Medicine subject guide was one of the most popular LibGuides at Dalhousie

However, Usage statistics declined a few years ago, especially in comparison to increased use of other subject guides.

We made our own observation:

Too much content on the guide was making it difficult to maintain

We asked ourselves a few questions:

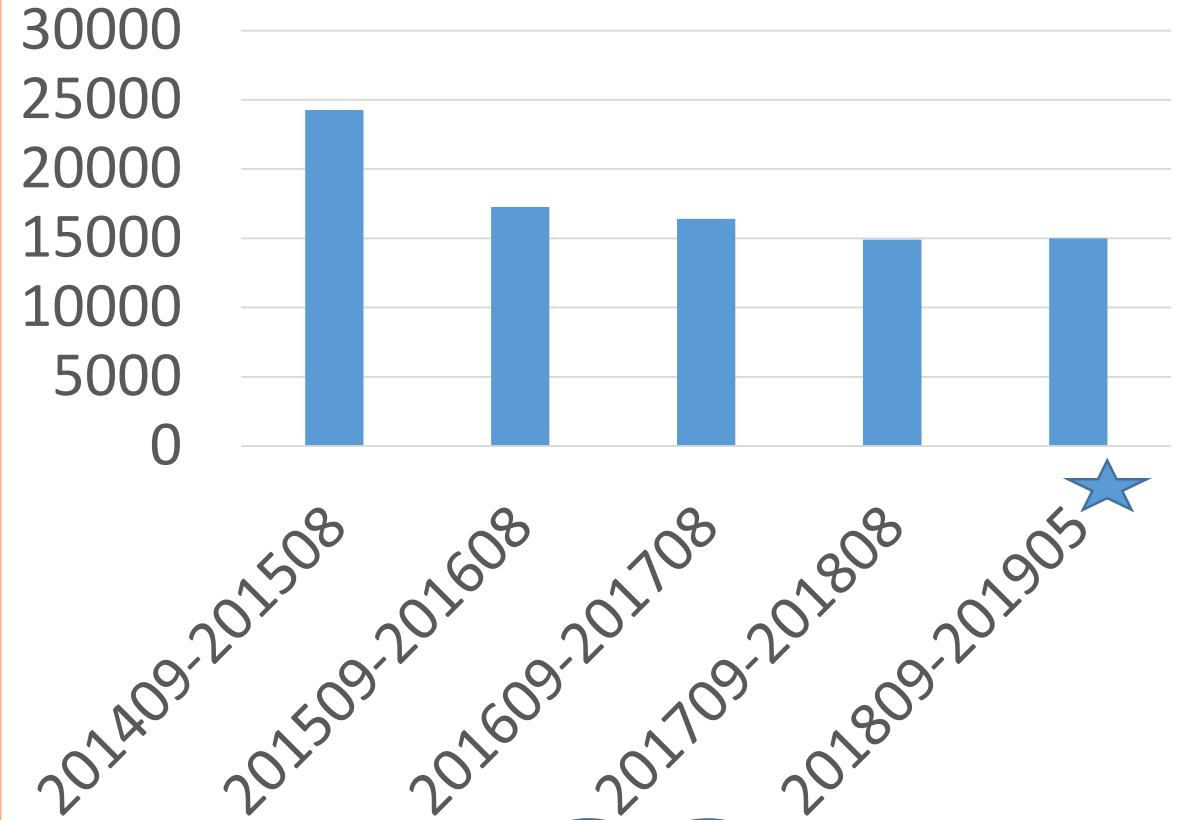

Are we reaching our students effectively?

Does this guide make sense to them?

Do they even want to use this anymore?

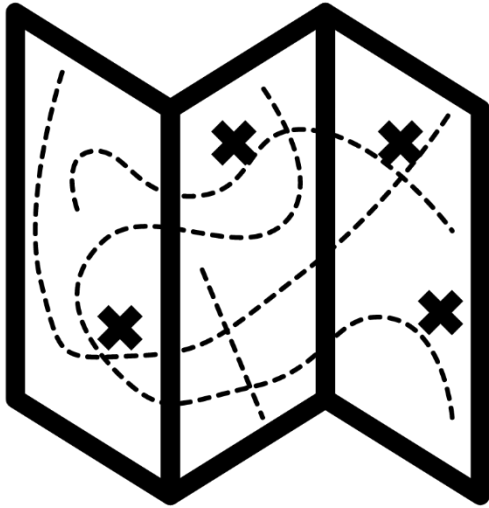

Wanting to take action, we decided...
