STUDENTS SEEK SUNDAY SKATING

Tigger has passed into the Great Beyond. He died as he had lived, clinging to whatever self-respect a tiger can claim. Now he is but a few baskets of newspaper, a handful of nails, a pile of two-by-fours. Will he have a successor? We must wait.

Death of a Tiger

Dal, Tech Clash Over Blue Bengal

Saturday night was fight night at the Dalhousie rink as amazed spectators witnessed a student free-for-all that rivalled the bitter hazings of a generation ago. Dalhousie students, some 100 strong, fought bitterly and successfully against students of Nova Scotia Tech for repossession of their beloved tiger.

The tiger, a 100 lb. ten-foot paper Maché beast, and for over a year a residual of Dalhousie spirit, was utterly destroyed in the conflict. The spark that touched off the expensive fray was the parading by Techmen of the tiger painted blue and sporting "TECH" in white letters on its side, in between periods of the Dal-Tech hockey game.

Incensed Dalhousians, led by the Engineers, who had built the animal poured from the stands to wrest the

tiger (stolen from the Engineers' Shack the day before) out of the grasp of its captors. Cost of the loss of tiger has been figured as high as \$100.00.

There is considerable suspicion that King's College and Tech collaborated in the stealing of the cat. Tiger has died materially, but Dalhousians will not rest until they have been avenged upon the perpetrators of the foul deed!

UNIVERSITY SIDESTEPS PRENNIAL PROBLEM

Student skating on Sunday, for several years sought by both DAAC and the Students' Council, has this term become a question of great concern to both students and the University.

The answer to the dilemma, although in effect a continual stone-wall rejection of the proposal by the University, is nonetheless inconclusive.

The reasons why a Sunday afternoon skating period has met with student favor appear justified.

Skating periods on Tuesday and Thursday nights are crowded, with most of the skaters non-Dalhousians; the hour interferes with homework and study; and it often clashes with other student enterprises or meetings.

Saturday afternoon skating is much the same; crowded, with a few Dal students, and clashing with a number of other events.

But Sunday afternoon skating would be ideal for many. It is a time which most students have free, a time not particularly conducive to study, and certainly one which does not interfere with religious services. There is little doubt, at least judging from *Gazette* inquiries, that students would be quick to take advantage of Sunday skating time. And more students could take part at this time than at any other during the week; this is why it has been suggested that the session be limited to Dalhousie-Kings students only.

Students' Council President, Dave Matheson has met with University authorities twice over the matter, but has been able to gain little headway.

At present the issue is deadlocked. Dr. Kerr has implied that the opening of the rink on Sunday would only be the floodgate to the opening of the gymnasium and other campus facilities on Sunday. For various reasons Dr. Kerr has stated that he and other University officials would not approve this.

Council President Matheson has also conferred with the Advisory Committee, two of whom are professors, on the matter. The committee was agreeable to Sunday skating if permission for it were obtained.

Time appears to be running out. At present Dave Matheson concedes that there is only a slight chance for Sunday skating, but he is continually working toward that end. The privilege has never been denied outright; men and facilities would of course, be available on Sunday.

An editorial appears in this issue.

THIEVERY CONTINUES

Thieves have again struck at Dalhousie, with a viciousness and a single-mindedness which leaves little doubt that they are professional.

Whether the thieves are the same who have stolen student belongings in several recent instances, is difficult to judge; but circumstances point to the conclusion that they are. This time it was about \$95.00, stolen from an apparently safe storage box in the Dal dressing room during Saturday night's game. The box was locked. The lock was picked.

Obviously the work of persons who possess a first hand knowledge of campus offices, buildings, and places in which money or valuables might be found, the theft was executed quite similarly to former thefts.

It is possible the thief-or-thieves, is a teenager. An older person would be easily marked on a campus of young men. And teenage persons have been seen loitering about the campus who do not attend the uni-

The door of the *Gazette* office has been jimmied upon several occasions, and an expensive portable typewriter has been stolen; ten coats have been stolen from the Men's Residence and Law School; and quantities of money have been taken from pockets.

Whoever he is, the thief is making his living off Dalhousie.

Until city detectives are able to obtain a good lead, Dalhousie students will remain subject to the whims of the thief. Great caution must be taken to ensure that valuables are not left where they may be taken. Chains have been installed for coats; students must make use of them.

Tough Social Schedule Dance 'Til You Drop

In a blaze of dances, Dal students have come to think in terms of indoors. Our Christmas consolation has arrived, and a busy year is in the offing for Dal "students", with the schedule from now until Munro Day packed tightly with social and athletic events.

An attempt was made to alleviate the frantic pace by having some events, as the Delta Gamma Open House, and the Connolly Shield Competition during the pre-Christmas term; however, the activities remaining are still many and varied.

Because of the success of the St. F.X. trip, a trip to the Acadia Winter Carnival is being planned—and the fact that there are still numerous hockey and basketball games to be played adds to the excitement. By the time Munro Day rolls around, many of us will be more than glad to go into hibernation, and get a nice rest (?) in preparation for that BIG day—E(for exam)—Day on April 20.

Some Coming Events

- January 23:
Pharmacy Ball—Nova Scotian
Dalcom Dance—Dal Gym
Poor Man's Law Ball
- January 30:
NFCUS Dance—Dal Gym
Model Parliament Election Day
- February 6:
Junior Prom—Dal Gym
- February 6, 7, 8:
Phi Kapp Weekend
- February 13—Engineers' Ball
- February 14—Acadia Trip
- February 18-19—Model Parliament
- February 20:
Arts & Science Ball—Jubilee Boat Club
- February 20-21:
Intermediate Basketball Tourna-

CAMPUS KING AND DATE CHAMPION

Shown above are Joe Stasiuk, Campus King, and Sandra Manning, Date Queen, who gained their posts by virtue of last week's activities. In the annual Sadie Hawkins' Week penny-a-vote drive, Stasiuk polled heavily at Shirreff Hall to win by a whisker over fellow nominees Joe Martin, Don Tomes, Brewer Auld, Peter Corkum and Goog Fitzgerald.

- ment—Dal Gym
- Phi Delta Theta Weekend
- Zeta Psi Weekend
- February 25-28: Dal Musical,
- 'PAINT YOUR WAGON' Dal Gym
- March 6—WUSC Dance—Dal Gym
- Med Ball
- March 9:
Pre-Munro Day Activities
- Tau Epsilon Phi Ball
- March 10: Munro Day Celebration

Money for all candidates was collected by bottle (milk) in the week-long mooching campaign.

There have been no admissions by any candidates as to what they plan to do with the proceeds. Perhaps it is best to leave well enough alone.

Miss Manning's story of intrigue, excitement and danger is hidden on page three.

To Have Honor Key Society At Dalhousie

Whether or not Dalhousie will have an honor key society will be discussed at the next meeting of the Students' Council. The matter was first introduced last Spring, but was held over for a year.

Joan Herman, who was appointed by the Council to obtain all the pertinent information on the sub-*Gazette* that this society would prove an asset to Dalhousie.

The society, a service club open only to students with a high scholastic standing, is a part of many other camps in Canada.

Canada's oldest college newspaper. Member of Canadian University Press. Opinions expressed editorially are not the official opinion of the Council of Students. Official publication of students of Dalhousie University, Halifax, Nova Scotia.

Sunday Skating

Skating enjoys a popularity throughout our country unequalled anywhere else in the world and we acknowledge it to be the main winter-time recreation and exercise of our young people. Generations of Canadian girls and boys have virtually skated their way into vigorous, healthy adulthood. The desire to enjoy this activity lingers on in the early years of maturity and, where facilities exist, it is usually gratified.

Facilities exist at Dalhousie. The University has an arena. It is apparent from general comment, however, that the students are not getting all the skating they want. The Student Council is aware of this and has raised the matter with the University administration and the rink management.

Permission was sought from the administration to have skating on Sunday. It was refused. Why? Is Sunday skating being treated as a moral issue? It is a precept of the Christian faith that Sunday be kept holy, but this precept is a watch-dog against unnecessary labour. It is not concerned with pleasures whose character is not sinful, i.e., which would not in themselves offend God. If skates are an instrument of sin, so are shoes. How can it be more sinful to go skating on Sunday than to go for a walk?

If the reason for the administration's refusal was not moral, then what was it? Surely the students are entitled to a statement.

Faced with the refusal, the president of the Student Council asked the rink management what additional time during the week could be made available for student skating. The answer was none. When the Council President asked to be shown the rink's schedule and a statement of its finances, his request was refused.

No one wants the arena to be a financial burden to the University. Nevertheless, it must be borne in mind that the University arena exists first to serve the student community which, at Dalhousie, happens last year to have paid about \$6,000 in meeting its obligation to cover part of the arena debt.

An Award For Apathy

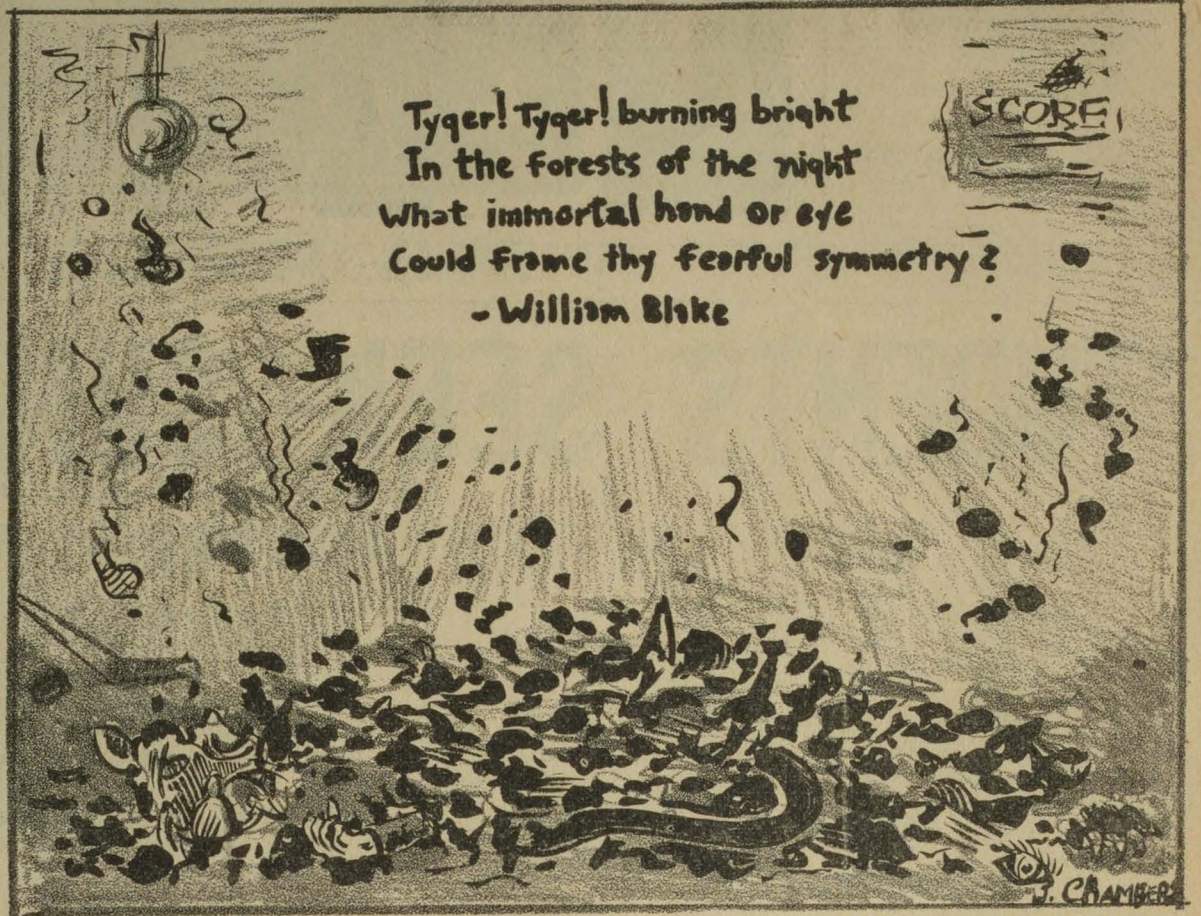

Dalhousie students have been presented this week with yet another award for distinction in service. The plaque, a beautiful rectangle of mahogany with a gold plate inscribed with "APATHY AWARD—To Him Who Combats Apathy", is one which will become dear to the hearts of every Dalhousian.

Competition for the award (pictured on page four) will be keen this year. Several applications have already been received by the judges, three members of the *Gazette's* editorial board, and many more are expected to flow in following this official announcement.

The judges' task will be hard for spirit on campus is improving. In a packed rink two weeks' ago, Dal's hockey team defeated our old rivals for the second time this year, setting a new record. Last Saturday in the same crowded rink, Dal tied Tech; and the poor old tired tiger was once again disturbed from his peaceful repose—to be torn to shreds by enthusiastic supporters. Plans are underway for a trip to the Acadia Winter Carnival where the hockey team will again have a chance to show its strength. Indications are that the trip will be even more successful than the St. F.X. football trip this fall.

Let us not, however, become over-confident. Several organizations on campus need more support. DGDS, whose success last year was tremendous, has sent out a plea for males to take part in this year's musical. Start working.

FEARFUL SYMMETRY

Tyger! Tyger! burning bright
 In the forests of the night
 What immortal hand or eye
 Could frame thy fearful symmetry?

- William Blake

LETTERS TO THE EDITOR

On Sunday Skating

Madam:

Your last issue of the *Gazette* was read with great interest, as usual, but when one finishes to read it when is one cup of coffee is still warm, one might be tempted to wonder if you haven't missed the entire issue. Sitting in a large comfortable easy chair around the edge of a huge room in the Arts and Administration Buildings, I heard a shout impeding in the sprawling space, 'DAVE'. I knew the meeting had started. (My apologies to the Student Council President, I've got acute editoritis and flat knees...)

I was seriously disturbed when Dave Matheson reported on his interview with the University Authority in regard to the opening of the rink on Sundays for students. Dr. Kerr has refused to give his permission to open the rink on Sundays. After asking the Student Council President if there was a serious reason for refusal, I was left perplexed. I had come to the meeting especially for the purpose of finding facts about why the rink stayed closed on Sundays, I found the council in favor of opening it but apparently in a strangely tangled position.

One would be inclined to wonder if Dalhousie is suffering from an over-dose of "paternalism", the same kind that Ottawa and Laval are suffering if we look at it from a student point of view. When our Student Council vote in favor of Sunday skating and that the majority of the students are backing them, I believe it is time to ask, **Why did Dr. Kerr say no?** It is not a matter of arrogance but of plain common sense. If, as some believe, it is because of religious reason it is an infringement on student's freedom in our non-denominational university. Whatever reasons there are let us hope that President Kerr will tell us, students have the right to know what concerns them.

One who read your editorial of December 3, 1958, knows that courage and persistence are some of the characteristics that will save the prerogatives of the Students' Council. Capitulation spells doom and Dalhousians do not lack of courage and persistence... so, hope to see the busy *Gazette* staff on the ice next Sunday.

MARC FOISY,
 Pre-Med.
 24 Walnut Street.

Student's Directory

Madam:

The purpose of the Students' Directory is to provide the student body with information about the students attending Dalhousie University or King's College. This year the Directory was issued in November. Since the famous book was compiled, reports of changes of address have reached the editor via the usual grapevine. The changes plus any errors or omissions should be reported to the *Gazette* office **PRINTED LEGIBLY ON PAPER**, with former address plus new address if a change, and with the "frightful" error plus the correct spelling. The error, change or omission may also be sent or telephoned to Editor of Student Directory, David Bogart, 17 Watt Street, 2-2025. The supplement containing these errors, changes and omissions will appear in a later issue of the *Gazette*. The sooner these are handed in and reported, the sooner will the supplement appear for further edification of the student body. Also, any organizations and their officers which had not elected at the time of compilation, would be requested to report their administrating officers.

This Directory has been made possible by the local firms whose advertisements appear on its coveted pages. Some offer discounts to students and all are worthy of student patronage.

In closing I should like to thank all those who aided me in this publication of the Dalhousie - King's Student Directory, 1958-59.

DAVID BOGART,
 Editor Dalhousie - King's
 Student Directory, 1958-59.

Correction Necessary

Madam:

I fail to see why the *Dalhousie Gazette* is still printing one-sided propaganda on the *La Rotonde* affair. So, I am enclosing an article from the *Carleton* which, though it is not conclusive, ought to clear up a few points. It states that the Report Lacharite had been printed by editors, clearly aware of its insulting contents, without any consultation or warning to the Students' Council. May I further say, that it is your job as an editor, to look into such matters. Since Ottawa University is located in your own

home town, I am disgusted with your handling of the situation. No body else would have such opportunities as you to gain first hand knowledge, and it is a great pity that you have failed to do so.

GRETEL BATES,
 Arts 2

Editor's Note: The Editor is not altogether unversed in the situation. She has discussed the situation at some length with Marcel Prud'homme, ex-president of the Student Federation at Ottawa U., Louis Cliche, deposed editor *La Rotonde* and now president of the Student Federation, and Normand Lacharite, deposed editor of *La Rotonde* who started, with Jean David, the whole controversy. She also attended one of the special Student Federation meetings of Ottawa U., called to deal with the situation.

The following is the letter received from Miss Bates and printed in *The Carleton*.

Dear Sir:

This letter concerns your headline news article in the December 2 issue of *The Carleton* which was entitled "Marcel Resigns."

Being that this article directly involved me, I feel that the students of Carleton University should know the matter as it really is, and believe me, the situation is not exactly as reported in said issue.

First of all, M. Prud'homme did resign in the dramatic manner described, but the fact of the matter is that this entire situation would not have developed had M. Prud'homme carried out the initial order given him by his council at its very first meeting following the ill-fated issue of the *La Rotonde*.

At this council meeting, which was held the day after the NFCUS Congress finished, a motion passed in a special executive meeting was put on the table.

This executive motion read in effect: Be it known that the executive council of the Students' Federation of Ottawa University deplors the publication of the Report Lacharite in the October 3 issue of *La Rotonde* before the student council had had the opportunity to read and discuss this report.

It should be mentioned that there were two for and two against this motion in the executive. In all cases of such a vote, the president is

NEW CAMPUS INITIALS: DIWA MAKES START

The newly founded Dalhousie Institute of World Affairs gets off to a fine start on January 26 when it will stage a panel of discussion entitled "Canadian - U. S. Relations".

The panel of five will be made up of authorities on world affairs as well as professors and students. Expected to be in the audience is Mr. Meyer, American consul in Halifax. Other dignitaries of importance are also expected to attend. Details of the panel discussions may be seen on posters around the campus.

DIWA will hold an organizational meeting on Thursday, January 23 at 7:00 p.m. in the Arts and Administration Building; the room will be specified later. On the agenda for the meeting are the election of officers and the formulation of a program for the year. Everyone interested in discussing and listening in on World Affairs and International Issues is cordially invited to attend.

Campus Politics Clash January 30

Dalhousie's annual Mock Parliament is to be held this year on February 18 and 19, organizer Paul Robinson announced last week.

Elections will take place January 30, during which polling booths will be open at King's College, the Canteen, the Forrest Building and the Dental Building. Voting privileges are accorded all who hold a Dalhousie or King's College Student card; it will take place between 9 and 5 o'clock.

At press time only two parties were known to be contesting the election — Liberals and Conservatives. January 29 there is to be a political forum in Room 21, at which the respective leaders will state their platforms and engage in question-answering.

Campaigns are to begin January 26. Last year the Conservatives won the election with a healthy majority over their Liberal and Canada First opponents; this year the latter party has withdrawn from politics.

Negotiations are underway to select a suitable Speaker; all other services parliament will also be provided.

Proceeding will take place in Room 21 from 7:30 to 10:30 both nights.

Commerce Queen

ELLIOTT SUTHERLAND was crowned Commerce Queen at the annual Commerce formal Monday night. She is now eligible to compete in the Campus Queen selection on Munro Day.

Pangborne Picked For Picture Prize

DAL STUDENT WINS PHOTO AWARD

Paul Pangborne, a second year Science student at Dal and an ardent amateur photographer, has been named a winner in the Third Annual NFCUS Photo Contest. Results were announced last week by the McMaster NFCUS Committee who ran the contest for the federation. The contest was sponsored by John Labatt Ltd., who offered \$800 in prizes for the contest.

Paul won third prize in the pictorial section, and also received another honourable mention in that section. He was among ten Dal students who entered 37 photos in the contest.

The winning photos will go on tour of the member universities of NFCUS and will probably be at Dal early in the fall.

Around the Campus

The 90th Anniversary party of the Gazette will be held from 9-1 on Thursday, January 22 at Newman Hall, Windsor Street. All members of the Gazette Staff are urged to attend the big birthday celebration. Each staff member may bring one guest.

At 7:00 p.m. on Thursday, January 22, there will be a meeting of the Students' Council in the Women's Common Room of the Arts and Administration Building.

On Thursday, January 22, the Dalhousie Institute of World Affairs will hold an organizational meeting. The meeting will be held in Room 234 of the Arts and Administration Building at 7:00 p.m.

Dr. Donald Olding Hebb, professor of psychology at McGill University, will give a public lecture at 8:00 p.m. Thursday, January 22, in Room 212 of the Arts and Administration Building. The title of the address is "Motivation and Thought."

Professor Lorne Clarke of the Law School, one of the Sodales faculty advisers, will give a series of weekly one-hour lectures on "Parliamentary Procedure," beginning Thursday, January 22, at 12 noon in the Law Building. The series will cover the conduct of meetings, the duties of the different officers in clubs, the handling of motions, and other aspects of parliamentary procedure. The lectures are designed for beginners as well as seasoned parliamentarians.

There are still some vacancies in both boys' and girls' choruses for the DGDS production "Paint Your Wagon." The chorus rehearsals for boys are held on Saturday afternoons at 2:15 and for girls on Thursday evenings at 7:15 in the Music Room on the third floor of the Arts and Administration Building.

The second lecture in a series entitled "Myths of the 20th Century" will be presented on Thursday, January 22, in the Memorial Room of the Arts and Administration Building. Professor Grant, of the Philosophy Department, will discuss "The Myth of Progress."

The Nova Scotian Hotel will be the scene of the Pharmacy Ball on Friday, January 23. Dancing from 9-1 will be to the music of Reg Quinn's orchestra. The price is \$4.50 a couple.

The Dalcom Sweater Dance will be held in the gym from 9-1 on Friday, January 23. Dancing will be to the music of Don Messer and his Islanders.

On Sunday, January 25, Dal-King's Canterbury will present an address by the Lord Bishop of Nova Scotia at All Saints' Cathedral at 8:15 p.m.

The first of a weekly series of discussions between SCM and Newman Club will begin on Sunday afternoon, January 25 at 3:00 in the East Common Room of the Men's Residence. Next week's discussion is to centre around the general topic of Catholic-Protestant attitudes toward authority. All interested students are cordially invited to attend.

On Thursday, January 29, there will be a special Sodales debate on the Rink Situation. Anyone interested in debating for or against this controversial issue is asked to leave his name at the Gazette office.

Professor R. S. Cumming will entertain third and fourth year Commerce students Sunday January 25th at his home at 9 Rockcliffe Street—3 to 5 p.m.

Tempestuous Tanya—an anxious Arabian harem girl is "vaiting" for you on that 1001st night, February 6. A veritable Open Sesame to the Arabian Nights, THE JUNIOR PROM, promises a mad evening in the exotic setting of an Arabian tent. And for the economists among you we ask: where else can you attend a formal with free food, no corsages (favours given to the girls), Pete Powers Orchestra, for a mere \$2.50?

Everyone who had such a good time at the Engineers' Hayloft Jamboree is looking forward to the biggest event on the campus, the Engineers' Ball. This week the Engineering Society announced that the Ball will be held on Friday, February 13. The Ball Committee promise that it will be the biggest and the best Ball you've ever had.

Valentine's Day, Saturday, February 14, is the day to take the train to Acadia for the Acadia Winter Carnival. Dalcom will sponsor the train to leave Halifax at 11:30 a.m. At Acadia the agenda will include an ice show, broom ball game during the day and the Winter Carnival Dance in the evening. Starting January 26, tickets will be on sale at the ridiculously low price of \$3.00 return. Tickets may be purchased from Les Karagianis and other members of the Dal Com Company.

Pharos Editor Hugh Gorham states that the Pharos office will be open from 11:00 to 11:30 a.m. Monday through Saturday to receive snapshots for the Campus Life section of the '59 Pharos. Some good shots have already been received but more photos of the various residences, the Hall, King's, Pine Hill, the Men's Residence and the fraternities, are needed. All photos received will not necessarily be used but a good cross-section will be chosen.

Would all students intending to enter medicine next fall please contact the Registrar's office immediately if they have not already applied for admission.

There have been a number of students lending their NFCUS cards to non-students at the rink. In future if there is any doubt, the ticket collector will require the photo of the bearer to be in the card. If it is found that the card is presented by a person not entitled to use it, the card will be retained and turned over to the Students' Council for consideration.

Soap box debaters will talk, talk, talk on the Student Union Building question next Wednesday in the Men's residence. Thursday at 12 noon in Room 21, an exciting debate on the rink question is scheduled. Get in on these!

KING'S GIRL NOT OUTDATED

King's College's Sandra Manning, tired but happy, is winner of the most-dates-in-Hawkins's-Week-Contest, and proud new possessor of the Daisy Mae Cup. To achieve this victory, Sandra followed the general plan of attack laid down by the War Council of Delta Gamma: one boy to a movie, one tobogganing, one to the Sadie Hawkin's Dance.

Her personal stratagems included walking two boys home and carrying their books, as well as buying lunch for a couple at the Dal canteen. Sandra's great coup was to stand by the coffee machine in the Haliburton Room and buy coffee for the boys. Thirteen signatures were the result of this inspired campaign, enough to put her far ahead of her allies.

Sandra is an Alexandra Hall girl, and a Haligonian. She is King's Campus Co-ordinator, and an inter-collegiate debater; a member of Alpha Gamma Delta a women's fraternity, and she participates in the Theatre in Three-Quarter.

Sandra, does the Cup hold Kick-a-poo Joy Juice?

Tomes' Rabbit Corsage King

At Friday night's Sadie Hawkins' dance, two corsage prizes were awarded. Donny Tomes' creation, a lovely rubber glove transformed into a rabbit, won first prize, while the Wheel of Fortune, consisting of a wheel of cards, dice and the like, which was sported by Sid Oland, came a close second. The judges must have had the traditionally hard task of coming to a decision, but the job was a highly amusing one, since the boys ranged in appearance from vegetable vendors to asylum fugitives.

CONTINUED FROM PAGE TWO

allowed to cast his vote. M. Prud'homme voted in favor of this motion.

At the council meeting a motion was passed ratifying the executive stand and mandating the president to send a copy of this motion to the Dean of Students, Rev. Father Leonard Ducharme, and to the student presidents of all other Canadian universities that had made comments about the report.

M. Prud'homme did NOT send a copy of this motion to the Dean of Students, and as a result Father Ducharme suspended the two editors. It is a definite fact that had the motion been delivered, Father Ducharme would not have invoked the interdiction against the two editors.

Now let us look at the action taken by the students at large in the faculties of Political Science and Arts. In both of these Faculties, meetings were held to condemn their council representatives. No mention was made in the faculty of Political Science until one hour after the meeting had started as to whether or not the representative was right in his stand. The biased meeting leaders followed no rules of procedure and definitely tried to run a condemnation, and not one to know the real feelings of the students.

Another fact to consider is that in both of these faculties only one half or less of students registered were present, and only one half of those present (or one quarter of all) voted against their representative. I feel sure that any intelligent person would not congratulate such action.

Fulcrum Constructive

As associate editor of the Fulcrum let me explain that contrary to what M. Prud'homme said, the Fulcrum is no more free than La Rotonde to criticize the administration. The only difference is that the Fulcrum offers constructive criticism, and does so in editorial columns and not on news columns.

Now to the matter of the year-book. According to the quote of Mr. John Haydon, it was stated that "It was through his (M. Prud'homme's) efforts that this year Ottawa U. will have a yearbook." Nothing could be farther from the truth. As anyone on this campus would tell you, M. Prud'homme was definitely opposed to a yearbook and openly stated this, quite proud of himself for this opposition. The fact that the University of Ottawa has a yearbook is entirely through my efforts and no-one else's.

Never Accepted

Further in the article it was stated that I had been elected to the presidency of the Federation, but after two hours I resigned the post. The truth of the matter is that I never accepted the presidency, hence how could I resign from such? When I was elected by the council I hesitatingly went along with it but never officially accepted the position. Later in the meeting I made it known that because of my commitments as editor of the yearbook, my position as vice-president of the Federation, my position as associate editor of the Fulcrum, and the fact that I was a graduating student, that it would be impossible for me to accept the presidency, and I did suggest that the council supported Mr. Cliche.

I have written this letter to explain the matter and not to criticize your paper, as I cannot blame you for printing the story as a person from Ottawa U. related it to you. I feel that your students have a right to know the situation, and I have attempted to explain it herein.

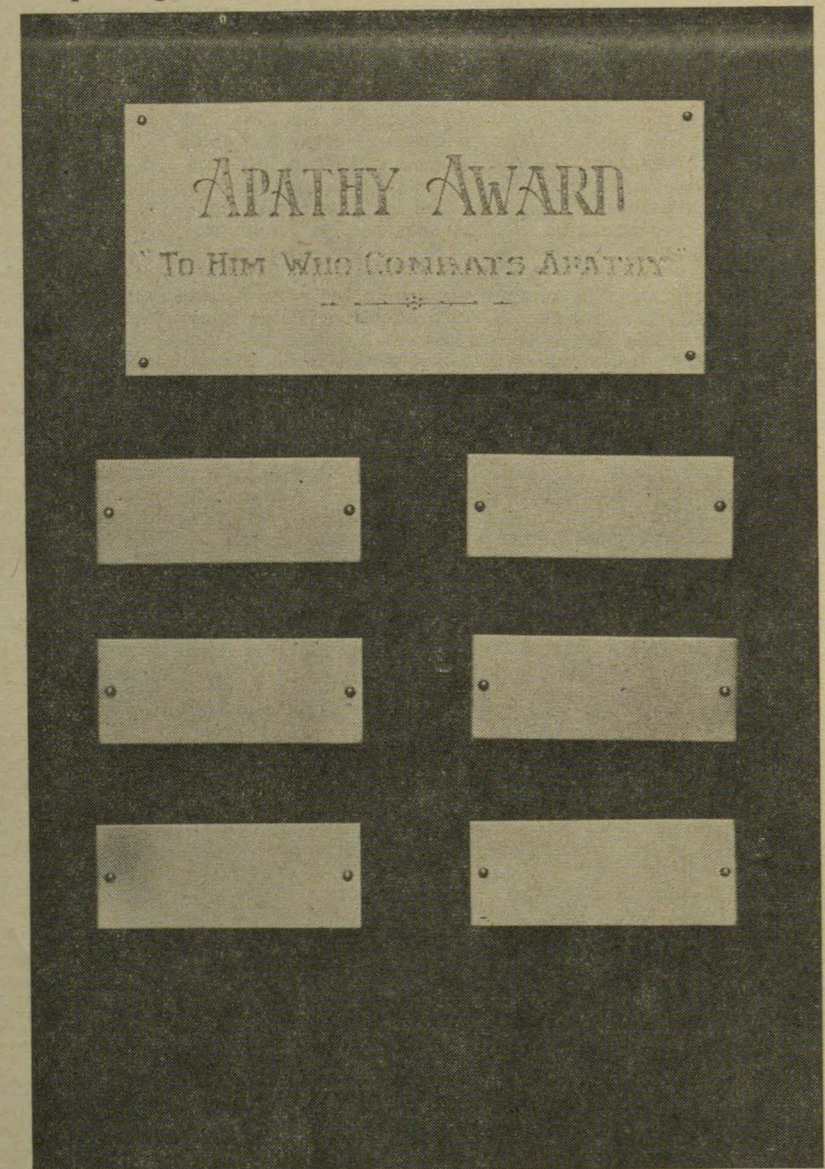

Thank you for your co-operation and for the copies of The Carleton that we receive at Ottawa U. I am sure that many of our students enjoy reading your paper.

Sincerely,
Norm Guinard,
Arts 4 Pre-Med.

GIVE US A D!

"Tigers may come and Tigers may go, but the Apathy Award shall go on for ever!" is the fervent hope of the Tiggenappers. And this is the answer to what became of the ransom money raised with such fervour to recover our kidnapped Tiger last November. Shortly before Christmas a mysterious package was dropped through the slot in the Gazette office door, and upon examination it was discovered to contain the plaque shown in this issue. An accompanying letter (see below) revealed its purpose, and also told of the use to which the aforementioned ransom had been put.

The idea presented by the Tiggenappers is certainly a most worthy one, and it is hoped that all students (spirited or dis-spirited) who read what they have said will take its heart. It has the hearty backing of the Gazette. Let's hope that other campus organizations follow suit.

Citation:

To the student (or syndicate of students) who has, by his ingenuity, industry and daring, carried to admirable success the Incident most greatly contributing to the decline of apathy on the campus of Dalhousie University.

Conditions for qualification:

1. Any Dalhousie student(s) may be nominated by any other student.
2. The author(s) of an otherwise qualifying incident is not to be considered by the selection board if the incident involved loss of life, limb or virginity, serious bodily injury, destruction of valuable property or discredit of the name of an individual.
3. To qualify, the incident must have been carried on by its author(s) in a completely unofficial capacity. The only seeming exception is the nomination of a Pep-Cat. An incident of his doing may be considered; but only if it was not sponsored officially.
4. The incident should be at least so familiar to the student body at large that it can be given an appropriately familiar title by the selection board.

Instructions:

1. x
2. X
3. x

Miss July Bell,
Editor-in-Chief,
The Dalhousie Gazette.

Dear Miss Bell:

Enclosed please find what little of the ransom money for the kidnapped tiger our conscience saved.

After a weekend of unrestrained revelry we ran out of things to buy. More to add to the heap of responsibilities of you and your staff than out of a sense of nobleness, we return the change in a useful form.

Our opinion that there wasn't enough spirit on Dal campus to raise a ransom was demonstrated to be invalid (deliciously so); let's see if the same can be made to happen to our fears that this award will be relegated to the attic in the gym.

Good luck!

The Phantoms, alias:
The Tiggenappers.

winner may then elect to receive the award "in absentia" or in disguise.

6. It would be appropriate to read and account of the incident, its novelty, ingenuity and effectiveness in combating lack of school-spirit; when it is presented with the award.
7. It is suggested that the award be hung in the Gazette Office to indicate its valuable contribution of interesting material.
8. Inasmuch as a great deal of thought has been placed into the development of the purpose and the improvement of the desirability of this award, the contributors wish to request that serious consideration be given to any proposed alterations. If the need for an alteration does arise, however, it may be made only by the selection; and then it must not be made to favor a particular group or type of nominee.

In establishing this award and putting it under the control of the Gazette staff, the contributors have had in mind, simply, a basic recognition of unofficial spirit-raising at Dalhousie.

We hope there will be no discrimination of nominees made due to the supposed "property" of their incidents. Effectiveness and ingenuity should be the main basis for decision.

We understand that it may be difficult to officially reward unofficial capers, yet we hope that some "fringe benefits" might be affixed to the award to increase its familiarity and desirability, and to provide it with an "absolute" nature. Points towards silver and gold "D's" might be considered, as well as the presentation to the separate winners of something for them to keep personally, to more fully appreciate the satisfaction of winning an otherwise impersonal plaque, hung on some seldom-looked-at wall. These are only suggested additions. Needless to say, the advertisement (annually) of its existence would be a way to keep it in the students' minds.

We have tried to establish an award which is quite flexible, yet qualified sufficiently so that it cannot become another of these "stockpile" awards which are often collected "en masse" by the spirit-raisers. They always have enough awards. This one is for the sophisticated practical jokers. We hope that you are infected by at least some of the enthusiasm, in inheriting this legacy that we have in giving it. Please exploit it to advantage. We hope we have not given birth to wave of very unfunny destructiveness.

We love Dalhousie!

WHAT DO YOU THINK?

by Patty Armstrong

Sadie Hawkins' Week 'tho past, is still a topical subject. The canteen chatter has evolved from the "Who are you going to take?" to the "What was he like?" stage. And if one looks sharply, one might be able to catch a glimpse of a new couple or two which have emerged from the hectic chaos of last week. Al Capp's Daisy Mae got her man—why not some of the local lovelies.

Last week, various personalities about the campus were asked to express candidly what they thought of Sadie Hawkins' Week. For the most part, all the strong silent types sing its praises, and most of the fairer sex are inclined to agree with them. Some of the persons asked, even went as far as to suggest additions to the weekly programs of future years. This is what they had to say:

Judy Lorway—"Sadie Hawkins' Week not only gives the girls a chance to repay the boys, but it also puts the shoe on the other foot for a week. The boys learn what it is like to experience the 'first of the week fears' i.e. Will I be asked to the dance? But thank goodness it doesn't last beyond a week!"

Otto Heinlein—"It's cruel! And it's unfair to married students! The ladies consider themselves equal in all other ways so why should they have only one week to themselves? Why not carry out the practice all year round?!"

Penelope Stanbury—"It's a good idea. I suggest a breakfast party—"

to get the lazy boys up at 6 o'clock and take them to breakfast one morning."

Paul McIntyre—"It's a good idea. How about a skating party or swimming?"

Dave Hart—"It's a contribution to the preservation of American mythology. There should be a Sadie Hawkins' Day race — all dateless males pursued around the football field by the dateless females — to catch a date for the dance."

Helen Muir—"Les like it!"

Gordon Pitz—"It offends my English sensibilities. It is a symptom of the growing matriarchal dominance of North American society. But it is not entirely a bad idea as long as it is kept for only one week."

Gordon Sedgwick—"It's a good idea!"

Hillary Bonnycastle—"I think that Sadie Hawkins' Week is a good idea, but not enough girls take advantage of it. I think that it is at the right time, before everything gets rushed."

Joey Martin—"I think it's the worst one yet of my three years here. There's a failure on the part of the girls to keep up tradition. Pseudo-sophistication is ruining the college spirit."

John MacEachen—"Well, it's something new. Generally speaking, it doesn't accomplish it's basic purpose of the girls getting to know more fellows."

Winna Millar—"I think it's a good idea if the girls get into the spirit of things and ask boys out. The tobogganing was fun."

John Hoogstraten—"I think it's great! There should be one every week but that would necessitate importing many more, cuter girls. Mixed pyjama parties would be fun or breakfast parties. A date bureau should be established to look after the interests of shy girls."

Bob Jamison—"I'll go along with John. But afternoon classes should be cancelled. How about a skating party or mixed basketball games."

Aladi Akesode—"It's been rather quiet this year. There are no kingly kings with vast harems collecting money for them. Just the same I think the girls are being very nice about it—some even opened a door for me."

Tressa Marek—"Sadie Hawkins' Week? I don't even know what it is. There's not enough publicity. They should lessen the assignments because it seems to be an especially busy week. Why isn't the faculty aware that this is for everybody, not just for those who don't have to work to keep up?"

Brian Rancey—"It's okay. How about canoe races on the Arm?"

Bruce Webber—"It shouldn't last longer than a week—what's it prove anyway? How about a mass breakfast party in the canteen."

Francois Chavy—"It's a very good idea. I think it should be a week instead of five days. Girls should indulge in the practice more freely."

Some girls had definite opinions but wanted to remain anonymous—"What good does it do? Girls just ask out boys that they have been going out with anyway, as most of them don't have the courage to ask out other boys."

"We girls feel obligated to reciprocate to the boys who have taken us out, and often we don't ask out the boys that we'd like to because we have been going out with one of their friends."

"It is good for the boys to see the other side of the dating—having to wait until they are asked."

"My knees knocked liked two pieces of spaghetti when I asked out anyone!"

And one talented miss expressed her sentiments in the following poem:

Movies, dancing, song and sports
And good, clean fun—from all reports
But how I beg to disagree,
This is not the week for me!
My pocketbook is growing slimmer,
Buying gentlemen their dinner,
And my muscles are growing sore,
Rushing 'round to open the door.
My throat is hoarse, my voice is weak
From serenading—so to speak.
We make corsages for the dance,
Then we have to go in—slacks!
I cannot say it strong enough—
To like this week—you must be tough!

Dal Band Needs HELP!

by PETER GREEN

What happened to our band, which got off to such a good start in September? What do we need to make the band an important part of our sports games? The Gazette set about this week to find some answers.

Since September there has been a hard core of individuals who have fairly consistently turned out with their own instruments to play at the games. There are those who have only come when they were able or when it was convenient. Perhaps the fact that there has been no continuity of membership is the weak part which causes the band not to function as it should.

According to Gregor Murray, leader of the Pepcats, those who play in the band do not feel that they belong to a worthwhile organization. When interviewed, he said that band members must feel that they belong to an important organization, and must feel some obligation to the rest of the student body. This, Gregor feels, is a failure on the part of either the Students' Council or the University.

The Pepcats were given a budget of \$500.00 of which nearly \$75.00 has been spent on the band. Instruments have been ordered but have not yet arrived. The instruments on order cost \$300.00.

But, more than this, the band feels that they must be given some award or recognition for their work. Such a request has been turned down by the Students' Council. Perhaps the Council wants the band to prove its importance first, and prove that those in the band are worthy of award. No one would dispute that the hard core who turn out for every function should be recognized, but what about the "transient members?"

Puppy Expose

Mutnik not Mutnik but She-nik!
That's the truth — Dalcom's little puppy is a Miss! That's not all, however. Mutnik, upon hearing the Russian suggestion that it return via the next satellite, has replied that: "For me, at least, it is much better to live a dog's life in Canada than in Russia. Never have I met so many happy people. At any rate I have committed myself to attend the Sweater Dance this Friday, and I hope to find some person to attend to my wishes!"

Upon this, Commerce students decided to award the puppy to a lucky ticket holder at their dance. If the holder is unable to offer Mutnik a good home, other arrangements have been made. In the meantime, Mutnik has shown great interest in Dal events, and in his usual unbiased manner has spoken these words of wisdom:

"Wear a sweater, bring a smile,
The Sweater Dance will suit
your style."

qualifications do not always reflect ability, they frequently speed the promotive processes.

There is, in general, less restriction on one's person in the graduate school. One can, within the limited field of one's own subject, choose an area in which to study and on this choice is determined the courses the student must take and the correct research paths to follow. This gives much more freedom for thought and here I don't mean as applied to one's immediate studies. The business of living is much more in control of the student than the curriculum and with reasonable organization, one's time can be made much more rewarding than as an undergraduate.

This freedom is much more of an intellectual than physical freedom, though this does not make it any less real. Let nobody run away with the idea that a graduate student can have a gay old time. Although, as a body the graduate school rarely meets, there is a moral bond pervading throughout in the knowledge that he who wants much out of this life must put much into it so that the fruits of one's labors are satisfying and the reward is worthwhile.

NFCUS Plans For 1960 Congress

A sub-committee of the Dalhousie NFCUS Committee is busy planning for the 24th National NFCUS Congress which will be held in Halifax, sponsored by the Council of Students and NFCUS Committee.

The main work of the planning committee at present is to lay the groundwork for the Congress. This includes finding a location to hold the Congress, obtaining financial grants, and ensuring that the Congress can be handled in Halifax.

Members of the committee have been working on the initial problems since the first of the term, and hope to have enough accomplished to present a report to the Council of Students before Munro Day; and make a progress report to the National NFCUS Executive in May.

Should plans materialize for the Congress to be held here in 1960, it would mark great progress for the Atlantic Region. It would mark the first time that the Congress was ever held east of Quebec.

Skiing Anyone?

Enthusiasm is running high among the members of the Halifax Ski Club, with the completion of the new 1,000-foot rope tow at Wentworth, only 28 miles from Truro on the Trans Canada Highway at Amherst. The completion of the longest rope tow in the Atlantic Provinces will mark the greatest expansion in Wentworth Valley history, to make it the winter sports centre of the Maritimes.

Canteens are being opened, a new modern motel is under development and a sample of the millions of dollars that flows into the Laurentians each year has become evident in Wentworth, one of nature's best ski sites in the Maritimes.

Pete Wilson, an engineering student at Kings University, and former Truro member of the Halifax Ski Club, is the person to see in organizing a Ski Club for Dal-Kings on the Studley campus.

LIFE NOT WORTH LIVING? Nursing Science

Last year Nursing Science, which up to that time had been included under Arts and Science became a separate faculty. This meant that the girls in Nursing Science could have their own executive, have a representative on the Students' Council and carry on their own functions. The executive for the 1958-59 season is:

- Pres.—Margaret Hawkins
 - Vice Pres.—Louise Smith
 - Secty.—Treas.—Harriet Epstein
 - Council Rep.—Margaret Hawkins
 - Studenty Rep.—Marg. Richardson
 - Graduate Studies Rep.—Isabel Aikens
 - V.G. Rep.—Mary Edge
- The advisors for the organization are Miss Electa MacLennan and Miss Jean Church.

The faculty is still in its infancy but the girls are striving to make it one of the more active faculties on the campus. Several girls have taken part in interfaculty debating. Two years in a row the nursing faculty came second in the Blood Drive. It now has its own ring and pin designed by Mary Webber. The girls are planning a social gathering for the near future.

In the School of Nursing there are over fifty students including both those in the degree course and those in graduate studies either taking a diploma course in Public Health or Teaching and Supervision. Previous to last year the degree of Bachelor of Nursing (B.N.) required fifteen courses in Arts and Science and then thirty months of clinical training at the Victoria General Hospital. The new course drawn up last year now requires ten credits in Arts and Science, thirty months of clinical training, six months of practice followed by another academic year including several nursing courses. This course qualifies the student for teaching and supervision and Public Health as well as clinical nursing. This course thus gives a girl not only a good education but also better opportunities in the nursing profession.

Rumours Nominations for president of the Council of Students are not far away. The Gazette has heard rumours about people who are considering running for the position or who are being approached by the various societies and asked to run. The names we have heard tossed about are the following:

- John Stewart, Wally Turnbull, Pete Outhit, Joan Herman, Marty Farnsworth, Hugh Gorham and Alan Fleming. It's time to start thinking about whom you think you would like to run.

The Students' Health Service has the responsibility of protecting the health of the student body chiefly through the early detection of communicable disease. All service is given by fully qualified physicians. The principle preventive measures are:

1. Physical examination of all students registering for first time. Arrangements are made for this as early in the year as possible. Students are excused from classes to keep such appointments with the Students' Health Service.
2. Annual urine examinations and chest x-ray of all students.
3. Annual physical examination of all students in low medical category.
4. Examination for any student presenting himself for attention because of minor illness.

The Students' Health Service offers a relatively complete health service but has limited financial resources and small staff. Elective medical or surgical procedures not necessary to maintain the individual in full activity at his studies are not the responsibility of the Students' Health Service. The following points are brought to the attention of every student.

1. Become thoroughly familiar with the regulations governing Students Health Service—Page 34—5 in University Calendar. The Clinic hours are 12:15 noon to 1:15 p.m. only.
2. If you are ill and cannot present yourself at the Clinic, phone the Students' Health Service Secretary (3-8438) BEFORE 5 P.M. One of the Clinic physicians will come to see you. If you need EMERGENCY medical care after 5 p.m. call any family physician (see yellow pages of your phone book). The Students' Health Service will pay \$5.00 maximum for house calls (\$3.00 for first call and \$2.00 for return visit) per illness. There is no provision for office calls to the family physician.

N.B. There is no provision for service through Students' Health Service after 5 p.m.

AT LAST AFTER FIVE YEARS

DAL SPORTS VARSITY GIRLS BREEZE TO WIN OVER X-SPURTS

Dalhousie Girls' Varsity Team breezed to a 52-36 victory over X-spurts last Wednesday evening in an exhibition tilt, the first game of the season for the Dal girls.

The Dal girls built up an early lead, and were leading 14-4 at the end of the first quarter, with Pam Dewis and Shirley Ball sharing the scoring honours. In the second quarter the scoring was more evenly distributed, although Dal play was superior. Dal netted 12 points, while X-spurts got 11. Terry of the X-spurts sank five baskets to lead the scoring in that quarter. The half-time score stood at 26-15 in favor of Dal.

In the third quarter, Dalhousie tightened up their zone defense, holding the X-spurts to five points, while Dal forwards collected 11. Three-quarter time score was 37-20 for Dal.

The final quarter saw X-spurts outscore Dal 16-15, with D. Terry sinking 8 points. She was high scorer in the game, with 20 points. Shirley Ball and Donna MacRae, a newcomer to Dal basketball, shared the runner-up spot with 12 points each. Dal's scoring was evenly distributed among all five forwards.

Dalhousie: P. Dewis 11, D. MacRae 12, S. Ball 12, J. Bennett 11, L. MacRae 6, F. Boston, J. Murphy, M. Sinclair, E. Brown, J. Sinclair. **Total—52.**

X-Spurts: C. Flemming 6, E. McGough 1, D. Terry 20, D. Ellis 9, E. Stoddard, J. Kicks, C. Bruce, J. MacPherson. **Total 36.**

J. V.'S WIN FIRST GAME; OUTSCORE BLUE BARONS

The Junior Varsity basketball squad won their opening league game by defeating the B'nai B'rith Blue Barons 60-50. The outstanding players for Dal were Wayne Beaton and Ken Wong who combined to score over half of their team's total.

From the start it appeared that Dal was the stronger side as they quickly jumped into a commanding lead. After ten minutes of the first half the game settled down to a fairly even contest with both sides just trading baskets. At the close of the period Dal was ahead 29-23

In the final session the college boys started off at a rapid clip and soon increased their lead to 12 pts. At this stage they seemed to weaken badly and the Blue Barons, paced by the shooting of Paul Goldman, came back to close the gap to four points with one minute and 40 seconds left. Then Beaton hit for two foul shots and a basket to put the game out of reach of the home team.

For Dal Wayne Beaton and Ken Wong showed brilliantly, picking up 18 and 13 points respectively. The former got most of his on set shots from outside the key, while Ken

BADMINTON TOURNAMENT

Entries are now being taken for the Dalhousie Badminton Tournament. The winner of the competition will receive the **ALLAN CURRY CUP**, emblematic of men's singles supremacy since 1933. The top three players in the tournament will represent Dalhousie in the forthcoming M.I.A.U. Badminton Tournament.

The **ALUMNI TROPHY** will also be awarded to the winners of the mixed doubles competition.

Applicants please submit your names to Dewitt Dargie, Director of Physical education, at his office in the Gymnasium. The deadline for applicants is **January 27.**

DAL COMES FROM BEHIND TO BEAT "X", FIRST TIME IN FIVE YEARS

by MIKE KIRBY and MIKE NOBLE

Five years is a long time for anyone to wait and solemnly watch their beloved Alma Mater get crushed each time by a bitter rival. For many Dalhousie partisans, that bleak five year stretch, was terminated last Saturday night as the local collegians roared when the chips were down to hand the "X" men their second setback of the season. The "come-from-behind" 56-55 victory featured a sparkling team effort as the Dal aggregation remained undaunted by the perennial champs from Antigonish.

YEA WICKWIRE

(Photo by Thomas.)

St. F.X. opened quickly, and with only 5 minutes played, they were coasting along on a comfortable 9-2 cushion. To the many fans just getting settled, it seemed that once again they would play witness to another "run of the mill" romp by the X-Men. Their belief was upheld during the remainder of the opening session, as "X" continued to maintain a healthy lead throughout the stanza. The Dal defense was sagging badly, and 'X' forwards Moran and Davenport had little trouble penetrating into scoring territory. At the same time, it seemed as if Dal was afraid of the boards as the 'blue and white cagers controlled both very effectively. The staunch Dal fans found consolation in the half-time score which read 33-27. However, it seemed only a matter of time before "X's" six-point lead was to be increased.

The opening minutes of the final frame saw "X" start off true to form to open up a nine-point lead by the time the minute mark was reached; but that was the last "X" saw of Dal's sagging defense. The Tigers commenced to roar and for the first time in many years the Dal rooters backed their team to the hilt as the local boys netted 11 points to 4 for the visitors in a matter of minutes. Moran and Davenport no longer controlled the boards. Freshman Dave Woodworth, aided by capable veteran Bill White cleared everything in sight on both boards and the Dal defense stopped the "X" attack cold. For the first time this year, Dal had five players executing their maneuvers with machine-like efficiency, as they "picked" and "roll-

ed" the "X" front court men crazy.

At 18:55 Dal was trailing 55-53 when Wickwire sank a field goal to again knot the score. With 15 seconds remaining on the clock, Dal was in control of the ball, when an intentional foul by an "X" player sent Woodworth to the line for two shots. All eyes were on the basket as his first shot arched high then dropped neatly through the twines. However the second shot bounced high off the back rim with Moran snaring the rebound. Time out was called by "X." With 13 seconds left the fans watched with baited breath as Bob Moran eluded his guard, drove along the base line for a routine lay-up, and . . . missed. Following a wild scramble Moran let a jumper go from the key that rolled around the rim only to fall off as the frenzied Dal supporters mobbed the victorious team.

It is often hard for a player to bridge the gap between High School ball and that of collegiate caliber in one game, especially against "X." Freshmen Dave Woodworth, a member of Q.E.H.'s Dominion Juvenile Champions last year, was an outstanding player on the floor, bridging the gap like a veteran. He controlled both backboards making up for his lack of spring and speed with spirit and basketball "savvy." Ted Wickwire and Bill White, Dal's perennial stars, furnished their usual sparkling drive and spirit to spearhead the Tiger's attack. For the first time this year Ted returned to his old form teaming up with Bill White to menace the "X" defense and set up many potential scoring plays.

was very good at hitting the bucket from anywhere in the corner. Defensively, the best man was Don Tomes whose height and good jumping ability allowed him to be the most effective rebounder on the court. Ron Ward also played a good game off the backboard. The squad as a whole showed very well in their opening encounter.

Scoring:

Don Tomes 7, Bill Sommerville 4, Ron War 5, Reg Kimball 6, Joel Freeman 2, Bill Robertson 3, John Grant 2, Ken Wong 13, Wayne Beaton 18.

Nobody Ever Called J. Paul Sheedy* Till He Herd About Wildroot Cream-Oil!

"Sheedy, I've got moose for you", said J. Paul's girl. "I could never caribou-t a guy with messy hair. Why don't you use your head for something besides a hatrack?" This opened Sheedy's eyes. So he collected some doe and hoofed it down to the store for a bottle of Wildroot Cream-Oil. Now Sheedy feels good about his hair because he nose it looks neat and natural all day. Wildroot Cream-Oil contains no elk-ohol . . . er, alcohol . . . to dry your hair. No heavy grease to plaster it down. Use Wildroot every morning and the compliments you get will be moose-ic to your ears.

TIGERS ROMP TO 58-32 VICTORY OVER TECH

In a ragged game at Study gym last Tuesday night the Dal Varsity Tigers swamped Tech's basketballers by a 58-32 count. After Dalhousie had compiled a 31-7 margin at the half, the teams battled on fairly even terms for the rest of the contest. On the whole the game was a poor exhibition of intercollegiate ball and a disappointment to most Dal fans.

In the first half Dal showed flashes of former prowess but seemed to lack a really potent attack. The second string showed more pep and drive than the members of the first five. Coach Shaw's play patterns were not working to desired efficiency.

Floor general Bill White led the Black and Gold crew with a 13-point total, followed by Al Murray and Ted Wickwire with 9 apiece. Rookie Ted Brown made good use of his jump shot to account for 8.

Active Plans For Badminton

To maintain the encouraging spirit of D.G.A.C.'s weekly sessions a singles Badminton Tournament has been planned for the coming Monday nights of January and February. The winner of the Tourney will represent Dal at the Intercollegiate meet to be held in Halifax around the first of March.

Manager Peggy Baker has already drawn up the schedule and has posted it on the D.G.A.C. Bulletin Board in the gym. All the games must be completed before the end of February. The entry list this year is nearly triple that of last year, this made it necessary for the Tourney to be run off on a straight draw rather than on a Round Robin basis.

In last year's meet at U.N.B. Dal's team of Judy Wilson, Pat MacCallum and Lorraine Wells put up a good showing although they failed to win. Badminton has in the past, been one of Dal's strong points. It is hoped that a good Tournament this year will pave the way for an Intercollegiate win.

Dalhousie: White 13; Simmons, Newman 6; Fisher, Murray 9; Stewart 4; Wickwire 9; Woodworth, Weatherston 6; Brown 8; Drysdale 3—58.

N. S. Tech: Smith, Keenan 6; Ledwell 4; Bulmer 9; MacLean, Clarke 1; Church 1; Currie 7; Montgomery 4—32.

Intercollegiate Sports Schedule

Basketball
January 21—Dal at Tech
January 31—SMU at Dal
February 2—Acadia at Dal
February 7—Dal at "X"
February 12—Dal at Acadia

Hockey
January 31—Dal at Tech
February 7—SMU at Dal
February 14—Dal at Acadia
February 31—Dal at SMU

Dal - N. S. Tech Struggle To 2-2 Tie In Hockey

Last Saturday night the Tigers fought to a 2-2 draw with a team from N. S. Tech at the Dal rink. The game played before a large crowd was a see-saw battle all the way.

It was Tech's first game of the year and they showed themselves a match for the league-leading Tigers. On offense the line of Hachey, Keating and MacKinnon paced the attack as they accounted for both Tech goals. Wong and Cooke were outstanding on defence for the engineers.

On the Dal side goalie Claude Brown again played an outstanding game making tremendous saves.

Both teams had difficulty getting started in the opening period and play was ragged for the first few minutes. At the 11:31 mark Pete MacIntosh was given a penalty but Dal failed to score while he was off the ice. The period ended in a scoreless tie.

The second stanza opened quickly with both teams playing heads up hockey. At the 4-minute mark Brown stopped Keating on a break-away. A few minutes later, while

Gardner was sitting out a boarding penalty, Graham stole the puck and went the length of the ice to put Dal ahead 1-0. Two minutes later Hachey cut behind the Dal defence, took a pass from Keating, and tied the game.

Dal came fighting back and at the 17-minute mark Fitzgerald scored on a screen shot after a scramble in front of the Tech net. Dewis and Gardner drew assists. Less than a minute later Keating tallied for Tech to even the score again.

The third period featured close-checking hockey in which neither

side had any real chance to get plays organized. Both goalies were outstanding as the pressure mounted. The period ended with Dal storming around the Tech net. The final score was Dalhousie 2, Tech 2.

SUMMARY

1st Period: No scoring.

Penalties:
11:31—Tech; MacIntosh. Illegal checking.

2nd Period—Scoring
10:33—Dal. Graham
12:44—Tech. Hachey (Keating)
17:27—Dal. Fitzgerald (Dewis, Gardner)
18:05—Tech. Keating

Penalties:
1:07—Tech. Keating ill-checking
8:37—Dal. Gardner, boarding
12:34—Tech. Warner, tripping

3rd Period—No scoring
Penalties:
10:07—Dal. Martin, High sticking
10:57—Tech. Keating, high sticking.

14:42—Tech. Keating, Ill-checking

Dalhousie Girls Trounce Stad Wrens In Regular League Game at Studley

by BOBBIE WOOD

Dalhousie Intermediate Girls opened their basketball season Thursday night at the Dal gym with a league game against Stadacona Wrens. Dal trounced the visitors, 55-16, in a game that was well sprinkled with "travelling" violations.

Interfac Hockey Starts Today

Interfaculty hockey is late starting this year due to the uncertainty as to whether King's and Pine Hill are entering the league. King's, Pine Hill and Pharmacy are requested to submit their intention of entering to the Director of Athletics, by Jan. 20.

All games will be played Monday nights and Tuesdays and Thursdays at one o'clock.

The first game will be played on Thursday, January 22 between

Dal bounced into an early lead, and by the end of the first quarter, they were ahead by ten points. Half-time score stood at 20-8 in Dal's favor. High scorer for this half was Feaver of Stad, with 8 points. Some of Dal's play during this half was a little ragged, but by the second half the "jitters" were over, and both play and shooting became more accurate. Dal piled up 35 points during this half. Guards Jean Bremner,

Commerce and Arts and Science. Two games are scheduled for Monday night, January 26. Meds face off against Law in the first game from 9-10, while Dents will meet Arts and Science in the second encounter.

Jean Grant, Heather Macintosh and Ann Mason each snared several rebounds for Dal.

Sheila Mason, with 14 points, and Bobbie Wood, with 11 points took top scoring honors in the game. Stad's high scorer was Feaver, with 9 points.

Dalhousie: P. Pascoe 8; J. Williams 6; L. Laurence 3; B. Wood 11; S. Mason 14; M. Wiley 8; J. Hennesey 5; J. Bremner; J. Grant; H. Macintosh; S. Wood; J. Ritcey; A. Mason. Total—55.

Stadacona: Lawrence 1; Geale 6; Feaver 9; Fotheringham; Waugh; Lenz; O'Sullivan; Banning; Eccles; Arnold; Heisler; Holmesdale; Kostendt. Total—16.

Chapel Edges Middle 6-5

Last Friday night the Dalhousie Rink was the scene of one of the major upsets of the season when underdog Chapel Bay edged Middle Bay 6-5. Chapel scored early to set the tone of the play for the first period. Middle Bay rallied and shortly after netted their first score. R. Canning carried the puck with skill, assisted by well-coordinated passing. The first period was generally characterized by both speed and a certain 'fighting' spirit. The second period lost the earlier speed and the teams seemed to be more evenly matched. The final period showed both the skill of Chapel Bay's net-tender 'Birdie' Smith and Middle Bay's center, Fern Wentzell. High scorers with four goals.

Canning led Chapel Bay with two goals and an assist.

Sun Life, Canada's largest life insurance company, needs able young men to train for important positions in the company.

Moneymen Manufacture Fun Filled Finale

While the bulk of Commerce Week has passed for another year, the main event is still to come. The Commerce Sweater Dance—considered one of the most fun-filled of the term—will be held this Friday from 9-1 at the Dal gym.

In case you haven't heard, Don Messer and his Islanders are returning to Dal for this occasion, which guarantees an exciting evening for all. During the dance, an

upstart young singer, named Charlie Chamberlain, will choose a Campus Sweater Queen, and some lucky ticket holder will be awarded Dalcom's favorite little friend, Muttnik. **The Week Past**

For students in Commerce, the week past has proven itself a social success, and our apologies must go to the professors who have seen the shareholders B's and A's drop to lower levels. "Sorry Sir—the opti-

mum realizable period of pleasure." Monday saw a formal evening of dining and dancing. The Commerce Company thanks five speakers, Bruce Cochran, and the American Musicians' Federation who supplied from their Trust Fund in co-operation with Halifax Local 571, the personable music of Mr. Les Single. Special congratulations go to Miss Elliot Sutherland, crowned Commerce Queen on this evening.

"Paint Your Wagon" To Bring Gold Rush To Dalhousie

Gay voices wafted on the chilly breeze can be heard through the week, as rehearsals go into full swing for this year's master production of Dalhousie's Glee and Dramatic Society "Paint Your Wagon."

The music room of the Arts Building is the scene of rehearsal for men on Tuesday evenings and Saturday afternoons and there is an urgent need for more male voices. A story about miners can hardly

be produced without men to play the parts! Rehearsals for the feminine cast take place each Thursday evening. Actors in the cast are rehearsing in Room 21 of the Arts Building.

Written by Lerner and Lowe of "My Fair Lady" and "Brigadoon" fame, the sparkling musical comedy tells a tale of the California gold rush. More men are definitely essential—ever hear of a ladies' gold rush? Starring in the musicale are Jim McKenna as Ben Rumson, Craig Fry as Julio, and Charlotte Gibbon as Jennifer Rumson, a young miss whose head is turned by new-found fortune.

Len Chappell is directing the production, assisted by Julia Gosling. Boys are needed for stage crew by stage manager Forbes Langstroth. Pattie Armstrong is looking after costumes and Marilyn Medjuck is in charge of properties. The finished production will be presented on February 25 through February 28. Singing gold miners should contact Julia Gosling.

"National Student Day" Courtesy NFCUS

The National Federation of Canadian University Students, representing approximately 70,000 students in 32 universities and colleges, will sponsor National University Student Day on March 5.

The purpose of University Student Day is to acquaint the general public with the university student, the problems he will encounter, what he must do to overcome them, and the part played by the university.

The program for the day will be co-ordinated by the NFCUS Secretariat in co-operation with local NFCUS Committees. Attempts will be made to obtain co-operation of the press and national network of the CBC radio and television. On the local level, NFCUS Committees will present the role of the student as it pertains to their region as well as the main and specific problems in their region. Thus, the public will simultaneously receive the broad picture on a national level, and local level.

Dal's NFCUS Committee will co-operate with other NFCUS Committees in the area to present the role of the university student in this area. No definite plans have been made to date, but it is hoped to present a program that will make the public conscious and aware of education and its importance to all, as well as to have a better perspective of the university student.

Campus Tories Abandon Policy

Campus Tories will be able to depart from party policy and present their own personal views in the forthcoming model parliament, it was decided at a recent meeting of the Conservative Club.

This important change, Conservatives said, will make the model parliament more interesting and should capture the attention of a greater number of students than in past years.

It is expected that the issues which will be presented for debate to the two-party parliament will also be chosen to provide the most student interest.

Another feature of this year's gathering will be that the speeches of the individual member will have to be curtailed to meet a set time limit, thus permitting more members to speak.

Among the topics proposed at the Conservative meeting for possible debate at the session include, Red China, unemployment, the Avro Arrow, and the stifling of campus publications by university administrations.

A publicity committee under chairman Bill Summerville was set up to prepare for the campus elections which will be held January 30.

Train for THE BEST OF TWO WORLDS TOMORROW

Develop your leadership ability, acquire new technical skills, benefit financially and continue your university courses by enrolling in the tri-service Regular Officer Training Plan (ROTP). It provides for:

- university tuition fees paid by the Department of National Defence
- a monthly salary
- allowances for board and room, books and instruments
- free medical and dental care

Then, on graduating, you will have not only your chosen professional training, but also the prestige of the Queen's Commission as an officer—with the many personal advantages it brings.

University students accepted for ROTP are trained as career officers. However, provision is made for voluntary withdrawal upon completion of three years full duty as a commissioned officer.

A LIMITED NUMBER OF CANADIAN ARMY VACANCIES IN THESE ROTP "UNIVERSITY QUOTAS" ARE STILL AVAILABLE.

If you want the best of both worlds, find out what this plan can offer you today.
