

NOVA SCOTIA

CANADA'S EASTERN GATEWAY

NOVA SCOTIA is the nearest Canadian Province to Great Britain. As the oldest established Province of the Dominion, it has more to offer the newcomer from the standpoint of social conditions, than the newer Provinces of the west. There are other important reasons, however, why British people should settle in Nova Scotia.

NOVA SCOTIA has the most basic resources for industrial development of any portion of the American Continent. While her industries are expanding rapidly, agriculture still remains of prime importance and last year the Province was favored with crops to the estimated value of over \$26,000,000.

ANNUAL WEALTH

Returns for 1923

| | |
|--|---------------|
| Coal | \$36,410,000 |
| Coke and By Products | 3,286,000 |
| Gold and other Minerals | 255,000 |
| Gypsum, Limestone, etc. | 3,195,200 |
| Building Materials and Clay Products | 1,940,500 |
| Iron and Steel Products | 12,620,000 |
| Fisheries | 11,779,300 |
| Manufactures, Ships and Freights | 53,185,000 |
| Products of the Farm | 26,045,100 |
| Products of the Forest | 12,350,600 |
| Game and Furs | 780,000 |
| Grand Total | \$161,846,700 |

NOVA SCOTIA has land suitable for Mixed Farming, Market Gardening, Dairying, Sheep Raising and Fruit Growing. Her apples are among the finest flavored in the World. Trees bear from five to ten years after planting and yield profitably for from sixty to one hundred years. Nearly a million acres of land not yet planted are suitable for orcharding.

NOVA SCOTIA has strong local markets and unexcelled opportunities for exporting. Her ports, a number of which rank among the most accessible and safest harbors in the World, are near to the great international trade routes.

NOVA SCOTIA, unlike the great prairie Provinces of Canada, the development of which depend very largely upon one or two resources, presents the greatest variety of Agricultural, Industrial and Commercial opportunities of any part of the Dominion of Canada.

Graham Bell was Almost One of Ourselves

IT is, perhaps, of peculiar interest to Canada and Canadians that the civilized world is paying homage to Alexander Graham Bell, the inventor of the Telephone.

When in 1870 his constitution began to weaken under the trying climatic conditions of Edinburgh, Scotland, his birth place, it was to Brantford, Ontario, he came in search of the vigour that was threatening to leave him.

It was at Brantford that he conducted the researches which put him on the road to his great invention; which he made the centre of development of the Telephone by theoretical reasoning, and there it was the idea of the Telephone was conceived.

It was between Brantford and Paris, eight miles away, that the first long-distance message was transmitted.

When, in the evening of his days, the inventor sought solace and rest, it was to his beautiful estate of Beinn Bhreagh in Cape Breton he turned his steps.

Now, his day's work over, the ashes of the inventor, who, by his great achievement, did so much to draw his fellow creatures closer together and to make them happier and their lives better, mingle with the dust of his much beloved Cape Breton.

Trinity College School

PORT HOPE
ONTARIO

HEAD MASTER: REV. F. GRAHAM ORCHARD, M.A., CAMBRIDGE, D.D., TRINITY

The School is now in its 60th year. The large and handsome new fireproof buildings are furnished with all modern appliances for the health and comfort of the boys. All the buildings are heated by a central heating plant.

Pupils are prepared for the Honour and Junior Matriculation examinations of the Universities, the entrance examinations of the Law and Medical schools, the Royal Military College, Army, Navy, etc. Only boarders are taken and there is a staff of 16 masters for 170 boys. The school premises include upwards of 100 acres of land, which afford ample grounds for Cricket, Football, Tennis and Other Out-Door Games. There is also a spacious and handsome brick gymnasium, with playroom for use in bad weather and a new covered skating rink.

The new Memorial Junior School, under a separate staff, provides for boys between the ages of eight and fourteen.

A new Memorial Hospital contains accommodation for over forty patients with separate wards for infectious cases.

For copies of the prospectus apply to the Bursar.

The Presbyterian College

PINE HILL, HALIFAX

In affiliation with Dalhousie University

EVERY MAN INTENDS TO MAKE A WILL

But when one feels fit and eager for the day's work, can make the ninth hole in four and help carry a canoe around a three-mile portage, it's hard to contemplate the idea of a WILL with any seriousness.

That's why so many men die without a will.

That's why so many a comfortable little fortune is wasted in legal tangles.

That's why so much property gets into hands for which it was never intended.

Every man has rather decided views about the disposition of the wealth that he has created and saved. And he can enforce his wishes by a carefully drawn will and a wise choice of an executor. He can choose no executor who will administer his estate more prudently and faithfully than

IN a less enlightened age people sought to safeguard their valuables. Often they placed them in a strong box which they hid in some secret place, hoping to protect them.

To-day the safety and security of steel vaults eliminate the danger of loss by fire or theft, and give peace of mind for the safety of valuable belongings.

Documents lying unprotected in your house or office demand the security of a Safety Deposit Box.

CANADIAN NATIONAL RAILWAYS

SEE CANADA BY

Canadian National Railways

Paths of steel that stretch for more than twenty-two thousand miles are yours to traverse on the Canadian National Railways—the largest railway system in the world. Sights of natural beauty unequalled in diversity; rugged mountains, vast stretches of primeval forest, rolling prairies sparkling lakes, tumbling rivers—Canada from coast to coast, every capital city, every industrial centre—wherever and whenever you wish to go there is a splendidly equipped Canadian National train awaiting your pleasure.

The Canadian National Railways crosses the Rocky Mountains at the lowest altitude of any transcontinental railway, and in plain view of Mt. Robson, the highest peak in the Canadian Rockies (13,068 feet) Mount Edith Cavell (11,033 feet).

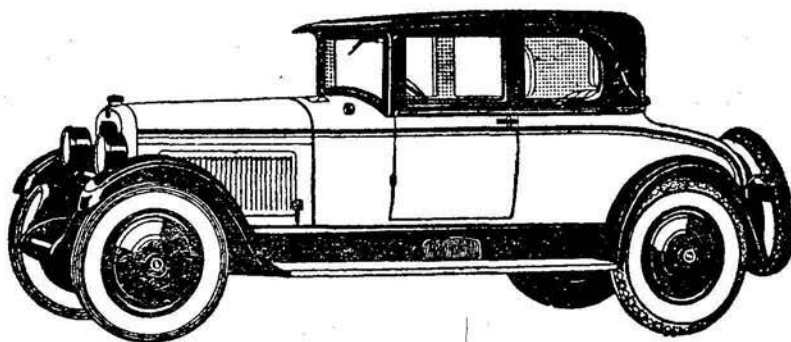

See Canada by Canadian National. Its excellent trains provide every known convenience for the traveller. Your every comfort is attended to, quietly and unobtrusively from the time you step aboard till you are helped off with your baggage at your destination.

Apply to your nearest Canadian National Railways office for full information and descriptive booklets.

The Canadian National Railways also operates the Canadian National Telegraph Company, the Canadian National Express Company and the Canadian Government Merchant Marine, which carries Canadian products over the seven seas.

The largest railway system in the world.

What Jewett Means by a "New Day" Car

IT MEANS a car with *instant acceleration*—that shoots you through traffic quick as thought.

But it means, *also*, equally quick "stopping"—the instant, unailing, cushioned stop possible only with Paige-Hydraulic 4-wheel brakes.

It means, too, wider, freer, clearer vision than any former car has ever had—almost complete elimination of the deadly "blind spot."

It means an ease of steering and control that makes your car seem responsive more to your wish than to your touch.

It means an uncanny ability to slip into parking spaces unbelievably small.

The
Sweetmeat of a Century

The sons of Noah, so they say in the Orient, boiled wheat starch and grape juice together to form the first candy.

The Egyptians candied dates in honey, the Romans and Greeks added ground almonds, poppy seed and plenty of pepper.

Drawing on the experiences of all peoples in all places and periods, Moir's Chocolates have achieved an excellence which makes them the Sweetmeat of the Century.

Surface Protection

IT is interesting to note the excellent preservation of some old family residences. Except for their architecture, one might almost imagine them to be products of the present age, yet in reality, they stand as silent tributes to wise precautions against decay and deterioration on the part of former generations.

Any house worth building is also worthy of preservation by means of paint. The maximum of protection is found in

B-H "ENGLISH" PAINT 70% Pure White Lead
(Brandram's Genuine B. B.)
30% Pure White Zinc
100% Pure Paint

The above formula produces a paint with a fine, smooth surface, which does not crack, chip or peel and a surface protection film that will defy the elements.

Investigate B-H "English" Paint. You will find most Canadians use it, because of its economy and lasting qualities. Even if B-H "English" Paint were more expensive than it is, it would still be the most economical, for the shorter life of cheaper brands makes them more expensive in the end.
