ates of Dalhousie University

In Memoriam

Professor G. V. Douglas

George Vibert Douglas came to Dalhousie in 1932 as a comparatively young man who had already seen service as a soldier in Flanders, had explored with Shackleton in Antarctica, and had worked in Spain, Africa and the British Isles.

During the following twenty-five years, he devoted himself to the students who passed through the department which he ran single-handedly, and to the University.

Always he was accessible to the student seeking advice, and to many he was almost a proxy parent. Only those who knew him intimately over many years know his personal interest in the students who

studied with him, the efforts he made to assist them, or how many owe to him the start of their professional careers.

His world was one of strong contrasts: Ideas were right or wrong, men were wise or foolish, motives were good or bad. His nature did not allow the doubts and questioning of him who sees shadings and variations in ideas, men, and their morals. Ideas held thus forcefully often made him a controversial figure, but no one but admitted the honesty, integrity, and selflessness of the man who held them.

—Prof. G. C. Milligan.

In Memoriam

Brigadier H. V. D. Laing

It was my privilege to have known Darrell Laing from the time shortly after he graduated from Dalhousie when I was a very junior member of the Staff, until his death over thirty-five years later. During those years a common interest in this University ripened a casual acquaintanceship into deep friendship.

Outside of his family, home and business, he had two main interests in life: the University and his own regiment. During his terms as member of the Board of Governors, then as Chairman of the Building Committee and lastly as Chairman of the Board, the University saw possibly its greatest period

of expansion. He brought to his tasks a wealth of ability and interest. He was never too busy to give his time to University matters. His enthusiasm for all phases of the life of his Alma Mater was unbounded and an inspiration to those with whom he worked. He was interested in everything that made up Dalhousie's life—her students, buildings, staff, sports—and dreamed of ever broader horizons for the College by the sea. These dreams were only partially realized before he left us, and Dalhousie is the poorer for his passing.

—Professor H. R. Theakston.

From The President

DALHOUSIE UNIVERSITY
HALIFAX, N.S.

OFFICE OF THE PRESIDENT

November 25, 1958.

I deeply appreciate the courtesy that the Editors of *Pharos* have extended to me in offering to include in this new issue the customary word from the President. In the past my message was always composed when the session was well advanced and its activities could be seen in retrospect. This year the committee have adopted the commendable policy of assembling their material early so that the book will be off the press before the students leave the campus in the spring. I write this note, therefore, before the end of the first term, when it is still impossible to appraise the measure of success attained in the various phases of the University's programme. I can however, even now, and most cordially do, thank all the leaders of the students' societies, and also individual students, for the co-operation that they have so freely given, and the student body as a whole for the loyalty to their Alma Mater, which they have expressed in so many ways. In particular I assure the graduates of 1959, on behalf of all my colleagues as well as myself, of our confidence that they will be worthy to stand in the splendid succession of Dalhousie alumni, and of our continuing interest in their careers.

It is safe to predict that the current year will claim special mention in the annals of Dalhousie. Early in September, we had the pleasure of entertaining a number of representatives of universities in other parts of the British Commonwealth, and of listening to an address by Sir Edward Appleton, the Principal of Edinburgh University which the founders of Dalhousie University deliberately took as their model. Later in the month we opened the new Dentistry Building, which visitors from other Dentistry Faculties remarked upon in terms of unqualified praise. The twenty-ninth of October was a day that will long be remembered by the student audience that filled the gymnasium to hear Lord Beaverbrook pay an eloquent tribute to his life-long friend, Sir James Dunn, and after that to see Lady Dunn lay the corner-stone of the Sir James Dunn Science Building. Finally, October thirty-first marked the commencement of the celebration of the Seventy-fifth Anniversary of the founding of the Law School, in the course of which an announcement was made of the creation of the post of the Sir James Dunn Law Librarian and of the valuable Sir James Dunn Scholarships in Law. These events by themselves are sufficient to make 1958-59 an outstanding year in Dalhousie.

All these reasons for rejoicing were overshadowed, however, by the loss that the University suffered in September in the death of Brigadier H. V. D. Laing, the Chairman of our Board of Governors. Brigadier Laing graduated from Dalhousie with the degree of Bachelor of Arts. He won a Rhodes Scholarship for Nova Scotia which took him to Oxford where he received his degree in Law. He brought to his office in the University a fine appreciation of the meaning of education, the same exceptional executive ability that won him speedy promotion in the Armed Services, and a personal attachment to Dalhousie to whose affairs he was happy to give a generous amount of his time. His services to the University are appreciated by the entire academic community and particularly by his fellow members on the Board of Governors, who with one accord acknowledge the contribution that he made and mourn the passing of one who, it was hoped, would be spared to give leadership in the University for many years to come.

A. E. Keene

From The Chancellor

November 20th, 1958

Dear Hugh Gorham:

The past year has been one of progress for Dalhousie in many directions. The 75th Anniversary of the Law School was an outstanding event, calling attention to Dalhousie's paramount position over many years in this field of education. The commencement of the new Science Building indicates that Dalhousie intends to march in the front rank in the teaching of science. All other branches of the university have experienced a good year.

It is expected that the coming year will witness the construction of a new Students' Residence and Library, together with new dining facilities.

I am confident that Maritime universities will grow in stature, as they continue to offer students the advantages of a small university, as contrasted with the over crowded universities located in our principal cities.

Dalhousie must continue to make progress in keeping with the times in which we live. I hope that all students will share my desire to see Dalhousie grow and prosper.

Yours truly,

Mr. Hugh Gorham,
Editor, Pharos,
Dalhousie University,
Halifax, Nova Scotia.

Graduate Studies

Anderson, Mary Jean
Shelburne, N.S.

Bogart, Sydney David
Baltimore, Maryland

"Mens sana in corpore sano"

Appearing on the Dalhousie campus in the fall of 1955 with an entrance scholarship, David had attended the Baltimore City College High School in his preparatory days. Among his activities have been: cross country, intramural basketball, swimming, and football, the editorship of the 1958-59 Dal-Kings, Student Directory, Gazette, D.G. D.S. and several dance committees. David has been an ardent supporter of the senior class and its activities. Future plans embrace Medical School.

Armstrong, Patricia C.
Halifax, N.S.

Bourke, Kerry E.
Armdale, N.S.

Baert, Elizabeth Joan
Dartmouth, N.S.

Elizabeth is a King's girl from Dartmouth High School. She is the Vice President of the Girls' Student Council and intends to return for her Bachelor of Education.

Brannen, Judith K.
Barrington, N.S.

Judy came to Dalhousie from Edgehill School for girls. Once here she became active in the chorus of D.G.D.S., and was an enthusiastic cheerleader. Her future leads her far from home . . . all the way to the University of Toronto.

Bennett, Judith A.
Montreal, Que.

Judith came from Trafalgar to enter an active life at Dalhousie. She played basketball, and was D. G.A.C. Vice President. She was President of the Sophomore and Senior classes, Vice President of the Junior class, active on the Gazette, the Student Council, in N.F. C.U.S., was this year's President of the Shirreff Hall House Committee and was chosen this year's Queen of the Law Society.

Carmichael, Norman Smith
Glace Bay, N.S.

"Make my coffee strong!"

Norman was born in Glace Bay and received his early education at Morrison High School, coming to Dalhousie in 1955 on an Entrance Scholarship. After taking his B.A. this year he intends to continue his studies for a B.Ed. Norm is an ardent Pine 'Hiller' and we find him an excellent scholar, a ready wit and a dependable friend; we all wish him the best of good luck.

Clare, David K.
Sydney River, N.S. .

Dave attended Sydney Academy before he came to Kings where he became active in debating, dancing, and swimming. Dave will be another much needed teacher . . . for Nova Scotia, we hope.

Fanning, Charles Henry
St. John's Nfld.

Fitzgerald, Walter Ronald Jr.
Halifax, N.S.

"Goog" attended Armdale, Chebucto, and Q.E.H. before Dal. An enthusiastic sportsman, Goog has played Varsity Football and hockey, and has taken part in swimming, track, and coaching sports. He plans to take Education.

Cohen, Herman Lester
Yarmouth, N.S..

Herman moved to Yarmouth in 1950 from the United States. He had previously attended the Institute for Youth Leaders, Jerusalem, Israel; the Hebrew Teachers' Institute, New York City, and finally, in Canada, Yarmouth High School. He was extremely busy in off-campus work, had been the Dalhousie representative to the International Affairs Club, an executive member of the Spanish club, "Junta," was a member of Tau Epsilon fraternity, and maintained an interest in Hillel. Herman intends either to enter Law School or to do postgraduate work in Arts.

Cruikshank, Linda A.
Amherst, N.S.

Linda graduated from Amherst Regional High before coming to Dal-King's. She participated in Ground Hockey and Basketball. Other activities at King's included: Student Council (Treasurer), Co-Ed Club (Secretary and Treasurer), Dramatics and yearbook. Linda plans to return for Bachelor of Education.

Fleming, Alan R.
New Glasgow, N.S.

A future lawyer, the Pride of Pictou County is an active and popular figure at Dalhousie. In the past year he has served on the Student Council, chairing several important committees. The Gazette has benefited from his contributions — as Associate Editor and News Editor. Alan's other interests center around D.G.D.S., N.F.C.U.S. and Phi Delta Theta. This fall he will head for the Law School.

Earle, Carol Elaine
Dartmouth, N.S.

Carol hails from Dartmouth, which means that Dartmouth High was her school. She played badminton, worked in the Rink Canteen, attended Grace United Church Young People's, and was recording secretary of Pi Beta Phi. With all this to do, Carol still had time to study and is coming back next year for her Bachelor of Education.

Flood, Eleanor Joyce
Saint John, N.B.

Joyce came to Dal after attending Saint John High, and U.N.B. She took a two year technician's course at St. Joseph's Hospital in Saint John and was active in Canterbury Club while at Dal.

Bachelor

Gosling, Julia D.
Moncton, N.B.

"All the world's a stage' and I intend to be one of the players"

Julia needs no introduction to members of D.G.D.S. From the time she left Moncton her activities have been directed to the theatrical field. Even before she became President of D.G.D.S. this year, Julia directed the Dalhousie plays, and was assistant director of the two musicals, *Finian's Rainbow* and *Paint Your Wagon*. Julia intends to study dramatic art.

Kempe, Charles W.
Warwick, Bermuda

From Saltus Grammar School, Charlie came to Dalhousie where he immediately became active in swimming, soccer, and football. He intends to obtain his Bachelor of Commerce and to do some Accounting. This guy says he has no imagination, but if Phi Kappa Pi elected him President this year, he must have some, somewhere.

Horovitz, S. Joan
Cornwall, Ont.

Joan came to Dalhousie in 1955 from Elmwood School in Ottawa. She was a cheerleader for her first two years at Dal and is a Hall girl. A major in Psychology, next year she hopes to study Social Work either at Toronto or McGill and this summer she plans to join a N.F.C. U.S. tour to Europe.

Kerr, Moira Carolyn
Halifax, N.S.

Moira is a graduate of Queen Elizabeth High School. She has been an active student on the campus, participating in D.G.D.S., Mock Parliament, and N.F.C.U.S. This year she was Chairman of W.U. S.C. and wrote for the Gazette. Moira was the Dal representative in 1958 to the W.U.S.C. Seminar in Yugoslavia. She thinks she will enter the field of journalism.

Jackson, Judith Ann
Halifax, N.S.

Judy came from Halifax Ladies' College to undertake a very busy life at Dalhousie. She played ground hockey, inter-class basketball and badminton, participated in the D.G. D.S. Revues and musicals, was a staff member of the Gazette and Pharos, served on the Munro Day and Awards Committees, and was secretary of the High School Alumni Association. Judith entered Dalhousie on an Entrance Scholarship, and in possession of the Governor-General's Medal from H.L.C. Her future is undecided, but a busy one may be expected.

McCurdy, Carol Jane
Truro, N.S.

Jane attended Truro Senior High School. At Dalhousie she participated in archery, the Sociology Club, the Choral Society, and was a member of Pi Beta Phi. Jane intends to teach.

Keene, Patricia Anne
Halifax, N.S.

Pat attended Yarmouth Public School and Shelburne High School before moving to Halifax. Her activities while at Dal included C. W.A.C. Militia, reading, boating and gardening. She plans to get a Bachelor of Education degree and teach Junior or Senior High School. Pat possesses two admirable qualities, a driving ambition and the ability to work hard to get what she wants, together with a sense of humour, which go far to assure her future success.

MacDonald, Jean-Isabel
Charlottetown, P.E.I.

Since entering Dalhousie from Prince of Wales College in Charlottetown, Jess has been active in D.G.D.S. and the Sociology Club. An active member of Pi Beta Phi fraternity, she enjoys swimming, golfing, and riding. Jess plans to continue her studies in the field of social work, and eventually to work in Europe.

Machan, Barbara Joyce
Halifax, N.S.

Barb is a Halifax girl from Bloomfield and Queen Elizabeth High Schools. She was active in basketball, volleyball, swimming, and AYP.A. This energetic girl will undertake more work in order to gain her Bachelor of Education.

Outhit, Peter Alison
Halifax, N.S.

Pete attended Queen Elizabeth High before entering enthusiastically into almost all possible activities at Dalhousie. He played touch football, curled, skated, was Arts and Science Senior Boy on the Student Council, this year's News Editor of the Gazette, participated in Dal's musical productions, was in U.N. T.D., and has a hobby (?); journalism. On top of all this, this lad, who is entering Law School next year, admits that he likes Shirreff Hall, the Canteen, and, as is easily seen, is always up to his ears in activities (not necessarily studies). No wonder he has to try to keep "one jump ahead of the posse."

Martin, Joseph Brown
Red Deer, Alta.

Joe attended St. Joseph's Convent, Red Deer; Lindsay Thurber Composite High, Red Deer; and St. Anthonys College, Edmonton, before coming East to Dalhousie. He played hockey and was a diver. A member of Zeta Psi fraternity, he has been in the Dal musicals. This professional dancer is going to prove that his tongue is as nimble as his feet . . . he is entering Law School.

Oxner, Glenda Jean
Timberlea, N.S.

Glenda is a graduate of Q.E.H.S. Besides playing badminton, and volleyball, she was in the Glee Club, a member of Young People's, and a painter. She will return next year to earn her Bachelor of Education.

Miner, John Andrew
London, Ont.

John attended Strathroy District Collegiate and the University of Western Ontario before coming to Dal. On the campus he has participated in basketball and badminton and is also interested in riding. We wish him well in Law School next year.

Peach, LeRoy Payne
Port Morien, N.S.

Muir, Helen Barclay
Truro, N.S.

Before coming to Dalhousie, Helen attended schools in Truro. During her stay here she has been a cheerleader, secretary to Delta Gamma, Vice-President of Shirreff Hall House Committee, President of Dalhousie Panhellenic and a staunch supporter of Pi Beta Phi fraternity. Her plans for the future include matrimony and a degree in education.

Perry, Jean A.
Halifax, N.S.

Jean is a graduate of Queen Elizabeth High. She was active in badminton and Glee Club activities, and this year was Co-Editor of the Graduate section of Pharos. Her future is, as yet, undecided.

Bachelor

Reed, Mary Jane
Middleton, N.S.

Mary attended Middleton Regional High School and is honoring in History at Dal-King's. She has taken part in basketball, volleyball, ground hockey and swimming at Dal. Other activities were dramatics, debating, Missionary Society, Hi-Y advisor and Yearbook (King's). She plans to continue her studies.

Sinclair, Janet Elizabeth
Halifax, N.S.

Janet is an extremely energetic Halifax girl. She played Varsity ground hockey, basketball, volleyball, was this year's Features Editor of the Gazette, was on the Student Council, and is active in Church work. Her ambition deserves a medal . . . she wants to teach primary school.

Reibling, Heidi Marie
Cornerbrook, Nfld.

Heidi came to Dal as a freshman after one year at Memorial University where she was Campus Queen. While at Dal, she has been a member of the Shirreff Hall House Committee, Midlothian Club, and Pi Beta Phi fraternity. She has taken an active part in campus politics, attending the National Liberal Conference of 1958. Heidi is interested in setting up legal aid in Newfoundland.

Smith, Wayne Robert
Halifax, N.S.

Wayne attended Sir Charles Tupper, Cornwallis Junior High, and Queen Elizabeth High Schools. He was active on Pharos, the Gazette, in D.G.D.S., the Dal Advertising Bureau, and a member of Phi Delta Theta fraternity. "Smitty" really has earnest intentions, for he plans to obtain his Bachelor of Commerce, and to enter Law School, both in 1959-60.

Robinson, Paul Meech
Truro, N.S.

Paul came to Dalhousie from the Truro Senior High School in 1956. Since being here he has participated in the Debating League, serving on the executive for two years. As well he has taken part in campus politics and the Model Parliament. Upon receiving his Bachelor of Arts degree, Paul will complete his third summer under the U.R.T.P. and then return to take his B.Ed.

Sutherland, Janet, E. A.
Halifax, N.S.

Janet attended Sacret Heart Convent before arriving at Dal. She has been active in F.R.O.S. and Newman Club and plans to do social work following graduation.

Seller, Frederick Russell
Charlottetown, P.E.I.

Fred is from Prince of Wales College in Charlottetown. He was active in D.G.D.S. As for his future intentions, well, he says they are "honourable."

Thompson, Donald A.
New Glasgow, N.S.

Don attended St. Andrew's College in Ontario before coming to Dal. A fine athlete, he has been particularly active on King's teams. He was President of K.C.A.A.A. this past year and has played on both King's and Dal's hockey teams. His other duties have included King's Student Council, N.F.C.U.S., President of Senior Class. Imagination, a strong sense of humour, and a great capacity for hard work and rest, will stand him well in later years. Don's future plans are to attend the Law School.

Thompson, Ruth Irene
Oxford, N.S.

After graduating from Oxford High School, Ruth attended Success Business College in Truro and then worked a year. She entered Dal in 1955. Plans for the future include social work.

Whitman, Mary E.
Westville, N. S.

Mary came to Dalhousie from Westville High School in 1955. While here she has worked on the Gazette staff for three years and has helped in the rink canteen. She has held offices in Alpha Gamma Delta fraternity and this year holds the position of President. She majored in psychology and maintained a high scholastic standing winning university scholarships in her sophomore and junior years. Her plans are not definite yet but she hopes to go to Europe in the near future.

Vogler, Eleanor M.
Halifax, N.S.

Eleanor is a musically minded graduate of Q.E.H.S. She was active in Young People's and plans to take Education next year.

Wood, Janet Mary
Charlottetown, P.E.I.

Janet came to Dal from Prince of Wales College. While here she has participated in badminton, skating and the activities of D.G. D.S.

Weatherston, Robert Earle
Halifax, N.S.

Nick is a graduate of Queen Elizabeth High. His athletic interests at Dal included football, basketball, badminton, and curling. He will not be lost to the Dal teams yet . . . he is entering Law School next year.

Wright, Eleanor Mae
Hammonds Plains, N.S.

Eleanor is a Queen Elizabeth High girl. She came to Dalhousie on several scholarships (entrance, university, Lions' Club, and I.O. D.E.). Eleanor played volleyball and badminton for D.G.A.C., skated, bowled, collected records, was a member of B.Y.P.U., and an amateur photographer. With these varied interests she should become an excellent teacher.

DALHOUSIE UNIVERSITY
HALIFAX, N. S.

Students:

May I express my sincere appreciation for the whole-hearted support and co-operation of all of you who have made this year a success. Your efforts have made the task of student government a very pleasant experience.

From the moment the enthusiastic group of freshmen were welcomed by the Initiation Committee in September to the wee hours of Munro Day Evening, Dalhousie students have maintained an academic year filled with events and happenings which will remain with us for many years to come. The students who have been bemoaning about student apathy need only to view the student organizations on the two campi this year to see by their widespread activities and consistent successes that we do have our fair share of spirit.

The executive members of Council join with me to thank all those students who gave so freely of their time and talents, and at the same time to extend to each and every one of you the very best wishes for success in the future.

Some have said little was accomplished by the students who stood on the **Judith Bell, Editor-in-chief**. By these views Dalhousie needs these views were expressed and now cannot possibly escape the eye of the administration.

For a long time students and their councils have been talking about a SUB but little has been done. Now the first positive steps have been taken and there can be little doubt that within the next few years our SUB will be a reality.

Much remains to be done, however, and the burden will lie heavily on the students themselves. Money must be raised and students should expect and welcome, in fact, a raise in their Council fees in order to meet some of the cost. Once the students show that they are willing to work hard and to sacrifice some of their spending money, the administration and the alumnae will be persuaded to join in the campaign.

In these initial stages the administration too can play its part. With the completion of the new Men's Residence, the question arises as to what to do with the old one. Last year's Council understood that it would be turned over to the students as a temporary SUB. This idea was dispelled this year when the administration announced that the old residence might be used as an overflow. Surely the plans cannot be so near-sighted as to allow the administration to contemplate an overflow from the residence before the first sod is turned? We can hardly believe the veracity of this.

We ask the administration, therefore, to clarify its position immediately, and we tell them that the students demand the old residence as a SUB and are willing to take on the responsibility. Of the students we ask that they unite together to build

PHAROS 1959.

This university year 1958-1959 has been an eventful one in the history of Dalhousie. The Pharos Staff has succeeded, we think, with the publication of Pharos '59 in keeping pace with university advancement by a considerable facelift of the yearbook. We have attempted to maintain traditional standards established through the years by previous yearbook executives and at the same time have added to a modernization program in layout and general construction begun in Pharos '58. To Yearbook House with whom it has been our pleasure to work, and with all success to the graduating class of 1959, we the staff of Pharos '59 thank you for the opportunity of serving you.

Dramatic Society

Through its wide variety of activities, DGDS reaches all those interested in every aspect of the theatrical arts. This year it was particularly active under its able president, Julia Gosling, who produced and directed an intense and difficult drama, "The Hidden River," by Ruth and Augustus Goetz. The Connolly Shield competition of one-act plays gave aspiring actors and directors a chance to gain experience in producing a play; nine groups participated this year. In the field of music, those who enjoy singing without performing joined the Choral Society which gathered weekly to sing both sacred and popular music under the direction of Audrey Farnell. The major production of the year was the lively musical show, "Paint Your Wagon," directed by Len Chapple and Dr. C. L. Lambertson. There was place for a diversity of talent in this production with its large cast of singers, dancers and actors, its orchestra and numerous behind-the-scenes workers. The amazing success of the annual musical is not only testified to by the large crowds in attendance each night, but by the fun enjoyed by both cast and stage-crews as they cooperated in this most popular of activities.

Dalhousie Nova Scotia Technical College Newman Club

(From Left to Right): Ernest Hachey, Father Sharky, Duncan Mac-Master, Leo Peddle, Joan Hault.

Newman Club's story this year was one of continued success in all of its endeavours: Capacity crowds varying from one hundred to two hundred and fifty people attended each and every Sunday night function.

Its spiritual program included a mission, two communion breakfasts, and a Requiem Mass for the late Pope Pius XII, in which the members participated in the singing of the mass.

The intellectual program was an exceptionally interesting and informative one, with topics that varied from those dealing with the teaching authority of the Bishops and Pope, to the panel discussions on such topics as the Nova Scotia Hospital Plan. In addition several films were shown; and an "Engineering" night, a "Law" night, and a "Medicine" night dealt with problems pertinent to these respective professions.

In the social sphere, the regular Sunday night socials were supplemented with several well attended dances, and a skating party. A Christmas party for the orphans in the Halifax area was also held. It was a huge success and brought more delight to those who helped make it a success than to the orphans themselves.

A note of thanks is extended to all those who helped make this year a fruitful one. Special mention must be made of our Chaplain, Father Sharky, our intellectual director Msgr. Granville, the Dal-Tech Newman Alumni, and to all our guest speakers, for without their generous assistance and the willingness with which they gave of their valuable time, the functions of our club would be greatly curtailed.

Dalhousie Commerce Company

The Dalhousie Commerce Company started off the year by sponsoring a special train to St. F. X. for the football game. The trip was a huge success financially as well as other ways. This was promptly followed by two dances in the gym, one the Prof. Wilfred Berman Memorial Scholarship Fund Dance. Both dances were for charity, the first to raise money for the Springhill Disaster Relief Fund.

Early in January the Company came alive with activity with the Annual Commerce Week. The week commenced with the banquet and ball held at the Lord Nelson Hotel. A noted guest speaker was in attendance. Les Singles and his orchestra supplied the music. The remainder of the week had many guest speakers speaking to the Company as well as informative films. The week was climaxed by the Annual Sweater Dance held in the gym. As usual the dance was well attended and proved to be enjoyable for everyone.

Shirreff Hall House Committee

The Shirreff Hall House Committee is the governing body of the women students in the residence. It consists of eight members who are elected in the spring for the following year. Each class is represented and there is a librarian, member at large, and following the regular pattern a secretary-treasurer, vice-president, and president. The Hall is run by an honour system and it is one of the functions of House Committee to protect this system. This body is in charge of organizing the annual Shirreff Hall formal and the Christmas party for the residents.

(From Left to Right): Fitzroy Richard, Margaret Doody, Alfred Howard, Alice Hale (President), Art Davis.

Canterbury Club

On the Dalhousie-Kings campus there is an organization known as Canterbury. All Anglican students automatically belong, and Canterbury exists primarily for their benefit. During the year Canterbury tries to present an interesting, beneficial and controversial program. Weekly meetings are held in All Saints Cathedral Hall immediately following evening service in the Cathedral. The program consists of a speaker, discussion and worship. Refreshments are served at the end of each meeting during which time the members become better acquainted and more closely united in fellowship. The topics of the program are mainly religious, in the sense of how religion affects our everyday lives. Questions such as: "Does religion affect our university life or the world crises?" and "Does being a Christian make any difference?" are discussed.

The Chaplain is the Reverend Herbert O'Driscoll, a naval padre at H.M.C.S. Shearwater. A vital and invigorating man, Chaplain O'Driscoll has contributed greatly to Canterbury, the Anglican Church of the campus.

(From Left to Right): Cyril Romani, Muntaz Ali, Fitzgerald A. Francis, Clinton Browne (President).

West Indian Society

Founded in 1953, the West Indian Society tries to make the transition to Canadian ways of life less difficult for West Indian students arriving in Halifax. Organized gatherings perform a three-fold function. New students meet others who have had the experience of living away from home, West Indians get together for recreation and interchange of ideas, and friendly contact is made with Canadian hosts and with other foreign students.

With the advent of Federation, considerable attention has been focused on the West Indies, and interest in the affairs of the islands has increased remarkably. In view of this, the Society now has a duty to do what it can to disseminate information about the new Federation, to remove popular misconceptions and to make a contribution—small though it must be—to the establishment of satisfactory relations between Canada and the West Indies.

Arts and Science Society

The Arts and Science Society this year continued to be a thriving and active organization on the campus. The keen interest displayed in the activities and the enthusiasm shown by its members were indicative of the society's progressiveness.

As in other years, Arts and Science participated in Inter-Faculty sports. Early in the term, a very successful Tartan Twirl was held in the gym, and at the same time plans were made for the Arts and Science Ball to be held later. This year also, a play was entered in the Connolly Shield Competition. All in all Arts and Science proved itself to be an energetic group, and brought together many members whose co-operation made its success possible.

(From Left to Right): Mary MacDonald, Heather MacIntosh, Bill Dickson, Sid Oland (President).

Student's Committee of the Men's Residence

The Student's Committee of the Men's Residence, commonly known as the "House Committee," is a group, usually of three elected by the residents. In recent years no attempt has been made by this group to enforce any written laws other than a few regulations passed by the University. Instead, the committee appeal to the residents' strong sense of voluntary consideration for each other. Only on rare occasions is it necessary to threaten a student with disciplinary action.

Apart from exercising some authority among the residents for the common good, the committee carries requests of the students to the Dean of the residence and from there to other University officials. In this way, for example, a washing machine was obtained for the residence this year. It is a duty of this committee to organize social functions when sufficient attendance is indicated.

(From Left to Right): W. L. Mackenzie King (Chairman), Norm Rebin, Harold Gopaul.

Friendly Relations with Overseas Students

Friendly Relations with Overseas Students was begun at Dalhousie last year, but it was not until this year that it really got underway.

The first project was a very successful Christmas dinner, provided for by the Student's Council, in honour of the overseas students at Dalhousie. F.R.O.S. also aided students in finding homes to visit during the Christmas holidays.

After Christmas a fund-raising project was held and the foreign students who wished were taken on a tour of one of Halifax's industries.

The largest project undertaken by F.R.O.S. was the laying of plans for 1959-60. The most important time for F.R.O.S. is the first month of university, when the students are unfamiliar with their surroundings and their fellow students. Therefore, plans were laid by this year's members, so that F.R.O.S. can begin during freshman week next year. These plans include a tour of the city, a fall luncheon, and a chance for the students to become better acquainted with Dalhousie.

(From Left to Right): Colette Young, Betty Archibald, Bonnie Murray (Chairman), Janet Sutherland, Dick Kempe.

Campus Co-Ordination Committee

(Left to Right): Jim Boutillier, Zoena Jordan.

The Campus Co-ordination Committee, entering the third year of existence, made its operation more eventful than ever. Its purpose was, as in the previous years, to book rooms on the campus and to supply publicity for those individuals or societies desiring to use them. By channeling these groups through one committee, conflicts in booking were eliminated. The committee acted as a liaison between the students and the engineering department which was directly responsible to the university for the allotment of rooms. A complete change was made in publicity as permanent paste boards were made and new methods of printing were used which greatly increased the coverage. Weekly letters were written to all the fraternities providing information on all campus events. This year the committee, being capably run, successfully correlated the student activities of the Studley, Forrest and Kings' campi.

Le Cercle Francais

Active at Dalhousie since 1945, Le Cercle Francais is a flourishing organization whose purpose it is to promote the speaking of French on the campus, and more particularly, to enable students to practise the language on a conversational basis.

The activities of the club center around informal monthly meetings, highlighted by French films and songs, illustrated talks presented by the students themselves, and special speakers. In addition, members are provided with an opportunity to read the latest periodicals and newspapers from France. This year, a series of weekly French conversation groups, initiated for the benefit of all interested students, has proven to be a popular supplement to the regular meetings. Traditionally, the group climaxed its year's activities with an annual evening at which the club members combined their talents to present a program of French plays and music for the public.

(Left to Right): Marc Foisy, Heather Williams, Robert Ryan (President).

Hillel Foundation of Dalhousie

This year, with the appointment of Rabbi Dobrinsky, a most capable youth counsellor, Hillel Foundation of Dalhousie had a very successful year. Beginning with an opening registration dance, and closing with a banquet, the year was filled with many social and cultural functions. Early in the year, a Hebrew language class, and a discussion group were formed. With meetings of these every week, the cultural aim of Hillel was fulfilled.

Hillel is a world-wide organization of Jewish University students which is sponsored by B'nai Brith in the hope that Jewish youth and culture will have a strong meeting place.

Dalhousie Pharmacy Society

Under the capable leadership of our president, Dick Wedge, the Pharmacy Society has again had a successful year. Monthly gatherings, organized by an enthusiastic social committee, were enjoyed by all and fulfilled their purpose—that of enabling students of the three years to become better acquainted. The third and fourth year Medical Students were entertained in October by the society when movies were enjoyed. A high-light of the year's activities was the annual banquet and ball held at the Nova Scotian Hotel late in January. For the first time, a member of our society, Nancy Rice, was crowned Pharmacy Queen.

Several intramural sports were participated in by Pharmacy students including hockey, curling and volleyball. The Inter-faculty Blood Trophy was once again returned to its honoured position at the Maritime College of Pharmacy.

The climax of this year's activities was Cooke's tour, an enlightening and thoroughly enjoyable excursion through one of the large drug firms.

W.U.S.C.

World University Service of Canada is a voluntary, non-sectarian organization devoted to furthering inter-university contacts, co-operation and understanding among students and faculty in forty-two countries of the world.

The Dalhousie-King's committee presented a stimulating program for the year, highlighted by such events as the selection of a student to represent the university at the summer seminar in the West Indies, a Treasure Van Week, and the introduction of key speakers to the campus.

A sub-committee was appointed to establish an educational and cultural organization as a subsidiary of WUSC. Out of this grew the Institute of World Affairs, whose program, comprising six meetings in the past-Christmas term, was centered around bringing to Dalhousie noted authorities on international affairs.

Through these programs, groundwork has been laid for a stronger WUSC organization at Dalhousie-King's.

(From Left to Right): Charles Ellis, Nancy Rice, Douglas Smith, Moira Kerr (President), Michael Steeves.

Dalhousie Advertising Bureau

The Dalhousie Advertising Bureau (D.A.B.) organized for the second successive year by the Dalhousie Commerce Company, has a three-fold purpose: to co-ordinate advertising for the Council of Students' publications, to provide a convenient service for the business firms of the city, and to give valuable experience to those working on the Bureau.

This year's Bureau consists of Hugh Fraser, who was responsible for the Directory of D.G.D.S. programs, John MacEachen, who was in charge of the advertising for *Pharos*, and David Fox, business manager of the *Gazette*. Some unforeseen difficulties were encountered with organization, but through the cooperation of each of its members, the Bureau had a successful year.

At this time, we would like to thank all those who have been of assistance, the editors of the Student Directory, *Pharos*, and the Dalhousie *Gazette*. A special note of thanks must be given to the shareholders of Dalcom, who freely gave their time to help solicit advertising.

(From Left to Right): John MacEachen, Hugh Fraser, David Fox, (President).

Delta Gamma

Delta Gamma, the general organization of women on the campus, started out the year with a very successful Open House held at Shirreff Hall. Dancing was enjoyed with music supplied by Tommy Vickery.

At the first meeting it was decided to assist WUSC with a proposed fashion show in the spring. Also fifty girls offered to help out in the rink canteen which is controlled by the Student Council. A one act play was submitted in the Connelly Shield competition.

Sadie Hawkins Week was held early in the new year from January 12 to 16, with the usual fun of serenading the fraternities, competing for the Sadie Hawkins' Cup (awarded annually to the girl who has the most dates during the week) and conducting the Campus King contest.

(From Left to Right): BACK ROW: Bobby Wood, Susan Oland, Joan Hennessey, Janet Allen. FRONT ROW: Peggy Baker, Helen Muir, Marg Sinclair, Elliot Sutherland.

Student Christian Movement

The Student Christian Movement is an interdenominational fellowship on the Dal-King's campus. Through its programme of study, discussion and worship, the SCM seeks to present the claims of the Christian Faith to the University community. At the same time, the SCM is an "open" movement, and welcomes into its fellowship all who are seriously questioning and doubting these claims.

Law Society

(left to right): Bill Sullivan, Alan Creaghan, R. E. Kimball.

Early in September the Law Society held a "get acquainted social evening for first year students. In October, at the Law Ball, Miss Judith Bennett was crowned Law Queen. Also in this month Prof. Georg Schwarzenberger, Director of Studies, London Institute of World Affairs, and an expert on international law gave a talk.

On October 31, the Law Society, in conjunction with the Dal Gazette published a supplement to the newspaper which was distributed at the weekend celebrations marking the 75th Anniversary of the Law School. Hon. John E. Read, Judge of the International Court of Justice and a former Dean of the Law School; Hon. Mr. Justice V. C. MacDonald, supreme court of Nova Scotia; M. G. O'Leary, President, The Ottawa Journal; A. L. Goodhart, Master of University College, Oxford and Editor of the Law Quarterly Review; Hon. W. O. Douglas, Associate Justice of the Supreme Court of the United States; and F. R. Scott, Professor of Law, McGill University; were present at the celebrations.

The Moot Court was a great success again this year. Six third year students were chosen to compete for the Smith Shield, the highest award offered by the Law School. This event was staged in February.

In January the Poor Man's Law Ball and the 73rd Mock Parliament were held, the latter being opened by the Law Queen.

Engineering Society

A new executive was elected early in the fall term. The Engineers once again presented their Hayloft Jamboree with Don Messer present to provide music for one of the most successful dances of the term. The Engineers managed to "capture" the Dal Tiger and provide some excitement at various campus activities. For the second year in a row the Engineers took the trophy for the highest percentage of donations in the blood drive.

Much preparation went into the annual Engineer's Ball and once again it proved to be a wonderful dance. Sonia Smith was crowned Queen of the Engineers and so became a candidate for Campus Queen.

In March the Engineers from Acadia and Dal exchanged visits for their annual basketball and hockey competition. So terminated another successful year of activities for the boys from the "Shack". The Engineering Society would like to wish all the graduating class the best of luck in the years to come.

(left to right): Bob Smith (Pres.), Jim Ring, Jim Gilmore.

Sodales

Sodales Debating Society enjoyed a highly successful year in 1958-59. An earnest effort was made to interest more students in debating and Sodales activities. Throughout the year it was emphasized that all students, whether experienced debaters or "beginners" were more than welcome in Sodales.

To promote interest in debating, feature debates were sponsored by the Society, starting with the first organized debate of the fall term, when before a capacity audience in Room 21 two students and two professors held forth in spirited discussion on the topic: Resolved, that professors are more to blame than students for the high rate of failure in examinations. More feature debates were held throughout the year, and some of the Dalhousie debates were on radio.

A new and popular feature of Sodales this year were the public lectures intended to help students improve their public speaking techniques. The lectures the first term dealt with public speaking, those of the second term, with parliamentary procedure. Both series were well attended.

Besides these innovations, Sodales also sponsored its traditional activities of intercollegiate debating, interfaculty debating, and Mock Parliament. A larger number took part in these activities than in former years, and it was generally agreed that the calibre of the debates was higher. At the end of the year it was evident that there was keen interest in debating at Dalhousie, and Sodales is looking forward to even bigger and better things come next year.

(From Left to Right): Marc Foisy, Paul Robinson, Mary MacDonald, John Cochrane, Alade Akesode (President), Norm Rebin.

Midlothian Society

The members of Midlothian Society met every second week during the second term. Meetings were held either in Shirreff Hall or in the homes of members who lived in the city.

Over coffee and refreshments, members discussed current literature, each girl taking a turn at giving a paper on some current book of her choice, whether drama, poetry, fiction, biography, or non-fiction. The papers given were varied and interesting, provoking some lively discussions. It was agreed that these sessions were valuable in stimulating interest in works which the individual reader might have missed.

The society entertained two guest speakers, who spoke on topics chosen by themselves. These talks were interesting and thought provoking, and were always followed by prolonged and enthusiastic discussion with the speaker.

Membership increased during the year. All in all it was felt that even if they started late in the year, the Midlothian meetings had been calculable and enjoyable.

(From Left to Right): Heidi Reibling, Elliot Sutherland, Margaret Doody (President), Frances Goring, Carol Clark.

The Dalhousie Dentistry Society

(Left to Right): Gordon Anthony (President), Ilze Bulins, Yoshihoro Kamachi.

The Dalhousie Dentistry Society held two principal functions throughout the year. The first was the Dental Ball, held in December at the Lord Nelson ball room, at which time the Dental Queen, Miss Joan Herman, was crowned by Dr. Bagnall. The second important event was the Dental Banquet, held at the Lord Nelson in March. This was followed by a party. In addition to these, bi-monthly meetings both business and social were conducted. Other extra-curricular activities such as interfaculty sports were participated in.

The Dalhousie Medicine Society

In addition to the regular monthly meetings at which panel discussions and other interesting events took place, the Dalhousie Medicine Society planned several social gatherings. A very successful social evening for the medical wives was held and the pre-Christmas party at the Jubilee Boat Club, with Reg Quinn's orchestra in attendance was a howling success. At the Annual Medical Ball, Elizabeth Cogswell was crowned Med Queen. The society's aim is to act as mediator for medical students between the Studley and Forrest campi to obtain benefits for the medical students which otherwise would not be given and to operate a book store for the medical students.

(Left to Right): Front Row: Lalia Dauphinee, Zoena Jordan. Back Row: Marvin Clarke, Kempton Hayes, Norris Carroll (President), Byron Reid, Isaac Boniuk.

German Society

(Left to Right): Jackie Munro, Alex Farrell, Jean-Isabelle MacDonald, Bill MacDougall, Heidi Reibling, Otto Haenlein (Pres.).

The Dalhousie German Society was officially recognized by the Student Council on January 4, 1959. The aim of the society is to foster knowledge of Germany, her language, history, culture and current affairs. Membership was not restricted to students of German.

The regular monthly meetings, conducted in English, consisted of film and picture showings about Germany and addresses on related topics. Study groups on German issues, such as current affairs, literature and culture were conducted and a music evening and a social evening were planned.

Enthusiastic and ambitious plans were laid for next year.

Nursing Society

(Left to Right): Margie Hawkins (Pres.), Louise Smith, Harriet Epstein.

The School of Nursing Society has expanded a great deal in this its second year. This year the society's pin and ring came into existence. As the main social activity, the society sponsored a semi-formal dance, at which a candidate for Campus Queen was crowned. Also, Mrs. Kerr gave a lovely tea for all in the School of Nursing.

Plans for next year include a society formal. Also, society fees will be collected at registration. The chief aim of the society is to bring together those taking the Nursing Science course and those taking the Graduate Nursing courses. This aim has been fully realized during this past year.

N.F.C.U.S.

1958-1959 has been a very successful year for the Dalhousie Committee. We were ably represented at both conferences, with delegates attending the National Conference at the University of Toronto and eight delegates attending the Regional Conference at Acadia University. Also two Dalhousians served on the National Executive of the organization.

The most successful achievement of the year was the organization of a campaign among universities to contribute to the Springhill Disaster Relief Fund. Several thousand dollars were donated to this fund by students from many Canadian universities.

On January 30, the committee sponsored a Carnival Dance and this proved to be a huge success. The committee again raffled "tigers" at various dances throughout the year, and the proceeds from both these projects went towards the Dalhousie N.F.C.U.S. Bursary. (This bursary is awarded in the Fall of each year and the funds for this are obtained by the Dalhousie committee.)

N.F.C.U.S. is one of the largest organizations at Dalhousie and credit should be given to all the students, for it has been their support and co-operation that has enabled the committee to maintain this record and to carry on the steps of their predecessors.

Peter Green, Bonnie Murray, Gary Homer (Pres.), Henry Roper.

English Club

The English Club was reorganized in September 1958, after two years' lapse of activity. The object of the club is to discuss matters of general and particular literary interest, and up to the time of writing four papers have been read. The opening paper, *Poets and Critics*, was given by Archie McSporran, and this was followed by a critical account of Beat Generation literature with illustrative readings, by Charles Fanning. After Christmas the Society had the pleasure of hearing Mr. Douglas Lockhead read a number of his own poems, and John Chambers delivered a controversial paper on Science Fiction, well documented by his omnivorous reading on the subject.

REGINALD A. CLUNEY, LL.B.
Assistant Football Coach (Varsity)

I am extremely grateful to Pharos for providing me with this opportunity to summarize briefly the athletic picture at Dalhousie during 1958-1959.

The Athletic Department, along with the co-ordinating bodies of DAAC and DGAC, offered a program consisting of three main areas of activity: the Varsity, Junior Varsity and Inter-faculty teams. Teaching is only to a select group, but organized recreation is being introduced shortly on a trial basis.

This year's Varsity teams have established fine records. Maritime and Nova Scotia honours were gained in soccer, tennis, volleyball and ground hockey. The Junior Varsity team in Football showed great promise and improvement under organized coaching. Hockey and basketball (schedules have not been completed at time of writing) teams were among the best of recent years.

Turning to the Interfaculty scene—the general trend in the Fall sports of touch football and cross country indicates a lack of participation and interest compared to other years. Organized recreation in swimming, gymnastics, volleyball, squash, handball, badminton and table tennis were introduced on a co-ed basis with a high degree of participation and enjoyment.

Participation for all is well within the realm of possibility, perhaps not on a Varsity or Junior Varsity basis, but definitely on an interfaculty or recreational basis.

Varsity

The Dalhousie football team gave their fans some pretty anxious moments at the start of the season by losing two consecutive games to St. Francis Xavier. It seemed as if the team might be doomed to last place finish, but the Tigers rallied strongly by defeating Stadacona twice and splitting the series with Shearwater. This enabled the Tigers to close the season in a deadlock for second place with the Flyers.

Shearwater and Dal clashed in the semi-finals with the winner to meet St. F.X. for the Purdy Cup. The Tigers won the first game, 20-1, at Studley, in what could only be described as a well earned victory. The series was two games total points, and in the second encounter at Dartmouth, Shearwater pulled an upset by defeating the Tigers 27-0 and so advanced to meet St. F.X.

The season was not the best that Dal has had nor was it the worst, and hope still runs high that next year the Purdy Cup will return to Studley.

Soccer

The Dalhousie Tigers are the 1958 Maritime Soccer Champions. They roared through the Nova Scotia Intercollegiate League without a defeat, and then in a rugged, hard fought game defeated U.N.B. 3-1 in Fredericton for the Maritime crown.

It was only the second year that the Tigers had entered into league competition, as they had been absent from the soccer wars for several seasons. At the start of the season, it was doubtful if they would match their performance of 1957 when they romped

to the league championship with ease, only to lose a heartbreaker in the Maritime finals by one goal to Mount Allison. This year, however, Dal was not to be denied, as the team gained confidence by defeating St. F.X., their closest and perennial rivals, 2-1 in the season's opener. From then on, although beset by numerous injuries, the Tigers molded into a powerful unit and were rewarded by virtue of their 3-1 victory over U.N.B. It was sweet consolation to the Tigers who were still smarting after last year's defeat.

Tennis

Bob Cunningham, Bill White.

Dalhousie Men's Tennis team once again brought the Maritime Intercollegiate crown back to Studley, after a year's absence. The tournament this year was held in Halifax, and the teams competing were Dalhousie, St. Mary's, U.N.B., St. F. X., and Mount A.

In the men's doubles, Bill White and Bob Cunningham won four matches, losing only one set, and scoring 21 out of a possible 24 points.

The singles competition was the closest of the meet as Ken McReynolds of Mount A. tripped defending champion Gerry Gonsalves 6-0, 3-6, 6-3. Gonsalves won his remaining three matches without losing a set, but he wasn't able to overcome McReynolds' early lead and so lost by one point.

The combined efforts of both singles and doubles, however, enabled Dal to win back the Men's title.

MIDDLE ROW: (left to right) Carl Day, John Davis, Dave Cunningham, Walter Fitzgerald, John Graham, Eric Parsons, Dave Gardner, Merv Creighton (Manager).

BACK ROW: (left to right) Roy Maxwell, Joe Martin, Frank Henson, Brodie Lantz, Frank Sim.

Hockey

The Dal Tigers are currently riding the crest of a tremendous hockey season and are in first place in the Nova Scotia Intercollegiate League. Boasting five wins against a loss and a tie, both of which were suffered at the hands of Nova Scotia Tech, the Tigers have a one point edge over St. F.X., their perennial rivals. Both teams have one game left, and it is not expected that Dal will be beaten by St. Mary's in the final game of the season. The Tigers should cop their number one first place finish in several seasons.

This year's team has been an evenly balanced one with strong forward lines and a good defense. Claude Brown, our goaltender has had an exceptionally fine season in the nets and it is generally felt at the time of writing that this team will do well in its quest for Maritime Intercollegiate honors.

FRONT ROW: (left to right): Nick Weatherston, Ron Simmons, Ted Brown, Warren Nickerson.

BACK ROW: (left to right) Bob Schurman (manager), Bruce Stewart, Al Murray, Dave Woodworth, Bill White, Ted Wickwire, Merv Shaw (coach).

Basketball

As in previous years the Varsity basketballers were again strong contenders in the N.S. Intercollegiate League during the 1958-1959 season. The won-lost record was not as impressive as in past years, chiefly due to the loss of many games by less than ten points. With St. Mary's and Acadia both showing greatly improved squads, the league grew into a four-way battle for top honours. During the regular schedule S.M.U. came out on top, followed by the twice defeated St. F.X., with Acadia in third spot and Dalhousie in fourth.

One highlight of the season was a hard-earned victory over St. F.X. at Studley. Several rookies looked well in their first season—Dave Woodworth, Bruce Stewart and Ted Brown, while perennial stars such as Bill White, Al Murray and Ted Wickwire played their usual steady brand of ball.

Track and Field

Paced by sophomore Mike Noble, Dalhousie's five man track team accumulated 24 points to place fourth in the Maritime Intercollegiate Track Meet at Acadia, Thursday, October 21, 1958. Noble copped both the 440 and 880 yard runs, ran the third leg of the 880 yard relay and the anchor leg of the mile relay.

The victorious half-mile relay team, Dal's only other first in the meet, was composed of Rick Quig-

ley, Leroy Heffernan, Warren Nickerson and Noble. Quigley nipped Mount Allison's anchorman to win this race for Dal. He also placed third in the 100 and 220 yard dashes. Mount Allison finished first in the meet with U.N.B. second and host Acadia third. Coach Lt. Peter Watson, R.C.N., was particularly pleased with the performance of the enthusiastic squad. It is hoped that next year's team will prove to be an intercollegiate winner for Dalhousie.

Curling

Curling officially got under way at Dal for the year on January 8 when representatives from the various faculties met to elect the executive for the coming season. John Macintosh was elected President; Bob Cunningham, Vice-President; Al Beattie Treasurer; Rod MacLennan, Secretary.

After the faculty teams were chosen play for the inter-faculty championship began on January 13. At the time of writing, John Macintosh had won the Wednesday section and was to play the winner of the Tuesday section for the inter-faculty championship.

Playdowns to determine a Dalhousie representative in the Maritime Intercollegiate Bonspiel at U.N.B. began on a round robin basis on February 18. After three close games, the rink skipped by John Macintosh and composed of Vic Snarr, Dave Silliphant and Bob Cunningham won the right to represent Dal.

The 1958 ground hockey season was a successful one for Dalhousie. Under the coaching of Joanne Fryers, the Varsity team remained undefeated in winning the Maritime Intercollegiate Championship. Competition was keen in the league this year and it took much hard work and team spirit to bring the trophy back to the Dalhousie campus.

Varsity Basketball

The Ladies' Varsity Basketball team was entered in the intercollegiate basketball loop. The team started the year slowly suffering losses to Martletts (exhibition) and to U. N. B. Red Bloomers and Mount Allison, but came back strong midway through the schedule. Practices were well attended and a great deal of enthusiasm and spirit was shown by all members of the team. All told, the team under the able direction of coach Joanne Fryers, had a very successful season.

Intermediate Basketball

This year's Intermediate basketball team was a combination of last year's players with a good number of new girls. The team, as last year, played in one of the city leagues with four other teams, the Tartans, Scotians, Stadacona, and a team from the V.G. Hospital. The results were as follows:

Stadacona vs. Dal.	Home	Won 55-18
Dal. vs. Tartans	Away	Won 32-31
Scotians vs. Dal.	Home	Draw 49-49

To fill in the spaces in the league schedule, the team played exhibition games with Acadia's Intermediate team and with Q.E.H.S.

A number of people participated in archery, the Sophomores scoring the highest in interclass competition. It was planned to enter the winners of this contest, Heather Forsyth, Bonnie Homans, Marilyn King, Betty Willet, in the Canadian Intercollegiate Telegraphic Tournament, if it is held this year.

Tennis

(Left to Right): Sheila Mason, Pam Dewis, Pat McCallum.

A Singles Round Robin Tournament was staged during the month of October. Several games had to be played on wet courts but this did not dampen the enthusiasm of the girls. Pam Dewis was the winner and became the Singles player for Dal. Runnersup Sheila Mason and Pat McCallum made up the doubles pair. The fourth member of the team was Sue Starr (substitute) and the Intercollegiate tournament was held at Dal in November. Teams representing U.N.B. and Mount A. were on hand to challenge Dal. Pam Dewis was Singles champion winning in straight sets. The trophy for Doubles was jointly awarded to the U.N.B. and Dal teams.

Swimming

(Left to Right): Colette Young, Margie Hawkins, Libby Grant, Sharon Connolly.

Badminton

Pat McCallum.

A Badminton tournament was run off after Christmas from which the intercollegiate team was chosen. The Maritime Intercollegiate Badminton Tournament results are not available at the time of this writeup.

(From left to right): Joanne Murphy, Janet Ritcey, Linda Rood, Liz Cogswell, Donna MacRae, Shirley Ball, Joanne Fryers (coach).

Volleyball

The Maritime Intercollegiate Volleyball Tournament was held at Mount Allison University on November 28 and 29, 1958.

Teams participating were Acadia, King's, Dalhousie and Mount A. DALHOUSIE WON THE CHAMPIONSHIP.

MUNRO DAY

& other
year's-end
activities

On July 9, 1881, the Governors of Dalhousie University dealt with a petition from the students, asking that each year there be a holiday named "The George Munro Memorial Day" in celebration of the great benefactions of George Munro. The petition was granted, and the third Wednesday of January of each year was set aside as "The George Munro Memorial Day." In the course of years the name has been shortened to "Munro Day". In the year 1928, "Munro Day" was celebrated on March 9, and President A. Stanley Mackenzie reviewed the history of Dalhousie's benefactors. The special guest on that occasion was the Right Honourable R. B. Bennett, (later Viscount Bennett), who was referred to as one of our great benefactors himself, and the cause of other notable benefactions. Since that time, the names of all our benefactors have been associated with "Munro Day." In 1938 the Senate decided that in the future "Munro Day" should be celebrated on the second Tuesday in March.

The Varsity sports picture for 1958-1959 was completed on the eve of Munro Day. Hockey playoffs began with a thrill-packed home and home series with St. Mary's. Dal won the first game 5-3, and then came from behind to tie the second 7-7 and so won the series 12-10. The finals were played against perennial rivals, St. F. X. The first game at Antigonish ended 2-2, raising Dal hopes to the heights of two years ago when a similar series was staged. However the eve of Munro Day turned out to be a night of anguish for Dal fans when the Tigers were beaten 5-2.

Meanwhile in basketball Dal battled in a best 2 out of 3 series with St. Mary's, a series they lost by narrow margins in exciting games.

tomorrow's challenge...

**your
opportunity
today!**

As scientists the world over grapple with the problems of nuclear power and outer-space exploration—of one thing we can be sure . . . aviation as we know it today is on the threshold of new and amazing developments.

Where can the young man of ambition and drive find greater and more varied career opportunities, than in the Royal Canadian Air Force?

If you who are about to graduate from University . . . have the vision to see today's opportunity in the challenge of tomorrow, investigate the possibilities of an air force career —talk it over with the RCAF Staff Officer on your campus.

Traditions *that live*

Strong and honourable traditions provide the foundation of firm training in leadership expressed today in the motto of the three Canadian Services Colleges: Truth-Duty-Valour.

Allied to the prestige of the past is advanced education at university level given by these colleges to the officer-cadets of Canada's armed forces. Carefully selected high school graduates are trained for challenging professional careers as officers in the Navy, Army or Air force, for the responsibility of holding the Queen's Commission.

to serve the **Future**

Through the Regular Officer Training Plan (ROTP) the Department of National Defence will sponsor a limited number of qualified High School graduates to obtain a university education, either at the Canadian Services Colleges or at designated Canadian universities. Full details of this financial assistance can be obtained without obligation from your nearest Armed Forces Recruiting Centre, or by mailing this coupon now.

'Closing date for candidates applying for 1959 fall classes is 1 July 1959'.
