# *Cheapest and Quickest*

## Station - to - Station Long Distance Calls

It's cheaper and faster to use Station-to-Station Service on your Long Distance Telephone calls. A Station-to-Station Call is one where you ask for a **telephone number**, and not for a particular person.

The saving through using this class of service amounts to as much as thirty per cent on calls during the day. On calls after six p.m. the average saving is larger still. Besides, your call goes through much more quickly—usually while you hold the line.

Save yourself money and get quicker service by using Station-to-Station Service whenever possible. Remember it especially on Sundays, as Night Rates are effective all day then and your saving is still greater.

# WINNING THE PEACE

The energy and brains which have transformed this nation into a major war producer will be more than a match for the problems — and the untold opportunities—of peace. Our greatest asset will continue to be men of ability, vision and courage; men schooled by war and peace in the democratic way of doing things. It will be this bank's function, as always, to provide the essential credits they need to carry their plans through.

# Do You Know? . . .

Do you know that when Grandfather used his first telephone it was probably made by Northern? Today Canada leads most of the world in number of telephones per capita . . . and Northern Electric leads in making more Canadian telephone equipment than any other company. For the best in all electrical equipment look for the name Northern Electric.
