BANKS facilitate the nation's business

» » **industry**

Canada's greatness as an industrial nation is made possible through the modest savings of thousands of her citizens—savings that are mobilized by the Banks and in turn extended to industry in the form of Bank Loans for essential purposes.

Thus, ready cash is made available to meet pay rolls, to pay for raw materials, to finance marketing and for other normal industrial needs.

Thrift, translated into Bank Loans, promotes progress.

EST. 1832—OVER A CENTURY OF BANKING EXPERIENCE

113 YEARS

The Halifax Chronicle has been closely linked with the history of Nova Scotia for 113 years. It is one of the most quoted newspapers in Canada, and is the only paper of the Maritimes of which that impartial authority, the Encyclopedia Britannica, says it is "of national reputation and wide political influence."

Adhering always to a sound, sane editorial policy it has won and enjoys the confidence of all sections of the people to a marked degree.

The Halifax Daily Star, established in 1873, is associated with the Chronicle as an afternoon paper. These two, in combination, provide an excellent coverage of the entire province.
