Mass production, mass selling, employment of large numbers of men and women—these activities present their own peculiar problems—among them, seasonal demands for ready cash.

A prime function of banking is to meet these demands of modern industry for money. Savings of thousands of depositors are mobilized for this essential purpose. We invite the inquiries of industry for financial accommodation.

## 113 YEARS

The Halifax Chronicle has been closely linked with the history of Nova Scotia for 113 years. It is one of the most quoted newspapers in Canada, and is the only paper of the Maritimes of which that impartial authority, the Encyclopedia Britannica, says it is "of national reputation and wide political influence."

Adhering always to a sound, sane editorial policy it has won and enjoys the confidence of all sections of the people to a marked degree.

The Halifax Daily Star, established in 1873, is associated with the Chronicle as an afternoon paper. These two, in combination, provide an excellent coverage of the entire province.
