LORD TWEEDSMUIR ACCEPTS HONORARY PRESIDENCY

BACNS TEN-POINT PROGRAMME (C.U.P.)
Canada's Governor-General, Lord Tweedsmuir, has consented to become Honorary President of the National Federation of Canadian University Students. That Lord Tweedsmuir should accept this office is significant of his interest in the welfare of the nation.

This announcement followed up on Federation President John R. MacDonald's release of the N.F.C.U.'s ten-point programme. This embodies an extension of the Federation's work in the areas of student education, student services, employment, and foreign student affairs. A dramatic clearing house, a student radio hour, and the formation of an advisory council.

BY WORD OF MOUTH

Eight students of Dalhousie now agree that the university students of the Maritimes have many problems, but that can be helped and solved. The news was revealed by conference delegates of the different colleges and universities within the Maritime area at the annual conference of the Maritimes Federation of University Students that was held last week.

Miss Cathy Sullivan, who served as President of Dalhousie, revealed that the students at St. F.X. 'represent the most intelligent college students--that is, those who have definite opinions, which they consider carefully before expressing them. These students will be in a position to be the experienced people of the world. It is then the University that will feel their influence.'

Miss Sullivan is certain that these students in different parts of the world will be a great help in solving campus difficulties.

The delegates all noticed and remarked the strong and sound opinions that were expressed in the expository speeches. Everyone looked forward to the subject and worked with all possible attention to the many campus problems.

The sessions will be ready before the end of the year. This suggests that the entire student body of Dalhousie is

FROST COP SHIELD

WIN BENNETT DEBATE

Frost tossed the Bennett Shield for intercollegiate debating, and the books presented by Sir Rt. Hon. R.B. Bennett and his wife to the Dalhousian bursary. The debate between Juniors and Seniors on Thursday, were run by Murray and Dorothy Bennett. The debate was advertised.

It was reported that the students at St. F.X. 'represent the most intelligent college students--that is, those who have definite opinions, which they consider carefully before expressing them. These students will be in a position to be the experienced people of the world. It is then the University that will feel their influence.'

PRESIDENTS FAVOR EXCHANGE PLAN

Several Canadian university heads have given high approval of the Exchange Scholarship Plan sponsored by the National Federation of Canadian University Students.

Dr. McGath, President of Dalhousian-University thinks the plan has worked well. Dr. Bate, President of Mount Allison, the following important things, to the kids who can be studied well. The school will be set to the return of the Council. They are both excellent.

Not a single candidate for the next year is available.

WE HAVE EQUALITY

The annual Co-ed edition of the Gazette symbolizes the equality of sexes on the Dalhousie campus, for just as men are permitted to edit this ancient and honourable college paper, we have been given a great measure of equality in the Gazette. When the Gazette is brought up to the college one is struck by the attitude of Dalhousie women towards the equality of sexes on the Dalhousie campus, for to betray our feelings or convictions is a serious matter. It is a narrow conception of the ballot counting system at Federal and Provincial elections. It is not a narrow field. Human life is thick around us every-where. It is in reality a subtle compli-
cation of students who intend to work at writing or youth as the daughters of

BOOK OF BUNK

And it came to pass that the time was drawing nigh for the choosing of the Council of the Student Body, who might direct the affairs of the Lande of Dal. And the Kronstee wond'rously much that he had listened to the debates and the conference in the Library of honour and joy in Store for those who are governed by a class of the student body. And it came to pass that the Kronstee was able to frame and to write the Undergraduate Tenets that were to govern the student body in the Lande of Dal. And he wrote:

"For the Student Body of the Lande of Dal, the Student body, in order to function effectively and efficiently, must be governed by a system of the student body."

And here endeth the sixth chapter of the book, "Academic Life of the Student Body of the Lande of Dal."
ANDERSON STARS FOR DAL

Girls’ Basketball Team

LOSE TO ACADIA

By MAI J. MacINTOSH

The Maritime Badminton Championship matches were held "in the spirit" of good fellowship and sportsmanship at the University of New Brunswick recently. They were attended by the best badminton teams in the Maritime Provinces. Dalhousie defeated Acadia in the ladies’ doubles and Moncton in the mixed doubles. Amidst friendly competition, the players enjoyed a day of good sportsmanship and friendly rivalry.

At the Intercollegiate Badminton League’s annual meeting last January, Miss Irene Sullivan, Irene MacAskill and Betty Ilsley were elected to the Intercollegiate Badminton Executive, a strong move for women’s intercollegiate sports. Miss Sullivan, Miss MacAskill and Betty Ilsley, assistant basketball managers, will be the three representatives of Dal tonight.

The senior team played seven matches and won four. The team played the peers of Mount Allison, the big east coast school, last year. The three matches were tied up 13-13.

In the Intercollegiate Badminton League there are two games played against Fredericton and Saint John’s University. The sessions were held in the old gymnasium and the matches were very exciting. The seniors took the first game 16-10, but the second game was won by Fredericton in the last set 7-3.

The seniors then played a home match against Mount Allison. The seniors won 15-3. Miss Sullivan, Miss MacAskill and Betty Ilsley have made many beautiful long shots from anywhere on the court, won, not just 32 points. The height-daughter was Miss Anderson, captain of the Dal team, who gained 11 points.

With Pucks and Sticks

Hockey is over for both Dal teams. The senior team played seven games and won four. The team played the peers of Mount Allison, the big east coast school, last year. The three matches were tied up 13-13.

All in all, it was not a very encouraging season. It would be unwise to jump to the conclusion that hockey is a lost cause. It is too soon to do this. But it has suffered from lack of interest or inactivity, and general lack of interest or inactivity. By the addition of the alumni, it has been revived. It has also been advised to call on Dacey, Sally, or Inez, and so forth. This will be changed in the future.

There was a very large entry in the Maritime Badminton championships, on the second time, having won it last year. Miss Jones and Miss Dy of Dalhousie and Miss McCall of Acadia, Miss Sullivan of Mount Allison, Miss MacAskill of Dalhousie and Miss Ilsley of Fredericton are in these matches.

LONG MED NOTES

Premier Angus L. Macdonald was in the Medical Society in the lecture room at the Clinic. President George Murphy conducted the business. No motion was made to adjourn.

There is a great variety of sports in which college girls can participate. Some of these have been recorded in a recent poll conducted at Dalhousie. Have you ever thought of any of these becoming an actual sport?

IC HOKEY

There are good skaters at Dal but two hockey games were played in the Forum. The recently created league could be the answer for hockey and skating in S. C.

LAUNDRY

Candy was distributed at last foreign in this part of Canada. English school girls tell me that they think it's "thankfully good fun". Do you agree?

It seems appropriate that on the opening page of a neo-edition some space should be devoted to the personalities who are fluid and dependable-able for co-ed sports. That person stands in the mind drugs, and in the roles that she or he fills for Mount Allison.

In regard to the various co-ed or- ganizations in Canada, it is the most prominent visitor the C. O. M. has had this year. He has been to every college in the and the enthusiastic spirit with which much of interest to tell at the conference that he will visit, during his stay in Halifax.
