Introduction.

KING'S COLLEGE was founded by an act of the Provincial Legislature, A. D., 1789, chiefly through the exertions of the Right Reverend Charles Inglis, D. D., first Bishop of Nova Scotia, and was opened in 1790. It received a Royal Charter from King George III in 1802, and is the oldest Colonial University in the British Empire.

By the Royal Charter all the privileges of a University were granted to King's College. The University confers degrees in Arts, Divinity, Law, Engineering, Science, and Medicine.

King's College is open to students of all denominations, and imposes no religious test either on entrance or on graduation in any faculty, excepting that of Divinity.

Candidates for Matriculation may be examined at distant centres. (See Regulations for Matriculation).

Students reside in the college building which is heated throughout with hot water. The old fashioned, roomy studies are shared by two or three students according to arrangement. Everyone has a separate bedroom.

The aggregate outlay necessary for the three or four years' residence and study qualifying for a degree will, of course, depend much upon the tastes and economy of the student, but may be estimated at about \$200 per year.

The School of Law, established in 1892, is situated in St. John, N. B. By an Act of the Provincial Legislature of New Brunswick, graduates of this school are admitted as attorneys without further examination.

King's College is affiliated to the Universities of Oxford, Cambridge, and Dublin, under conditions which allow an undergraduate who has taken two years' work, to pursue his studies and take his Degree at any of those universities on a reduced

period of residence. Under the terms of the affiliation with Oxford, candidates for the Rhodes Scholarship who have taken the Arts Course at King's, including Greek, are exempt from the qualifying examination.

The Rhodes Scholarship will be open to students from King's College in 1909.

The Collegiate School (or Academy) was opened in 1789. Two years ago the school building was removed to the top of the hill, and put in thorough repair.

There are at present in the University four schools open to matriculated students :—

- I. The School of Arts.
- II. " " " Science.
- III. " " " Divinity.
- IV. " " " Law.

The object aimed at in the Arts Course is to impart a good general education, while every facility is afforded for the prosecution of special studies.

Students who do not intend proceeding to a degree may attend the Lectures of any of the Professors, subject to the usual regulations, and can obtain from the Registrar certificates of examinations passed.

Numerous Scholarships, Prizes, and Honorary Distinctions are open for competition by students in the several faculties, particulars of which will be found later on.

Expenses.

The general charge to Resident Students for board, room, washing (one dozen pieces per week), attendance, examinations, gymnasium, &c., is \$150 per annum, payable in instalments of \$50 at the beginning of each term.

Non-resident Students attending lectures are required to pay \$20 per annum for general dues, in instalments of \$6.67 at the beginning of each term.

Tuition Fees are \$4.00 per term for each subject, or a maximum of \$16.00 per term for all subjects in which lectures are taken. Tuition in certain subjects is given free to holders of Nominations. An additional fee of \$5.00 per term is required of students taking Practical Chemistry. All students are charged a Library Fee of \$5.00 per annum.

The rooms are unfurnished, so that a small outlay is required at entrance, to be made by each student according to his own means and tastes. Each student will be responsible for damage done to his rooms.

All students must wear College Cap and Gown.

Students.

Persons who are less than 16 years of age are not admitted as students of the College, except under special circumstances. "Undergraduates" are those who have duly matriculated. "Conditioned students" are those who are pursuing the same course without having passed the whole of their matriculation examination; if they successfully pass at the end of the first year the examination in the work of the year, they may count their terms from the time they actually came into residence, provided they take, as subjects for their first year, all subjects required in Matriculation.

A registration Fee of \$2.00 will be charged to all students who enter without passing the Matriculation Examination.

Women are admitted on the same terms as men.

Undergraduates who have taken a partial course at any other University recognized by the Board of Governors, may upon presenting certificates of standing, be admitted *ad eundem statum* and complete their course at King's College, provided the certificates show at least as much work done as called for by equivalent examination at this University.

A student who has received his diploma from St. Augustine's College, Canterbury, St. Boniface, Warminster, Wycliffe College, Toronto, Montreal Diocesan Theological College or any other recognized Theological College, upon presenting satisfactory certificates of work done, may obtain the degree of B. Matriculation.

The President of the College must receive from each candidate for Matriculation before the day of Examination, a certificate of good moral conduct extending over a period of not less than eighteen months immediately preceding. In the case of candidates from a boarding-school, a certificate from the Head Master will suffice; but those candidates who have attended a day school must, in addition, produce a certificate from the minister of the church they have attended.

The Faculty of the College are authorized to accept certificates from the Head Master of approved schools in lieu of Matriculation.

The Junior Leaving Examination (Grade XI) of the High Schools of Nova Scotia or an equivalent examination of another province is accepted *pro tanto* as equivalent to the Matriculation, Examination. Candidates will be required to pass in such of the required subjects (if any) as are not covered thereby.

A student holding the Grade "A" Nova Scotia Provincial Certificate, (or an equivalent from another province) covering the subjects required, is admitted to the Second Year.

The Senior Local Examination is accepted as equivalent to Matriculation into the second year, and the Junior Local Examination as equivalent to Matriculation, as far as they cover the subjects required.

Of Terms and Residence.

The Academical year begins in October, and contains three terms. Michaelmas Term extends from the first Saturday of October to December 22nd; Lent term from the second Saturday of January to the Saturday before Palm Sunday; Easter Term from the Monday after Easter Monday to the last Thursday but one in June.

Lectures are not given on the following days: King's Birthday, Ash Wednesday, Ascension Day, Victoria Day.

Students are required to pass the Terminal Examination at the end of Michaelmas Term. First and Second Year Students pass an examination at the end of the Easter term in the work of the Lent and Easter terms. The Degree examination will cover the work of the whole of the year. No student who has failed to pass a terminal examination shall be allowed to present himself for examination in the subjects of any subsequent term until he shall have passed a supplementary examination in the subjects in which he has previously failed.

Students intending to take Supplementary Examinations must send in a petition, accompanied by a fee of two dollars, to the President at least one week before the opening of term.

The Supplementary Examinations must be completed before the beginning of term.

The standing of undergraduates is determined by the yearly examinations.

The College Board will, in their discretion, require a student who, from whatever cause, shall fail to keep up with the work of his year, to "degrade," *i. e.*, to go into a lower year, in which case such student shall lose the seniority of the year from which he degrades. Students shall rank according to the number of terms they have kept.

Discipline.

All students are required to report to the President on the first day of each term.

The resident students are under the immediate charge of the President (or, in his absence, the Vice-President).

All students in residence attend the services in the College Chapel. Students who are not members of the Church of England are permitted to attend the Sunday Services of their own Church.

Attendance at all Lectures in the course entered upon, except those which are announced as optional, is compulsory upon all students, and no student is allowed to absent himself from the examinations in any subject in which he has taken Lectures, except by special permission of the Professor.

Students who have absented themselves from any Lectures without permission of the individual Professor and without proper excuse, will be reported to the weekly meeting of the Board of Discipline.

More than two unexcused absences from Lectures, or forfeiture of Lectures from disorderly conduct, will disqualify a student from examinations and from keeping his term.

Students residing in the College are not to be out of it after 10 p. m. without the permission of the President (or, in his absence, the Vice-President) and no permission is given to be out after midnight. The College authorities may enter the apartments of undergraduates at all hours of the day or night.

No visitor is allowed to remain in College after 10 p. m. unless by permission.

All noise is forbidden in College during lecture hours.

The President is authorized to impose fines for infraction of regulations, insubordination or disorderly conduct; matters of a more serious nature are referred to the Board of Discipline, which meets once a week, or oftener if required.

The Board of Discipline may deprive any Student of his Term for negligence of due preparation for Lectures.

In case of sickness a medical certificate must be produced, if required by the Board.

The introduction or use of intoxicating liquors in the College is absolutely prohibited.

Students are forbidden by the Statutes to resort to any inn, tavern or public house, except for special cause approved by the President.

I.—School of Arts.

(The scheme of work as outlined below is subject to such changes as may be found expedient.)

The course extends over three years. In the first and second years a candidate takes six of the subjects prescribed, in which Latin, English and one other language must be included; other subjects may be selected at will by the student so far as the hours of Lectures will allow. For the degree examination at the end of the third year, any four subjects may be chosen.

Honour work in the fourth year can be taken in certain subjects. Particulars concerning the Honour work in Languages and Divinity will be found on pages 27, 28. Particulars as to Honour work in other subjects can be obtained from the Professors.

The Friends of King's is an organization recently formed to help the College in any way it can, directly or indirectly.

The Women's Auxiliary, which has branches all over the Maritime Provinces, was organized by the energy of Rev. S. Weston Jones, as a valuable supplement to the work of the Alumni. It has already succeeded in founding the Alexandra Professorship, and has helped in furnishing the College rooms. Its work in diffusing a broader interest in the College is becoming more and more important.

COLLEGIATE SCHOOL (ACADEMY.)

The School for some years shared the College building. Subsequently it occupied premises out at Tonge's Hill. Its present buildings are situated on the beautiful College campus. They are all, including the Gymnasium, provided with electric light and hot water heating.

The School provides a good general education, and pupils are prepared for matriculation at King's and other Universities, for the entrance examination, Royal Military College, Kingston, Ont., for Army and Navy, and for commercial pursuits.

Pupils who are members of the Church of England attend the Sunday Services in the College Chapel. Careful attention is given to moral training and religious instruction. Brief reports of boys' progress and conduct are sent home at mid-term and detailed reports at the end of each term.
