

N.F.C.U.S. Meets

(Continued from page 1)

teachers, high school students, etc. Originally it was thought that in addition to obtaining reduced rates for students travelling under the Exchange of Undergraduates Scheme, reduced rates might also be obtained for all students travelling to and from the University.

Having regard to all these facts it is now felt that the best possibility of obtaining reduced rates is in regard to students travelling under the Exchange of Undergraduates Scheme; consequently the Federal Government and the Board of Railway Commissioners are being approached directly by the officers of the Federation, basing their case largely on the National appeal which the Undergraduate Exchange Scheme should make.

IV COMMISSION ON STUDENT PROBLEMS OBJECT

To serve as a Bureau of Advice to constituent members on all student problems. This includes matters on organization of student government in its various branches—athletics, literary activities, student discipline, medical service, student societies, student publications, etc.

V. EXCHANGE OF UNDERGRADUATES SCHEME

Perhaps the most ambitious undertaking and the one destined to play a most important role in the future of the Federation is the "Exchange of Undergraduate Scheme." Briefly, this provides that a limited number of students in their pre-graduation year, provided that they are returning to their home university the following year to graduate, may attend another Canadian University for one year and on returning to their home university receive credit for this work.

A student desiring to take post-graduate work at another university is also eligible under the Exchange scheme. The following universities have approved of the entire scheme, including cancellation of all fees: British Columbia Alberta; Saskatchewan; Manitoba, Ontario Agricultural College; Mount Allison; and Acadia. The University of Toronto, McGill, Dalhousie and Macdonald College, have provisionally approved of the entire scheme subject to reservations with reference to professional courses. No definite word is yet at hand from the University of Montreal and McMaster University. It is hoped that the Exchange Scheme will be in operation for the 1929-30 term. A pamphlet is now in the course of preparation covering the scheme and these will be distributed at the various universities at the earliest possible date.

VI DEBATING

Aside from all other activities the achievements in the field of debating alone justifies the existence of this organization. During Jan. and Feb. 1928 A Maritime team composed of Messrs. Elbert Paul, leader, (Acadia University), E. M. Howse (Dalhousie University), and H. Fulton (University of New Brunswick) took part in debates in Quebec, Ontario, Manitoba, Saskatchewan, Alberta and British Columbia. The team was very well received at all points and made an enviable record, losing but twice, namely at the University of Montreal, and at Regina. It is also gratifying to note that the tour was a financial success.

Arrangements are now complete for a team composed of representatives from the Universities of British Columbia, Alberta and Saskatchewan, to tour Central Canada and the Maritimes. This tour will last about six weeks. Negotiations have been completed with the National Students Federation of America for a team comprising representatives from the University of Manitoba, Western Ontario and McMaster to debate under their auspices with various colleges in New York, Pennsylvania, West Virginia, Ohio, Indiana, Illinois, Michigan and Wisconsin. The tour covering a period of six weeks.

The University of Sydney Team, now touring the Western States will visit Western Canada and debates have been arranged with Saskatchewan, Alberta and British Columbia.

The Canadian Universities have just reason to be proud of the phenomenal record made by the debating team sent from here on invitation of the National Union of Students of England and Wales. This team, composed of Messrs. M. K. Kenny of University of Toronto

(Continued next week)

MAJESTIC NOTES

One of the most striking characterizations in which she has appeared for some time is that enacted by Leatrice Joy in "Man-Made Women," which opens Monday at the Majestic Theatre.

As Nan Payson, the brilliant and beautiful young wife of a convention-bound husband, Leatrice's charm and piquancy are shown to excellent advantage in situations which range from light gaiety to heart-break. In addition the changing locale of the story calls upon Leatrice, who wears clothes with such chic and smartness, to display a bewildering array of lovely garments suited to almost every occasion.

"Man-Made Women." shows Miss Joy surrounded with a brilliant cast which includes H. B. Warner, John Boles, Seena Owen and Jeanette Loff. It was directed by Paul Stein and produced by Ralph Block for Pathe release. The current attraction is Bebe Daniels in "What a Night."

Hoopsters Invade N. B.

(Continued from page 1)

worked wonderfully and Don MacRae scored a nice one, followed by Harold Davidson in several seconds.

Hope was almost abandoned tonight for Ian Fraser, but he arrived in from Ottawa on the Ocean Limited shortly after eight p. m. The team feeling fine and confident of winning back their reputation tomorrow evening in their second match.

Dal—Davidson 20, Brittain 6, MacLeod, 3, MacRae 2, Kennedy 1, Fraser, Tom Parker 1.

Trojans—Forwards, Wittrien 16, Wilson 5; Centre, Malcolm 20; guards, Hollies 4, Brown, Yeomans 5.

INTERMISSION IN ST. JOHN

The game over, the team and their manager set out to explore the night life of Saint John. It was rumoured in and around our rooms later that most of them found it. At any rate George MacIntosh can tell you all about THAT. Apply in person or by phone to the Manager, 135 Coburg Road and get what's coming to you. Anyway, it's a good thing Ben Guss is every bit temperate, and that government stores close at 5 o'clock!

The following morning we were visited at the hotel by Ben Guss, several other Dalhousians, and Manager Golding of the Trojans. Many saved the expense of breakfast but others set out in diverse directions and were untraced for hours. After much difficulty the Captain and Manager were roused by 12.30 for the 1.20 train and just made the station. We had a parlor car over to Moncton for the three hour trip and Wes Stewart made the trip with us. Nothing exciting happened except for one longed-for and much-expected stop at Sussex for Ian Fraser—HE will tell you all about THAT (and also R. G. H. himself). At any rate the train made Moncton on time in spite of these two.

A ferocious rush for the station and in several seconds the complete stock of Halifax papers were sold out. Alas the only pass marks to be found were languages. And the poor lads had looked forward with uneasy conscience for hours. Now they must wait still longer. Not even a telegram from the University office for any of them. What a horrible disappointment. The group betook itself to the Brunswick Hotel and engaged a room for the evening. Here Johnny Merchant joined us for our visit. Several inquisitive members now saw their chance, their last chance too, to get little souvenirs of their visit to N. B. They returned satisfied with their little memoirs tied up in little boxes, unknown to Nova Scotians. Supper was greedily sought and the next most important event was to be the game against the Pawnees in the Y. M. C. A. Several Dalhousians witnessed the match. Wes Stewart sat among the officials in the cage, watch in hand.

WITH THE BOYS IN MONCTON

Moncton, N. B., Jan. 3rd.—The Dalhousie Tigers again this evening suffered defeat at the hands of the Moncton Pawnees here when they lost another hard fought game by a score of 50 to 27. The New Brunswick team led at the end of the first period, 22 to 9, and with the exception of the first few minutes were never on the short end.

Harold Davidson opened up the scoring again tonight almost immediately. The outstanding stars of the Pawnees quintette were Gordon Trites (brother of Venar), Jack Fryers, and Don MacFarlane, who divided the honours and between the three of them the points, pretty evenly. The Dal defense worked well but team work of last evening seemed somehow to be lacking, and the locals never missed an opportunity. Harold Davidson on forward played the star game again and was responsible for 19 points altogether this evening. Score 22-9.

The Collegians at the opening of the second half were determined to overcome the 13 point lead and the forwards showed form. Capt. Trites was responsible this half for 9 points, D. MacFarlane 11, Jack Fryers 8. Hugh Kennedy was ruled off soon after the

opening whistle and remained behind the cage for the rest of the period. Ian Fraser replaced him on defense and with Tom Parker did fine work. Davidson was responsible for 7 baskets this period, and altogether scored 16 of Dal's 18 points in the half. But somehow the team work was by no means equal to last night's, when in the second period they outscored the Trojans nearly 2 to 1. The Pawnees showed themselves to be a smooth working outfit, not very heavy like the Trojan veterans and can boast of a defense which is hard to penetrate.

Dalhousie—Davidson 19, Brittain 1, MacLeod 6, MacRae, Tom Parker, Kennedy, Fraser 1.

INTERFACULTY SPORT

Medicine and Commerce winners in their respective sections in the pre-Xmas softball league will meet this evening in the gym. in the first game of a three game series to determine the Inter-faculty championship, and the right to hold the cup, presented by Mr. Stirling during the coming year.

The first game will start at 7.15 sharp and players are requested to be on time as the gym. will not be available after 8.30. The second tussle scheduled to take place at 2.30 tomorrow afternoon and if necessary the third will follow immediately after.

The Volley ball league will get underway shortly while the first games of the inter-faculty basketball league will be played on Saturday afternoon January 12th. The following periods have been allotted to the various faculties for practice during the coming week. The only things barred from the inter-faculty league are first and second team players, spiked shoes, knives and any harmful accessories. Everyone who turns out will be given a chance to make the team so come out to the gym for a practice game during the week at the hours named below.

Engineers—Wednesday, 8.30 to 9.30 p. m. Friday, 5.00 to 6.00 p. m.
Law—Tuesday and Thursday, 3.30 to 4.30 p. m.
Medicine—Friday, 7.30 to 8.30 p. m.
Commerce—Wednesday, 7.30 to 8.30 p. m.
Friday, 4.30 to 5.30 p. m.
Freshmen—Tuesday, 8.30 to 9.30 p. m.
Arts—Tuesday and Thursday, 4.30 to 5.30 p. m.
Theology—Wednesday, 3.30 to 4.30 p. m.
Kings—Wednesday, 2.30 to 3.30.
Dentistry have not as yet decided on their practice periods.

GARRICK NOTES

"Lilac Time", that play of plays, one of the outstanding stage successes of today, a production that has everything to commend it to the theatre-going public comes to Halifax next week, when it will be presented in a thoroughly elaborate manner at the Garrick theatre by the Carroll Players.

This wonderful romance of wartime France is different from all other plays which touch on that period. There is something about it that will make it live forever. Miss Mary Ann Dentler is seen in a new type of role, one that fits her to perfection. Then there is the soul stirring theme music of this play. Yes everyone will want to visit the Garrick next week. Seats are now on sale at the box office, and it is wise to make bookings as soon as possible.

SOFT BALL

Within the next few weeks an all-star softball team will be picked by a special committee appointed at the beginning of the league. There were some good players developed during the Fall and it is possible that the picked team will meet several outside teams during the winter. If you have an all-star team in mind send in your selection and it will be published in this column.
