...the Sun Life representative

Yes, as an expert to help plan your estate, the Sun Life representative can work closely with your lawyer, accountant and trust officer in providing you with the best possible advice. To preserve your assets, your estate will need dollars immediately available to meet death taxes and last illness expenses. Sun Life can provide such dollars.

For more than ninety years, Sun Life of Canada's representatives have provided security to untold numbers of men, women and children in time of need. With \$11 billion of life insurance in force representing three million individual policies and group certificates, and with 150 branch offices in North America, Sun Life offers policy contracts that are modern and up-to-date in keeping with the changing times in which we live.

CENTENNIAL COMMISSION
PUBLICATIONS PROGRAMME

GRANTS TO AUTHORS AND ASSOCIATIONS

The Centennial Commission, in co-operation with the Canada Council and the Canada Foundation, announces a programme of grants to authors and associations to encourage the production of publications on the occasion of the Centennial of Confederation.

Preference will be given to projects in the arts, the social sciences and the humanities. Under exceptional circumstances consideration will be given to projects in other disciplines.

The maximum individual grant will be \$5,000.

The book must be published in Canada before September, 1967.

The author must be a Canadian citizen or a resident of Canada since 1962 or represent a Canadian association.

Applications will be received and assessed by the Commission until January 1, 1966.

Information and application forms in connection with this programme are available at the following address:

Assistant Editor

Sponsored jointly by the Social Science Research Council of
Canada and the Canadian Political Science Association

The primary, but not the only, object of this magnificent volume is to present a wide range of statistical time series, along with material describing the series, covering where possible the period from 1867 to 1960. These data should be of interest to all who are concerned with the quantitative aspects of the social, political and economic history of Canada. The text accompanying the tables is an integral part of each section. In addition to giving the sources of the data, it gives sufficient description of the individual time series to allow the general user to work independently of the sources. It provides, also, descriptions of the way in which the data have originated and been processed.
