IS CONTINUITY OF MANAGEMENT AND CONTROL OF VALUE TO A BUSINESS?

We think it is !

Since 1810 the management and control of this Company has been in the hands of

The Founder - - - -	WM. STAIRS - - - -	1810-1865—55 years.
His Son - - - -	WM. J. STAIRS - - - -	1833-1906—73 “
Wm. J.'s Son - - - -	EDWARD STAIRS - - - -	1870-1913—43 “
Edward's Brother - - - -	GAVIN L. STAIRS - - - -	1906-1927—21 “
Edward's Son - - - -	CYRIL W. STAIRS - - - -	1908-1938—30 “

These periods, of course, take into account the years of training each generation, but in each case there is a long “overlap” during which the younger generation was absorbing the experience of his elders, in preparation for eventual control.

Another generation is now in training—Arthur D. Stairs (son of C. W. Stairs) started his apprenticeship in 1936—looking toward sound training and the continuance of management for the future.

All this message is supposed to convey is that for 128 years the growth and success which this business has experienced is, we believe, partly due to the sound training of those we mention above, together with their associates and staff.

It is safe to do business with

A Dying Wage

WHEN we started business in 1880 our first rule was to pay a fair living wage.

In 1919 we decided a living wage was not enough. We should pay a dying wage, too. We knew how hard it is for the worker to make provision for his old age and for his dependents in the event of his death.

So we introduced benefits and pensions plans. Sickness benefits—the incapacitated employee to continue drawing pay according to his term of service; pensions—a fair living allowance for the worker who reaches old age; death benefits—a cheque immediately for the deceased worker's family. These things lifted a burden of care from our employees' shoulders—made them happier, more enterprising and more efficient. They lifted a burden from the shoulders of the Canadian taxpayer, too.

We are proud of these plans which have helped so much to build up a loyal organization of thousands of Canadian workers. Their devotion to their work has made it possible for us to serve Canada with quality products at lower and lower prices.

Dispatching business matters is only a matter of seconds —when it's done by Long Distance Telephone. If you use Station-to-Station Service it's even quicker...and the cost is far less.

Of particular interest to business men is the savings that can be effected by using Station-to-Station Service. By asking for a telephone number instead of specifying a certain person, you can often effect savings up to 40 per cent. The average saving per call is approximately 25 per cent.

The economy of Station-to-Station Service is making it possible for business men to make wider and better use of Long Distance than ever before. Your Long Distance operator will gladly provide you with any information you want about this speedy, money-saving service.

113 YEARS

The Halifax Chronicle has been closely linked with the history of Nova Scotia for 113 years. It is one of the most quoted newspapers in Canada, and is the only paper of the Maritimes of which that impartial authority, the Encyclopedia Britannica, says it is "of national reputation and wide political influence."

Adhering always to a sound, sane editorial policy it has won and enjoys the confidence of all sections of the people to a marked degree.

The Halifax Daily Star, established in 1873, is associated with the Chronicle as an afternoon paper. These two, in combination, provide an excellent coverage of the entire province.
