

PRESIDENTIAL MESSAGE

On behalf of the Chancellor, the Board of Governors and all Dalhousians, I welcome this opportunity to bring you greetings on this the 90th Anniversary of the Dalhousie Medical School.

The remarkable development of medical education in the Atlantic Provinces during this period is unfolded in the pages of this Reunion Edition of the Student's Journal.

The broadening influence of our medical graduates in all fields of health in our land is a source of great pride to us all.

May your Reunion be a most happy and fruitful one.

DR. A. E. KERR
President, Dalhousie University

Be assured that any efforts on your part to assist the further development at Dalhousie is timely and carries with it the appreciation of all charged with the heavy responsibilities of modern medical education.

DR. A. E. KERR

EDITORS' NOTES

The year 1958 marks the 90th Anniversary of the Dalhousie Medical School, and this issue is dedicated to the celebration of this occasion. The history of our medical school will be unfolded on the following pages by those who have made this history.

Publication of this issue, was delayed to coincide with The Canadian Medical Association Convention to be held in Halifax on the week of June 16th. We hope this souvenir issue will make you long remember this Convention and Dalhousie University Medical School.

The convention will feature a special reunion of all Dalhousie Medical Graduates. It is anticipated that a Medical Alumni Association of Dalhousie University will be formed at this reunion. The Student Medical Society is happy to make their Journal available for this occasion.

Y. A. K.

BY WAY OF INTRODUCTION

The Reunion Committee acknowledge this opportunity to welcome all graduates of Dalhousie Medical School on this the Ninetieth Anniversary of the School.

In the following pages we feel you will find a most fascinating collection of the thoughts from the past, the humming present, and the hopes of the future.

A special section on present day research at Dalhousie will be of particular interest and help to point out the vastness of problems of health education and research to-day.

May we here, particularly acknowledge our debt to the Students' Journal editors, our advertisers, The Mitchell Printing Service Co. Ltd., Dr. C. M. Bethune, Miss Blauvelt and staff, to all members of the Committee and those who have contributed to the success of this special edition and the Reunion.

We look for big things from our Alumni group in the future.

Chairman and Special Editor, W. A. MURRAY, M.D.
