

Item: Pharos: Dalhousie University Yearbook 1962

Call Number: LE 3 D35 1962

Additional Notes:

Digital version of 1962 Dalhousie University yearbook, 240 pages, black and white with some colour. The yearbook contains images and text regarding the University, the graduates, the faculty and the buildings. Information regarding the editorial staff can be found on page 142-143. "Pharos" is both a reference to the destroyed lighthouse in ancient Alexandria and the name of the yearbook series.

This document is a digital facsimile of the materials described above. It was digitized on June 15th 2012.

The original materials and additional materials which have not been digitized can be found in the Dalhousie University Archives and Special Collections using the call number referenced above.

In most cases, copyright is held by Dalhousie University. Some materials may be in the public domain or have copyright held by another party. It is your responsibility to ensure that you use all library materials in accordance with the Copyright Act of Canada. Please contact the Copyright Office if you have questions about copyright, fair dealing, and the public domain.

D35
1962

This book derives its name from the famous lighthouse which the ancients regarded as one of the seven wonders of the world. When thirty-five years ago Dalhousie students decided to refer to their university under this complimentary figure they paid a sincere tribute to their *alma mater* appropriate in view of the essential service rendered.

May the light of Dalhousie contribute to help individuals fulfil their very own radiant function.

Helen C. Reynolds

Dean of Women

Warden of Shirreff Hall

Dedication

As our first Dean of Women Miss Helen Cassels Reynolds became Warden of Shirreff Hall and a member of the Faculty of Arts and Science in 1955. She has been efficient, sympathetic and unsparing of herself in her concern for the academic as well as the social, personal and cultural welfare of the women students.

With affection and respect we dedicate PHAROS 1962 to a brilliant graduate of Dalhousie.

Yearbook Publishers

Preface

The editors of PHAROS 1962 have no delusions about the scope of their work. The life at the university has so many facets, more than can be captured in a mere two hundred and forty pages. We would have liked to "give the book more colour"; however, budgetary considerations proved stronger than our arguments, and, it must be said at this point, the yearbook staff began its work with dampened spirits. Nevertheless, the knowledge that the majority of Dalhousie students were looking forward to a good yearbook provided the incentive necessary to finish a task which at times seemed more than formidable.

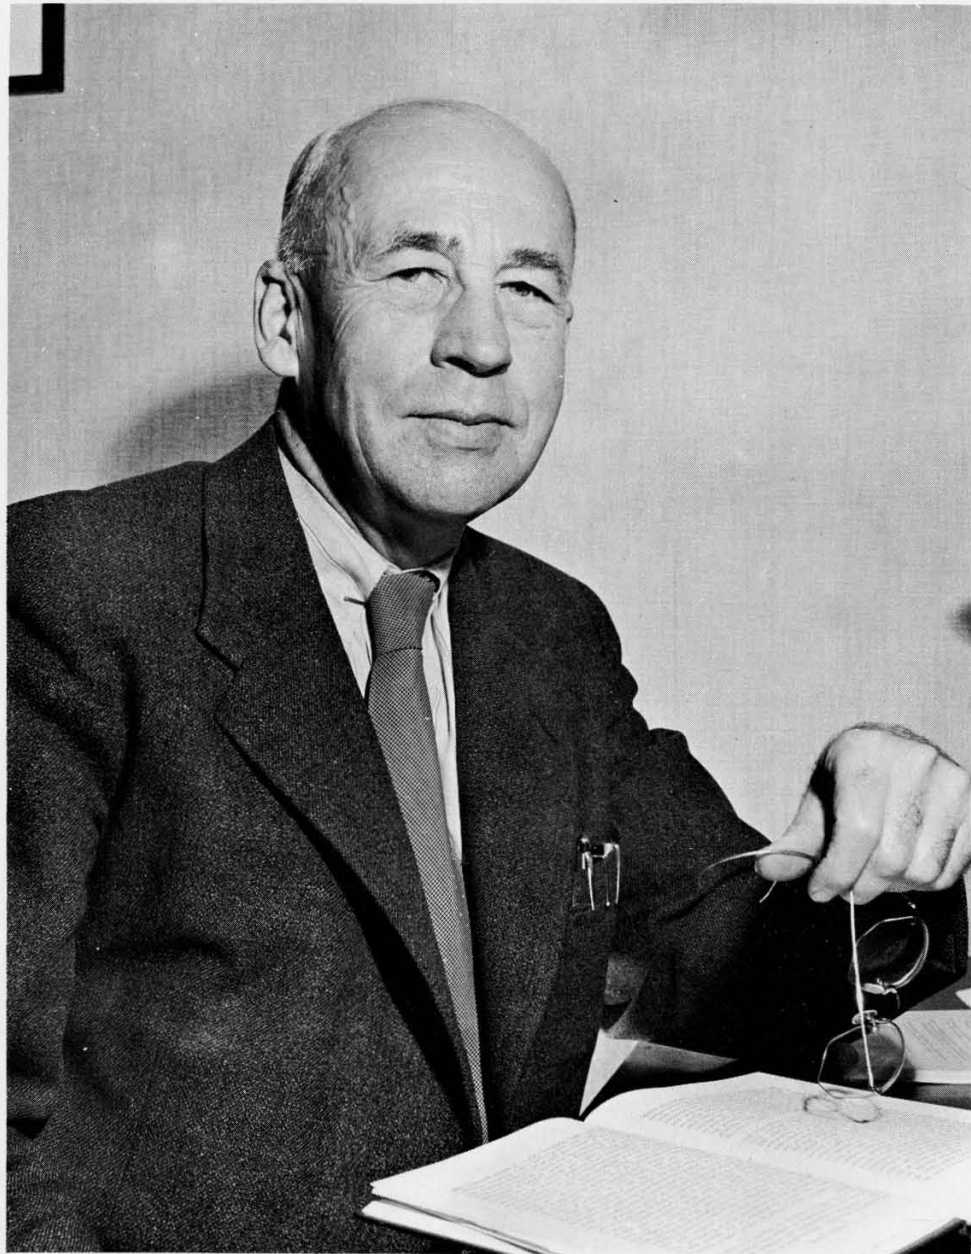

Students who are familiar with previous yearbooks will find an entirely new section, "Where Are They Now?" a tribute to outstanding Dalhousians of the year 1936/37. The regular and common sections were retained and very few changes made. Of the latter, the most outstanding is the increased acknowledgment of scholarship by providing prominent space for the honours graduates.

On the other hand, recognition could not be denied to **the fraternities which exist without the endorsement of the University**, but which have counted among their members the outstanding leaders in student affairs throughout the years.

To those who have helped, the editors and staff wish to extend their thanks; to those who stood aside is directed this word: Nothing is more your own than that for which you worked.

O.H.

In Memoriam

J. Stanley Bagnall

D.D.S. (Dal.), F.D.S.R.C.S. (England), F.D.S. (Edin.), F.I.C.D.

Dr. John Stanley Bagnall, Dean of the Faculty of Dentistry at Dalhousie University from 1947 to 1954, died last January at the age of 73. A native of Charlottetown, P.E.I., Dr. Bagnall came to Dalhousie in 1911 and interrupted his studies to serve with the artillery in World War I, completing his dental course in 1921.

He joined the teaching staff at Dalhousie the same year, and was promoted to professorial rank in 1929. He succeeded Dr. W. W. Woodbury as Dean of Dentistry in 1947.

Dr. Bagnall was the first Canadian to be made a Fellow of the Royal College of Surgeons of England. He retired from active duty as Dean in 1954, and was succeeded by Dr. J. D. McLean. The following year he was appointed Dean Emeritus of the Dental Faculty of Dalhousie.

At the 1960 spring convocation, Dalhousie again honoured Dr. Bagnall for his "distinguished service to his profession, his community, and to the university."

Dalhousie is indeed unfortunate in the loss of a man so devoted to his work and so respected by both his colleagues and his students.

Alexander E. Kerr

President and Vice-Chancellor

The President's Message

I am glad to avail myself of this opportunity to send greetings to the members of the graduating class. I assure them on behalf of my colleagues and fellow alumni as well as myself personally, that we wish them every blessing — a word that has a far richer connotation than success as commonly understood — in the life for which their work in the University has been preparatory.

The student body in Dalhousie has trebled in size since the end of the Second World War, and relevant population statistics indicate that it will probably double again in the decade that now lies ahead. The expansion to date has made it necessary for the University administration to devote a great deal of time in the past year to the formulation of long-term policies for increases in staff, physical facilities and financial resources. The 1961-62 session may very well be significant in the story of Dalhousie for decisions of far-reaching effect on the development of the University and the direction of its movement in the next five or ten years.

I trust that the students who are now finishing their courses will continue their cordial interest as alumni in the welfare of their *alma mater*.

Vale atque salve

A handwritten signature in cursive script, reading "A. E. Keen". The signature is written in dark ink and is positioned above a horizontal line that serves as a separator.

Where Are They Now?

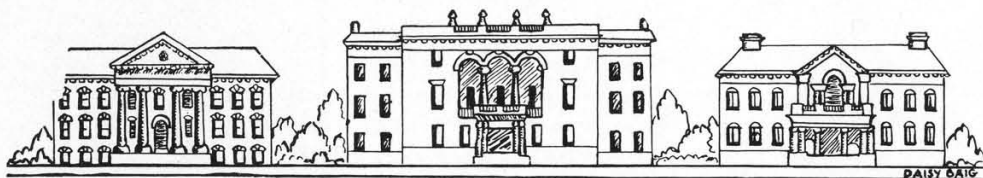

Where Are They Now

In this new section the Editors of the *Pharos* have looked into the activities at Dalhousie University in 1936-1937 and have herein presented several of the students active on campus at that time with a brief note on their contributions to Dalhousie, and their progress since Graduation. In addition, there is a general outline of the campus business of the year.

There are two reasons for presenting the following pages: Firstly, to point out that there is an everlasting connection between the Dalhousie Alumni and the students attending the University. Dalhousie's old graduates retain a feeling of interest with their Alma Mater, and we hope that they remember with pleasure the years spent here, "the best years of one's life." Secondly, we feel that the students presently attending Dalhousie would be interested in learning about the activities which took place in past years, activities which really have not changed radically, despite the fact that the campus and student body are ever altering. This interest, which we hope does prevail, should be stimulated by the fact that the sons and daughters of many of the members of the class of '37 are now attending this university.

The Editors of *Pharos* sincerely hope that they will not be accused of favouritism in picking the year 1936-37 as representative in this section above other years which may have been equally as prominent in Dalhousie history. 1937 just happened to be a quarter century from 1962.

A New Constitution

By 1937 it was felt that the constitution of Dalhousie University was inadequate, and so some major changes were made, initiated chiefly by Dr. Hugh Bell and Gordon Lea, president of the student council that year. A clear statement was made concerning the jurisdiction and the relationship between the various student body organizations. A great number of alterations were made; firstly, the name of the legislative and administrative body for the Student Body of Dalhousie University was officially to be the "Council of Students." The privileges of a Student Council card were definitely stated and the executive officers of the Council were designated as President, First Vice-President, Second Vice-President and Secretary-Treasurer. The Council of Students' Fund, collected by the business office, was placed under direct control of the Council, which it might allot as approved.

The Council was to be the only recognized medium between the student body and university authorities or the general public. No organization was to be constituted in the university without sanction of the Council. The duties of various necessary committees were stated. There was to be at least one regular meeting of the Council per month, all meetings to be conducted under parliamentary procedure. With presidential consent any student might appear before Council. Voting on business was to be conducted by majority vote, the President to hold his vote in case of a tie. Amendments required the vote of two-thirds of the members present at a meeting of the student body. Election procedures have since changed radically, but basically the constitution retains the changes made in 1937.

The Year Book
of
Dalhousie University

Edited by
I. Roy Gold

1937

HALIFAX

CANADA

Dedication

To The Memory of Potter Opler, LL. B.

"Revived with enthusiasm by the Editor and Business Manager, 'Pharos 1937' set for itself an ambitious programme — the revival of interest of the student body in a Dalhousie year book, and the reduction of the deficit so much a thorn in previous years' ventures.

"'Pharos,' it is hoped, has taken a new lease on life and bids well, once again, to take its place as the most valuable asset to university life. To be sure, this 1937 edition will long be treasured as a reminder of a benevolent Alma Mater and of a particularly successful college year."

While Editor-in-Chief of the Pharos in 1937, I. ROY GOLD was interning at the Victoria General Hospital. After spending a couple of years as a resident in Pathology at the Jewish Hospital of Brooklyn, of which he is now Associate Attending Surgeon in the Department of Obstetrics and Gynaecology, Dr. Gold did wartime service as a major in the United States Army Medical Corps and as Commanding Officer of the 5th Army Medical Lab. An interesting duty during this time was an operation performed on General Hideki Tojo, when he attempted suicide, and also involvement in the Army study of the atomic blast effects at Nagasaki, for which he received the United States Army Commendation Medal.

Dr. Gold is now in a teaching capacity with the New York Downstate Medical School, and is a Medical Director of the Metropolitan Diagnostic Institute. In 1952 he was one of the founders of the National Medical Veterans Society, and is now the National Vice-President.

HAROLD CONNOR graduated from the Dalhousie Law School in 1937, a top-notch football player, a participant in interfaculty sports, and the winner of the Smith Shield for debating, a versatile person indeed. During the war Mr. Connor spent considerable time on the North Atlantic Run on destroyers and retired from the Navy as Lieutenant. Since that time he has been very active in business rather than law, and is presently manager of Sea-Seald Division, National Sea Products Limited, president of the Eastern Canada Savings and Loan Company and vice-president of the Acadia Insurance Company. In addition, Mr. Connor was active as president of the Halifax-Dartmouth United Appeal and built it up to \$430,000 by adding a large number of charities and always exceeding the desired objective.

While at Dalhousie CLEM EGAN was very active in the Dental Society, becoming its energetic president in 1937. Now, twenty-five years later, he is still active in dental work in Fort William, Ontario, and is soon to become a grandfather! During the war Mr. Egan served in the Canadian Dental Corps in Sicily and Italy. Following the war he carried on in militia and received his E.D. Presently he is director of dentistry for Fort William and has numerous interests outside his daily occupation, including the fluoridation of communal water supplies and encouraging more students into dentistry.

SHEILA STEWART (Mrs. A. G. Gornall) was surely one of the most active girls on campus in 1937. She was president of Delta Gamma and of the girls' fraternity, Alpha Gamma Delta. She participated in sports, being on both the basketball and swimming teams for the university. Finally, she was voted life vice-president of the class of '37.

After graduating from Dalhousie with a B.A., Miss Stewart went to Toronto and studied music, obtaining an A.T.C.M. Degree in organ in 1941. The same year she married Dr. Alan G. Gornall and they now live in Toronto, where he is a professor at the University of Toronto. Raising a lively family of four has been Mrs. Gornall's main activity along with the enjoyment of her favourite hobby, figure skating.

no picture
available

Sports

There was in 1937 a great variety of sports for both men and women. Perhaps the major difference was found in football, for only the English rigger game was played at that time. As far as this major fall sport was concerned, it was an extremely successful season which resulted in Dalhousie's capture of the city championship. The Intermediate team also did well, reaching a play-off berth with the championship Navy team.

The basketball and hockey records were not spectacular in 1937, but the sportsmanship was always good. However, the Junior Hockey Team did succeed in capturing the Intercollegiate Halifax League title.

Two sports for men which are no longer found at Dalhousie were wrestling and boxing on the intercollegiate level.

Men and women combined in tennis to capture both the Provincial and Maritime Intercollegiate championships. As to the other racquet game, badminton, it had a busy season as well.

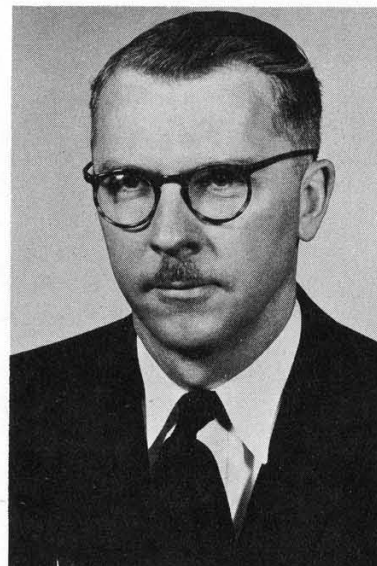

Girls' sports consisted of ground hockey and basketball. Ground hockey at that time was not an intercollegiate sport, games being played only against the Halifax Ladies' College and Edgehill. Against both, the 1937 team lost by small margins. There was only an intercollegiate team in the women's basketball, but for the Dalhousie girls 1937 was a successful year.

Along with GORDON THOMPSON'S graduation picture in the 1937 "Pharos" was a lengthy summary of his activities on campus. Perhaps once again it is best to sum up his work with the reasons why he was chosen for the Pharos "Hall of Fame": "because he had a major part in putting life into the new band — because he is Life President of the Senior Class — because he is President-elect of the D.A.A.C. — because he was N.F.C.U.S. representative — because he is entering law — because he won Dalhousie's most coveted award, The Malcolm Honour Prize — because he deserves it."

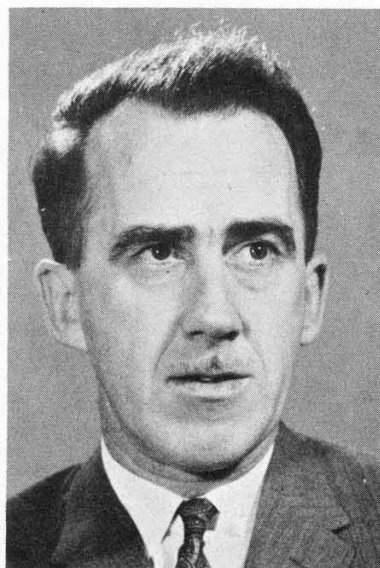

In 1937 Mr. Thompson graduated with a Bachelor of Commerce Degree and in 1940 left the "Hallowed Halls" of the Law Building with his LL.B. and is still a member of the Nova Scotia Bar Society. Besides being the Safety and Terminal Director and a director of Acadian Lines Limited, Mr. Thompson is connected with the Children's Aid Society of Halifax, the Maritime School of Social Work, the Welfare Council of Halifax, and is the Transportation Officer of Civil Defence for the City of Halifax, with the additional position as Second Vice-President and Chairman of the Budget Committee of the Halifax-Dartmouth United Appeal. Mr. Thompson is indeed a busy man.

J. C. ARNELL was, in 1937, one of the Associate editors of "Pharos" at Dalhousie, where he obtained his M.Sc. In 1942 Mr. Arnell was awarded a Ph.D. in physical chemistry from McGill. Following this he joined the Chemical Warfare Laboratories and also the Army for the duration of the war. Mr. Arnell, for five years, starting in 1949, was superintendent of the Defence Research Chemical Laboratories. During the first ten years after the war he was successful in research in the field of surface chemistry, which resulted in the publication of about fifteen papers. These, in turn, resulted in international recognition for Mr. Arnell, particularly in Great Britain and Europe. In 1958 Mr. Arnell was seconded to the Royal Canadian Air Force as Scientific Advisor to the Chief of the Air Staff, a position which he still holds.

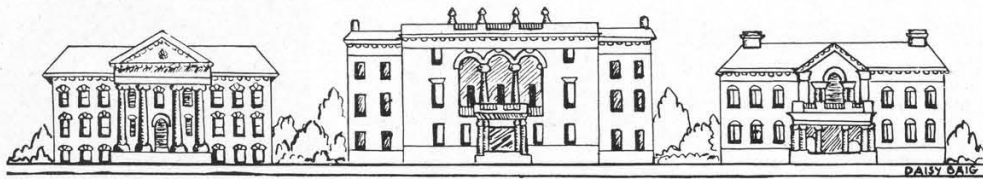

After graduating from Law School in 1938, LEONARD A. KITZ worked his passage to Europe and there spent six months as a newspaper correspondent. He practised law for a year and then joined the army, having been in Italy for a lengthy period and finished as an officer on a Brigade staff.

After the war Mr. Kitz practised law and has done so to the present time. He has been Mayor of the City of Halifax for three years and ran for the Federal House.

ELWYN O. HUGHES was in 1937 president of the Dalhousie Arts and Science Society and a staff member of "Pharos." He has since obtained his M.A. (University of Western Ontario) and his Ph.D. (Ohio State). During the war he was a captain in R.C.A.M.C. He has worked for the National Research Council and was also connected with the Scientific Administration for the Atomic Energy of Canada Limited, Chalk River, Ontario. Of special interest, we think, is the fact that in 1955 Mr. Hughes was the Scientific Secretary for the first International Conference on Peaceful Uses of Atomic Energy. Then in 1958 he was secretary of the Canadian Delegation to the second U.N. Conference on Peaceful Uses of Atomic Energy. Presently Mr. Hughes is in Washington as Scientific Attaché at the Canadian Embassy and Canadian Scientific Liaison Officer at the British Commonwealth Scientific Office.

Envoi

Farewell To Thee Dalhousie,
Where Joys And Triumphs We Have Met,
For All Time We Shall Cherish Thee,
Too Little Payment For So Great A Debt.

Perhaps the best way to state JOHN CARROLL's activities for 1937 is to quote the words which accompanied his picture in the Pharos "Hall of Fame." He was nominated to Dalhousie's "Hall of Fame": "because we made a mistake — because he plays hockey — because he is chairman of the Student Gymnasium Committee and because the students never had a chance to use the gym — because he is Editor-elect of the "Pharos" — because he has a smile for everyone — because he is a swell guy."

No Picture
Available

Since that time John Carroll has among other things received two M.A.'s, one in History from Dalhousie, the other in Education from Harvard.

Besides belonging to a number of worthy organizations, he is President of the Nova Scotia Headmasters and is principal of St. Patrick's High School. A very prominent and active Haligonian indeed!

HENRY B. ROSS obtained his B.Sc. from Dalhousie in 1937. During the year he was president of first year medicine, a member of the Students' Council, life Treasurer of the Class of '37, a member of the Senior Football team and also a participant in track and field. In 1942 Dr. Ross left the Forrest Campus with his M.D. and ended up in the Navy during World War II. Post-graduate work in Pediatrics took him to the Montreal Children's Hospital. Now residing in Halifax, Dr. Ross is practising as pediatrician and also has the role of associate professor of Pediatrics in Dalhousie's Faculty of Medicine.

Quoting from the Dalhousie Gazette of March 15, 1937: "Last but far from least among the students which the Gazette introduces to its readers this year is that very popular girl — MABEL MACKENZIE. A Cape Bretoner in origin and a Haligonian by adoption, Mabel combines the best characteristics of both types and made a real contribution to Dalhousie Student life." During her stay at Dalhousie, Miss MacKenzie took as prominent a part as it was possible for a girl to take in all phases of student life. She was a member of the executive of the Class of '38, a member of Students' Council, vice-president of Pi Beta Phi girls' Fraternity and Arts and Science Society vice-president. Miss MacKenzie graduated in 1937, receiving her B.Sc. and "the best wishes of her many friends at Dalhousie" went out to her.

After her marriage, Mrs. Hugh A. Chisholm moved to Vancouver, B.C., where her husband practises medicine. Besides being on the Board of Governors of Crofton House School, Mrs. Chisholm is vice-president of the W.A. to C.A.R.S. and is undoubtedly busy raising her three daughters.

HENRY D. HICKS is now Vice-President and Dean of Arts and Science of the University which he once attended, and from where he graduated in 1937 with a B.Sc., having previously received a B.A. in 1936 from Mount Allison. During the year 1937 he was active in intercollegiate debates and received the highest academic award, a Rhodes Scholarship to Oxford, which was put to excellent use in gaining a B.A. (Juris prudence), B.Cl. and an M.A. While there as war-time president of the Oxford University Boat Club, Mr. Hicks arranged the first wartime Oxford-Cambridge Boat Race.

A variety of careers followed Oxford, among them law, teaching and politics. It is for politics that Dean Hicks is undoubtedly best known to Nova Scotians, as he was at one time Premier of Nova Scotia.

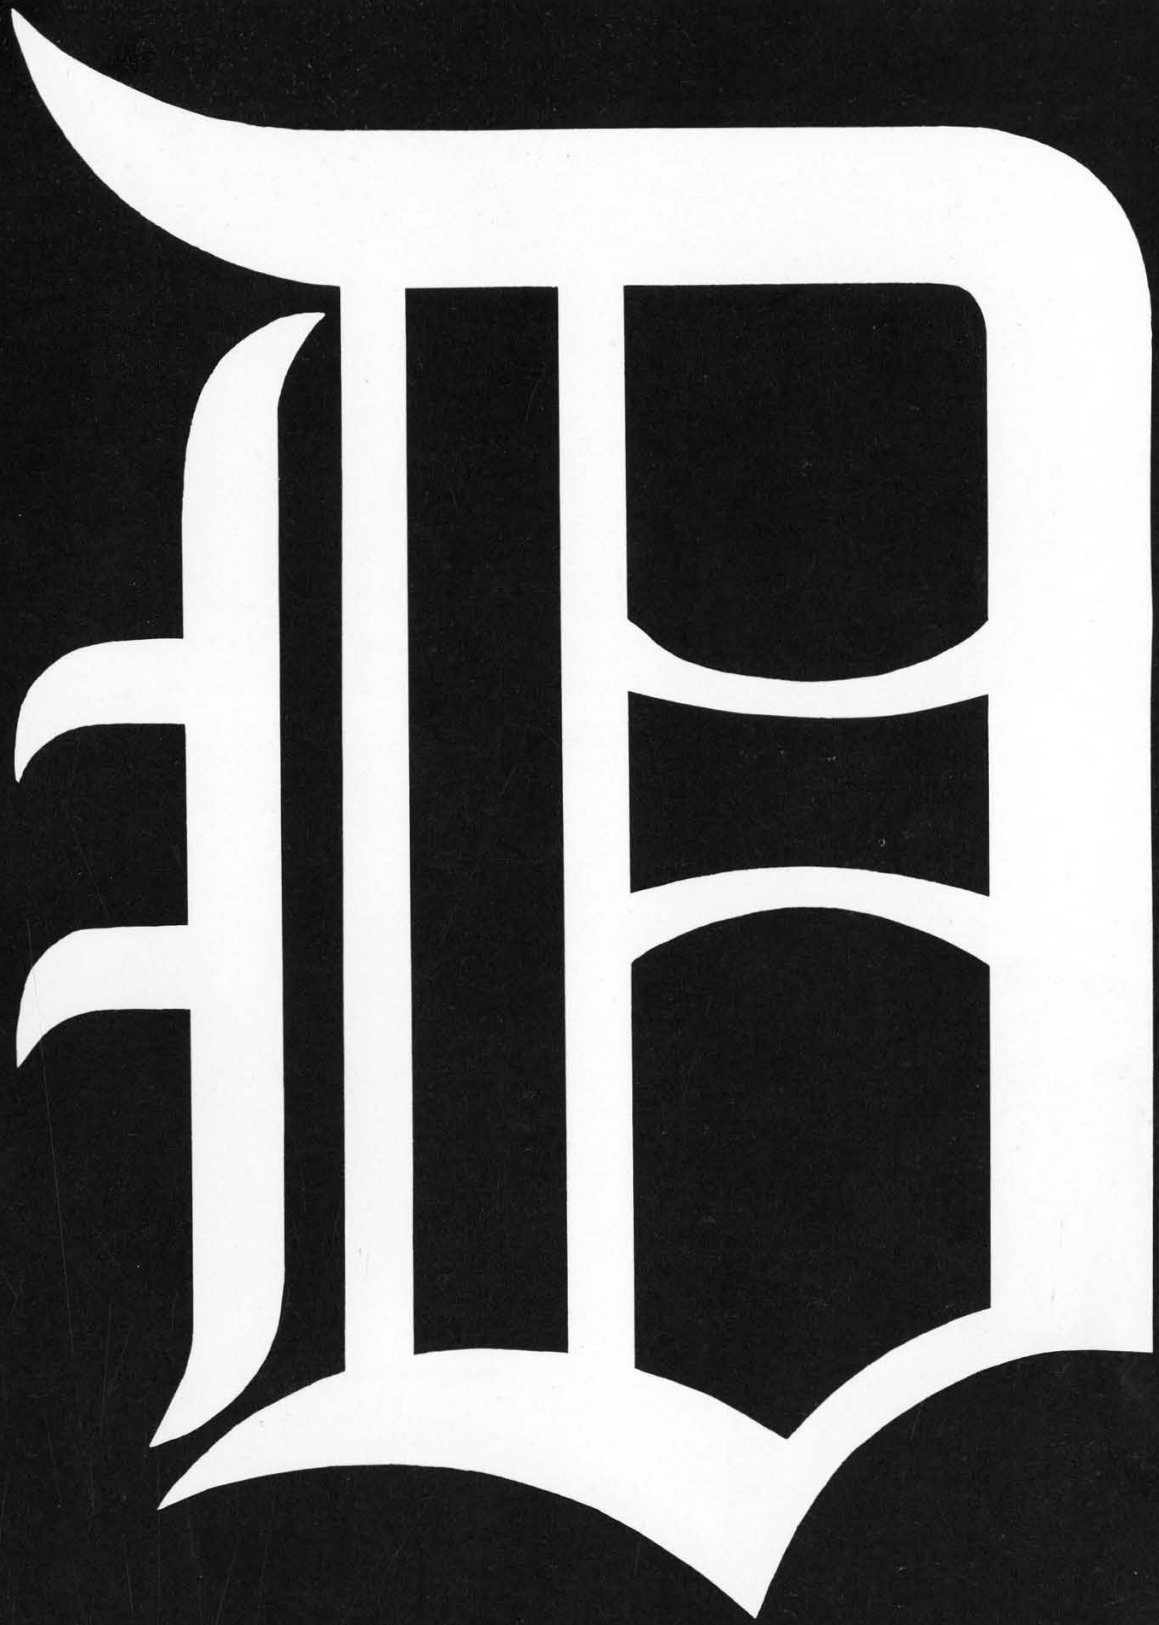

MR. R. GRAHAM MURRAY is another Dalhousie graduate who has returned here. In 1937 he was active as debating secretary and valedictorian of the graduating class. After finishing at our Law School, he continued studies at Harvard University until 1941, gaining an LL.M. During the war, Mr. Murray joined the R.C.A.F. as an airman and still retains force connections here instructing Officer Cadets from across Canada each season in Air Force Law. After the war, he had his own Law firm in Halifax. Later, he became very active in community planning, and is also interested in politics. Mr. Murray joined the staff of the Dalhousie Law School in 1950.

After receiving an M.A. in History in 1949 from Dalhousie, MISS GENE MORISON continued graduate work in Education at Harvard Summer School. During the time between 1956-58 Miss Morison was the first woman President of Nova Scotia Teachers Union, and then in 1958 she became President of the Canadian Teachers Federation, which she represented first in 1957 at Frankfurt, and in 1960 at Amsterdam, at the World Conference of the Teaching Profession. Again of interest is the fact that Miss Morison was one of a three-member delegation on a study tour of the Soviet Educational System, as guests of the Union of Educational and Scientific Workers of the Soviet Union. Presently, Miss Morison is History teacher at Queen Elizabeth High School in Halifax, and a member of the Advisory Council on Teacher Education.

THE RIGHTS

Canadian Bill of Rights and Fundamental Freedoms.
Elizabeth II, Chapter 44, assented to 10th August 1960.

not to be deprived thereof except by due
process of law;
the right of the individual to equality before the
law and the protection of the law;
the right of religion;
the right of speech;
the right of assembly and association; and
the right of the press.

Every law of Canada shall, unless it is expressly
provided by an Act of the Parliament of Canada that it
shall notwithstanding the Canadian Bill of Rights,
and applied as not to abrogate, abridge or
authorize the abrogation, abridgment or
restriction of any of the rights or freedoms herein re-
ferred to in particular, no law of Canada
shall be applied so as to
affect the arbitrary detention, imprison-
ment of any person;
authorize the imposition of cruel and
unusual punishment;
authorize the arrest or detention of
any person who has been arrested or detained
and is not promptly informed of the reasons for
his detention.

- e) deprive a person of the right to a fair trial in accordance with the principles of fundamental justice for the determination of his rights and obligations;
- f) deprive a person charged with a criminal offence of the right to be presumed innocent until proven guilty according to law in a fair and public hearing by an independent and impartial tribunal;
- g) deprive a person of the right to reasonable bail without just cause;
- h) deprive a person of the right to the assistance of an interpreter in any proceedings in which he is a party or a witness before a commission, board or other tribunal, if he does not understand or speak the language in which the proceedings are conducted.

3. The Minister of Justice shall, in accordance with the regulations as may be prescribed by the Governor in Council, examine every proposed regulation and submit a report thereon to the Clerk of the Privy Council.

Toronto University.

NAUGLER, HUGH PAUL
Bridgewater, N.S.
Davies Memorial High School.
Scholarships: Travellers' Club
of Bridgewater, I.O.D.E. Bur-
sary. Activities: Organist and
Choir Director, Holy Trinity
Anglican Church, Bridgewater,
Dramatics with Cathedral
Players. Future Intentions:
Teaching.

OLAND, LOIS EDNA MARIE
Halifax, N.S.
Queen Elizabeth High School.
Activities: Pi Beta Phi, Publi-
city, Skating, D.G.A.C., D.G.D.S.
Future Intentions: Education.

PARKER, ALEXANDER STIRLING
Bedford, N.S.
Glen Moir High School.
Scholarships: Keating.

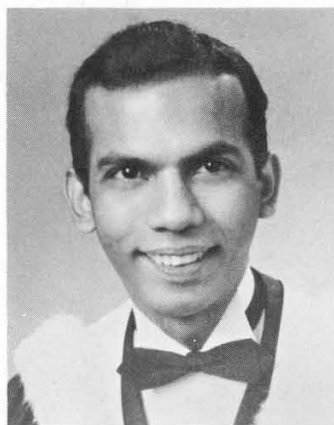

PARKS, CAROL ANNE
Amherst, N.S.
Amherst Regional High School.
Scholarships: Entrance. Activities: Canterbury Club, Stage Crew, D.G.D.S. Future Intentions: B.Ed. and then teaching.

POOLE, EDWARD PIERCE
Corner Brook, Newfoundland.
Amalgamated Regional High School. Future Intentions: Law.

PYE, CHARLES HOWARD
Dartmouth, N.S.
Dartmouth High School. Scholarships: Entrance, I.O.D.E. Entrance Bursary, University. Activities: Baptist Youth Fellowship. Future Intentions: Acadia.

RAMDIAL, FRANKLIN G.
Trinidad, W.I.

RORAI, JUDY ANGELA
Halifax, N.S.
Sacred Heart Convent. Future Intentions: Undecided.

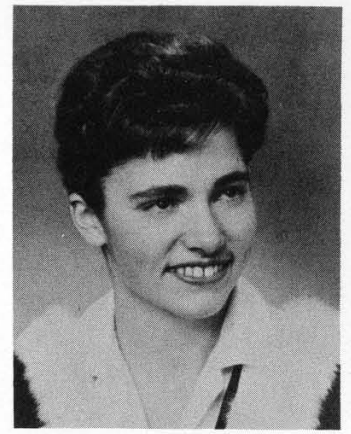

SHEEHAN, KAREN BEULAN
Halifax, N.S.
Queen Elizabeth High School. Activities: Bowling, Volleyball, Basketball, Skating, Sociology Club. Future Intentions: B.Ed.

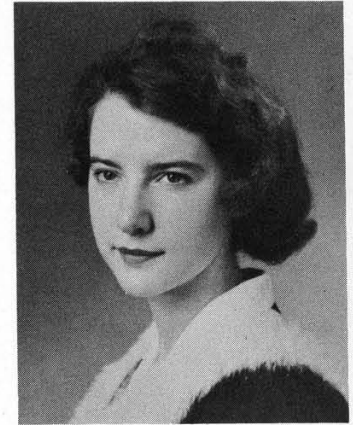

SMITH, JOAN FRANCES
Halifax, N.S.
Mount Allison University. Activities: Skating, Swimming, Pi Beta Phi, Church Choir, Gazette, D.G.D.S. Future Intentions: Airline Stewardess.

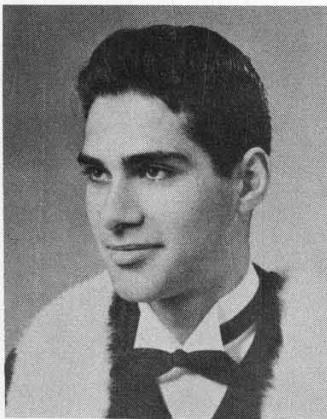

SMITH, NAOMI A. F.
Halifax, N.S.
Queen Elizabeth High School. Activities: D.G.A.C., Pi Beta Phi. Future Intentions: Public School Teaching.

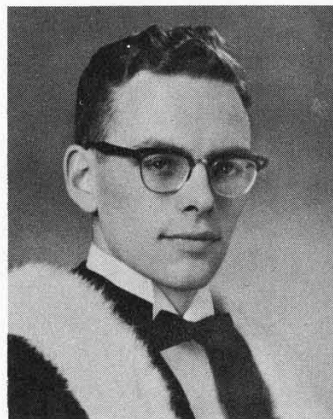

SNAIR, MARILYN MAY
Queensland, N.S.
Stratford Memorial High School. Scholarships: Stratford Memorial Trust. Activities: Skating, Swimming, Church Groups. Future Intentions: Education.

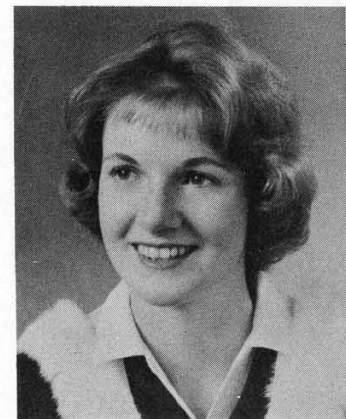

STAINTON, SYDNEY JANET
Dartmouth, N.S.
Activities: Church Groups, Dal Musicals. Future Intentions: Education Course, and later School of Social Work.

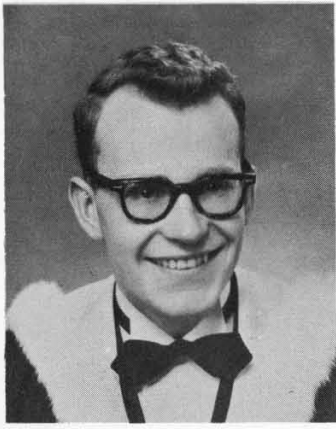

STANTON, VICTOR
Halifax, N.S.
King's College School, Windsor, N.S. Activities: Trampoline, Dramatic Activities. Future Intentions: Drama.

STEVENSON, DONALD RICHARD
Edmundston, N.B.
Scholarships: Entrance. Activities: Inter-collegiate Curling, Treas. Students' Council, Interbay Debating and Hockey, Music Adviser, K.C.C.D.S. Future Intentions: M.A. in Clinical Psychology.

SUTHERLAND, MARCIA JEAN
New Glasgow, N.S.
Boston Museum School of Fine Arts. Activities: Stage Crew, Former Graduates Editor of Pharos.

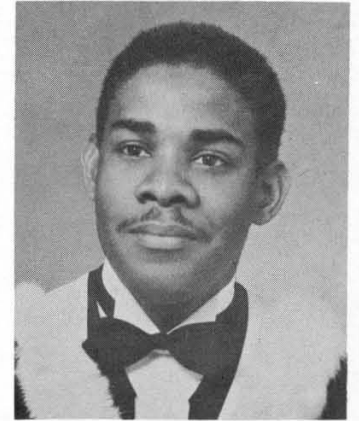

TERNAN, FRANK W.
Annapolis Royal, N.S.
Queen Elizabeth High School.
Activities: Pharos, Pres. Zeta Psi. Future Intentions: Journalism.

THOMAS, GERALDINE THERESA
Halifax, N.S.
Queen Elizabeth High School.
Scholarships: Entrance, University, Khaki University. Activities: Swimming, Badminton, Canterbury Club, Halifax Mem. Library. Future Intentions: Education.

TRACEY, LINDA DOREEN
Halifax, N.S.
Queen Elizabeth High School.
Scholarships: Entrance, Lions' Club. Activities: Pi Beta Phi, Canterbury Club, Sociology Club. Future Intentions: B.Ed.

WALKES, AUSTIN CECIL
Bridgetown, Barbados, W.I.
St. Mary's University. Scholarships: University. Activities: Cricket, Athletics.

WILLETT, ANNA MAY NANCY
Spryfield, N.S.
St. Patrick's High School.
Scholarships: Entrance.

WITHROW, MARILYN LOGAN
Elmsdale, N.S.
Queen Elizabeth High School.
Scholarships: Entrance. Activities: S.C.M., Gazette. Future Intentions: Teaching.

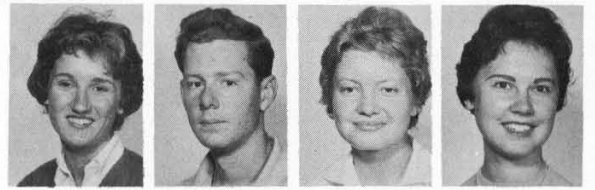

YABLON, JACQUELINE SANDRA
Halifax, N.S.
Queen Elizabeth High School.
Scholarships: University, Hannah G. Matheson Memorial. Future Intentions: School of Social Work.

$$\pi \int_0^l f(x) \sin nx \, dx \quad \left. \vphantom{\int_0^l} \right\} n=1,2,3,\dots$$

$$\Leftrightarrow \bar{\epsilon}_n = \frac{1}{2\pi} \int_0^{2\pi} \epsilon_n^2 \, dx = \frac{1}{2\pi} \int_0^{2\pi} \{f(x) - S_n(x)\}^2 \, dx$$

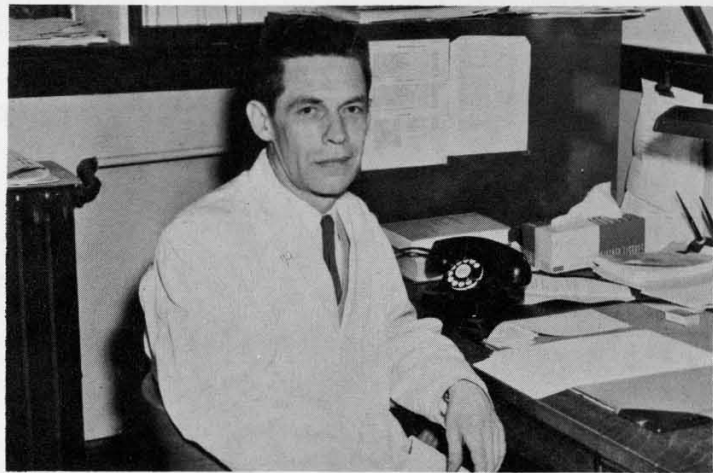

$$u = \sum \sin(n\pi x/l) a_n \cos(n\pi ct/l) \quad ; \quad \text{when } t \rightarrow 0, \quad u = f(x)$$

$$\Rightarrow f(x) = \sum a_n \sin(n\pi x/l)$$

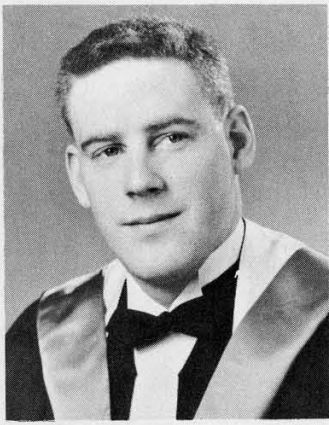

$$u = \sum \sin(n\pi x/l) \{a_n \cos(n\pi ct/l) + b_n \sin(n\pi ct/l)\}$$

And since $\{y(t-a)H(t-a)\} \dots$

SCIENCE

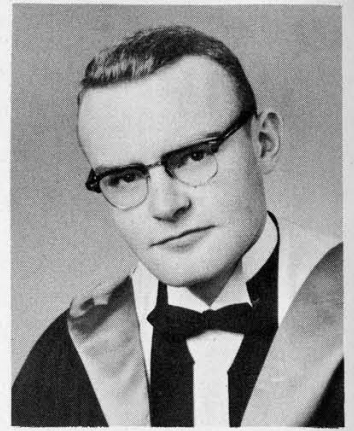

W. J. Chute, B.Sc. (Acadia), M.A., Ph.D. (Tor.)
 Harry Shirreff Professor of Chemical Research and
 Head of the Chemistry Department

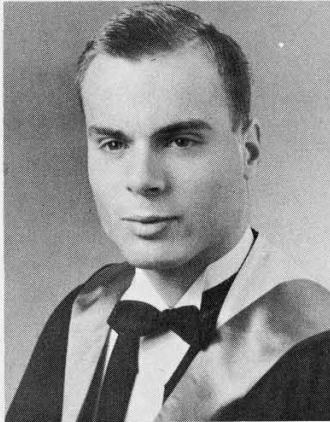

BERGER, JONATHAN
Halifax, N.S.
Queen Elizabeth High School.
Scholarships: University. Activities: Pro-Consul, Sigma Chi; Social Director, Engineering Society. Future Intentions: Undecided.

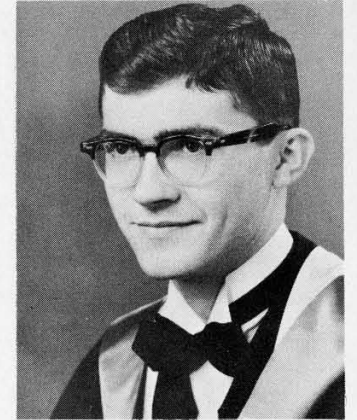

BRUCE, DANIEL RUFUS
Shelburne.
Shelburne High School. Scholarships: University, North British Society 1959-1960, Physics Prizes 1959-1960. Activities: Sailing, Swimming, Tennis, Badminton, Skating. Future Intentions: M.Sc. in Physics at Dalhousie.

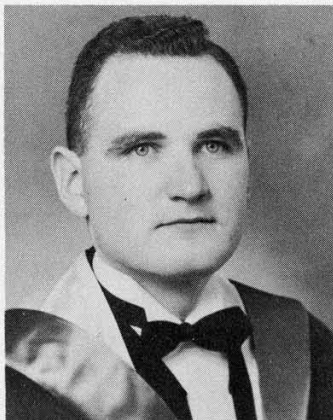

Engineering Physics

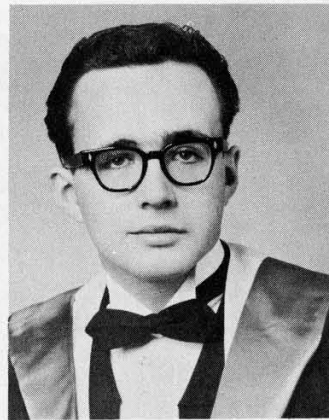

CLEMENTS, LAWRENCE ERIC GOTHAM
Halifax, N.S.
Lisgar Collegiate Institute, Ottawa, Ontario. Scholarships, University, Canadian Institute of Mining and Metallurgy. Activities: Pharos, Cadet (U.R.T.P.). Future Intentions: Law Degree at Dalhousie.

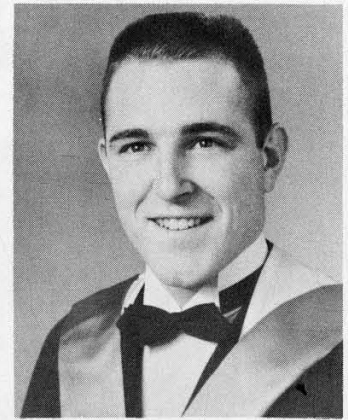

ELLIOT, CHARLES JOHN
Dartmouth, N.S.
Dartmouth High School. Scholarships: Entrance, J. D. Vair. Activities: Ham Radio Operator. Future Intentions: Get a job.

GRANT, IAN ROGER
Fredericton, N.B.
Queen Elizabeth High. Scholarships: International Nickel Co. (4 years), University. Activities: Orchestra for Musicals (violin), Bridge, Skin-diving. Future Intentions: Post-Grad. Work in Saskatchewan.

RICHARD, GEORGE RUSSEL
Halifax, N.S.
Armdale High School and Yarmouth High School. Scholarships: Entrance, University. Activities: Zeta Psi. Future Intentions: Post-Graduate Work in Electronics.

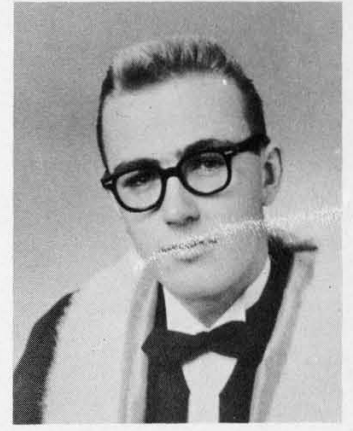

SHEPHERD, ROBERT ALLAN
Yarmouth, N.S.
Trenton High School, Ontario; Yarmouth High School. Scholarships: Math Congress 1958-59; Entrance; University; Dunlop Memorial. Activities: Junior Varsity Football, Interfac Sports. Future Intentions: Take B.Ed. and then go into research.

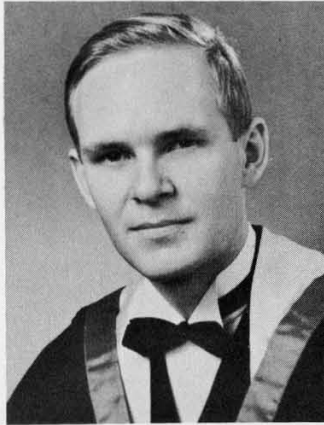

CHIU, NORMAN W. K.
 Hong Kong
 Chung Chu College, Hong
 Kong. Scholarships: University
 Belle Crowe Scholarship in
 Chemistry. Future Intentions:
 Post-Graduate Work in Chem-
 istry.

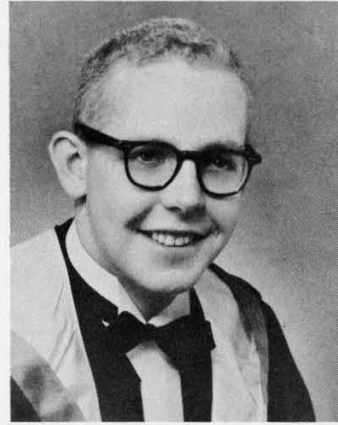

DEAN, JOHN ROBERT
 Sydney, N.S.
 Sydney Academy. Activities:
 Hockey, Curling, Phi Kappa Pi
 Fraternity. Future Intentions:
 Post-Graduate Study.

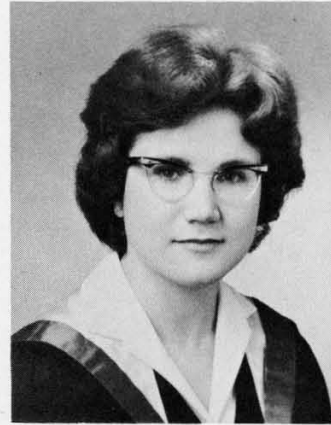

Honours

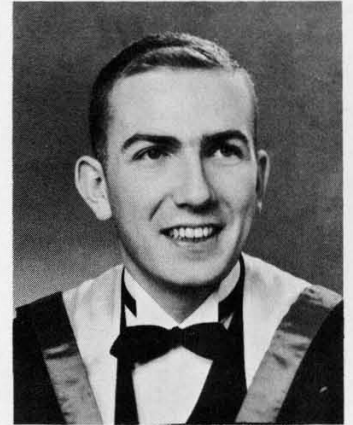

DOYLE, ROGER WHITNEY
 Halifax, N.S.
 Q.E.H.S. Scholarships: Union
 Carbide, Aluminum Co. of
 Canada. Activities: Sailing,
 Climbing, Round Table Society.
 Future Intentions: Post-Grad.
 Study.

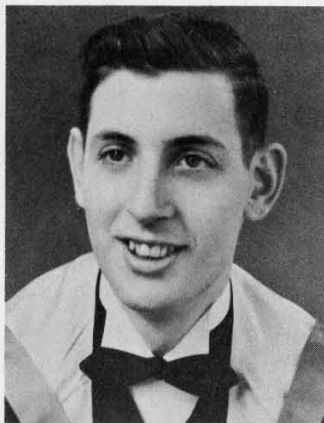

HOGAN, TERENCE
EDISON CHRYSTIE
 Vancouver, B.C.
 N. Vancouver High School.
 Activities: DeMolay Zeta Psi,
 Editor Pharos, C.I.C., Pres.
 Science Society, R.C.A.F. U.R.
 T.P. Future Intentions: M.Sc.
 in Chemistry.

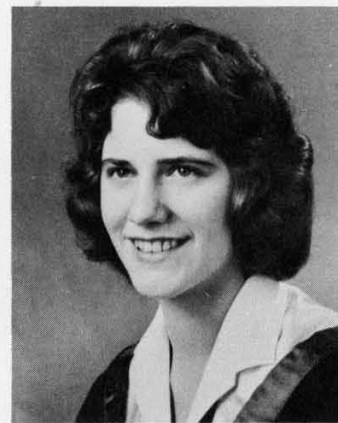

JEFFREY, DOROTHY PATRICIA
 Halifax, N.S.
 Q.E.H.S. Scholarships: Entrance,
 University. Activities: Badmin-
 ton, Skating, Painting. Future
 Intentions: M.Sc.

McALLISTER, RONALD ERIC
 Bridgetown, N.S.
 Bridgetown Regional High
 School. Scholarships: Union
 Carbide Co. Canada Ltd., Two
 Physics. Future Intentions:
 Research in Physics.

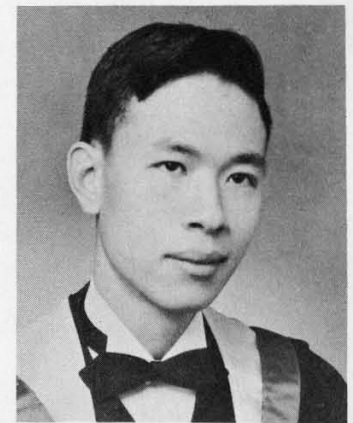

MATHESON, KELVIN
EVERETT LOWRY
 Howie Center, C.B.
 Future Intentions: ?

PERCY, JEAN ELIZABETH
 Buchans, Newfoundland
 Buchans Public High School.
 Scholarships: Entrance, Univer-
 sity, Waverly Prize. Activities:
 Publicity, Pharos. Future In-
 tentions: M.Sc.

WAMBOLDT, ELIZABETH JUNE
 Greenfield, N.S.
 Acadia. Activities: Volleyball,
 Tennis, Swimming, C.I.C. Future
 Intentions: Chemical Research.

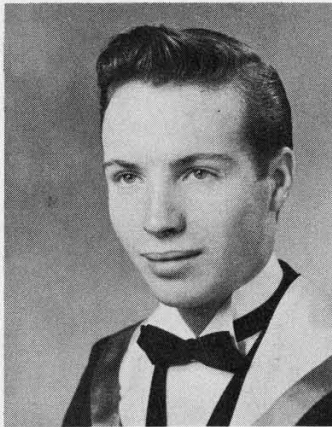

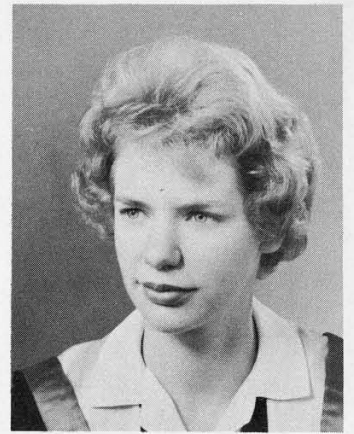

WONG, ALAN YAU KUEN
 Hong Kong
 King's College, Hong Kong.
 Scholarships: Entrance and
 University, Physics Prize, Phys-
 ics Bursaries. Activities: Ping
 Pong, Swimming, Photography,
 Painting, Sculpture. Future
 Intentions: Medicine.

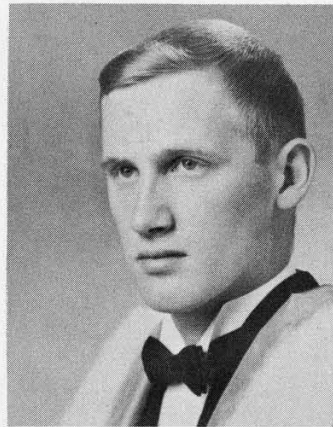

**ALEXANDER,
DOUGLAS GORDON**
St. Patrick's, Grenada, B.W.I.
Grenada Boys' Second'y School.
Activities: Cricket. Future In-
tentions: Civil Engineering at
N.S.T.C.

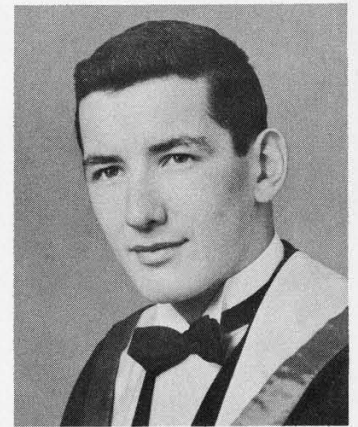

BLUE, JANIS CAMERON
Halifax, N.S.
Q.E.H.S. Scholarship: Entrance.
Activities: Bowling, Dancing on
Don Messer Show. Future In-
tentions: Undecided.

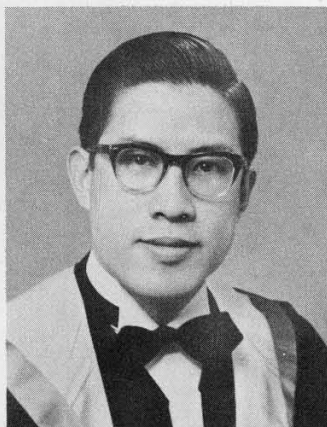

**BOWES,
VERNON FRANKLYN**
Halifax, N.S.
Q.E.H.S. Activities: Golf, Bowl-
ing. Future Intentions: Medi-
cine.

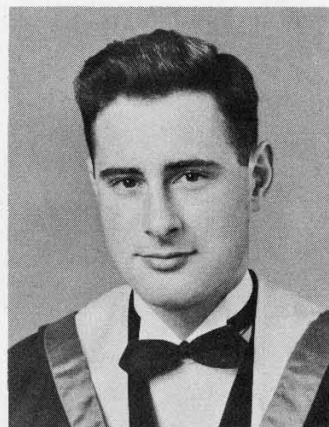

**CANNING,
RONALD GILBERT**
Sydney, N.S.
Sydney Academy. Activities:
Treas. Dramatic Society, Hockey
(King's), Pres. Senior Class
(King's), Inter-bay Sports.
Future Intentions: Dentistry.

**BROWN,
GEORGE EDWARD C.**
Halifax, N.S.
Queen Elizabeth High School.
Activities: J.V. and Varsity
Football, Varsity Basketball,
Volleyball, and Tennis, Inter-
fac. Curling, Football, and Vol-
leyball. Future Intentions: Civil
or Architectural Engineering at
N.S.T.C.

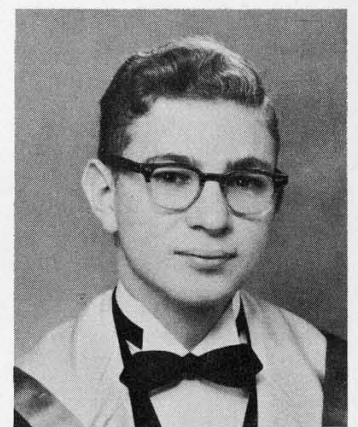

CHIU, NORMAN W. K.
Hong Kong
Chung Chi College, Hong Kong.
Scholarships: University, Belle
Crowe Scholarship in Chemis-
try. Future Intentions: Post-
Graduate Study in Chemistry.

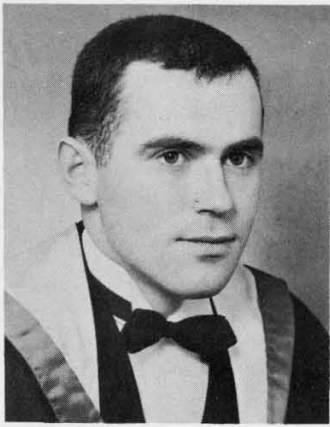

COLLINS, JAMES SEALY
Halifax, N.S.
St. Patrick's High School.
Scholarships: Armdale Kiwanis,
University. Activities: Vice-
Pres. Engineering Society, Ed.
Student Directory, Inter-fac.
Football, Phi Kappa Pi. Future
Intentions: Electrical Engineer-
ing at N.S.T.C.

**COOPER, GEORGE
THOMAS HENDRY**
Halifax, N.S.
King's College School, Windsor,
N.S. Scholarships: Entrance,
University. Activities: P.C.
Club, Student Council, J.V.
Football, Pres. Phi Delta Theta.
Future Intentions: Uncertain.

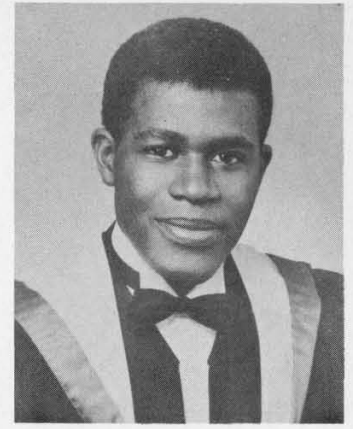

CORDES, JOHN G.
Halifax, N.S.
Q.E.H.S. Scholarship: April
Fund. Activities: Bridge, Chess,
Golf, Swimming. Future In-
tentions: Post-Graduate Study in
Physics.

**CROCKER,
JOHN FRANK SHEARS**
Corner Brook, Newfoundland
Corner Brook Amalgamated
Regional High School. Activities:
Debating (King's), Phi
Chi Medical Fraternity.

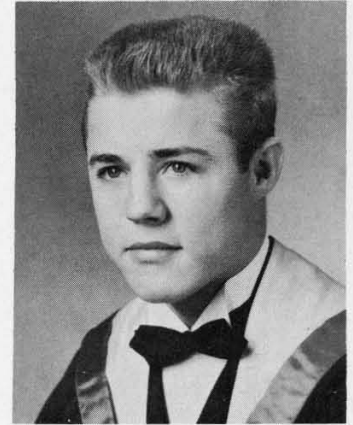

**DAVIDSON,
JOHN BRINKLEY**
Tobago, West Indies. Bishop's
High School, West Indies. Activities:
Soccer, Vice-Pres. West
Indian Society, 1959-60. Future
Intentions: Medical School in
Europe.

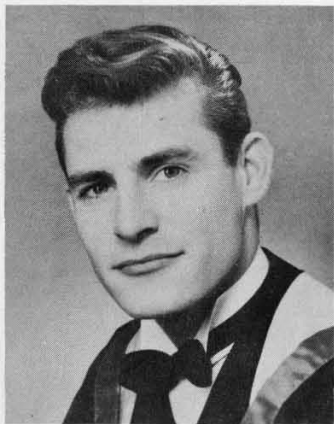

**DOWELL,
JOANNE ELIZABETH**
Halifax, N.S.
Q.E.H.S. Scholarship: Entrance.
Activities: Riding, Pi Beta Phi,
Choir, Sec. Halifax Centre,
Royal Canadian College of
Organists. Future Intentions:
Laboratory Work.

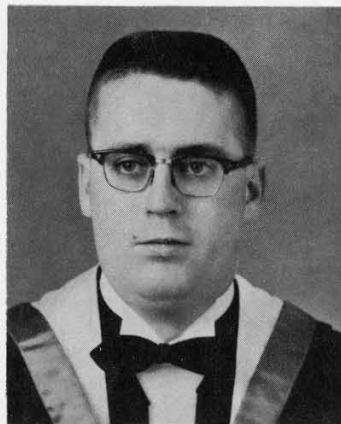

DUNNIGAN, ALICE ANN
Dartmouth, N.S.
St. Peter's High School, Mt.
St. Vincent College. Activities:
Field Hockey, Basketball.
Future Intentions: B.Ed.

**FELDERHOF,
CLARENCE HERMAN**
New Glasgow, N.S.
New Glasgow High School.
Scholarships: Entrance, 2 Uni-
versity Scholarships. Future In-
tentions: Medicine.

**FELDERHOF,
JOHN BERNARD**
New Glasgow, N.S.
New Glasgow High School.
Activities: Dawson Club. Future
Intentions: Business.

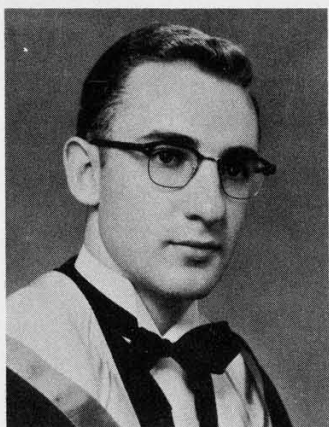

**BLACK,
DONALD ALEXANDER**
Charlottetown, P.E.I.
Prince of Wales College, Mt.
Allison University. Scholar-
ships: Teacher Training, N.S.
Headmasters' Teaching Prize.
Activities: R.C.N.(R.). Future
Intentions: Teaching.

**GERRARD,
LINDA HARTLEY**
Stanstead, Quebec
Stanstead College, Charters
Towers, Sussex, Eng. Scholar-
ships: University, Robert Bruce.
Activities: Stage Crew. Future
Intentions: Work Abroad.

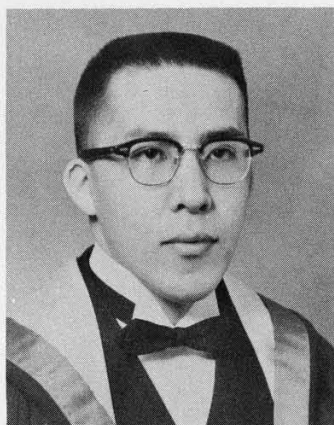

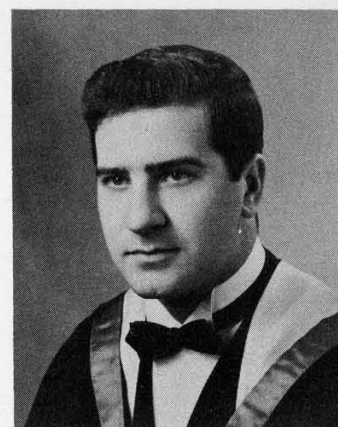

GIFFIN, DAVID ATWOOD
Kentville, N.S.
Kings County Academy. Schol-
arships: Shawinigan Scholarship
in Chemistry (2 years). Future
Intentions: Undecided.

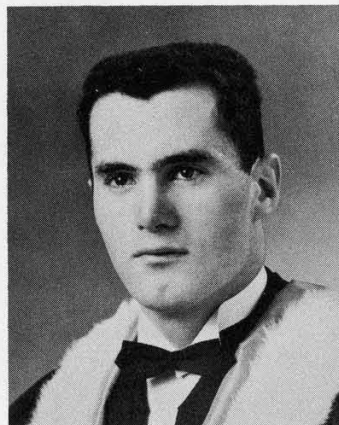

HALE, GEORGE LYNTON
Grafton, N.S.
Central Kings Rural High School. Scholarships: Entrance, University. Future Intentions: Medical School.

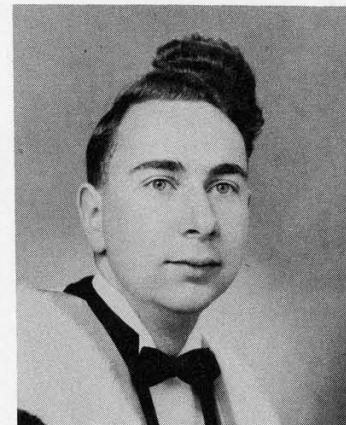

HATCH, GEORGE WILLIAM
Port aux Basques, Nfld.
Port aux Basques Regional High, Memorial University. Activities: Sigma Chi, C.I.C. (Student Chapter). Future Intentions: Medical School.

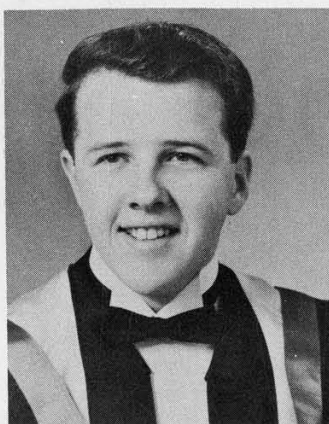

KADOHAMA, NOBUYUKI
Agincourt, Ontario
Rosemount High School, Montreal, Quebec. Future Intentions: Undecided.

KNICKLE, DAVID ARLISS
Springhill, N.S.
Springhill High School. Activities: Hockey, Soccer, Dramatics, Debating, Inter-bay Sports Mgr. (King's). Future Intentions: M.Sc.

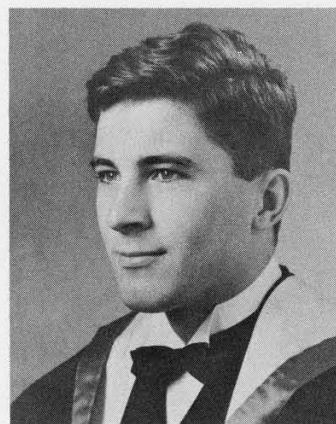

LITTLEJOHN, NORMAN RICHARD THISTLE
St. John's, Newfoundland
St. Michael's School. Activities: Hockey (King's), Inter-bay Debating, Inter-bay Sports. Future Intentions: Dentistry.

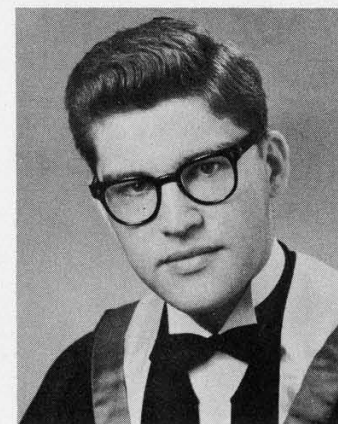

LUTHER, EDWIN ROY
Deer Lake, Newfoundland
Deer Lake High School, Memorial University. Scholarships: Sir John Pratt Memorial Scholarship, Wm. Henderson Scholarship in Physics. Activities: Radio Society. Future Intentions: Medicine.

LYMAN, SYLVIA MARION
Moncton, N.B.
Moncton High School. Scholarships: Entrance. Activities: S.C.M., Stage Crew, D.G.D.S.

MacKENZIE, KENNETH WALKER
St. John, N.B.
Q.E.H.S. Scholarships: Entrance, University, Bruce, Math Congress. Activities: S.C.M., Marabunta Society, Track and Field, Pipe Major Q.E.H.S. Pipe Band. Future Intentions: Post-Grad. Study.

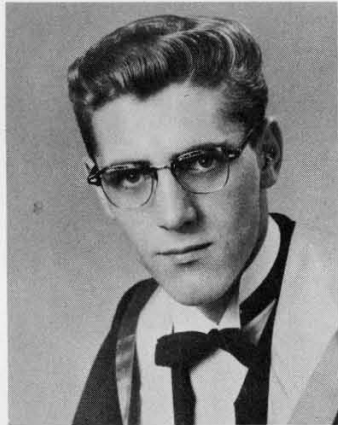

MacLAREN, DAVID BROWNELL
Halifax, N.S.
Riverview Rural High, U.N.B. Activities: Engineering Institute of Canada. Future Intentions: Undecided.

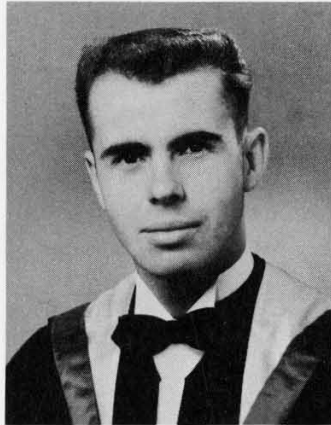

**MacRAE,
DONALDA KRISTINE**
Halifax, N.S.
Q.E.H.S. Activities: Basketball,
Volleyball, Manager Ground
Hockey, Pres. D.G.A.C. Future
Intentions: Possibly Medicine.

**MAIER, MARY-JOYCE
TERESA JUDITH**
Grand Falls, N.B.
Grand Falls Composite High
School, U.N.B. Scholarships:
N.B. Pharmaceutical. Activities:
Armdale Chorus, Dal Pharmacy
Society, Arts & Science Society,
Newman Club.

**MAYALL,
MILES BERESFORD**
Pembroke, Bermuda
Saltus Grammar School. Schol-
arships: President's Prize
(King's), University, Leonard
Foundation. Activities: Water
Sports. Future Intentions: Scien-
tific Research in Bermuda.

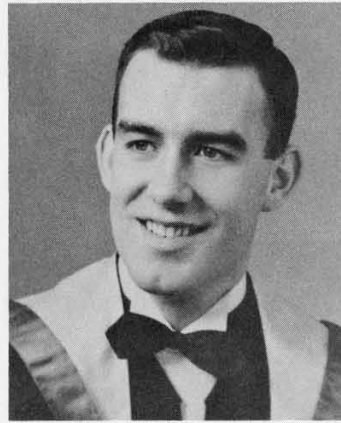

**MILLER,
NORMAN WALLACE**
Elmsdale, N.S.
Hants East Rural High School.
Activities: Hockey, Tennis, Vol-
leyball, Basketball. Future In-
tentions: B.Eng. at N.S.T.C.

**NICKERSON,
HAROLD DAVID**
(B.Sc. Pharmacy)
Halifax, N.S.
Q.E.H.S. Activities: Interfac.
Basketball, Skating, Young
People's Union, Bowling. Future
Intentions: Undecided.

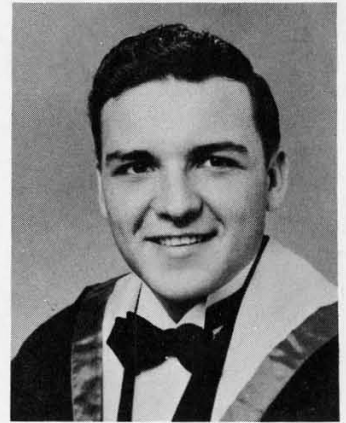

OSMOND, PATRICIA ANN
Corner Brook, Newfoundland
Amalgamated Regional High
School. Activities: Badminton,
Basketball. Future Intentions:
Marriage and B.Ed.

**PARKER,
GEORGE DOUGLAS**
Annapolis Royal, N.S.
Scholarships: Canadian Legion
Dominion. Activities: Interfac.
Basketball, Hockey, Soccer,
Volleyball. Future Intentions:
Research Science.

PAU, WING SEEN ANDREW
Hong Kong
St. Dunstan's University, P.E.I.,
La Salle College, Hong Kong.
Future Intentions: Undecided.

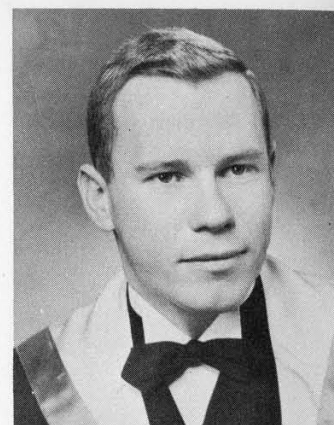

**RADCHUCK,
ROBERT PAUL**
Stewiacke, N.S.
East Hants Rural High School.
Scholarships: S.E.E., Stewiacke
Legion, University. Activities:
Basketball, Badminton, Volley-
ball, Softball, Baseball. Future
Intentions: B.Eng.

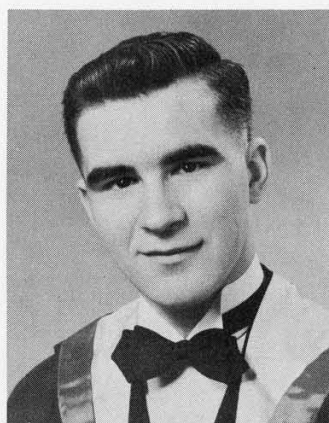

RAMAGE, SHEILA ISOBEL
Halifax, N.S.
Q.E.H.S. Scholarships: Entrance.
Activities: Swimming, Skating,
Y.P.U. Future Intentions: Labo-
ratory Work.

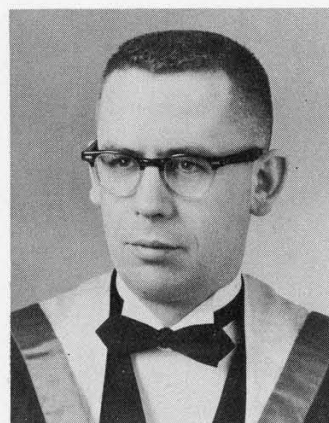

**RANKIN,
WILLIAM DONALD**
Halifax, N.S.
Q.E.H.S. Scholarships: Entrance.
Activities: Varsity Football,
Hockey, Tennis, Basketball,
Gazette, Halifax Herald, Sigma
Chi. Future Intentions: B.Ed.

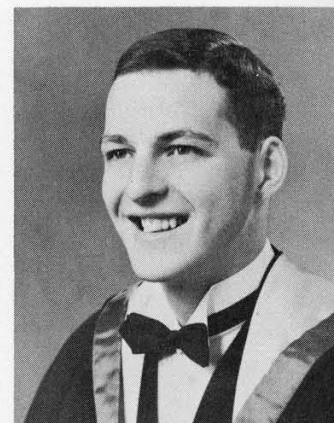

ROSS, MARGARET HELEN
"SALLY"
Halifax, N.S.
Q.E.H.S. Scholarships: Entrance,
University. Activities: Cheer-
leading, Ground Hockey,
Gazette, Cercle Francais, N.F.C.-
U.S., Pi Beta Phi, Painting.
Future Intentions: M.Sc.

**RUSHTON,
DONALD KENNETH**
Westchester Station, N.S.
Oxford Regional High School.
Scholarships: Entrance. Activi-
ties: Skating, Photography,
Stamp Collecting. Future Inten-
tions: Medicine.

**STANFORD,
SAMUEL ROBERT**
Wolfville, N.S.

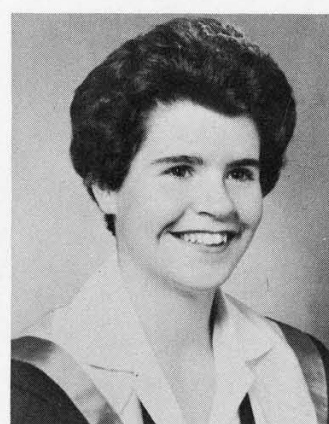

STEWART, JOHN BRUCE
Truro, N.S.
Truro High School. Scholar-
ships: Entrance, University,
Solomon in Engineering. Acti-
vities: Varsity Football, Basket-
ball, Phi Kappa Pi Fraternity.
Future Intentions: Engineering
Degree at N.S.T.C.

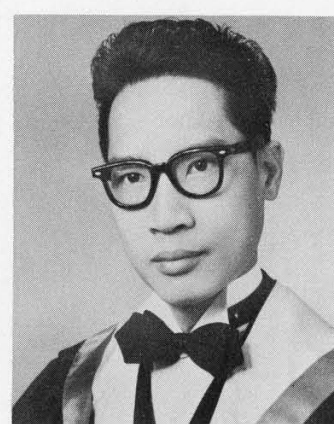

**TANNER,
CAROLYN REBECCA ANN**
Lunenburg, N.S.
Lunenburg Academy. Scholar-
ships: Entrance, University.
Activities: D.G.D.S., Canter-
bury. Future Intentions: B.Ed.

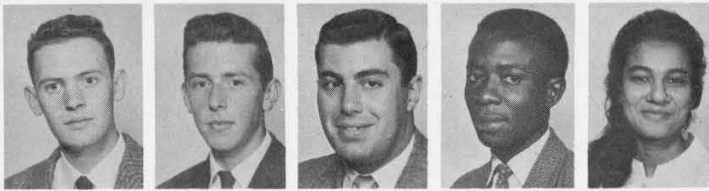

**WHITMAN,
EDMUND GEORGE**
Westville, N.S.
Westville High School. Activi-
ties: Curling, King's Year Book,
N.F.C.U.S., Sigma Chi. Future
Intentions: Medicine.

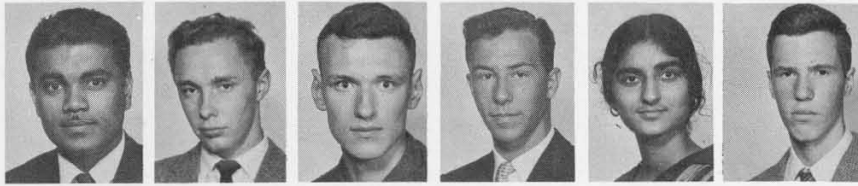

**WOOD,
BARBARA MacINTOSH**
Halifax, N.S.
Edgehill School, Windsor, N.S.
Scholarships: University, Ross
Stewart Smith. Activities: Var-
sity Field Hockey, Volleyball,
Basketball, Badminton, Pres.
D.G.A.C., Gazette, Riding.
Future Intentions: Europe.

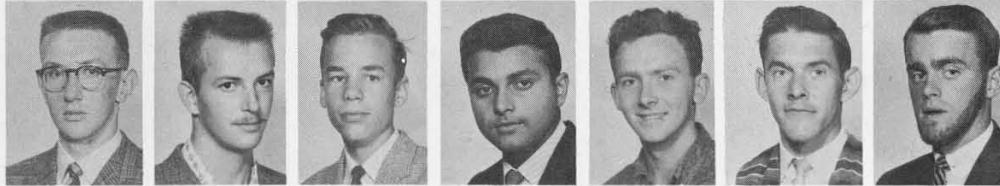

YEE, KENNETH
Glace Bay, N.S.
Morrison High School, Glace
Bay. Activities: Swimming.
Future Intentions: Dental
School.

DALHOUSIE UNIVERSITY
HALIFAX, N. S.

At this opportunity I would like to express my sincere appreciation for the support and co-operation of everyone whose contribution has helped me to make this year a success. Your efforts, interest, and even criticism have made the task of student government a most rewarding experience, and one that I am most grateful for.

From the moment the enthusiastic group of freshmen were welcomed by the Freshmen Orientation Committee in September to the wee hours of Munro Day, the students at Dalhousie University have maintained a high standard of proficiency in academic endeavours, and good sportsmanship in all forms of inter-faculty and inter-varsity competition. My only wish is that there will continue to be this same wonderful spirit among the students of Dalhousie University.

For many students, this year will mark the end of a direct affiliation with this University as they go forth on their own to serve in their respective endeavours, I would like to wish them every success and good fortune, and feel certain that they will maintain the high standards of Dalhousie University graduates.

Sincerely,

President,
Council of the Students,
Dalhousie University.

D.G.D.S. THEN . . .

The Dalhousie Glee and Dramatic Society celebrates its seventy-fifth birthday this year. Beginning in the college year 1886-87 as a Choral Society, D.G.D.S. has become one of the most active societies on campus. Its productions have been highlights of the college years that many Dalhousians will long remember.

In its fortieth year, D.G.D.S. presented what was then considered to be an average year's entertainment. 1926-27 saw the debut of the Male Chorus under Professor Harry Dean of the Maritime Academy of Music. Seven one-act plays were presented that year, the high spot "a dramatic adaptation of THE FACE ON THE BAR-ROOM FLOOR" presented by the Engineers. The orchestra of John Budd and Jean Shaw were heard to advantage at D.G.D.S. "nights."

Some of the plays presented during the past seventy-five years have been "The Man in The Bowler Hat," "The Monkey's Paw," "The Half Pint Revue" (which marked the debut of the college song "Dalhousie Dream Girl," written by Don Murray), "Carrie Comes to College" (which was presented at the Majestic Theatre), "The Valiant," "Enter The Hero," "Brides Beware," "The Glittering Gates," "Brothers in Arms," "Suppressed Desires," "Thank You, Doctor," "Twelfth Night," "Merchant of Venice," "George Washington Slept Here," "Macbeth," "The Man Who Came to Dinner," "H.M.S. Pinafore," "Pirates of Penzance," and countless others.

Names associated with D.G.D.S. over the years are legion. Sina Singer, Ralph Morton, Arthur Murphy, Graham Allan, John Shaw, Walter MacKenzie, Madeleine Page, Richard Donahue, A. D. Gibbon, Victor Oland, Wallace Roy, Jeffery Marshall, Art Hartling, Harry Zappler, Gordon Hart, Don Warner and his

AND DRAMATIC SOCIETY

ANNIVERSARY

Laurie Borne, Libby MacKean, Carol Quigley,
Paul Murphy.

Collegians, Ted Levy, Ernie Heighton, who directed the football band in 1948, Mac Parks, are but a few of the many.

Two men stand out above all others as having contributed their time, energy and talent to D.G.D.S. productions. These are Mr. J. P. Connolly, who produced, directed, and even wrote, for Dalhousie shows. The Connolly Shield bears his name and is the annual presentation to the group winning the one-act play competition. The other is C. L. Bennet. Mr. Bennet has been a constant friend and advisor to D.G.D.S. in the period of many years that he has been associated with Dalhousie. Many Dal productions were made possible through his capable direction, and his personal contribution to D.G.D.S. cannot be measured in the number of times his name has appeared on programs. Professor Bennet was presented with a plaque on Monroe Day on behalf of all the executives, members and friends of D.G.D.S., in appreciation of his efforts throughout the years.

AND NOW . . .

D.G.D.S. had another year of success in 1961-62. The first production of the year was *MY THREE ANGELS* by Sam and Bella Spewark. The delightful comedy about the adventures of three convicts in French Guiana at Christmas time, at the turn of the century, was directed for D.G.D.S. by Law student Charlie Haliburton. The cast included Janet Coffin, Ross Hill, Jane Elliot, Betty Hicks, Peter March. The conspiring convicts were played by Rupert Ray, Michael Guite and Tony Harris.

The Connolly Shield, presented annually to the winning cast of the one-act play competition, was won this year by Hillel for their presentation of Herman Wouk's *THE MAN IN THE TRENCH COAT*. The winning play was directed by Shiella Lipton. The best actress and actor trophies were presented to Judith Newman and Greg Moore. Adjudicator for the plays was Miss Genni Archibald of the Drama Division, Adult Education Department.

BYE BYE BIRDIE

The highlight of the D.G.D.S. year was the presentation of the musical *BYE BYE BIRDIE* at St. Patrick's Auditorium, February 27, 28, March 1 and 2. The presentation by Dalhousie was the Canadian Amateur Premiere of this award-winning musical. The production was staged by Allison Bishop and produced by Laurie Borne. The light-hearted satire of American popular music and its idols took many a hearty swing at American institutions, including Ed Sullivan and the American Constitution. The music was spirited and included such tunes as "English Teacher," "Put on a Happy Face," "Talk to Me," and the memorable "Telephone Hour."

At this point the stage crew must be singled out for special attention for their large and valuable part in making the production a success. The members of the stage crew spent months preparing the sets and in the two weeks directly prior to opening night they devoted themselves whole-heartedly to finishing them and making the *BYE BYE BIRDIE* the success that it has been.

N.F.C.U.S.

Henry Muggah, Bill McKim, Joyce Vaughan, Al Fleming,
Marilyn Hall, Sharon Connolly, Betty Carnell.

The main objective of the Dalhousie N.F.C.U.S. Committee this year was to try and make the students more aware of *their* federation. For this reason a great deal of publicity was given to the activities that N.F.C.U.S. sponsors, such as scholarship plans, national and regional seminars, travel services, the student discount service, student life insurance, and many other activities.

Three Dalhousie students attended the twenty-fifth National Congress at Queen's University, and we had five delegates at the Fourth National Seminar at McMaster University.

At the Atlantic Regional N.F.C.U.S. Conference held at Saint Mary's University in February, Dalhousie presented a resolution calling for federal grants to universities to be put on a student basis. This resulted in a brief being prepared for the federal government by the Dalhousie N.F.C.U.S. Committee asking for the change.

The N.F.C.U.S. Committee hopes that through their hard work the Dalhousie students have become more aware that they are part of a national organization which comprises thirty-eight universities and ninety-five per cent. of the university student population in Canada and that Dalhousie, as the largest of the Atlantic Provinces' universities, will continue to play a leading role in the federation.

W.U.S.C.

The chief activities of the Dalhousie-King's W.U.S.C. Committee this year were Treasure Van, the W.U.S.C. Atlantic regional conference, and the SHARE campaign.

The Treasure Van sale of foreign handicrafts was held in the New Men's Residence in November. The proceeds of \$3,100 were below last year, but above the average level of sales in the past.

In February the Committee was the host of the annual W.U.S.C. Atlantic regional conference. Theme of the conference was "Canada and the Overseas Student." Over forty delegates from eleven universities in the Atlantic provinces attended.

The SHARE campaign in February raised over \$1,100 for projects of mutual assistance to students and universities in countries less fortunate than Canada.

The Committee also sponsored talks on international affairs, including a report on the W.U.S.C. seminar held last summer in Sweden, and a panel discussion on the Commonwealth.

Harold MacKay, a second-year law student, was chosen to represent Dalhousie at this summer's W.U.S.C. seminar in Poland.

Larry Hebb, Wam MacMillan, Liz Shannon,
Nancy Martin, Prof. Harris.

Medical Society

Dale Dauphinee, Al Elias, Mort Rucker,
Jim Holland, Judith Hammerling.

The activities of the Medical Society began with a general meeting to formulate plans for the year. A most enjoyable formal dance was held at the Nova Scotian, at which Vivian Boniuk was crowned Medical Queen and Medical awards were presented. In January a film and panel discussion was held on the topic "Pre-Marital Counselling." Later in the year, a meeting was held concerning C.A.M.S.I.'s brief to the Royal Commission.

The Book Store run by the society is functioning well and book prizes were given to each of two students in each year. Our teams were successful in the interfac basketball, bowling and football leagues, and we are proud that the C.A.M.S.I. executive is formed by Dalhousie Medical students. In the coming year we are looking forward to forming a Pre-Med. Club at Dalhousie.

Dental Society

The Dental Society has had a very successful year in 1961-62. In December the annual Dental Ball was held at the Lord Nelson Hotel at which Miss Peggy Mahon was crowned Dental Queen by Dean MacLean.

An innovation this year was a social sponsored by the Dental Society in honour of the pre-dental students. Refreshments were served by the Dental Wives Club.

The annual Dental Banquet in honour of the graduating class was held in March at the Nova Scotian Hotel, at which Professor C. L. Bennet was the guest speaker.

Noel Andrews, Danny MacIntosh, Tom Taylor, Mel Brown.

Mary Edge, Vera Schofield, Janet O'Neill,
Cheryl Reid, Mary Lynn Smith.

Nursing Society

The Dalhousie University Nursing Society is a fairly new organization on the campus.

This year membership consists of ninety members, sixty taking post-graduate courses of Public Health Nursing, Teaching in schools of nursing, or Nursing Science Administration; thirteen in either the freshman or sophomore year of the Bachelor of Nursing; thirteen at the Victoria General Hospital doing the clinical portion of the B.N.; and four post R.N. degrees.

Meetings are held monthly with a speaker following the business meeting. Interesting topics discussed this year included a world tour with slides and a story of a nurse's work in India.

A very successful formal was held and the Queen of the Society was crowned. Money from the sale of Christmas cards was donated to S.U.B.

Pharmacy Society

The Pharmacy Society this year enjoyed both a socially and financially successful term. The School of Pharmacy has become part of the Faculty of Health Professions and welcomes as the Director of Pharmacy, Dr. J. G. Duff, who comes to Dalhousie from the University of Saskatchewan.

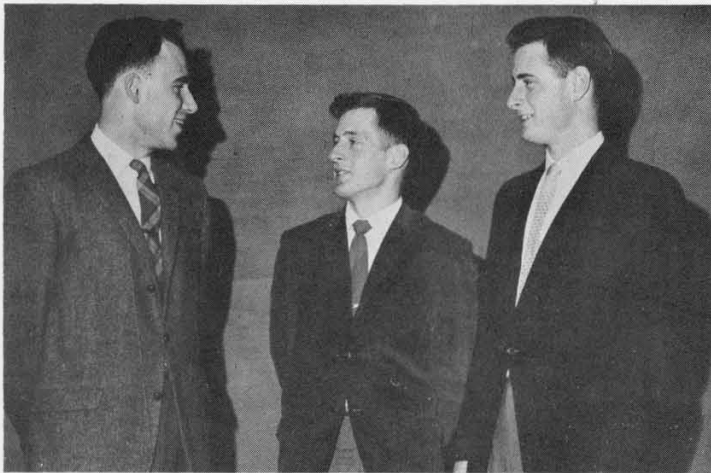

Social activities were highlighted by the Annual Pharmacy Banquet and Ball which was held on January 26 at the Nova Scotian Hotel.

In sports activities, teams were entered in Inter-Faculty Hockey and Basketball.

The final meeting was held in March, at which officers for the coming year were elected.

Gordon Morrison (President), Mary Ann Williams,
David Hankinson.

Alex Bell, Tom O'Flaherty (President), Jim Collins.

Science Society

This year saw the Science Society for the first time a separate society, having its own officers and interfac teams. It did, however, pool its forces with Arts for the "Arts and Science Formal," held at the Jubilee Boat Club on November 10, which was highly successful. The theme of the formal was "An Evening in Paris" with everything decorated accordingly. Miss Lena Messler was crowned by Dean Hicks as Arts and Science Queen. The society did nothing spectacular in interfac sports this year, but the Men's team missed first honors by the narrow margin of nine pins and captured the high triple award with player Bob Covert's score of 321 in the Bowlathon.

The Science Society held the first record hop this year and although there were four balls that evening it proved a social and financial success.

Engineering Society

After a year of "readjustment" from the cramped quarters in the beloved shack to the spacious, well-equipped Sir James Dunn Building, the Dalhousie Engineers have emerged this year as the leaders of campus spirit as in former years.

Society functions this year included an introduction to the seniors for the freshmen, sometimes commonly referred to as a stag, but never as an initiation. Getting the tiger back was a trying experience, but after much negotiating, alleged kidnapping, reciprocal theft and a midnight raid on a local residence, the engineers won again.

Building Dalhousie's entry in the Atlantic Bowl Parade provided an outlet for the latent artistic talent in the society.

Rounding off the year, the society sponsored the Acadia Trip, the Hayloft Jamboree featuring Don Messer and the Islanders, and held a very successful banquet in April to close activities for another university year.

Mark Hunter, Bill MacDonald, Heather Corston,
Terry Hogan (President).

Sodales

Jim Cowan, John Cochrane, Libby Burnham, Larry Hebb.

Sodales president attended the MIDL Conference held at Acadia University in October.

In inter-collegiate debates Dal hosted two visiting teams from King's and Acadia Universities. Bob Barrigar and Mike Kirby won a unanimous decision over King's debaters and Larry Hebb and Keith Jobson over Acadia. In an away debate Don Goodfellow and Dave Grant lost by a split decision to St. Francis Xavier University.

Sodales was represented at the McGill Winter Carnival Debating Conference by Brian Flemming and Don Goodfellow.

The MacDonald Oratorical Contest was held in March and inter-faculty debating was arranged.

Jim Cowan organized the annual Model Parliament and campus election.

Law Society

This year the Law Society excelled socially if not athletically.

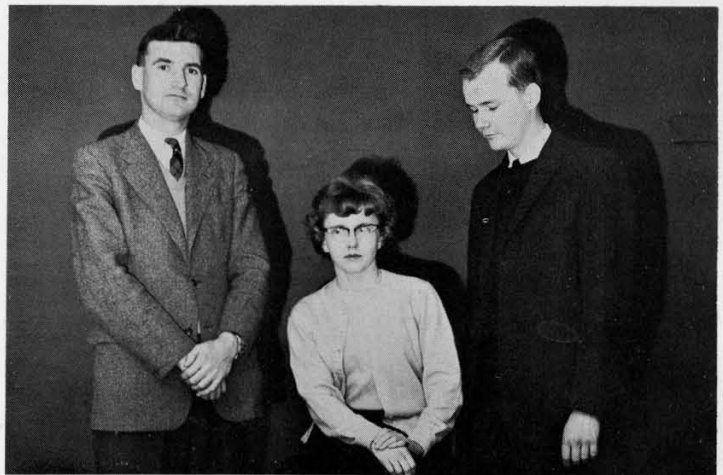

Feature of the fall, October's Law Ball, was highlighted by the crowning of charming Gail Young as Law Queen.

Bright spot of the spring term, the Poor Man's Law Ball, featured expert Twisters and fevered imitators.

The School's first NDP government, led by Keith Jobson, governed one night and was quashed the next in one of the Lawyers' more successful Mock Parliaments of recent years.

Their eloquence and arguments engraved the names of Jim Kent and Larry Hayes on the Smith Shield, symbol of excellence in the Moot Court competitions.

Graduates this year and in the future will wear a distinctive Law School ring as a result of a late-year decision of the Society.

Peter Bennett, Mary McCormick, Dick Steeves.

Arts Society

Operating for the first year as a separate society, the Arts Society was active in many fields.

Members of the Arts Society participated in all interfac sports, which, while the Arts teams were not always at the top of the standings, afforded enjoyment to all those who participated and aided the relative success of Dalhousie's revamped interfac athletic activities. Highlighting Society activity was the Arts and Science Ball held in conjunction with the sister Science Society. Much credit is to be given to the many members of the Society who worked hard behind the scenes to make the Ball a success. "An Evening in Paris" was climaxed by the crowning of the Arts and Science Queen, Lena Messler.

Reid Morden (President), Marcia Smith, David Jones.

Dalcom

Growth in the Dalhousie Commerce Company membership for the 1961-62 term and the interest by the students have made for a very successful year.

All of our sponsored activities on campus have shown growth. The Dalhousie Advertising Bureau reports that advertising revenues are at an all-time high and the Dalhousie Film Society continued to show films of high calibre.

Commerce Week 1962, January 15-19, set the tone for the rest of the year's social events. We invited the Commerce alumni to share the Banquet and Ball with us and those who attended had an excellent time. To complete that particular evening Miss Judy McMahon was crowned Commerce Queen. Industrial tours were planned and the "Week" closed with a Sweater Dance featuring the Twist.

As usual, we did well in interfaculty sports, had special speakers, held student-faculty receptions, all of which made us happy to be members of the Dalhousie Commerce Society.

Ken Myra, Jamie Cochran, Barry Annis, Brian Rodney,
Bruce Davidson, Liz Egan, Judy McMahon.

D.A.B.

The Dalhousie Advertising Bureau has completed its most successful year to date. The Advertising Bureau's function is to obtain advertising for student publications. Ninety per cent of its revenue goes directly to the Student Council, while the rest is divided between the three members and the Dalcom. Revenue this year has been estimated at \$5,200, which is a large improvement over past years.

John Myers handled the advertising for the Students' Handbook and D.G.D.S. programs, and Don Cunningham and Rolf Schultz were responsible for the advertising in the Gazette and in Pharos.

John Myers, Don Cunningham.

Delta Gamma

Delta Gamma is the society for all women students on campus, and our two main projects of the year were Sadie Hawkins Week and the Blood Drive.

Sadie Hawkins Week was held from January 8-12. Activities for the week included a broomball game with Sigma Chi, serenading the fraternities, and the highlight of the week, the crowning of the Campus King, Dave Knickle, at the Sadie Hawkins Dance.

The Blood Drive was held February 20-21 on the Studley Campus, at which three hundred and seventy-five pints of blood were obtained for the Red Cross.

Delta Gamma also entered a play in the Connolly Shield Competition and we were represented by a Can-Can line in the Black and Gold Revue. At the present time the executive are working hard revising our constitution in order to make Delta Gamma a better organization for all Dalhousie girls.

Nancy Parker, Pat Brinton, Joan Hattie, Virginia Saney,
Beth Creighton, Eleanor Bainbridge.

Residence Council

This year was the first full term of office for the Men's Residence Council. An extensive sports program was initiated and a chess club and a residence paper were started. This weekly paper serves Shirreff Hall as well as the Men's Residence. A food committee was set up in the residence, through which suggestions and criticisms can be directed to the head of the cafeteria. In addition to the miscellaneous dances held during the term, the Residence Ball, the highlight of the term, was held in January. In general, the year was an accomplishing one for the Men's Residence Council.

Paul Schaefer, Phil Amys, Tony Pacaud, Rod Stevenson, Bill Gillies, Wayne Horne, Gerry Sears, St. John Blakely, Tom Stanfield, Brian Rodney, Bob Radchuck, John Akabutu.

House Committee

Shirreff Hall House Committee is the group that has as its duty the interpretation and enforcement of the rules of the Constitution of Shirreff Hall and the honour system governing residents.

Miss Helen Reynolds, the Dean of Women, gives valuable assistance to this group, which makes improvements in the routines and facilities of the residence. This committee looks after supertime announcements, the dining-room, Sunday tea, and granting certain leaves in the absence of Miss Reynolds, and, among other things, the Shirreff Howl. The larger items are the Hall Formal, the Christmas Party, Spring House elections, and the Senior Banquet.

The Hall is filled with girls from Canada, the United States, Hong Kong, Trinidad, but most are from the Atlantic provinces.

Campus Coordinator

This year the duties of the Campus Co-ordinator were made easier due to co-operation from all campus organizations and that D.G.D.S. used Room 21 and St. Pat's for rehearsals for musical thus leaving the gym free for Harry Wilson and the basketball team. There was only one major conflict this year, what to do with W.U.S.C. Treasure Van and basketball practice in the gym. This was finally resolved by using New Men's Residence for Treasure Van, thus soothing feelings on all sides.

David George

Student's Directory

The past year saw several significant changes in the STUDENTS' DIRECTORY. The dull orange cover was transformed into a glossy white jacket, several sections were reorganized, and most noticeable of all, the Directory and Handbook were combined under one cover. As a result the size of the book approximately doubled.

I am sure most students were favourably impressed by this year's edition, and I wish to thank those who helped me to complete it.

Jim Collins

I.S.A.

The International Students Association began the year early, helping overseas students, new and old, to find accommodation. During the fall term a series of lectures on World Affairs was conducted and very well attended. A Christmas Banquet and party at the Y.M.C.A. was attended by one hundred and forty festive-minded students, a square dance was held on January 27 and the I.S.A. highlight, "Cultural Exchange Weekend," February 9-11, included Snow Sculpturing, West Indian Carnival, a conference co-sponsored by W.U.S.C. attended by students from all Maritime universities, Exhibitions, Entertainments by various ethnic groups and Church attendance. The final program of this most successful year centered around elections and a talk by the Ghanian High Commissioner, with lunch served by the I.O.D.E.

There are one hundred and sixty-five members at Dalhousie and Kings and associate members at St. Mary's, Nova Scotia Tech, and Mt. Saint Vincent.

Francis Yip, Peter Bong, Edmund Chiu, Tak Leung, John Young.

West Indian Society

The West Indian Society has enjoyed a successful year. The regular meetings were held during the winter in the East Common Room, at which films and lectures were presented. The subject of whether or not the West Indies can become an Industrial Power was discussed by Dr. Sinclair of the Economics Department at one of our meetings.

Other activities of the society included our Initiation Party and the Christmas and New Year's Party held during the Christmas vacation. In conjunction with the I.S.A.'s Cultural Exchange Weekend the West Indian Society held a Carnival Party on February 9th.

Through these and other affairs, the West Indian Society has had an active and enjoyable year.

Raymond Tong, Samuel Lo, John Akabutu, Brian Brown, Patricia Ali-Gazee, Sonja Weil.

Chinese Students Society

The Chinese Society has had a very successful year. It has grown in size and vitality. It acted in close unison with I.S.A. in such joint enterprises as the "Cultural Weekend" and the W.U.S.C.-I.S.A. Atlantic Regional Seminar. In the early part of the year the society sought and obtained recognition by the Council of the students. The old practice of running Chinese classes in town was also maintained and a Year Book was published, thanks to editor Cheung S. Yin and colleagues. We also wish to thank all members and friends who have made our year so successful and pleasant, particularly Social Chairman, Michael Yang, for his lovely Christmas Dance and Chairman John Yang for his extravagant but delicious dinners.

Ferdinand Thomas, Norma Toby, Elroy Chow.

Sociology Club

The Sociology Club has seen a very active year with a program including films, guest speakers and the annual banquet. The Sociology Club was particularly pleased at the success of the Sociology Banquet, which was highlighted by a talk on juvenile delinquency by Judge Elliot Hudson of the Halifax Juvenile Court.

The executive of the Sociology Club would like to extend their thanks to those who made this year's club a great success. Special thanks must go to the president, Larry Kowlessar, who showed particular interest and enthusiasm in carrying out the club's activities.

Ann Suydam, Mary Lou Leadbeater, Lanny Rice, Lawrence Kowlessar, Ray Shankman, Cliff Fielder.

Sarah Stanfield, Allan Patton.

Cercle Français

The primary object of Le Cercle Français is to promote interest in French culture, language and conversation, through programs of talks, films, slides, and songs.

Two special events are the Soiree Theatre and the Banquet du Cercle Français. The Soiree Theatre is an evening of French plays and singing, possible only through the efforts of Professor Paul Chavy and the French Department. The Banquet is traditionally held in a downtown restaurant and is probably the Club's most popular activity of the year.

Chemical Institute of Canada

The Dalhousie Student Chapter has this year enjoyed a rebirth; a membership drive during the first term doubled the student membership. Holding meetings bi-monthly, the chapter has heard honours and post-graduate students discuss their research projects. A film on flowing solids supplied by Imperial Oil and a tour of Keith's Brewery were extra highlights of the first term.

The second term included panel discussions between prominent chemists in the area.

Terry Hogan, Frances Piercey, Elizabeth Wamboldt, Bill MacDonald.

Fabrizio Aumento, Frank Nolan, Ross Weeks.

Dawson Geological Club

Due to an increase in activities and membership the Dawson Club is one of the largest clubs affiliated with the Canadian Institute of Mining.

Activities for the year included lectures by notable speakers on topics such as: "The Rift Valley of Africa," "Soil Mechanics," and "The Geology of South West Ireland."

A large number of members participated in the student convention in Antigonish and in three field trips during the year, the last of which was to the Walton Barite Mine, an extensive underground excursion.

Bob Smith, Penny Clouston, Richard Deering, Dave Jones,
Marg Davis, Don Brazier.

S.C.M.

The Dalhousie-Kings Student Christian Movement, an interdenominational student association, attempts to encourage interest in study of Christianity and problems associated with it.

Examining these problems in the light of traditional and contemporary religious thinking, the S.C.M. has attempted to define problems and suggest some answers to concerned students.

Two new secretaries, Bob Smith and Bruce Gunn, led the discussion groups, lecture series and Bible study groups.

Hillel

Throughout the first term our members actively took part in discussion groups and prepared for the Connolly Shield. The winning of the Shield promoted busy organization for the first University Bowlathon, the proceeds of which went to the Rehabilitation Centre.

Other highlights of this term included an Open Service, an invitation being extended to the campus in an effort to promote better Christian-Jewish understanding. Through these projects Hillel has had a very successful year.

Shiella Lipton, Carol Lee Cohen, Mel Brown, Gail Aaron,
Linda Goldberg, Marim Kohler, Marlene Aaron.

Tom Vincent, Father Hatton, Clyde Wells, Clare Durland,
Rebecca Nash, Carolyn Tanner, Sarah Stanfield.

Canterbury

The mainstay of Canterbury activities are the 8:30 Sunday evening discussions. The topics have ranged from The Holy Eucharist to Marriage Counselling, from The Church in Politics to The Church in Industry. An array of excellent speakers has made the discussions interesting and informative.

Social activities have included dances, badminton, and a year-end banquet. Turn out has been good and enjoyment goes without saying.

Tuesday-noon Communion in Room 222 of the Arts and Administration Building have been carried on as usual, giving Anglican students an opportunity to attend The Eucharist.

Newman Club

The Dal-Tech Newman Club had a successful year this year.

The membership and attendance at the Sunday evening meetings in our new building, The Cardinal Newman Centre, was satisfactory.

The executive's main concern this year was two-fold, the increase of membership and to better the quality of the guest speakers. On this point, it was the general feeling of all members that the executive fulfilled its function admirably.

Next year, it is hoped that there will be a concentrated effort to increase the participation of the Dalhousie undergraduates in the Dal-Tech Club.

Ross Whalend, Yvon Picaud, Bill Murphy, Larry Hayes,
Ed Doviak, Doug Chapman, Dick Godbout.

New Democratic Party

Progressive Conservative

Liberal Party

Model Parliament

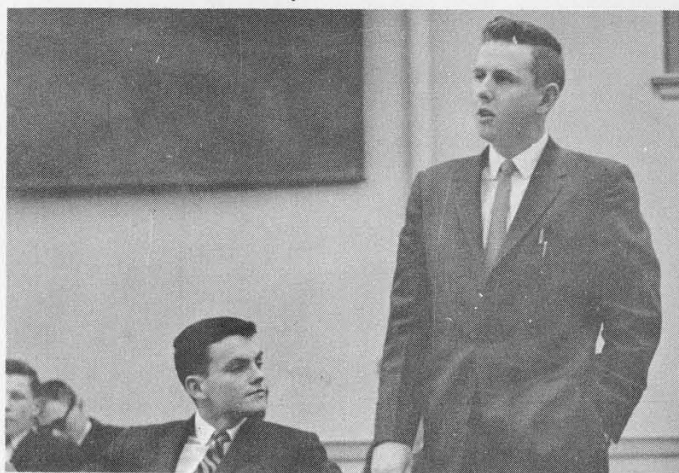

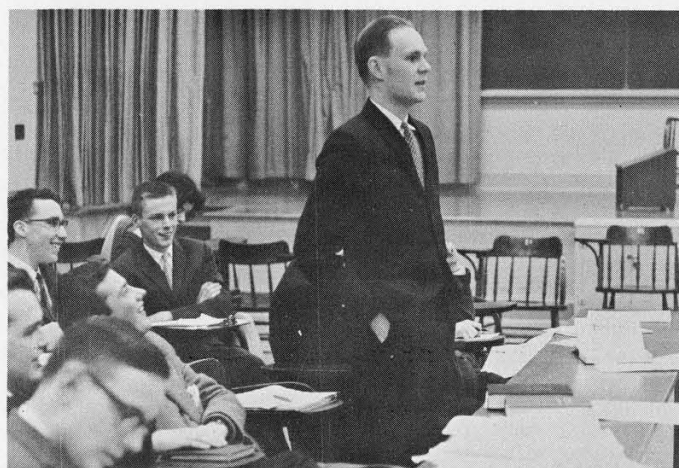

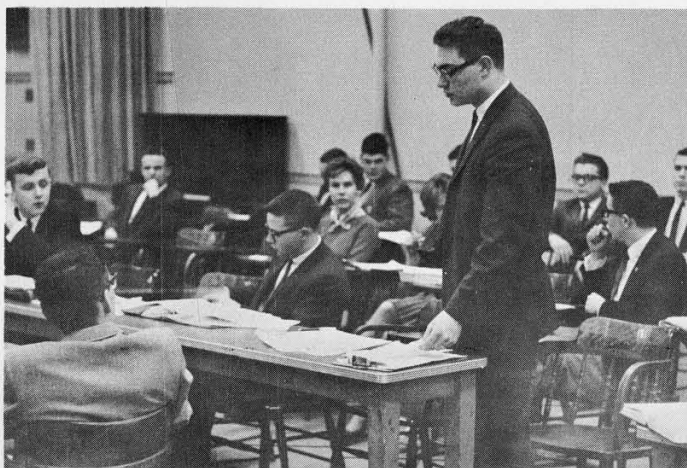

The annual Dalhousie Model Parliament took place on the evenings of March 6, 7, with Dr. J. H. Aitchison presiding as Speaker.

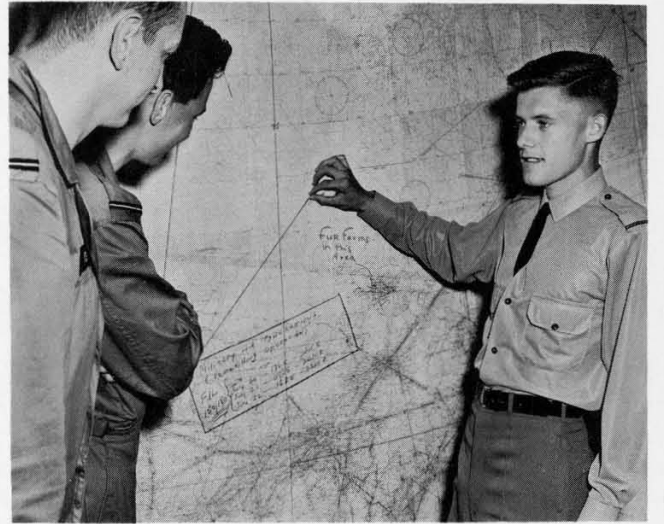

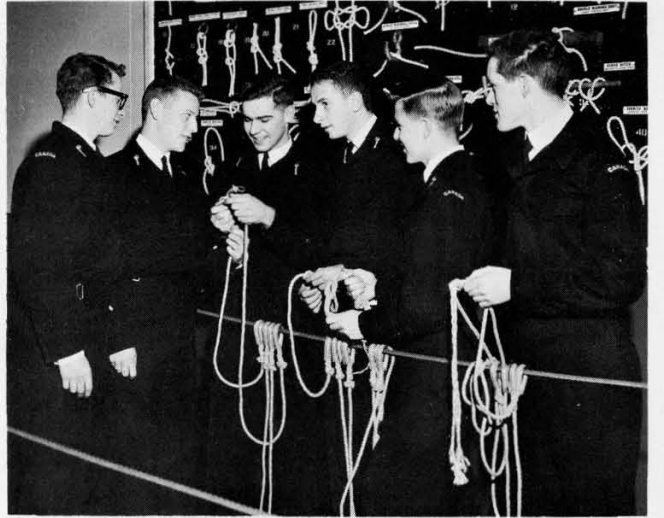

The Speech from the Throne was read by the Governor-General, Dr. Henry D. Hicks.

The Progressive Conservative Party, led by Paul Murphy, formed the government and held twenty-five seats, while the New Democratic Party with eighteen seats and the Liberals with seventeen seats formed the opposition.

The only legislation to pass the House was a Liberal resolution calling for Canada's entry into the European Common Market. Other legislation dealing with Nuclear Arms and an Economic Planning Board was defeated.

The New Democratic Party replaced the government during the second session, only to suffer a similar fate before dissolution.

NATIONAL DEFENCE PHOTOS

University Naval Training Division

The University Naval Training Division (Halifax Universities and Colleges) is one of twenty-four such divisions across Canada. The local contingent consists of Dalhousie, Kings, Saint Mary's and the Nova Scotia Technical College, under the capable command of Lt. R. L. Vatcher, R.C.N.(R.), an engineering professor at Dalhousie.

During the academic year, training is carried out one night a week at *H.M.C.S. Scotian, Stadacona*. The real training, however, is during the summer for a period of three or four months on one of the two coasts, where the cadets are given a comprehensive program covering training in leadership, navigation, seamanship, engineering, supply and accounting, and communications. The high point of the year is a month at sea, which takes the cadets to such places as Bermuda, Puerto Rica, Jamaica, eastern U.S. ports, Iceland, Green-

land, places of interest on the Great Lakes as well as similar ports of call on the West Coast.

Regular Officer Training Plan cadets who train with U.N.T.D. cadets during the winter months visit places like Hawaii, China and Japan during the summer months.

During the academic year, cadets receive half a day's pay for each drill attended, and the full-time pay each summer is \$225.00 a month, with room and board, uniforms, medical and dental treatment, and other benefits.

Service as a cadet continues for three years, at which time there is a promotion to the rank of acting Sub-Lieutenant. Confirmation of this rank is when a degree is obtained or at a level three years after senior matriculation.

University Reserve Training Plan

The Royal Canadian Air Force has two training plans for university students. R.O.T.P. is a career plan featuring complete subsidization of the student's university degree for those who have plans to stay in the service. U.R.T.P. is a form of summer employment and training for students who do not plan to make the Air Force their career.

The term of training generally consists of four winters and three summers. All cadets, except those R.O.T.P. cadets at service colleges, go to Station Centralia in Ontario for five weeks of basic training in drill, general service knowledge, weapons, current affairs, and other allied subjects. After basic training, cadets take training in their respective branches.

There are two types of branch training, contact and course. In general, non-technical cadets go on contact training. This consists of "learning the job on the job."

Course training consists of attending courses to learn the branch by formal training.

The branches open to cadets include Armament Engineering, Construction Engineering, Telecommunication, Administration, Food Services, Supply, Public Relations, Flying Control, and many others.

The winter syllabus is composed of lectures on a variety of subjects of general significance to future officers. There are several social functions, including the Tri-Service Ball held in conjunction with the Army and Navy.

The cadet training plans provide a two-fold advantage. While giving selected students a secure way of putting themselves through university, it produces trained reserve or career officers for future service in the Air Force.

Canadian Officers Training Corps

The Dal/Kings Canadian Officers Training Corps Contingent and the University Regular Officers Training Plan, numbering about thirty in all, experienced their most active year of theoretical training in recent Dalhousie history. University Support Officer, Captain G. Ruffee, remained, but the unit welcomed a new Commanding Officer, Captain G. C. Milligan, Dalhousie geology professor, and new Contingent Officers, Captain Bruce Irwin, Director of Alumni Affairs at Dalhousie, and Lieutenant Reid Morden.

Training by lecture and film has included courses on National Survival, army organization and principles of tactics.

Officer cadets in the first two phases of training will proceed to the corps schools of their choice across Canada for their practical training in the summer. Second lieutenants in the third phase go to regular army units either in Canada or with the Fourth Canadian Infantry Brigade Group in Germany to complete their C.O.T.C. training this summer.

Included in the social events was a Mess Dinner held on January twenty-fifth. The Army hosted the Air Force and Navy at the annual Tri-Service Ball held on February sixteenth at Halifax's new Combined Military Mess.

Alpha Gamma Delta

Alpha Gamma Delta can look back on 1961-62 as another successful and enjoyable year. Chapter President, Sandra Greenleaf, attended the national Alpha Gamma Delta Convention in Colorado last summer and brought back with her many notes of interest on fraternity organization. Social functions were highlighted by the annual ball in February, with Jim Ring as this year's Alpha Gam Man. Throughout the year the girls have been helping to teach the cerebral palsied

children at the Sir Charles Tupper School. It is agreed that this project has been a stimulating and rewarding experience for us all.

To round out the year, plans are being made to hold a fraternity camp immediately following the exams, which will give everyone the chance to get rid of that inevitable exam tension.

Pi Beta Phi

Nova Scotia Alpha Chapter of Pi Beta Phi under the presidency of Naomi Smith, enjoyed another successful year. The first term saw the Pi Phi's without a regular meeting place. However, Dr. Robeita-Bond Nichol kindly opened her home to us for second term meetings and functions.

Enthusiasm reigned high, and activities were numerous. Rushing, pledging, initiation, a visit from Alpha Province President, teas, and a supper party given

by the members of Alpha Gamma Delta were among the many events. The highlight, however, was the annual formal held at Ashburn on February 14. "The Caribbean" was the theme and Bruce Stewart was Pi Phi Prince.

"Frat Camp," to be held at a summer home after final exams, will be the last fraternity "fling" for the 1961-62 year, and the last of "active chapter" life for seven senior members.

Phi Chi

Phi Chi has enjoyed another successful year in 1961-62. Our activities have consisted of the pledging program, a Christmas party for a number of blind children, and our educational program organized by Carl Wellish which consisted of a series of lectures on research at the Dalhousie Medical School. The party for the children of The School for the Blind was held

shortly before Christmas when we decorated the house and entertained the children.

In September, the first year Medical class was entertained at the house and at a wiener roast.

Our Initiation Banquet and Annual Ball were held in the second week in January at the Lord Nelson Hotel, and our St. Patrick's Day party brought the social year to an end.

Phi Rho Sigma

Alpha Eta Chapter of Phi Rho Sigma has completed another year of very successful activities under the guidance of President Dale Dauphinee and the executive. Being a Medical Fraternity, most of our activities are centered around the Forrest Campus. Despite this, many members were active in varsity sports and student government.

Our social highlight this year was our Annual Banquet and Ball, which many members felt was the best in years.

Our community service committee held a Christmas Party, complete with gifts, turkey dinner, and Santa Claus, for twenty-five underprivileged children of the Halifax area. The professional committee presented a half-dozen programs consisting of talks and discussions on both medical and non-medical topics to help broaden our knowledge.

These events, along with the projects and parties, centred around the Chapter house, provided the members with the proper amount of extra-curricular activities for the year.

Phi Kappa Pi

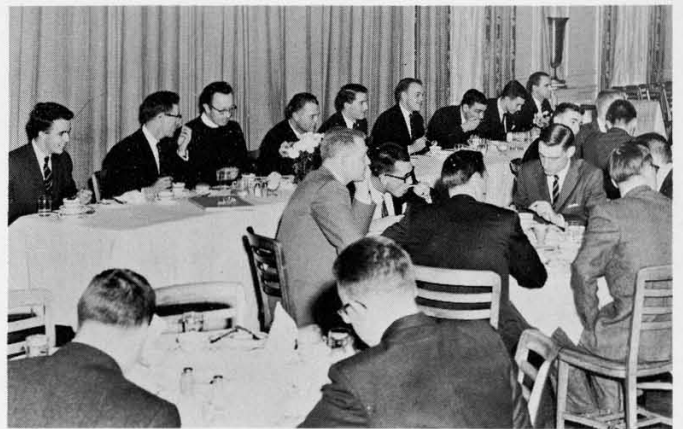

Zeta Gamma Chapter of Phi Kappa Pi has enjoyed another most successful year. Exchange parties were held with three other fraternities on campus, and the Annual Weekend was again a rollicking success.

At the Annual Meeting held during the Fraternity Weekend, the new executive was elected and includes Tim Unwin, President; Russ McLellan, Vice-President; Jim Collins, Treasurer, and Doug Lavers, Secretary.

The Phi Kaps have a tremendous year forthcoming as plans are presently under way for celebration of the fortieth anniversary of the Zeta Gamma Chapter, which, in 1923, marked the inception of fraternities on the Dalhousie campus. The national convention of the fraternity will also be held here in Halifax in the fall of 1963.

Graduation this spring will see the departure of twelve Phi Kaps, including no less than five lawyers. Our sincere best wishes go out to them all.

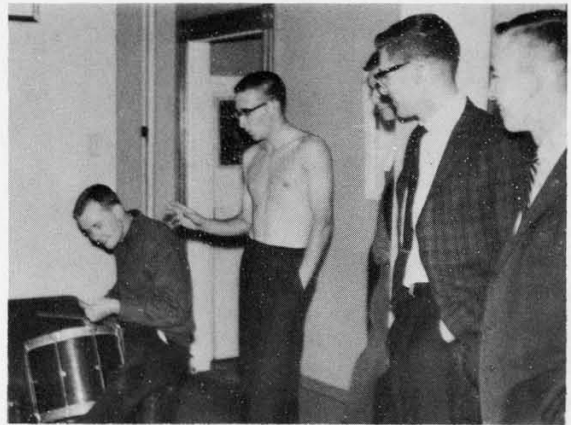

Phi Delta Theta

The Nova Scotia Alpha Chapter of Phi Delta Theta has completed one of the most successful years since its founding at Dalhousie. With fifty active brothers and three pledges, the chapter is somewhat larger than it has been in the past. The experience gained by our President, George Cooper, at the convention in Boston this spring has been very helpful to the fraternity. Our incoming President, Dave Case, also attended this convention.

The brothers of the fraternity have done a great deal of work this year renovating the house and improving its facilities.

The chapter also entertained a number of underprivileged children at a dinner and hockey game as part of our Community Service Programme and took part in the Inter-Fraternity Council Party.

Tau Epsilon Phi

This year Tau Iota Chapter of Tau Epsilon Phi celebrated its thirtieth anniversary at Dalhousie. As a result of active participation in both rushing seasons, the chapter now has a larger active membership than it has had for more than a decade.

Several parties highlighted the year. In the fall, the big affairs were a Poultry Party and a Hallowe'en Party. To open the second half of the social season a Monte

Carlo Night was held with Phi Kappa Pi as guests. Other highlights included the Annual Steak Stag, a Valentine's Party and a Wild West Show.

The Annual Weekend, culminating with the Banquet and Ball on March 12 at the Lord Nelson Hotel, was an outstanding success and was well supported by alumni.

Sigma Chi

Gamma Rho Chapter of Sigma Chi Fraternity has had another successful year. There were more than twenty new members initiated this year and our pledge class is one of the largest ever.

The year's social programme consisted of the regular Saturday night parties as well as a French Theme Party, a Pizza Party and a Hallowe'en Party.

The early days of March were busy ones for all members: initiating new members, electing a new execu-

tive and making ready for the annual Sweetheart Banquet, Ball and Tea.

At the Ball and Banquet, Doug Parker was awarded the Carlisle Trophy and Judy Estabrooks was crowned "Sweetheart of Sigma Chi."

This most successful year can only be attributed to work done by the pledges, actives, and alumni of Sigma Chi.

Zeta Psi

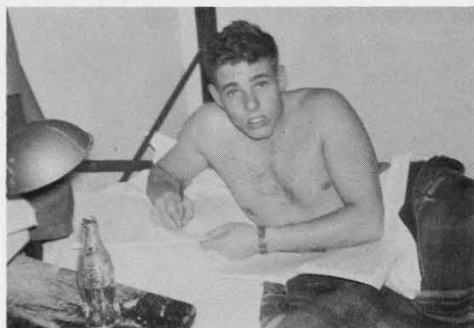

A lively social season highlighted the year at Zeta Psi Fraternity, but the Chapter's thirty-two members also found time to turn a hand to extensive house repairs, which included the panelling of living-room walls, refinishing the floors and other renovations.

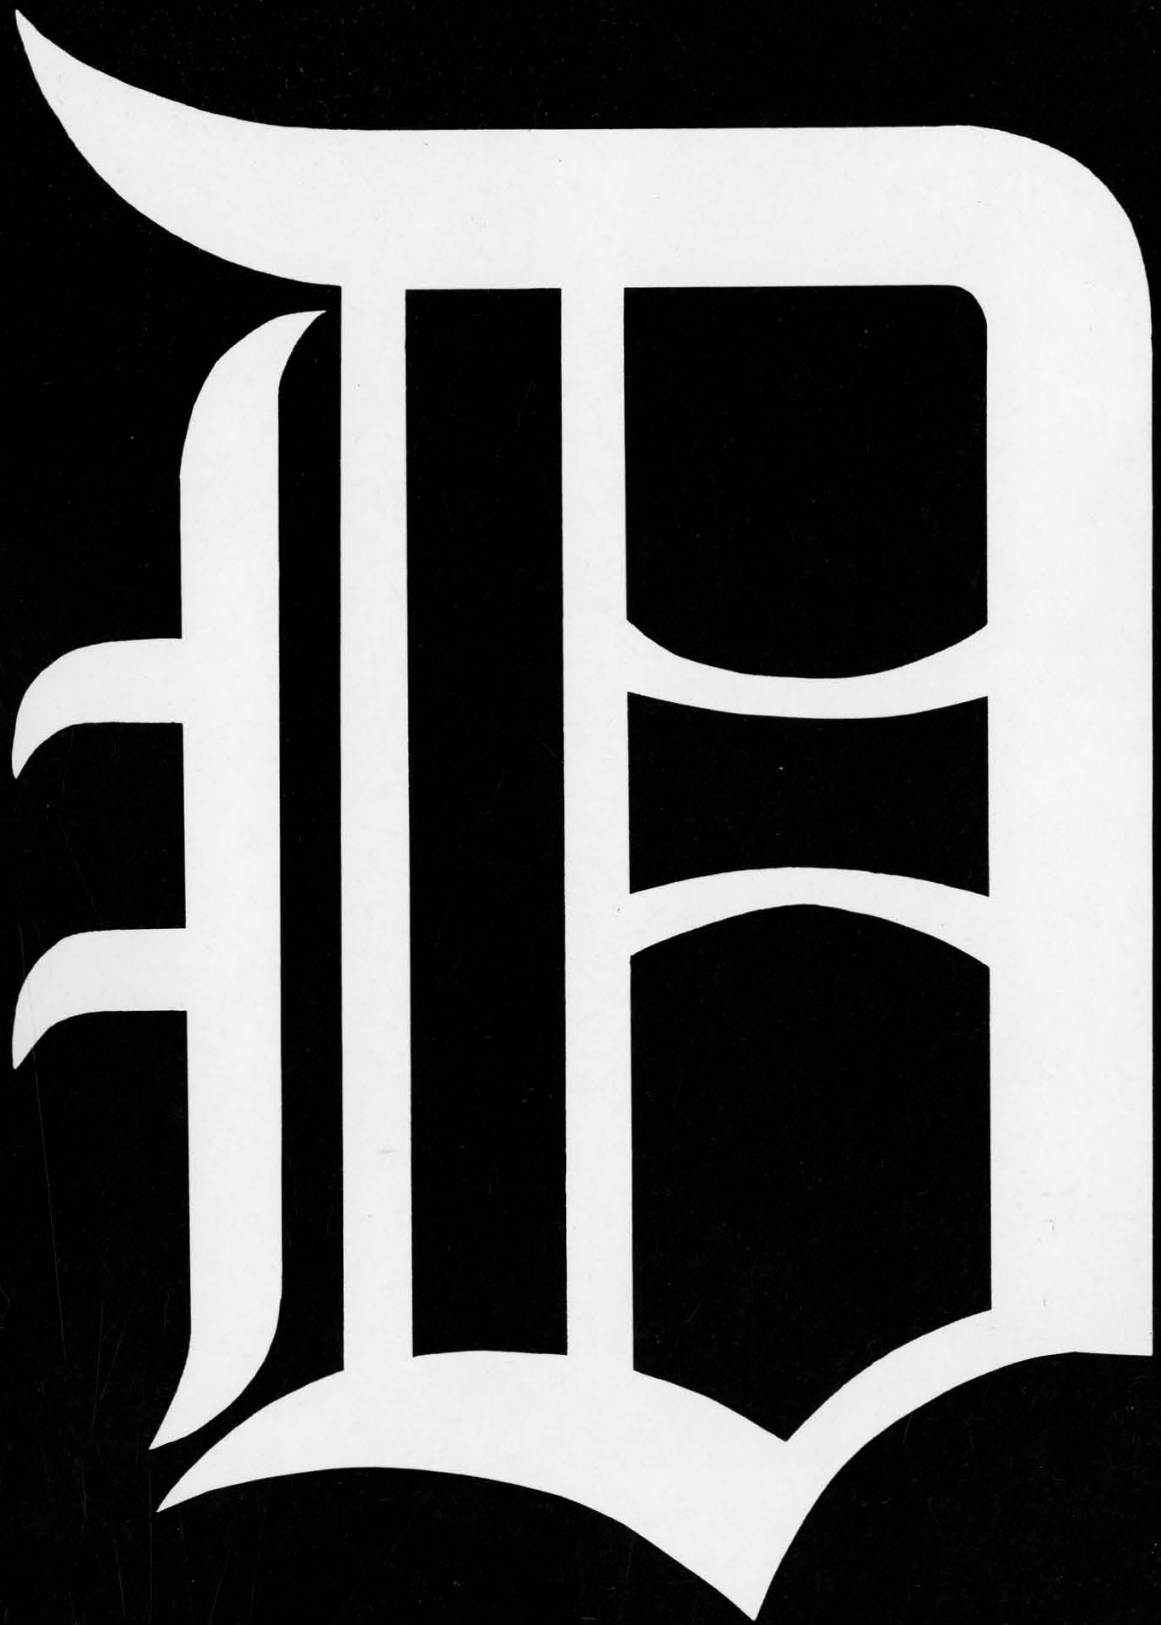

Successful parties were in large measure due to Social Chairman Paul Murphy, who organized such Saturday night parties as an Irish Wake, Champagne Party, Apple Jack, Pizza Party, and Roman Toga. The Dalhousie West Indian Steel Band and a private orchestra provided music at two other parties. The annual

Fraternity Weekend was held February 16-17 in the Lord Nelson Hotel.

The Brothers also participated in a party for underprivileged children, sponsored by the Inter-Fraternity Council, and entered a skit in the Black and Gold Revue. On March 2 the Fraternity held an open house for cast and stage crew members in the D.G.D.S. Production, "Bye Bye Birdie."

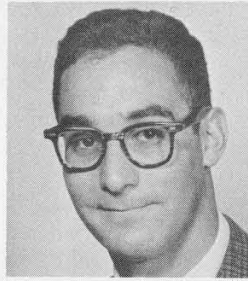

Through increased membership and enthusiasm, Zeta Psi has concluded another successful year under our President, Frank Ternan.

Sports

D.A.

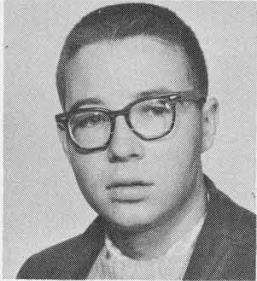

Jacobson — President

Grant — Secretary

A.C.

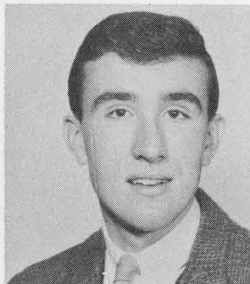

Murphy — Arts

The Dalhousie Amateur Athletic Club has concluded its most successful season since 1958. Besides administrating varsity and junior varsity sports, the D.A.A.C. increased participation in inter-faculty athletics by organizing a bowling league. The football, basketball, and hockey leagues benefited by more participants for the second consecutive year, while volleyball, unfortunately, saw a decline in interest.

Hockey highlighted the varsity sports scene this year as the Tigers finished in first place and proceeded to win the A.H.C. title in the playoffs. The varsity football and basketball teams, unfortunately, experienced disappointing seasons. A J.V. Hockey Team was organized and played several exhibition games, while the J.V. basketball team made the playoffs in the Halifax Senior C League.

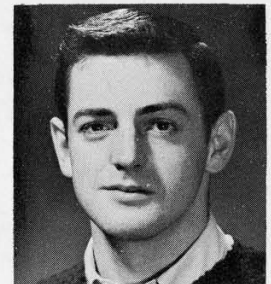

Brown — Vice-President

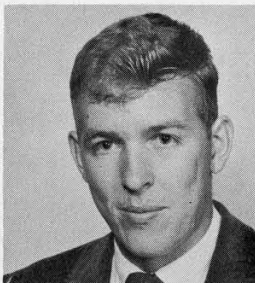

Hayman — Commerce

In closing I would like to take this opportunity to express my sincere appreciation to the faculty representatives on the Managing Committee, to athletic directors Dewitt Dargie and Harry Wilson, and to the Athletic Board, all of whom made my job much easier.

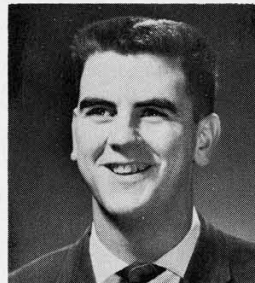

Sincerely,
Joel Jacobson,
President, D.A.A.C.

DEWITT C. DARGIE, B.Sc., M.Sc.(P.E.)
Director of Athletics and Physical Education

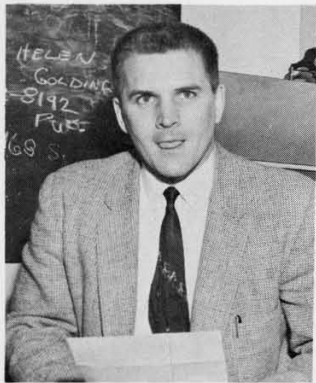

THE ATHLETIC SCENE OF '62

For the first time in many years, and perhaps in Dalhousie's athletic history, our varsity basketball and football teams failed to leave a mark in competitive play. Undoubtedly this resulted in a psychological and physical setback, particularly to the players that continued to compete in the face of repeated defeats. This should not be held as a measure for which to judge our teams of the future. Actually our total varsity picture was quite bright; the varsity hockey team, in their first year of entry into the league championship with a terrific win the newly formed Atlantic Hockey Conference, clashed with St. Francis Xavier in the final round for the right to play for the Maritime Intercollegiate title, but were blocked by the strongest aggregation of soccer talent that Dalhousie produced since their soccer beginning with a fine effort over a strong University of New Brunswick entry. Unfortunately this year, our curling team was unable to capture their fifth straight intercollegiate title for Dal.

Our junior varsity teams in football, hockey and basketball provided an opportunity for the players to get valuable experience through organized coaching and high level competition. The interfaculty program is to encourage although slightly marred by the fact that some scheduled games were forfeited because of a failure of one of the teams to appear with sufficient players; efforts to avoid repetition of this in the future are already being planned. The first and most important objective of a successful interfaculty program is to encourage more students to take part; by this criterion our sports program has been very successful as our efforts were rewarded with greater student participation. Next year we expect this trend to continue.

Sincerely,
DeWitt Dargie,
Director of Athletics and
Physical Education.

The fortunes of a football team run in cycles. Unfortunately, 1961 was just not Dal's year to be a contender. Entered in the much improved Atlantic Football Conference, the Bengals ended the season with a record of no wins and seven losses.

Having lost 17 players from the 1960 team, Coach Wilson had a tough job cut out for him from the start, but he tackled it with spirit and enthusiasm. However, the opposition's combination of talent and greater experience overcame the Bengal's most valiant efforts.

The outlook for 1962 is not bright, as almost a dozen of the veteran stalwarts, including the super-stars Wickwire and Corkum, will be leaving. Nevertheless, Wilson says "the process of rebuilding Dal's team has a good start with such players as Duff Waddell, Al Agar, and freshmen John MacKeigan and Jamie Wright, to mention only a few." 1961 witnessed the end of an era of football at Dalhousie. What will the future bring?

Acadia at Dal	2-1
St. F.X. at Dal	1-2
Dal at St. F.X.	3-6

Soccer

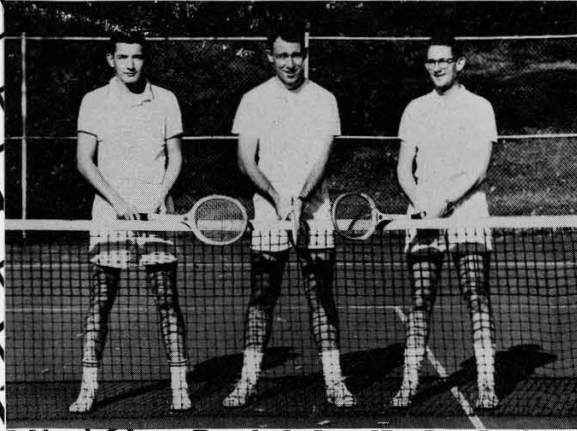

This year Dalhousie lost the coveted Inter-collegiate Soccer Championship to a much improved Xaverian side. Dal breezed through their early games suffering only a 2-1 loss to King's. This set the stage for the final two games with St. F.X. As it turned out, these games were to decide the Nova Scotian Championship. Unfortunately, the X team proved to be too much for Dal and as a result, won both games.

Several players had an outstanding season and for some it was their last in a Dal uniform. However, the new players on this year's squad showed up extremely well under fire. Thus the Tigers are expected to field a powerful eleven next year, and hope to recapture the Nova Scotian, as well as the Maritime Crown.

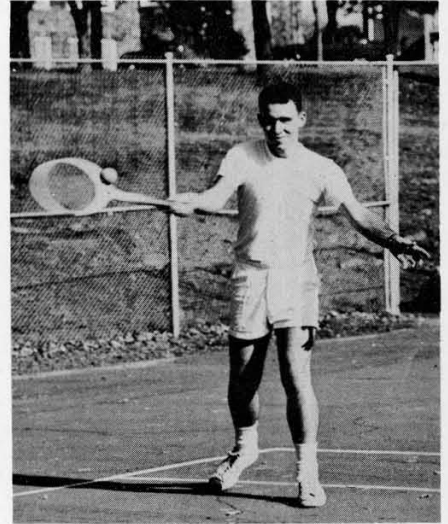

Best foot forward

Tennis

Ted Brown, Alex Bell, John Cooper

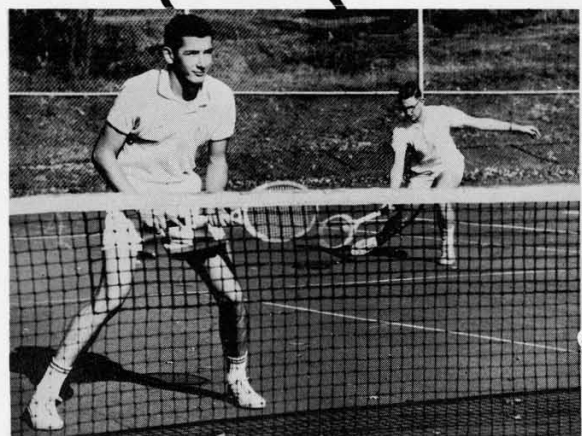

A forehand drive

Saturday, October 14, was the date, and Fredericton the place, of this year's Inter-Collegiate tennis tournament. Teams from Dal, Acadia, Mount A, Tech, and the host university, U.N.B., participated. The Dal representatives were Alex Bell playing singles, with Ted Brown and John Cooper teaming up for the doubles.

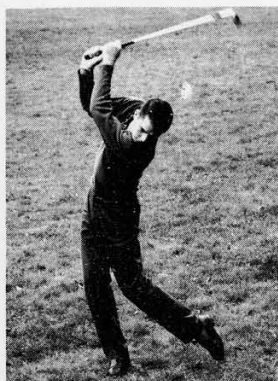

This year saw a combination of single knock-out and round-robin play. It was decided that the singles would be a round-robin affair, with the doubles based on single knock-out competition, a change from the general trend of previous years.

The doubles team was a first-round casualty, as it met defeat at the hands of U.N.B., the eventual winners. The match was one of the closest and hardest fought of the day. Alex Bell played well in the singles division, finishing as runner-up with three wins and one loss. Alex's only loss came in a close three-set match with MacDougall of U.N.B., the singles winner.

Rushing the net

Golf

Doug Arnold

Don Green

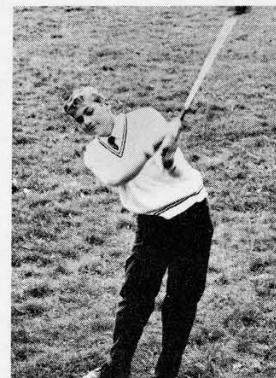

This year Dalhousie hosted the M.I.A.U. Golf Meet. Seven Maritime Universities were represented in the tournament, played at the Ashburn Golf and Country Club.

Dalhousie, led by Doug Arnold with a 74, topped the field for the first time in six years. Other Dal scores were Don Green 75, John Dickinson 79, and Ted Reevy with an 88, giving Dal a total of 316, two strokes better than the defending champs, U.N.B.

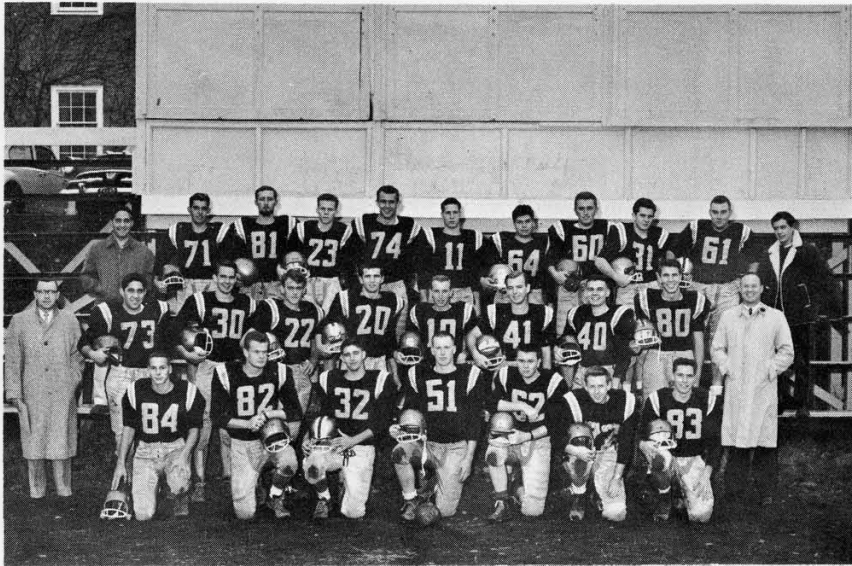

John Dickinson

Ted Reevy

Junior Varsity Football

The value of a Junior Varsity team is not measured in terms of wins and losses. The formation of such a team offers those players, not of varsity calibre, an opportunity to play football and to gain valuable experience.

This year's squad unfortunately met the same fate as their colleagues of 1960, ending the season winless. They did, however, improve their playing as the season progressed. So much so, in fact, that two players were called up to the senior squad and several more have shown capabilities of making the varsity team next year. Thus, the Junior Varsity team has again fulfilled its purpose.

Art Abelson, Jim MacCaulay, Pete Strickland, Dave Pirie, John MacDonald, Brock Rondeau, Zak Jacobson, Jack Conrod, Les Van Hemert, Gerry Ritcey, Michel Guité (Manager).

Don MacLeod (Coach), Ken Abelson, John Emery, Abe Bartlett, Ken Keats, Dave Haywood, Jamie Muir, Derek Chapin, Doug Campbell, Gordie McConnell (Coach). Wally Clements, Pete McDonough, Glenn Christoff, Sam Clowser, Ken Dawson, Art MacDonald, Mike Hansen.

Varsity Hockey

Dalhousie hockey Tigers won their first hockey title in many a year, in 1961-62, when they captured the championship of the newly-formed Atlantic Hockey Conference. The league consisted of St. Mary's, Nova Scotia Tech, Stadacona, and Shearwater, and was formed in the fall of 1961. Dalhousie decided to go into the league and drop out of the M.I.A.U.-sanctioned N.S. Intercollegiate League for "personal" reasons.

After winning the championship, the Tigers took on the newly-crowned Maritime Intercollegiate champs, U.N.B. Red Devils, on Munro Day. The Red Devils were fresh from a close series with St. F.X. In this one, Dal played her best game of the year (excepting the A.H.C. title win) and won 7-5. This win was more satisfying to the fans who wondered all year how their charges would fare against the top Intercollegiate squad.

The Tiger roster was star-studded. Goaltender George MacDonald was the best puck-stopper in the A.H.C., allowing 3.12 goals a game. Bob Ferguson was the "Doug Harvey" of the Dal defensive corps, playing tirelessly in his regular turn, on power plays and in penalty-killing roles. Gene Scheibel, captain of this year's team, inspired his mates with his all-out play. Roy Velemirovich, Bullet Kelly, and Ernie Paige ably rounded out the defence, as did spot players Dave Gardner and Pete Corkum.

Coach DeWitt Dargie came up with three sets of offensive units at the start of the year. The first line of Bill Buntain, Vaughn Briggs and Frank Sim carried the burden of the scoring all season with the three finishing with a total of 34 points. Buntain and Sim were extremely effective in penalty-killing roles throughout the campaign, and Briggs consistently dug the puck out of the corner for his linemates.

The second line of Eric Parsons, Don Bauld and Wayne Keddy provided needed scoring punch in the late stages of the season. Parsons, a fighter all year, was third in the scoring race. Bauld, as is his custom, never stopped digging, and Keddy exhibited his old form around the net in the playoffs.

The third trio of John MacKeigan, Steve Brown and Dave Cameron were primarily a checking unit and gave the first two lines the breathers they needed.

To coach Dargie and his able managers, Jerry Blumenthal and Abe Bartlett, to minor officials Irv Sherman and Fred Chisholm, and to the fans the season was a satisfying one. This was the only major sport in which the Dal supporters had a chance to cheer. It showed that with a winning team, Dal fans weren't apathetic. Thanks to the hockey team for a bright spot in a long athletic year.

This year Dalhousie's basketball team played in two leagues: the City Senior "B" League and the Nova Scotia Intercollegiate League.

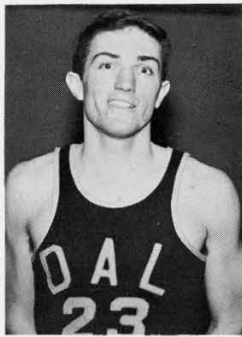

In the Senior "B" circuit, the Bengals (with a 5-5 record) finished in third place behind the Schooners and St. Mary's. In this league, the competition was keen, and Coach Harry Wilson says "the Tigers were as good if not better than any other team." Unfortunately the playoffs were too late to allow Dal's participation.

On the other hand, Dal's fortunes in the Intercollegiate League were not as good (a 0-6 record). The first game of the year against Acadia showed the fans the trend of play. In this game, the Bengals were only 2 points behind at half-time, but in the second half they faded badly. Coach Wilson attributes this "hot and cold" play to a comparative lack of experience on Dal's part. He feels that the other teams, with their large numbers of Americans, and Canadians who have been sent to summer basketball schools, are able to exert such pressure on Dal's team that this type of erratic play is inevitable.

Sackville, N.B., was the place, and Mount Allison the hosts, of the 1962 Maritime Intercollegiate Volleyball Championships. The Dal squad, although ending the meet with a 1-3 record, gave a very good account of itself. The highlight of the tournament for the Tigers was the match in which they extended the tournament champs, Acadia, to three games. The victory over S.M.U. was, as always, a welcome lift.

RECORD

Dal vs. Tech	11-15, 14-16
Dal vs. Acadia	9-15, 15-10, 5-15
Dal vs. Mt. A.	5-15, 15-6, 15-17
Dal vs. S.M.U.	15-10, 15-11

Curling

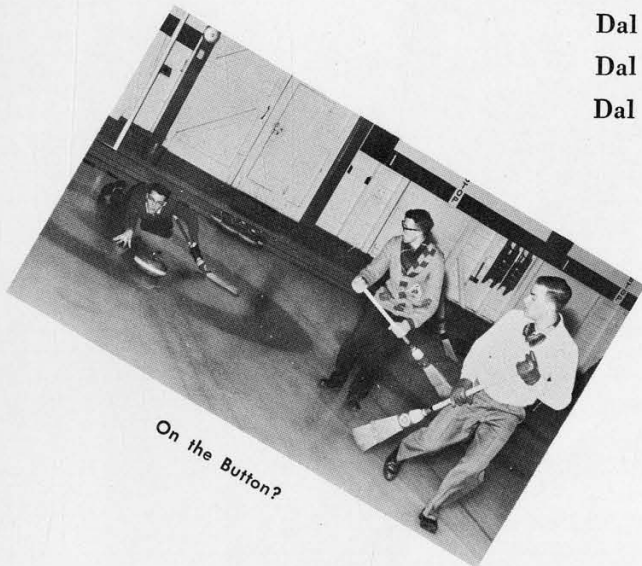

Don Green, Hal MacPherson, Blair Green, Fred Fraser.

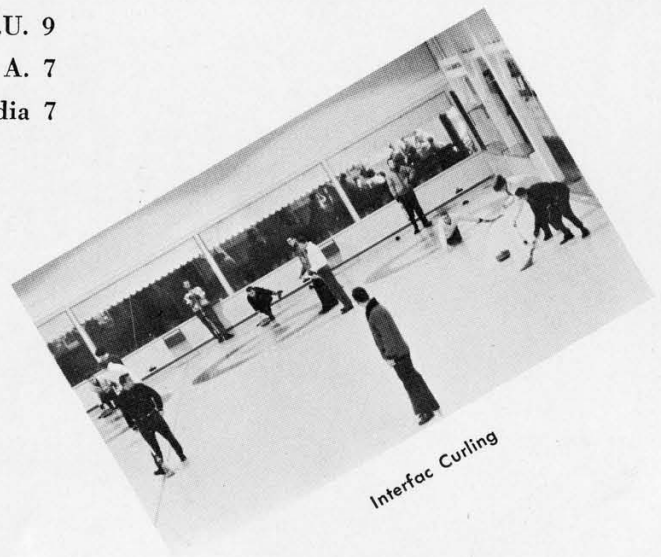

This year the bonspiel to decide the M.I.A.U. Curling Championship was held at Sackville, N.B., the home of Mount Allison. Dalhousie, having won the past five years, went into the event with high hopes; but unfortunately U.N.B. sent an unusually strong team this year and captured the honors. Dal's rink finished in a second place tie with St. F.X. and Acadia.

RECORD

Dal 5	Tech 4
Dal 6	King's 3

Junior Varsity Basketball

Al Murray (Coach), Bernie Ungerman, Dennis Ashworth, Ping Wong, Abe Bartlett.
Glenn Christoff, Harris Lilienfield, Pete House, Frank Medjuck.
Missing: Tor Boswick, Ed McCarthy, Jim Shortt, Joel Jacobson.

The Dal J.V. team lost their opening game to S.M.U. by 47 points, but gradually improved, ending the season with a record of five wins and nine losses. Among the more interesting games were a 51-50 win over Studley Grads, an 85-73 victory against the Celtics, and a 72-69 loss to the Cyclones. Unfortunately the team's play was hampered by poor turnouts; in a few of the

games, barely enough players were present to field a complete squad. In the two-game total point semi-final series, Dal lost to the Celtics by fourteen points.

Al Murray did a creditable job in his first year of coaching and all the members of the team gained valuable experience.

Dalhousie Girls' Athletic Council

Iris Bliss, Coach

Bobbie Wood, President

Iris Bliss, Donna MacRae, Gail Rose, Nancy Crease, Daphne Armstrong, Beth Creighton.
Charlotte Davidson, Ginny LeQuesne, Bobbie Wood, Sharon Blackburn, Eleanor Bainbridge.

The D.G.A.C. operates the athletic program for girls under the direction of the club with the assistance of the Athletic Director for Women. The club sponsors intercollegiate athletics, inter-class competition and recreational activities.

Interest was high in field hockey this year, and two teams, a varsity and an intermediate, were formed. Unfortunately, there was less enthusiasm for volleyball, and very few girls tried out for the team.

The Dal tennis team competed in an intercollegiate tournament at U.N.B. Badminton was enjoyed by many and there was a good turnout for the intercollegiate team. The M.W.I.A.A.U. competition was held at U.N.B. The swimming team participated in an

invitational meet at the Mount A. Winter Carnival and in the intercollegiate meet at Acadia.

On the inter-class and recreational level, D.G.A.C. sponsored badminton and golf together with workouts on the trampoline and a few friendly volleyball games. After Christmas, many girls took part in the very successful volleyball and basketball tournaments.

I would like to thank Iris Bliss, our coach, Mrs. H. L. Roper of the city who instructed the badminton players, the intra-mural and varsity team managers, and all the others who helped to make our D.G.A.C. program so successful this year.

BOBBIE WOOD.

Volleyball

Manager Linda Stoker, Marcia Smith, Donna MacRae, Jane Williams, Coach Iris Bliss.
Bobbie Wood, Penny Bennett, Heather Hebb, Judy Bollman.

The 1961 volleyball season was another good one for Dalhousie, this year under the direction of coach Iris Bliss. The girls practised hard and played two exhibition games before entering the annual tournament, which this year was held at Stadacona, with Kings as host.

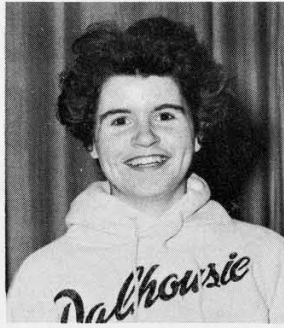

The first half of the round robin event, played on Friday night, November 24, was a successful one for Dalhousie. The Tigerettes defeated Mount Allison 9-11, 15-2, 11-8, as well as Acadia 9-2, 8-14, 13-8. The most exciting match of the evening was that between the Tigerettes and U.N.B. Dalhousie lost the first two games, one of which went into overtime. The evening closed with U.N.B. on top, Dalhousie second, Acadia third and Mount Allison last.

The following morning the tournament continued, but the Tigerettes were not at their best at 9:00 a.m., and were defeated first by Acadia and then by U.N.B.; however, they rallied to down Mount Allison later in the day. U.N.B. retained the championship, while Dalhousie and Acadia tied for second place.

Cheers for a team that played its best, and many thanks to a good coach. Better luck next year!

Maritime Varsity

Marcia Smith, Sheila Mason, Penny Bennett, Bobbie Wood, Gail Rose, Nancy Crease, Iris Bliss (coach), Ann Dunnigan, Heather Hebb, Jane Williams, Judy Shakespeare, Donna MacRae.

The Dal varsity girls' basketball team completed a successful season in the intercollegiate field by capturing the Women's Intercollegiate Basketball Championship and thus gaining the "Jeannie W. Leslie" trophy, held by U.N.B. for the past three years.

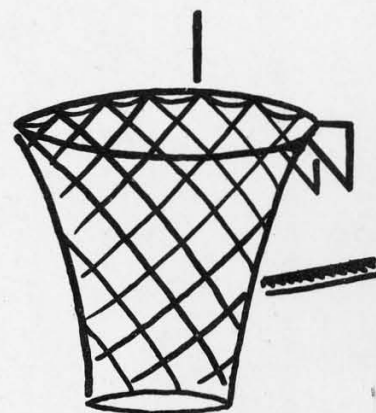

Led by Donna MacRae, who scored 29 points, Dal defeated Mt. A. 61-55 in a very close match at home. The next three games were on the road and the Tigerbelles came from New Brunswick with a loss at the hands of the determined U.N.B. squad, and a win over Mt. A. In the small Acadia gym, Dal squeaked to a 41-39 victory over the Axettes. Back home once again, Dal made a spectacular comeback in the last stages of the game to defeat Acadia 47-44.

The U.N.B. Red Bloomers' 1962 trip to Nova Scotia proved disastrous for them as Acadia Axettes defeated

them on a final buzzer foul shot, thus breaking their 54-game winning streak. In the final intercollegiate game at the Dal gym, Dal and U.N.B. faced each other, both teams having a 4 win, 1 loss record. The Dal team, realizing that U.N.B. were not invincible, pulled together and defeated U.N.B. in a thrilling game, with a final score of 47-46. To round off the season beautifully Tigerbelles defeated Mount St. Bernard 52-48, and the Antigonish C.Y.O. 41-30 to gain the Provincial title in the "A" section.

Many individual awards were gained as well as these team trophies. Heather Hebb took a well deserved "most valuable player" in the Provincial tournament, while Bobbie Wood gained the M.V.P. at the U.N.B. Winter Carnival game.

Varsity Tennis

Late in September posters appeared around Dalhousie inviting all interested girls to try out for Dal's Tennis Team. The response was fair and an elimination tournament was held on the Dalhousie courts. Virginia LeQuesne represented Dal in the Girls' Singles and Marg Crosby and Sheila Mason were the Doubles entrants.

The tournament was held at U.N.B. on the October 13 weekend. Virginia LeQuesne was runner-up in the singles, but in the overall scoring U.N.B. came out on top with Dal placing second. A vote of thanks is due Miss Bliss, who took the weekend off to cheer us on, and also to the team for a fine effort.

Sheila Mason

Ginny LeQuesne

Margaret Crosby

J. V. Basketball

Coach Iris Bliss, Gill Rowan-Legg, Heather Grant, Gillian Ash, Margot Horne, Linda Stoker, Heather Saunderson, Ann Dunnigan, Sigi Frihagen, Eleanor Bainbridge.

Their interest and enthusiasm led the Dal Intermediate team to a successful season. Entered with five other teams in the city league, Dal came second with five wins and one loss. They are at present competing in the playoffs.

The intermediate tournament was held this year in Antigonish. Mount St. Bernard won the championship for the third consecutive year. The Dal girls, after posting easy victories over Mount

St. Vincent and Mount Allison, were eliminated when they lost to Acadia. A sincere vote of thanks goes to our coach, Iris Bliss. Loud groans could be heard issuing forth from the gym during the early weeks of the season, but the conditioning paid off in competition. Dal won several games by finishing strongly in the fourth quarter. Thanks again, coach, for a very enjoyable and rewarding season.

It's **BLACK** and **WHITE** and read all over!

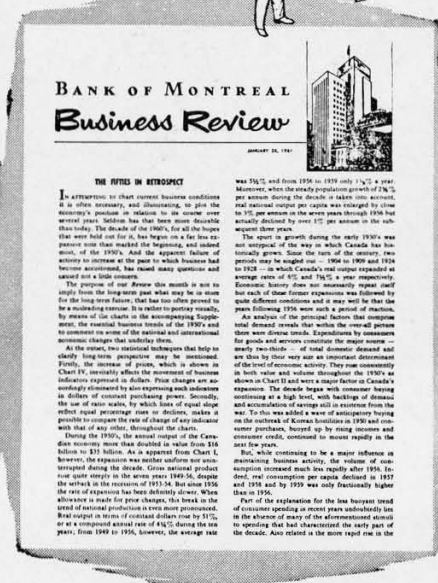

Informed businessmen wishing to *stay* informed read the Bank of Montreal Business Review regularly.

Here, in black and white, is a concise monthly spotlight on the Canadian business scene that's invaluable in keeping you abreast of economic affairs. And it's read by businessmen all over the world!

There's a personal copy available for *you* each month—mailed free of charge—at the Business Development Division, P.O. Box 6002, Montreal 3, P.Q. Drop us a line today!

When There's No Place Like Home... Reach For The Phone!

Whatever your reason for wishing you were home, you can usually make the "trip" home in about 30 seconds by phone.

That's true whether you're working late ... away on a trip ... or just visiting a friend or neighbour.

The convenience of being able to call home is hard to measure in nickels and dimes — but easy to understand in terms of peace of mind. One big reason why most people find a phone worth so much more than it costs.

Bearded angels?

We want boys!

When women get the upper hand the world is upside down.

Dave wins for SUB

Blinding, isn't it?

tomorrow's challenge...

**your
opportunity
today!**

As scientists the world over grapple with the problems of nuclear power and outer-space exploration—of one thing we can be sure . . . aviation as we know it today is on the threshold of new and amazing developments.

Where can the young man of ambition and drive find greater and more varied career opportunities, than in the Royal Canadian Air Force?

If you who are about to graduate from University . . . have the vision to see today's opportunity in the challenge of tomorrow, investigate the possibilities of an air force career—talk it over with the RCAF Staff Officer on your campus.

Your Local RCAF representative is: F/L D.A.T. Youle

"... thus the man who goes forth to change the shape of the world must be equipped with the proper tools if his task is to be well done."
Yllek.

Dalhousie must be congratulated on the splendid manner in which they prepare their students for the job ahead — physically, mentally and spiritually.

This excellent preparation is reflected in the many outstanding contributions that the graduates of Dalhousie have made for the betterment of mankind.

**May You Always Be Successful
In Your Endeavours**

**ALWAYS LOOK TO IMPERIAL
FOR THE BEST**

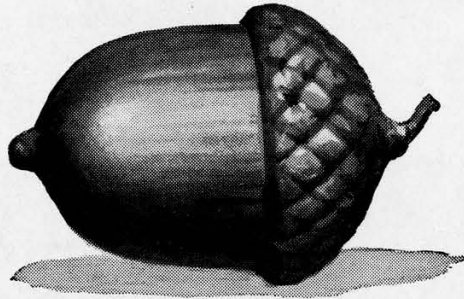

NANCY HANKS was a busy woman. Most pioneer women were. But she was also wise and determined. Her husband could not read. Her son must learn. By the glow from the fireplace and the light from the tallow candle, she taught him.

With less than a year of school, he cut a big swath in his day... rail splitter, wrestler, story teller, merchant, lawyer, statesman, defender of freedom, President of the United States.

We know him as Abraham Lincoln.

LEARNING and LIGHT are even more necessary today

Sh-h-h-h! Oak Tree Sleeping

Not tomorrow, nor the day after, but in time, a huge oak tree will have emerged from this acorn. It's the same with saving. With patience, persistence and determination you'll soon find your savings have grown big enough to buy what you set out to save for. The first thing to do *is to start*. And the best place to start is at our nearest branch.

How low can one get?

Of course, 29 for Pharos!!

Hands up, Victors!!

Times may change...
but Jenkins
high standards remain

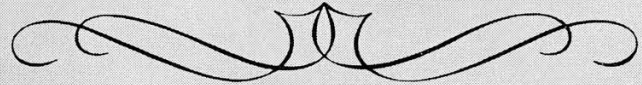

Products may be modified, new developments incorporated, new techniques utilized — but Jenkins standards of quality and craftsmanship remain as high as that day, in 1869, when "A Fair Offer" was first published.

A Fair Offer

"If you will put a Jenkins Valve, recommend for your particular service, on the worst place you can find — where you cannot keep other valves tight — and if it is not perfectly tight or it does not hold steam, oil, acids, water or other fluids longer than any other valve, you may return it and your money will be refunded."

Jenkins Bros Limited

For more than 90 years buyers of Jenkins valves have been given this unparalleled assurance, inviting test of Jenkins performance, not merely in average applications, but rather in the very toughest you can find.

It is republished from time to time as a reminder that these constant high standards are an integral part of every Jenkins valve you buy. Jenkins Bros., Limited, Lachine, Que.

Dalhousie University

Maritime Centre for Graduate Studies

GRADUATE FACULTY

The faculty of Graduate Studies offers teaching fellowships up to \$2,500 for students seeking a master's degree in the arts or sciences and Ph.D. candidates in Biological sciences, Chemistry, Oceanography and Physics. The new Sir James Dunn Science Building and the greatly extended facilities of the Chemistry building offer excellent facilities for advanced research.

OCEANOGRAPHY

A most promising field of study, with great possibilities. The construction of the Bedford Institute of Oceanography, affiliated with Dalhousie, makes Halifax one of the world's major oceanography centers. Fisheries research, Hydrographic and Meteorological services in Halifax, work together with the Bedford Institute and Dalhousie. This offers unique opportunities for post-graduate work at Dalhousie.

MEDICINE

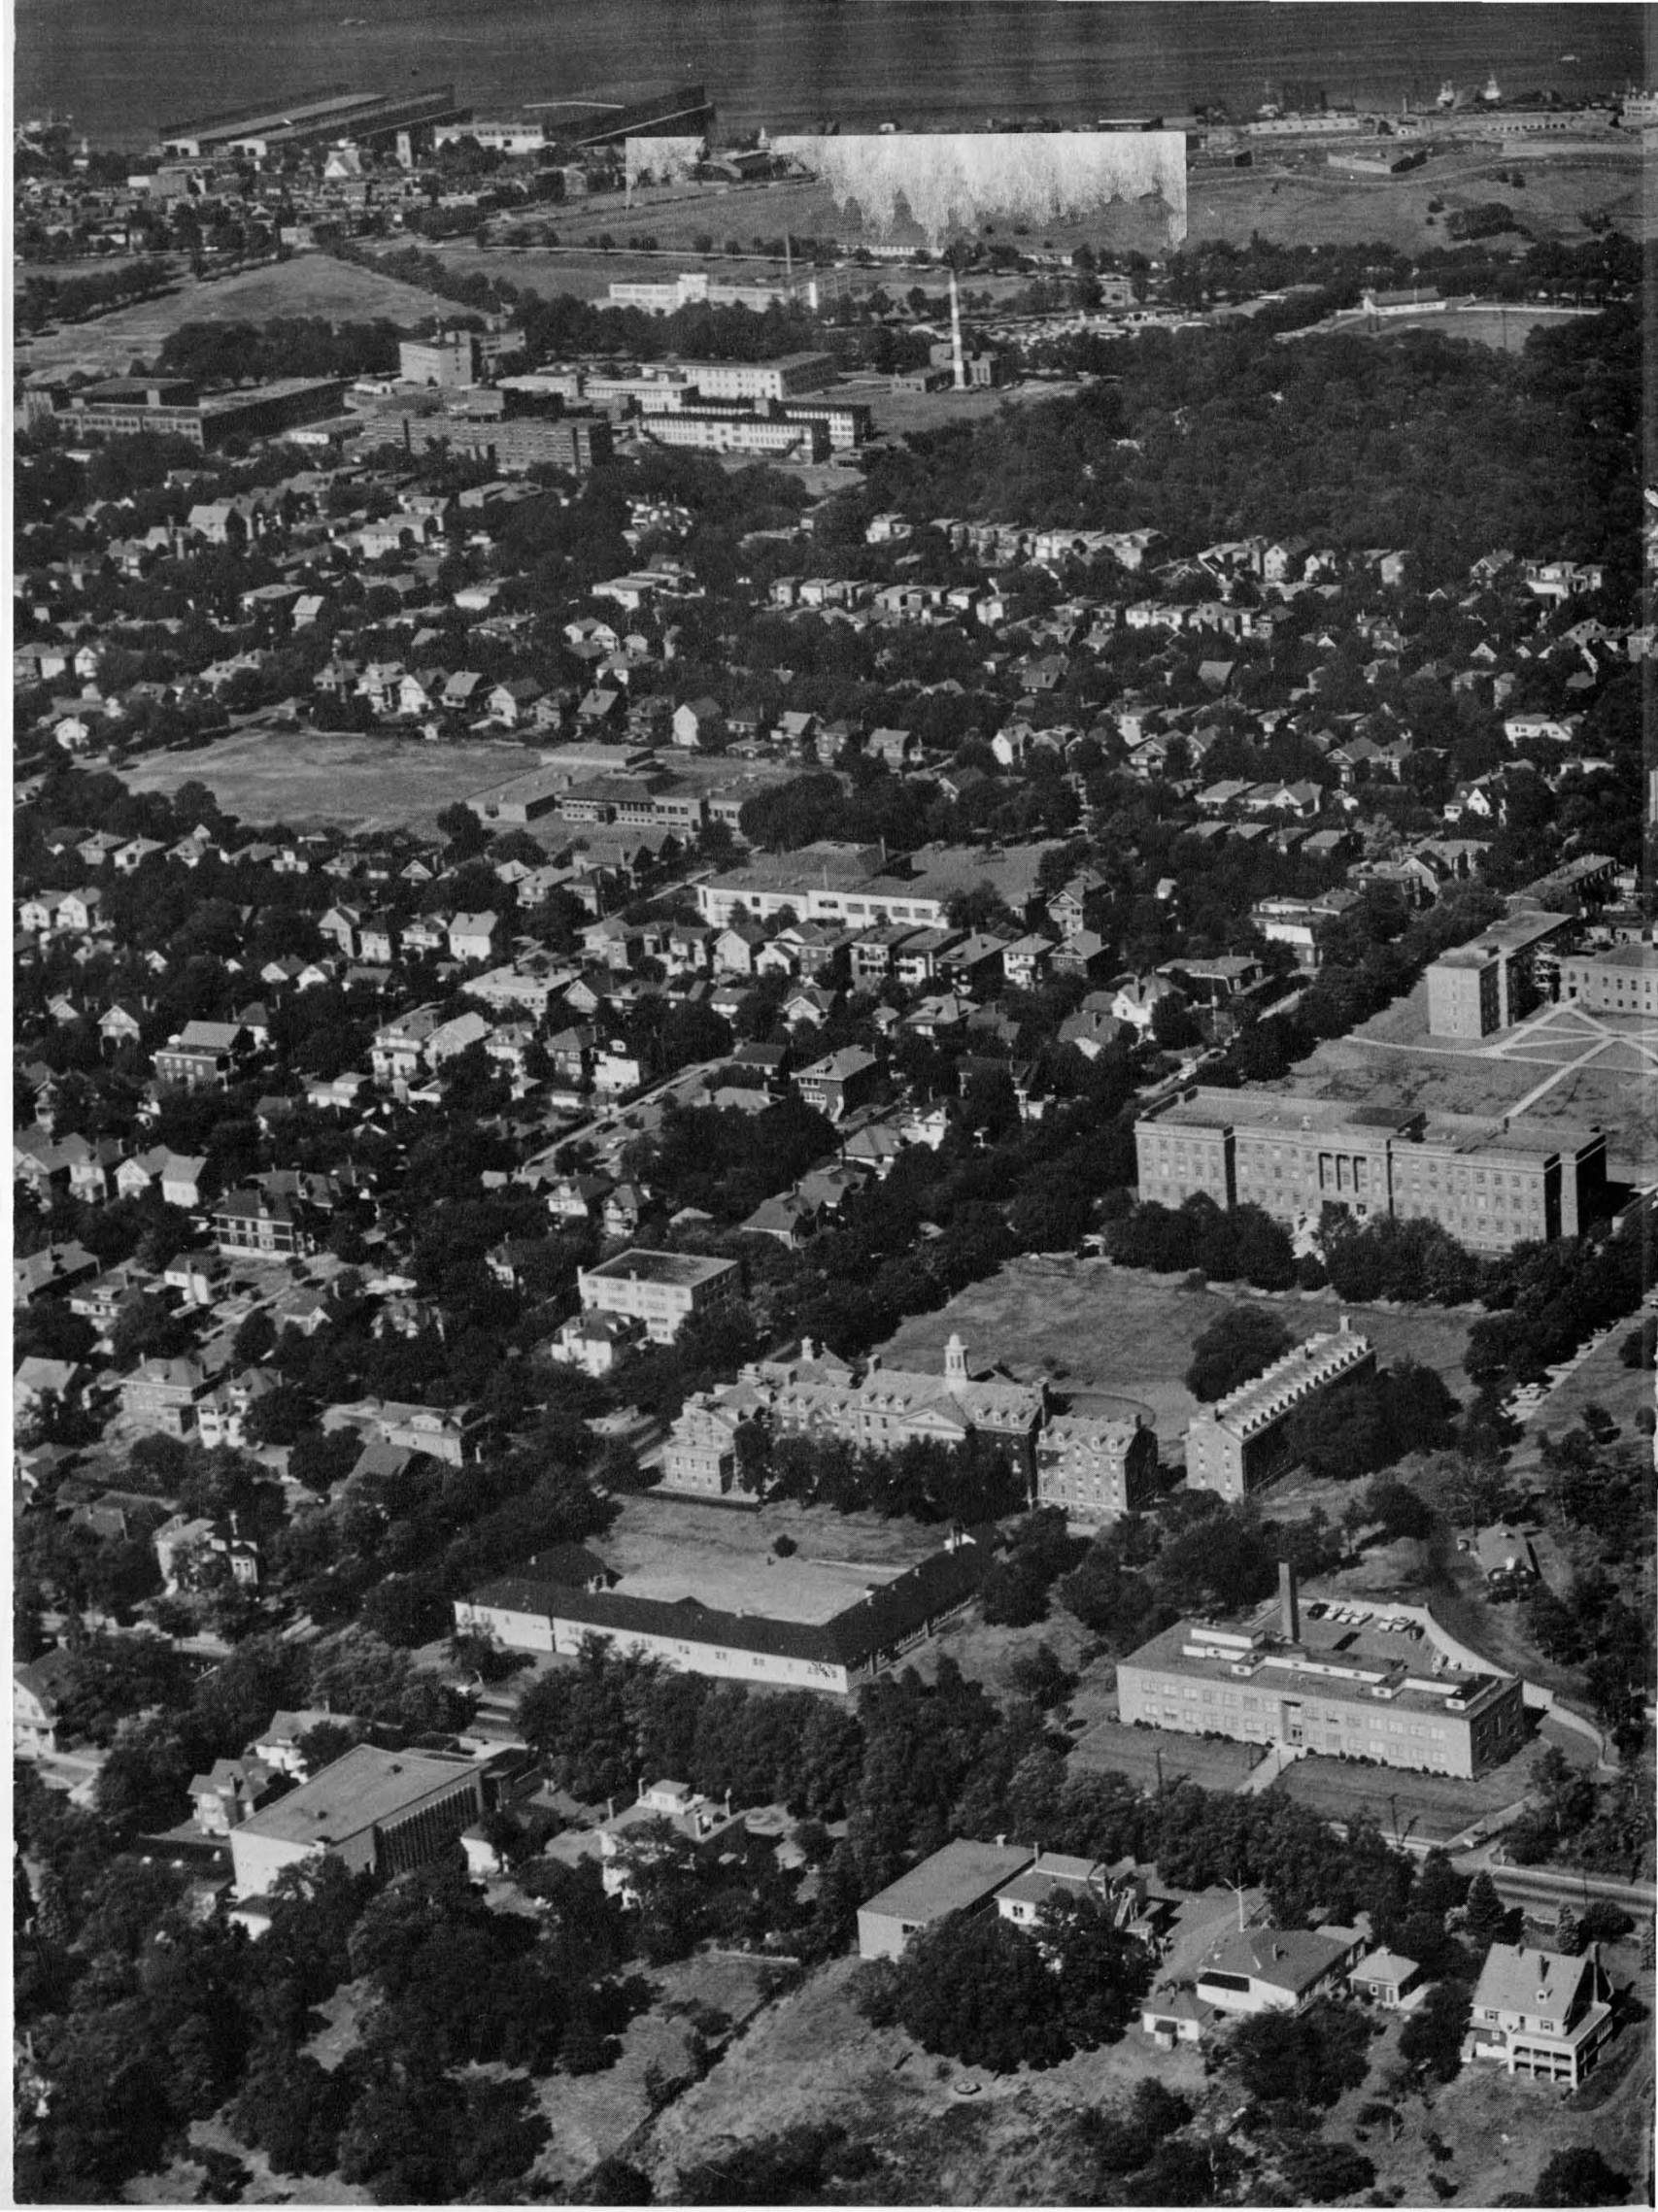

90% of the medical students from the Atlantic Provinces are registered in the Faculty of Medicine. Here some 200 staff members teach less than 300 medical students. The widely recognized research projects (electron microscopy, cancer, hereditary diseases, etc.) are supported by a budget much in excess of a quarter of a million dollars annually. Graduate training for M.Sc. and Ph.D. degrees in biochemistry and physiology is a specialty of the Faculty of Medicine.

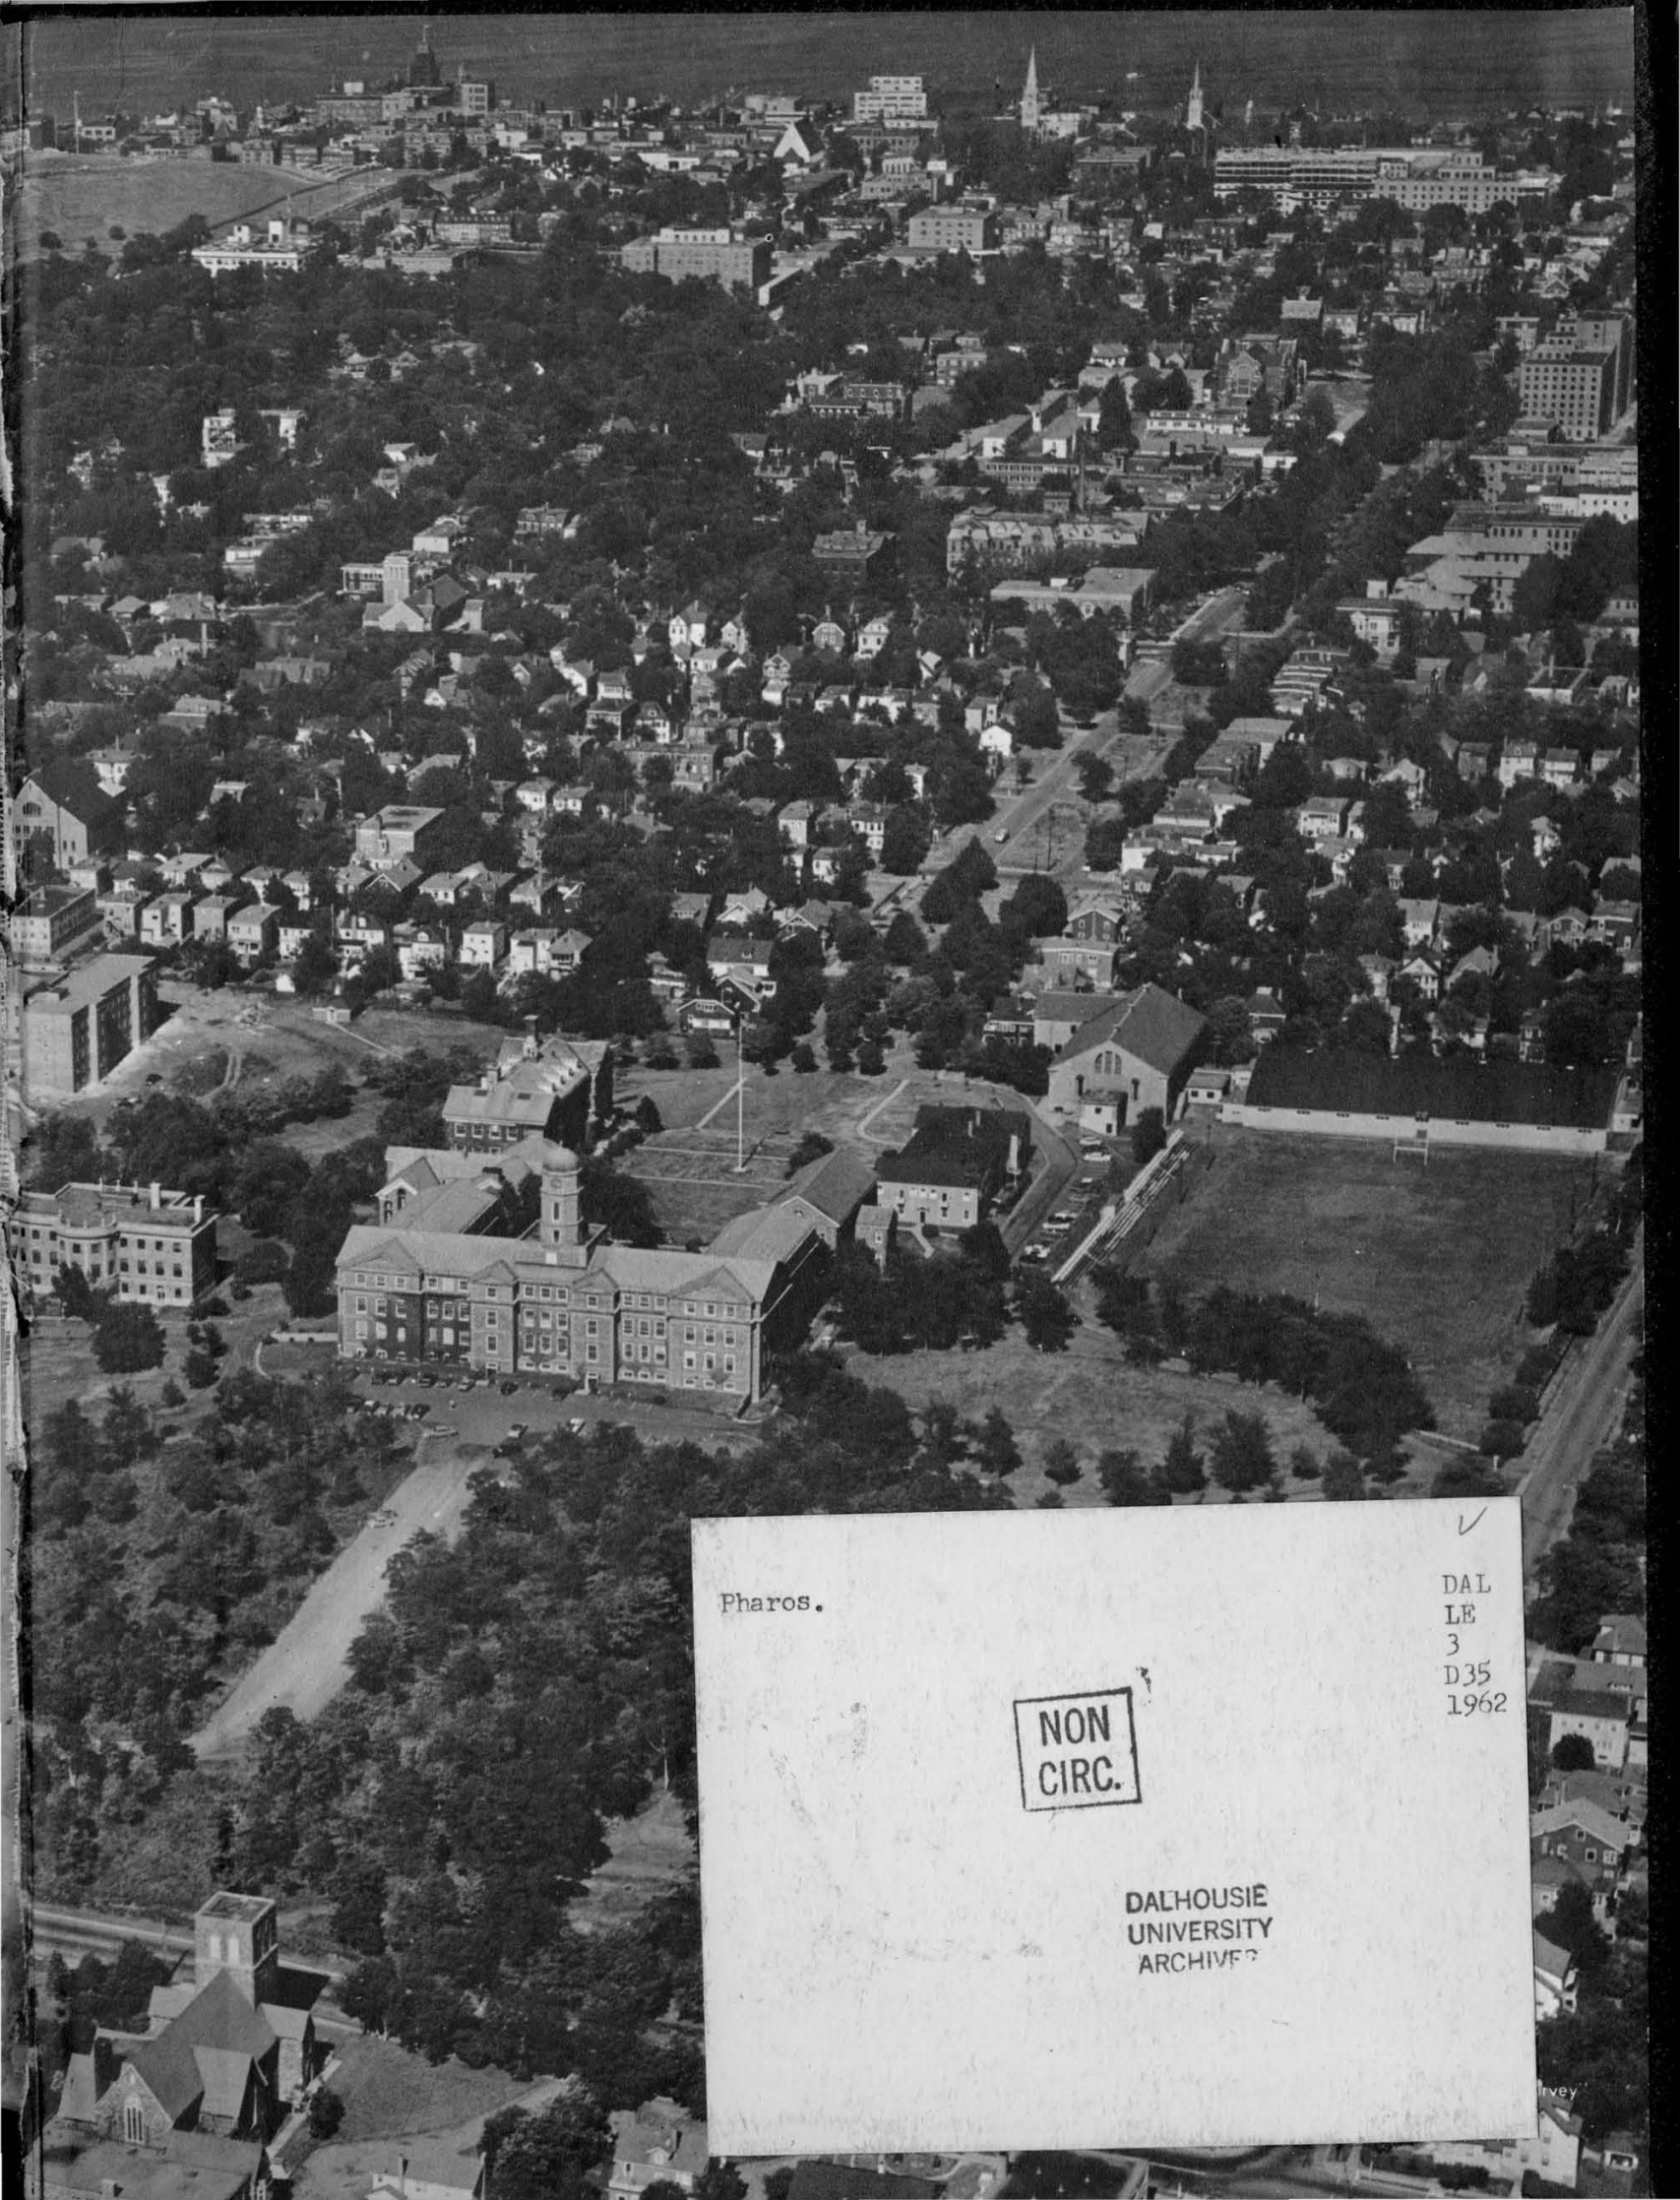

DENTISTRY

Financial support for students is available. Dalhousie has the only Faculty of Dentistry in the Atlantic Provinces and gives preference to students from this region. The general shortage of dental personnel is most acute in the Atlantic Provinces. The faculty's new building was completed in 1958. Dentistry provides opportunity of a professional career for many more women than have sought admission in the past. A two-year diploma course in dental hygiene is also offered.
