

Journal

29th March

1003

Cabrera

1003
Tuesday 29 March
Attended the supreme
court on M. Inloch's busi-
ness. Was not called.

— Received a letter containing
an order from M. Ogilby for
Sulphuric nitric, and prussic
acids - one pound each.
+ The shoemakers of this
country are extremely fond
of spirits. I had a number
of them packing up books
and shoes yesterday and to-
day. I gave them a large
bottle of Remy's rum.

1803
Wednesday 30 March
7 $\frac{1}{2}$ a.m. Ther. betw 01°
sultry - but wind
some thin clouds -

- Last night Mr. Richard.
son called I did not know
him -

- Degrees of honors are marks
of distinction bestowed on such
students as are next to those
who get medals and premiums

+ Mr. Buchanan has recom:
9 fr Latin and Greek some
set of whom never attended
him.

+ A renewal of hostilities
is now said to be certain.
We have again taken possession
of the Cape. Our troops were
in the act of embarking
when a private arrived with
dispatches, on which our
troops again took possession
of the town -

8 a m Thu - Walk 01
Mudg - 02

Fresh breeze from the South

Friday 1 April 1803 #

+ with Mr Brown
Drank tea with Mrs Dene
+ three dozen Bott purchased by
Cap. Roberts at 5. 2 p Day
It has blown my head all
Day - wind S. E. - Shipping
in the air upon the danger -

Saturday 2 April

This morning wrote the Sheriff
office called on me to recom-
mend him to some gentle-
going train. He also expects
a present on account of his
kindly to Mr. J. J. J. —

+ Got a treasury bill changed
by Mr. Caulfield = 1000 Rs.

- Paid to Mr. Croft 0 Rs. per
of Mathew
In Martin's institutes 2 Vol.
1

Sunday 3 April —

- Blew hard last night
wind S. Easterly —

- Middlewick called and packed
the shoes — 200 in one
trunk — and 200 pair of
boots in two trunks. —

+ with Mr. Farley — Comment
respecting Girls — M — y
at the door — Mrs. F. — looking
out at the window above
heard part of it!! —

Blew hard — Thunder at a
distance. —

1803th
Monday 4 April -
0 a.m. Ther. both - 02½
Clear here last night - great
appearance of a N. winter. -
- Lecture room - arranging the
apparatus. -

Tuesday 5th April
9 a.m. Ther. both - 03½
Wind somewhat abated -
Thunder last night - no rain
- Paid^{home} rent for Feb; 05th
- Visit from D. Kelly -
+ invited to dine with him
on Friday next -
Capt. M. Casley called & dine
with him on Thursday next

Wednesday 6th April

Still blowing hard -

- Delivered to Messrs. F & G and

Co a box containing

2½ lbs Sulphur acid at 3/7. 0

1½ lbs Bell's Nitric acid - 0/12

1 lb Muriatic acid - 0/0

24 Sh 27. 0

- Sent also a bill for 2000

Seven Rupees - No 1373 -

Dated 28 Feb^r - to my Credit -

- Evening went to Mrs. Beck, Collyer

on Mr. Milner's affairs to

the Asiatic Society -

Thursday 7th April 1803

Blowing fresh - what a long
of time this weather has conti-
nued! -

- Saw several bills to James
and Co - am^t to 64, 2

- Mr. Jaggons sent a sexton
of French loans to be adjusted

+ Received a letter from

Capt. Forberg Bombay.

- with Capt. M. Carthy &
Robertson. -

Friday 8th April 1863

• Still blowing -

- Capt. Mc Carthy and Messrs
Deaton

+ With Mr. Kelly - Messrs -
Templeton, O'Neill - Messrs. Lynch

Saturday 9th April 1863

Left Mr. Mc Carthy 11.20 a.m.

A letter from Mr. Jones enquiring
about the hides -

- Took a ride to Mr. Mc Carthy

- Mr. Jones called in the evening

+ Saw Thomsen and McCoy some

about 8 p.m. - began to burn

at a distance at 6 $\frac{1}{2}$

Sunday 10th April
Independent Pain in the
Stomach returned - symptoms
of Paralysis in the ankles.
- Dr. Kelly sent me Dr.
Andersons new periodical
work entitled Recreation in
Agriculture, Natural history
Laws and Miscellaneous literature.
I sent him Vol. 4
and 5 Medicines and Physical
journal.

Monday 11th April 1803
Wind blowing hard.
Last night mostly calm -
- Colley - Messrs. Gair and Job
called at the Colley -
+ Three pint bottles filled with
Ether, well stoppered, were im-
mersed in water in the tub
when each of them lost near
two ounces - The water which
entered the bottle united with
or dissolved the ether -

th
Tuesday 12 April
M - h -

Still blowing hard -
Sent Capt. Homburg's letter
to Major Colbrake yesterday
- with M. M. Inloch - M. Jones

+ Received from Major Col-
brake a long letter with
two corresponding observations
of Eclipses of Jupiter's Sat: -
+ Report says the French have
taken Malta

th
Wednesday 13 April

Blowing hard -
- visit from Capt. M. C. - and
Relation - had some Claret
with the wine test - no lead

$4 \frac{1}{4}$ Grav. Mass - 00 $\frac{1}{2}$
Study - 06 -

Thursday 14th April 1807
Paper from the Secretary to the
Aristic Society, to inspect —
Now get ready to expect that
any member has time to
read such volumes —

Friday 15th April 1807
Wind more moderate this
morning —
— Looked at a house in
Loll Bay — cost 160 Rupees
— Called at Mr. White's Godown
Met Major James Moore —
+ Capt. McCarthy and returned
with me —

1803
Saturday 16 April
Went to the College - Capt
Robertson called -

H
O. Heavens overcast - soon after
began to thunder at a
Distance

H
O $\frac{1}{4}$ Heavy rain - some drops
very loud - noise = $1\frac{1}{2}$

None taken -

H M
1.10 p.m. rain ceased

Thunder continued - at
a distance -

The therm. fell from 83 to 79
in half an hour. —

+ after dinner a visit to

M. Brown -
- at 7 p.m. Thunder at a
Distance

H
O p.m. Thunder very low
flashes near, but no rain
They covered with a very
thin smoke colored shower
with a number of detached
detached clouds considerably
lower -

H
9 Began to rain - Thunder
low and near

H
10 very heavy rain - Thunder
- continued till

H
13 p.m. when Thunder moved
off to S.E. —

1863
Sunday 17th April
9th a.m. Therm. Ball - 78
Shady - 79

Temperature pleasantly cool
+ Kennel and pair for
3 Dozen Ball Thrush to
Capt. McCarty -

+ The two Capt. Messrs. War
and Forbes with me

- Bladder of a person
hanged contracts into a
very small compass, and
consequently exsucts the
water - This seldom the
case in Natural Deaths -

Monday 18th April 1863
Some thunder with a little
rain this morning - cool -
+ + wrote to Mr. Fenton concerning
a letter in my Sermon I should
to him instead of a will -
+ also sent him the "Threats &
Book Am. Lit. J. K. 1821 -

+ Emerson Messrs. Ware, McGuffey
and Forbes called -

Friday 19th April 1883

M—

Recd of M. Mc Carthy

an elastic Gum ball.

Change —

— Recd from M. Croft an Artificers
horizon, four traps, Receipts for
Sale.

1883 The
Wednesday 20 April

Still blowing fresh —

Some rain last night.

— M. Croft called with an ^{other} Artificers
horizon not finished

— Paid servants wages for
last month — SR 73, 0

— found the two boys again —

+ they have both left me

— took a ride to the Espla —
made with Capt. M & B —

— Stopped with them in the
evening —

1889 #
Thursday 21 April

9 a.m. Ther. both - 83°
moderate breeze.

- A visit from Dr. Newton.

Tuesday th 26 April

Paid to M. M. Carthy

a month's rent and gave
him notice that I would
leave his house at the
end of this week. ~

- Set out early for the com-
pany's garden along with
M. Forbes - Found G. Noe

lunch at home with his
daughter and son in law
M. Stone with him -

- Took a walk in the garden

- visited the Temple on the

other side of the river
and returned home about
four after having spent
an agreeable day. —

† On my return here found
a letter from Mrs. Beech.

Even —

M —

th
Wednesday 27 April
+ wrote to Mr. Lloyd respecting
the Equatorial. —

Wrote a long letter in
answer to Mrs. Beech's —

1893
Thursday 28 April
Read another letter from
Mr. Beck -

Friday 29 April
Began to prepare for
moving to another home
& wrote a long letter to
Mr. Beck -
& Capt. May and Mr. [unclear]
came to dinner, I had
forgot, and had nothing
in them.

1803

Thursday 30 April

Moved completely to my
new house

+ with Capt. M & R.

+ a Lead line hemp core
shut & it is said when

well soaked with water

always sinks, & is it

true as affirmed that at

a certain depth the lead will
not sink further.

St. May
Sunday 1 April 1803

Went part of the forenoon
in order to my new
house

— visit of Doctor Threlk
who ordered six pair of
Shoes of Mr. McIntosh.

+ with Mr. Faulkner.

Monday 2 May 1803

Arranging how to get furni-
ture in my new house

+ with M. Harrington

Messrs. Calbreath - Hunter.

Meslrs. Bentley, Blagden

+ Messrs. - Phosphorus!

Tuesday 3 May

Spent the morning in
preparing for the return

Purchased a reading glass
at Tulloch's where I met
the Provost

+ with M. Ware - Capt.

M. C. and Roberts

M. Juno first note of the
ambitious - Opium from
