Prof. Knox Speaks On Shakespeare

Professor R. S. Knox gave a most scholarly address in the Gymnasium last Friday evening. His subject was *Shakespeare as the Touchstone of Literary Criticism*.

The task of criticism, Professor Knox maintained, is no longer to define boundaries but to elucidate the centre. To experience a full revelation of the plays of Shakespeare, one must hear the poetry and surrender to its mood. His works must be examined with imagination, not logic. Shakespeare creates and reveals life, not as the modern psychoanalyst, but with a knowledge of the most subtle mental processes.

Many critics, said Professor Knox, uphold Shakespeare as a moralist and philosopher. "The more Shakespeare is read, the more is read into Shakespeare." But any view of life might find some backing in Shakespeare. He states the position that his imagination attributes to the character being portrayed. Shakespeare's men and women are greater than the roles they fill. It is the stroke of his genius to suggest, to symbolize, so that the imagination may reach beyond the printed page to unfold and enrich the living concept.

Historical criticism, continued the lecturer, has been of immense value and assistance in seeking an understanding of Shakespeare. To watch the older versions and source, materials take on vitality and dramatic qualities when they emerge in their new form, recast by the poetic imagination of the great artist, helps one to realize the true nature of Shakespeare's achievement. It may even be true that "an ounce of fact outweighs a bale of woolly speculation." The task of pure criticism demands a sensitive imagination: Coleridge, the poet, was able to interpret Shakespeare, the poet, in simple language which all may enjoy. Shakespearean criticism is beneficial when it helps to elucidate the value of the play, provided that it does not forget that Shakespeare was pre-eminently a poet.

President Stanley was chairman.

Commerce Society. — A meeting was held Thursday, Feb. 23 at 12.00 noon. Candidates for the Students' Council were elected—Don Stewart and Don Archibald. Plans for an informal "Millionaires" party were made.

Miss Jean McMillan, one of last year's freshettes, was visiting the Hall over the week end. Jean is attending Normal College at Truro now. She is visiting Helen Belyea.

Every Student Should Vote—Candidates Give Statements To Gazette

Next Tuesday the student body of Dalhousie go to the polls to elect their representatives for next year's Students' Council. Will the history of past years be repeated? Will the elected candidates receive a mandate from only a third of the student body? Or will this year see the whole college turn out and put the men in office that they think are best suited to represent them? IT IS ABOUT TIME THAT THE STUDENT BODY TOOK AN ACTIVE INTEREST IN THE COUNCIL ELECTIONS.

John Fisher.—I do truly realize the futility of election pledges, as the views of one man are powerless unless those of the other eleven council members coincide. But however, if elected, I have five planks upon which I will devote my efforts for their incorporation.

(1) The awarding of Dramatic "D's", to those students deserving such.

(2) Concentration on Intercollegiate and Interfaculty sport. With a more just appropriation of funds to the various teams.

(3) A re-organization of the D. A. A. C. constitution with particular reference to Athletic "D's" and the eligibility of players for Interfaculty Sport.

(4) The Gymnasium to be placed under the supervision of the Physical Director. Why should we go to the President when we want to hold any function?

(5) Put control where control should be.

Beth Atherton.—May I take this opportunity to thank Class '35 for my nomination as a candidate for the Students' Council and pledge myself to carry out the interests of the college to the best of my ability. I trust that this year's election will produce a representative body which will fully satisfy the electors.

Jean K. Begg.—I appreciate very much the honour of being nominated for the Council of Students. If the students elect me as a representative of Class '35, I will maintain the following stand:—

1. To have the Council take a broadminded view of the dances—to supervise them as to time and conduct, but to forbear interference as to place, as between the hotels and the gymnasium.

2. To have two representatives for the freshman class on the Council, one of whom is to be a girl.

3. To reorganize Glee Club so as to have, in addition to the executive, a committee composed of a representative from each class, and one each from Commerce, Engineering, the professional schools, and the graduates, irrespective of those mentioned above.

David L. Redmond.—I am strongly in favour of the whole student body getting full value for their Students' Council fees.

- 1. Interfaculty Sport.
- 2. Glee Club.
- 3. Badminton Club.
- 4. Monthly Students' Council dances.

These will benefit the student body most. I intend to support them to the utmost of my powers. If elected, the opinion of the whole student body will be my one and only guide.

Delta Gamma Hold Annual Dance

On Monday evening the Delta Gamma Society entertained the boys at a most enjoyable dance held at the Nova Scotian. To the strains of Joe Mills and his orchestra those present danced from nine until three. Refreshments were served in the Main Dining Room and were greatly enjoyed by all—especially the Shirreff Hall Girls.

Among the high lights of the evening was the triumphant entrance of a lady—a rather masculine looking lady—dressed in a becoming satin gown. Imagine the consternation of the girls when they found that this graceful (?) and sophisticated young lady (?) was none other than a King's student out to win a bet. Mr. Holly became famous overnight and it is rumored will be given an honorary membership in Delta Gamma.

The chaperones were President and Mrs. Carleton W. Stanley and Miss Anna MacKeen. The committee who were responsible for the great success of the dance were the Misses Dorothy Redmond, of Sydney; Betty March, of New Glasgow; Marion Findlay, of Sydney; Martha Kenniston, of Chicago; Elizabeth Hood, of Sydney; Aileen Meagher, Mary Simmonds, Merle Purtil, Jean Begg and Nora Murphy, all of Halifax.

The Dalhousie Medical Society held their annual banquet Monday evening in the ball room of the Lord Nelson Hotel. The banquet was well attended, there being about 100 present, including members of the Dalhousie Medical School, members of the Faculty, a number of prominent doctors.

A green eversharp was taken by mistake at the Delta Gamma Dance last evening. Will the person kindly return this pencil to Mr. A. M. Weldon or leave it at the Gazette Office?

Minstrel Show is Brilliantly Done

The "Dalhousie Southern Minstrels" presented by the Glee Club last Thursday evening was one of the most entertaining performances witnessed at the college in recent years. A lively show from beginning to end, with a score of hits and novelty numbers along with a well trained chorus brought forth well merited applause from an audience of over twelve hundred people. Much credit for the excellence of the performance is due to the untiring efforts of Doug Murray, President of Glee Club and Bob Weitz director of the show. Feature numbers of the evening were the singing of Ruth Crandall, Dolly Gray, Connie Jost; Doug Murray and his banjo; dancing by Sam Rosenberg; accordian solo by Jerry Naugler, and the songs by the 'end men.' The first number was a scene on a Spanish Rancho in which Arthur Benjamin, Doug Murray and Jerry Naugler took part. Then came the Southern Minstrels. The cast was as follows:—

Interlocutor — Phil Magonet; End Men — Doug Murray, Pat McDonald, Ben DuBilier, Bob Weitz, Bill Scott, Mort Goldberg; Chorus — Dorothy Gray, Sam Rosenberg, Martha Kenniston, Tobias Beeber, Dorothy Vernon, Arthur Benjamin, Lou Figman, Ruth Crandall, Francis MacKasey, Doris Nickerson, Doug Seely, Connie Jost, Ruth Sumner, Hymie Magonet, Florence Kenniston, A. Fraser, Wayne MacKie, Lorna McLeod, Borden Stoddard, Marion Morrison, Lou Christie, Betty March, Harold Nelson, Dolly Carroll.

After the programme there was a short dance; the music being furnished by Cy Lovett and his orchestra.

In speaking with a *Gazette* reporter the President of the Glee Club expressed his appreciation of the invaluable assistance given by Yale Brody in putting on the show by furnishing the music during the night of the performance and at the practices.

Second Bennett Shield Debate

In the second Bennett shield debate of the year the Freshmen team of Bruce Ferguson and Elizabeth Ballum was awarded the Judge's decision over the sophomore team of John Fisher and Phyllis Burns.

The subject—"Canada is over-governed" proved a very debatable one and the victory was well earned.

Bruce Ferguson, the leader of the Affirmative, pointed out the tax situation and emphasized the excessive duplication of Government services. John Fisher in his usual dramatic delivery stressed the inefficiency of Government officials.

The Students' Forum.

Dear Mr. Editor:—
I desire to express through your columns my appreciation of the venture of the Glee Club in giving their show at Citadel Hill for the unemployed men housed there. Despite the make-shift stage arrangements, the show went with a snap and zest unequalled by the performance in the gymnasium. The audience were in every way considerate and highly appreciative. The Glee Club is to be congratulated on its production and its efforts to make life more tolerable for some of the unfortunate victims of the present depression, and so too, Mr. Flint Cahon for his initiative in arranging for the performance.
Sincerely yours,
R. A. MacKAY.

THE ANTI-FEMINIST LEAGUE.

Editor,
The Dalhousie Gazette.
Sir:—
The letters of "The President of the Anti-Feminist League" and of "Egbert" have caught my eye in the recent issues of the *Gazette*.
On one hand, the anti-feminist correspondent is endeavouring to draw important subjects for thought and study before Dalhousians, and further, to encourage their discussion in the college paper. Unfortunately this aim is carried on a wayward, unintelligent wind of a professed anti-feminine doctrine.
Then we consider Egbert, who couches his replies in sarcasm and wit, here and there hinting an argument in opposition but seldom, if ever, developing the thought. This apathy to thinking is characteristic of those content with leaving things unfinished, of men who turn to trivial diversions (as sarcastic wit) when the task at hand becomes difficult or serious.
Less subtlety and cynicism on the part of these contributors will lend worthiness to their considerations and will make their letters of fuller interest to
AN OUTSIDE OBSERVER.

As a postscript I wish to express a degree of surprise that other students have not shown interest enough to enter the discussion.
The Editor,
The Dalhousie Gazette.
Dear Sir:—
Re The Anti-Feminist Movement
I do not wish unduly to criticise the Aspiring President of the Anti-Feminist League since he is a good friend of mine; but I do feel it my duty to point out that he is labouring under a fearful delusion.
The Aspiring-President's premises seem to be something like this:

Smith Shield Competition

The Smith Shield Competition, the outstanding event of the College term at the Law School, will take place Friday night in the Moot Court Room at 8:00 before a distinguished bench of judges, consisting of Mr. Justice Carroll, Mr. Justice Hall and Mr. T. W. Murphy, K. C., President of the Nova Scotia Barristers' Society. The case to be heard will be an appeal from the judgment of the Court of Appeal of Manitoba in Seymour v. Winnipeg Electric Railway Co., reported in 19 Manitoba Reports 412. The two best pleaders will be awarded the Smith Shield donated by the present Dean of the Law School, Sidney Earle Smith.

The counsel in the case Friday night are four outstanding members of the final year in Law. They are:—R. T. Donald, B. A., Malpeque, P. E. I.; J. A. Y. MacDonald, B. A., Sydney; P. H. Stehelin, Church Point, Digby; and R. O. C. Stewart, B. A., Dalhousie, N. B. Messrs. Stewart and Stehelin will present the case for the Appellants, while Mr. MacDonald and Mr. Donald will appear for the Respondents. The four students were selected last year by the Moot Court Committee for the able presentation of their cases in the Supreme Moot Court of Dalhousie.

All four counsel are well known to the student body. Mr. Donald who had an exceptionally fine record while in Arts has been leader of his class both in first and second years law. He is Magister of Phi Delta Phi at Weldon Inn; Fraternity. Mr. MacDonald is student instructor in Latin in the Arts Faculty and has also had a very fine record while a student in Arts. Mr. Stewart, who came to the Law School from Mount Allison has identified himself with every sporting activity in the College. Last year he was Sports Editor of the Year Book, a position which he is holding again this term. He was the winner of the Carswell Essay Prize in first year Law. Mr. Stehelin was also a prize winner in Law in his second year.

Last year's winners of the Shield were Walter Foster, Rothesay, N. B., and Gerald Stewart, last year's president of the Students' Council. Announcement of the students who will compete for the Shield next year will also be made Friday night by this year's Moot Court Committee.

"Balloon Debate Great Success"

The five speakers of the feature "Balloon debate," sponsored by the Parliamentary Procedure Club on Thursday last, proved most interesting. The speeches were witty and cleverly presented.

The object of the debate was to see who would first be thrown out of a suspended balloon. Each debater represented a prominent person, and to defend himself enumerated his achievements and pointed out the weaknesses of his associates. Premier R. B. Bennett came in for the most discussion. It was argued by his fellow travellers that he was going out in the next election anyway, so why not relieve his agony and shove him over. Mr. Julius Rosenblum's defense of Mr. Bennett was no doubt the most capable of the evening, particularly, as his political aspirations do not usually favor the Prime Minister. "Lester the Janitor," "Fat MacKenzie," Murray MacNeil and Professor Read also came under the survey of the speakers. The men who defended these characters are respectively listed: Dave Redmond, Eric Murray, Jack Miller and Joe Beed.

CAMPUS COMMENT

After calling eight girls for a date the other night and obtaining none, Doug Pyke suggests that we start an engagement bureau to arrange dates for boys who can't arrange their own or are too bashful to make them. He suggests that a list of about five names be sent in and if the Bureau can arrange the first choice they should charge 25c., second choice 15c. and third to fifth 10c. Observer suggests that the girls use this bureau too, at the same prices.

WANTED: A large well-stocked farm. Apply a prominent fourth year Med.

Gladys Jost seems to be traveling under false pretenses. She appeared at class the other day with a Phi Kappa Pi fraternity pin on her dress. This caused considerable comment as none of the scandal mongers could place a Phi Kappa man among her boy friends. It turned out, however, that she had only picked it up and was keeping it for the girl friend of the boy friend of the Phi Kaps.

Cyril Anderson has a double and that's no joke. The other fellow's good looks has proven a great help to Cyril and now he can get a date most any time.

Observer wonders: Who was the lawyer that was seen coming out of Dean Smith's office with his coat off, vest open and sleeves rolled up?

Where Doug Crease spent his time in Wolfville? Who took Mandy on a tour of inspection of the kitchen at the Acadia Dining Hall?

Why Charlie Anderson was so happy that he kissed Captain Fairstein six times?

"And many a Viennese monkey mournfully recites Longfellow's famous poem about Portland."

Prof. Ells: What do you know about subsidiary?

Doris Nickerson: Nothing. Prof. Ells: Well, can't you use your imagination.

Doris: No, not along that line professor.

Prof. James MacDonald says that we can all get along very well with common horse sense mixed with a little stable thinking.

How would you like to sell newspapers for four hours on the busiest street corner in town. Don Sinclair and Max Blackadar tried it and sold two hundred papers between them. These are days of depression, Rex, and it is surprising what a stude will do for six dollars.

"What have you done?" Saint Peter asked,

That I should admit you here?"

"I ran the students' council" the big shot said,

"Of my college for one year." St. Peter pityingly shook his head

And gravely touched a bell

"Entrez-vous, my man and select your harp,

You've had your share of hell."

Bob Weitz's horse laugh has made a real hit and especially with the girls. If I see anyone around that wants to buy a duck, Bob, I'll let you know.

Dawson Club Meets

The Dawson Geology Club held its regular fortnightly meeting on Sat., Feb. 25th at the home of Kevin Meagher, 170 South St.

After the reading of the minutes, Mr. Dougald McGillivray was duly installed as an honorary member of the Club.

The highlight of the evening, however, was a paper read by Mr. Claude House, on the "Ore Deposits of the Wabana Mine." This mine is situated on Belle Isle, Nfld, near Harbor Grace. Mr. House spoke of the origin of the ore and also of the great abundance of it. Along, with this were given slides of the mine, showing some very interesting sections. Mr. House ended by speaking of the way in which the ore was mined and the financial conditions of the Company

After refreshments and a singing, the gathering broke up, with a hearty vote of thanks to Mr Meagher for his kind hospitality.

TO THE DAL STUDENTS.

From the favorable reports concerning the recent performance of the Dal Southern Minstrels, I trust that the Glee Club show can be considered quite successful.

At this time I may say that the success of the Minstrels was, for the most part, due to the splendid cooperation displayed by all those connected with its production. I write these few lines to personally thank Miss Mary Duggan, Eileen Mahar, Janet McNeil and Prof. Ron Hayes for their kind assistance in the application of all stage make-up. I also wish to thank Mr. Bob Donahue for his creditable work as property manager.

With sincere hope that I may again have the pleasure of producing another show at Dal, I remain,

Very truly yours,

BOB WEITZ.

Dal Defeat Tech 40-31 At "Y"

With Doug Crease and Don Bauld sinking baskets all over the floor Dal Senior Basketball team easily beat Tech 40 to 31, at the Y. M. C. A. last Saturday night. The game which was nowhere near as close as the score would indicate was nevertheless important as the victory coupled with the Wanderers defeat by the Y. M. C. A. shot the Tigers into a tie for first place in the Halifax City League with their old rivals the Wanderers. Dal and the Wanderers both closed the league series with a record of four victories as against two defeats. This means that the same two teams must play off to decide the City League winner and to qualify a team to meet the Intercollegiate winner for the Provincial title. A home and home game series will be announced some time this week, with the team scoring the most goals in the two games winning the title and the right to advance to the playoffs.

In the game itself Bauld, Crease and Fairstein teamed up well to give Dal a lead at the start which they easily held during the whole game. Bauld with 15 points the first half gave Dal an advantage. Tech led by White and Sutherland put up a determined fight the second half but the Tigers plainly looting, easily kept their lead to emerge victorious.

Gertrude Eis, of Jacquet River, is visiting Joan Fender-son at the Hall. She came down for the Pine Hill At Home.

Dal Cubs Tied For League Lead

The Dal "Cubs" with second period spurts conquered both Wanderers and Kings last week to go into the final game of the Intermediate league tied for the lead. In the game with the Wanderers after trailing the first half 9 to 5, Crease, MacDonald and Sullivan came back on the floor with a great scoring punch to win 26 to 21. Against Kings Thursday noon, the Intermediates were held in check more by the referees than by Kings. The referees checking up on everything called 22 fouls on Dal and 16 on Kings. Thompson, Clarke for Dal and Cole and Muggah for Kings were put off for personal fouls. Kings mainly because of its ability to convert foul shots led at half time 16 to 10. However Crease, Sullivan and MacDonald were too much for Kings the second half and Dal won by a 6 point margin 33 to 27. DuBilier showed up well at guard for Dal, while Cole, Muggah, Smith and Regan played well for Kings.

St. Johns strengthened by the lanky Rafuse at center kept pace with Dal by beating both the Y and the Wanderers last week. Dal and St. Johns both with 5 wins against 2 losses are now tied for the top with a single game to be played to decide the championship. This game will be put on as an added attraction before the Acadia game Thursday night at 7.00 p. m., and should be a humdinger as the winners will be the city intermediate champions and will have the right to compete in the intermediate playoffs.

GIRLS.

The Dalhousie Co-Eds avenged the 40 to 10 lacing that the Halifax Academy handed them earlier in the season by winning a rough, fast basketball game 29 to 25 last Wed. afternoon. Behind at half time 15 to 13 the Co-eds clearly outplayed their younger rivals the second half.

Candidates Give Statements

(Continued)

Bob McIntosh.—I wish to take this opportunity to thank Class '35 for my nomination. If I am elected, I shall attempt to obtain a grant of money for Arts and Science Interfaculty Hockey, and to further the interests of Arts and Science to the best of my ability.

G. H. Murphy.—I take this opportunity to ask your support in the Student Council elections. I am free from any entangling connections, and I am prepared to devote the best of my abilities to your interests.

Geo. C. Thompson.—If elected Freshman Representative of Class '37, I shall endeavour:—

- (1) To arrange an interesting Freshman Week.
- (2) To suggest to the new students ways in which they may receive greater benefits from their university training.
- (3) To abolish "class fees", after the first year, by careful financial administration.
- (4) To carry out, to the best of my ability, all the duties and obligations that go with the office, both as Freshman Representative and as a member of the Council of the Students.

I wish to thank the students in the Faculty of Arts & Science for nominating me for this office.

To The Students:

I ask you, not to vote for me, but rather to vote for the better man. In so doing you are protecting your own interests, as well as mine.

I will make no rash promises, but will meet the situations which arise, to the best of my ability, on behalf of the student interests.

Douglas Bent.

In the Freshman Class the future leaders of the various organizations will be found. It is my aim if elected to make each member familiar with the various activities and to especially encourage them to take part in Sodales, Glee Club and Athletics. In the deliberations of the council I will endeavour to voice my opinions and offer suggestions that will be most beneficial to the student body as a whole.

Carl Stoddard, Class '33.

The lamentable conditions at Dalhousie are not a result of weak administrations, but of a weak, disinterested student body. There has been no homogeneous groups, as the word "university" pre-supposes, no striving after higher things with a feeling of unity and co-operation. Student legislation can only express student feeling, and where there are no feelings the results will be negatory. The now ancient cry that all activities at the university have taken a back seat, with the exception of dancing, is only too true.

That the Council, or any other student executive, can rectify such a sorry state of affairs is highly improbable. Such could only be accomplished under a dictatorial body. Unless the student group snaps out of its lethargy, next year cannot be anything but a repetition of the past.

Ernest Richardson, Class '34.
