Cheapest and Quickest

Station - to - Station Long Distance Calls

It's cheaper and faster to use Station-to-Station Service on your Long Distance Telephone calls. A Station-to-Station Call is one where you ask for a **telephone number**, and not for a particular person.

The saving through using this class of service amounts to as much as thirty per cent on calls during the day. On calls after six p.m. the average saving is larger still. Besides, your call goes through much more quickly—usually while you hold the line.

Save yourself money and get quicker service by using Station-to-Station Service whenever possible. Remember it especially on Sundays, as Night Rates are effective all day then and your saving is still greater.

Electronics

Here is exploration as real as any that has gone before and with opportunity as great as that which beckoned to the pioneers of another era: Today we stand on the frontier of this vast domain with its deepest mysteries yet unsolved: In this great unexplored field of electronics there are still high peaks to cross which lead into the rich valleys of tomorrow.

Today at Northern Electric the exploration of electronics goes on. Many developments are still secret—others in general use include Police Radio, Aircraft Communication, Marine Installations, Radio Broadcasting, Domestic Radios, Movie Sound Systems, Public Address Systems, the Hammond Electric Organ and many other devices for public and private use.

Victory and Afterward

“The young men are thinking and thinking hard. They do not intend to make victory an end in itself. Their battle cry is ‘Victory and afterward,’ and they do not fight any worse for that.”—From Beverley Baxter’s London Letter (*Maclean’s* for May 15, 1942).

AFTERWARD is the lifetime of to-day’s young men and their children. Older folk to-day are custodians of what these young people are to take over later. Build Canadian **NOW** in a purely domestic operation—**INSURANCE**.
