HALIFAX, NOVA SCOTIA, OCTOBER 30, 1957

# **Honoured Guests** At Dal Today

Today is a great day for Dalhousie with the arrival this morning of Lady Dunn, wife of Sir James Dunn, the university's greatest modern benefactor, and the Rt. Hon. C. D. Howe, our new Chancellor, for a turning-of-the-sod ceremony No. 4 for the Sir James Dunn Science Building.

# Council Cool To DGDS and Delta Gamma

By PETER OUTHIT

The possible abolition of Delta Gamma and refusal to pass the Glee and Dramatic Society's budget for its annual musical production unless it comes up with a musical more satisfactory to students' tastes were the highlights of the Student Council meeting held last Tuesday night. Council President Murray Fraser presided at the five and onehalf hour long meeting.

### DELTA GAMMA

Kempton Hayes, Med representative on the Council, stated that since Delta Gamma only sponsored two affairs—Sadie Hawkin's Week and the Open House-each year and since female interest in it appeared to be very low, the Council should not provide funds for its activities, but should encourage Delta Gamma to raise its own funds. He suggested the possibility of Delta Gamma either taking over the past role of the Rink Rats in the Rink Canteen or help out this year's manager. The Council passed Delta Gamma's budget but set up a committee consisting of Doug Colqunoun, Joan Herman, and Barb Ferguson to investigate.

Cle Marshall, president of DGDS, presented the bu ety. A long discussion er resulted in statements of that: the society's produ intended primarily for t ued and opinion tions are intended primaril tainment of the s enterwith the cultural and educational aspect being secondary; the students of this university do not want a musical of the Gilbert and Sullivan type but demand something more modern and sophisticate Council is prepared to support suc a production to the extent of \$200 The Society's executive was aske The Society's executive was asked to return to the next Council meeting with a full report of plans and

In addition, the Council also passed budgets of eight other organizations. The total amount was in excess of \$24,000. A vote on \$4500 requested by Pharos was tabled for the next meeting. (A complete breakdown of all budget figures will be carried on pages 4 and 5 of next week's Gazette.)

The Council also:

-gave permission to the campus coordinator to require a week's notice of meetings;

—approved the dates of the cam-pus blood drive (January 28-30); —appointed Dave Thomas as Rink Manager and empowered him

to chose his own staff;

-President Murray Fraser to ap-roach the administration regarding the lack of information.

# Notice

Employment-To date several companies have made arrangements to interview students who might be interested in employment with them. Students are reminded that all employment notices are posted on the board marked "Employment

The visitors have a full itinerary for their brief visit, beginning with a one o'clock luncheon at the residence of Lieutenant-Governor and Mrs. Alistair Fraser at which they will be guests of honor.

The sod-turning ceremony is expected to take place about four o'clock this afternoon, after which there will be a reception for the visitors and invited guests at the President's Residence on Oxford Street. Members of the Board of Governors, Deans of the University's faculties and their wives will be among the guests. Student representatives have also been invited to attend.

Lady Dunn is accompanied by her sister, Mrs. Kedross and Mrs. Howe is with her husband.

### First Step

The sod-turning ceremony marks the first physical step toward con-struction of the Sir James Dunn Science Building which is to be constructed at a cost of approxi-mately \$1,750,000 and to house the faculties of engineering, physics and geology. Money for this project was made available to Dalhousie from the Sir James Dunn Foundation. The university has not yet announced construction dates.

Sir James Dunn was born on October 29 and had he lived, would have been 83 today.

### Former Biology Head Dies At Sixty-Eight

The retired head of Dal's Biology Department, Dr. H. P. Bell, died last Friday at the age of 68. He had

Scotia Research Foundation.

Besides his wife, Dr. Bell is surrived by two sons, James, Chatham, N.B., and Mitchell, Newcastle, N.B., and two daughters, Mrs. Anthony Woolhouse, Montreal, and Mrs. Memphrey, Barrie, Ont.

## Dr. Kerr Attends Special Meeting

Dr. A. E. Kerr was in Ottawa several days last week, attending a special meeting of the Financial Committee of Presidents of the Conference of Canadian Universities.

President Kerr flew to Ottawa last Wednesday. All Canadian University Presidents are members of the Committee.

# Year's First DGDS Production Opens On Dal Stage This Week

This week DGDS hits the stage with its first production of the year. "The Admirable Crichton" will be produced Thursday, Friday and Saturday evenings at the Dal Gym. Heit, a committee is preparing for Curtain time is 8:30.

Efforts in the past directed toward obtaining for university students special privileges, such as increased exemptions from income tax payment, have often been met and opposed by great cries against privilege and group snobbery. Here, then, are the views of one thinking editorialist by way of answer to the question.

university students: a privileged class?

The average university student does not consciously consider himself one of a privileged class. Perhaps he just has not thought about himself in those terms; perhaps he lacks the perspective to sit back and assess his own relationship to society as a whole. More often than not he has not had sufficient contact with society and the work-a-day world to be able to take a mature view of his position.

However, the rest of society does not consider us a privileged class, and in this respect at least it might be that their perception is keener than our own. It is not merely that university graduates are likely to have a higher income than the general population; on the whole, this may be true, but it is not necessarily so in each individual case-many of our wealthiest citizens have never attended university, while many highly educated university graduates, especially in the humanities, are left far behind in the chase after dollars.

Our privileged position in the eyes of society is due, rather, to a realization that attending university is in most cases a stepping stone to a professional career. Despite the anti-intellectual trend that has been quite obvious on this continent in recent years, the professions still capture the public imagination and command high social prestige. The educated man or woman is looked to for leadership wherever Canadian adults organize themselves into social, cultural or political groups. We are a privileged class—and let this be whispered rather than shouted, for this realization ought not to make us boast but, rather, to tremble with the responsibility involved—because society expects us to lead and guide and direct it in the years to come.

We are a privileged class because we have an opportunity to avoid being swallowed up in the economic struggle before having a chance to step back, take a look at life and culture, science and art, add to our store of knowledge, and develop our capacities of reasoning and expression; because we have an opportunity to associate with others of similar interests in the many extracurricular activities that are a vital feature of campus life; because we have an unexcelled opportunity to develop ourselves into capable and conscientious citizens before we take our place in society; and, because, as a result of all these opportunities, we are destined to be tomorrow's

E.C.H.

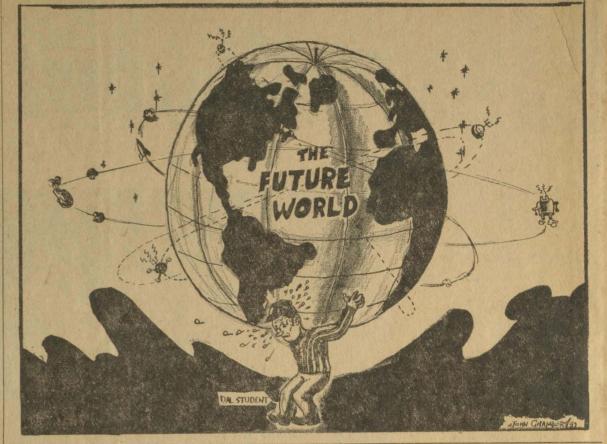

This issue of the Gazette is a special edition which, exclusive of its normal circulation of 1600 copies for distribution to all students, is being sent to almost all alumni of the university throughout the world.

The total circulation run is approximately 10,000. The cost of the additional copies will be borne by the university and the alumni asso-

by Matt Epstein, Editor of the Gazette at that time, and Dr. A. E. Kerr, President of the University. With the blessing of the university administration, the paper was distributed to all alumni without charge, the avowed intention being to provide a peek at university life and student activities for alumni now physically distant from their alma mater.

Now, the idea is continued.

leaders.

war and peace

(U.W.O. GAZETTE)

Despite the banner headlines that have filled the newstands for the last decade, announcing the obvious Soviet drive for world domination, the people of North America are still lulled by their own dangerous peace of mind. Something of America's security-in-neutrality feeling has remained on the continent like a protective cloud for the last 40

years.

True, 40 years ago that cloud was lifted in the minds of clear true, 40 years ago that cloud was lifted in the fact that today. thinkers in the armed services and government. But the fact that today most people continue their placid way of life is nothing more than a revelation of their failure to face up to a desperate situation.

Russia's five-year plans, its infiltration peacefully and otherwise into satellite nations, indeed its balky obstinance at every type of world gathering since 1945, reveals one thing: the aim of Communism remains essentially as laid down by Lenin, world domination and nothing short

Canadians and Americans, as individuals, may gain nothing materially by accepting the fact that war or even peaceful surrender without war is inevitable. Perhaps they cannot be blamed for shying away from such pessimism. But many of those same thinkers that have before predicted correctly the movements of Communism today say that war will come, either a military war which could mean the death of millions, or an economic war that could impoverish today's soundest governments.

We must accept the implications of such a prediction. And the implications are many—spiritual, social, and political implications, that could turn our lives into a hell and a misery.

The good side may win out in the end, but we must remember that

The good side may win out in the end, but we must remember that this could take place 20 or 30 years from now, after Communism has become a world government. The intervening years can only provide survival for us if we meet the hardships squarely

Poles and Hungarians have lived through terrorism and suffering and we can only do so if we meet similar problems with the same spirit.

If we sacrifice now this feeling that we are undefeated and can never be beaten, if we accept the possible consequences of world events as do our leaders, we will be more perpared to meet them in actuality.

By BRUCE WILLIS

Last week's Gazette was very interesting. One could hardly put it down. Everything from Athletic Morality to thumbnail sketches of our distinguished alumni.

There have been some 'beefs' aired to me personally. Several local students have complained of the removal of partitions from the desks of the MacDonald Library reading room. We fail to see the reasons behind this move, perhaps they are valid reasons and then, perhaps they aren't. The fact remains that many students who have spent years in the library have been suddenly faced with the task of doing their work under the eyes of numerous others who merely go to the library as a break between table duty in the canteen. There is no more privacy in the library, and Heaven knows that its quite difficult to get your work done when all these distractions are parading in full view. I leave this thought (above) with those turning the wheels.

Another student has written complaining of the lack of social life on the campus. He claims that is a tragedy: boys from outside Halifax go to classes, live in one room and have to be satisfied with that. Then, when a dance comes up, he claims its hard to get a date—everyone's going steady, or wants to, and he doesn't. It seems that Halifax students stick together in a most discouraging manner, and its hard for him, and for others to straddle the gap between social prominence and raving lunacy.

\* \* \* \*

Such confusion on the part of a fellow student moves me to suggest some remedies. Here goes:

Victoria General Nurses' Residence, 2-6441; Children's ospital Residence, 2-8441 (1st or 2nd floor); Infirmary dence, 3-9744, 3-9634, 3-9522, 3-9847; Grace Residence, 9655 oz 3-9988; Shirreff Hall, 3-8801, 3-9745, 3-9746; Mount Shint Vincent, 5-9612 or 5-9758; and others too numerous to mention. Be a do-it-yourself fan, and take it rom above.

And the Men's Residence is still with us.

The new Dental Building is a smart addition to the Forrest campus scene. It is a blessing really, in that the boys who are always down in the mouth have something to look forward to. The old Forrest Building has been there for about seventy years or more and looks like it. I personally hope that a fairly nice men's residence will be built on Studley campus soon, in the tradition of expansion so recently initiated by the construction of the Dental building and the planned Science building.

\* \* \* \*

Carleton U. in Ottawa witnessed scenes reminiscent of 1951 here on our campus. When Her Majesty the Queen and her consort visited there during their recent state visit to our capital. With the apprehension over Sputnik and the serious situation in the Middle East taking the back seat to one of our greatest days, the Royal party's opening of Parliament was perhaps the most newsworthy event of the year in Canada. The TV coverage was fairly good in Halifax, but not as good as for the World Series. Was this because, as is unfortunately the case in the U.S., commercial efforts are being pushed rather than public-interest

Those American announcers in Washington are a case in point. If they are broadcasting a network ball game, their lippancy might not have extended to the point reached on Thursday in D.C. However, the witty Americans will, perhaps, as always, come up with the worn-out and over-played excuse re free speech.

It is a well-known fact, brought forcibly to the outside world the observers in recent months, that all Americans are equal. But some are more equal than others.

That the Sputnik will soon lose its value. Reason: The Russians can't send up a repairman or even a person to change he roll of film

### GREATEST ORGANIZER

His task defined, Howe began to work. The great public companies which he founded and which serve as the milestones of his ministerial career are the tangible expressions of the achievement of his goal. Under his capable guidance the Canadian National Railways were reorganized, the National Harbours Board was inaugurated; he organized the operational end ground service for Canada's first transcontinental air system and thus founded TCA. Here at work was the man whom the late MacKenzie King called "the greatest organize of his time." Here was a great executive manipulating forces that were to make Canada great. In April of 1940, Howe was appointed Minister of Munitions and Supply had ended, however, Howe had At that time Canada's war potential was negligible. When the war position that was fourth among the Allied producers. He had not only equipped the Canadian armed forces but had also given away to out allies "more material per capita than any member of the Alliancenot excuding the United States."

Howe has been called one of the toughest politicians that Canada has ever seen. His five terms in Parliament during which he has held eight cabinet posts have been turbulent ones.

He was indeed an embatled politician. His single-mindedness, his

# DAL SPO

# Loss, Tie

Acadia girls edged the Dalhousie girls 2-1 Tuesday afternoon at Stud-ley in a fast moving, closely fought ground hockey game. Betty Graham the Acadia centre, and Elizabeth MacIssac tallied for the winners while Pam Campbell counted the lone Dal marker. The referees for the game were Dorothy Walker and Joan Andrews.

DAL IN SECOND SCORELESS TIE Thursday noon saw Dal and King's girls' ground hockey trams tangle in the second encounter of the season, and for the second time they battled to a 0-0 drawn.

King's were sparked by their forwards Irene Macham and Susan

The fine defensive work by Pam Dewis in the Dal cage kept King's from breaking into the scoring column. The Tabbie's forwards were also on the attack but their offensive plays were stopped by the fancy stickwork of Molly Puxley of the King's defense.

Dal is now in second place in the league standings with one win, two ties, and a loss.

# Tabbies Take Engineers Win **Cross Country**

The Engineers won the annual cross-country race today despite a sparkling run to the wire by two men of other faculties. John Hamm of Arts and Science nosed out Danny Jacobson, Commerce, by three yards to win the event with a time of 9 minutes 16 seconds over the 1.7 mile course. This was the third consecutive victory for Hamm while Jacobson placed third last year.

The Engineers won the race, however, because they were the first faculty to have four runners cross the finish line. The Engineers started 24 runners of a total of 35, and 21 finished for the best show of any

Arts and Science came second. with Dentistry third, and Commerce fourth.

# DAL CAPTURES SOCCER TITLE

by PETER BENNET

Dalhousie's soccer eleven started off a weekend of Dalsie victories against the blue and white from St. F.X. as drubbed the Xaverians 7-2 to march to their sixth tht win in the Intercollegiate loop and, in consequence, their first soccer title. The Dalhousie victory marked the first major svorts title that Dalhousie has won since the Purdy Cup victory three years ago.

the Tigers had virtually no trouble as they controlled play throughout the game and were continually pressing Bob Moran in the Anti-gonish goal. Once again hard work-ing Andy Burns came up with a strong game and picked up a hat trick from his potent right wing position. Speedy Steve Wong, Dal center forward, tallied a brace while John King and Art Tucker garnered singletons

A goal by Wong in the first minute of play sent the Tigers on their way and shortly afterwards a Matt Dolan to Hugh Fraser to Burns pass sent the Tigers ahead 2-0 as Burns sent the ball low into the X net.

Whalen narrowed themargin as he netted the Xaverians first goal as he sent a 20-foot blast off the left hand goal post past the outstretched goaltender Bob MacLeod.

Stive Wong put the home team two ahead as the half drew to a close when he sent a blistering penalty shot whistling into the "X" net. Tucker and Dolan fed passes to Burns for the fourth Tiger goal and the half ended with Dal holding a comfortable 4-1 lead 4-1 lead.

# DGAC TO START **NEW SPORT**

The first tumbling session will be held next Thursday night from 6:45 to 7:45 under the direction of Mrs. Thomas, physical directress.

Although the sport is something new to D.G.A.C., many girls have been acquainted with it and feel it team which had been stricken with

The second half was all Dal-Paced by a strong forward wall housie's as they infiltrated and seepaced by a strong forward that an impregnable quintet of backs. Tigers had virtually no trouble captain Art Tucker, after many near they controlled play throughout headed home a pass centered by

Andy Burns.

The second X goal was of the horseshoe variety with Bob MacLeod and fullback Pete Crosby the perpetrators of the crime. MacLeod cleared an "X" shot by kicking the ball and Creeky who thought that ball and Crosby, who thought that MacLeod was going to grab the ball with his hands crossed in front of MacLeod to cover the Xaverians right wing, and in doing so, the ball hit his back and bounced back over the goaltenders head into the net.

Andy Burns netted the sixth Tiger goal and the final tally went to hard-working centre half and co-captain John King as he culminated the scoring for the after-noon on the scoring play of the game. Andy Burns once again set up the play as he faked the oppos-ing fullback out of position and passed to King who blasted a shot to the lower right side of Moran.

# TIGERS EVEN SCORE; DEFEAT XAVERIANS IN THRILLER 27-7

by Hugh Fraser

A dead game Dalhousie football team defeated their arch rivals, St. F. X., 27-7 at Studley last Saturday. Giving way in total first downs and yards rushing, the Bengals took advantage of "X" fumbles to fashion the victory. The Tigers are now entrenched in second place, and a victory over Shearwater this coming weekend would force a playoff between the Tigers and the Flyers, for the league championship.

In the first quarter Dal scored early as the defensive wall broke through to block "X's" third down punt. Duke McIssac kicked the ball into the end zone where it was good for a point. For the remainder of the quarter the defense on both sides forced the opposition to kick.

In the second quarter, Dave Thomas threw Ambrose of St. F.X. for a loss, and it was Dal's ball. Thompson ran wide for the first down. A pass was incomplete, and Thompson quick-kicked on second down. Tiger defense dug in and proceeded to hold the Xaverians in their own zone for the rest of the half. With five minutes left Dal was forced to kick, but the "X" receiver fumbled. Pat McDonald pounced on the loose ball. The fighting Tigers made the most of the break. Nicholson and Corkum picked up a first down, and with three minutes to go Corkum caught a Wickwire pass, but was stopped just short of the goal line (see photo). Two plays later Nicholson®

went over standing up. You kick was made, but Dal led 7-0. Young's

Soon after the half Dal capitalized on another St. F.X. fumble as Mill-man recovered the ball and was stopped just inches short of pay dirt. Dal made the most of the opportunity again when Don Nicholson scored his second TD of the game. The convert was wide.

St. F.X. came fighting back, mainly on the running of Delaney and Preston. The Tiger defense crumbled for the only time during the afternoon as Ambrose went around left end for "X's" only major score. The convert was good. Dal led 13-7.

In the fourth quarter, with only five minutes remaining, "X" was on Dal's 20-yard line. However an 'X' pass was ruled incomplete as a a Dal defender, about to intercept the pass, was illegally interfered with. This infraction gave Dal the ball. The Tigers failed to gain yards, but Thompson's tremendous punt put ball back on the Xaverians 40-yard

gambled on a third down pass. This was knocked down be-hind the line of scrimmage, and Mel Young, who had played great de-fensive ball all day, kicked the football into the end zone and fell on it for six points. Wickwire's pass into the end zone was good for the con-

A minute later Stu McInnes intercepted an "X" pass about mid-field.
After running down the left sideline
he lateralled to Steve Thompson
who roared over for a touchdown. Wickwire ran (!) the convert around

Final score was Dal 27, St. F. X. 7.

# King's Girls In First G-H Loss

A regularly scheduled ground hockey game was played between Mount A and King's last Saturday. The Mount A girls proved to have a very strong team and won a complete victory 6-0. Audrey Holley-bone and Sue Bell led King's up the field several times but couldn't score against the masterful Mount Allison

### KING'S SOCCER SCORE

By WALLY TURNBULL

Last week King's, on their home pitch, finally broke into the point parade. Led by Rollie Lines, King's defeated Acadia 5-3 on Thursday, and tied St. F.X. 3-3 on Saturday.

is a welcome addition for Dal girls.
Those interested are welcome to come out on Thursday night and give it a try.

team which had been safeking the flux. An injury early in the game forced the home team to play with only ten men. Acadia opened the scoring, but Noel Andrews

quickly tied up the game. Bob Fowler and Lines matched goals for King's to close out the scoring for the first half, and give King's a 3-1

King's opened the scoring in the second half and took a commanding 5-1 lead on two goals by Rollie Lines. The Axemen rallied strongly and threw a brief scare into the hearts of the King's fans when they added two more goals. However this rounded out the scoring

## Corkum Foiled in Scoring Bid

Xaverians pull down Pete Corkum a short five yards from pay dirt. Two plays later Don Nicholson scored the Tiger's first TD.

# Tigers Trail In Track

Acadia Axemen won their second straight Intercollegiate Track and Field Championship as a result competition in Antigonish last Wednesday. Racking up nine firsts, the winners compiled a total of 58 points to win going away from the other six Maritime universities. UNB was their nearest rival with 34 points, followed by St. F.X. with 24, Mt. Allison, 16, N. S. Tech 15, St. Mary's with 8, and Dal trailed the meet with a meagre 6 points.

High individual honors went to Acadia"s Wayne Dickson who racked up firsts in the 100 and 220-yard dashes as well as the half mile

The only bright light in the Dal-housie cause was Ed Knight who finished first in the 440 and placed third in the 100-yard dash. regrettable that a college of this size cannot produce a better track team as this is the second conssecutive year Dal has finished last. It is true however that illness, injury and ineligibility cut down the team at the meet, leaving Ed Knight the only threat to intercollegiate laurels.

for the day and gave King's its first victory of the year 5-3. KING'S 3, ST. F.X. 3

In Saturday's game, which counted for four points, "X" opened the scoring and built up a 2-0 lead. Lines put King's back in the picture with a drive into the net to end the

The second half opened slowly and after much milling around the centre of the field King's notched two goals, once again from the toe of Rollie Lines. With a minute left in the game "X" scored to end the game in a 3-3 draw.

In the second half, two Gilmore landed past the dead ball line, resulting in no score.

With four games played in the made no mistake and gathered in a pass for the final score scored, all by two teams. THE PLAYERS SAY

"I think there definitely should be a league formed. In this way the colleges can have the opportunity to play against teams who do not get the almost year-round con-ditioning that the service teams

"Eventually, yes, but not within the next two or three years. Dal and St. FX are too strong."
"I think that an all-Service lea-gue, without the colleges would

"Yes, definitely a loop should be formed, but only on condition that the other colleges could watch the calibre of Dal and "X".

Another service team could fill the gap in the Intermediate League-possibly an army team or Cornwallis.

Doug Parker:

"Definitely, yes! As it is now it is not fair for the colleges to compete against service teams, who have so much more conditioning before the season

### THE STUDENTS SAY Ron Clarke:

"An intercollegiate league is the only answer. I think that the service teams, with their better facilities are quite superior to the college squads and will become more so in future.'

Ron felt that if a league were formed, the crowds at games would be drawn at a better rate than those attending service - college

Dave Siliphant:

'There should be a college league in the near future." The service teams get too much of a jump on the college boys by their summer

'The league should not be formed in the immediate future, not until all the teams in the league have become of equal strength."

Dave went on to say that he

felt some consideration should be shown the service teams, as the departure of Dal and St. FX from the league would leave the service teams stranded.

Speaking from the point of view of the Pep Committee, Dave said "an intercollegiate league could undoubtedly raise Dal spirit to new levels. The college rivalry would be revived by this league.'

# Frosh. Seniors **DGAC** Victors

The second regular DGAC session took place in the gym on Monday evening, Oct. 19. A short discussion was held to decide a night for tumbling sessions and Thursday from 6:45 to 7:45 was found to be most suitable.

Archery, ping-pong and badminton were among the regular sports played. Highlighting the evening were inter-class volleyball games. The Sophomores lost a close match to the Frosh 30-28 and then the Seniors defeated the Juniors in a thrilling overtime game by a score
