 10 p.m. with George. Now a member of the C.D.C., he will be commissioned at graduation.

FRANCIS CARRALL FENNELL, Halifax, N. S.

St. Marys and Studley prepared him for Dentistry, and Dentistry prepared him for the C. D. C. He is a Phi Del, a former Intermediate Football player, Glee Club actor, and Newman Club Treasurer. When "Tiek" is sad he is still the most cheerful fellow around. Favourite expression: "She's crazy about me, too!"

GEORGE ELWYN MALLAM, Heart's Content, Newfoundland.

From Prince of Wales and Memorial College, St. Johns, Nfld. He is easy-going, but is definitely not to be argued with. Activities include hockey, football, and basketball, the playing being confined to the bleachers. A member of the C.D.C., he hopes to be stationed in Newfoundland on graduation.

JOHN EDWARD HALLET, Liverpool, N. S.

"Ted" arrived at Dal to get a B.Sc. after spending a year at St. F. X. A member of the Newman Club and also the Dawson Geological Club. Rose to the rank of second lieutenant in the C.O.P.C. Most often seen in a nearby Pharmacy. His favourite expression must be censored. A member of the C.D.C.

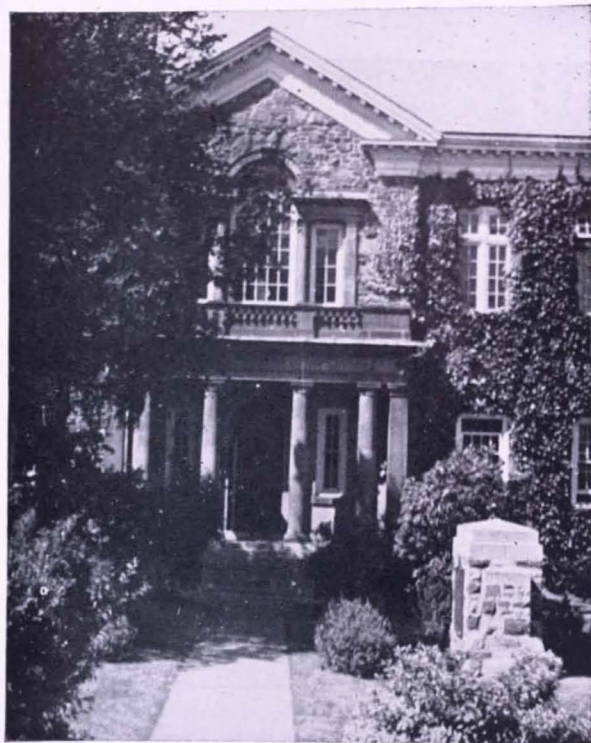

RICHARD HASTINGS TAYLOR, Annapolis Royal, N. S.

"Dick" had his earlier education at Weymouth High, then Kings College, where he became a popular member of the student body. Has been President of the Dental Society for the past three years. Quiet, he nevertheless possesses a fine sense of humour. Plans to take up civilian practice, where we know he will be successful.

LESLIE WILSON WALKER, Moncton, N. B.

Spent three years at Mount A. A firm believer in "horizontal exercise," he is happiest when he is in bed. Les is inclined to be quiet unless someone wants to argue. Prefers movies and swimming to studying. Takes a great interest in the Bio. 1 class, and can be found admiringly gazing around the halls on Wednesday and Friday mornings. At graduation he will be commissioned in the C.D.C.

MACDONALD MEMORIAL LIBRARY

LAW

# BACHELOR AT LAWS

ELIZABETH HOUSTON ALLEN, Elkins, W. Va., U.S.A.

A. B. from West Virginia University. Came to Dal after taking her first two years law at W. Va. U. Member Alpha Xi of Delta Gamma, in which she held offices of Treasurer, House Manager and Pledge Mistress. Most often seen in Shipping classes. Will practice law.

FREDERICK HARRIS FORBES, Moncton, N. B.

B. A. from Mount Allison. Played the leading role in "Big Hearted Herbert," the '42 Glee Club three-act play. Resigned a commission in the C.O.T.C. to enter the U.A.T.C., and held the rank of Sergeant, highest student promotion in the Air Corps. "The Legal Eagle" will enter active service in the R.C.A.F. in the spring. Winner of the Hugh Graeme Fraser Memorial Award, Pine Hill '43.

WILLIAM PETER KAPAK, Nelson, B. C.

From U.B.C. Held an exchange scholarship to University of Saskatchewan, 1941-42. Photographic Editor Pharos '41. Hockey '40-41. A sergeant in the C.O.T.C., he plans to go to Brockville.

JOHN J. LEMOINE, Amherst, N. S.

Took pre-law at Kings, where he played Football, Basketball and Badminton. Also played Interfaculty for Law. Corporal in C.O.T.C. '39-40. Favourite expression: "Now what do you think of this case, sir?"

ALAN WEBSTER MACDONALD, Kentville, N. S.

"Webbie" has been a colourful figure on the Dal campus for several years, having taken his B.A. here, majoring in Political Science and Economics, with honours in Public Administration. Gazette, D.A. A.C. Gold De. Won Public Administration Scholarship and James DeMille Prize for Prose. Active in Football, Hockey, Tennis, Boxing and Badminton. Gazette editor '40, Business Manager '41, '42. Editor Pharos '41. Council president '41-'42. Plans to go to Brockville.

RALPH LORNE MACDOUGALL, Halifax, N. S.

From St. Mary's College, Halifax. Carswell prizes, first and second year law; Carswell essay prize. Weldon Inn president '43. Law Society Secty.-Treas. '42, President '43. Manager, University Store for four years. Pharos staff '43. Favourite expression: "Good case!"

WILLIAM JOHN MACINNES, Halifax, N. S.

Attended Halifax Academy. Honorary Gold D-Students Council '43. Treasurer Phi Delta Theta '40. President '42. Class '42 Treasurer. '38-'39. Interfaculty basketball. Students Council '40 for Arts and Science, '43 for Law. Chairman Muoro Day Committee '43. Most often seen at the Hall. His favourite expression is "Oh, frig!" Johnny was Senior Lieutenant in the C.O.T.C. this year and plans to go to Brockville.

JOSEPH R. MACMILLAN, Charlottetown, P.E.I.

From St. F. X. Member of Weldon Inn. Vice-president Law Society '42. Played football. Seen most often with Willie and A. J. Favourite expression is "King!". Plans to go to Brockville.

FREDERICK BASKERVILLE ROGER, Ottawa, Ont.

B. A. from Queens. Secretary Weldon Inn '43. His favourite expression is "Do it now." hobbies are gardening and photography.

ALLAN JEROME TURNER, Halifax, N. S.

Attended Bloomfield High, Halifax. B.A. from Dal '40. Plays football and hockey. Sergeant in the C.O.T.C. Weldon Inn. Seen most at the "Greasy Spoon." Favourite expression: "Where's Willie?". Plans to go to Brockville.

JOHN JOSEPH WINTERMEYER, Kitchener, Ont.

Special student. Came to Dal from Harvard this year. Holds L.L.B. from Harvard and from Notre Dame. Seen most at weddings.

## VISCOUNT BENNETT REVISITS THE LAW SCHOOL

The Dalhousie Law School was highly honoured on Friday last by a visit from its most distinguished graduate, Viscount Bennett, a member of the class of 1893. He is pictured above at the end of his visit shaking hands and talking to the various students on the School steps. From the moment that he arrived in Halifax, our former Prime Minister expressed a desire to visit the Law School. He spent some time looking over the class pictures and the various classrooms, and then he entered the Moot Court room to meet the assembled School.

In a very timely and interesting address to the students, Lord Bennett reminisced about his experiences as an undergraduate in Law. He spoke highly of the late Dean Weldon, founder of the Law School, whom he remembered as a man of large physique and brilliant mind. Lord Bennett reminded the students of the great task that lies before them, that the trained legalist was the most important instrument in the superb task of moulding the destiny of a nation, and that the need for lawyers would be even greater after this war was won. He told them that Law was the greatest of all professions and that they should never forget it; that it offered tremendous opportunities for men of ambition and keen intellect. But he warned them that the road to success was not easy to travel, and that it contained many obstacles that were difficult to surmount. But the struggle was well worth the effort, for success meant rich and glorious rewards.

After the address the students assembled on the front steps, and as His Lordship emerged from the building, he shook hands with and spoke to each student individually.

# CLASS '43 HISTORY

By CYRIL KING

Four years have come and gone since we, as Freshmen, first passed through the gates of the "College by the Sea." Many of us remember with what trepidation we traversed the Senior Walk during those first two weeks of initiation and subjection to the tyranny of the sophomores. However, those of us who attended the early theatre parties and dances will agree, I think, that meekness and decorum did not sit well on our shoulders. With our Freshman regalia we doffed any timidity we may have had, and began to make our presence felt in most of the campus organizations. The Freshman show demonstrated that there was no lack of histrionic ability among the members of Class '43. Before the end of the year, Class '43 had begun to earn a reputation for perseverance, in the face of growing wartime restrictions.

When the autumn of '40 rolled around, the members of the class, now become Sophomores, eagerly awaited the arrival of the new Freshman class. Bob Musset and Geoff Bagnall made up our Initiation Committee, and we lorded it over the hapless Freshmen with a right good will. This was the first initiation confined to the campus; the girls were compelled to wear neckties, while the boys were adorned with hair ribbons. The Freshie-Soph dance, held at the Hall under the able direction of Dot Graham, Mary Johnson, and Mary MacKeigan, was a social success.

Our Junior year was highlighted, socially, by the Junior Prom, which was well attended. The scene of this festive occasion was the Lord Nelson. Other activities were maintained as much as was compatible with the pursuance of a wartime policy at Dal.

Bob Musset was our President for the first two years of our existence. His successors have been Bill Hagen and Blanchard Wiswell, while Bob Swansburg assumes the office for life. Our Vice-Presidents have been Daphne Clark, Mary MacKeigan, and Norie Douglas. Betty Bird has been named Life Vice-President. Mary Johnson and Dot Graham have been Secretary-Treasurer of our class; Norie Douglas and Cyril King are Life Treasurer and Life Secretary, respectively. Prof. W. P. Copp was unanimously elected Honorary Life President of Class '43.

Certain members of the class deserve special mention for the readiness they have shown to lend assistance, or for their capable performance of the duties entrusted to them. Mary Boswell, who has been named valedictorian, and who is President of Delta Gamma this year, has been a leader of the girls. Helen MacKay has worked hard as President of the Arts and Science Society. Graham Bennett, winner of the Bob Walter Award, has used his engineering ability many times to promote campus dances and rallies.

Class '43 carries away with it fond recollections of many pleasant experiences. Although this chapter in our lives may, in one sense, be concluded, we believe that the qualities acquired in the classrooms and on the playing-fields of Dalhousie will speed and guide us in our later years.

# VALEDICTORY

By MARY BOSWELL

Many years from now as we, the class of nineteen hundred and forty-three, look back on our lives, there will be certain experiences, certain days, that will never be forgotten and whose every moment can always be relived. Graduation will be one of those days. It will be an unforgettable milestone in each of our lives, not because it marked the completion of an academic course, but because it marked the beginning of a new life—of our real life!

As we now leave behind us the protecting walls of our University, we fully realize that we are embarking on a troubled world, swept by storms of untold fury, and in all our hearts is the wish, the hope, that we may be able to do our bit to bring about the calm after the storm. The future is unknown to us but we have high hopes that our time may yet see the firm establishment of Brotherhood and tolerance in the world. Our years at University have done much to prepare us for the problems which will inevitably face us and the decisions which will have to be made with intelligence and wisdom. It has been more than a mental training—rather a training in the ways of the world which has experience alone as its teacher. With college education as a stable foundation, our minds are now capable of receiving, and treating with the respect they merit, further revelations in the ways of the world.

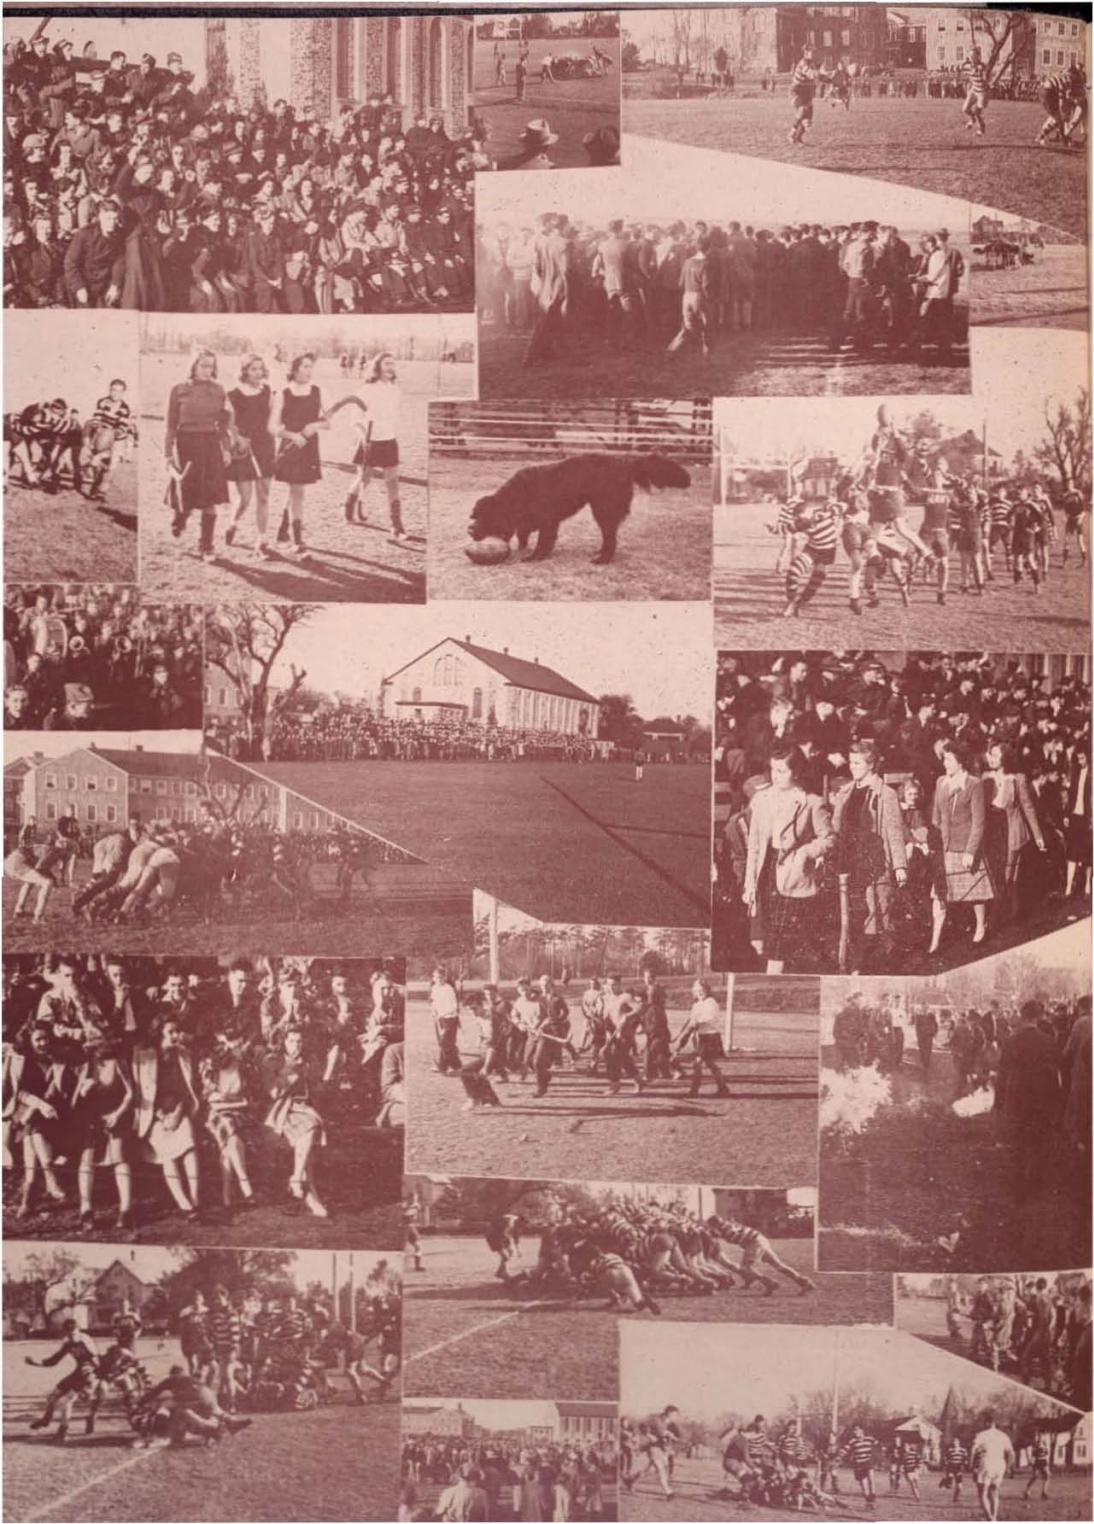

We have learned what is meant by discipline, authority, living together, and a little of the rules of life—but in a simple, uncomplicated form. Now we shall have the chance to put to the test this knowledge we have acquired and which will be the prime force in helping us attain the ideals and standards that university life has taught us to seek after.

To our parents, for the sacrifices they have made on our behalf and to our professors, for the benefits of their knowledge and experience, we will ever be indebted—may they ever have just cause to be proud of us. We sincerely hope that those who come after us will be able to look on us with the same respect we have for our predecessors, the former graduates. We set forth "to strive, to seek, to find and not to yield" in our desire to serve mankind with ever-increasing devotion.

# ATHLETICS

# DALHOUSIE TIGERS FOOTBALL SQUAD

Back row: Len Mitchell (Manager), Wiswell, Howard, Grant, Hubley, Arthur, Smith, Burnie Ralston (Coach), Middle Row: Bloomer, Campbell, Horne, Wilson, Hartling, Menchions Front Row: MacKenna, Fraser, Knickle, LeVine, Bridges, Hart.

## FOOTBALL

Mgr.: Len Mitchell

Asst. Mgr.: Clary Fraser

This year's edition of the Fighting Tigers had consistently bad luck. Practices were late in getting under way, and coach Burnie Ralston had a big job in reshaping the team. Only two members of last year's City Champions remained, and the rest of the team had to be reshaped from the Intermediates and from Freshman material. But what they lacked in experience, they made up in fighting spirit. This is shown in the games which were played with the Service teams, composed of stars from all over Canada.

Although Dal. lost both games to a powerful Navy team, they defeated the Army twice. The encounters with Acadia proved heartbreaking. At Acadia, the Tigers were holding their own for most of a very hard-fought game. During the last ten minutes of play several breakaways by the Axemen put the Tigers on the short end of a 19-3 score. The return engagement played at Studley, turned out to be a real battle. Tigers had the game almost in their grasp, when a last minute penalty-kick, by Acadia, hit the cross-bar of the goal-post and bounded over to tie the game 6-6. This draw eliminated Dal from the play-offs.

Prospects for the coming season look good, and it is expected that the City League will produce some very close competition, with Dalhousie a formidable obstacle to any other title-aspirant. Talk of the Campus last fall was the possibility of entering a Dalhousie team in the Canadian Rugby League. However, plans had to be put away for the duration.

## DALHOUSIE TIGERS BASKETBALL SQUAD

Photos by Maxwell

### BASKETBALL

The Basketball teams put in a good season this year, operating in a league with Y.M.C.A., Navy, Army, and R.C.A.F. teams. Double-headers were played each Saturday night in the gym, and provided some thrill-packed evenings, as many of the games were close contests.

Dal teams failed to make the playoffs, as the boys were admittedly weak this year, and played against some really stiff competition in the forces. Practically all of last year's championship squad had graduated, and, while some of the newer players showed definite promise, they had a high reputation to live up to, and their teamwork wasn't as highly polished as that of their predecessors. Given this year to get organized, the team should really go places next season.

Intercollegiate games could not be arranged with Acadia, although the Intermediate team made the trip to Wolfville and fell victims to a smoother-clicking Axmen squad. The boys had an enjoyable trip and felt that they gave a good account of themselves.

## CO-ED BASKETBALL TEAM

Left to Right: Back Row—Mary MacKeigan, Kay Cox, Ruth Anthony, Renée Garrett, Marg. MacPherson.

Front Row—Laura Bissett, Mary Elizabeth MacKay, Norma Sherman, Ann Saunderson.

## GIRL'S BASKETBALL

Due to a number of reasons, mostly the war, the turn-outs for girl's basketball this year were not as large as some previous years, but the girls had a lot of fun anyway. Mrs. Barratt was of great assistance until she resigned in the spring, but by then the season was almost over. Not the least enjoyable part of the "supper-hour" practices were the suppers in Roy's afterward. We did not take part in any league, and there was no team picked, but felt "D's" were awarded to a number of the girls who would probably have been on the team, and who otherwise merited them. These girls are: Laura Bissett, Ann Saunderson, Mary Elizabeth MacKay, Eileen Phinney, Norma Sherman and Kay Cox.

## FRESHMAN HOCKEY TEAM—INTERFACULTY CHAMPIONS

Back Row: Harvey, Churchill-Smith, Howard, Knickle, Darcy, Currie, Hartling, Wilson, Clark.  
Front Row: Don Arthur (coach), Dunlop, Bob Seeleg (manager),

## HOCKEY

Hockey at Dalhousie became a wartime casualty, as, faced with a reduced revenue, the Students Council was forced to discontinue financial assistance to the D.A.A.C. on the same scale as formerly. It was felt by the Council that rather than curtail major sports, hockey, never very popular among the student body for reasons best summed up in the fact that Dal lacks an ice surface of any description, should be discontinued.

In spite of this blow to the prestige of Canada's National Game on the Campus, Dal puck-chasers banded together to form an Interfaculty League that really "went to town." Engineers started the ball rolling by issuing a challenge to other faculties. Freshmen accepted and soon a league was underway with Freshmen, Engineers, Arts and Science and Meds entered. A fast-skating, hard-fought series of games resulted, with talented Freshmen skating away with all honours, having been undefeated on the season's play. Among the other teams it is hardly fair to pick a favourite, since all games were close, but we would concede the hard-fighting Meds an edge.

Student support at the Interfaculty games was meagre, and it is not to be wondered, when we consider the lack of facilities at Dal for hockey, necessitating the hiring of a city rink for all games. We hope that far-sighted students are looking ahead and formulating plans for a modern forum at the University, so that Dal may retain the place she once held in the hockey world, when teams from our Campus were playing and winning games with Harvard and Yale. To the Freshmen—Congratulations to a Championship team!

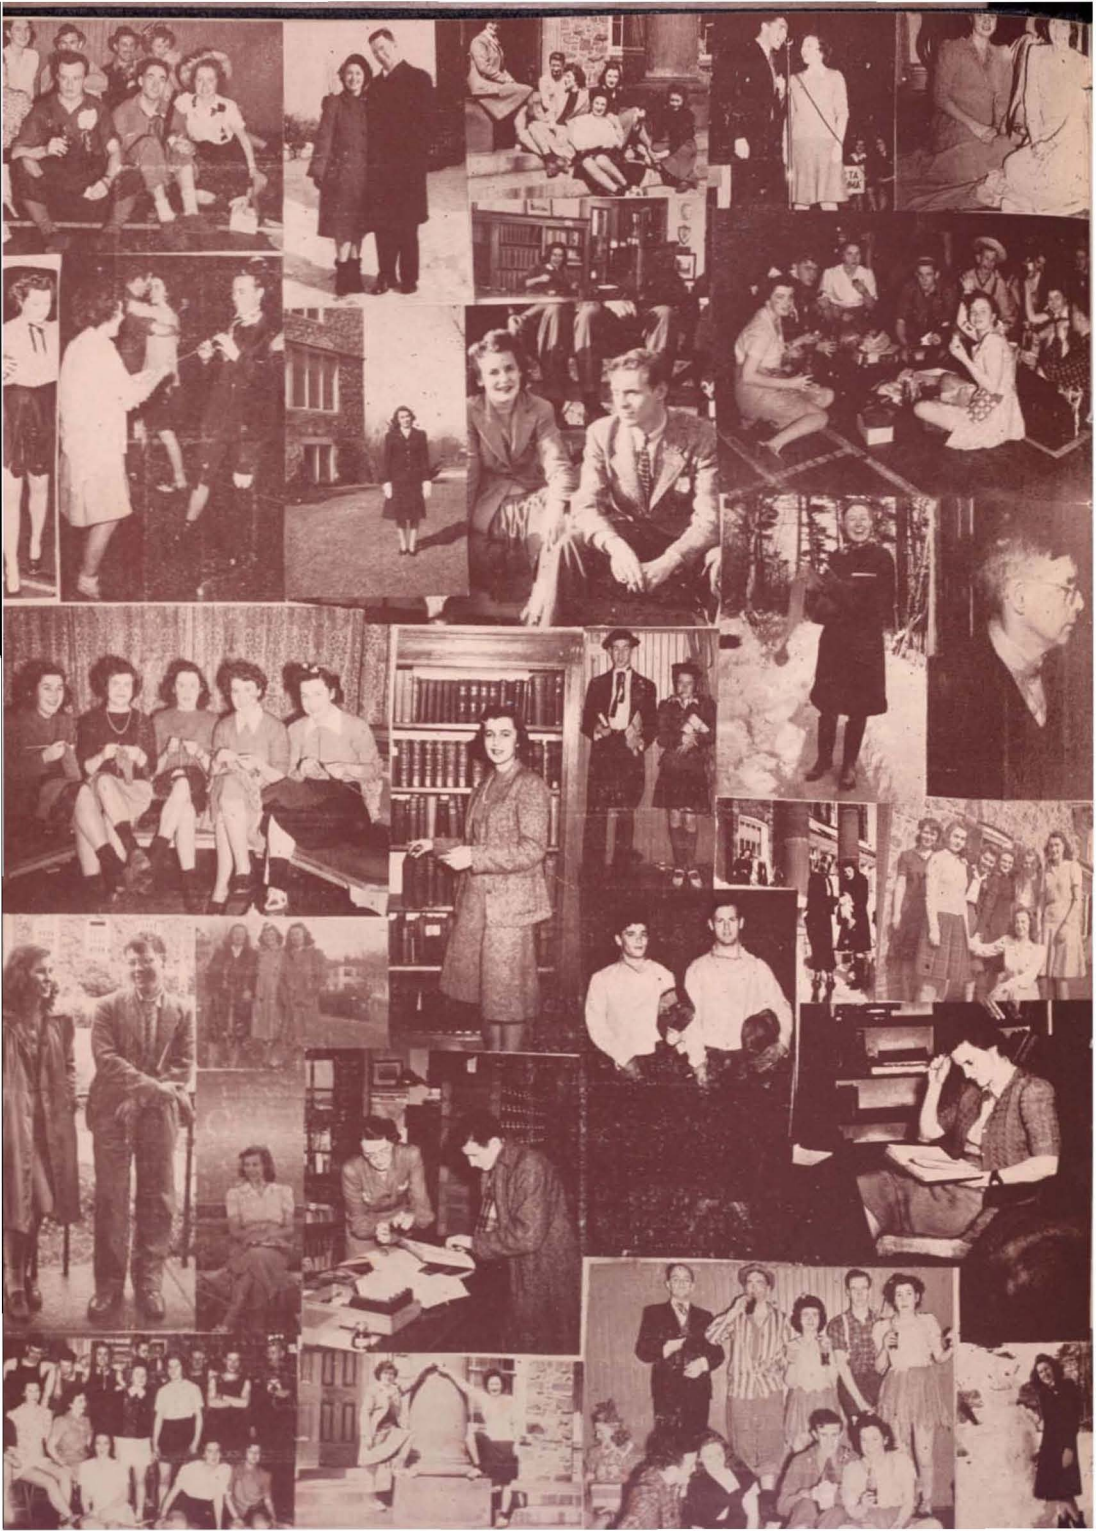

## SPORTSCENES

The above scene shows some fast action between Dal and Navy in a practice session at Studley. Two Tiger men are shown forcing the play into Navy territory. Navy squad proved too much for Dal, however, and the Tars swept through to two well-earned victories in the season's play.

At right, a "gold and black" player shows characteristic Dalhousie determination in a workout prior to important game

Below, Coach Burnie Ralston is seen giving some pointers to the Basketball squad. Although they didn't live up to the performance of last season's Eastern Canadian finalists, the boys put in a good season.

# An Exchange Student Looks at Dalhousie

By *LYLE BRENNAN, B.Sc. '43*

*McGill University*

I was an exchange student last year. That day when Mr. Fletcher sat discussing my application for an N.F.C.U.S. scholarship comes back to memory now, and I recall his encouraging words. It was a lucky September day that found me aboard the Ocean Limited, eastward bound!

Dalhousie University, in the city of Halifax, is called "the college by the sea," and literally, it is just that. At the present, this busy, little, Maritime metropolis has been swelled from its peacetime population of 60,000 to 70,000 to well over the 100,000 mark, making the bad housing problems of Ottawa and Montreal seem comparatively insignificant. I was quite aware of this fact before leaving for this "certain eastern Canadian port" and was no little thankful that day when assurance of a bed and meals in famous, old, Pine Hill Residence came through.

The "Pine Hill" referred to rises picturesquely above that slender body of water which, is known to Halifaxians as the Northwest Arm and juts in from the open Atlantic. This is surely one of the beauty spots of the Maritimes. It was here that I found a friendly and democratic spirit among the student residents, which cannot quite be described in words, but, nevertheless, leaves one with the realization that what is learned from lectures and books should be only one side of a full university education.

The residents included men from all faculties: Theology, Medicine, Law, Arts, Science, Commerce, and Engineering. Pine Hill's venerated traditions and examples of the advantages of well-organized student self-government are such as would be a credit to any similar institution. A constitutional student council is elected yearly to represent the men as a whole, as well as individual representatives of each section of the residence. Funds are derived from registration fees, the two annual dances, etc., and are used for the common good at the discretion of this council.

In alphabetical turn, the men, of the several creeds represented in the residence, conducted the short worship service each evening in the chapel room. One must be a part of such a small body of worshipful youth to appreciate the balm of a few lines of Scripture and a couple of old, favoured hymns in the quietness of early evening, before returning to the studies of the day.

I have dwelt rather long on the residence life, but can hardly overestimate the unreckonable education which it is to live in such an atmosphere.

Dalhousie itself is a small institution by comparison with the other famous Canadian universities, but the successes of many of its graduates are well known to the rest of the nation. What other criterion could we use? As a matter of particular interest to McGill, its present president, the well-known Dr. Carleton Stanley, was associated formerly with this university, somewhat more than a decade past. The student body numbers less than a thousand, but includes faculties of Arts, Science, Commerce, Engineering (1st and 2nd years), Medicine, Dentistry, Pharmacy, and Law.

Medicine is probably the most influential of these and rates with the top few Canadian Medical Schools. Its departments of Anatomy and Biochemistry are particularly strong, and its student and public health clinics are a credit to the Maritimes.

Dalhousie has, of course, long been recognized as a great Law school, and still is. It maintains, too, a stiff level of academic requirements in the undergraduate courses in Arts and Science, and such names as Dr. H. L. Stewart in Philosophy, Dr. Wilson in History, Dr. Bennet in English, Dr. Coffin in Chemistry, and Dr. Bronson in Physics are respected ones in university circles of Canada and the U.S.A. Shirreff Hall, the women's residence, was the gift of a benefactor, and is a fine building, beautifully located at the edge of the spacious campus. King's College, which is now occupied by the Royal Canadian Navy, also lies on the campus, and in peace time is affiliated with Dalhousie. The staff of King's has been carrying on as well as possible at Pine Hill, where they have been invited to share facilities for the duration, giving a present set-up somewhat like that affliating the United and Anglican Churches here at McGill United Theological College.

It was my intention to say something about the advantages of an N.F.C.U.S. exchange scholarship, for I fail to see any disadvantages. First let us explain that the National Federation of Canadian University Students each year arrange these scholarships which enable, and encourage, Canadian students to take the third year of their undergraduate course in some distant Canadian institution of higher learning. The basic idea is that such students will gain an insight and understanding of the way their far-separated but fellow countrymen live, will create impressions, and will also carry back impressions to their own universities.

I sincerely commend this N.F.C.U.S. exchange plan, and encourage each and every one interested to consider its enjoyments and benefits. For I feel that my education and experience has taken on a new dimension which otherwise would have been denied it, had I not been an exchange student. I have gained experience in self-adaptation and a broader understanding of Canada as a nation through better knowing my fellow Canadians. Little wonder that I feel more truly a "Canadian citizen" than ever I did before. I have made friendships which I shall long cherish, and have gathered memories which shall long stand by me. In closing, may I leave the wish, that this same plan, on a vastly wider scale, be organized and put into operation when the war has ceased. We must never let an opportunity slip by to draw closer the bonds of citizenship, within our vast Dominion, and then later, the bonds of universal friendship so longed for today.

## FRESHMEN

Dalhousie class meetings have a reputation for being poorly attended, and these pictures offer evidence that should remove all your doubts. Above, the largest freshman class in Dal's history (one hundred and eighty, to save you from counting them). Below, the Juniors (most of them were away voting; it was Campus election day).

# DALHOUSIANA

By *BOB McCLEAVE*

*Editor Dalhousie Gazette*

It was war, stark and grim, that greeted all Universities during registration week. To carry on college life, the normal registration could not be maintained by waning Arts and Science, Law and Commerce classes. There was no law compelling these students to forsake their studies, but the call of war caused them to do just that. Near-normal levels were maintained by the Engineers, who expanded by a good while again.

The first week was Frosh, one hundred eighty of them. Everybody stood around to make sure they avoided the Senior walk, knew the rules and regulations, and generally made themselves humble. O.T.C. limelighted the military day—Major Hogan announced week-end training, but promised to cooperate with sport.

Law and Commerce were hit hardest by the war. But Lawyers opened the year with a flurry of Moot Court activity. Their court rooms were complete with cokes and cigar smoke, and camaraderie—but there was more empty space.

As all signs pointed to a definite hit-and-run assault by the press on Arts students, Dr. Stanley made a brilliant defence over the CBC of liberal education. "Schools and Universities which remain liberal, and so not confine themselves to professions and techniques, are concerned chiefly with the nature and dignity of man," he said.

The Gazette came into its own, not only as a record of student affairs. The staff was taken before the Deans on charges of printing "Pornography." Fortunately, the college heads had kept within touch of the paper to realize the better could be expected, and with but few changes, the original staff continued in office for the remainder of the term.

Tigers and Cubs lost football battles at Acadia, but were prepared to give them back their Axes when they came to Halifax. They did, wrecking the Acadian football chances with a well-played tie. Free-for-alls developed when Dal fans produced their trophy from the game at Wolfville.....an Acadian goal post. Order was restored and the game resumed upon intervention of Major Hogan.

The Medical Society was revived with Clarence Pottle as president. The faculty showed itself having too much work to do to really move its society, however. In January, the first class under the speeded course graduated.

to be a writeup of a German occupation of the Maritimes, and of college life proceeding under such a setup. The results were terrific... everybody woke up and threw stones before going back to sleep.

Sadie Hawkins Dance and the Red Cross Ball highlighted the post-Christmas social activities. The U.A.T.C. became firmly established on the Campus, beginning life with fifty-two enthusiastic cadets. Democratically many questions, such as hours of drill, dates for camp, were put to a vote of the trainees.

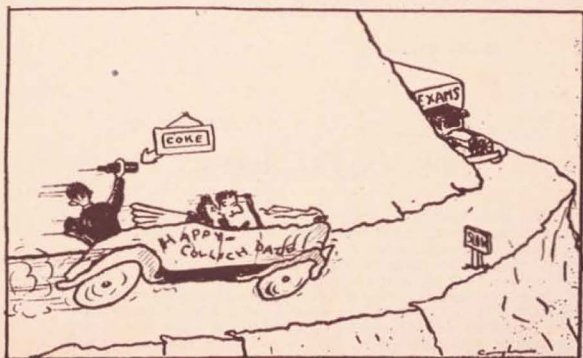

Glee Club shaped up well, with the brightest spot of the year the dancing of Bunny Levitz, its president, at the annual Munro Day show. Other good shows included the three-acter "Fresh Fields," the Arts and Science Connolly-award-winning "Coming of Age," and others in the competition.

Student Christian Movement was one of the most active societies on the Campus. It sponsored addresses by Dr. John R. Mctt, held Conference days, weekends in the woods, and special speeches by professors. It raised over \$150 for the I.S.S. Glynn Firth and company did a good job unostentatiously.

A Viennese student, Harry Zappler, was U. of T's loss and Dal's gain, when three of these refugees, refused admittance to Toronto came to Dalhousie. He started the very successful Music Club, which gained many advocates among the University's music lovers.

Awards at the Munro "War Services" Day included the Malcolm Honour Award to Dr. Michael Smith for personifying Dal's dream-man, the respected Jimmy Malcolm. Fred Forbes, of Law, won the Graeme Fraser Memorial Award at Pine Hill, while the Engineer's Bob Walter Award went to Graham Bennett.

It was the end of the year. The Gazette in its final issue had elected Dalhousie's first man of the year Tom Patterson of Med. There was another year coming up for Dalhousie, but first there were exams. "Ora et Labora."

Sodales had no great year. But interest in debating arose with the many Freshmen who attended trials, and the several intercollegiate debates were closely contested, although all resulted in losses for Dal.

Acadia came into the spotlight. Dal was accused of throwing its game to the Navy, when a Tiger win would have given Acadia its place in the sun. Bitter blows ensued, and Dal's students from "Alter Mater" sided in with Acadia to some extent.

The Gazette came to the fore, as the first issue of the new year was one purporting

# AWARDS

## THE MALCOLM HONOUR AWARD

In the summer of 1903 James Malcolm, a graduate in Arts that Spring, gave his life in an heroic attempt to save a drowning comrade. Those who knew him realized that such a death was a fitting close to a life of unselfish service to others. To keep the ideals of Jimmy Malcolm before the eyes of all Dalhousians, the James Malcolm Honour Society was formed. As members of this society are chosen those of each year's graduating class, who, in the opinion of fellow students have shown, in the proper degree, the spirit which inspired his life. Its award of a small gold key is the highest honour which can be conferred by Dalhousie students on one of their number. This honour has been conferred for 1943 upon Dr. George Murray "Mike" Smith, of Liverpool, N. S., a scholar, a sportsman, and a gentleman.

Mike Smith

Mavis Bimson

## PAN HELLENIC AWARD

This award was instituted four years ago, and is presented by the two women's fraternities on this campus, Alpha Gamma Delta and Pi Beta Phi. The award is made to the most outstanding Freshette in scholarship, extra curricular activities, personality and character. Miss Mavis Bimson, Hull, England, has been named Pan Hellenic Award winner for 1943.

## BOB WALTER AWARD

The Bob Walter Award is the highest honour which the Engineering Society can bestow upon its graduates. It was instituted two years ago in remembrance of Bob Walter, an outstanding engineering student whose accidental death in a hunting accident was a deeply-felt loss to the University and to his chosen profession. The award is given to the man who best exemplifies the qualities which Bob Walter himself possessed—those qualities of fellowship, sportsmanship and scholarship. The winner of this award for 1943 was Graham Bennett of New Glasgow, N. S.

Graham Bennett

## UNIVERSITY AIR TRAINING CORPS--U.A.T.C.

No. 16 Squadron of the University Air Training Corps came into being in the third week of January, 1943. For many months it had been rumored about the campus that the Royal Canadian Air Force was seeking to set up a training unit at Dalhousie. The first evidence that the R.C.A.F. was making any real headway in their effort came one Sunday afternoon shortly before the Christmas examinations. Two courageous Air Force officers came before the members of the C.O.T.C. and explained their plan, stating some of the advantages of the U.A.T.C., and seeking enough interested cadets to transfer to the proposed unit. By the first of January, 52 AC2's had passed medical and intelligence tests, and the ranks of the newly formed U.A.T.C. squadron were closed.

The University Air Training Corps is a branch of the R.C.A.F. which is constituted to give training in advance to those college students who might be interested in joining the Special Reserve of the Air Force at a later date. It has greatest advantages for those who intend to be Air Crew, because the courses given are all Air Crew courses designed to cut down the period of training necessary between college graduation and operational flying. However those who intend to become Ground Crew upon graduation find that the familiarization with the Air Force they gain is a definite advantage. Air Crew personnel who have successfully completed the full two years training examinations in the U.A.T.C., are exempted from the period at Training Wing of Manning Depot which is mostly drill, and may be posted to the Disposal Wing and be shown as available for posting to I.T.S. Perhaps the greatest advantage is that the time at Initial Training School is cut down from approximately 2½ months to about 3 weeks.

One year in the U.A.T.C. means 125 hours through the college term (taken two nights a week), and two weeks at summer camp. Along with a minimum of drill, the instruction is given in the following subjects: Aircraft Recognition, Navigation, Mathematics, Theory of Flight, Signals, Administration, Meteorology, Health and Sanitation, Armament, Anti-

## UNIVERSITY AIR TRAINING CORPS Continued

gas, and Practical Flight. The courses are taught by full-time members of the R.C.A.F. who are stationed in the vicinity, some of whom have seen considerable action overseas. The courses are thus realistic and practical.

The Administrative Officer of the Dal. U.A.T.C. is Flying Officer Comeau, a former student of Acadia University. He is a popular leader and is highly respected by all the members of the unit. The disciplinarian and drill master is Warrant Officer Irvin, known as "the Major." The third full-time member of the unit is Flight Sergeant Hallett who is an expert at the typewriter. It is expected that a commanding officer from the faculty will be appointed shortly. The only student promotions to date have been those of Sergeant Forbes and Sergeant O'Brien, though it is expected more will follow.

Early in February, No. 16 Squadron was visited by Squadron Leader Vlastos, who addressed the unit on the men of the Royal Canadian Air Force in England. His was a most inspiring address, as he told of the silent confidence and courage, the sense of humor, and the sense of worth of those men. He left the impression that Canada has every right to be exceedingly proud of her men overseas, and to expect an able group of men in their return.

On the first Saturday of March, the boys of the U.A.T.C. went on a visit to a nearby air base. All they saw cannot be told; suffice it to say that they were shown around in such style that any thing they did not see must have been on account of poor eye-sight. In parties of six, they were taxied around under the excellent direction of the officers of that base. It was a good example of the thoroughness and efficiency with which things are done in the Air Force.

FLYING OFFICER COMEAU

# THE R.C.A.F. NEEDS YOU

## MEN TO FLY

## MEN AND WOMEN

## To Help Keep 'em Flying

**WOMEN TOO—**  
join "that men  
may fly." Canadian  
women fill vital  
jobs in the R.  
C.A.F. Recruits  
are needed, age 18  
to 45, physically

fit, with at least High School entrance—High School and University training will be mutually helpful. Many useful and fascinating jobs await you. No experience needed. The Air Force will train you quickly to take your place with Canada's airwomen.

### AIR CREW—AGE 17½ to 35

Knifing through a midnight sky at 300 miles an hour, they're "brothers in arms." Up there above the clouds they share a great adventure—

Trained in Canada, R.C.A.F. air crews take the world in their stride. Smooth-working teams—bomber and fighter Pilots, Navigators, Bombers, Gunners, Wireless Operators—they're ready for action on any front! Seeking out and destroying the enemy wherever he is to be found, they do the job RIGHT. And after Victory? These keen young Canadians will lead the way to a bright new world. Our future is in their hands. Their future is in the skies.

The expanded Air Training Plan has room for men who want to join these fighting comrades of the skies in their great deeds of today and their great prospects for tomorrow.

### Ground Duties—Age 18 to 50.

It takes many skilled personnel on the ground to keep the fighting teams in the air.

# CANADIAN OFFICERS' TRAINING CORPS

C. O. T. C.

## DALHOUSIE-KING'S UNIVERSITIES CONTINGENT

Once again the Dalhousie-King's Contingent of the Canadian Officers' Training Corps held the campus spotlight. Indeed, it must be the most active organization on the campus, for many men, now in the Active Forces, received their basic training with the Contingent, and there are many who will follow in their footsteps. With Canada at war soldiering is a serious and a most important business and the thorough training of cadets in the fundamentals of modern warfare, chiefly infantry, has been the aim of those in charge. To this end the time and energy of the Commanding Officer, Lt.-Col. C. B. Smith, M.C., and the Chief Instructor, Major R. V. Hogan, C.R.O., North Nova Scotia Highlanders, has been devoted and with marked success.

With the opening of the University last fall the Contingent found itself very short of officers. Those who returned were Captain A. R. Jewett, Lieutenants W. J. MacInnes, G. F. Curtis, Second Lieutenants R. A. Morrow, R. G. MacDonald, R. H. Swansburg, R. D. Mussett and J. W. Ross. Before training started, however, R. D. T. Wickwire, F. H. Forbes and D. F. "Pinkie" Smith received their commissions as Second Lieutenants.

Captain J. C. Douglas, M.A., (Dal.), who last year was assistant to the Chief Instructor, was transferred to Headquarters Military District No. 6 as G.S.O. 3 (Cadets). As assistant instructors with the Unit this year were Company Sergeants-Major Lockhart and Marshall and, of course, in the Orderly Room, was Sergeant "MacKaskill" Harlow—the "brains" of the Unit.

Before the first parade the cadets were graded according to their past experience and those in third and fourth years followed a certain syllabus of training, while second and first year members followed syllabi of training suitable to their respective stages of instruction. Training covered, in general, theoretical and practical instruction in Battle Drill, Organization, Map Reading, Field Engineering, Care of Men, Administration, Military Law, Drill, Small Arms Training, Staff Duties, Tactics and Physical Training. The training period began early in October and extended until the end of March with parades consisting of approximately six hours per week, until the required quota of one hundred and twenty hours for the year was reached. At first membership in the Unit was restricted to all male students of eighteen years of age or older, except for Medical and Dental students who were past their second year in those faculties and were thus members of the R.C.A.M.C. and C.D.C. respectively. But by the end of October, in accordance with a new government order, it became compulsory for all University students to take the training. At the present time the strength of the Contingent is twelve officers and two hundred and seventy-two other ranks.

In November it was the privilege of the Unit to act as host to Saint Mary's Contingent, C.O.T.C. and Nova Scotia Technical College Contingent, C.O.T.C. as well as to members of the Student Body at the showing of a film on security. President Cawston Stanley, B.A., M.A., LL.D., Litt. D., F.R.S.C., of the University, Brigadier W. W. Foster, D.S.O., V.D., District Officer Commanding, Military District No. 6, Captain T. B. Mahar, G.S.O., 3 (Intelligence) M.D. 6, and Captain David MacLellan, Public Relations Officer, M.D.6. were also guests for the evening. These officers from headquarters, Military District No.6 addressed the gathering and warned one and all against spreading rumors concerning matters of importance to the enemy.

Also before Christmas the Contingent made its first public appearance for this year when they attended church at Saint Matthew's United Church on Barrington Street.

Towards the close of 1942 the Royal Canadian Air Force invaded Dalhousie University for the purpose of enlisting students to form a University Air Training Corps. The Dalhousie-King's Contingent, C.O.T.C. opened wide its doors and some fifty odd members of the Unit, including Second Lieutenant F. H. Forbes, transferred to the U.A.T.C. This change necessitated a re-organization of the Unit after the New Year. Regimental Sergeant-Major W. D. Hagen and Sergeant D. J. Oland received their commissions while Second Lieutenant J. W. Ross resigned his commission on leaving the University and enlisting in the Royal Canadian Air Force. The Medical and Dental students were put in two platoons and special training conducted by the R.C.A.M.C. was provided for them. Company Sergeant-Major C. M. Kincaide took on the duties of Acting Regimental Sergeant Major and the Cadets trained hard for the forthcoming inspection.

On February 14th, the Unit went to church at All Saints Cathedral. This time the band of No. 6 District Depot provided the music and, in general, the Unit made a very successful showing.

On March 6th, the Annual Inspection of the Unit by Brigadier D. A. White, D.S.C., D.O.C., M.D. No. 6 took place. Brigadier White, accompanied by staff officers and special guests at the inspection, including Colonel Odell of the United States Army and Colonel Jaquays of the Royal Highlanders of Canada, the Black Watch, took the march past of the Contingent, headed by Major R. V. Hogan. Lt.-Col. C. B. Smith, M.C., Commanding Officer of the Contingent was at the saluting base when the Unit passed by. The band of No. 6 District Depot, under Bandmaster Robert Cawston, again supplied the music, playing the flourishes for each company inspection, and the regimental marchpast. "Cock of the North" while the officers and cadets passed the saluting base. The inspecting officers expressed themselves as well pleased with the showing of the men, and the efficiency of the officers and men of the Contingent was praised.

Another Church Parade at Saint Pauls Church was held on March 28th, and brought to a successful close the training for this year. The Cadets are now looking forward to the trip to Aldershot where they will undergo a two-week period of camp training.

It is readily realized, and rightly so, that training during the College term is a bit tough and at times tries your patience. But it becomes more certain, as time goes by that the training received in the Dalhousie King's Contingent of the Canadian Officer Training Corps will stand in good stead all those who are preparing themselves for officers in the Canadian Active Army when their courses at the University are completed. Dalhousie has always played its full part in Canada's undertakings, whether they be in time of peace or war, and now when the government says that scholastic and military training must go together let us all co-operate by carrying out the wishes of our government and at the same time keep Dalhousie and Dalhousie-King's Contingent of the C.O.T.C. at the top of the list.

MARCH PAST AT ANNUAL C.O.T.C. INSPECTION

## COUNCIL OF STUDENTS

Marty MacDonald, Medicine; Andy Anderson, Dentistry; Cyril King, Commerce; Graham Bennett, Engineering; Blanchard Wiswell, Freshmen; John MacInnes, Law; George Gass, Medicine; Don Oland, Helen MacKay, Arts and Science; Tom Patterson, Vice-President; Laura MacKenzie, Bob McCleave, Arts and Science. Not included in photo: Henry Tonning, President; Bernie Graham, Member-at-Large; Susan Morse, Arts and Science; Murray Rankin, Secty.-Treas.

Faced with increasing difficulties to carry on normal activities due to pressure of wartime restrictions, this year's Students Council have proven the efficiency of a well organized democracy, miniature though it is, and have carried on a highly successful year. Decreased student enrollment meant necessary curtailment of activities, and that, along with limited time available for use of the gymnasium, provided serious problems for the Council of 1942-43.

In spite of the fact that almost all of the societies on the campus received cuts in their budgets this year, they carried out their usual programs, while several were even more active than in the past. The Arts and Science Society is to be congratulated on winning the Connolly Shield, and great credit must also be given to the Glee Club for both the number of its shows and the high quality of the productions.

This year the Council took an even greater interest in the War Effort. In January the Council again sponsored a Red Cross dance in the gymnasium. Over three hundred dollars was turned over to the Red Cross Society. This year the Council changed the nature of Munro Day, so that it should mean not only enjoyment for the students, but also should be a benefit to the War Effort. As well as an afternoon program, featuring a very entertaining "Kampus Kwiz Kontest" among the faculties, and a Glee Club show and dance in the evening, several new features were added in connection with the War. Mr. Kutsenko, Russian Vice-Consul in Halifax, opened the show with a speech on "Russia and Her Part in the Present Struggle." A silver collection and grab booth was held for the Aid to Russia Fund, while Caution Deposits were signed over to the I. S. S. This novel Munro Day was acclaimed a great success.

The Council wishes to extend its thanks to the students for their cooperation in meeting the difficulties of the past year, and to wish the new Council every success in the future.

IRMA MACQUARRIE  
*Sec'y.-Treas.*

HELEN MACKAY  
*President*

MARY BOSWELL  
*Vice-Pres.*

## ARTS AND SCIENCE SOCIETY

President—Helen MacKay.

Vice-Pres.—Mary Boswell.

Sec'y-Treas.—Irma MacQuarrie.

Activities Manager—Mary Johnson

Dramatics Manager—Barbara White

This year brought many changes to the Arts and Science Society. It was given a new constitution which revolutionized the finances of the society. Each class is now asked to pay ten dollars a year, instead of having dues paid by individuals. This constitution also provides that in future the society shall have four officers, one from each class. In this way each class will be represented at executive meetings. Moreover all engineers taking a science degree were admitted to the society under the new constitution.

The society took an active part in the student activities on Studley Campus this year. Teams representing Arts and Science participated in interfaculty sport with much success.

The play "Coming of Age," which Arts and Science presented in competition with two other one-act plays, was successful in winning the Connolly Shield. This is the first time that this award has been won by the Arts and Science Society. The society has made tentative plans for a concert to be presented in the gymnasium for the benefit of some charity.

Council representatives were as follows: Laura MacKenzie, Sue Morse, Helen MacKay, Don Oland and Bob MacCleave. D.A.A.C. representative was Larry Sutherland.

We wish to thank those students who supported the Society this year. If this support is continued next year, it should be even more successful, and the Arts and Science Society will be the most active, as well as the largest, non-professional society on the Campus.

## CERCLE FRANÇAIS AND L'ÉPITRE ARE POPULAR

An entirely new society, Le Cercle Français, was formed this year at Dalhousie by enterprising members of the French II class bringing a considerable number of supporters into its fold.

The club's activities have included monthly socials through the college year, when members enjoyed friendly discussion, sang French songs, and, naturally, trifled wantonly yet enthusiastically with the French language. However, interest in French has shown a marked increase since the inauguration of the new club, and the splendid opportunity of putting the language to practical use has been well appreciated.

Officers were J. C. McLaren, President, and Harry Brenten, Secretary-Treasurer, while Melle. Lafeuille was hostess at the meetings, and was instrumental in their success.

A further very popular addition to the University was the French newspaper, "L'Épître" which editors Brenten and McLaren presented at the second meeting of the Cercle Français. Three editions have appeared in all—the last consisting of four pages and contributions from students as well as the regular features.

A wide interest both in and outside the University has been shown in "L'Épître," and its articles of general interest, ranging from beauty advice to politics, have been acclaimed.

But, like the Cercle Français, "L'Épître's" success has been in large part due to the counsel and co-operation of Melle Lafeuille who not only supervised the printing of the paper, but had the more tedious task of correcting the editor's contributions.

It is to be hoped that "L'Épître" will not be discontinued next year and that, with the Cercle Français, it may become a Dalhousie tradition through the continued support and interest of the student body.

# THE MEDICAL SOCIETY

MACDONALD

KEYS

MACKINNON

GIBERSON

POTTLE

At the first annual meeting of the Dalhousie Student Medical Society the following officers were elected President, Clarence Pottle; Vice-President, Claude Keys; Secretary, Kenneth MacKinnon; Treasurer, Philip MacDonald; First Year Representative, Stephen MacIsaac.

The business of the Book Bureau is being carried out under the management of Carrol Green and Claude Keys.

As a result of the wartime accelerated medical course the fifth year class was graduated in January of this year. Almost all of these men are now serving in one of the services. The accelerated course in Medicine has necessitated more intense academic effort and as a result there is less time for extra-curricula activity. Consequently it was found impossible to publish the Dalhousie Medical Journal this year.

Interest in the Medical Society was maintained by the showing of films, including an excellent one on the subject of vitamins and vitamin deficiencies. It is expected that further lectures will be given by medical men on appropriate topics. The ever-increasing demands made on the profession make it rather difficult to obtain lecturers for the subjects of interest to us.

Under a special arrangement, all students who are medically fit are now permitted to join the Royal Canadian Army Medical Corps on entering third year. A leave of absence from barracks is granted to complete the course.

We would like to take this opportunity to congratulate the members of our graduating class and to extend to them our best wishes for their success in the future.

# STUDENT CHRISTIAN MOVEMENT

BETH LITTLE JOHNS  
*President*

HARRY GRANTER  
*Vice-Pres.*

President: Beth Littlejohns.  
Vice-President: Harry Granter.  
Secretary: David Coldwell.  
Treasurer: Margaret Farquhar.  
Social Convener: Myra Colwell.  
Graduate Representative and Librarian: John Grant.

The S.C.M. is a fellowship of students in search of truth. Its fundamental conviction is "that in Jesus Christ are found the supreme revelation of God and the means to the full realization of life." It is a world-wide movement, a member of the World's Student Christian Federation, sharing in the extensive work of the federation in uniting students of many races and colours in one world-wide fellowship. On February 21st Dalhousie S.C.M. joined with other members of the W.S.C.F. in observing the W.S.C.F. Day of Prayer. Allan Wilkinson, medical student, was the speaker.

The S.C.M. works through its study groups. At Dalhousie the chief study group is that led by Dr. Bronson on "Records of the Life of Jesus." Dr. Bronson has led this study group for several years and students discover a curious bond of loyalty between themselves and their leader. This year a new group was begun, "The Church as an International Agency" with a particular reference to China. This new group is led by Dr. Collier. At a One-Day Conference held on February 28th, under the leadership of Dr. Archibald, plans were laid to introduce two new groups next year. These two are "Understanding Ourselves" led by Dr. Jones and "Understanding the World Through the Minds of Great Men" led by Dr. Wilson. Quite a number of students attending the Conference stated their intention to join one or the other of these four groups, and new students will be added when next college year begins.

The S.C.M. makes its major decisions and lays its plans through conferences of students. A conference was held at Bedford in October and an outline of this year's work drawn up. The spring conference was held at the Murray Homestead and the future policy of the local movement decided.

One of the most interesting features of the S.C.M. is its two annual camps at fall and spring. The Fall Camp was held at Waverley with Dr. Wilson and Dr. MacKay as leaders. Students from other Maritime Universities attended these annual camps. Besides the opportunity for group discussion and wider outlook, the camps make it possible for students to get better acquainted in sing-songs, recreation and hikes. Because of wartime conditions it may be found impossible to hold a Spring Camp this year.

Throughout the year the S.C.M. sponsored noon meetings at intervals on the campus featuring speakers on various topics. Meetings at the homes of members were held, occasionally with a speaker, and often for sing-songs, recreation and firesides. Skating and tobogganing parties were also arranged.

This year the S.C.M. was glad to welcome Dr. John R. Mott, who gave the members inspiration and vision. Contacts with the National Movement were maintained by the Local Secretary and by delegates to the various National Conferences at Toronto.

# DALHOUSIE GAZETTE

Hitting high and low spots in humor, high and low spots in intelligence, and generally setting a consistently erratic course, the Dalhousie Gazette this year completed a sensational twenty issues. With a staff of wide-awake authors, the inevitable results were just bound to follow. Most typical issue of all was the "Zeitung" just after Christmas in which Editor McCleave and staff attempted to picturize Nazi invasion of the Maritimes through portrayal in journalism. Student feeling proclaimed itself as two to one in favor of the issue. There were no neutrals in this regard, or in regard to many an issue: it was either liked or disliked.

Generally the policy of the Gazette was to inspire comment and arouse student feeling, even thinking. The style of the paper ranged from the sob sister journalism characterizing several stories, to a "Time" and "Newsweek" style which perpetrated such gems on the reading fringe as "the Effective Speaking Club, hard hit by the war, may well have to haul in its lip for the duration." If the reader couldn't see the parody (quite useless) on "Time" there, he never could understand the Gazette.

Its contributors have been many, and a more spread policy of story assignments has been carried out by the editors. Law's representative was William Lawrence, and Medicine's Jim Campbell, while Engineering ran a pot-pourri of youthful line layers from Blanch Wiswell to Henry Carter. The regular staff consisted of the editor, Bob McCleave; Feature Editor and Managing Editor, E. J. Shields; News Editor, Peter Donkin with Laurie Allison as assistant News editor; Ed Morris as Sports Editor; David Coldwell as Literary Editor; Eileen Phinney as Women's Editor and Circulation Manager; James McLaren as proof editor (first term), with other representatives to whom the editor's gratefulness always goes.

TED SHIELDS

DAVID COLDWELL  
*Literary Editor*

# ENGINEERING SOCIETY

WICKWIRE                      WISWELL  
FIELDING                      MOIR                      GRAHAM

One of the most active societies on the campus this year has been the Engineering Society, which carried on activities under the capable presidency of Don Moir. Other officers of the Society were Verne Graham, Vice-President; Parker Fielding, Secty-Treas.; Bob Wickwire and Blanchard Wiswell, Executive members.

A large increase in the enrolment of the Engineering faculty was responsible for the desire among engineers for a second seat on the Students Council, and this was accorded the Society at a Student Body Forum held just before the elections of March last. Graham Bennett was Council representative for this term.

Engineering teams entered in Interfaculty Sport had an excellent season. The football team was successful in winning the Interfaculty championship, while the hockey team also made a good showing.

The annual Engineering Society Banquet was held this year at the Lord Nelson Hotel, and was very well attended. At this banquet the Bob Walter award was presented to Graham Bennett.

The Engineering Society would like to thank all those who supported its activities during the term just ended, and to wish the best of luck to all graduates this year!

## SODALES

ED MORRIS  
*President*

TED KING  
*Vice-Pres.*

The Debating Society of Dalhousie University had a season which we may describe as successful, for although no debates were won, yet the enthusiasm was high, and those who participated in debates are satisfied that they acquitted themselves with a spirit akin to that of the teams of other years.

Officers of the Society this year were Ed Morris, President; Eileen Mader, Vice-President; Ted King, Secretary-Treasurer; and Scott Gordon, Interclass Manager. The Bennet Shield debates were postponed for this year, as only the Freshmen and Sophomores could muster teams, due to the small size of the Junior and Senior classes. We expect to start the ball rolling in the way of Interclass Debating in the fall, and it is hoped that lost time will be more than made up.

Intercollegiate debates were held this year with three other colleges. Last fall Ralph Vaughan and Charles O'Connell journeyed to St. F. X. for Dal's only away-from-home debate. Acadia debaters met at Studley with Larry Sutherland and Scott Gordon, while the final debate was between Mount A. and the Dal team of Margaret Hylands and Kelvin Barry, at Dal.

The six debaters mentioned were chosen in the annual trials held in October, at which all debaters for the year are chosen. The number of participants in the trials this year was encouraging, particularly the number of freshmen who ventured to hold forth against the more seasoned veterans of the platform.

The Society wishes to extend its thanks to all who assisted by judging the debates this year.

## THE MUSIC CLUB

The Music Club held its first meeting on January 23, at the home of Miss Margaret Ells. Its chief objectives were the appreciation of music and the enjoyment of small social gatherings. The first slate of officers were:

President: Harry Zappler; Musical Director: Lionel Guravitch; Secretary: Henry Carter; Treasurer: Betty O'Toole; Social Convener: Myra Coldwell.

The Club has met regularly on Saturday evenings at the homes of the members, and attendance has been very promising.

We were privileged to be invited by Miss Jean Fraser to her home and to hear her play the violin. Miss Fraser is one of Halifax's best-known musicians. "Dr." Lionel Guravitch gave a short recital at one meeting and was so good that no other member volunteered to play for the club.

President Stanley has been extremely helpful to the Club, and entertained the members at his home for one evening.

# LAW SOCIETY

The annual meeting for the election of officers started the legal year rolling. The slate of officers so elected were Lorne MacDougall, President; Joe MacMillan, Vice President; and Charles O'Connell, Secretary-Treasurer.

Best wishes go to "Dooley" MacIntosh, member of this year's graduating class, who saw fit to postpone his graduation for the duration. "Dooley" is now a member of the R.C.A. serving in Newfoundland.

The Law Ball was again the leading University social function during the first term. Under the capable management of the Committee nominated to take charge, the Ball was a huge success socially. This year due to the decrease in the enrollment at the Law School it was deemed advisable to forego the luxury of a hotel dance, and so the annual function was held at the Waegwoltic Club. The committee in charge were Webster MacDonald, Chairman, Lauraine Johnstone and Ted King.

In the field of interfaculty sport Law has accepted graciously the role of a sideliners, though individuals from the School still spark the Varsity teams in every sport. Lawrence MacIvor was the legal representative on the D.A.A.C. this year.

This year the Law School suffered the loss of Dean MacDonald who has been called to Ottawa to the Department of Labour for the duration. Professor Willis was appointed Acting Dean, and with the cooperation of the members of the Bar the School continues to function.

Congratulations go to Fred Forbes who was awarded the Hugh Graeme Fraser Memorial Award. This award is made annually to the outstanding graduating student staying at Pine Hill Residence.

At the time of writing, the final banquet, held annually at the end of examination week, looms ahead as the "sine qua non" of a successful legal year.

# THE GLEE CLUB

BERNARD LEVITZ

*President*

Once again, despite many difficulties presented by the war, Dalhousie Glee Club was able to present its Year's programme with satisfying success.

The first presentation was that of the Freshman Show, comprising of a Musical Revue and presenting many members of the Freshman Class. The Revue featured short skits along with soloists, dances, and supporting choruses. The enthusiasm and co-operation of all concerned enabled this Revue to be staged with minimum trouble, and as a result, an enjoyable show was presented. Another performance was given at H.M.C.S. King's where the enthusiasm and welcome afforded the cast sufficiently repaid them for their efforts.

Shortly after the Christmas Holidays the Pi Beta Phi Fraternity presented a one act play, "Spy Me This One," written by John Kirkpatrick. This play was directed by Mrs. Karl Clark and was one of those competing for the Connolly shield. It was also presented at H.M.C.S. Kings under the auspices of the Naval Auxiliary services. Many thanks were extended to the Glee Club for this presentation and the executive takes this opportunity to once again thank the Fraternity for their willing and splendid performance.

The next presentation on the year's programme was a three act play, "Fresh Fields," by Ivor Nowello. This play was ably directed by Mrs. Clark and through her efforts and the efforts of a most capable cast was presented on two occasions with outstanding success. To those concerned the executive offers thanks for their contribution to the success of the Glee Club programme.

During the first week of March, two one-act plays were presented in competition for the Connolly Shield. The Arts and Science Society offered "Coming of Age," by Kaufmann and under the direction of John Crosby while Delta Gamma presented the play "Far, Far Away" directed by Mr. Robertson. The calibre of the three plays competing for the Shield was very high. Professor C. L. Bennett acted as adjudicator and after an excellent and helpful criticism awarded the Connolly Shield to the Arts and Science Society. Our thanks are offered to Professor Bennett.

A short entertainment was given on Munro Day consisting of individual acts and choruses.

To the directors of the plays and to all who have helped to make this year's activities a success we extend our thanks, including Barbara Sieniewiez, Bill Hagen, Blanchard Wiswell, and especially President Levitz, who contributed more than their share of work and proved reliable and dependable assistants. To these people a large part of the success of this year's activities belong and the thanks extended to them can only partially show the appreciation of the executive.

To next year's executive we give a hearty greeting and a sincerest wish for a most successful year.

## DELTA GAMMA

MARY BOSWELL

*President*

SUSAN MORSE

*Sec'y.-Treas.*

ANNE MACKLEY

*Vice-President*

When a woman student enters Dalhousie University and purchases her Student Council ticket she automatically becomes a member of Delta Gamma. This is the only membership fee for the society but the Executive does expect the co-operation and assistance of every member.

This year the society emphasized war work and determined to help the many volunteer workers in the city whenever possible. Although it is not possible to form an organized Red Cross University Corps here at Dalhousie, each girl is doing her bit. At the first of the year every woman student was contacted and only a small per cent was found not to be doing some sort of regular work. At different times calls have come through for extra help at the Wings Club, North End Canteen and Canadian Legion War Services Library, and not once has Delta Gamma failed to respond. In the recent Red Cross campaign many of the workers were from the Delta Gamma Society. In February a party, which included dancing, floor show and refreshments, was put on for the men at the Y Depot and, judging from all that was said by the men themselves, was very much appreciated. Two courses in Home Nursing were organized for the women students and were recently completed.

The Social Chairman, Margaret Morrison, deserves special credit for her work which, in these days, has been particularly difficult. Before Christmas a most successful Open House was held at Shirreff Hall and for the first time in many years, Delta Gamma made quite a sum of money on this social affair. The annual Sadie Hawkins dance, held at the end of February, proved, as usual, to be a grand success. The net proceeds were turned over to the Community Chest Fund. The week of this dance Delta Gamma put out the issue of the Gazette with Catharine Finnamore as Editor. In March a second Open House was held at Shirreff Hall.

Delta Gamma entered a one act play in the competition for the Connelly Shield. Dramatics were under the management of Joan Archibald and the play was directed by Mr. J. L. Robertson.

Debating was under the management of Peggy Hyland and the pre-Christmas debate was held at U.N.B. After Christmas the team from Mount St. Bernard's came to Dalhousie.

Women's sports were in the hands of the capable President of the D.G.A.C., Anne Mackley. Although this is a separate society, it is responsible to Delta Gamma and its President is Vice-President of Delta Gamma. Accounts of the various sports will be found elsewhere.

The President wishes to thank the members and the Executive for their co-operation and assistance and to wish the society every success under the leadership of Susan Morse.

L

## THE MIDLOTHIAN SOCIETY

President—Betty Bird.

Sec'y-Treas.—Marg. Morrison.

Social Convenor—Audrey Wilmet.

In 1926 a book review club, the Midlothian Society, was formed for women students, to provide a means of reading and discussing new books. Meetings are held every week, on Monday afternoons at four thirty o'clock. One member reviews a book each meeting, at the beginning of which afternoon tea is served. Membership is traditionally limited to fourteen undergraduates, but graduates are always welcomed by the Society. In the Spring of 1942 a constitution was proffered to Midlothian by the executive and accepted by the Society. Miss MacKee was the guest of the Society at the last meeting before Christmas, when she gave very delightful reviews of three popular novels. The books reviewed covered all fields—science, adventure, history and war. Midlothian Society is very popular with the girls and is felt to be of much enjoyment and benefit.

# THANK YOU.....

While it is impossible to acknowledge individually our indebtedness to those who cooperated in the publication of this year book, we would like to take this opportunity to express our sincerest appreciation to all concerned.

In particular, we extend our thanks to Mr. Doane and the staff of the Truro Printing and Publishing Co. for their wholehearted support; Mr. Kane and the staff of Maritime Photo Engravers for their advice and assistance; Mr. Climo and Miss Davies, as well as Mr. Norwood, Gauvin and Gentzell, and Meyers Studios, all who gave us their fullest cooperation; Maxwell Studios for their generous help in taking the group photos. We also extend our sincere thanks to our advertisers, whose support made possible the publication of this book.

## JOBS FOR YOU

Look over the list. It is your duty, girls, if not doing essential work, to take one of these jobs through the Canadian Women's Army Corps. Ten thousand of Canada's finest young women have already joined up—so that more men might fight Hitler. You can and SHOULD do likewise. For many more girls are needed—1500 more in Nova Scotia and Prince Edward Island. Don't overlook your responsibility in this matter. Not only will you be serving your country in her crisis—but you will also be assuring the best possible post-war career for yourself.

### CHOOSE A CAREER IN THE C.W.A.C.

Step into a smart uniform, an interesting and important job, good chance of promotion—with pay and benefits equal to a civilian job of \$80 to \$90 per month. You are eligible if 18 to 45 without dependents, have Grade VIII education and are a British subject. Check over classifications listed below.

Accountants	Dental Assistants	Night Vision Testers
Bookkeepers	Dietitians	Radiographers
Canteen Stewards	Draughtswomen	Radio Operators
Canteen Helpers	Drivers L. M. T.	Spray Painters
Cashiers	Drivers' Mechanics	Store Accountants
Clerks—	Electricians	Storewomen
General Office	Hairdressers	Switchboard Operators
Pay	Lab. Assistants	Tailoresses
Postal	Laundresses	Telephone Operators
Cooks	Medical Orderlies	Waitresses
Cooks' Helpers	Motor Mechanics	Wireless Technicians

#### HOW TO ENLIST!

Apply to any of these Recruiting Stations: Halifax (Cogswell St. next Hospital), Yarmouth, Kentville, Truro, New Glasgow, Sydney, Charlottetown. Or mail this coupon to C.W.A.C. Recruiting Officer, M.D. 6, Halifax, N.S., for free C.W.A.C. booklet.

## JENKINS VALVES PASS MANY EXAMINATIONS!

When these valves "graduate" into industrial life they are fitted to make a real contribution to economical and efficient production, extremely low maintenance costs, and protection against disrupting shutdowns.

Whenever you visit a plant, notice the large number of Jenkins Diamond trade marked valves in use. A convincing proof of their quality and performance.
