Introduction.

KING'S COLLEGE owes its origin to the Loyalists. It was founded by an Act of the Legislature of the Province of Nova Scotia (which then included New Brunswick) in the year 1789, through the exertions of Dr. Charles Inglis, the first colonial Bishop, and was opened in 1790. The corner-stone of the main College building was laid the next year by Governor Parr.

The College stands in ample grounds facing southward, and overlooking the King's Meadow, and a wood of spruce and firs separates it from the town. Between this wood and the College lies the cricket and football field.

The first President of the College was the Rev. William Cochran, a graduate of Trinity College, Dublin, who was formerly Professor of Classics at King's (now Columbia) College, New York.

A Royal Charter, conferring upon the College full University powers, was granted by King George III in 1802, which makes this the oldest colonial University in the British Empire.

The Board of Governors originally consisted of the Governor and Commander-in-Chief of the Province, the Lieut.-Governor, the Bishop, the Chief Justice, the Provincial Secretary and four other members of the Government. This Board was abolished and a new Board formed by an Act of 1853, of which the Bishop was the only *ex-officio* member, the others being elected by the Alumni. In 1895 the constitution of the Board was again altered, and it now consists of thirty-seven members: the Bishops of Nova Scotia and Fredericton, *ex-officio*, two elected by each Synod, one by each rural deanery in the

two dioceses, three from Prince Edward Island, and twelve by the Alumni, as before.

The residential system, which is an important feature of College life, is modelled on that of English Colleges, and brings together men of different temperament and training, broadening their ideas and smoothing down individual peculiarities as nothing else can do.

While King's is essentially a Church College, it imposes no religious tests and welcomes students of all denominations. Daily services, according to the use of the Church of England, are held every morning and evening in the College Chapel, which is a substantial stone building erected in 1877, but students belonging to other religious bodies may obtain permission to attend their own services on Sundays.

The College building is heated with hot water, and in addition to this students may have fires in their rooms. The old-fashioned roomy studies are shared by two (and in some cases three) men, but each has his own separate bedroom. The Reading Room in the middle bay, serves as a students' common room.

King's College was the pioneer of scientific training in the Province, and has a well equipped chemical laboratory and a valuable collection of philosophical instruments.

A handsome stone building which stands on the slope of the hill to the south of the College contains the Library and Convocation Hall. The Library is a large and extremely valuable one. The foundation of the Library was largely the work of John Inglis, afterward third Bishop of Nova Scotia, who was sent to England by the Governors in 1799 to collect books and subscriptions for that purpose. Many rare editions and bibliographical treasures are to be found here, such as the Boydell Shakespeare, the Marquis of Buckingham's Homer, Sowerby's Botany, an *editio princeps* of Paradise Lost, the publications of the Record Commission, eighteen volumes from the celebrated Aldine press, and twenty Elzevirs, Bryan Walton's Polyglott, and many others. The most important benefactions of recent years have

been those of the late Dr. T. B. Akins, Rev. Dr. McCawley, for many years President of the College, Rev. G. W. Hodgson, Rev. Rupert Cochrane and Rev. E. Ansell. There is unfortunately no Library fund and the keeping up of the Library depends almost entirely upon the fees of the students.

The aggregate outlay necessary for a student taking a College course varies of course according to the tastes and economy of the student, but it may be approximately set down at about \$200 a year.

Matriculation examinations are held during the first and the last weeks of the academical year. Arrangements may be made for holding these examinations elsewhere than at the College.

Boys are prepared for matriculation at the Collegiate School, which stands in the College grounds, and which although it is now in its one hundred and twenty-second year, is a well-equipped, modern boarding school.

A School of Law in connection with King's College was established in St. John, N. B., in 1892. Students passing the final examination of this School receive the degree of B. C. L. from King's College, and are admitted attorneys in the Province of New Brunswick without further examination.

Affiliation With Other Colleges and Universities.

Students who have taken the prescribed Science course and passed the required examinations are admitted to the third year of the course of the PROVINCIAL TECHNICAL COLLEGE at Halifax, and such students, upon presentation of a *Testamur* of having passed the final examination of the Technical College may be admitted to the Degree of B. Sc.

Graduates in Arts who have attended lectures during their College course in Constitutional History, Contracts and Real Property, and have passed the required examinations in those subjects, are admitted to second year standing in the LAW SCHOOL OF DALHOUSIE COLLEGE and can graduate in two years from their entry into the Law School. The Board of Governors

has approved of a scheme whereby students from the JAMAICA CHURCH THEOLOGICAL COLLEGE, after a residence of six terms at their own college and passing the required examinations in the subjects of the Divinity Course at King's College, may receive the Diploma of L. S. T. ; and further that divinity students who have completed the required residence at the Jamaica Church Theological College and have passed the necessary examinations according to the requirements of King's College, may be admitted to the degree of B. A.

King's College is affiliated with the UNIVERSITIES OF OXFORD, CAMBRIDGE AND DUBLIN, under conditions which allow an undergraduate who has taken at least two years' work, to pursue his studies and take his degree at either of those Universities on a reduced period of residence. Under the terms of affiliation with Oxford, candidates for the *Rhodes Scholarship*, who have taken the Arts course at King's College, including Greek, are exempt from the qualifying examination.

The Rhodes Scholarship will be open to students from King's College in 1916.

Students.

Persons who are less than 16 years of age are not admitted as students of the College, except under special circumstances. "Undergraduates" are those who have duly matriculated. "Conditioned Students" are those who are pursuing the same course without having passed the whole of their matriculation examination; if they successfully pass at the end of the first year the examination in the work of the year, they may count their terms from the time they actually came into residence, providing they take, as subjects for their first year, all subjects required in Matriculation.

A registration Fee of \$2.00 will be charged to all students who enter without passing the Matriculation Examination.

Women are admitted on the same terms as men.

Undergraduates who have taken a partial course at any other University recognized by the Board of Governors, may upon presenting certificates of standing, be admitted *ad eundem statum* and complete their course at King's College, provided the certificates show at least as much work done as called for by equivalent examination at this University.

A Student who has received his diploma from Augustine's College, Canterbury; St. Boniface, Warminster; Wycliffe College, Toronto; Montreal Diocesan College Theological College or any other recognized Theological College; upon presenting satisfactory certificates of work done, may obtain the degree of B. A., from this University, by a residence of two years, and by passing the examinations as required of all third and fourth year students.

Matriculation.

The President of the College must receive from each candidate for Matriculation before the day of Examination, a certificate of good moral conduct extending over a period of not less than eighteen months immediately preceding. In the case of candidates from a boarding-school, a certificate from the Head Master will suffice; but those candidates who have attended a day school must, in addition, produce a certificate from the minister of the church they have attended.

The Faculty of the College are authorized to accept certificates from the Head Masters of approved schools in lieu of Matriculation.

The Junior Leaving Examination (Grade XI) of the High Schools of Nova Scotia or an equivalent examination of another province is accepted *pro tanto* as equivalent to the Matriculation Examination. The examinations at the end of Lent Term of the third and fourth years will cover the work of the whole year. Any student failing to pass the Terminal Examination shall be required to pass a supplementary examination in the subject or subjects in which he has failed before presenting himself for the examinations of a subsequent term.

Supplementary examinations must be passed at the beginning of the following term, and the required fee must be sent in to the President before the examination.

No undergraduate shall be allowed to keep a term unless he has paid all his College dues and complied with all other regulations.

The standing of undergraduates is determined by the yearly examinations.

The College Board will, in their discretion, require a student who, from whatever cause, shall fail to keep up with the work of his year, to "degrade" *i. e.*, to go into a lower year, in which case such student shall lose the seniority of the year from which he degrades. Students shall rank according to the number of terms they have kept.

For particulars concerning affiliation with Oxford and with other Universities, see pages 7-8.

Students who have absented themselves from any Lectures without permission of the individual Professor and without proper excuse, will be reported to the weekly meeting of the Board of Discipline.

More than two unexcused absences from Lectures, or forfeiture of Lectures from disorderly conduct, will disqualify a student from examination and from keeping his term.

Such persons as have been accepted by the Bishop of Nova Scotia, or another Bishop may become students in Divinity under any of the following conditions :

1. Undergraduates in Arts who have matriculated in Greek, may, after the end of their second year, take the first year of the Divinity Course concurrently with the third year's work in Arts (making Divinity one of the options for Degree) and the second year of the Divinity Course concurrently with the fourth year of the Arts Course, and complete the third and fourth years of the Divinity Course after graduation in Arts.

Students who take honours in Divinity may however complete their Divinity Course one year after graduation.

Scholarships and Prizes.

The Cogswell Scholarship.

[£24 sterling per annum. Open to candidates for Holy Orders, under the direction of the Trustees.]

The Divinity Scholarships.

[Open to Students for Holy Orders actually requiring assistance, and subject to the control of the Bishop of Diocese.]

Six in number. \$100.00 per annum.

Two of these Scholarships are awarded each year, and are tenable for four years. They are awarded to those only who matriculate and take an Arts Course. In order to obtain a Scholarship a candidate must make an average of not less than fifty per cent. in the Matriculation Examination, and be not less than nineteen years of age. The Scholarships are awarded according to the rank obtained in the Matriculation Examination, without excluding some consideration of the character and circumstances of the candidates. Scholarships shall be forfeited for serious misconduct, of which the Board of Discipline shall be the judges (the Board to report to the Bishop for his action,) and any student failing to keep his terms, unless prevented by illness or other urgent reason, shall *ipso facto* forfeit his Scholarship, and the Scholarship thus forfeited may, upon the recommendation of the President and Professor of Divinity, be given by the Bishop to a Divinity student of the same Academical standing as the one who forfeits the Scholarship.

Every student before receiving a Divinity Scholarship is required to sign an agreement in which he binds himself to serve in the Diocese of Nova Scotia after ordination for as many years as he has held the Scholarship.

Divinity Scholars are required to reside in the College Building.

The Binney Exhibition.

\$50 PER ANNUM.

In the year 1858, Miss Binney, sister of the late Visitor, and daughter of the late Rev. Hibbert Binney, in the name and on behalf of her father's executor, handed over to the Governors certain stock amounting to \$1,000, to found an exhibition at King's College, to be called "The Binney Exhibition," in memory of her said father.

The design of this Scholarship is to assist students who may require assistance, and who shall have commended themselves by their exemplary conduct, although their abilities and acquirements may not qualify them to be successful competitors for an open Scholarship.

TERMS.—On or before the 15th day of April in each year, the College Board shall nominate two students, in their second term at the least, whom they may deem best qualified, having regard to their straitened means and the excellence of their character; and the President shall forthwith transmit their names, together with a brief statement of their claims, to the Visitor, who shall select one of them to be the exhibitioner, and to receive the interest accruing for the following year, commencing July 1st. Or, at his discretion, if he considers the claims of the two nominees to be equal, or nearly so, the Visitor may adjudge that the amount be divided between them.

The McCawley Hebrew Prize.

[£9 Sterling. Open to all members of the University who are below the standing of M. A., and who have not already gained the first premium in Hebrew.]

This prize is given out of the interest of a Trust Fund in the hands of the Society for the Propagation of the Gospel in Foreign Parts. The fund and the conditions of the prize are thus stated in the Report of the Society:—

"This Fund arises from a gift of £150 sterling, in the British North American Bank, made by the Rev. George McCawley, D. D., Falmouth

Nova Scotia, the interest to be paid to the student of King's College, Windsor, N. S., who shall pass the best examination in Hebrew Bible and Greek Testament; the examination being under the direction of the Visitor and President."

Societies Connected with the College.

The Alumni of King's College.

Under the regime of the old political Board of Governors no share in the management of the College was given to graduates and others who were deeply interested in its welfare. With a view to altering this state of affairs legislation was sought and obtained by certain members of the University for the incorporation of a body to be known as "The Alumni of King's College, Windsor." The Act was passed in 1847, and the society soon made its influence felt. Its expressed object was "The promotion of Education in the said College, and the Collegiate School at Windsor, connected therewith." The first President of the society was the Rev. John T. Twining, D. D. The Hon. H. H. Cogswell was Vice President, and S. L. Shannon, Esq., Secretary and Treasurer. Six years later the original Act of 1789 was repealed and a new Board of Governors constituted, consisting of certain life members, (of whom the last survivor was the late Mr. Justice L. M. Wilkins) and eight members elected by the Alumni.

It was through the Alumni that the Chair of Natural Science was endowed, and a liberal amount was also granted annually towards the salary of the Professor of Modern Languages. Another important work of the society was the building of the Library and Convocation Hall.

While those whose names appear in the Act were all members, and most of them graduates of the University, the terms of membership were very liberal and "all persons paying an annual subscription of Twenty Shillings or upwards, or making at one time a donation of Twenty Pounds, or upwards" were eligible for election. The amount of the annual subscription was fixed by by-law in 1882 at two dollars.

The annual meeting of the Society is held the day before Encænia.

The present officers of the Society are :

Its work in diffusing a broader interest in the College is becoming more and more important.

The present buildings are situated on the beautiful College campus. They are all, including the Gymnasium, provided with electric light and hot water heating.

The School provides a good general education, and pupils are prepared for matriculation at King's and other Universities, for the entrance examination Royal Military College, Kingston, Ont., for Army and Navy, and for commercial pursuits.

Pupils who are members of the Church of England attend the Sunday Services in the College Chapel. Careful attention is given to moral training and religious instruction.
