### IN MEMORIAM

**Anne-Marie Diane Jeffrey** - 52, Halifax, passed away on September 4, 2008, in the VG Site QEII.

Born on February 5, 1956 in Halifax, she was a daughter of the late Clarence and Vivian (LeRue) Jeffrey.

Anne-Marie was the Administrative Secretary for the Department of Physics and Atmospheric Science at Dalhousie University. She took pride in her work and enjoyed assisting others. Anne-Marie was interested in everyone she met and always put the needs of her friends and family ahead of herself. She made it clear that the students were her main interest. Anne-Marie always said "The students are the reason for me being here". She took a personal interest in each and every student. Through her empathy and direct questioning she was able to understand them well, advised them, helped them, fiercely defended them and gained their respect. She worked tirelessly on many aspects of the department and became a close and supporting friend for many faculty and staff. Her insight in what needed priority in running the department as a "people centered place" guided the department for many years. She will be greatly missed.

Visitation will be held 2 - 4 p.m. and 6 - 8 p.m. on Wednesday, September 10 in Snow's Funeral Home, 2666 Windsor St., Halifax, where a memorial service will be held at 1:30 p.m. Thursday, September 11 with reception to follow. Burial will take place in Gate of Heaven Cemetery in Lower Sackville. In lieu of flowers, donations may be made to the Canadian Cancer Society or charity of choice.

A book for condolences is available for signing in the Physics Office in the Dunn Building.
