University of King's College

(In Association with Dalhousie University)

HISTORICAL SKETCH

King's College, established by Act of Legislature, in 1789, was founded at Windsor in 1790, and in 1802 a Royal Charter was granted by King George III in which the College is referred to as "the Mother of an University for the education and instruction of youth and students in Arts and Faculties to continue forever and to be called KING'S COLLEGE." It was the first University established in what is now Canada. The first President of the College, Dr. William Cochran, came from King's College, New York, which afterwards changed its name to Columbia, and two other King's Colleges, one at Fredericton and the other at Toronto, were subsequently founded; but King's College, Nova Scotia, is the only one which has survived. Among its Alumni are many famous men who have won honourable distinction in Church and State. The burning of the College residence at Windsor, February 5, 1920, raised afresh the scheme of University Federation for the Maritime Provinces; and a generous offer from the Carnegie Corporation to give a sufficient sum to provide for the Arts course, if the College would move to Halifax and erect buildings there, seemed to the Governors an opportunity which they ought not to let pass. In 1923 a basis of association with Dalhousie University was agreed upon, and the College moved from Windsor to Halifax, and the internal life of the College continued on exactly the same lines as in former years. In 1930 King's established herself permanently in Halifax in commodious new buildings erected on a site deeded to King's by Dalhousie University. King's College provides residences for men and for women students, under supervision of members of the staff, a President's house, administration offices, library, lecture rooms, dining hall, a chapel and a large recreation hall. The buildings are of stone, of fire resistant construction, and are on the same campus and within a few minutes walk of the Dalhousie University buildings.

In May 1941, the King's College buildings were taken over by the R. C. N. as an Officers' Training Establishment, and during the next four years, until May 1945, nearly 4,000 Officers were trained for sea duty with the R.C.N. The students and academic staff of Kings carried on during this period through the kindness of Dalhousie University and Pinehill Divinity Hall.

King's retain complete control of her Divinity School as well as of her endowments, administration of residences, etc., but holds in abeyance her degree-conferring powers except in Divinity.

ORGANIZATION OF THE UNIVERSITY

The Board of Governors is the supreme governing body of the University. As defined by the Acts of 1923, it consists of the Bishops of the Dioceses of Nova Scotia and Fredericton, the President of the University and the Treasurer, together with ten members elected by the Alumni Association and eight by each of the Synods of Nova Scotia and Fredericton. The Governors have the management of the funds and property of the College, and the power of appointment of the President, professors and officials. The Board appoints an Executive Committee.

1950-1951

162nd SESSION

(In Association with Dalhousie University)

The University of King's College, having entered an association with Dalhousie University, the students of both institutions must satisfy the same entrance requirements. (See p. 18).

All classes are attended jointly by students of King's and Dalhousie and are given by Dalhousie professors or by professors on the King's Foundation, depending on the courses taken. The students of both institutions follow the same curriculum, take the same examinations, and must attain the same academic standard.

The academic facilities in Arts and Science are shared by the students of both institutions, and the students of King's College have the added advantage of residential life in King's College buildings on Studley Campus. At the end of a successful course the student receives the same degree as a Dalhousie graduate but his diploma is countersigned by the President of King's College and bears the words "A student of King's College."

A student of King's College has the advantage of attending classes in a large institution with increased facilities as well as the more intimate and friendly relations of a small residential college.

Students intending to enter one of the Dalhousie professional schools may take their pre-professional work in Arts and Science as students of King's College and thus assure themselves a place in the King's residence during such course.

KING'S COLLEGE RESIDENCE

The residential life is the most outstanding feature of King's College, as it brings together students of different temperament and training, to their great benefit.

The residences have been designed with a view to the comfort and convenience of the students, and to facilitate study. Two students occupy a suite of two rooms (bedroom and study), each student has a bed, bureau and closet, and study chairs.

and tables are provided. The buildings are designed so that it is not necessary to go outside for any student activities.

Students are required to reside in the College building, but in special circumstances permission may be granted to reside outside. All students are under the immediate charge of the Dean of Residence, but **must report to the President at the beginning and end of each term.**

Students must provide their own blankets, sheets, pillowslips and towels.

All property belonging to students in residence is held by them entirely at their own risk.

The residence will be open for students from the evening of September 25, 1950, until the morning of December 19, 1950; and from the evening before the day on which lectures commence in January, 1951, to the morning after Encaenia Day, 1951; (in the case of students expecting to receive their degrees this time will be extended to the morning following Dalhousie Convocation). **Any students permitted by the Dean of Residence or Dean of Women to reside in the College at other times must pay at the rate of \$3.00 per night.**

Hours.—All resident undergraduates are expected to be in College by 11.30 p.m. each evening. Every student is expected to be in his room by midnight and in bed shortly after. Also to be in Commons Hall for breakfast at 8 a.m. on week days and 9 a.m. on Sundays.

Meals in Rooms.—No student can be furnished with breakfast or any other meal in his rooms, except by permission of the Deans and in such cases of illness as would render it imprudent that he should be present in the Hall, **and no student is allowed to take crockery or cutlery from the dining hall or the pantry.**

Guests.—No one who is not a resident student or a member of the staff may be in College after 11 p.m. except by permission of the Dean of Residence. Guests are expected to conform to the rules of the College and students will be held responsible for those whom they entertain.

Intoxicants.—The introduction by or for any student of beer, wine, spirits, or any kind of intoxicating liquor into the College is strictly forbidden.

At gatherings of students, whether held in the College or elsewhere, intoxicating liquors are forbidden.

Fraternities.—The various King's College societies and Clubs are all designed to fill the social and athletic needs of students. External so-called Greek Letter social fraternities, therefore, can have no place in King's College, and residential facilities in the College will not be granted to members of such fraternities.

Behaviour.—Students are expected to preserve a quiet and orderly behaviour at all times in the halls and corridors of the College especially during the hours of Lectures.

Chapel.—Students attend the daily morning and evening services in the College Chapel. Students belonging to other Communions are required to attend their own services on Sunday, and except in such cases, **all are expected to attend Chapel service at eleven o'clock on Sunday morning** unless specially excused by the President.

Gowns.—Students are required to wear academical costume at meetings of Convocation, at all College lectures and examinations; and all students are required to wear gowns in Chapel, at dinner in Commons Hall and on other occasions when so ordered. The academical habits shall be such as have been customarily worn in King's College in times past.

Expenses.—The annual charge to resident students for board, room, light, etc., is from \$400.00 to \$450.00, depending on location of room, payable within 30 days at the Bursar's Office, King's College, in two installments, one at the beginning of each term. If the cost of living continues to rise these expenses will have to be increased.

Students whose accounts are unpaid after 30 days will be asked to leave the College.

Fee for Student Organizations

At the request of the King's student body, a fee of \$15. is collected on enrolment from each student who takes more than one class. This fee entitles the student to the privileges of the various students organizations and clubs, and to a copy of the King's College RECORD.

Caution Deposit.—On enrolment each resident student is required to make a deposit of fifteen dollars as caution money to cover damage done to furniture, etc. This amount less deductions will remain a credit on the books until the student *graduates* or *leaves*, when the balance will be returned by cheque usually during June. No refunds in whole or in part will be made before that month.

Each year a student, on returning, is expected to settle for the previous year's deductions to maintain the credit at fifteen dollars.

Discipline

The Board of Discipline may use all means deemed necessary for maintaining discipline in the residence and on the premises of the University. It is the duty of the Deans to see that order is maintained. Every professor or officer of the College is required to report cases of improper conduct that may come under his notice. Students conducting themselves in an unbecoming manner on or beyond the premises of the College during the session, may be fined, suspended or expelled.

WOMEN'S RESIDENCE

The residence for women students is conducted under practically the same regulations as the residence for men.

All residents are under the general superintendence of the Dean of Women.

Women students wishing to be out after evening chapel must notify the Dean and state where they are going. Permission must be obtained from the Dean to be out after 10 p.m. and a record is kept of the hour of return of those who have received such permission.

GENERAL UNIVERSITY REGULATIONS

Registration

All students of the University are required to enter their names in the Register annually, agreeing to obey all the regulations of the University already made or to be made, and to pay the required fees and deposits before entering any class or taking any examination.† Students withdrawing from the University or intending to discontinue the work of any arts or science class must notify the Registrar of Dalhousie.

STUDENTS HEALTH SERVICE

1. All students of the University are required to undergo an annual medical examination at the beginning of the session. Women students will be examined at Shirreff Hall; men students at the Dalhousie Public Health Clinic. For students in the Professional schools, lists indicating appointments will be posted on the notice boards, while those in other faculties will be notified by mail or by telephone. Failure to keep appointments promptly will be regarded as a breach of University discipline.

2. The Service provides for the following:

He will be furnished with a list of doctors who are willing to attend students for the minimum fee suggested by the Medical Society of Nova Scotia. At the conclusion of the doctor's attendance, the student should pay the doctor, obtain a receipted bill stating the number of visits made and the diagnosis of the illness and then present the receipt to the Director of the Students' Health Service. The student will be reimbursed by the Dalhousie Business Manager at the rate of two dollars per visit, with a limit of five dollars for each illness. Veterans enrolled in the University and receiving benefits from the Department of Veterans Affairs are entitled to medical care while in receipt of these benefits. The doctors attending them should render their accounts to the D.V.A.

(g) Hospitalization:

If required to enter any hospital for observation or treatment a student, on discharge from the hospital, should present the receipted bill to the Director of the Students' Health Service who will forward it to the Business Manager. The student will be reimbursed at the rate of three dollars per diem for each day in hospital, to the extent of five days.

Students are advised that the public ward rate at the Victoria General Hospital is three dollars per diem, which includes medical and surgical attendance, medicines, dressings, laboratory tests and X-rays, etc.

3. The service does **not** provide for the following:
 - (a) Surgical operations.

 - (i) Any other service not specified in Section 2 hereof.

4. Arrangements for consultations during the session are to be made through the office of the Director, Students' Health Service, Dalhousie Public Health Clinic (Telephone 3-8438).

5. All students are expected to carry out the instructions of the physician to the fullest extent possible. Failure to do so will be regarded as a breach of University discipline.

6. All students entering the University who cannot submit certificates of having been successfully vaccinated against smallpox shall be required to submit to vaccination.

Physical Training

All students in their first year of attendance at the University are required to follow a prescribed course of Physical Training, unless they are exempted by a medical certificate or by satisfactory evidence that they have already completed a similar course of training at an approved institution.

Each new student on registration must report to the Director of the Gymnasium.

Tutors

For students whose proficiency in languages is not satisfactory, the department concerned will recommend accredited tutors.

Discipline

Irregularity of attendance, except for approved reasons, or neglect of or unsatisfactory progress in studies shall be regarded as sufficient cause for dismissal from one or more classes, or, in extreme cases, from the University. Any Faculty may, at its discretion, ask the Senate to dismiss from classes for the remainder of the session students whose progress in studies is unsatisfactory.

Students are expected to be in attendance on the first day of term, and to remain in attendance until the last day of term, as set forth in the calendar. A fine will be levied by the University for wilful infraction of this rule.

No return of fees will be made to any student dismissed from classes or from the University.

Non-Academic Student Activities

Students representing the College in non-academic activities must be in good standing. Those who are ineligible for such representation are as follows:*

*These regulations do not apply to the Dramatic Society.

(a) Students on probation in any Faculty. (b) Students registered for fewer than ten lectures per week, a period of two laboratory hours being regarded for this purpose as equivalent to one lecture. (c) Students who have more than two failures in college subjects. (d) Students who have more than two deficiencies in matriculation subjects. No student is allowed more than three deficiencies in all, and all matriculation deficiencies must be removed before entering the Junior Year.

King's College Library

The library is open every week day from 9 a.m. to 1 p.m., and every day except Saturday and Sunday from 2 p.m. to 6 p.m., and most of the session from 7 p.m. to 10.45 p.m.

Books, other than those on the reserved lists, may be taken out by instructors or students and kept for one week.

Books on the reserved lists may be taken out immediately before the closing of the library on any day, and must be returned when it opens on the following morning.

Not more than two books may be borrowed at one time by a student not in an Honour course, nor more than four by a student taking Honours.

Students are allowed the privilege of borrowing books from the library for the summer. Students using this privilege are required to make a deposit with the Librarian's Office. This deposit is returned when the books are replaced in the library.

Dalhousie Library

The Library is open during the session on every week-day, except Saturday, from 8.50 a.m. till 5.30 p.m., and on Saturday till 12 noon, and during the greater part of the session from 7.30 to 10.00 every evening except Saturday and Sunday.

Each student on registration is required to deposit two dollars as caution money to cover damage done to furniture, apparatus, etc. This amount, less deductions, if any, will be returned at the close of the session. There shall be no deduction from the Caution Fund for damages which have been charged to or assumed by individuals.

Laboratory Deposit

A student taking a class involving laboratory work is required to make a deposit of ten dollars per class, with a maximum of twenty dollars, on registration. This amount, or what remains of it after deducting any charges which may have been incurred for breakage or materials used, is returned to the student at the end of the session.

Unclaimed Deposits

Balances of Caution and Laboratory Deposits left unclaimed three years will be applied to the purchase of books for the University Library.

Conferring of Degrees

Successful candidates for degrees are required to appear at Convocation in the proper academic costume to have the degrees conferred upon them.

By special permission of the Senate degrees may be conferred in exceptional cases, *in absentia*. Written application giving reasons for the request must be made well in advance to the Secretary of Senate. The additional fee for such degrees conferred at Convocation is \$10.00. (See page 26).

Faculty of Arts and Science

The Academic Year begins Sept. 25, 1950, and ends
May 15, 1951

ADMISSION

The attention of students entering the Faculty of Arts and Science for the first time, whether in the First or Second year, is called to the fact that registration for such students takes place on September 25 and 26.

All students entering King's College, in Arts, Science, Pre-Medicine, Pre-Dentistry, Pre-Law and Journalism must enrol with the King's Registrar before registering at Dalhousie.

No person under sixteen years of age is admitted to any classes except by special permission.

Graduate Students are students who hold a Bachelor's degree in Arts or Science and are pursuing a course leading to the Master's degree.

Undergraduates are students who have completed Matriculation and are candidates for a Bachelor's degree in Arts or Science, or for a degree in a professional course.

For details of admission to Professional Courses, see page 21.

Special Students are those who have not fulfilled the requirements for admission. They may be admitted, with the consent of the instructor, to classes in which they appear able to profit. Those who intend to complete matriculation, must include the required elementary classes in the first year. When matriculation is complete, university classes that have been taken by special students in their first year at the university, will be recognized as credits towards a degree. **This concession applies to the first year only.**

Entrance Requirements

To be admitted to a regular course leading to a degree in Arts or Science, a student must have credit for *seven* subjects of Junior Matriculation (see pp. 19, 20) in (1) English, (2) Algebra, (3) Geometry, (4) a foreign language, (5) a second foreign language, (6) and (7), any *two* from History, Physics, Chemistry, Biology, Geology, Trigonometry, Latin, Greek, French, German, Spanish, Russian.

Note: Since two foreign languages are required for all degrees students should arrange, if at all possible, to include the two required languages in their High School course. Otherwise it will be necessary to include in the first year an elementary class in a foreign language in addition to the regular courses for a degree.

For a degree in Arts one matriculation language must be **Latin** or **Greek**; and for Science one must be **French** or **German** or **Spanish**.

Students looking forward to honours or graduate work should confine their choice to **French** or **German**.

Subjects of Matriculation

The Matriculation examinations will be held at the University, and at such other places as the Senate may designate, on September 23, 1950. For the time table of the examinations, see the Almanac pages of the University Calendar. Papers of from two to three hours' duration will be offered in each of the following subjects:—*

English	Trigonometry	Spanish
History, (British, Ancient or Modern)	Latin	Physics
Algebra	Greek	Chemistry
Geometry	French	Biology
	German	†Music

(**Note:** Students who, by reason of race or training, are fluent in another foreign language may offer it in place of one of those specified above.)

Students who intend to write any of these examinations must apply to the University Registrar's Office before August 21, 1950. Application for examination at an outside centre should be made one month earlier.

*Students from outside the Maritime Provinces who wish to offer subjects other than those listed above should communicate with the Registrar's office

†See page 20.

Requirements in Various Subjects

Candidates are expected to be prepared in the following requirements:

English.—Language: Grammar, analysis, parsing. **Composition:** Essays will be set on a variety of subjects, in which a wide choice will be offered. Other tests of composition, such as letters, paraphrases, and summaries, may be included in the paper. There are no prescribed texts, and candidates must understand that they will be judged chiefly on their ability to express themselves.

British History.—General outlines, as in *Ontario High School History of England*; or, **Tout:** *History of England, from the earliest times to the death of Queen Victoria*; or, **Ransome:** *Short History of England*.

Ancient History.—General outlines, as in Webster: *Ancient History*; or, Myers: *A Short History of Ancient Times*.

Modern History.—Seary and Patterson: *The Story of Civilization* (as taught in Grade XI in the Schools of Nova Scotia).

GENERAL FACULTY REGULATIONS

Admission to Classes

1. No Undergraduate shall be admitted to a class until he has satisfied the preliminary qualifications (see p. 18 et seq.)

2. The list of classes which a student may take should include all possible required classes, before any elective is added, but candidates for admission to Honour courses may have this rule modified on application to the Committee on Studies.

3. Five classes shall be regarded as constituting a normal year's work for a student in good standing.

6. Any student, who at the Christmas examinations has not shown reasonable proficiency, may, at the discretion of the Faculty, be required to discontinue attendance at the University for the remainder of the session. Fees will not be reimbursed to such students.

Class Work and Attendance

In order that their class work may be recognized as qualifying for a degree or diploma, candidates must conform to the following requirements:

1. All students are required to attend the classes of their prescribed course regularly and punctually.

2. They must appear at all examinations, prepare such essays, exercises, reports, etc., as may be prescribed and, in case of a class involving field or laboratory work, complete such work satisfactorily.

3. They must secure positions on the Pass List. In determining this list both the standing attained in prescribed class exercises and in field or laboratory work and that in the various examinations are taken into consideration. A candidate who fails to obtain a mark of at least 25 per cent on the work of the session in any class shall lose credit for attendance in such class.

4. When the work of a student becomes unsatisfactory or his attendance irregular he will be reported to the Committee on Studies who may require him to discontinue attendance in the class or classes concerned and to be excluded from the examinations.

Other examinations in any class may be held at dates appointed by the instructor. The papers set at the Spring examination in any subject cover the work of the whole session in that subject, and not merely the work of the second term, and at least 25 per cent of the questions shall be set on the work covered before Christmas.

Class Lists

The names of candidates successful in the examinations are arranged in the published lists in three divisions: first division, 80-100; second division, 65-79; third division, 50-64.

A student who fails to secure a position on the Pass List in a class, but who has otherwise fulfilled the requirements in class work stated on the previous page, may be allowed the Supplemental examination in that class at the beginning of the next session of his attendance, on the day appointed in the University Almanac, provided that no student may write more than three Supplemental Examinations or an examination in any class in which he obtained a final mark below 25%. A student who fails to write or to pass the Supplemental examination can obtain credit for this class only by passing a Special* examination.

Supplementary and Special examinations are held in September only.

A student wishing to appear as a candidate at a Supplementary or Special examination shall be required to give notice of his intention to the Secretary of the Committee on Studies and Attendance on or before August 21st, fee (see p. 26) to be remitted with the notice.

All required classes should be completed in the first two years of a course, leaving the Elective classes to be taken up in the two final years.

Affiliated Courses

An undergraduate looking forward to the study of Divinity, Law, Medicine or Dentistry may offer one of the following groups:—In place of the 3 classes of (h), Table 1.

For Divinity.—New Testament Greek and two of the following: Hebrew, Biblical Literature, Church History 2, as conducted by the Divinity Faculty of King's College.

For Law.—The classes of the first year.

For Medicine and Dentistry.—The classes of first year.

Securing Degrees in Three Years

Provided a student has completed matriculation; provided also that he has won standing of at least fifty per cent in Grade XII or equivalent examinations on at least four subjects of those listed below, he may be allowed to try to complete his degree in three years, but he will not be given credit for more than five of these subjects. The subjects are as follows:—

Latin 1, Greek 1, French 1, German 1, English 1, History 1, Mathematics 1.

A candidate will be allowed supplementary examinations in the subjects required to complete five classes provided that the certificate shows a mark of at least thirty per cent in such subject and that the candidate has credit for the corresponding matriculation subjects. **No credit will be given for certificates obtained after a student has once been registered in the University.**

The certificates to which these provisions apply are the following:

- (a) High School or Accredited School Certificate** of Grade XII of Nova Scotia issued by the Department of Education;
- (b) Third Year Certificate as issued by Prince of Wales College, Prince Edward Island;
- (c) Certificate of the first year of Memorial University College, Newfoundland;

The course entails (a) a certain degree of concentration, (b) additional work in the subject chosen for Honours, (c) a higher quality of work than that for the ordinary Bachelor's degree. The following are the general rules for such a course:

1. A student may obtain Honours in four years from Grade XI if he spends all four years at the University. In certain departments, students who are well prepared may be allowed to obtain Honours in three years from Grade XII.

2. Honour students must be accepted by the department concerned. Their whole plan of study must be under the supervision of that department during the last two years of their course.

3. To obtain Honours, a student must:

- (a) observe the rules for the ordinary B.A. or B.Sc. degree as laid down in the Calendar, (p. 28) except that in special cases, on recommendation of the department concerned, the Committee on Studies may allow the substitution of an advanced class in one of the sciences for the imperative in another.
- (b) take at least five advanced classes prescribed by the department in which he is taking Honours;
- (c) take two additional or special classes—one in the third year and one in the fourth year in the department in which he is doing his Honour work. (These classes shall be primarily for Honour students and may be given in any way that the department may decide). This means that twenty-two classes are needed for the B.A. degree with Honours;

- (d) pass a comprehensive examination covering his Honour work at the end of his course;
- (e) make an average of not less than 65 in all his Honour classes. (This includes the five advanced classes, the two additional classes and the comprehensive examination at the end).

Honour Students must consult their department for advice regarding the scope of their work and the standard required in the examinations.

**The standard required is 50 per cent in each subject.

OTHER COURSES

It is most desirable that Divinity Students should reside in the College and take their full share in the privileges and responsibilities of college life. Circumstances in certain cases may move the Divinity Faculty to allow non-residence for part of the course; but students receiving such permission must be prepared to come into residence for at least one full college year.

***Since Sociology 1 is required in the Divinity course, Arts candidates are strongly recommended to include it as one of these two classes.

All Divinity Students and those looking forward to the study of Divinity will consult Professor Stone as to the choice and arrangement of their courses; then if approved by the Dean of Divinity, they will register in the Registrar's office on Saturday, September 30th. A medical examination by the General Synod physician is required for all new students.

Students in Arts will not be permitted to enter any classes in the Divinity Faculty except those which are required as options for the Arts degree without special permission of the Faculty.

Divinity students will not be permitted to take any portion of M.A. work along with their Divinity Course without written consent of the King's College Faculty.

For those veteran students who, with the permission of the Bishop, proceed to the study of Divinity without taking a degree, a four years' course is required, viz; a Probationary year for veterans, followed by the three years' course as outlined below. Successful candidates will thereby qualify for the Diploma of Licentiate in Theology. "Other non-graduate students who wish to qualify for the Diploma of L.Th. must complete the courses in Divinity and five of the following courses in Arts, viz: Latin, Greek, Hebrew, English, History, Sociology and Philosophy, of which Sociology must be one, and either Greek and Latin or Greek and Hebrew must be two."
