ANNOUNCEMENT

Symbiosis Newsgroup – Going Electronic

A newsgroup dedicated to discussions and news about symbiosis has been established. Researchers working on all types of symbiotic associations are invited to join.

This newsgroup is a means whereby individuals and groups studying symbiotic associations may gain insights and ideas from fellow symbiologists where perspectives might be different. The group is also intended to link symbiologists into a single net that will simplify dispersal of news, meeting announcements, and discussions of concepts or other ideas.

To subscribe to the Symbiosis Newsgroup, send an E-mail message to <biosci-server@net.bio.net>, and in the body of the message write <subscribe symbios>.

For additional information, contact Jim White, Department of Biology, Auburn University at Montgomery, Montgomery, AL 36117, USA. E-mail. epichloe@tango.aum.edu
