PRESENT ROMEO AND JULIET

Lecture in Journalism.—The first in a series of lectures on newspaper writing was given to a group of members of the GAZETTE staff Wednesday evening. The lecture on News Writing, was given by Jack Lusher, a reporter on the Halifax Chronicle-Herald, and a former Editor of the GAZETTE. Above, left to right, are Don Chittick, Fred Neal, Betty Livingstone, Heather Hope, Charles MacIntosh and Jack Lusher.

Wants Students to Do Welfare Work In London's East End During Summer

In the Fall of 1949, Rev. P.& Clayton on All Hallows' Church Clayton on All Hallows' Church in London, England, visited Strange Words Canada. He spoke to students at different Universities on the need Translated on Boys' Welfare work being done in London's East End. Last summer, nine students went over.

Memorial Essay Prize Offered

The University has announced the opening to Dalhousie students registered for three or more classes in the Faculty of Arts and Science of competition for the Mushkat Memorial Essay prize. This prize, the value of which is \$40.00, is awarded annually as provided by the will of the late Mr. William Mushkat of Halifax. Competitive essays of 4,000 to 5,000 words in length may be written on any subject of national or international importance. Essays should be submitted to the President's office on or before April 20, 1951.

Hoffman Speaks To Pre-Med Group

Dr. Martin M. Hoffman, Dalhousie professor of research medicine, was the guest speaker at a meeting of the Pre-Medical Society held Wednesday evening, January 10. Dr. Hoffman stressed the need in the medical profession of doctors whose minds are prepared to go beyond technical aspects and seek out the why and the how of an object. The ability to take advantage of accidents that might happen during a doctor's career and the will to explore are other attributes that will make great medical scientists, Dr. Hoffman said.

Journalism Lectures Given Gazette Staff

The first of a series of lectures in journalism being given to members of the GAZETTE staff was being held in the GAZETTE Office, Wednesday evening.

These lectures, being given by journalists from the Halifax Chronicle-Herald, are designed to imrove the quality of writing in the GAZETTE and to give the members of the staff grounding in the elemental principles of newspaper writing.

The staff has been divided into three categories for the purpose of this lectures, News, Features and Sports, and each of these groups will be instructed in the basic rules of journalism in general and as applied to their section, in particular.

Throw Them Out

Next week the Dalhousie Glee and Dramatic Society will present the Shakespearean tragedy "Romeo and Juliet"

This is one of the greatest pieces of English literature ever written, but much depends upon the atmosphere of the

As was proved last year, during the performance of "Othello", it is very difficult to maintain an atmosphere of suspense and drama if members of the audience constantly interrupt the play with remarks and loud comments.

During the student night there is a general tendency among certain members of the audience to make a boisterous running commentary on the play as it progresses. This may be quite amusing to them, but it spoils the play for the rest

Anybody who speaks out of turn during Dalhousie stage performances in future should be thrown out.

A little consideration for the actors and the rest of the audience is something that should be expected from college students. Let us not have a repetition of the interruptions which marred "Othello" for so many.

How to Write Letters

The GAZETTE, like every other newspaper, receives a number of letters to the editor each week.

There are not as many as there should be, and to help remedy this situation, we print herewith the rules for writing letters to an editor.

All letters should be addressed to: "Editor, Dalhousie

Gazette, Dalhousie University, Halifax.'

They may be either mailed or left with some responsible

person at the Gazette Office.

Letters to the Editor should be typed, double space, but this is not essential. If a letter merits it, it will be published so long as it is legible. Any person whose handwriting is not plainly legible should type when writing a letter intended for humiliating pleas in an attempt to at St. John's, Newfoundland. Needpublication.

Letters should be signed. A number of letters are received each week without signatures or with pseudonyms. They are rarely printed. If you do not wish your name to of the time must be met with a subject to fluctuation like that of a come before the reading public you can say so in the letter, but no responsible editor prints many letters written by people who withhold their names from him.

There is even a hesitation to print a letter whose author he knows but whose name he is withholding from the public. No person should be ashamed to express his views; and any person who does so should not have such little confidence in his own opinions that he is afraid to sign his name to a letter.

Letters should be of a decent length. They should not of "Arts and Letters", and to make that the control of "Arts and Letters", and to make the control of the contr

be over two typewritten pages in length, or approximately seven hundred words at the outside.

Silly and untimely letters will not be printed, nor will that something is wrong. But it is abusive attacks upon any persons.

In short, if you use common sense and discretion in writing a letter to the editor it will most likely be printed.

The Universities of Canada

H. L. STEWART

Change in the personnel of the teaching staff reflects this change of atmosphere. It is an open secret that Chairs and Lectureships in Arts and Science Faculties are now very hard to fill except by a lowering of the qualifications which were formerly required. One Canadian President put it quite frankly when he said "Anyone that can read and write has a good chance to be on our staff now!"

Return of the undergraduate Universities, proportionately far population to its moral size will more than England, Scotland or help somewhat with this trouble. Ireland. Obviously French-speak-As the veterans have finished their ing and English-speaking sections college career and the six years de- must have separate academic orlay of "natural increase" among ganizations. The assignment of those fit for academic posts is made education to provincial, not federal, good, the proportion of competent control multiplied still further the teachers to the demands of teach- variety, and the conflict of Churching should improve. (There has al- es led to the establishment of ready been an encouraging move- Universities definitely distinguishment in this direction). But even ed Anglican, Presbyterian, Catholic when this relief has gone as far as and Baptist. Effort after effort to it is likely to go, the qualifications reduce the action of these divisive of Faculty members are likely to forces has been ineffective; it has remain much below the level of an been defeated by the mutual disearlier time. Many recent appoint- trust, provincial or religious, and ments have been made very cau- by the alarm of communities at the tiously for a short specified period threat to local business through a with "no commitments on either side", because there was no available candidate whose qualifications schemes not to unify but to fedinspired confidence. Every real erate Universities have made some friend of higher education in Canada knows that "the cultural off academic bankruptcy. A powerupset of the war" is not the sole ful unifying force was that of the nor probably the chief cause. Scarcity of applicants except those whose munificent aid to Universiof a type that even the present sort ties in Canada was reserved for of Board of Governors is ashamed to appoint, results much less than to become - "undenominational" is often supposed from low salaries Of late an appeal for federal and the effort to meet it now being so suddenly made by salary increases will probably for that reason prove disappointing. The real deterrent is the changed attitude to University education, diverting to other sorts of work the talent most needed by Colleges. Altered character of the professional office, change from the atmosphere of a place of learning to that of a general market in which learning is but one and far from the most mind of these vociferous reformimportant of the saleable commodities, the technique of the trader displacing the idealism of the in Canada has actually been in-

than the academic crisis we see. Incessant pressure is applied to have the great intellectual dictrivialities-about commerce, about nursing, about household management, about social readjustment or even personal adornment. While the academic teachers must make gain new grants from the Board, quality of the men available for University positions because the number willing so to serve like is always limited.

A Royal Commission lately tourrecommendations for its amendment was evidence of awareness very doubtful whether there will be moral courage to proclaim the unpopular truth, that the type of teachers capable of promoting Arts and Letters has shrunk and must shrink still further until the practice which W. R. Inge has called "flattering the young", is checked, in the cause of higher education. Our Universities have sore need of a leadership less concerned with numbers, buildings, endowment, and less ready to sacrifice for these externals all that a University ought to mean.

Phone 3-6425 21 Blowers Street measure of "centralization". Within the last thirty or forty years, progress, as a means of warding Carnegie Corporation of New York, such as were - or would consent grants has been urged by University Trustees, with a new hopefulness that, since it has been abrogated in so much else, the British North America Act will no longer remain in the way of getting help from Ottawa for provincial Col-

But so far it is thus financial advantage, not a uniform academic standard of greater educational efficiency that seems to be in the ers of our tradition, and the number of degree-granting institutions scholar, could have no other result creased within the last two years. The three Maritime Provinces (Nova Scotia, New Brunswick and Prince Edward Island) with a comciplines dropped in favor of banal bined population not very much over a million had until recently twelve Universities! This number was last year increased to fourteen and there is a rumor of one soon to be set up in our tenth Province less to say, the value of diplomas it is attempted to justify the of all sorts, coming from quarters changes by saying that the needs so numerous and so different, is new method. This affects the debased coinage, but proposal of an academic "Gold Standard" would have no chance against the prevailing mood of antagonism, like that missionaries in partibus infidelium, of Sanday Mackaye in "Alton Locke", cursing all aristocracies the intellectual aristocracy no less

One should, I think, recognize that the so-called "Professional Schools" - Medicine, Dentistry, Law, Engineering-enjoy a certain immunity from the damage done to Arts, and in that respect make the Canadian picture somewhat bright-Board of Governors, with President or Principal who is their economic agent, are afraid to intrude on these technical disciplines in the spirit of devastation they so freely exercise on the "merely cultural" studies. In this way I think it must be acknowledged that a supply of doctors, lawyers, dentists, engineers fairly well trained for the tasks of everyday practice has been emerging from the Canadian Universities. But as Chairmen of Canada with a population of Boards of Governors (especially about 13,000,000 has some fifty those who least believe it and

FADER'S STUDLEY PHARMACY LTD. REXALL DRUGS 29 Coburg Road Halifax would not for a moment act upon it) often say in a speech "It is the Arts Faculty that is a University's backbane.

There will, of course, continue to be a sprinkling of men so attracted by the life of learning, even though subject to new indignities, as will provide here and there on the teaching staff a genuine inspiration; men whose books or articles in the learned reviews will make the name of the College known at least as their address. Just as eagerly as ever, the undergraduate of exceptional talent responds to such stimulus. The complaint of this article is, however, that the institutional influence now so often serves to confirm and encourage a vulgar mood which in other days it served to correct and elevate. The University still gives, at least by its libraries and the still surving disciplines of a great tradition, a glimpse to everyone (of which some at all events will never forget the thrill) of great literature, great science, great history, great philosophy. But it does seem regrettable that those most inspired by this should now so often find the routine of the institution a discouragement rather than a stimulant, and that they can advance only by being studiously exceptional.

These faults are by no means peculiar to new countries; but whereever they are, they cry aloud for amendment, and in Canada at least it is the Governors and Presidents that need a reformer's first attention. An immediate need is the restoration of control over Courses to those who appreciate what such Courses mean; that is to say, control in a vital, not just a nominal or formal sense. Formally and nominally there has indeed never been any loss of academic control; in one of the worst cases I know of its practical frustration, the University Charter still requires its maintenance, and only an Act of the Legislature could have altered this. But men whose tenure is perhaps from year to year, and who know that their promotion or even their retention on the staff depends on the caprice of an autocratic President, are likely to see the perspective of studies as he has made clear that he sees it. The vitality of Faculty meetings, which were in the past serious consultations about fulfilment of an educational purpose, but which are now extremely brief, the business being all cut and dry, must be restored. The essence of the matter lies in the escape from "Big Business" to the genuinely educational conception. When the mania of change was at a relatively early stage in Canada, warning might have been taken from two events. One was the arrest by the Royal Canadian Mounted Police of the President of a large American University on his flight across Canada with securities he had mishandled. The other was the sentence of two years imprisonment passed on the Chairman of the Board of Governors of one of the largest Canadian Universities for having stripped its Chest, steadily over many years, of its investment certificates and turned them to his own account. "Big Business" has notoriously a ragged

But although the damage has cut deep ,there is no ground for despair unless we drift into a conspiracy of silence. I know from countless pieces of evidence - letters, conversations, records of meetings at University centres all over Canada -that I am expressing the mind of excellent exponents of education both in the Universities and in the

The NOVA SCOTIAN SATURDAY NIGHT"

a Toast to Old New Scotland

We haven't got a Casa Loma here But we can dance, and we have swing bands, too, And though St. Catherine's St. is longer far We have neons just as big and new. I must point out that we too see the sun And Winnipeg can have her prairies free, We want no river floods to make us run!

> So here's to you, Nova Scotia, With your challenge to the sea, Though other's may look down on you You're good enough for me.

Our springtimes come when they're supposed to come, We've never seen a twenty-two below, And they were building towns along our shores Before men thought to brave the inland snows. They say the Rocky Mountains are a treat, That's Ottawa's green valley is a prize, But they should see our beaches and our lakes Or our Fundy's disappearing tides.

> So here's to you, Nova Scotia, With your challenge to the sea, Although the rest abhor you You have blessed humility.

They tell me that their colleges are great That in them lies the culture of the land. If this be so, then why such snobbery, Do they not educate the mind of man? And anyway we have Dalhousie here, And lots of smaller colleges besides. We export more than frozen mackerel-We give you men that you now claim in pride.

> So here's to you, Nova Scotia, With your challenge to the sea At least you've got a character That's true and rare and free!

Dalhousie!

Foreign Student Publications Different To Those of Canada

The Gazette is beginning to look like a clearing house for student papers from foreign Uni- the Varsity, the student publicaversities. The latest is an issue tion of the University of Cape from the University of Helsinki-Ylioppilas. This paper is unique in that it is printed in three languages, Finnish, Swedish and English, as Finland is one of the few countries where the majority of people speak two languages, Finnish and Swedish. English is added because of the distribution of the paper to outside centres. The paper has a much wider viewpoint and an interest in news of more national and international importance than Canadian student papers show. On the front page is an article commenting on the duty of all students to be "champions in the work for peace by promoting international understanding and by bridging the gap between several opinions." particularly interesting article appears on the reparations which Finland has been forced to make Russia since the war. An amount equal to 300 million U.S.A. dollars, a huge burden for a country the size of Finland. "At the 1938 rate of exchange the total amount of reparations would correspond roughly to 21/2 times the pre-war annual value of the Finnish

The ads in this paper are even more remarkable being printed not only in English, Finnish and Swedish but German as well.

PETITION FOR FORUM CIRCULATED

Ice Must Be Improved Or Rink Loses Business

A letter to the Council revealed that the hockey league is dissatisfied with the condition of the ice in the Dal Rink in which they play on Saturday nights. The reason for this is that the ice is in use from nine o'clock in the morning until seven at night before the ice makers get a chance to work on the ice.

This only leaves them an hour to build up the ice surface which has been continually cut down during the day. The Halifax Forum officials take three hours out of their day to keep the surface up.

The Council, on a motion, decided to reduce the student skating period on Saturdays by half an hour and, if this was not sufficient, a further half hour would be granted for the purpose of remaking the

There would be danger of losing the business with the hockey league which uses the rink on Saturday nights if the condition of the ice is not satisfactory. The move was considered essential by the Council.

It was also announced that students may now use the rink from nine to twelve in the mornings during the week provided they help clean up the ice before the interfac teams come on.

CJCH-CHNS Play Hockey To Aid March of Dimes

The Dal rink has been rented out next Tuesday evening for a hockey game between the staffs of radio stations CHNS and CJCH. It is hoped that there will be a large turnout for this game as the proceeds are to be presented to the "MARCH OF DIMES"

The price of admission for students at Dalhousie will be ten cents. Let's see a big crowd out for this sensational game.

After the game, there will be public skating for those attending.

Remember, your dime is an important weapon in the fight against polio. You'll never miss the dime, but you will miss a lot of fun if you don't come.

Cercle Français

The next meeting will take place Tuesday, Jan. 23, Engineering Bldg., 8.00 p.m.

Programme

- -music and songs
- -Photo-quiz and other games (prizes)
- -Refreshments -Films
- Courteline: Prizes for the best teams, selected by the audience.

This Isn't "The Thing"

This is not an Octopus, but it is about the closest thing to one. Above are pictured two, or perhaps three, members of the newly-formed Wrestling Team. Visible above are portions of Fred Neal and Bill MacPherson who were practicing wrestling holds in the Lower Gym Wednesday evening, the first tunrout of the wrestling club. Any similarity to a certain cartoon character are purely co-incidental.

Wrestling Team Holds Much Promise Of Success in First Practice Meet

Dal Girls Basketball Team Defeats Kings

Dalhousie Girls' "B" basketball City League on Tuesday night. in six points. Jackie Denham was top point getter for King's. The game was slow and listless, with neither team showing any real fight. An indication of the play was the score at half time, which stood at 2-2. Shot upon shot was taken by each team but far too many of them fell short of the mark. Joan Johnstone turned in a good game for Dal, scoring with two points each. Caroline "Tabby" Weld and Lucy Whitman played a nice game back on the guard line. On the King's lineup Heather

Martin and Franny Smith turned in DAAC Constitution Wins good games and put in two points apiece. Gloria Teed played a top Approval at Club Meet rate game on the guard line.

Lineups: Dal.— Barbar Walker, Henderson, Carol Cole, Charlotte on Thursday. Sutherland, Gerry Grant, Tabby

Shearwater Meets Dal In Court Battle Tonight

The rivalry between Shearwater and Dal will move a step tonight when the Dalhousie badminton team meets the Shearwater team at Shearwater, for the first tournament of the new year.

The last time the two teams met, mere 20-19, so that tonight's meet should be very interesting from the spectators point-of view.

When your staff reporter approached Jane Mosely, a member of the Dal team, he was confidently cold that Dal would win.

The game is at 7.30 p.m.

ISS — Permission was granted by the Students' Council for the ISS to sell articles in the Gym between acts at Romeo and Juliet to University will in future bill all help in their campaign. This per- students who fail to turn in all mission was granted solely only athletic equipment which is issued if Roy Atwood waives his right to to them. The Senate will take open his canteen in the Gym that action where there is failure to night.

It is still not too late to take part in the fun (see picture above) offered by the wrestling club. We are informed by Martin Smith, manager of the club, that there was a very good turnout for the first team eked out a 18-8 victory over meeting on Wednesday, and all the King's in a scheduled game of the evidence points to a good season. An excellent coach, Bill Evans, has Barbara Walker was the high scor- been good enough to offer his serer for the Black and Gold, putting vices to the team, and will take over his duties on Friday.

Because this is its first year, the club will not participate in competition outside the University. Present plans are still indefinite but exhibition matches will be held as soon as the team is in shape.

A practice will be held tonight (Friday) at 7 o'clock. The practice will finish in lots of time for those who wish to attend the dance to do so.

A new constitution for the Dalhousie Amateur Athletic Club was Joan Hills, Joan Johnstone, Marj. approved by a special meeting of MacLean, Lucy Whitman, Marg the Club held in the Gym at noon

The new constitution will replace Weld, Pat Ahern and Joan Baxter. one which has fallen into disuse as Kings-J. Denham, M. Isherwood, its provisions are outmoded. The -Competition between several E. Bailley, H. Martin, F. Smith, "new" constitution merely makes official many practices which have been followed for the past few years without bothering to amend the constitution.

> The new constitution lays down the duties of the managers of the various sports. One of the weaknesses of the former constitution was the indefiniteness of provisions relating to this point.

A new awards system is also provided for, whereby an athlete receives a letter for each sport in which he participates, with a distinguishing mark for each year of in the middle of November, the play. The old system allowed only Shearwater team narrowed out a one letter no matter how many sports were played.

The new constitution also provides for budgeting a year in ad-

Since the new constitution has been passed by the Athletic Club it will be passed on to the Students' Council for final ratification, after which, it will come into effect im-

General Meeting of Student Body May Be Held Thursday

A petition calling for a Student Forum to consider the whole question of management of the Dalhousie Memorial Rink was presented to a representative of the Students' Council late last night.

The petition calls upon the Council to hold a Student Forum as soon as possible. By Section 1 of Article 9 of the Constitution of the Students' Council a Student Forum must be called, upon presentation of a petition signed by twentyfive members of the Student Body to the Students' Council.

Sherman Zwicker, President of the Students' Council, when approached on the matter said that it Arts and Science Hoop was likely that the Student's Forum would be called for Thurs- Squad Beats Law 31-27 day of next week.

Most of the questions raised, he said, involved the University and not the Council.

The petition presented to the Council last night calls for discussion upon four points in particular:

(2) Who is in charge of the day-to-day management of the

(2) Is the ice surface the best possible with the existing equipment available?

(3) Must there be hockey games every week during student skating sessions?

(4) Must the ice always be poor for student skating sessions?

Most of the questions raised, he said, involved the University and not the Council.

The petition itself was quickly signed, according to reports, and not one person approached refused to sign. The petition was circulated while a skating session was in progress.

Senate Hold Dinner - Members of the Senate assembled at Shirreff Hall on Tuesday for the midday meal. Following this,

In an overtime game, Thursday, Arts & Science won a hard-fought basketball game against the Law team, in what is thought to be the most closely contested Interfac game to date.

As the two teams traded basket for basket the score remained close throughout the game. At the end of the first half, the Arts & Science team had a faint lead with a score of 9-8. However, Law recovered this marginal loss in the second half to tie the score at 20 all.

The game was extended to five minutes overtime, during which Sherman of A & S made 9 points, while Machum of the Law squad, made 5. The final score was 31-27 in favor of Arts & Science team.

High men for the Law team were Fahey with 11 points and Machum with 10. Leading scorers for A & S were Sherman with 13 points and Peter MacDonald with 8.

There was a good turnout for the game, and enthusiasm was high among the fans as the game was closely contested to the end.

Referees Cluny and Medjuck called 17 fouls during the game.

But he has the right formula for budget problems-steady saving
