

Friendly and Faithful Service

Organized at a time when corporate trust service was generally little understood, The Nova Scotia Trust has won the confidence of a large and growing number of clients at home and abroad through the friendly and faithful administration of their affairs.

Thirty-two years of satisfactory service to all concerned is evidenced by Nova Scotia Trust's unbroken record of growth in assets and reserves and payment of dividends.

A NATIONAL ELECTRICAL SERVICE

IN 1882, the Company which is now Northern Electric was started in Montreal. Today a chain of 22 branch warehouses across Canada exemplify the development of this National Electrical Service. Northern Electric maintains manufacturing, distributing and merchandising services, vast in scope, varied in character and always

keyed to meet the ever changing problems of tomorrow. Whatever equipment is required to generate, transform, distribute or use electricity for industrial, commercial, residential or any other purpose—it is available from any one of Northern Electric's strategically located branches across this wide Dominion.

**Information's
Time is a
Wartime
Scarcity,
Too!**

THE trained eyes and fingers of telephone operators are needed, these days, at the switchboards that are heavily loaded with war calls. Telephone equipment of every kind is deep in the war task. Will you help us to make every bit of equipment count? Here is one way:

Please look in the Directory for any number you are not sure of. Please look there first, before you call "Information".

Thousands of calls daily, in which "Information" is asked to help, are for numbers that are IN the Directory.

Our foremost job is the war job. It just is not feasible to do all the things for our customers that we were able to do in peace time.

We appreciate your understanding and your friendly co-operation.

Food for War

Preserved, Packed and Shipped

Thousands of Canadian men and women are doing a most necessary job of converting farm products to transportable food for millions of fighters and civilians overseas. Much credit is due those working in canning, dehydration, curing, packing, refrigerating, and shipping. With war industries and their workers the Bank of Montreal is working helpfully by supplying the kind of banking service suited to the times.

LET us all dedicate our full energies to Victory. "Speed the Victory" is **more** than a phrase to spur on the war effort. It is a hope and a prayer in the hearts of anxious mothers and fathers, sisters and brothers throughout the land, that their fighting sons will be home **soon** and **well**. Let us all spend less, save more and seek out new ways to broaden our personal war effort. No service, however small, is **too** small in war-time.

The men and women in our fighting forces long for "News from Home." Write to them often—and regularly. —Keep your letters cheerful.

Victory and Afterward

"The young men are thinking and thinking hard. They do not intend to make victory an end in itself. Their battle cry is 'Victory and afterward,' and they do not fight any worse for that."—From Beverley Baxter's London Letter (*Macleans*'s for May 15, 1942).
