

Item: Pharos: Dalhousie University Yearbook 1974

Call Number: LE 3 D35 1974

Additional Notes:

Digital version of 1974 Dalhousie University yearbook, 288 pages, black and white with some colour. The yearbook contains images and text regarding the University, the graduates, the faculty and the buildings. Information regarding the editorial staff can be found on page 283-285. "Pharos" is both a reference to the destroyed lighthouse in ancient Alexandria and the name of the yearbook series.

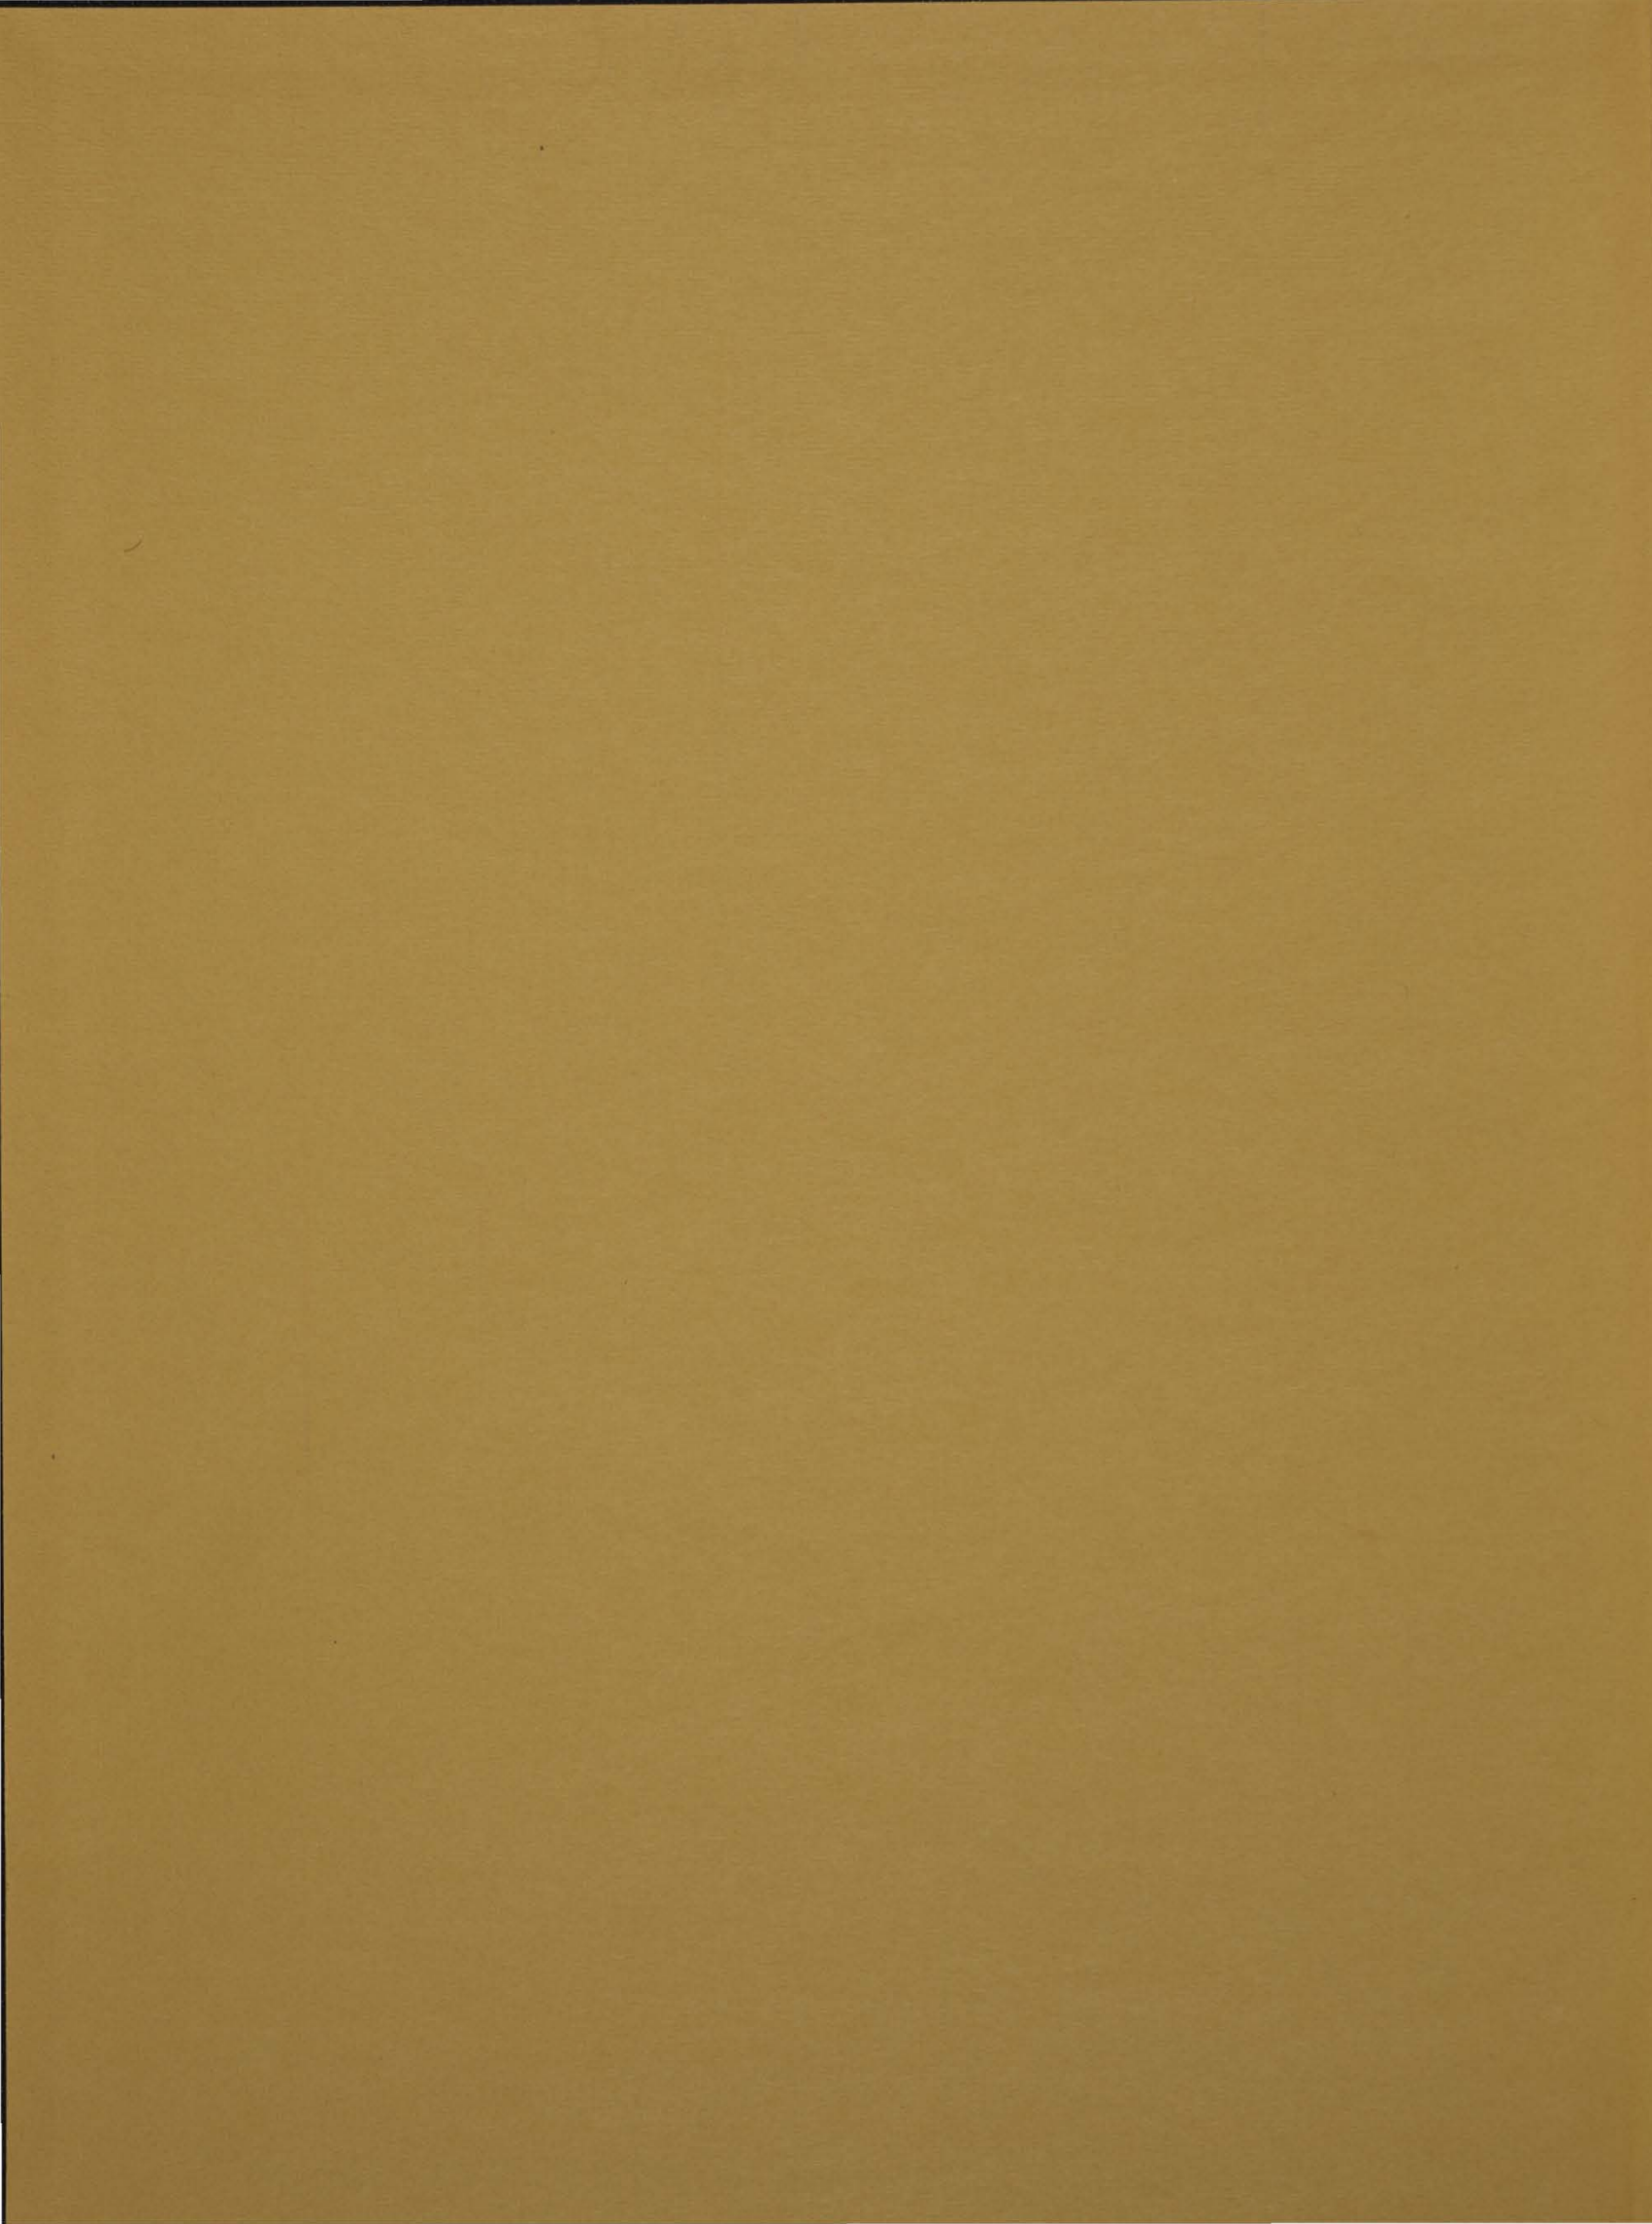

This document is a digital facsimile of the materials described above. It was digitized on August 2<sup>nd</sup> 2012.

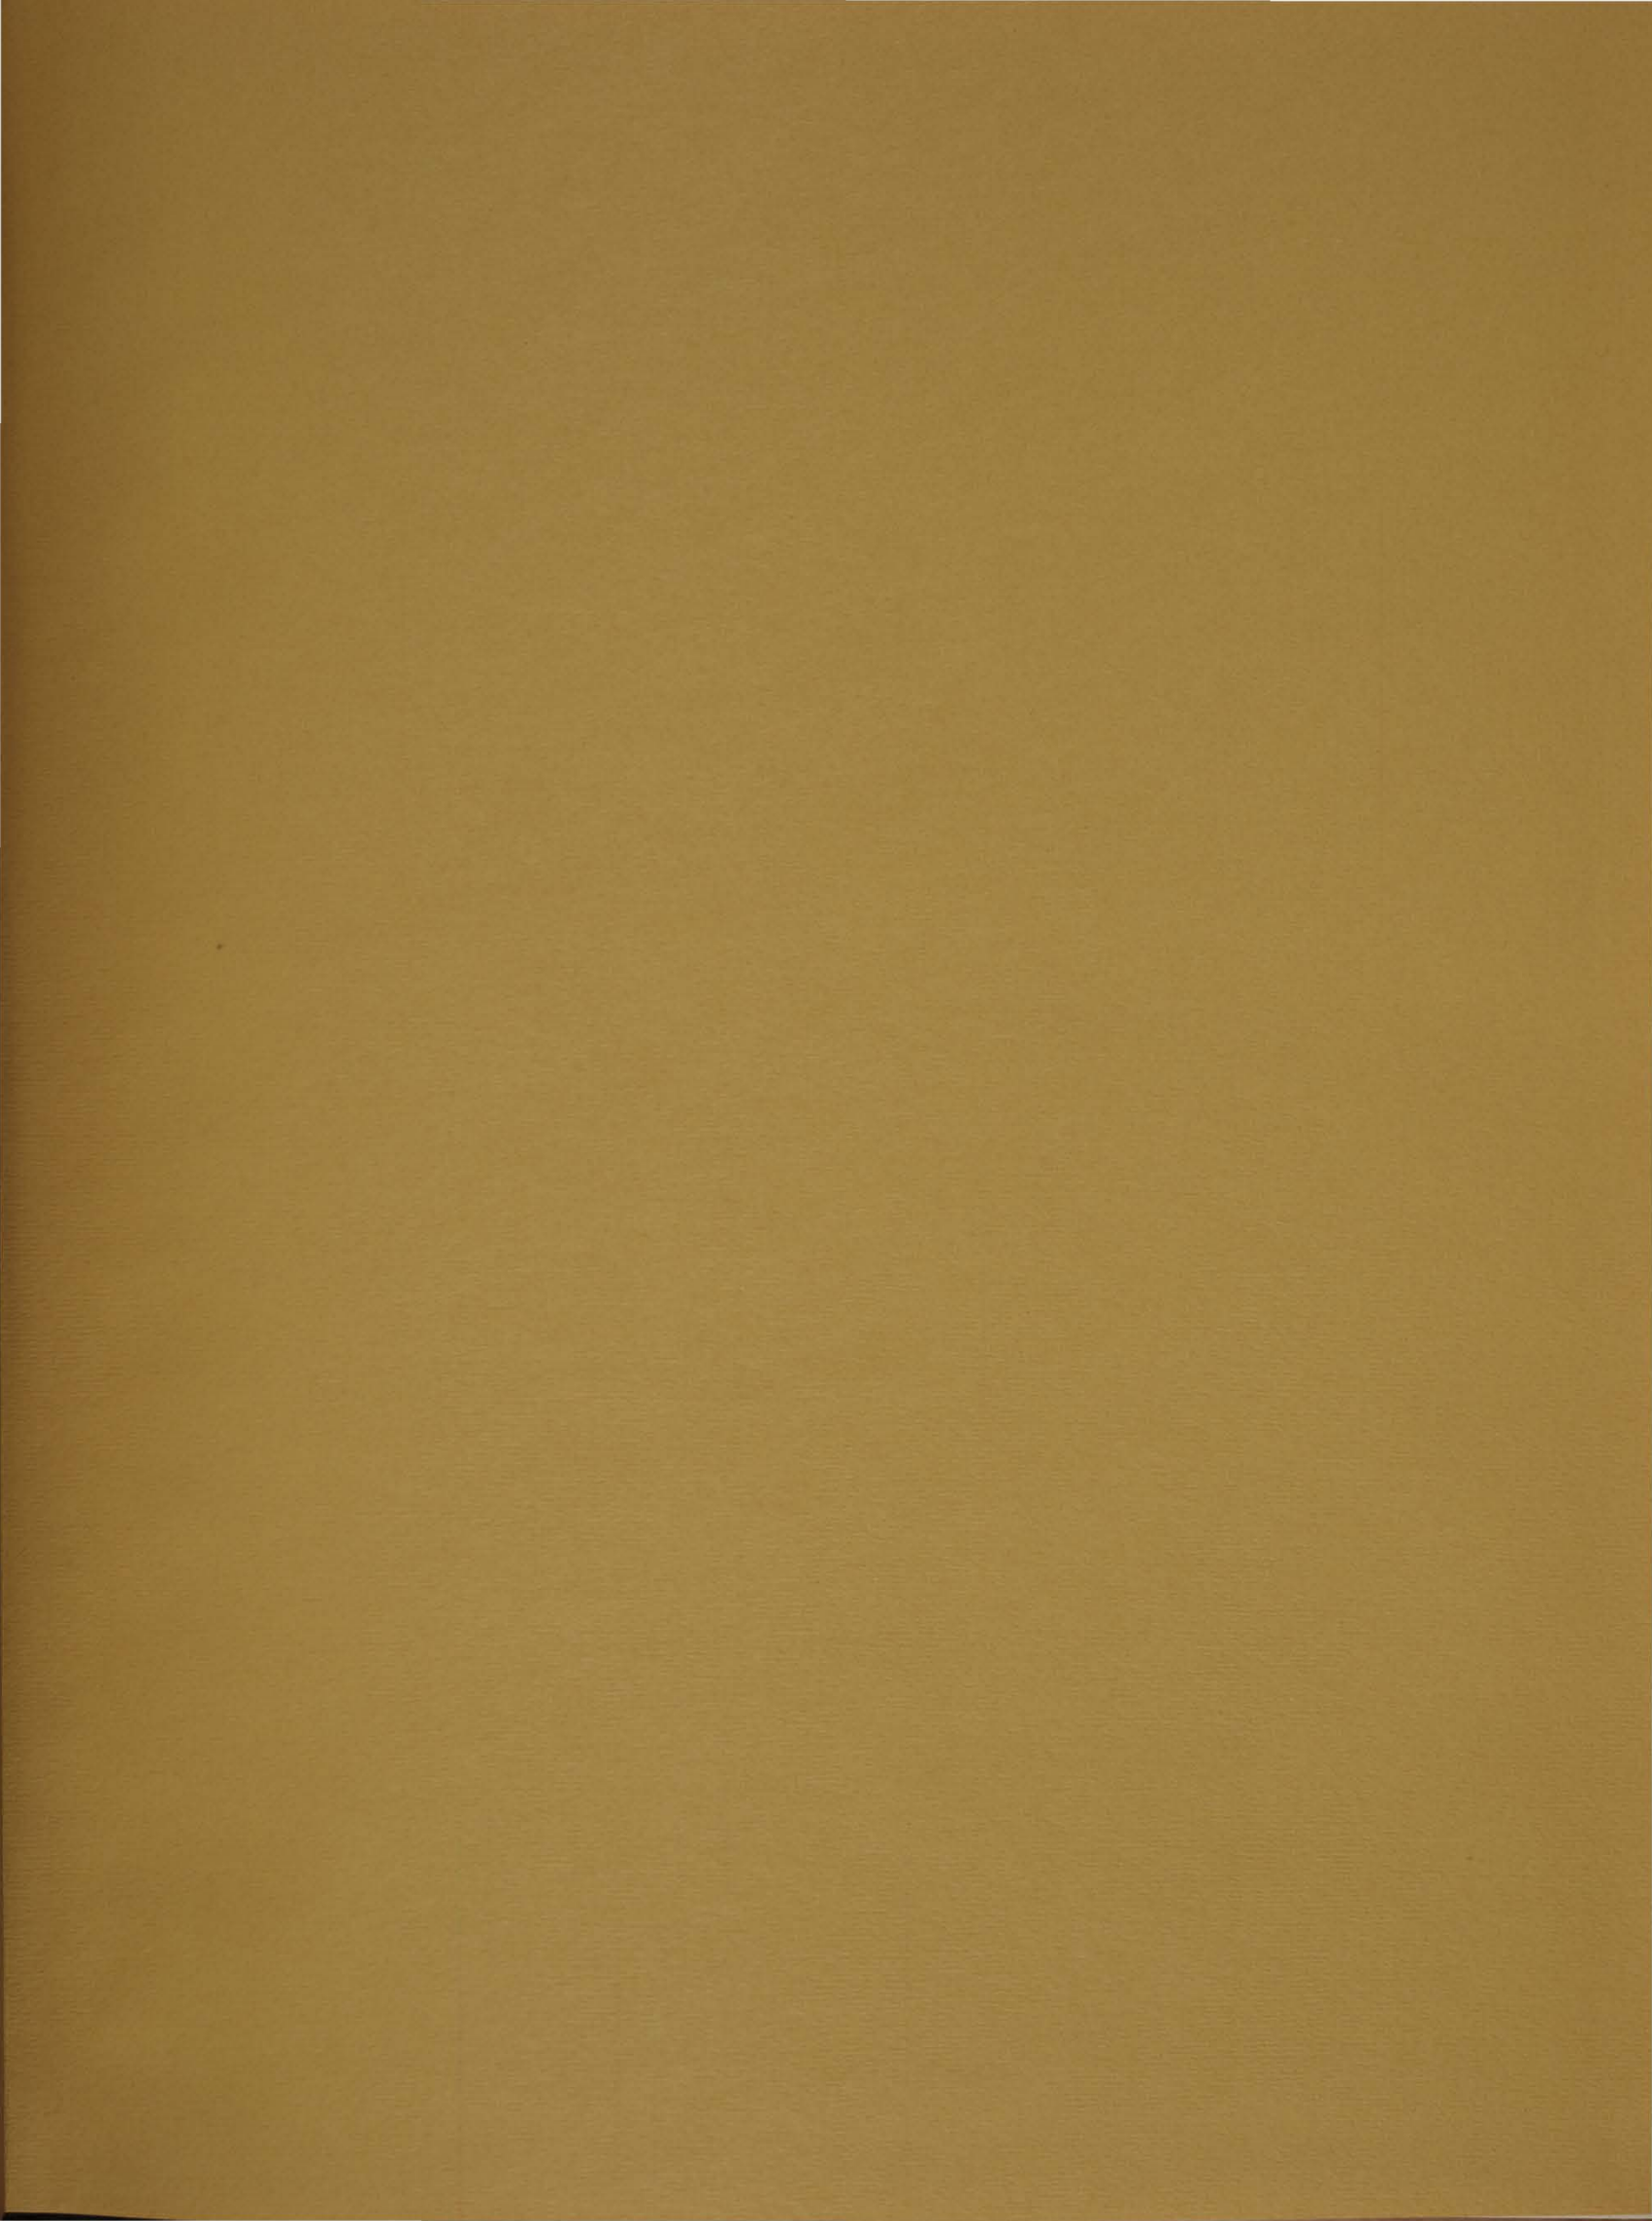

The original materials and additional materials which have not been digitized can be found in the Dalhousie University Archives and Special Collections using the call number referenced above.

In most cases, copyright is held by Dalhousie University. Some materials may be in the public domain or have copyright held by another party. It is your responsibility to ensure that you use all library materials in accordance with the Copyright Act of Canada. Dalhousie University 1974

Wisdom is slow, and comes  
But late. He who has it is patient;  
He cannot be hasty to hate or speak,  
He must be bold and yet not blind,  
Nor ever too craven, complacent, or covetous,  
Nor ready to gloat before he wins glory.

DALHOUSIE UNIVERSITY  
HALIFAX, N.S.

PRESIDENT AND VICE-CHANCELLOR

I am pleased to have been asked by the Editor of *Pharos* to write a letter of farewell to the Class of 1974 and, both personally, and on behalf of the University, I wish you well as you begin another part of your lives.

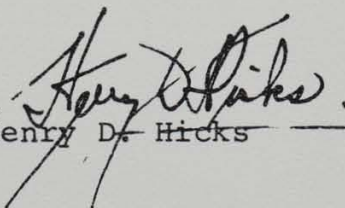

You are the largest class ever to graduate from Dalhousie. As I write, I have beside me, on the desk, a report from the Registrar which says that there are 1,812 potential graduates this Spring. This is very close to the total number of students enrolled when I came to Dalhousie as Dean of Arts and Science in 1960.

Numbers are not necessarily important, but it is good to realize, at a time when many of our resources (and, particularly, our sources of energy) are a cause of great concern, that the human resources of Canada and the world will soon be enriched by the addition of 750 Arts, Science and Commerce graduates, 150 teachers, 90 doctors, and 135 lawyers from this "little college by the sea".

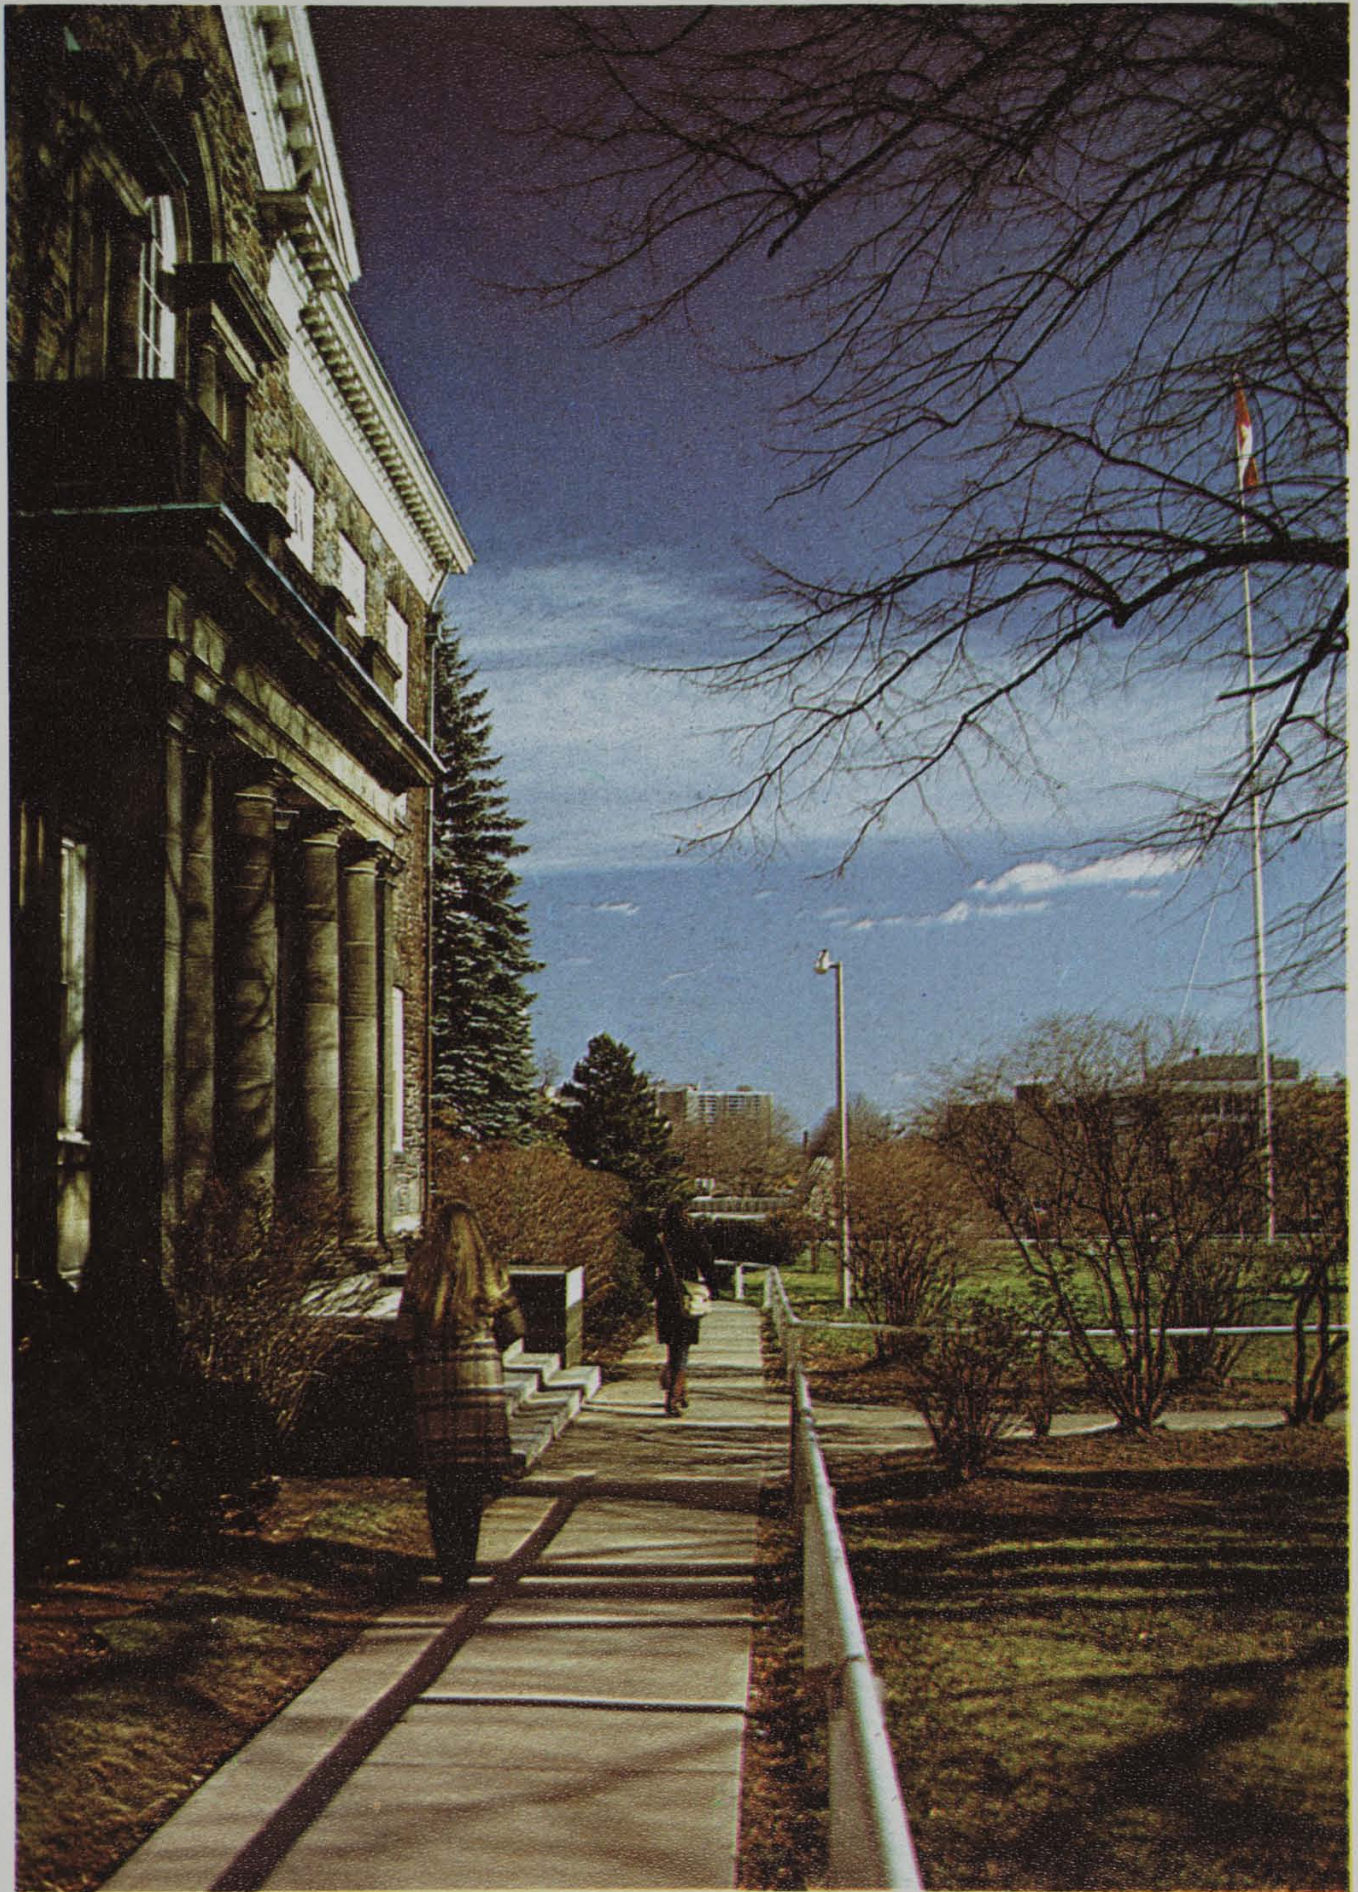

I hope that the great majority of you of the Class of 1974 will agree that your university experience has made you better persons, more useful to your community, and capable of achieving, and even of receiving, more out of life. I trust that you will be reasonably patient and not be unduly upset if it takes a little time before your abilities are fully recognized and rewarded entirely to your own satisfaction!

Try to come back and visit us in the years ahead, particularly when the Alumni Association provides the opportunity.

In the meantime, good luck to all of you!

  
Henry D. Hicks

George Ramsay, ninth Earl of Dalhousie

“Before I proceed in this ceremony, I think it necessary to state to you, gentlemen, the object and intention of this important work; I think it necessary to do this because I have never yet made any public declaration of the nature of the Institution I am here planting among you, and because I know that some part of the public imagine that it is intended to oppose the college already established at Windsor. This College of Halifax is founded for the instruction of youth in the higher Classics and in all Philosophical studies; it is formed in imitation of the University of Edinburgh; its doors will be open to all who profess the Christian religion; to the youth of His Majesty’s North American Colonies, to strangers residing here, to gentlemen of the military as well as the learned professions, to all, in short, who may be disposed to devote a small part of their time to study. It does not oppose the King’s College at Windsor, because it is well known that college does not admit any students unless they subscribe to the tests required by the

Established Church of England, and these tests exclude the great proportion of the youth of this Province. It is therefore particularly intended for those who are excluded from Windsor; it is founded upon the principles of religious toleration secured to you by the laws, and upon that paternal protection which the King of England extends to all his subjects. It is under His Majesty’s most gracious approbation of this institution that I meet you here today, and as his humble representative I lay this corner-stone of the building. I here perform an act which appears to me to promise incalculable advantages to this country; and if my name, as Governor of the Province, can be associated with your future well-being, it is upon the foundation of this college that I could desire to rest it. From this college every blessing may flow over your country; in a few months hence it may dispense those blessings to you whom I now address; may it continue to dispense them to the latest ages! Let no jealousy disturb its peace; let no lukewarm indifference check its growth! Protect it in its first years, and it will abundantly repay your care!”

Address of George Ramsay, cornerstone laying, May 22, 1820

Dalhousie University was founded as the result of an idea of George Ramsey, ninth Earl of Dalhousie, Lieutenant-Governor of Nova Scotia in 1817, that a university be open to any student, regardless of class or creed. The funds used to begin construction of the university were obtained from customs duties acquired by the British during their period of occupation of Castine, Maine in 1814.

The original site of Dalhousie University was the Grand Parade, where Halifax City Hall now stands. On May 22, 1820, the Earl of Dalhousie laid the corner-stone of the first Dalhousie College.

The buildings were ready for occupation in 1823, but the professors had not been chosen, and even the early supporters of Dalhousie were becoming apprehensive, believing that King's College in Windsor was sufficient as an educational centre. As a result, the college was closed and served as a community centre from 1829 to 1838. There were two attempts to amalgamate with King's College, but both failed. Eventually, Dalhousie came to function as a college, in 1838, with Reverend Thomas McCulloch as President until 1843.

There were only three possible chairs at Dalhousie when it opened, classical languages, mathematics and natural philosophy, moral philosophy, logic and rhetoric. The first class consisted of twelve students, which increased later to sixteen. The courses lasted four years with tuition being \$20, \$24, \$12 and \$6 respectively.

When President McCulloch died, the college again closed. It remained so until enough funds accumulated, which was in 1848. A Board of Governors was appointed by Joseph Howe, with Sir William Young as Chairman. During the period between 1840 to 1860, Dalhousie College became a high school named Dalhousie Collegiate School and later, Dalhousie High School.

In 1863, Dalhousie had a second President, Reverend James Ross. President Ross resigned in 1885 and he was succeeded by Dr. John Forrest, who, with his brother-in-law, Mr. George Munroe, founded five new chairs. They were Physics, History, and Political Economy, English Literature and International and Constitutional Law and Philosophy. Munroe donated \$350,000 which was used to erect new buildings and to improve the quality of the teaching staff. Mr. Munroe's generous grant was honoured with the proclamation of an annual University holiday in his name.

In 1882, due to a bequest of Alexander MacLeod,

The site of the original Dalhousie on the Grand Parade.

the chairs of Classics, Modern Languages and Chemistry were founded. Dalhousie moved to Carleton St. in 1886 where the Forrest Building was built housing the Faculties of Law, Medicine, Dentistry, Pharmacy and Biology. In 1912, for \$50,000, the Studley Estate was purchased and here the Science Building (now the Chemistry Building) was constructed.

Between 1920 and 1930, Shirreff Hall and the Law Building were completed. During the 1930's the Gymnasium and the Medical-Dental Library were built. The 1950's saw the construction of the Arts and Administration Building and the Memorial Rink. In the early 1960's, the Dunn Building was constructed, now housing Physics and Geology, and the Sir Charles Tupper Building, the new medical institute. The fall session of 1970 saw the completion of the beautiful Isaac Walton Killam Memorial Library where the faculties of Mathematics and Languages, and the Computer Centre are located. The following year, the elegant Arts Centre opened, containing the Rebecca Cohen Auditorium. The vast Life Sciences followed in 1972, and it now incorporates the Biology,

Oceanography, and Psychology departments.

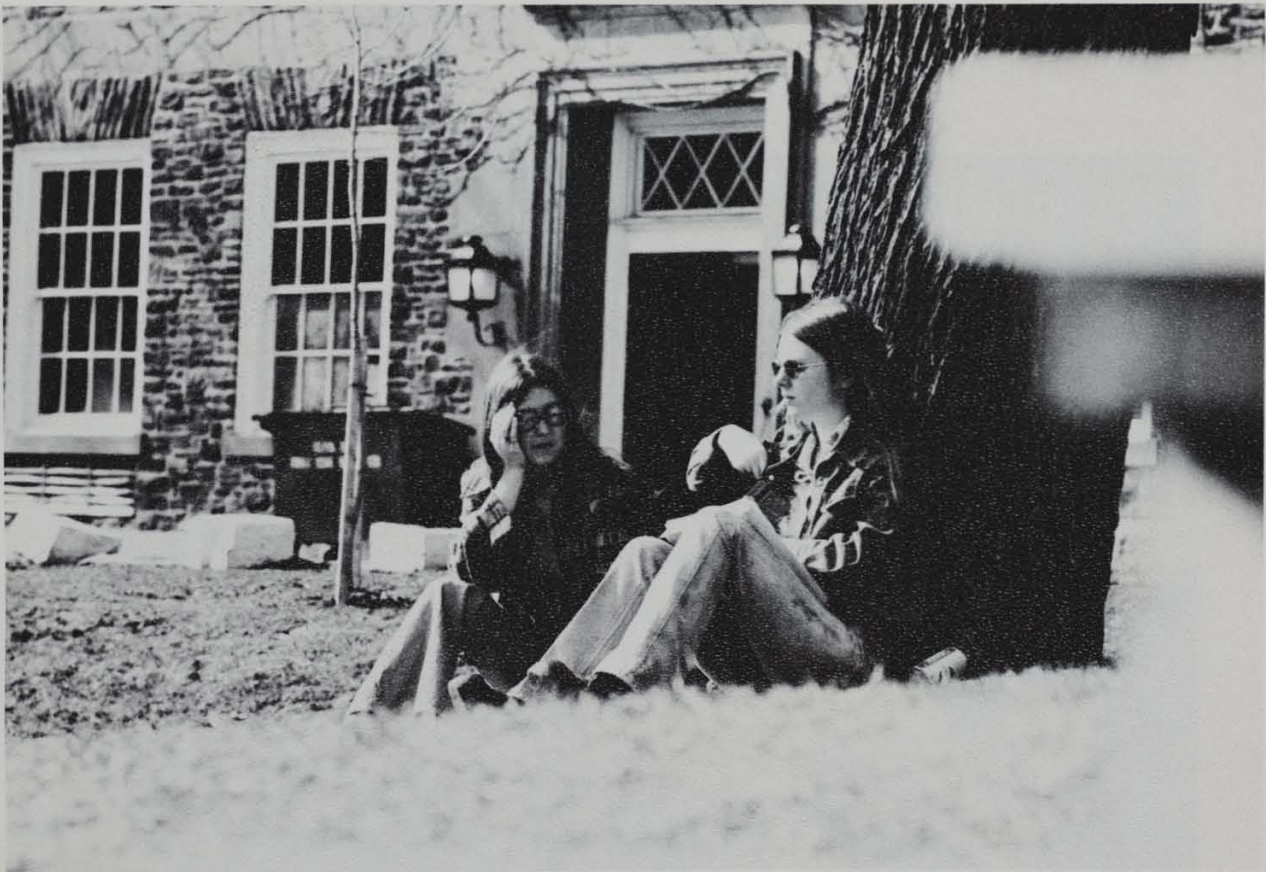

As Dalhousie celebrates its 155th anniversary, plans are in the making for further expansion of the educational facilities. Specifically, these plans include the erection of an Athletic Complex, Physical Sciences Centre, and Dentistry Building.

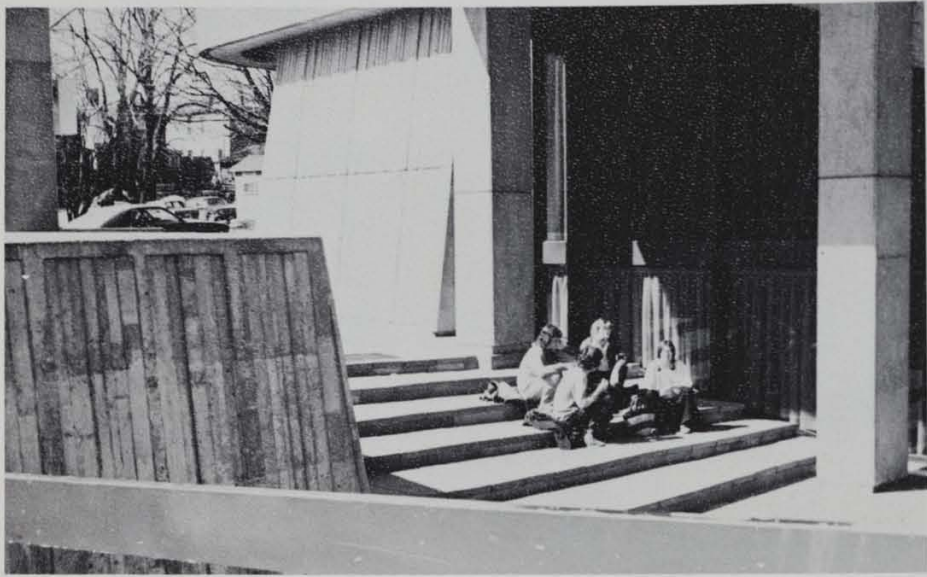

Days shorten . . .  
Shadows lengthen.  
The fall of the year . . .  
The springtime of Dalhousie.

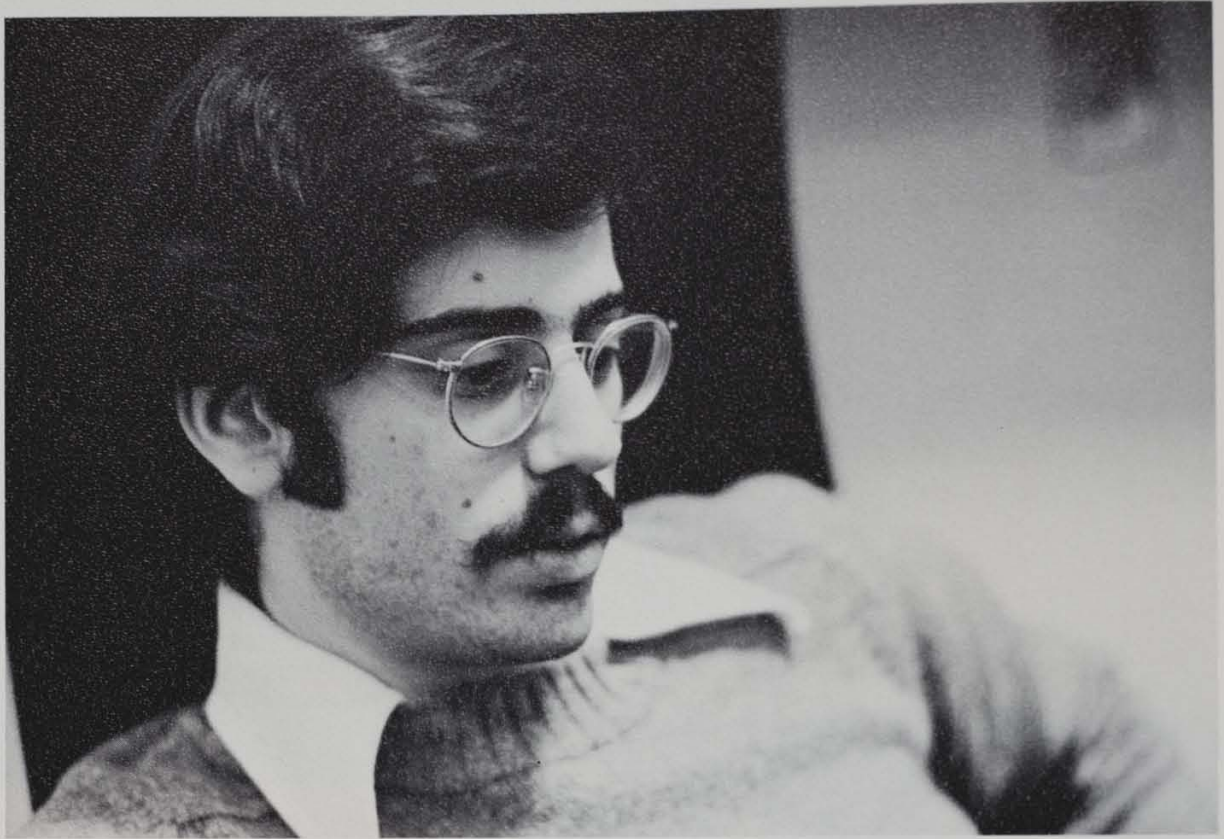

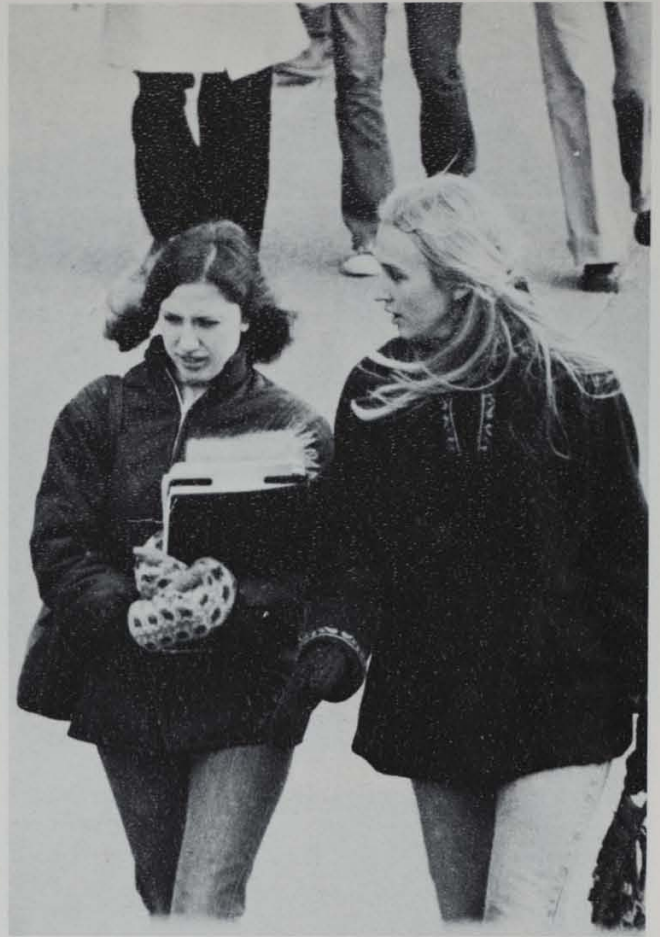

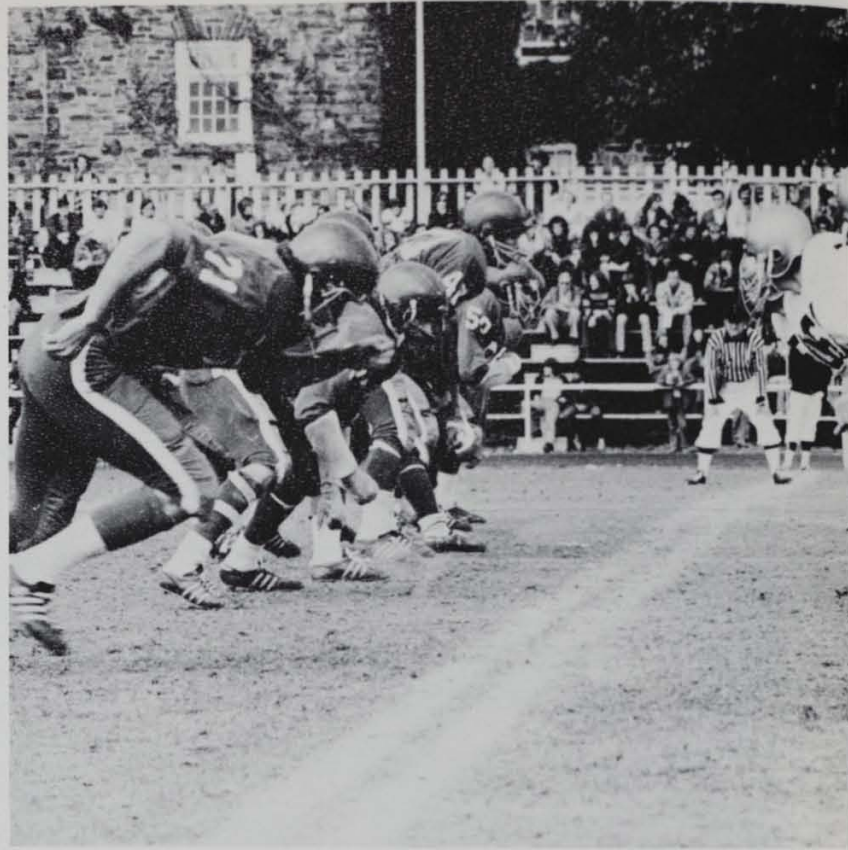

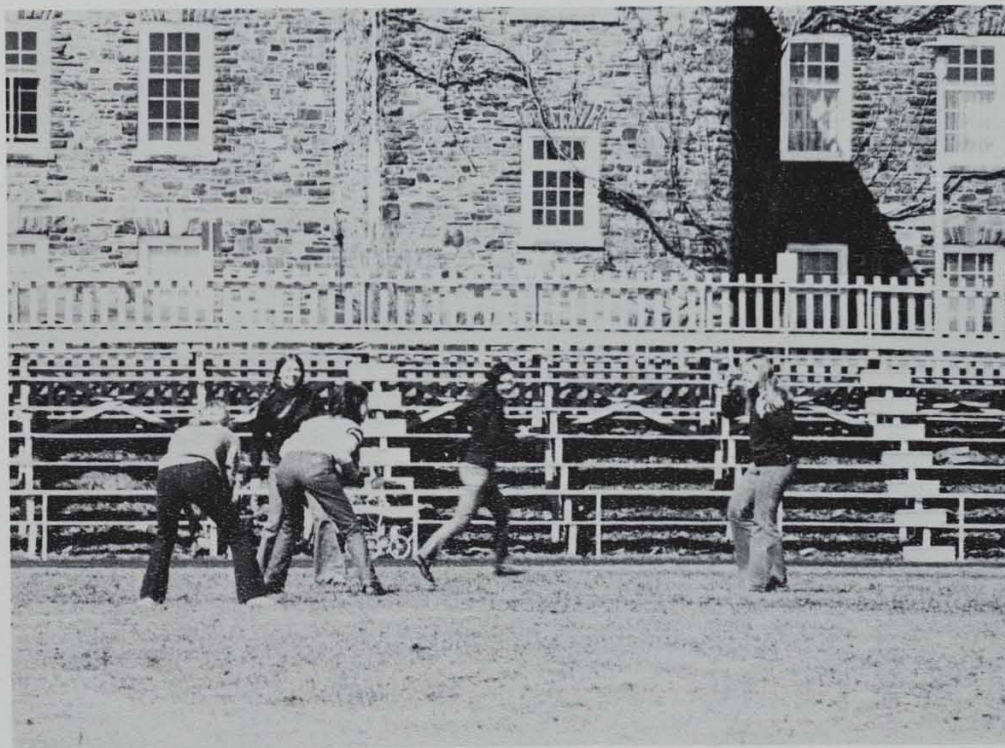

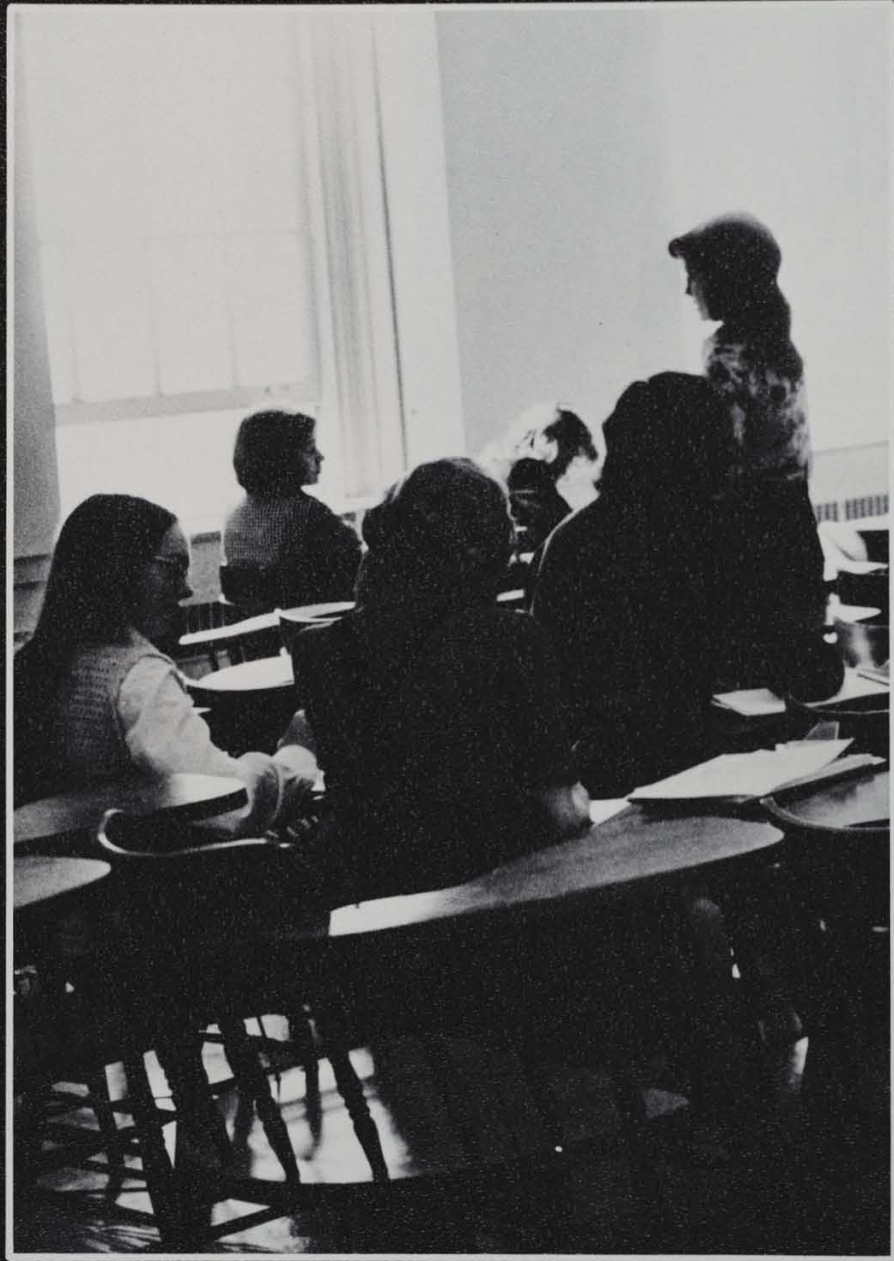

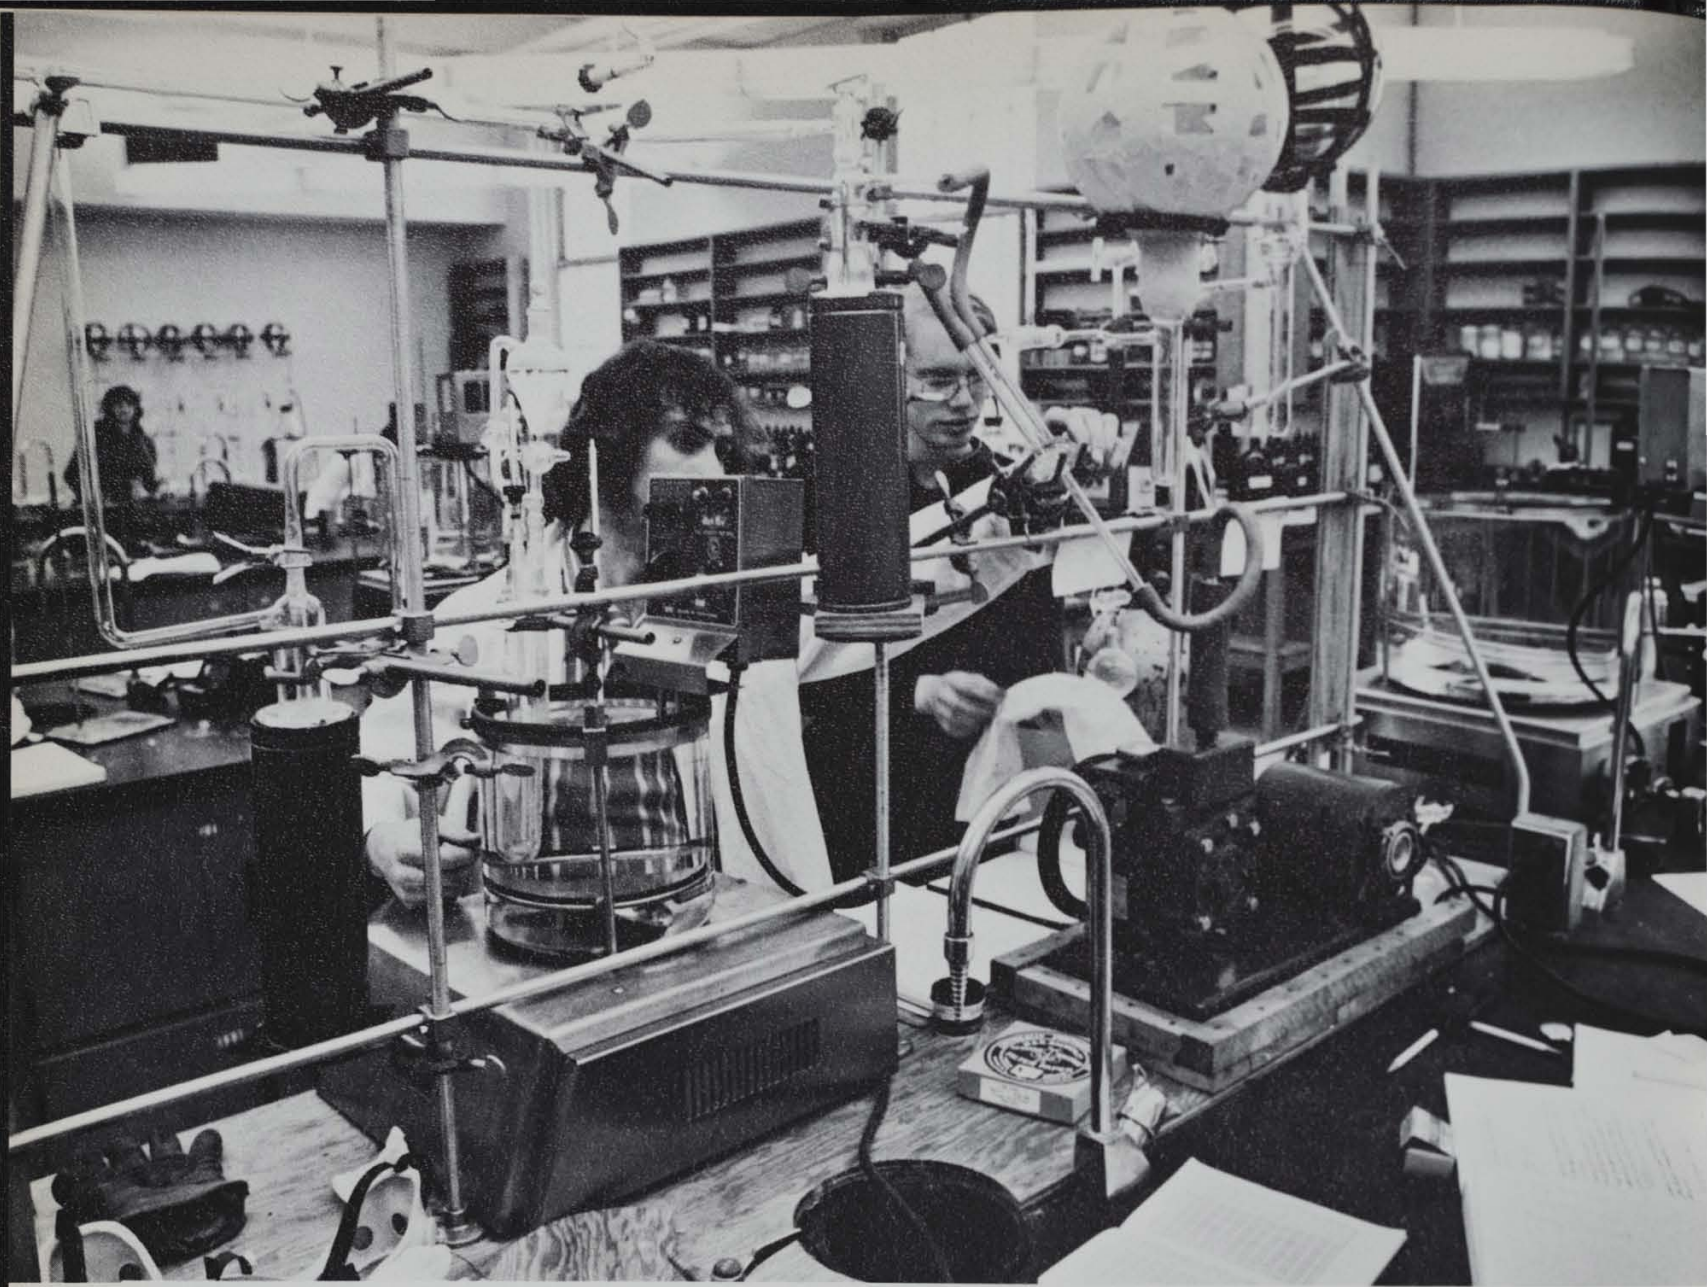

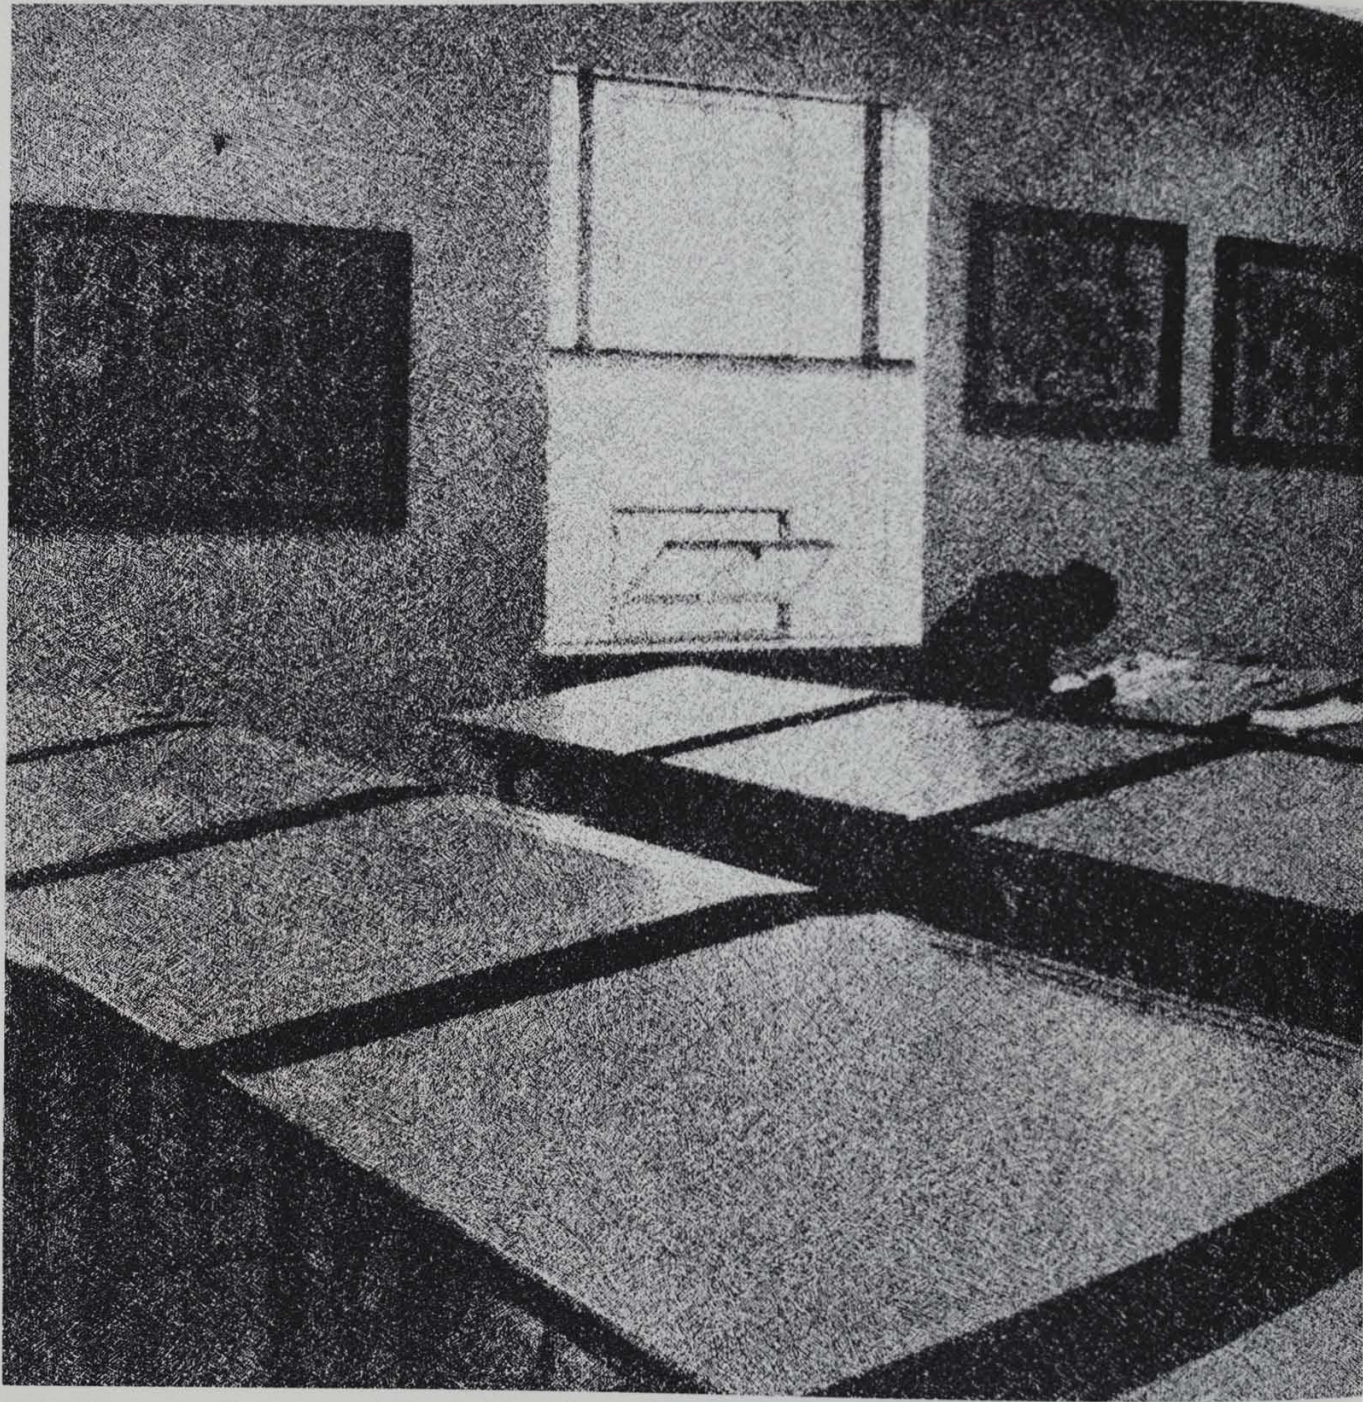

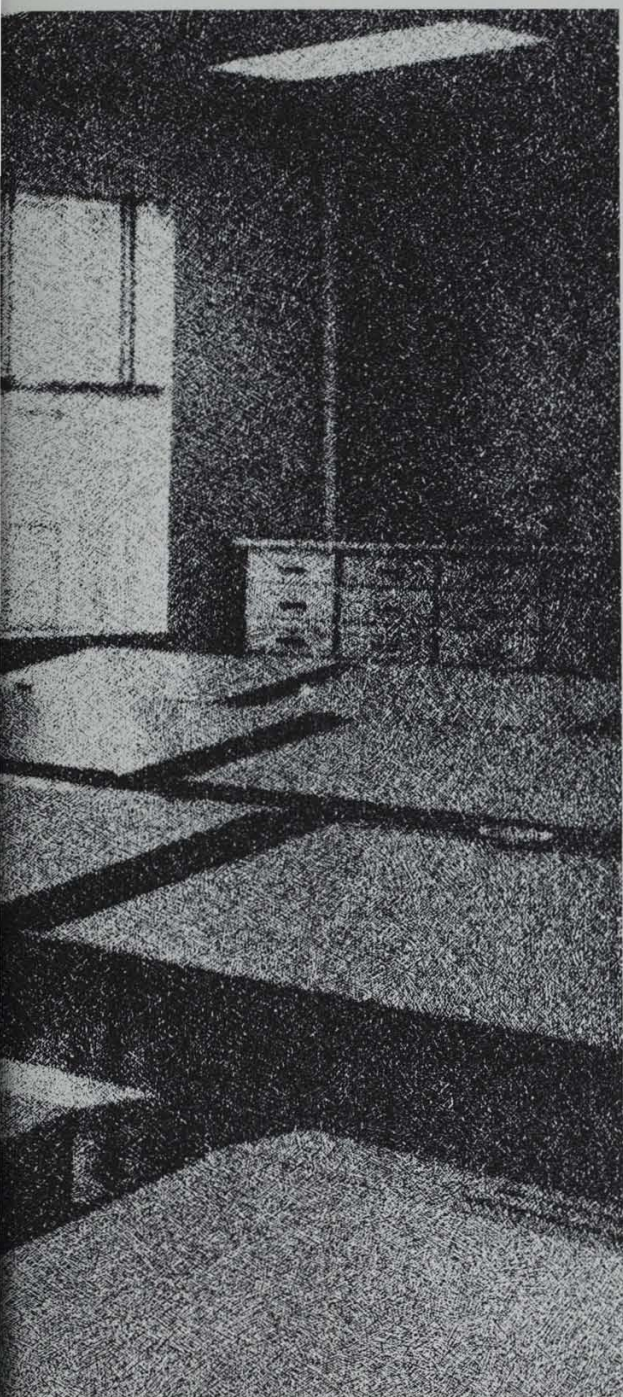

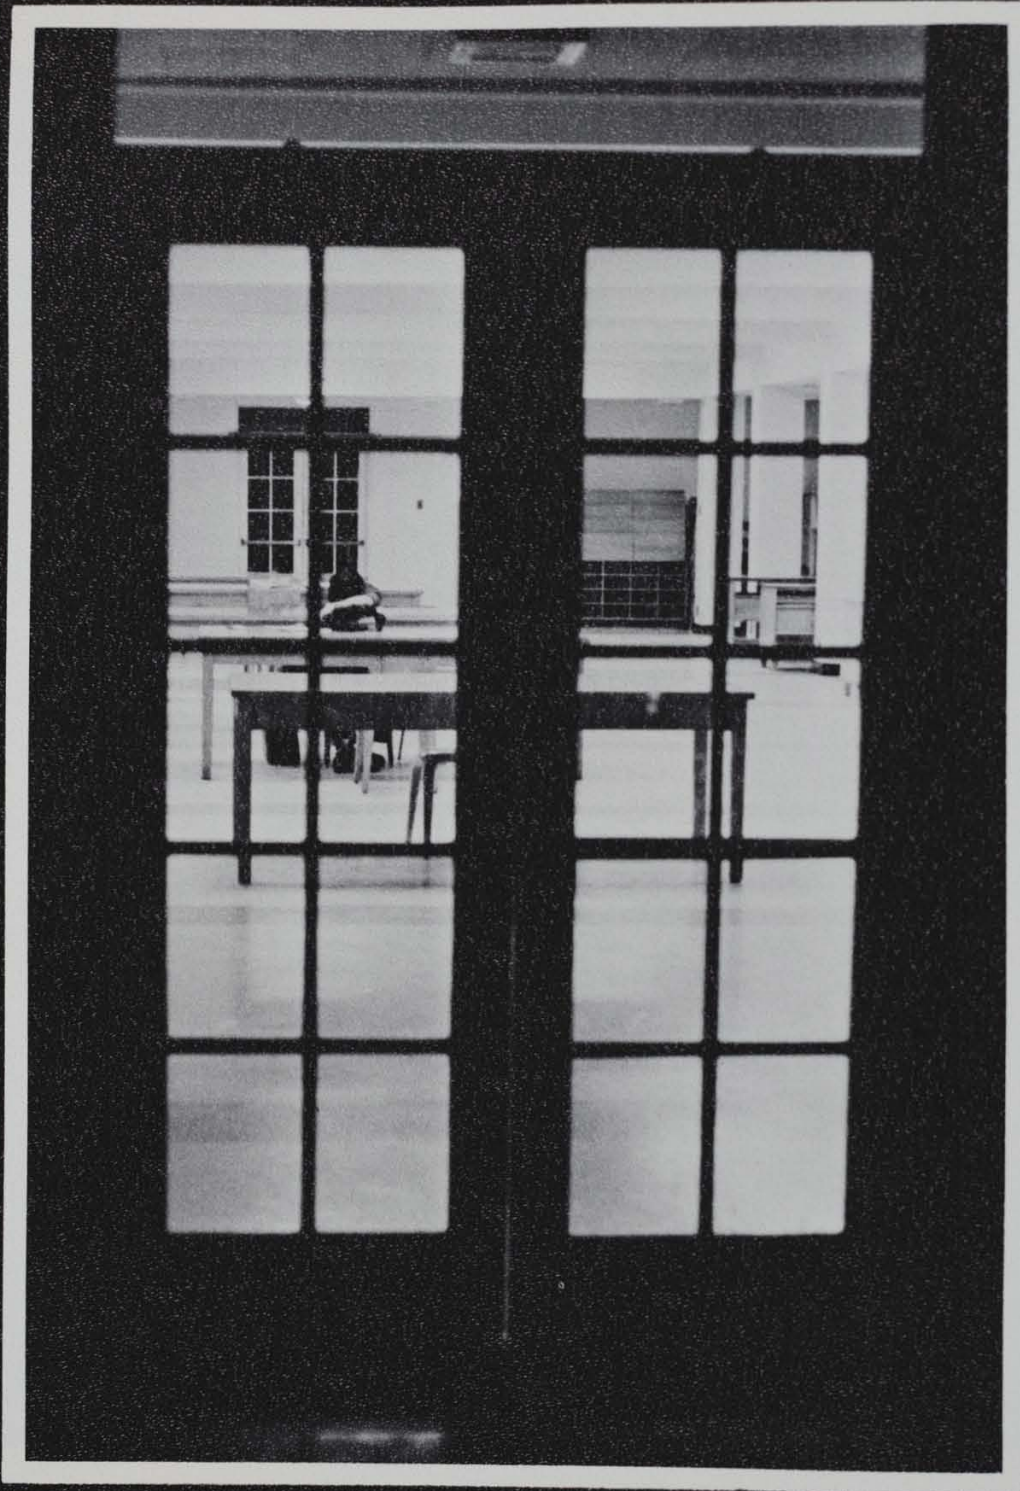

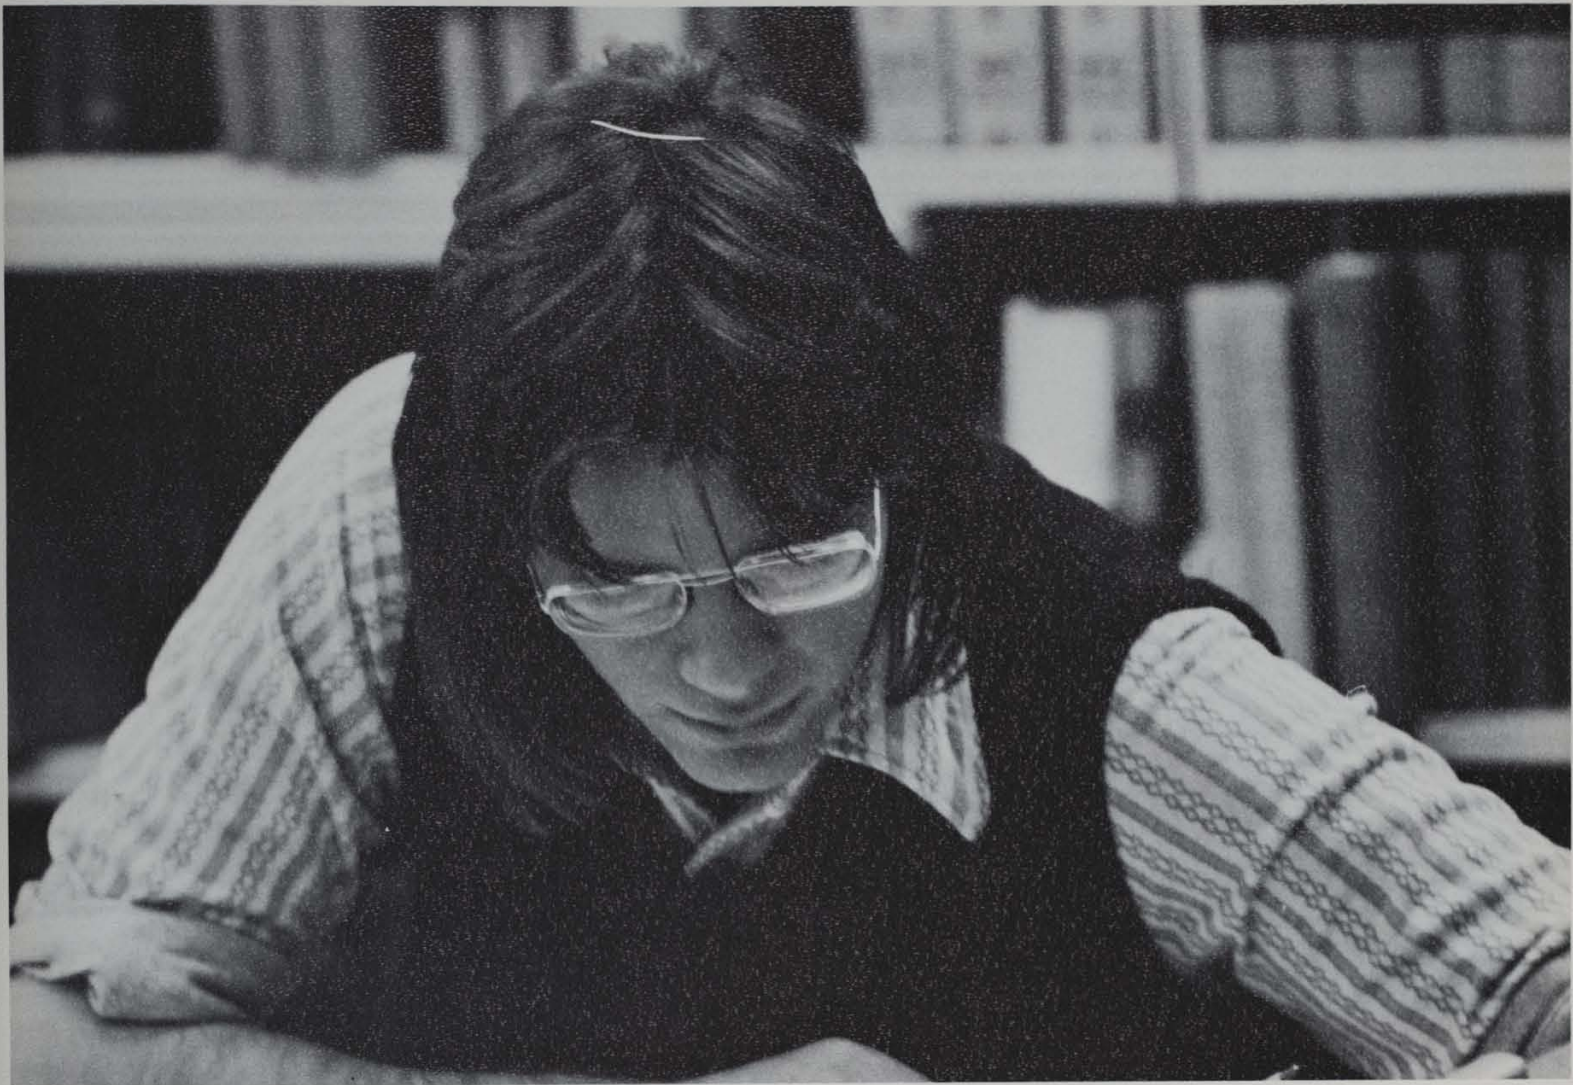

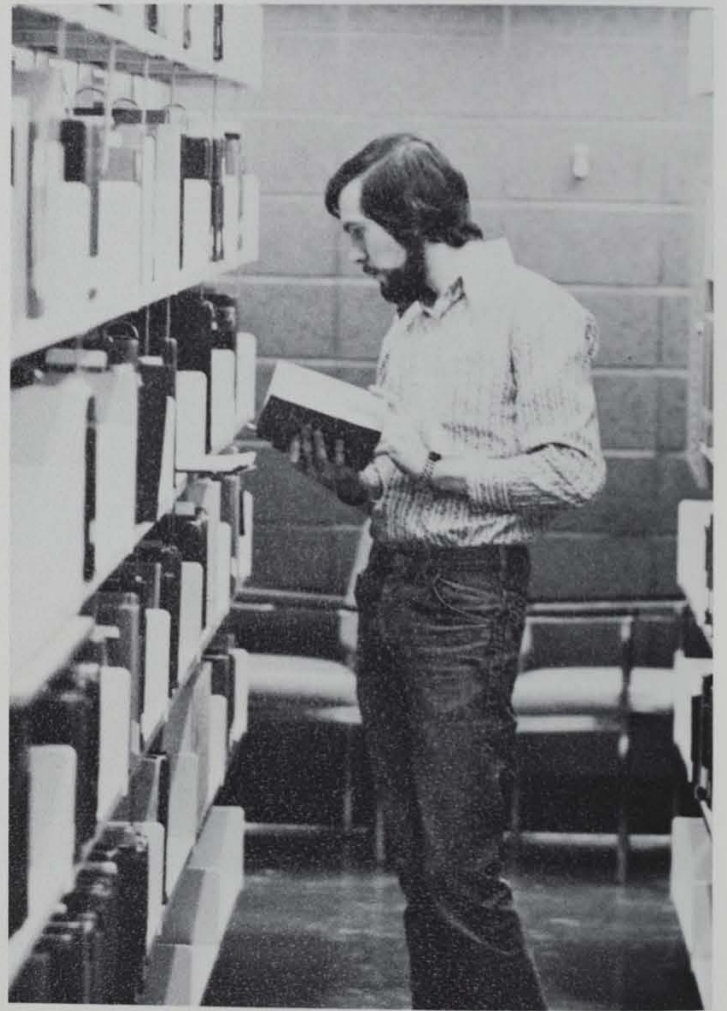

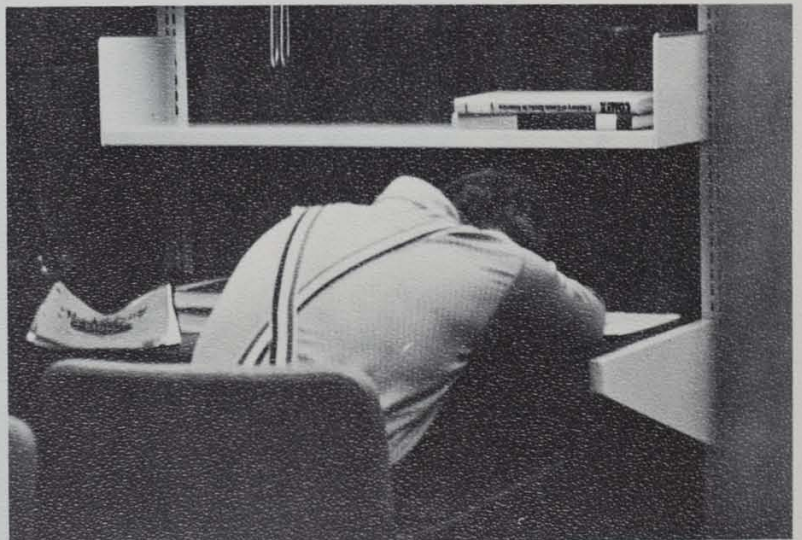

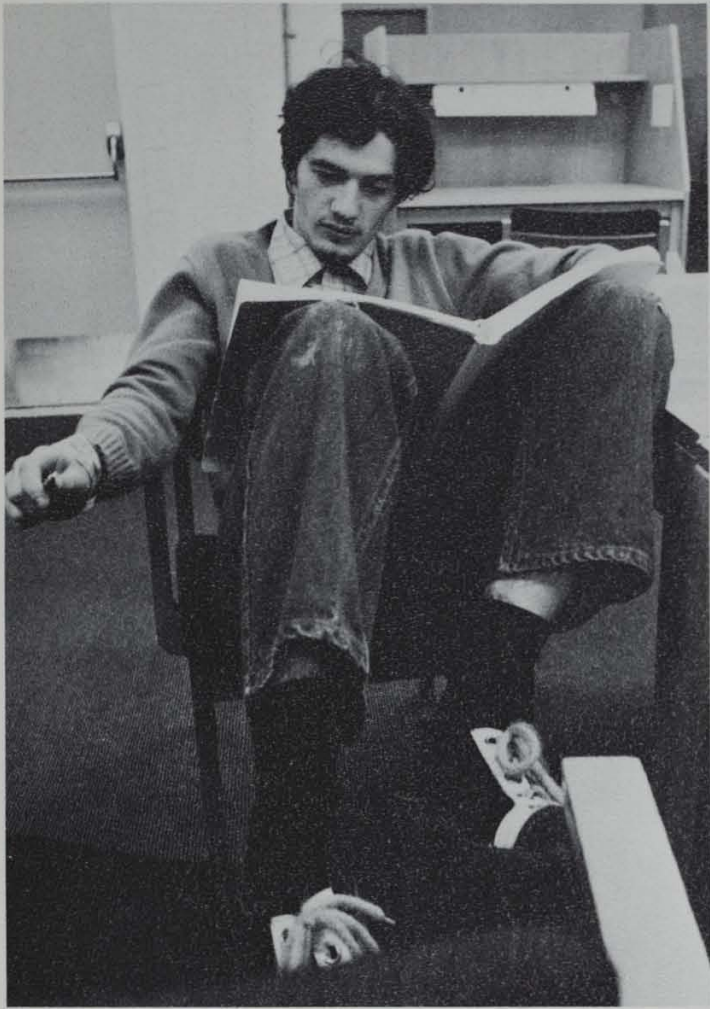

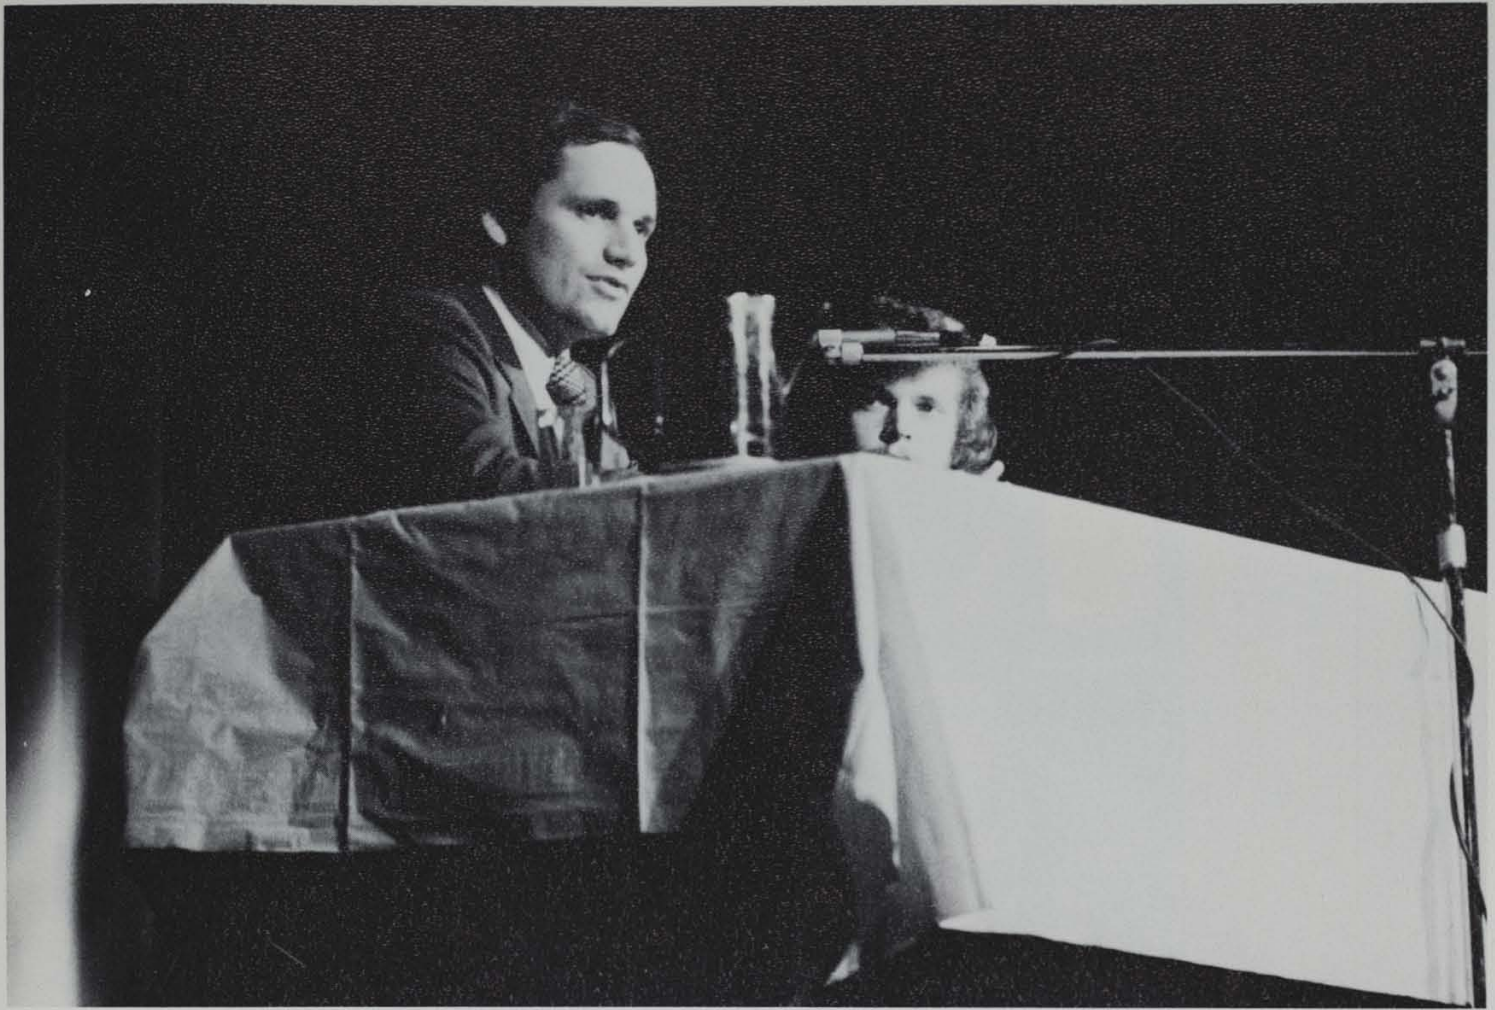

Eric Von Daniken, author of the bestseller 'Chariots of the Gods', visited Dal as part of a special lecture series. Von Daniken supported his contentions that extra-terrestrial beings have visited the earth several times.

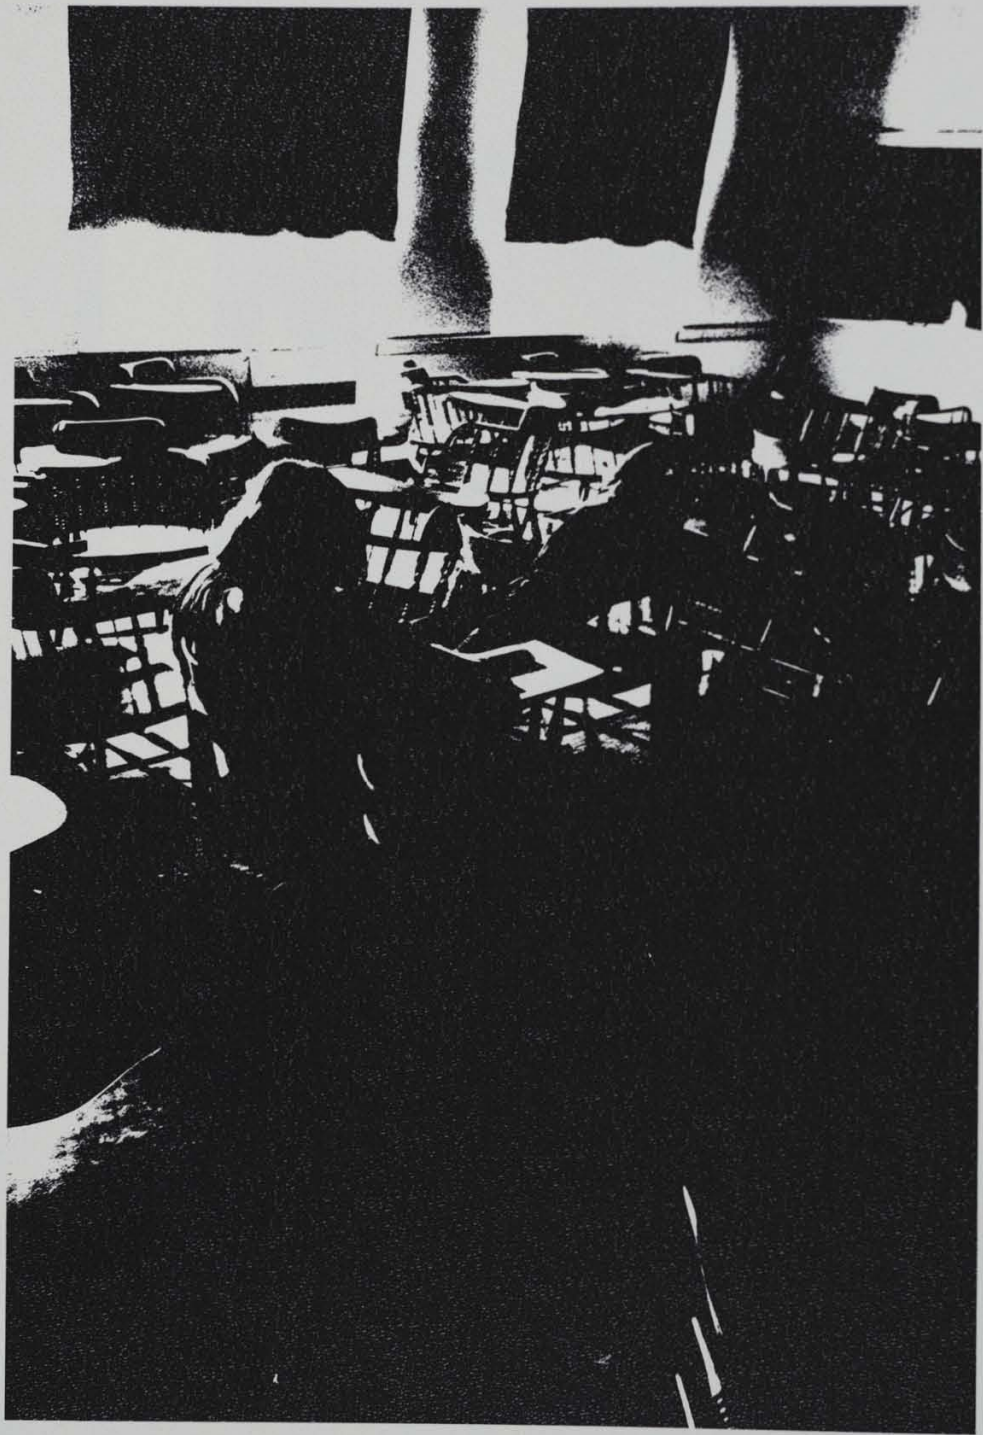

Bob Woodward, an investigative reporter for The Washington Post, won a Pulitzer Prize for his unveiling of the Watergate Scandal. Speaking in the McInnes Room, his explanations and anecdotes concerning the conspiracy proved to be informative and entertaining.

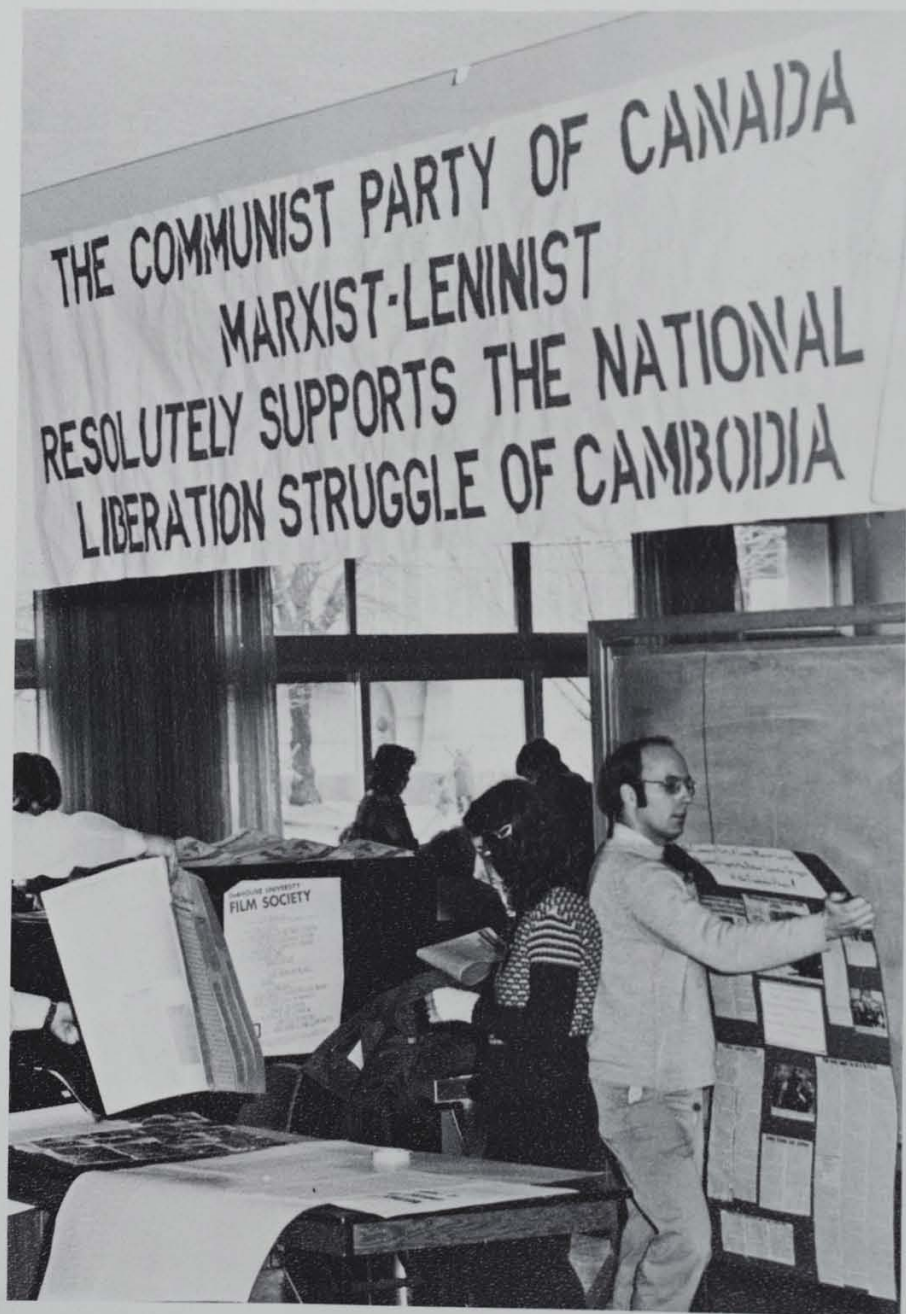

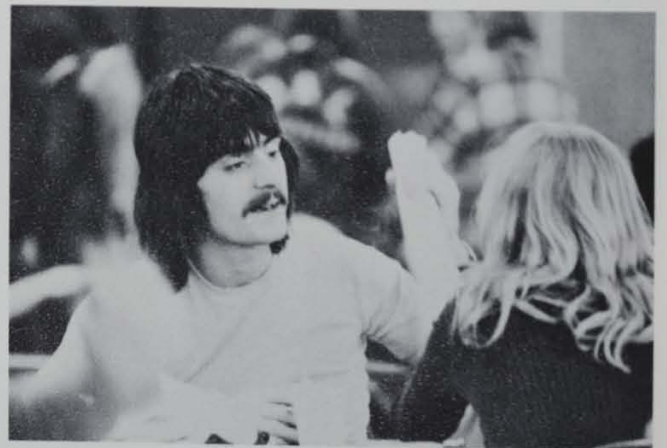

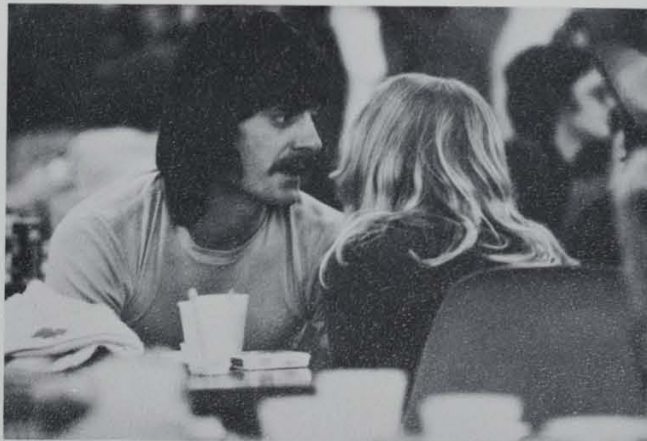

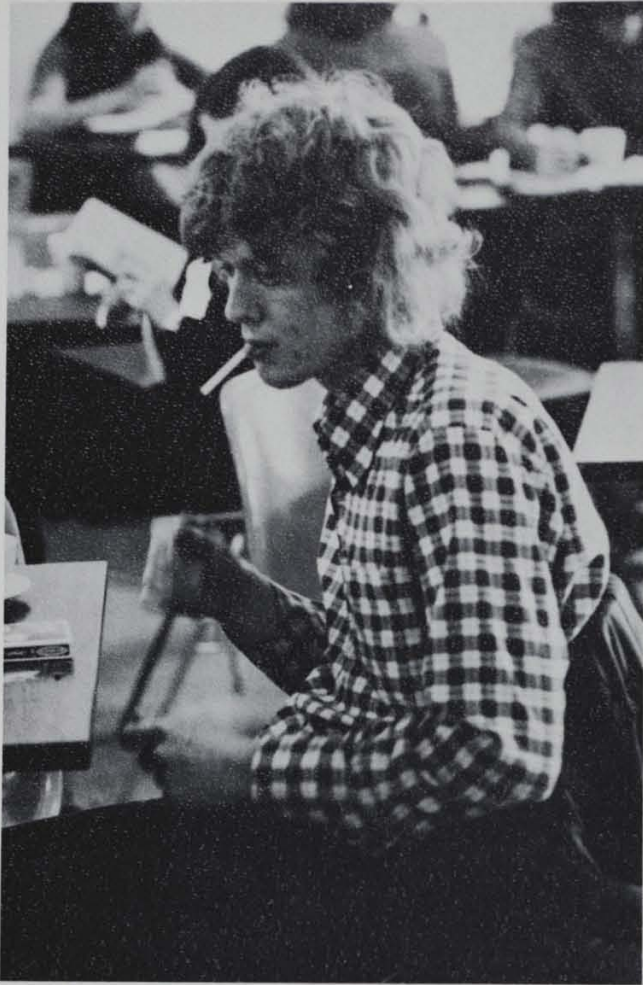

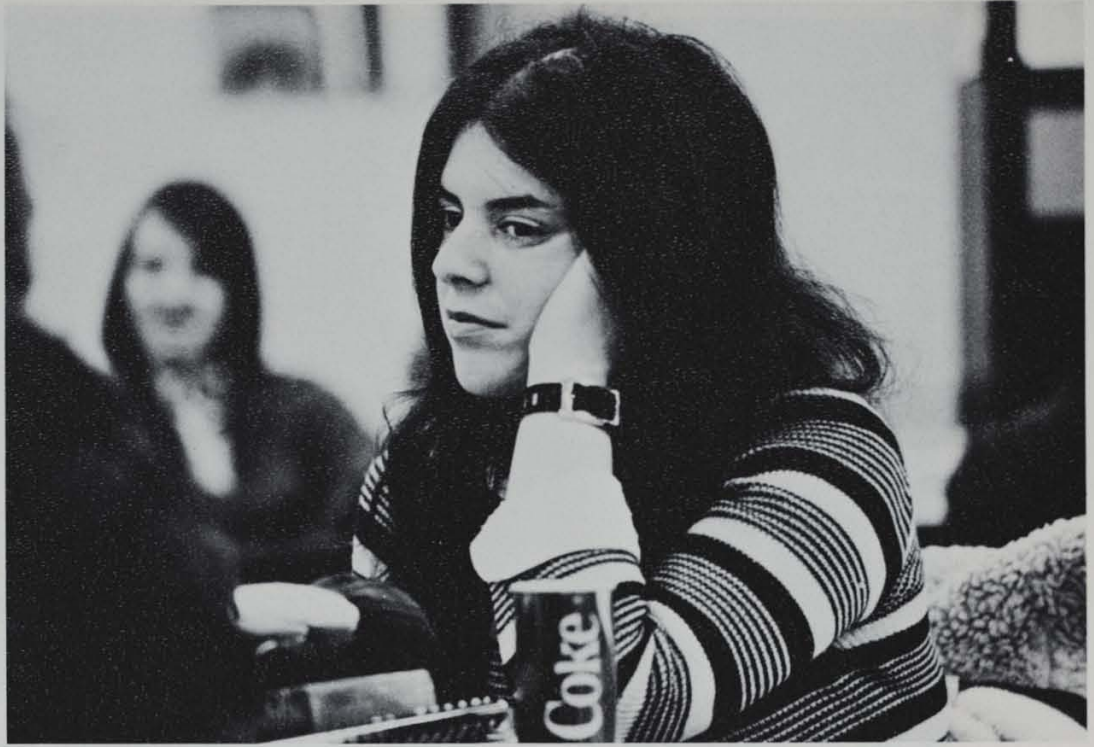

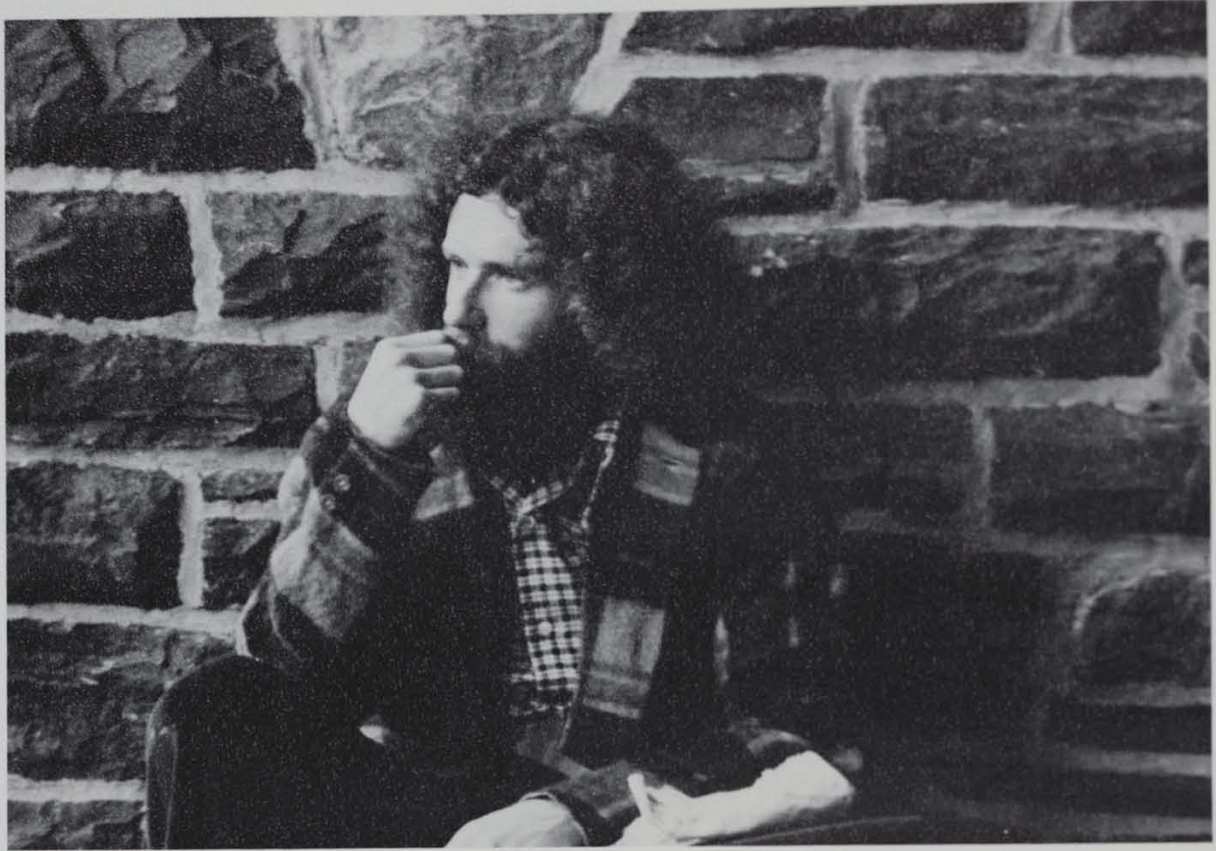

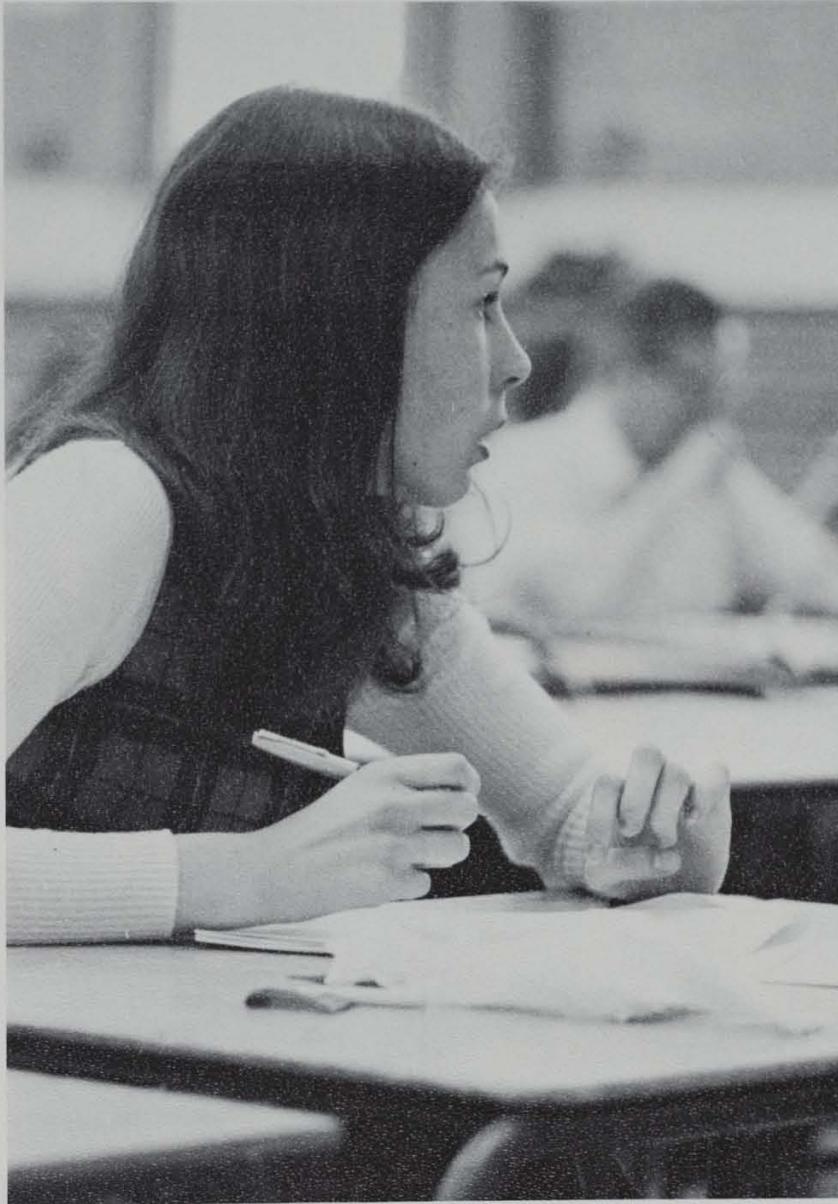

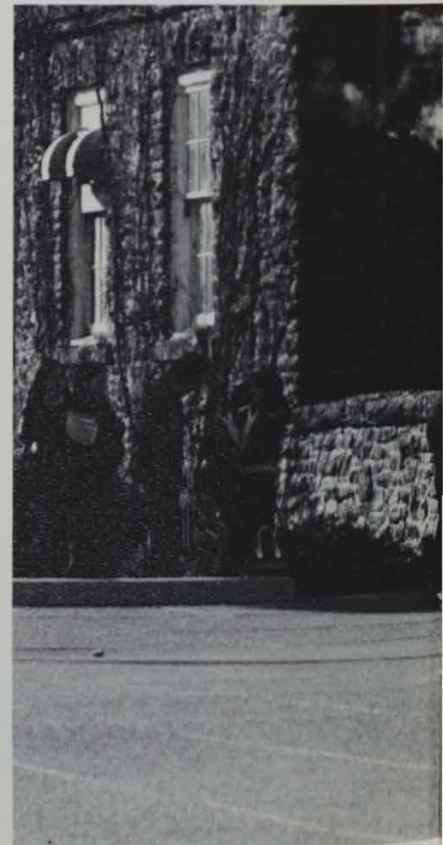

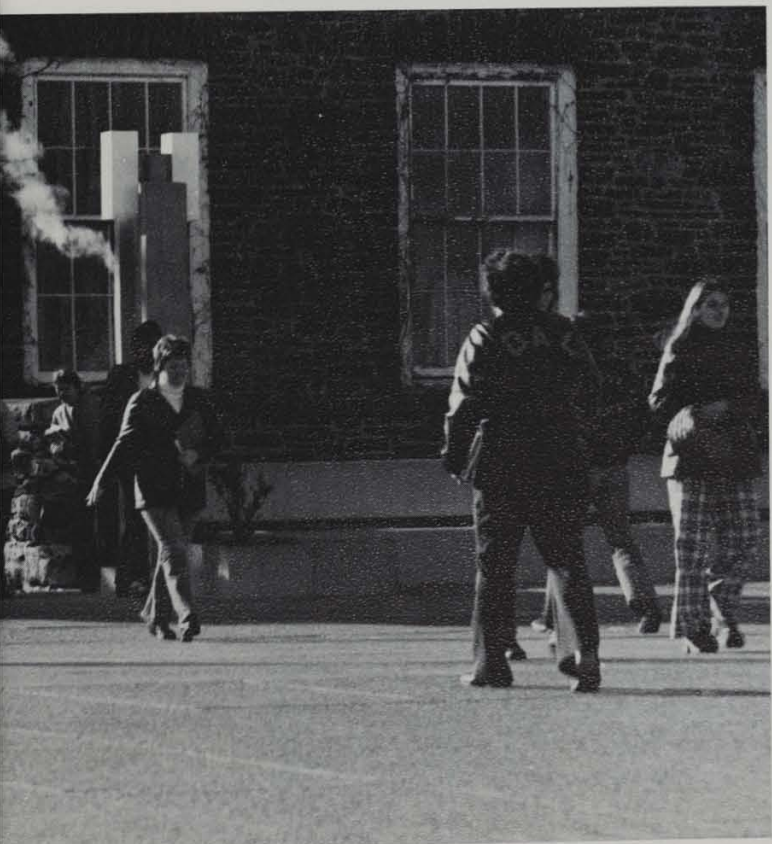

Winter - the depth of nature's sleep,  
the panorama of a dream, the sweep  
of images, and a cold, deep  
breath indrawn  
before the burst of spring.

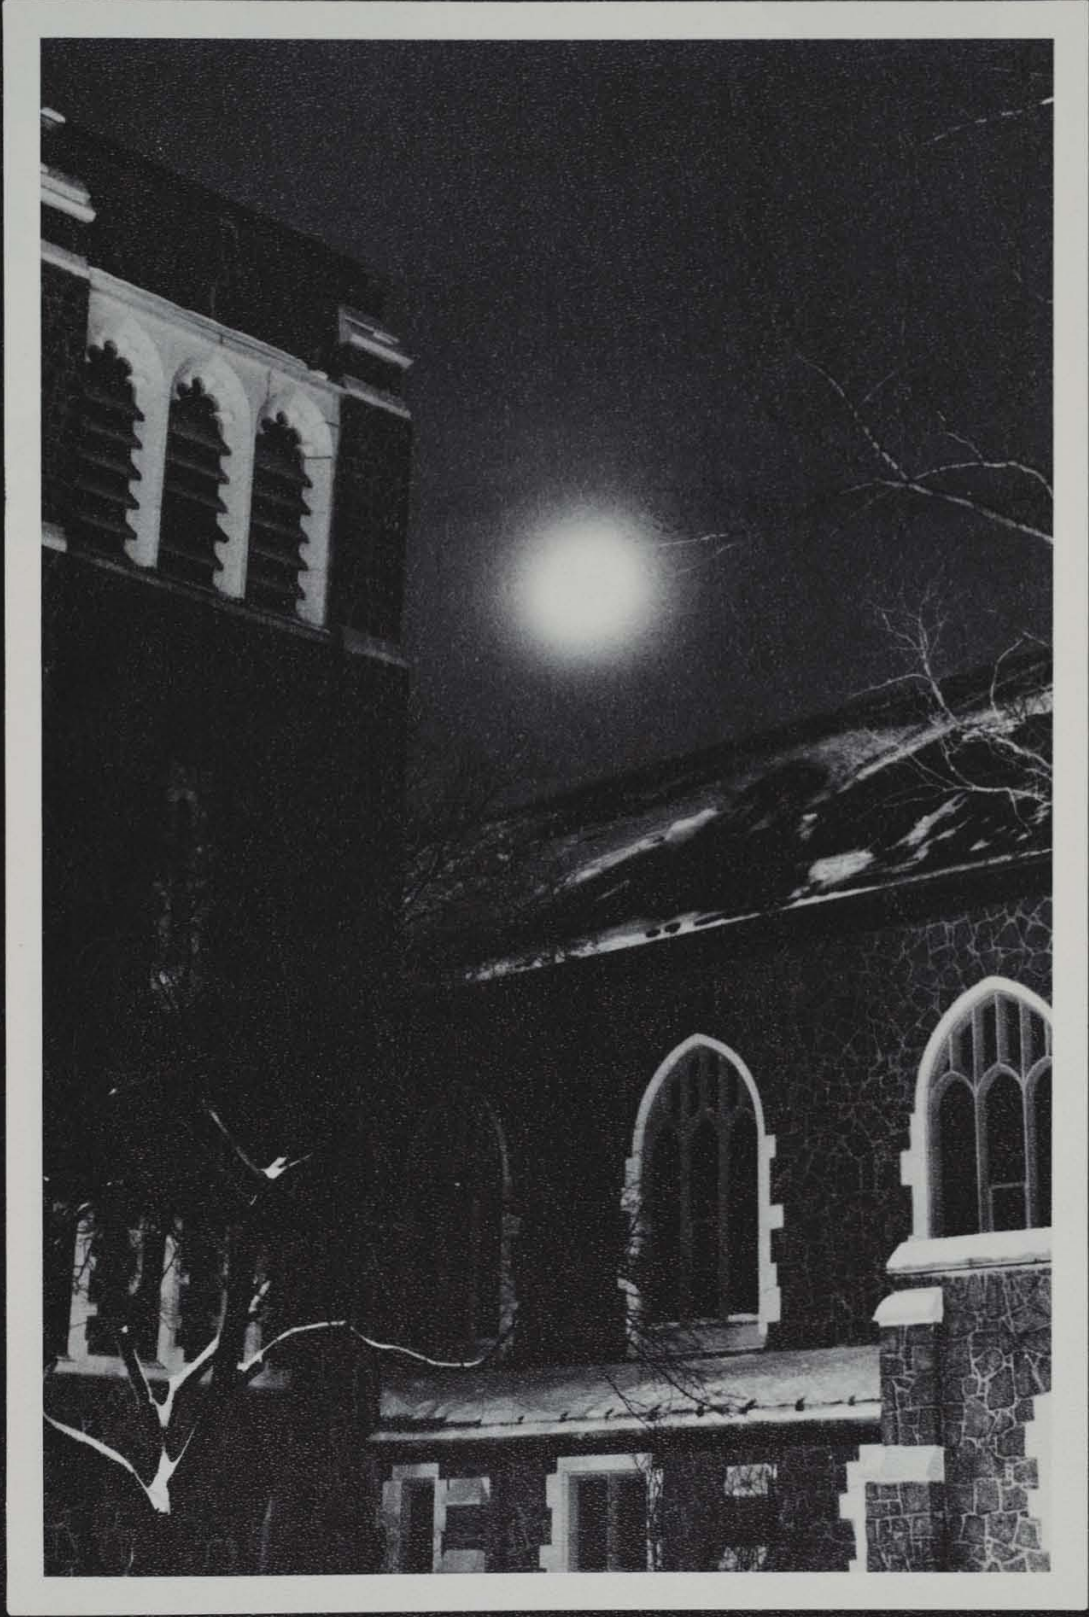

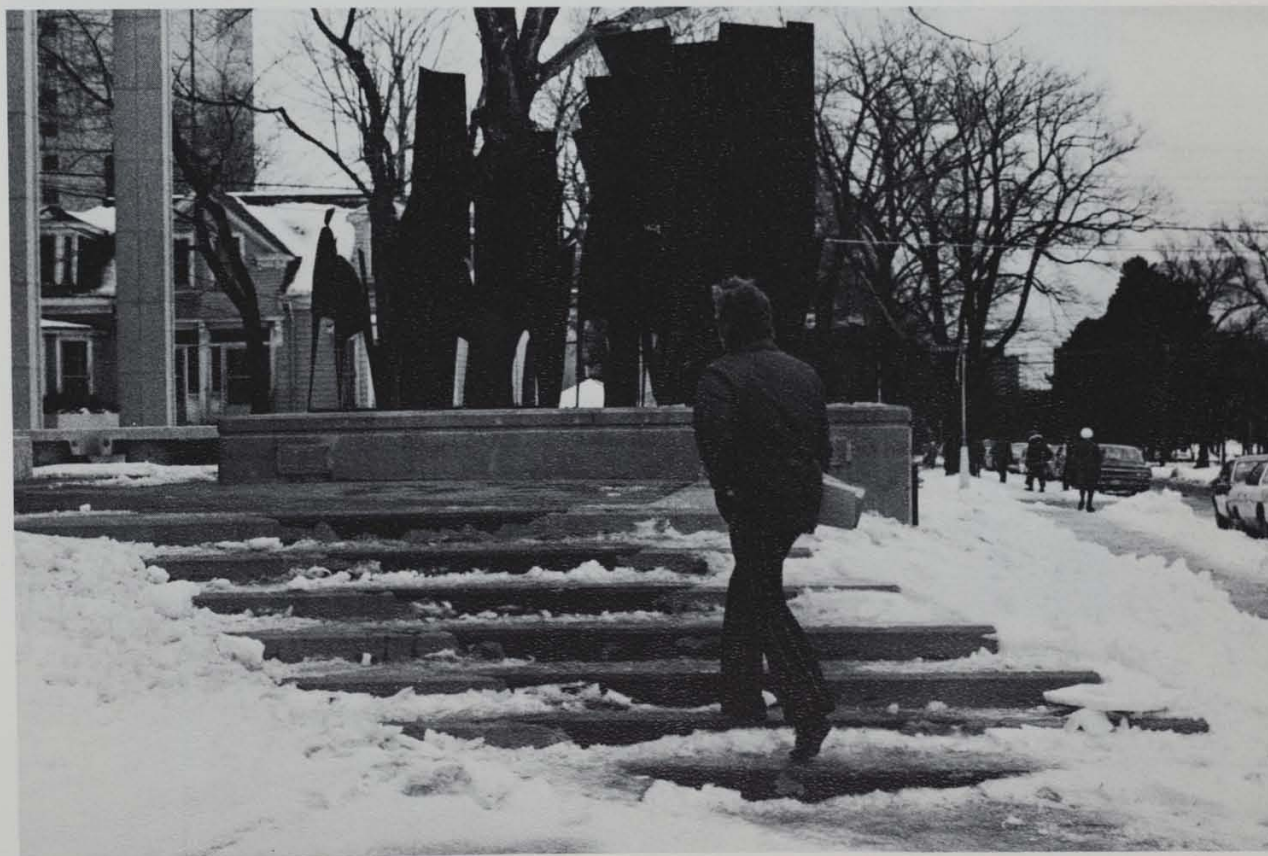

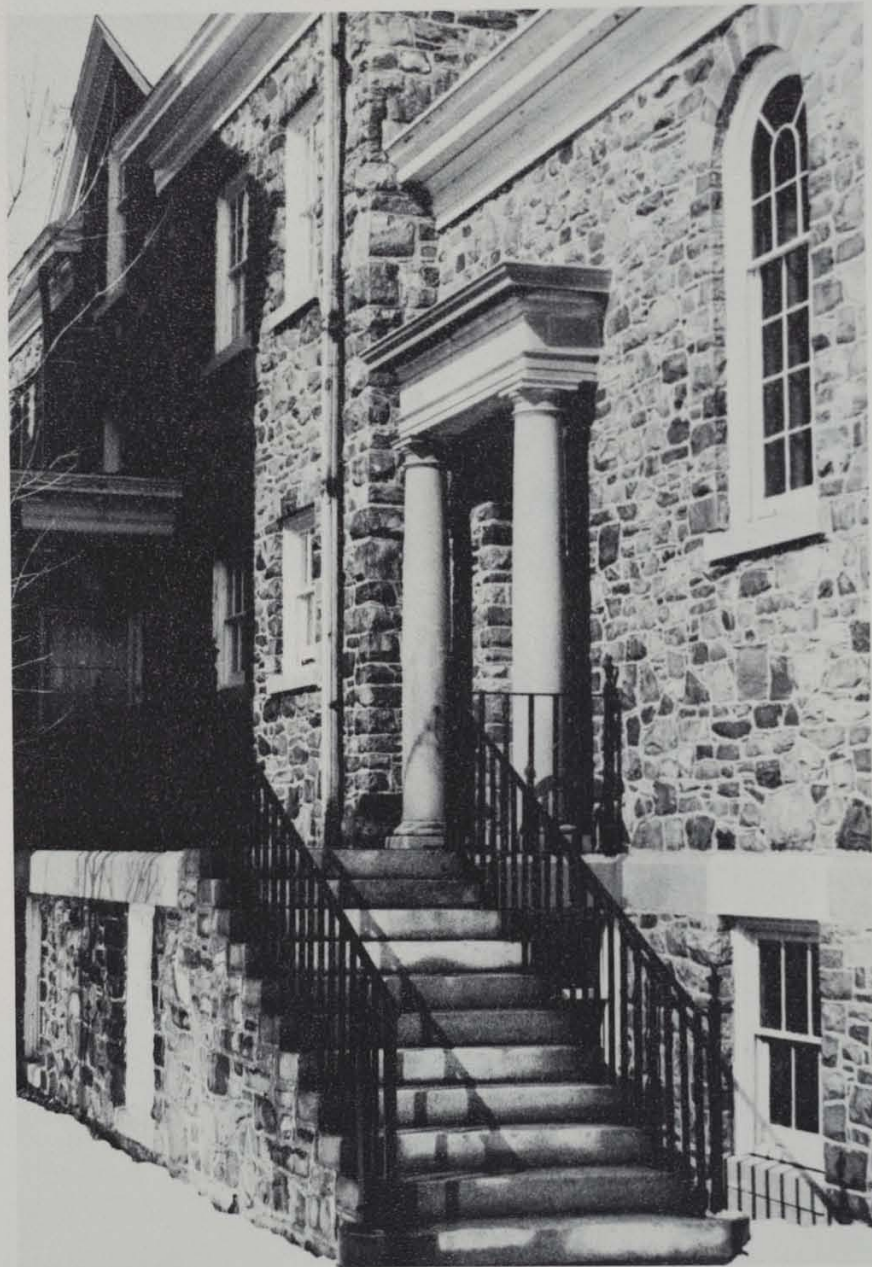

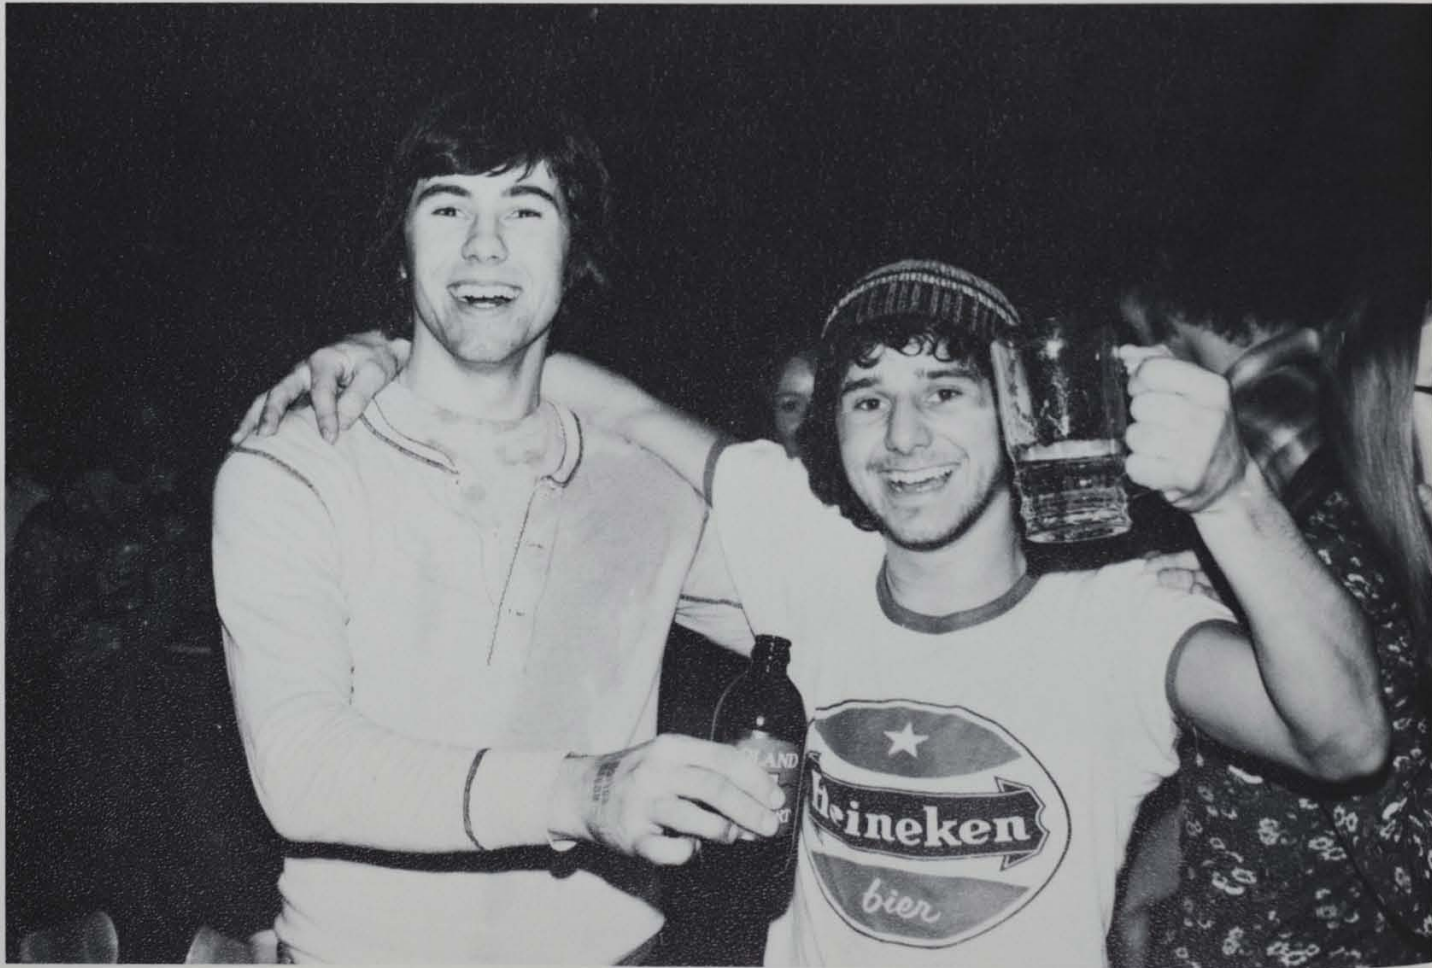

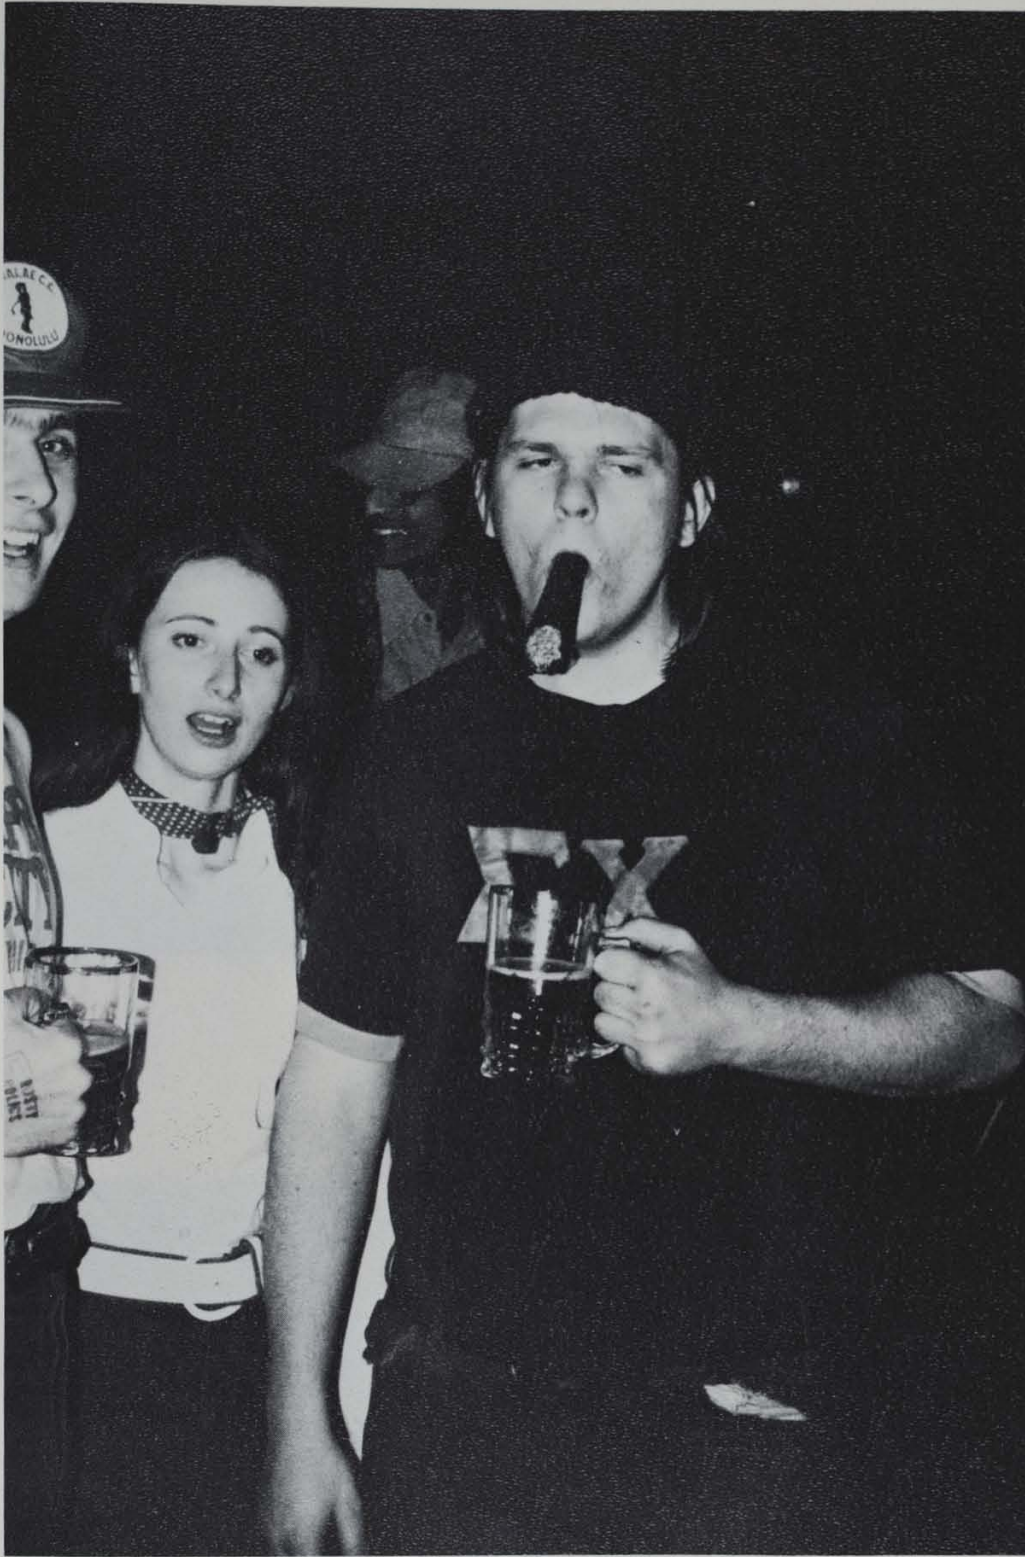

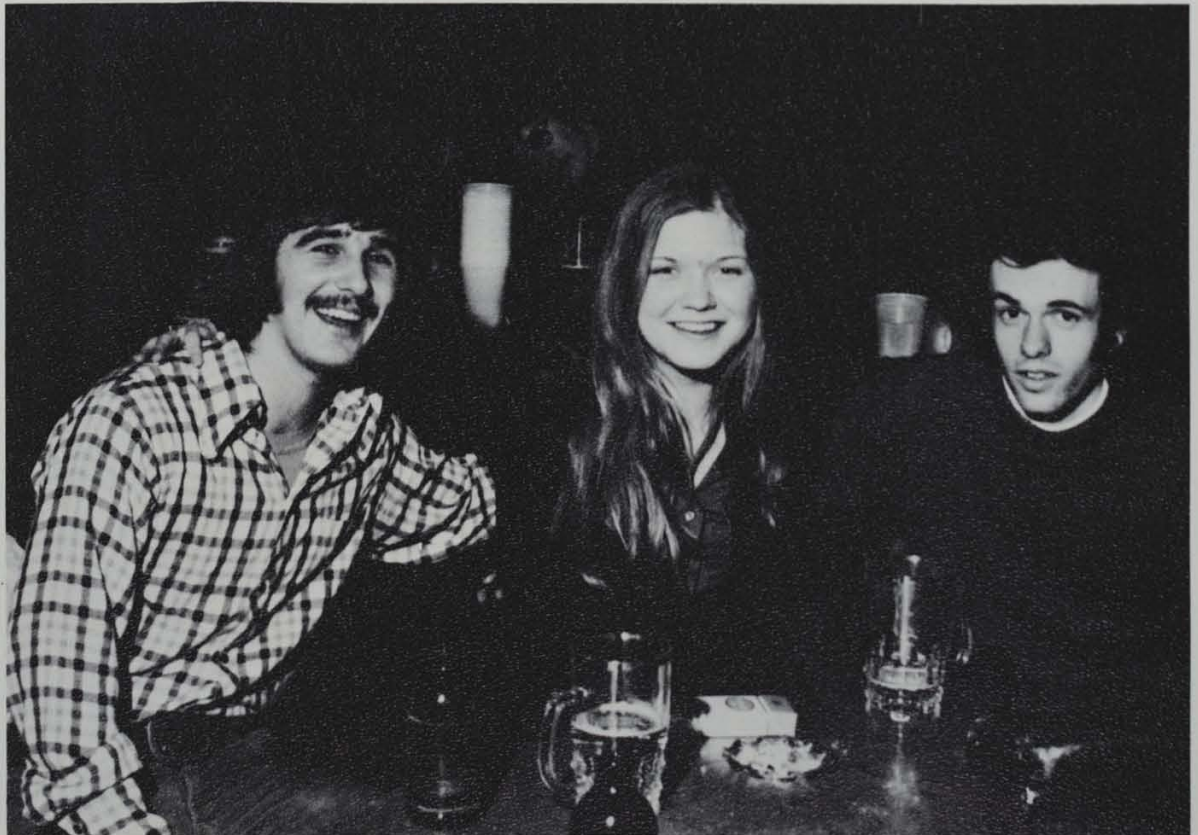

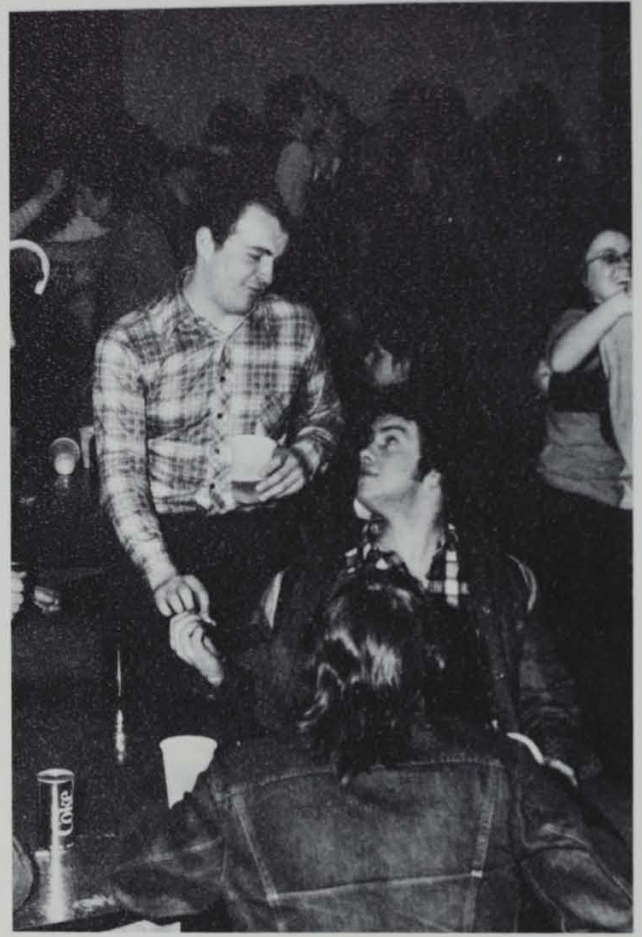

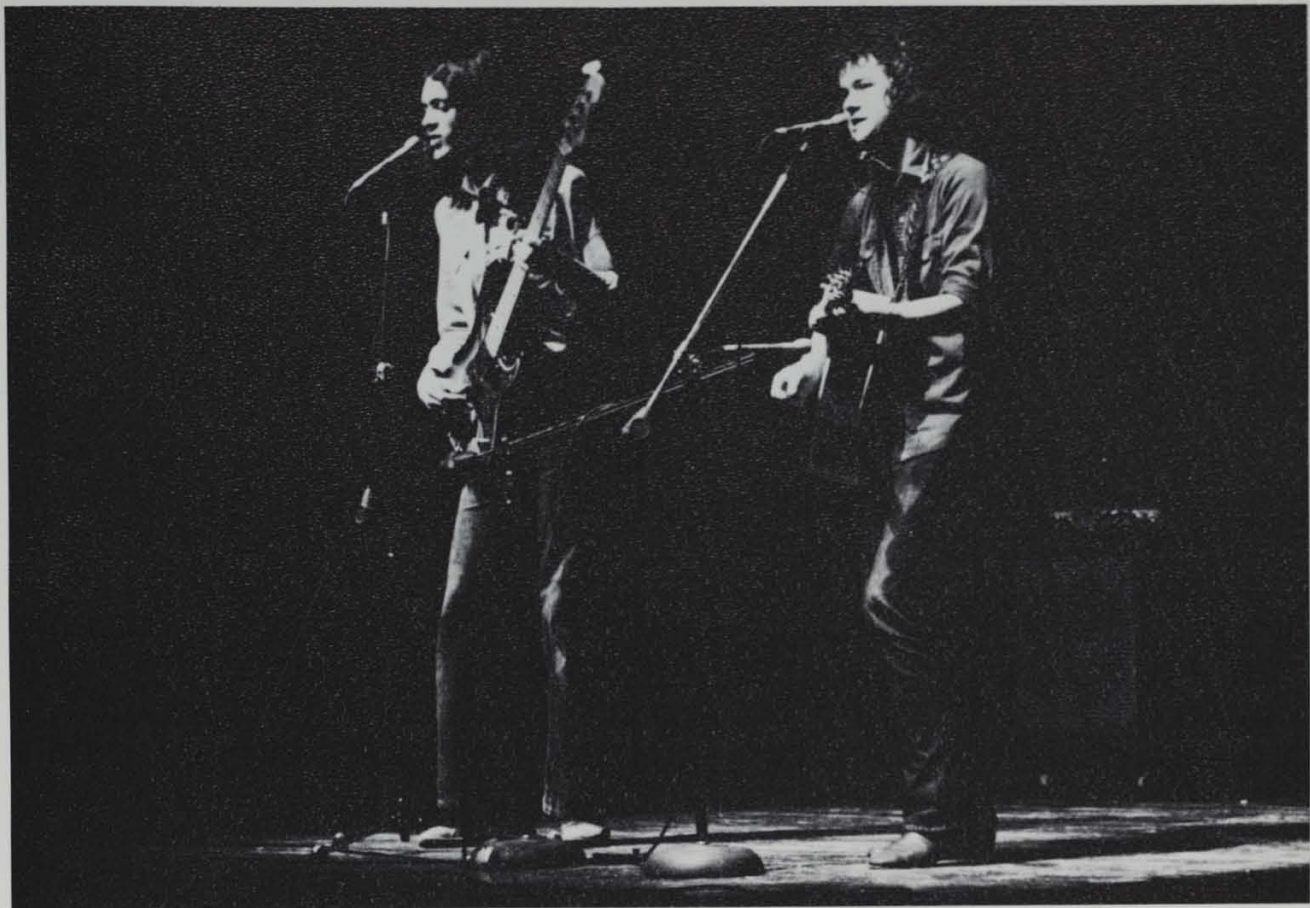

Dick Gregory, contemporary comedian, raps with Dal students following a lecture in the McInnes Room.

The Paul Horn Jazz Quintet treated Dalhousie audiences to a great variety of jazz interpretations from traditional to free form.

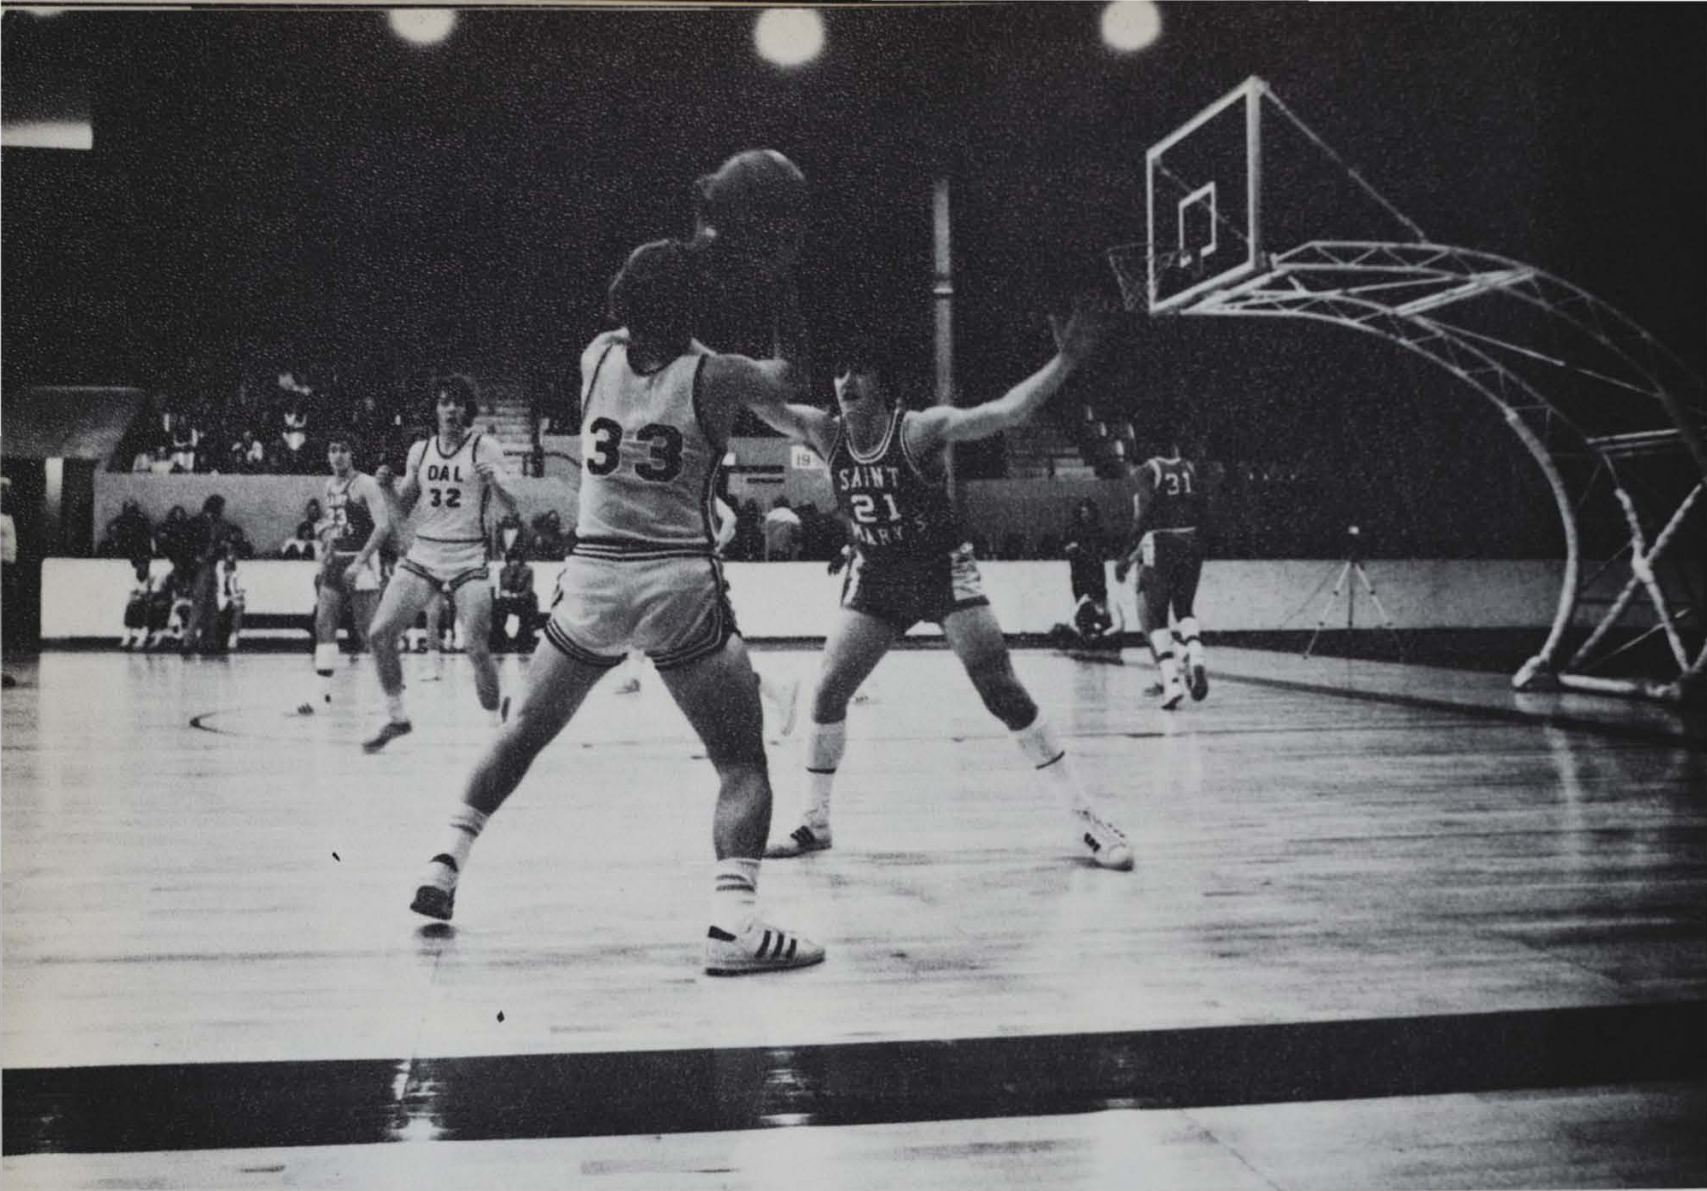

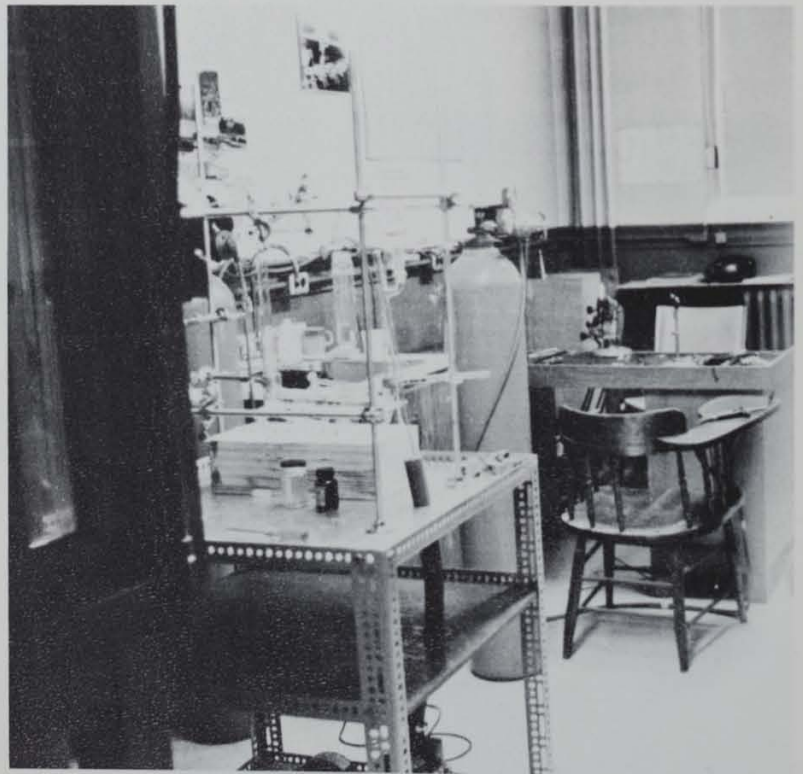

Fast-rising folk singer Murray Mc-Lauchlin gave an exceptional concert before 1100 people at the Rebecca Cohn Auditorium.

# Reflections

We shall not cease from exploration  
And the end of all our exploring  
Will be to arrive at where we started  
And know the place for the first time.

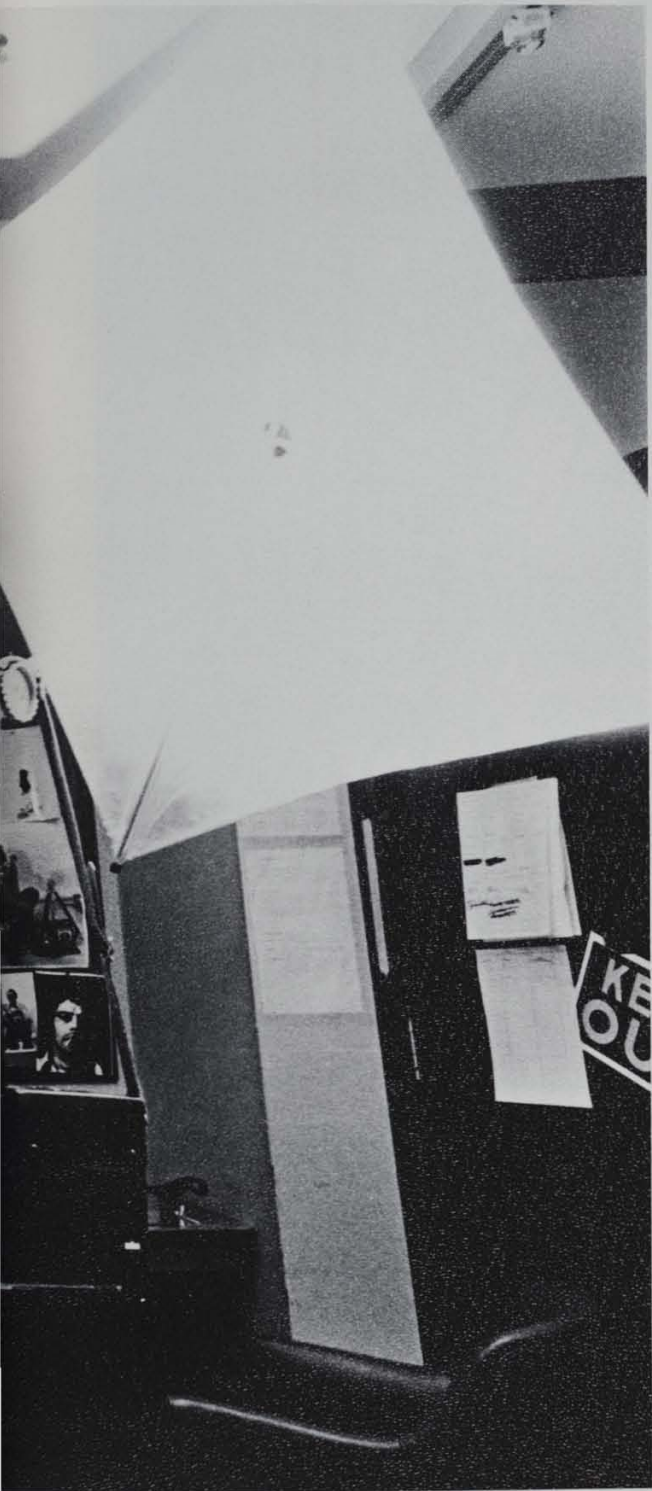

-T.S. Eliot

The First Canadian Bank

## Bank of Montreal

We figure it this way: if we can be of help to you while you're a student, you'll stick with us after graduation—when we can be of even greater assistance.

So, come see us for advice on handling money. We can show you a few things that Economics 201 doesn't cover: how to save with a True Savings Account, how to cheque with a True Chequing Account, how to budget to make the most of your money, how to avoid running short. And we can discuss loans too.

There's a Bank of Montreal nearby. Drop in, anytime. **We want you to get your money's worth.**

**Start with  
the bank  
you'll stay with.**

# **DALHOUSIE ALUMNI ASSOCIATION**

**Welcomes You  
As a New Member  
In Our Association**

We can't keep in touch with you if we don't know where you are  
Please send your address to the  
Alumni Office,  
Dalhousie University,  
Halifax, Nova Scotia

Enjoy nature's bounty with the best.

BRING ALONG THE ...

The long distance telephone call.

**One of the great bargains of our time.**

 MARITIME TEL&TEL

**If you're concerned  
about a loan,  
we'll take the edge  
off asking.**

**CANADIAN IMPERIAL  
BANK OF COMMERCE**

**You and the Commerce.  
Together we're both stronger.**

# Chateau Halifax

**a Canadian Pacific Hotel in Scotia Square**

Part of our world of exciting things to do.

Canadian Pacific is more than a hotel chain, even though we're becoming quite famous locally for our modern new Chateau.

Canadian Pacific is transportation. Rail, Truck, ship and airline transportation. We're also telecommunications--

Telex and Broadband micro-wave transmissions. Resource development . . . mines, lumber and real estate is part

of the picture too. More important than anything else,

Canadian Pacific *is* Canadian, Canadian owned and Canadian

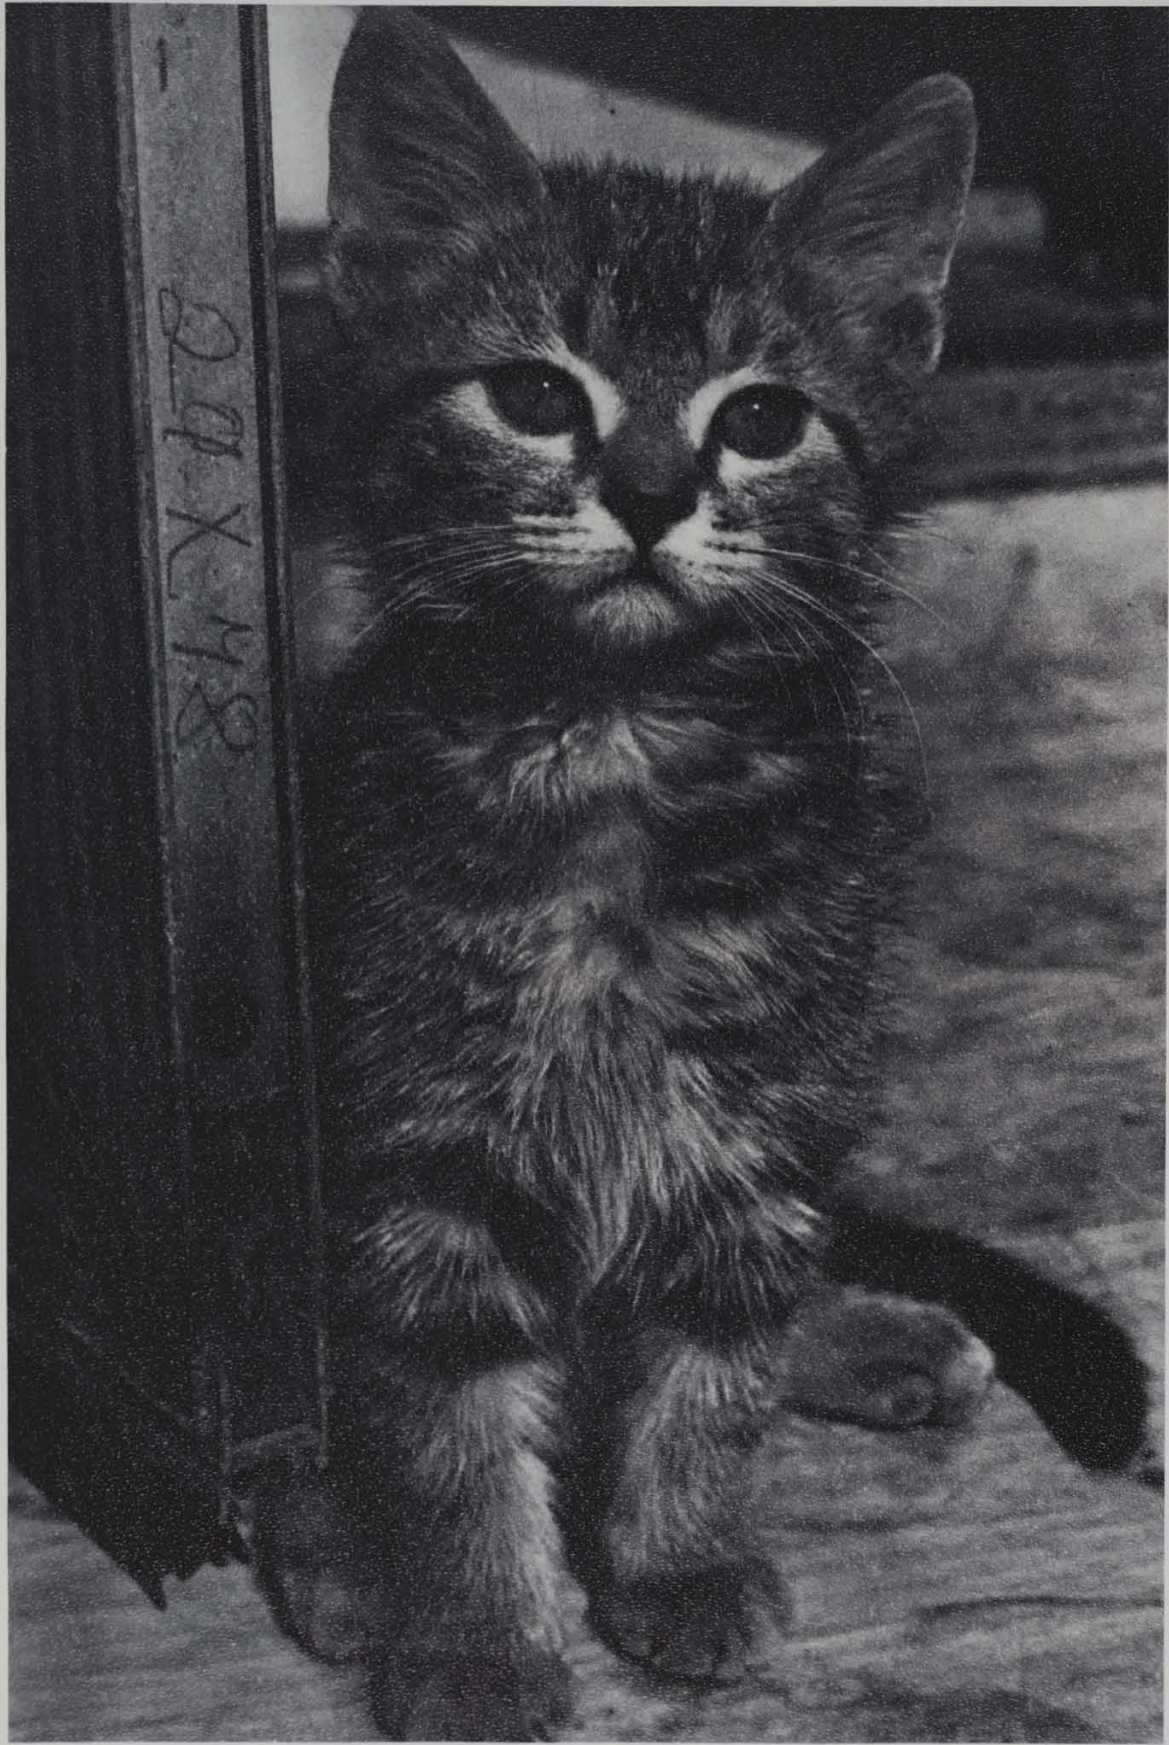

controlled. And we're looking to a future with young

Canadians in our company. Like you!

It has been my intention for this book, in the years hence, to serve as a key to the storehouse of memories created during your days spent at Dalhousie.

Thanks to my hard-working staff members, who gave freely of their time during exams in order to meet our deadlines.
