

# what teen mag is for you?

By Ann Foster

You're a cool girl with international flair - check out Brit mags, like Shout or Sugar, or try an Aussie mag such as Dolly! Your mates will be impressed with your worldly know-how

You dance to your own beat, so try alterna-mags for info on the latest indie bands, or how to customize your fair-trade low-riders. Look at titles like Bust, Shameless, Jane or Bitch.

You love your fave celebs (hello, Zac!) almost as much as the latest make-up hair and fashion tips! Try Teen, Seventeen, J-14 or CosmoGirl!
