SCIENCE IS YET BUT IN ITS INFANCY

“A hundred years from now,” says a noted scientist, “people will regard conditions of this age with much the same advanced understanding that we of the present look back upon mid-Victorian conditions.

This is the Age of Science—of marvellous invention and development.—But development has come about, not as a result of the working of one master mind, but as a consequence of the united efforts of thousands.

Take Telephone Service for example: Dr. Alexander Graham Bell gave the world the principle of the telephone, but this would have been wasted had not other equally great men added invention upon invention to the elemental idea and thus produced the system which to-day links up almost every corner of the civilized world and has become a factor so vital in modern communication.

Nova Scotia is served by a telephone service as fine as in any other part of the world. Those who operate it fully appreciate the great influence that it exerts on outside trade connections with the province; and, in line with modern progress, are always endeavoring to improve their standard of service and thus assist in bringing greater prosperity to this Province.

**A Good Living
A Profitable Future
A Provision for
Old Age**

THE Canada Life Assurance Company has a District in the Province of Ontario, offering these opportunities.

There is a certain man, with no Life Insurance experience, with whom we desire to get in touch; likely a very promising business man between twenty-five and forty-five years of age, who realizes the limitations across his path of opportunity, and whose abilities require greater outlook and earning capacity.

Such a man may want to make a move, but hesitates to "take a plunge."

There is a better way: The Canada Life will undertake to thoroughly educate him for the life insurance business, which has been growing and will grow as has no other business, a business which offers permanent success, does not fluctuate, is a professional occupation and has been truly named "The best paid hard work in the world."

This is done by close contact, a correspondence course and personal assistance, free of charge.

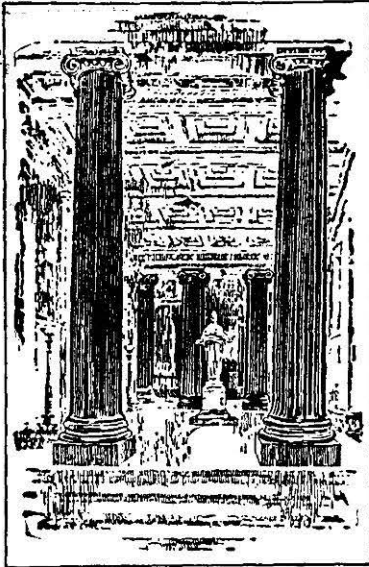

The first two booklets of the course will be sent to anyone interested. All correspondence strictly confidential.

Address

R. T. FAIRCLOTH,
Manager, Eastern Ontario.

**CANADA LIFE
ASSURANCE COMPANY**

Toronto, Canada

A gateway to financial independence

Everywhere and always, people are looking for a way to financial independence.

Thousands have tried a short cut—and lost money by speculating in the hope of quick returns.

It's the wise man who takes the long view—putting his money into a savings account, where it is safe and earns a reasonable rate of interest.

From coast to coast, throughout the Dominion, the Bank of Montreal, through more than 650 branches, is safeguarding the savings of thousands of Canadians and paying interest on their deposits, thus providing a gateway to financial independence.

BANK OF MONTREAL

ESTABLISHED 1817

The Bank of Nova Scotia Drafts

DO you occasionally wish to send money out of town? Step into any Branch of this Bank and secure a Draft for the amount—as conveniently and with no more delay or formality than in buying an article in a store. The Bank of Nova Scotia Drafts are payable at par at any banking point in Canada, and the scale of charges is very moderate.

THE BANK OF NOVA SCOTIA

ESTABLISHED 1832

Capital \$10,000,000

Reserve \$20,000,000

Resources over \$260,000,000

Sudden Demands

on your purse may be more easily met if you have formed the habit of saving regularly.

A weekly deposit in a Savings Account will assist you when confronted with sudden emergencies.

THE CANADIAN BANK OF COMMERCE

Behind the Man!

BACK of every man—back of every family—back of every home, stands the Bank—the guardian of fortunes, the counsellor and friend of those who, realizing the uncertainty of to-morrow, provide for its emergencies out of to-day's resources.

The Royal Bank of Canada

You Will Like Banking At The Royal

THEY ARE IMPERIAL

The men who work for Imperial Oil *are* Imperial. Most of them have ownership in the company, for Imperial Oil has made it easy for them to acquire stock ownership. Through their committees, they also have their part in managing the company. They share both Imperial's profits and Imperial's affairs.

Some of these men have been with Imperial almost since it began fifty years ago. Many of them have been in the company for twenty-five or thirty years. When they retire from active work, they remain "Imperial" men under the Imperial Oil Annuities Plan.

People trust Imperial Oil products because the men who make these products take pride in their work and share in its result—incentives always to do their best.

That is one reason why Imperial has grown in fifty years from a small plant at Sarnia, Ontario, to a great company operating Canada's six largest refineries, with miles of tank cars, ships on the Atlantic and Pacific, stations in every corner of Canada, thousands of partner-employees.

Fifty years of constant enterprise are in the products Imperial Oil sells to-day.

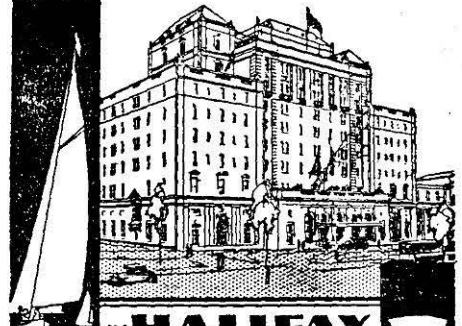

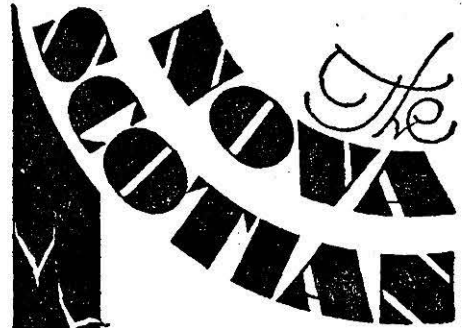

Marvelube is Imperial's finest motor oil.

Imperial Premier and Imperial Ethyl are its best gasolines.

Which means that nothing finer can be put in your car.

EXTRA YEARS OF INCOME

Just as the thrifty depositor patronizes that savings bank which offers the highest interest rate commensurate with safety and service, so does the foresighted buyer of personal life insurance favor an institution assuring his ultimate beneficiary the most favorable return on policy proceeds left with the Company.

If he reflects that the principal of \$20,000.00 will pay an income of \$100.00 a month for 154 months longer at our rate of interest than at 5%, this differential of practically \$15,400.00 or 12 years additional income seems rather important.

On Dividends and monies left with the Company under the alternative method of settlement The Sun Life is paying 5½% with gradual increases every five years until 6% is reached.
