## Dalhousie Defeats Y. M. C. A. In Opening of Basketball League

Team gets away to early lead—All players turn in brilliant performance—Davidson high scorer

With an opening rally that literally swept their opponents from the floor, Dalhousie Tigers, under Captain, Don McRae, walked away from the Y. M. C. A. Gym on Saturday evening, with a 33 to 22 victory over the Association quintet for Dalhousie's initial appearance in the Halifax City Senior Basketball League. Scoring two baskets for four points in the first minute of play and then settling down and gradually piling up their lead, the Dal team, composed of the same players that won the City League title last year, played one of their best games in the opening period to give them a twelve point lead at half time. Going carefully in the second half, they maintained their advantage throughout were never seriously threatened and came out on top, 33 to 22.

The forward line with McRae at centre and Davidson and Fairstein on the wings worked brilliantly. Davidson was high scorer in the game, his work under the basket being deadly, he passed to perfection and checked back well, playing his first strong defensive game. He tallied 13 points. Sam Fairstein played one of his best games since coming to Dal. His shooting was particularly accurate, he covered the floor at a marvellous pace and was a continuous source of worry to the opposing guards. Scoring 9 points. Sam was directly responsible for a great number more. It looks as if he were in for a big season. Don McRae played a great game at centre, and while a little off in his shooting, he more than made it up in his getting the tip offs at centre, thus enabling the Dal plays to start toward the ultimate score. McRae, who is one of the cleanest players in the City League, and the misfortune of being charged with four personal fouls, and had to retire from the game shortly after the middle of the second period. Duncan McKenzie, who took his place, played a nice game, and scored on one of the nicest shots of the game. While all of the players were going good, perhaps what was most directly responsible for the victory was the fast breaking of the forward line as a whole and their equally speedy back checking after they had lost the ball. They showed a marked superiority over their opponents in this respect.

The guards, Handler and Anderson, were going great guns. The Y. forward line after time attempted to get in close for shots at the baskets, but were frustrated almost every time, and finally resorted to shooting from outside the defence. Charlie Anderson's long shots, were working to perfection and one of them starting the scoring for Dal. Harry Handler played up to his usual high standard, his play making being one of the features of the game. Handler to Fairstein to McRae to Davidson was responsible for the majority of Dal's scores.

Anderson opened the score when he shot from centre floor and the ball went cleanly through the hoop. Davidson made it 4 to 0 before the end of the first minute when he scored from under the basket. Hill and Young each got one for the Y to even up matters. It was the only time that they were up to Dal. Davidson scores again, Anderson gets one point on a penalty throw, Davidson gets a big cheer, when he puts the University 9 points up with another basket. The Y. got started again with two points by Young. Fairstein retaliates with a score. McRae gets one for his team on a foul shot. Archibald gets one point for the Association. Fairstein and Davidson go on a scoring spree once more just before the end of the half. Sam gets two points and then Harold gets three. When the timers gun ends the period the score board reads Dalhousie 19, Y. M. C. A., 7.

The Y. starts out well in the second period, when they cut four points off the lead. Hill playing centre gets the first score, and Hamilton accounts for the second. Their chances look a little better; but only for a couple of minutes. Fairstein adds two points to Dal's score, the result of a beautiful play. Young gets one point. Davidson does one better and gets two points. Young scores two more. Davidson not to be out done drops in another two, after a penalty throw, and Young scores again for the Y. The teams were playing fairly even at this point. Fairstein puts another two on Dal's total. Young working hard scores a minute later. McRae gets credit for a score for Dal, when one of the Y. guards intercepts a pass and the ball bounds into the basket. Shortly after McRae gets his fourth personal and has to retire from the game.

Duncan McKenzie goes in his place. He scores one for Dal on a free throw. Hamilton does the same for the Y. McKenzie gets two points on a lovely shot. Dal leads now by 13 points 32 to 19 with only a couple of minutes of play remaining. Young gets a basket for the Y. Hamilton adds another point to end their scoring at 22 and just before the gun goes, Fairstein scores on a penalty shot to give Dal a total of 33.

C. S. Perry and Bev Piers referred. Individual scores follow:

Dalhousie	G	F	T
H. Davidson	6	1	13
S. Fairstein	4	1	9
D. McKenzie	1	1	3
D. McRae, Capt	1	1	3

J. Hill	2	0	4
G. Hamilton	1	2	4
C. Winchombe	0	0	0
F. Smith	0	0	0

## Dalhousie Intermediates Win Twice

With a complete reversal from the form displayed the previous week, the Dal Intermediates came into their own last Thursday night at the Studley Gym, when they gained a victory over St. John's by a 19 to 12 score in a regular scheduled fixture of the Halifax City Intermediate Basketball League. With a slow first period in which the winners scored only two baskets and their opponents one, the game developed into a nice exhibition in the second half when Dal outscored their opponents 15 to 10. Playing the brand of basketball, of which they are capable, the winners walked away from St. John's, and shortly after the period started the issue was no longer in doubt. Dal piled up a comfortable lead, but slowed up somewhat in the last few minutes of play allowing their opponents to score a number of points.

Alex Nickerson played his usual good game, being high scorer in the game with 10 points. He covered the floor well and was particularly adept in penetrating the defence for close in shots that were sure tallies. Charlie Lorway playing his first game of the season seemed to be a big help to the team. He scored 6 points and was directly responsible for a large number more. O'Brien played a good game, but had hard luck on his shots.

The teams lined up as follows: Dalhousie—O'Brien, Richardson, Nickerson (10), Lloy (2), Lorway (6), McSween, Thompson, Clarke (1). St. John's—Vail (3), Payzant (7), Stockall, Tattie, McDonald J., McDonald K. (2), Lipsett, Marshall, Isenor, Cox.

Dalhousie Intermediates took their second straight victory in the City Intermediate Basketball League when they defeated the strong St. George's Aces by a 21 to 6 score at the Y. Gym on Saturday evening. Getting away to a good start, they held their opponents scoreless in the first half, with the exception of one lone basket scored from centre floor. On the other hand they were successful in collecting 12 points themselves. The work of Nickerson, Lorway and Richardson was outstanding in this period as well as in the next half, when Dal added another 9 points to her score. All of these forwards played nice combination, broke quickly when the opportunity presented itself and checked back fast. McSween and Clark were strong on the defensive, the St. George's team finding it practically impossible to break through towards the basket. The team as a whole is now a smooth working combination and should go far on their way towards the championship.

Alex Nickerson was again high scorer of the game collecting 10 points for his team. His work around the opposing basket was exceptionally effective. McLellan, who played a nice game, had 4 points to his credit. Richardson was next with 3. Webb and Croucher did the scoring for St. George's the former getting two baskets and the latter one.

Dalhousie—O'Brien, Richardson (3), Nickerson (10), McLellan (4), Lloy (2), Lorway, McSween, Thompson, Clark (2). St. George's—Miller, Grey, Francis, Campbell, Webb (4), Mitchell, Croucher (2).

## Wanderers Win From Tigers On Soft Ice

Team shows improvement over recent years

The Halifax City Hockey League got away to a good start when the fast skating Wanderers team defeated the Dalhousie Tigers, before a crowd of over 300 spectators, to the tune of 4-1.

Although the ice was very soft and covered with heavy, watery slush there was a good deal of nice puck carrying and poke checking, at the latter the Dal forwards were there, especially in the last period when they checked the Wanderers dizzy.

Just before the game the Tigers named Hughey Martin as their captain. Anyone who has seen Hughey in action knows he is a cool head to direct the attack, and he came thru to score Dal's only goal in this game.

Oyler, Tom Foley and Bernie Eaton started on the line for Dal but were slow in getting warmed up. Whereas the Wanderers led by George MacKay and Rainnie, two former Wolverine players, started from the gong at full speed and showed some nice combination work, but they were stopped often by Jack Buckley and Hal Connors, who played great defensive hockey for the Yellow and Black. After ten minutes Rainnie dented the twine for the Reds on a nice piece of work combined with Taylor. George MacKay duplicated the next minute. Ike Smith, playing his first game of senior hockey, had no chance to save on either score. Smith went down on his face time and again to save shots that were labelled. The first ended 2-0. Smith stopping 5 to Edwards 6, Jack McDougall got the only penalty and it was well deserved. Dal came out trying and trying hard to even the score in the second period but the punch did not come until 10 minutes and 20 seconds after the gong when from a mixup in front of the net Coleman passed to Hughey who showed it home. Wanderers came right back and scored one to keep two ahead. Both sides now put on speed and but for the condition of the ice it would have been a nice exhibition. As it was Buckley went from end to end and narrowly missed scoring on two occasions.

In the third period the snarling Tigers had the Reds boxed in their own defense area and it was not for the want of trying that they did not score. Eaton took a trip to the cooler for two minutes when one of the refs got his eyes crossed. Martin, Taylor and Coleman ably relieved the first line and flashed some nice work in the corners and back checking. Many passes came out from the corners but over anxiousness got the better of them. Under Hughey Martin's direction the squad is fast rounding into shape and Dal should take the Wanderers into camp when they meet again. At last the students are getting behind the hockey team. Several cheers were heard. Let's hear more of them.

## St. Mary's Show Championship Form to Win 5-2

Dal's defence woefully weak—Buckley and Foley score

Dalhousie Tigers lost to St. Mary's in their first game of the Intercollegiate League before a crowd of 500 enthusiastic fans who were treated to a good exhibition of fast skating, combination play and excellent checking. Although the final score was 5-2 it does not indicate the closeness of play. St. Mary's got two counters in the first period and had the advantage of play over their opponents who as usual were late in getting started. However the Tigers came back strong in the second stanza and had the game well in hand, breaking up the attack of the Red and White Collegians, and retaliating with an offensive that was only held in check by some nice work on the part of the goalie.

Tommy Foley got the first marker for the Gold and Black when he coasted down the right wing, drew the defense and shot a swift one in the upper corner that the goalie hardly saw. Jack Buckley, playing centre, started many plays but due to passing the puck at inopportune moments the rival defense were able to smother the play. Jack was a marked man and whenever he tried to ride through alone he was met with heavy checking. The second period ended 2-1. It looked as if the Tigers had the game in the bag.

The third period started away faster than the preceding ones with

St. Mary's launching a three man offensive, splitting the defense wide open and Chris Grant, who was easily the best man for the red and white going thru to put his team two up. The Dal forwards spent too much time digging in the corners which on numerous occasions left the defense to handle the vicious attack. Jerry Coleman did some great poke checking in this period and carried the puck well but there was no one to receive his passes and many opportunities to score were lost. St. Mary's fourth score came on a pass out from the corner for Jimmy Eagen to push it in. Jack Buckley scored the second Tiger counter from a long shot beyond the blue line.

The nicest score of the game came as a result of a lone try by Eagen who wended his way through the entire team to slip it by Ike Smith.

Jerry Coleman and Eaton were the pick of the Gold and Black, while Grant and Eagen were the pick of St. Mary's.

Dal line up,—Smith, Goal; Stanfield and Connor, defense; Buckley, Oyler, Foley, Coleman, Eaton, Taylor, forwards.

## Interfaculty Basketball

The opening games of the Interfaculty Basketball League were played at the Studley Gym on Saturday afternoon, when Commerce defeated Dentistry 15 to 14, Theology defeated Medicine 15 to 13 in overtime, Freshmen won from Arts and Science 25 to 13 and Law captured an exhibition contest from Engineers 11 to 7.

In the first game between Commerce and Dentistry, the former teamed at half time 9 to 3. Dents gradually reduced the lead in the second half and when the final whistle blew they were only one point behind. McMullin was high scorer in the game with 8 points. Hart was high for Commerce with 6 points.

Line up: Commerce—G. Thompson, C. Miller, H. Thompson, M. Ross, L. Hart (6) B. Hatfield (4), B. Stoddard (4). Dentistry—Duxbury (4), McMullin (8), Chaisson, Harris, Parker (1), McIntosh (1), Peters, Clough. Continued on page 6.

### N. F. C. U. S.--- Advantages it has to offer to Dalhousie.

The Editor, Dalhousie Gazette.  
Dear Sir:—

Through the columns of the Gazette I would like to draw the attention of the Student Body to the functioning of the National Federation of Canadian University Students and the advantages it has to offer to Dalhousie.

The annual conference of the Federation which is held during the Christmas holidays did not, unfortunately, take place this year. The financial position of the Federation was not in a very healthy condition due to the fact that the Imperial Conference held in the summer of 1929 and sponsored by the N. F. C. U. S. placed a heavy burden upon that body from which it is just recovering. As a result of the Conference not being held your representative is not as well qualified to present the intricacies of the Federation as perhaps would be the case if the body had met and had the advantages derived from discussions of the business at hand.

There are however, three outstanding features being undertaken at the present time: the Exchange of Undergraduates Scheme, Student's Overseas Tour, and purchase of athletic equipment.

In regard to the exchange of undergraduates, the object of the scheme is to permit specially selected student to take a year's work at another university in a different part of Canada. The scheme has now been in effect for two years during which several students have taken advantage of it and have voiced their appreciation to the opportunities it affords. Any student, male or female, who is applying for study in a university (other than a university of the Maritime Provinces) in the third year of his course or any year beyond the same provided that he is returning the following year to his home university is eligible. The period of study at another university under the exchange is one academic year only. All applications must be in the hands of the local selection committee on or before the first day of March, 1931. Dalhousie has not accepted the scheme for all time, but has agreed to give it one year's trial.

The Second Annual University Undergraduate Tour to Europe arranged and directed by the N. F. C. U. S. will cover Scotland, England, Holland Belgium and France over a period of forty three days and at a cost of \$434.75. The tour will sail via Canadian Pacific from Montreal on June 17 and return about August 1. The itinerary has been arranged to make a special appeal to students and the travelling accommodations on both sea and land have been planned with this motive in view. Applications must be forwarded not later than April 30 to the travel secretary. Further information will be gladly furnished by our representative.

Pursuant to an arrangement with the firm of A. G. Spalding, Ltd., all athletic equipment may be purchased at wholesale prices from that firm. It is hoped that in the future Dalhousie will take advantage of the saving which this offer undoubtedly provides.

The foregoing is merely a brief outline of the work which the Federation has and is undertaking. One of the most successful accomplishments of the N. F. C. U. S. is the debating tours which it sponsors not only by arranging debated between Canadian Universities but also by bringing debating teams into Canada from other countries. Business which is now occupying the attention of the executive includes reduced railway fares for students, correspondence exchanges, text-book facilities, scholarships and loan schemes.

Yours truly,  
DONALD G. GRANT,  
N. F. C. U. S. Representative

### Hall News.

Gertrude Ellis, member of Class '34, through a regrettable illness, has had to go to her home in Buxton.

Miss Mildred Ritcey of Mt. Allison was visiting her sister Fances Ritcey at Shirreff Hall.

We hear that one of the Freshettes entertained at tea Tuesday afternoon, in the first floor wing sitting room on honor of a guest from Ottawa. Fortunately for the hostess a couple of boxes were received from home which replenished a rather depleted larder. Tea was served at five o'clock.

### Dalhousie Defeats All Star Outfit.

Playing their first game of the season, the Dal. Senior Basketball team defeated an All Star outfit from the remaining teams in the City League by a score of 48 to 24 last Tuesday at noon in the Gym at Studley. Getting away to a slow start half time found the collegians two points to the good with the score board reading 15 to 13. In the second half they went on a scoring rampage that netted them 33 points to bring their total to 48, while they were holding the opposition to 11 points for the half. Harold Davidson, star forward, was particularly effective in this period scoring eleven baskets for 22 points.

For the winners, Davidson, McRae and Fairstein were outstanding. Davidson was high scorer with 26 points, 22 of which were made in the second half. McRae was runner up with 13 points. For the All Stars, Archnibald had 8 points, Piers 7 and Hull 6 points.

Harold Hill and Ernie Richardson referred.

The scores follow:

Dalhousie	B.	F.	T.
D. MacKenzie	1	0	2
N. Brittain	0	0	0
H. Davidson	13	0	26
S. Fairstein	1	2	4
D. McRae	5	3	13
H. Handier	0	0	0
C. Anderson	1	0	2
H. Kennedy	0	1	1
All Stars.			
M. Lloy	1	0	2
L. Archibald	3	2	5
B. Piers	3	1	7
J. Hull	2	2	4
C. Sperry	0	1	1
F. Smith	0	0	0

### University Book Store Statement.

The following figures are submitted to the student body to indicate the business of the University Store up to January, 1931.

Sales	New Books	Used Books
Students Income on Used Books	\$2338.91	\$489.97
Net Income on Used Books	440.32	49.65
Purchases	New Books, 2238.56	Inventory, Dec. 31, '30 203.58
Cost of Books sold	2034.98	\$2034.98
Gross Profit on New Books	303.93	
Less Expenses	187.96	
Net Profit on New Books	115.97	115.97

Total Profit for period ending Dec. 31, 1930 \$165.62  
On December 31, 1930, there were no commercial accounts Payable outstanding, but there was due to students, on account of Used Books, \$29.71.

The committee is justified in feeling particularly gratified that the store should show such favourable results when it is considered that it was started without one cent of capital and with a rather indefinite management arrangement. We are now clear of all bills except the small amount due students on Used Books, and there has been no need of touching the \$200 which was invested in November by the Students Council.

The committee realizes that there are possible many improvements in the store which would make it more serviceable and of greater convenience to the students. We feel, however, that for a new business with no precedents on which to base operations, and with very little operating space, the store has justified its existence. In addition to the convenience to the students in being able to secure their books on the campus, it is necessary to consider the actual money savings on the purchase of the books. It is impossible to arrive at a figure which can be considered absolutely accurate, but we estimate that the savings amount to at least \$700 and probably as much as \$900.

We hope that the students will continue to patronize the store, not only for books but also for confectionery and supplies. It must be kept in mind that if it were not for the cooperation of the Canadian Institute for the Blind, the establishment of the store this year would have been impossible. We owe their representative, therefore, a certain debt, payable in patronage and goodwill.

JOHN W. DENOON,  
PROF. J. M. MacDONALD,  
DR. R. A. MacKAY,  
M. M. RANKIN.

### Marlborough

Continued From page 4 Col. 3

The contradictions in his character baffled all analysis. He lived in the most intemperate, immoral and extravagant age in English history. Yet he was never known to be drunk; his married life was unimpeachable; when he died he had the first money which he earned, five thousand pounds "for services rendered" to the Duchess of Cleveland, favourite of the Merry Monarch. The terror of half Europe, he was a dandy with the manners of a fop and the voice of a young girl. A man born to camps and fighting, he fainted once, at Malplaquet, at the sight of blood. The most treacherous of mankind, he spurned the highest bribe ever offered to any politician in that corrupt age.

Interesting as a piece of speculation is the author's thesis that the secret of Marlborough's success was the Duchess a woman with the face of an angel and the temper of a spitfire. Without the assistance of her ambitions the Duke would have remained John Churchill, a plain country gentleman "He was an astounding piece of mechanism. The electrical connections were there, but the current was lacking." Sarah Jennings, says Mr. Chidsey, supplied the current (p. 135). If the Duchess spurred her husband to the heights, it is well, however, to remember that she cost him his political destruction. Marlborough's disgrace at the hands of the Harley clique was made possible by the enmities which the Duchess aroused by her sharp tongue and stupendous pride.

From the standpoint of strategical analysis, the work is not impressive. The descriptions of the major engagements of the War of the Spanish Suc-

cession are graphic, accurate as far as they go, and more easily followed than the accounts in the heavier books. Mr. Chidsey's account of Blenheim would make a valuable introduction to Hilaire Belle's little book on that battle. No effort is made to estimate Marlborough's military genius. The fascinating if invidious task of settling the question of primacy between him and Wellington is not attempted.

Mr. Chidsey's book cannot be regarded as our definite life of Marlborough. He admits, with a modesty becoming his twenty-eight years, that it is a parasite's book, founded on the labours of other men. It may help to dissipate the blackness which has settled around the figure of the Great Duke. In his Introductions (p. xi) the author fastens the blame for a large share of Marlborough's unpopularity on Macaulay, who is accused of accepting as true any material vituperative of the Duke. Such may have been one effect of Macaulay's *History*, but it is doubtful if it was the opinion of Lord Macaulay himself. In support of this view, Trevelyan is a most respectable witness. In *Clio*, p. 168, he writes: "Antithesis was dear to him not only in the composition of his sentences but in the delineation of his character. It was with him a matter not of politics but of unconscious instinct to contrast as vividly as possible the selfishness with the genius of Marlborough. But, unfortunately, he lived to complete only the least important and pleasing half of the picture. He had blocked in only too well the black background, but died before he came to the red coal and eagle eye of the victor of Blenheim. If Macaulay had lived another five years, Marlborough would now enjoy the full meed of admiration and gratitude still denied him by his countrymen's little knowledge of what he did."

### Interfaculty Basketball

The Theolog-Medicine tussle went into overtime before a winner could be decided. There was very little scoring in the first period. Medicine led 5 to 2 at half time. Theologs came back strong in the second session and evened the score before the final whistle. In the overtime, Theologs scored 5 points and Medicine three. The former were victors 15 to 13. Mickson was high scorer with 6 points, while Sullivan and Piercy each had 5 points.

The Freshmen team walked away from Arts and Science by a 25 to 13 score. They led the whole way through the game and were never threatened. At half time they were 5 points ahead 12 to 7. In the second half they out-

scored the opposition this time 13 to 6. Goldberg was high scorer for the winners accounting for 11 points. Law won from Engineers in the final game of the afternoon, an exhibition affair. Engineers led 6 to 5 at half time, but the Lawers came back strong in the second period scoring 6 points to their opponents 1, bringing the total final score 11 to 7 in their favor. Finalyson was high scorer with 5 points.
