The Dalhousie Hymn

*Where smiles the sea 'neath the sky ever blue,
Where blooms the maple tree,
There stands Dalhousie, our College-by-the-Sea
And her children all are we.*

*Yes we come from Dalhousie,
Our Alma Mater,
Our mother dear,
And proudly now we sing her praises
So all may know that her sons are near.*

*All hail to thee Dalhousie,
Our College-by-the-Sea,
With heart and voice we praise thee,
Wherever we may be.*

A. E. KERR, B.A., B.D., LL.D.,
President of Dalhousie University

The President's Message . . .

To the Class of 1957:

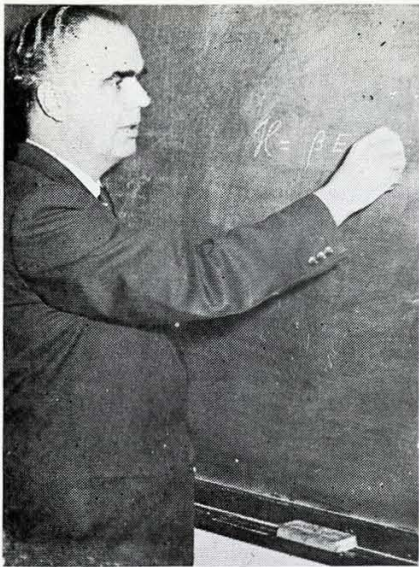

According to a university regulation every student on his or her graduation will receive not only the formal parchment certifying completion of the academic requirements for a diploma or degree, but also a copy of **Pharos**, the students' year book, to which the editors have very graciously asked me to contribute a brief preface.

When I considered what the most appropriate message from me as President might be, I could not help thinking of the impressive Oration that I heard the Right Honourable Lord MacMillan, an honorary alumnus of Dalhousie, deliver at the celebration of the Fifth Centenary of the University of Glasgow six years ago. Along with hundreds of others who were present, I felt most grateful to Lord MacMillan for concluding with a quotation from an address that Her Majesty the Queen had quite recently given at the University of Cape Town, and I avail myself of this opportunity to pass it on to you, the graduates of 1957. "The four cardinal virtues of academic life," Her Majesty said, "are honesty, courage, justice and resolve, the whole sustained upon these simplicities and profundities of faith." This statement cannot be altered or abbreviated. No single word of it can be deleted or changed without destroying a perfect delineation of an ideal not only for academic life, but for the lives of all men and women who ever enjoyed extraordinary academic privileges. I want you to encounter it whenever you open your **Pharos** so that you will always remember what it means to be a son or daughter of Dalhousie.

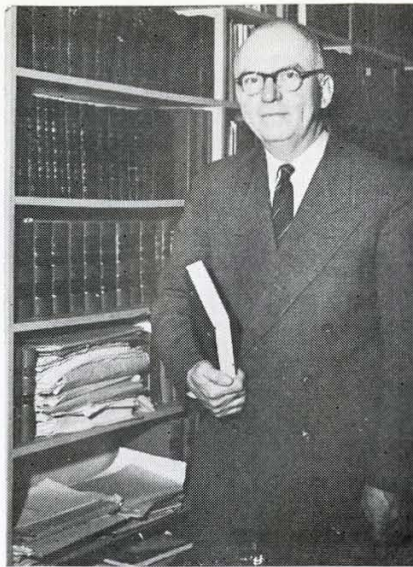

All of us who have had the honour of knowing you, the members of this graduating class, and of participating in any way in your education, wish you God-speed as you go forth on life's adventure.

A. E. KERR,

President.

Introducing . . .

STUDENT ORGANIZATIONS

STUDENT'S

45 YEARS OF STUDENT GOVERNMENT

President's Statement:

The Council of Students, like any representative group, has a difficult task in attempting to reconcile the different interests common to a student population. The Council is not always right in its decisions but it does try to act in the best interests of the student body as a whole. For this reason, the Council is worthy of your respect and support.

In reviewing the activities of the Council of Students for the year 1956-57 there are a few major highlights worth mentioning. Recognizing the need of the various organizations on the campus your Council saw fit to pass all budgets as submitted. On the national scene, Dalhousie again played its part in NFCUS by sending the largest delegation of any University to the 20th National Conference and by supporting the many NFUS projects both nationally and locally. This year saw the birth of an honour society, Commun Dubh is Or, the Dalhousie Advertising Bureau and a recommendation for a New Athletic Board. A new Co-ordination Committee has been established to facilitate the scheduling of campus events. Council also saw fit to give financial support to a new literary publication, Cygnet and the establishment of the Classics Society.

The usual activity programme was carried out with a few administrative changes and some new ideas but most activities being carried out as usual.

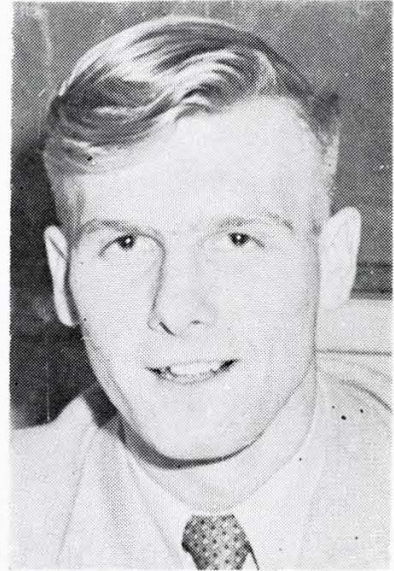

The members of this year's Council can look back on the year with the knowledge that because of their industry and diligence much has been accomplished. Yet there is still far more to be done. To President-elect Murray Fraser and his Council goes our wish for a successful year of student government.

In closing I should like to sincerely thank everyone who has helped me during my term of office. I should like to especially mention Patty MacLeod and Bob Inglis for the co-operation and interest.

The best of luck to all of you.

"KIPPER KAPERS" THURSDAY

Shown here are several of the hundreds of Halifaxians who flocked to the Dal Gym to see the WUSC Treasure Van last week. The men termed the visit of the Treasure Van...

Pop Machine In Residence?

In the closing meetings of last year the Students' Council proposed to University officials and to Mr. Atwood that a soft drink machine be placed in the men's residence. The location suggested for the machine was the East Common Room where it would be of great benefit in helping to reduce the line-ups at the canteen counter. It appears that both the University officials and Mr. Atwood agreed to the proposal and that Mr. Atwood would make the necessary arrangements for the machine.

DGDS Has Lined Up

The Glee Club will find the Dal gymnasium a fitting place for its Christmas concert. The group has been based on a definite theme to have a British flavour and "Kipper Kapers."

Soloists appearing alone and with choral accompaniment will be Neva Eisner, Jane Griffen and John Phillips. Novelty numbers will be done by Julia Goeling, Marty Transworth and John Keyson.

Graduate Editors Seek Co-operation

In view of the lateness in the plans of the "Graduate Year Book" the graduates request your full co-operation this term. All graduating their photos taken in must take their sitting during the Christmas holidays. If you have your appointment with the photographer, please contact the editor in charge of the yearbook at the following addresses:
Law: 2-6716, Law, Education.
Arts: 2-2114, Arts, Commerce and Graduate Studies.
Medicine: 3-8801, Medicine, Dentistry, Public Health and Supervision.
If you have no appointment at any of these buildings, please contact the editor in charge of the yearbook at the following addresses:
\$5.00 for your copy.

Humorous bits will be done at different intervals during the revue by Carl Perry.

A cultural approach is being made by a small string ensemble. They will play some of the better known classics of the day.

A dancing chorus has also been arranged. Soloists with this group will be Carol Ann Egan and Janice Merritt.

Don Lawrence is acting as the stage manager for the DGDS this year.

"Kipper Kapers" promises to be a fine evening of entertainment. Be sure to attend. Curtain time for each performance will be at 8:30.

Language Lab New Features

Under the able leadership of Dave Bewley, the Dance Committee decorated the gym with balloons, and Alf Johnson called the nets while Eugenie McCabe and his "Eastern Five" supplied the western swing. During the intermission, the crowd was entertained by the newly formed Engineers' Orchestra conducted by Doug Lemox. The orchestra included Forbes Thompson and George Gordon on guitar, Bill Evelyn on drums, and Bob Weld on accordion. The chaperones for the evening were Mr. and Mrs. Marshall.

Conservatives Hear Donald Fleming

The Arts Building was the scene last week of an enthusiastic meeting of the Dalhousie Progressive Conservative Club. Many students assembled to hear Donald Fleming, M.P., for Toronto-Eglinton, who has been in the Maritimes this past week.

Also at the meeting were chaperones for the Dental ring. The Dental insignia again ground of black enamel in a triangular form.

Academics Favour

Students at Acadia University in Wolfville voted Wednesday to rejoin the National Federation of Canadian University Students. The Dalhousie university withdrew from the NFCUS following the national conference. The vote, 319 in favour and 107 against, was the climax of weeks of intensive discussion of the Federation. Don MacPhee, president of the Acadia Students' Association, was the speaker.

The new method for teaching languages to service men, has been adopted by many schools and universities in the near future. The experiment...

LETTER TO THE EDITOR

from an unhappy student

Nov. 20, 1956
Halifax, N. S.

Dear Editor:

The continual failure of the DAAC to improve its perform-

wrong number of players to be on the field. If coach Thomas has difficulty in counting higher than has ten fingers will allow him, I suggest that in the future he re-

"The Gazette" is always happy to receive expressions of student opinion and, when possible, to have them appear in its pages. Publication, of course, does not imply endorsement or approval.

I have heard that one complaint about the campus paper this year is that it has not stirred up controversy. While we do not see this as our prime aim, certainly not above it if the editor warrants. Perhaps there is no controversy because we read the editorials; more because no one writes letters to the editor.

My only comment that an editorial has aroused, in print, was an article in a footnote program. The writer of the article had a bit of journalism so obvious upon which he was treading, and would have been pleased if he found out with collaboration of the editor, that we felt it better not to print it for his sake more than ours.

I am, however, interested in your students have to say and I would like to consider your suggestions received. We must know what you, the writer, but will let it if he wishes.

worse, the average undergraduate, knows more about Estes Keraver than he does about any one of the Conservative candidates.

This unfortunate situation can be blamed to a large extent on the U.S. elections this fall, which because of their overwhelming publicity value, drowned local issues in a wave of news copy.

Or it could be blamed on the Canadian voter's lethargy — if things seem to be going well, what does it matter that our parliamentary system is being nibbled away, a principle at a time?

Student apathy about the R.V. is one thing; but about issues that may affect our whole political future is a far graver and more significant failure.

LAST ISSUE NEXT WEEK

The next issue of The Gazette will appear on Wednesday, December 5th. It will be the last issue of 1956.

Anyone who wishes notices for the remainder of this term or for the early days of next term to appear in this paper must hand them in to the Gazette Office in the Men's Residence no later than noon on Sunday, December 2nd.

The first Gazette of 1957 will appear on January 9th, God and McCurdy Print willing.

Candidates, to get to know Donald Fleming, John Diefen-

live at home or with the small fraternity houses, is hidden away in a rooming house somewhere in Halifax. His activities are gauged by the number of hours of the house or he does without. The daily problem of transportation to and from class and the expense both in time and money to the student. Often his room is far distant from the campus so that it is merely a place to lay his head, or perhaps he lives in the cramped quarters far distant from the library facilities.

A student residence for men is a must on the Dalhousie University campus. The past eight years at Dalhousie have seen the erection of the Arts and Administration Building, small seismograph and now the new Dental building. No doubt some of these were paid for from scientific and other government grants which would not be available for the construction of a men's residence. Why hasn't a residence been built?

The students who presumably are the reason for the universal student discontent at Dalhousie University. The various activities on campus suffer from the lack of interest shown by the majority of students, so that the greater portion of the extra-curricular activities are managed by and cater to, a minority group. Is it not the university's responsibility that the Dalhousie student be given the opportunity to leave this university a better man in every way than he has been here? This is not being done for the attendant problems of living away from the university, off the campus, the student develops as a solitary person, struggling not only to learn but to live happily away from home. The friendliness of home, the spirit of living and working together does not exist in these circumstances. The whole student body is not achieved at Dal, but only a reasonable facsimile of a well rounded student.

A men's residence would alleviate this. Where is our men's residence?

started late this year, but we feel we've done a lot.

This book needs no formal Dedication. It is a work designed to honor those who graduate this year, and it is to them, and to their future we, the Staff of PHAROS, 1957, respectfully dedicate this book.

The many pictures in this volume, and the many pages, are designed to give a cross section of life at the University this past year. It is our fondest hope that, in the future, when you take up your PHAROS 1957, and turn the pages, it will awaken fond memories of your last year at Dal.

Dental Society

President, Jack MacNeily; Vice-President, Fred Bullock; Secretary, George Travis, Treasurer, Byron Johnston

The Dalhousie Dental Students' Society is organized for the furtherance of the common interests of Dalhousie Dental Students, all of whom are automatically members.

Under the capable leadership of our President J. E. MacNeily, the year 1956-47 has indeed been a successful one. Highlights of the year have been the laying of the cornerstone for our new Dental Building; the naming of Miss Nancy Lane as our Munro Day candidate for Campus Queen; and, as in the past, the holding of a highly successful Dental Ball, First Year Party and Graduating Banquet.

In the realm of sports Dentistry teams have been extremely strong and have made excellent showings in all fields of endeavour.

To those of the Society who graduate this year we convey best wishes and our sincere hopes for success in the future.

Rink Rats

Rink Rats were organized as a student organization to raise funds to pay off the debt on the Memorial Rink.

For the fourth consecutive year the Rink Rats have had charge of the rink canteen with great financial success. Organized early in November, the enthusiastic Rats have had the canteen open for all skating sessions and hockey games. Instituted this year was the catering to school children for afternoon and Saturday morning sessions. Special thanks go to Kempton Hayes for his efficiency as business manager.

Arts and Science Society

Danny MacIntosh, Ellen Pipe, Dorothy McIntosh, John Keystone (pres.)

Arts & Science again this year was prominent in all campus activities. The Society took an active part in welcoming new students last fall and throughout the year sponsored dances, including the highly enjoyable Tartan Twirl, and the Arts & Science Ball, which all proved to be successes. They captured the Blood Donor Trophy.

A. & S. again sponsored the Munroe Day ice carnival besides having various teams entered in Athletics Finals that day. The Society looks forward to another good year in 1957, since all indications are that interest in the Society is increasing.

L. to R.: Ernie MacAuly, Peter Filmore, Dave MacKinnon

Engineering Society

The Engineering Society sponsored two dances during the year, the Jamboree held in the gym and the Engineers' Ball held in February at the Nova Scotian. At this ball the Engineers' Queen, Ruth Murphy, was crowned and Cleopatras secret was learned.

A "smoker" and a stag were held for the freshman class, early in the firm term. Tours were made by members of the society to various companies.

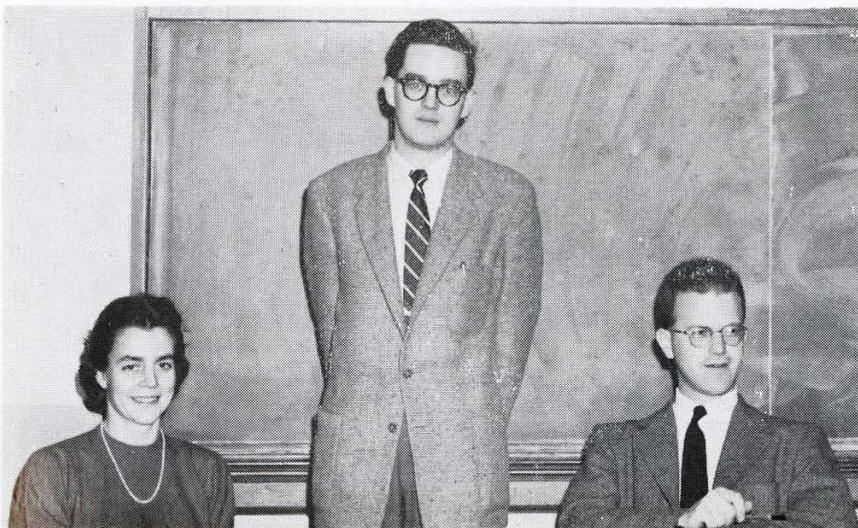

The Engineers were very active in inter-fac football, volleyball, hockey and basketball.

Left to Right: Mike Farrell, David Fraser, Mrs. V. Toward, Frank Sigsworth

Law Society

1936-57 has been an active year for the Law Students' Society. Teams have been sponsored in inter-fac football, hockey; basketball and curling. Several Law students have held high student offices on the campus. The Law Society has been well represented in debating. Mock Parliament, the Smith Shield Competition and the Moot Court were all run off in a very satisfactory manner. The Law Ball was as usual, highly enjoyable. Dr. Jerome Hall, a leading American jurist and criminologist, delivered a stimulating series of guest lectures.

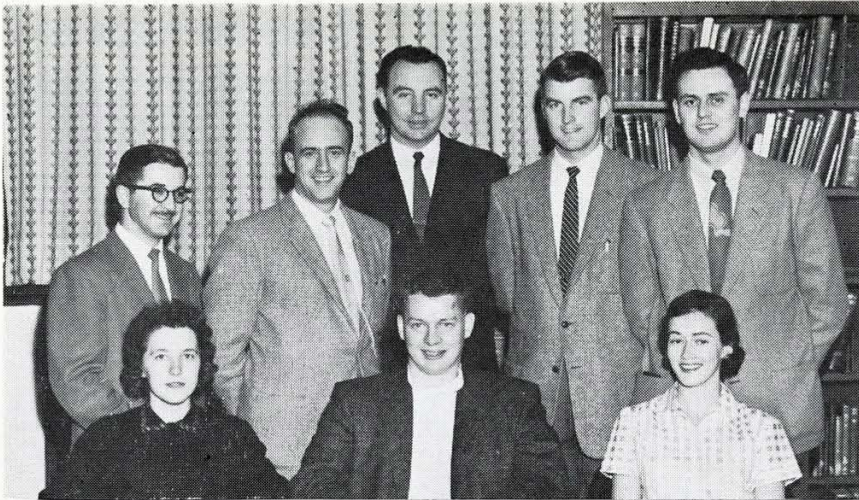

L. to R.: Fran Stanfield, Hugh Coady, Ted Reagh

Sodales

Sodales is the principle debating group on the campus. This society handles Dalhousie's entry in the Maritime Intercollegiate Debating League and this year two speakers to take part in the International Debating Meet held in conjunction with McGill Winter Carnival.

Awards that come under the auspices of the society are the Bennett Shield, for supremacy in debating and the MacDonald Oratorical Award. The Society also organizes the annual Mock Parliament in which about 100 students took part this year.

 Back Row, l. to r.: Joe Gogan, Jim Saunders, Gerry Berry, Norris Carrol, Ken Sheppard.

Medical Society

Meetings of this society were held about once a month at which there was a business meeting followed by a special speaker.

This year, the football, hockey and basketball teams proved to be quite successful; the hockey team made the semi-finals.

During December, a party was held at the Jubilee Boat Club. During March, the Medical Ball proved a great success.

Left to Right: Malcolm Mullins, Elizabeth Springer, Bob Matthews.

Pharmacy Society

The Pharmacy Society has had another eventful and successful year. Early in the term a coffee party was enjoyed, so that students, old and new, might become better acquainted. The annual Pharmacy Banquet and Ball was held in January at the Nova Scotian Hotel, with Orchestration by Don Warner. At this function, Pharmacy's Queen, Miss Elizabeth Montgomery was presented. February will see many of the Pharmacy students take off for Montreal as guests of the Charles E. Frost Company. The annual smoker ensures a good time for all males of the faculty.

Newman Club

The Newman Club, an organization for the Roman Catholic Students on the campus had a most successful year in spiritual, social and intellectual activities. The meetings were well attended, and lectures excellent, and the social hour was a success.

This year the Newman Club had the opportunity of hearing a talk given by the National Chaplain of Newman Clubs Canon Carter during his visit to the Halifax chapter.

As in other years an annual communion breakfast and retreat were held.

Graduate Society

Dr. H. L. Johnstone, Head of the Department of Physics, at Dalhousie, is to speak on his trip to the North this summer. He will show slides on "The MacKenzie River, The Yukon and The Western Arctic." (in February). Some social event—either a banquet or a party, for the members is in the offing.

Delta Gamma

Delta Gamma is the social organization to which all women students at Dalhousie belong. This year Delta Gamma was very successful in its various undertakings. It sponsored a very enjoyable Open House at Shirriff Hall in January, entered a play in the Connolly Shield Competition, and debated against teams representing the women's organizations of Mount Allison and Acadia.

Co-Ed Week was as usual a very active week, highlighted by the annual Sadie Hawkins Dance and the crowning of the Campus King.

Cercle Francais

Meeting once a month, on a Monday evening in the Engineering Building, the Cercle Francais is open to all students on the Dal campus. Under the energetic direction of Professor Chavy, head of the French Department, a lively program of films and singing is provided, as well as refreshments. The climax of the year's activities is the Soirée in March; this year there will be pantomimes, a medieval farce, and a short dramatic comedy.

The National Federation of Canadian University Students' committee at Dalhousie began its activities in October by attending the National Conference in Montreal. During the conference Dave Peel was re-elected Atlantic Regional President. The annual campaign to solicit discounts from Halifax merchants was successfully undertaken. Other projects for the year were the promotion of the newly instituted NFCUS Life Insurance plan; assistance in the Hungarian Relief campaign; the holding of a very successful Atlantic Regional Conference; promotion of the nationally sponsored student travel service; blood drive; competition; photo and art contests. NFCUS assisted in the program of WUSC and other projects with the enhancement of student life.

Hillel Club

Hillel got off to an excellent start this year with many cultural and social activities planned including Friday night services held at the home of Rabbi Mayefsky and an informal dinner and dance.

Informal discussions were held with Basic Judaism as the topic.

Supper meetings instead of the usual Breakfast Clubs were a new highlight of the Club this year.

Two Hillel members were chosen to attend the Eastern Regional Convention held in Toronto the beginning of February.

The last big event of the year was a dinner dance held the last week of February.

Canterbury Club

Back Row, l. to r.: Alf Howard, Bob Waterman.

Canterbury Club is the club for Anglicans on the campus. The Club meets every Sunday evening in the Cathedral Hall. At these meetings a speaker is heard and there is discussion. The meetings are kept informal in an attempt to provide the best opportunity for fellowship. On the last Sunday of each month a Corporate Communion and breakfast is held. The occasional social event is enjoyed.

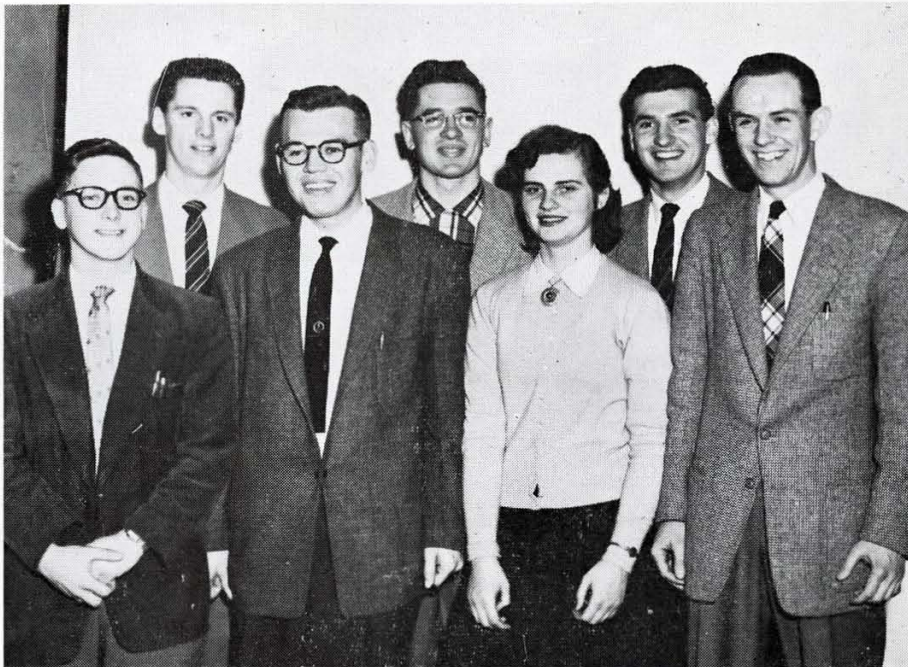

Student Christian Movement

The S. C. M. program got under way with a successful fall camp in early October. Study groups on the New Testament and on Race Relations were carried on as well as Sunday afternoon Open Houses. We welcomed two visitors from the National S. C. M. Office: Miss Sheila MacDonnugh, in October, and Rev. Bob Miller in November. Delegates from Dal attended the S. C. M. National Council in Bala, Ont., and two local conferences—one at Mount A. and the Christmas Regional at U. NN. B.

Commerce Company

Front Row, l. to r.: Max Croucher, Al Riggs, Olga Apinis, Dave Moon.

Back Row, l. to r.: Dave Matheson (President), John Wood, Pete Bennett.

The Dalhousie Commerce Company undertook many successful projects this year. Operation High School and Commerce week highlighted the activities. During Commerce week students visited industrial plants and heard various speakers. Another new venture undertaken was the sponsoring and organizing of two trips to Antigonish to support Dal athletic teams. Dalcom was very successful in inter-fac sports taking honours in football, hockey, curling and swimming.

Midlothian Club

Left to Right: Mary Whiteside, Voila Mowat, Diana Eager, Jane Oland

The club, named in honor of the Earl of Dalhousie's home county in Scotland, meets fortnightly on Mondays in Sherriff Hall. Each member in turn prepares and reads a review of a book of current interest; discussion follows or coffee. A faculty member is invited to speak each term. This year, by way of innovation, several members have read some of their prose and verse.

the annual Treasure Van, raising the sum of \$750.00, for the WUS Program of Action. Delegates attended the WUSC National Assembly at Montreal in October, and the Atlantic Regional Conference at Acadia University in February. Matthew Epstein was chosen to represent Dalhousie this summer at the WUSC International Seminar in Ghana. Various fund raising activities were carried out including the DG DS program for "The Pirates of Penzance". Plans are already being formed for a full and successful year of activities in 1957-1958.

Sociology Club

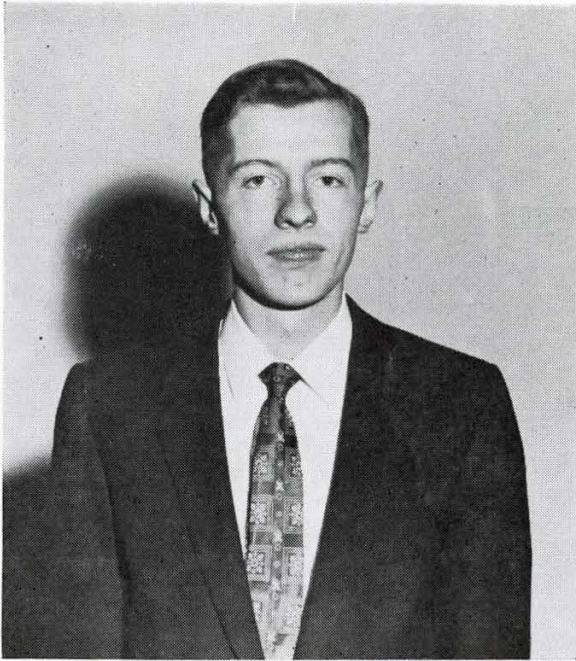

Front Row: Dr. Uhler.

Back Row: Kerry Bourke, Dody MacIntosh, Janet MacLaughlin, Kenneth Abbott.

The Sociology Club was formed for the express purpose of benefiting those students in the social sciences. It sponsors well known people who address the students on topics of special interest such as chaplaincy work, the juvenile courts work in mental institutions and other relevant subjects. It is hoped that these talks may broaden the students understanding of some of our social institutions.

The Sociology Club climaxes its year's activities with a banquet in March.

In 1956-57 the Dalhousie Glee and Dramatic Society staged three major productions. A revue "Kipper Kapers", was presented in mid-November, featuring the usual variety of skits, dancing and singing, and starting the year off well financially.

"The Man Who Came to Dinner", a play by Kaufman and Hart, was put on in January, and special thanks go to Julia Gosling, ex-officio member of the executive, who directed the play and was mainly responsible for its success.

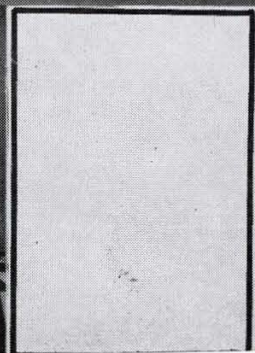

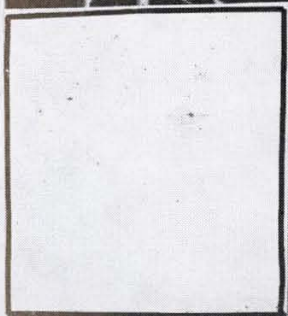

Under the able supervision of Graham Day, Gilbert and Sullivan's "Pirates of Penzance" was produced in March, and the Connolly Shield plays were also staged in this month. Plans for producing a stage musical such as "Oklahoma" were unable to be carried out this year but it is hoped that such a production may be possible in the very near future.

This year proved a tough one for the "Tigers"—not only did they come out of each game defeated, but with many serious injuries to valuable team members.

The team this year was made up of many rookies with a smattering of "old-timers" serving as a nucleus. But inexperience, injury, and defeat did not prevent the "Tigers" from carrying off most of the leagues' most coveted awards. Don Nicholson was voted the league's most Valuable Player. Gordie Rankin copped the Most Valuable Lineman Award, while newcomer Ted Wickwire was runner-up to the Best Rookie Award. With the experience gained last year the "Tigers" are growling for another chance at the Purdy Cup.

For the first time in several years Dalhousie came up with a contending team for Intercollegiate honours. As shown by the score board, the Tigers lost the title by only one goal.

In four outings against the present Maritime Intercollegiate champs, Dal battled them to three ties, while in the other they lost by one goal after putting up a tremendous fight.

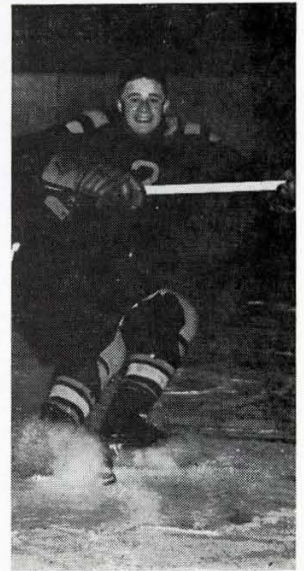

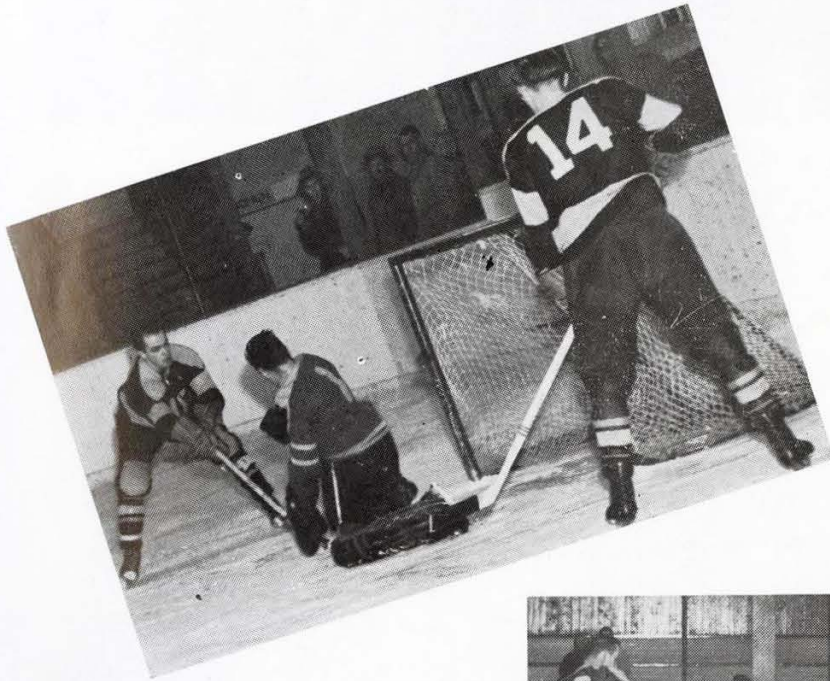

Much of the credit for this success is due

to coach Dewitt Dargie who, despite the opposition of two sets of exams in mid-season, rounded the team into shape and had them playing as a unit on the ice.

Although many of our hockey stalwarts—Barry Sullivan, Gerry Gayldamack, Rollie Perry, "Lick" MacDonald, and Andy Sim—will not be with us next year, the remainder will form the foundation of a team that will be, more than ever, determined to bring the Intercollegiate Hockey Championship to Dal.

Dalhousie basketball this year saw a sprinkling of "old hands" bolstered by a number of rookies, members of last year's Dominion Juvenile Championship team.

In five outings in regular scheduled play Dal had a 5-5 record and in semi-final play bowed out to St. F. X. in two games by scores of 67-45 and 51-41.W

With the rookies of this year's team forming the backbone of next year's squad and with possibly some new faces in the line-up Dal should have a strong contender for the title next year.

The girls' Tennis team won the C. B. Murphy Trophy this year in the Intercollegiate competition held at the Cathedral Courts here in Halifax. Pat Stanfield and Judy Wilson won the ladies' doubles, defeating Mount A's Pam MacFenolds and Elizabeth Brooks, 4-0. Jean MacPherson copped the Ladies' Singles, defeating Mt. Allison 6-4 and 6-0.

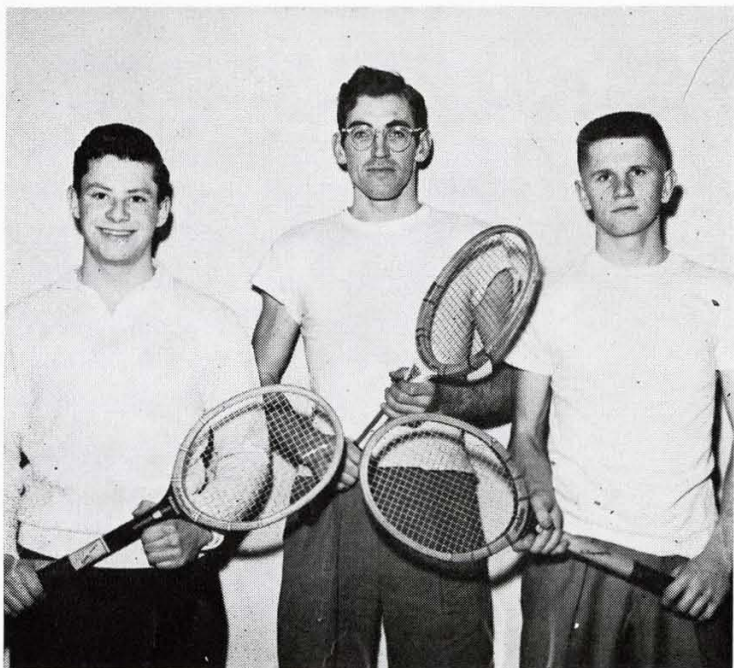

Last Fall King's played host to a number of Maritime Universities for the Maritime Intercollegiate Tennis championships. In the Men's Singles Nickey Weatherston had little difficulty in retaining his title, as he swept through his sets with St. F.X. and St. Mary's after having won from U.N.B. by default. The scores were as follows:

U. N. B.—default

St. F.X.—6-3, 6-2.

Saint Mary's—6-1, 6-1.

In the Men's Doubles Hugh Fraser and John Russell walked off with the championship by defeating St. F.X., 7-5, 6-4, and Mt. A. 6-2, 6-1.

TRACK

MATHESON & MONTGOMERY

Although lacking in numbers, the two-man team from DAL was far from lacking in spirit and ability as they chalked up seven well-earned points at the Maritime Intercollegiate Track and Field Meet held at U.N.B. Matheson copped first place in the 220, with a time of 23.6. Dave also placed third in the running broad jump. John Montgomery gained more points for Dal by placing third in the 880.

The Frank Melick Memorial Trophy, re-donated by the widow of the one-time star of the Nova Scotia golf was presented to the winners by W. J. McCall on behalf of the Nova Scotia Golf Association.

Members of the championship team were D. Moon (captain), Peter, Hope, P. Tregoun, T. Nichols, and H. Gorham.
