## EDITORIAL

Welcome to Dalhousie. New students, old students, new professors, old professors, the Gazette extends to you a hearty welcome. To the students who are returning to their studies there are many pleasant friendships and associations to be renewed and continued in the future. College life with its many joyous incidents and happy days commences again after a brief respite, and before you there is a glorious year in which much can be accomplished. May it be for you a most successful term. To the newcomers much will be said by practically every speaking element in university life, particularly by the professors, but it remains for the Gazette to greet you on behalf of the student body. The young student, suddenly transplanted to a new environment, in a different atmosphere and with changed surroundings, sometimes loses sight of the principal reason for which he came to Dalhousie. While it is well that all students should take an active and intelligent interest in the various college activities, he, or she, should always remember that there is a definite purpose for which one attends a university, and that is, after all, obviously the most important phase of all.

C. F. Bowes, M. A., who occupied the editorial chair of the Gazette last year and filled it in a very creditable manner,

has gone to Harvard to continue his studies. Mr. Bowes gave practically all his time to the affairs of the publication and merits great credit for the manner in which it was conducted during his term of office. We wish him success in his new location.

Thanks to the splendid efforts of the Advisory Council of the D. A. A. C. we return to Dalhousie and find that during the summer vacation the campus has undergone a series of changes which delight the hearts of all. The new bleachers with their many rows of seats, sufficient to accommodate nearly two thousand spectators, are material evidence of the activity of this worthy body. The surface of the playing field has been improved by levelling and is now in excellent condition for football and other games. A scheme of repayment for these structures has been adopted by the governing bodies and the students are asked to co-operate in order that the indebtedness may be written off as soon as possible. Further, with the assistance provided by the funds derived from our own playing field, we shall be in a much better financial condition than in previous years. Dalhousie can now invite outside teams to come to Halifax with the assurance that there is a means of procuring money for a guarantee. Get behind the D. A. A. C. Give it your support so that this year will be a banner one in athletic circles.

The Gazette congratulates Dalhousie on its good fortune in securing professors — all with excellent records — men who are leaders in their particular spheres. Professor Hugh P. Bell, His Honor Judge Wallace, Stewart Jenks, K. C., Deputy Attorney-General F. F. Mathers, K. C., Professors C. L. Bennett, H. S. King and W. R. Warne assumed new duties this term. We welcome them to Dalhousie, to which they will bring a wealth of learning and trust their work may be as pleasant to them as it will be profitable to us.

With this issue the Gazette commences another year of its career, the fifty-fourth. As a college paper, the oldest in Canada, it has many traditions to be upheld. The standard set in past years has been high, and this year we hope to be able to maintain the excel-

(CONTINUED ON PAGE EIGHT)

## THE LITERARY "D"

### What It Means and How to Win It.

One of the highest honors which a student may win while he is at Dalhousie is that of obtaining a "D". Whether this be gained for prominence in the world of sport, in football, hockey or basketball, or by means of his ability in other lines remains largely with the student.

This article is intended to introduce you to the institution known as the Literary "D" which is awarded to students for contributions to the Gazette. This Literary Competition has now been in existence for two years and during that time ten awards were made, four during the first year and six in 1921-22. The prized emblem is presented to the successful students in the form of a gold "D" suitably engraved. One of the features of the Class '22 exercises last spring was the presentation of the four "D's" won by members of that class, Professor Howard Murray being called upon to address the winners and present the prizes. Now, perhaps, some are wondering how one should proceed in order to win one of these coveted emblems. The answer is not difficult. Write an article for the Gazette; write a few verses occasionally, if you are poetically inclined; or perhaps you have keenly developed a sense of humor, write out the jokes that you hear, even direct hits are not barred if they are not offensive. All contributors to the Gazette are credited for the material they submit to the Editor and at different times during the year the standing of all contestants is published in these columns. Twenty-five points entitles a student to a Literary "D". Elsewhere in this issue will be found the present standing.

### DALHOUSIE'S POST GRADUATE COURSE

Dalhousie's Post Graduate Course for the medical profession of the Maritime Provinces has proved a success. It is hoped that bigger things develop from it in the future.

Dr. Finlay Macmillan of Sheet Harbor, the oldest living graduate of the Medical College was in attendance. A pleasing feature was the presentation to him of a gold headed cane by his brother practitioners.

## THE NEW PROFESSORS

## Four Outstanding Figures Join the Faculty of Arts.

Dalhousians welcome home Hugh Philip Bell, Ph. D., (Toronto), Assistant Professor of Biology. Professor Bell graduated B. Sc. from Dalhousie in 1912, and M. Sc. in 1914. In 1920 he received the degree of M. A. from Toronto University. He holds a Headmaster's License from the Provincial Normal College and as Vice-Principal of Lunenburg Academy 1912-13 and Morris Street School, Halifax 1914 he gave splendid service.

On military service in 1914; England 1915; France 1916; wounded 1916, returned to France in February 1917 and finally invalided to England late in 1917; musketry officer at Seaforth until the Armistice, when he returned to Canada.

C. L. Bennet, Assistant Professor of English was born in New Zealand. Received his earlier education at Otago High School and the local University. Professor Bennet served through the war in the gallant Auckland Regiment, rising from private to the post of Regimental Sergeant-Major. He won a New Zealand Government Fellowship in Cambridge where he specialized in English literature. Professor Bennet is possessed of a winning personality, is widely travelled and is welcomed as a decided acquisition to Dalhousie life.

Harold Skinner King, assistant Professor of Chemistry, graduated A. B. from Harvard in 1917. He has had a distinguished student career, has held a Carnegie Research Fellowship, an Emerson Scholarship and a Fellowship from the Anon. Fund. Previous to his Dalhousie appointment Professor King held the position of Research Chemist with the famous Dupont de Niemens Company. He has engaged in research work on the Separation of Isotopes and has written "Correlation of Atomic Structure and Spectra" (Journal Amer. Chem. Soc. 1922.)

Walter Roy Warne, instructor in Mathematics, graduated from Syracuse University, in Liberal Arts in 1911. Received the degree of Ph. B. from the same university and in 1914 the degree of Pd. B. from the Syracuse Teachers College. He has acted as Instructor in mathematics, Union College, Schenectady, N. Y.; Head of Mathematical Department, Dickenson College, Carlisle, Pa., and as Mathematical Instructor in Pennsylvania State College.

## Kiss With Care

Ray—Let's kiss and make up.  
May—well, if you are careful I won't have to.

—"Topics of the Day" Films.

## SOCIAL NOTES

A wedding of particular interest to Dalhousians was that of Dr. A. C. M. (Arabella) Mackenzie, daughter of the late Christopher Mackenzie and Mrs. Mackenzie of Middle River, C. B., to Surgeon-Lieut. Archibald McCallum, R. C. N., son of Mr. and Mrs. Robert McCallum of Toronto, in St. Matthew's church at one o'clock, October 3rd. Dr. Mackenzie, a graduate in Dentistry, class '16 from Dalhousie, was the first lady graduate in dentistry. Since graduation she has attained very great professional distinction. Dr. McCallum is a surgeon at the Dockyard, Halifax and has made many friends since his residence here.

The wedding was a naval wedding, the groom and his attendant being attired in naval uniform. The ceremony was performed by Rev. John A. Clark, with Alan Reid, organist, rendering Lohengrin's wedding march.

Another wedding particularly interesting to Dalhousians was that of Minnie Vivienne, daughter of Dr. John Miller and Mrs. Miller, Canning, to F. F. Chute, B. A., M. D., C. M., son of Mr. and Mrs. P. S. Chute, Berwick. Dr. Chute is a graduate of Dalhousie Medical College, Class '22, a graduate in Arts from Acadia University and was on the teaching staff of Acadia University. Mrs. Chute graduated in violin from Acadia Seminary, with post graduate courses at Mount Allison and Boston. Dr. and Mrs. Chute are residing in Canning where Dr. Chute is practicing his profession.

At seven o'clock on the morning of Sept. 12th the wedding took place of Dr. M. J. Carney and Miss Evelyn Lewis. The students who were able to attend said the wedding was "grand". After the ceremony the happy couple left for a motor trip through the Maritime Provinces, carrying with them the good wishes of all connected with the Medical School.

In the afternoon of the same day, Dr. A. B. Campbell, Med. '21, and Miss Daisy Morrison were married at Park Street Church. Dr. "Danny" Hoare was a witness and claims that everything was done properly. After the ceremony Mr. and Mrs. Campbell left for Cape Breton on a motor trip. Dr. Campbell has taken a practice in Bear River. We wish him happiness but would like to have him back in the scrim.

On Tuesday afternoon, October 3rd, the Alumnae Society of Dalhousie was "At Home" to the girls of the Univer-

sity. Tea was served in the hall of the new Arts building, and everyone welcomed the change from the cold, repelling Science Building, where formerly similar gatherings had been held, to the warm, cheerful Arts Building. Mrs. (Prof.) Murray and Mrs. (Prof.) MacNeil presided at the tea-table which was prettily decorated with cut flowers. The executive of the Alumnae was in charge of the serving. Much of the success of the afternoon was due to the gracious cordiality of the President, Mrs. G. Fred Pearson, who soon made the students feel at home and dispelled any possible atmosphere of formality. Mrs. Pearson was assisted by a joint committee of the Y. W. C. A. and last year's graduates, who moved among the new girls and made them acquainted with one another. The tea was an auspicious opening to the social life of the co-eds of the college. M. M.

The new girls were given a royal reception on Oct. 9th, when all the Dalhousie girls gathered at a bean supper given by the S. C. A. That lack of reserve which is characteristic of a crowd of girls, when the opposite sex is absent, was greatly in evidence, and everyone ate, talked and made all the noise they could. So, you see, this affair was a decided success.

After the excellent supper, a short programme was given, the first number being a humorous interpretation of "The Schooner Hesperus" by Misses Sandford and Elliott, which brought down the house. Miss Jean Shaw also made a decided hit with her comic songs and piano solos.

Just before the crowd broke up, Miss Kuhn and Miss McLean, officers of the girls' branch of the S. C. A., gave short talks on the aims and activities of that most excellent society, asking the girls for their support and co-operation. After Dal. songs had been sung, the college yell given, and cheers for the S. C. A., the girls dispersed, all agreeing that the evening had been most enjoyably spent. G. E. M.

## STUDENTS!

## DON'T THROW YOUR OLD SHOES AWAY

Remember our GOODYEAR WELT SYSTEM that made this store so popular in Halifax. If you haven't done so before, try us now. It will be worth your while.

We will also renew your old hat so that you will thank us for saving you the price of a new one.

**THE SHOE HOSPITAL**  
428 Barrington Street

## Pine Hill Post

"Nothing is new; we walk where others went."

Pine Hill was officially opened when Bill Jones, with Anticosti at his back, and the whole world before him passed beneath the Chestnut Tree, closely pursued by his sea chest.

Close upon Bill came Geo. Smith with his latest contribution to the "Codex," and Perry Knox, fresh from a year's roughing it on the south shore, ascended to the top floor, there with "Pa" Creelman to make "Red's Quorum" complete. After meeting all these old friends, and with a triple handshake and assurance of fine weather from Morris Kirn, one feels once more quite at home.

When finally all were gathered in it was realized that rumors heard during the summer were true: the Pine Hill Tree had been culled and pruned until the old trunk of about a half dozen of the faithful was surrounded with all new fruit.

Especially missed is that old friend Walter McLean, the sole survivor of the original "Barber's Union." And time would fail to tell of Dinty and Clay and Blanchard and Bill Gunn and Leonard Fraser, whose activities in different spheres brought much honor to Pine Hill. Chisholm McDonald's opinions, and variations of the latest Jazz will be sorely missed. While Murchison, the perfect gentleman, will never be replaced.

Although prone to look askance at the new men they seem to be shaping wonderfully. McCurdy possesses great dramatic ability and gave us a wonderful presentation of "Adam in the Garden." Although rain prevented more from attending we feel that the performance was quite a success.

Yarmouth County shows the extreme in length, while Lunenburg County, the extreme in adiposity. Seven of last year's class of Pictou Academy are present and no less than twenty-five old students of that institution are in the residence.

The meeting for the election of officers and the enunciation of the Dean's "Fourteen points" which makes the "Eighteenth amendment" look like the proverbial asbestos cat took place Thursday night. Larry McKenzie, the "Ole war horse," conducted the meeting most acceptably. "Tass" Langwith was invested with the holy orders of Pope; Don Webster assumed the scarlet robes of Cardinal; the sacred duties of Bishop are to be attended to by former Deacon Sutherland and the Scrolls and parchments were placed in the hands of Don Clouston; Red Grant has been placed in command of the P. T. squad and N. B. McLeod of the crease in our trousers.

The contest for celestial representation was sharp and bitter, Guy Mc-

## University Hall

University Hall is now commencing its third year as a college residence. To those who have been here from the first, it seems like a very short time—too short indeed. Nevertheless, how far away the first year seems. Charlie McKay and his house committee, Underwood and Henry at the piano—and do you remember that night Jim and Ike came home from the Law Banquet? Them was the days.

Last year the novelty had worn off to some extent, and for some reason the Hall wasn't up to full strength. Several chaps roomed alone, and it seemed that some were dropping out all through the year. Anyhow, there is nearly a full house now, and things look good for a great year.

Dr. Cameron and Dr. Dawson are still at the Hall. Perhaps this won't mean much to the new-comers, but before many weeks have gone by, they will be able to appreciate the presence of these two gentlemen.

The fact that Mr. Nesbit is here again causes the greatest satisfaction on every hand. "Bill" is a real manager.

Some of the old crowd, however, have gone. No longer can the boys stamp when Prof. Sleggs comes in. The two Acadia men, Read and Richardson, have moved to quarters nearer the college. We miss Claude's speeches, since we were just getting acquainted with his oratorical powers, which were seen to such advantage in the trial of "The People vs. House and Halfyard." Ted Coster is rooming in the city; and Poirier, our last year's reporter, is stationed at the Infirmary.

Among the graduates are Rod Richardson, Donald Grant, Frank Rowe, "Skinny" Reid, Dick Palmer and Duke Purdy.

After a year's absence from the Hall, there have arrived back to our midst Brent Haslam, "Mick" Dand and genial Johnston Chew. Johnston spent last year at Pinehill, and has brought several of his chums over to stay with us this year. We are glad to have the men from Pinehill, and the fact that they are Presbyterians will not be held against them.

And then of course, there are the newcomers. To them we extend a hearty welcome. In the case of some, the Sophs were able to furnish a concrete form of greeting. Perhaps it would be more nearly correct to say that the Sophs and one Freshie-Soph, performed the noble work. Needless to say, someone saw that the young man in question got his.

A week ago last Monday, we elected our House Committee, and their report was unanimously adopted. The new committee is the best that possibly could

(CONTINUED ON PAGE EIGHT)

Gregor almost challenged to a duel one of his best friends. Such are the acts of Mammon. However, Huckvale was returned to office with a large majority. The committee for determination of eligibility for admittance to the "Training Table" have had many extra sessions. Everyone in the residence being in the running, excepting J. P. C. Fraser, who gets his glass of milk anyway. To date no definite selections have been made excepting Larry, the chairman of the committee, who has assumed the position of "Pater Familias," at the head of the table.

In conclusion the scribe would appreciate the doings of any mystic societies, or any family secrets. Any persons having skeletons in their closets will trot out same and deposit in the press room. If he should unwittingly injure any person or persons, they may choose their own weapons. He thanks you. SCRIBE.

Loud speakers are not confined to radio amplifiers.

## NOTICE!

The Freshie-Soph debate takes place in the Munro Room on Thursday evening, October 19th. The subject is: "Resolved That a Dirty, Good-Natured Wife is Better Than a Clean, Bad-humored one." Freshmen argue on the negative.

The Freshie-Soph dance is scheduled to take place at the Auditorium on Friday, October 27th.

All subscriptions received after the Graduation Number for 1922 went to press will be acknowledged in the next issue.

UNIVERSITY HALL  
MEN'S RESIDENCE

There are still a few good rooms available for students. Rate \$8.75 per week. Application should be made immediately to the Manager, Mr. W. Nisbet, or to any of the following members of the Residence Committees:

## House Committee

H. G. DeWolf  
F. L. Moore  
G. R. Forbes  
L. Macpherson  
E. Jerrett

## Residence Committee

J. E. Read, Chairman.  
John Cameron, M.D., D.Sc.  
J. A. Dawson, Ph. D.  
D. A. MacRae, Ph. D.  
H. L. Bronson, Ph. D.  
H. P. Bell, Ph. D.

**LECTURERS IN LAW**

**Judges Patterson and Wallace Resign Their Positions.**

Several changes have been made in the personnel of the staff of the Law School since last term. The school has lost the services of two men who have done excellent work through their special knowledge and wide experience in the subjects in which they lectured. They are Judge Patterson and Judge Wallace, the former up to this term Lecturer in Evidence, and the latter Lecturer first in Crimes and later in Torts.

Hon. George G. Patterson, M. A., LL. D., has lectured in Evidence at the Law School since 1908 and his work in this department has been most successful. His judicial duties have forced him to resign from the post which he has so admirably filled and thus Dalhousie has lost the services of one of her most prominent graduates, a man who not only knew his subject thoroughly but knew how to teach it. To say that he will be missed is putting it mildly and Dalhousie has been indeed fortunate in obtaining the services of another distinguished graduate to take Judge Patterson's place—Mr. Stewart Jenks, K. C.

Mr. Jenks has had many years experience in the work which he has under taken and his successful career at the Bar of this Province is well known. He has an intimate knowledge of the Law of Evidence and his appointment to the Staff of the Law School augurs well for its future. He needs no introduction to the students of Dalhousie University. Those who had the good fortune to hear him when he lectured at the School on the subject of the Law of Agency know his worth as a teacher, and recognize that the College has found a worthy successor to Judge Patterson.

Although the Law School has lost the services of Judge Wallace who so ably lectured first on Crimes and later on Torts, yet what has been our loss has been a decided gain to the Commerce Faculty of the University. The Hon. W. B. Wallace, a brilliant and prominent graduate of this University, was appointed Judge of the County Court in 1901, and in the following year Dalhousie was fortunate in obtaining his services as Lecturer on Crimes. After lecturing in this subject he undertook the lectureship in Torts which position he held up to this term when he was appointed Lecturer in Commercial Law in the Commerce Faculty at Studley. Dean MacRae has taken charge of Torts course.

E. R. MacNutt, LL. B., who lectured on Practical Statutes last year was unable to resume his lectures this year through illness and his position will be filled by F. F. Mathers, K. C., deputy-Attorney-General, assisted by Angus L. MacDonald, B. A., LL. B.

**Dental Extractions**

The Dental Society met on Tuesday, October 10, in Room 29, Forrest Building. Arrangements are being made for a series of monthly lectures on subjects of interest to the Dental students. Various members of the Faculty will be asked to give these lectures and the first one will, no doubt, be held during the present month. The program for the year includes an evening of entertainment and inspection of the Dental Infirmary, etc. This function, inaugurated last year was a big success and many from the other faculties availed themselves of the opportunity of discovering the secrets of the painless profession.

Murray Logan who last year successfully managed the Dental Football squad will again handle the team this year and expects to have a strong fifteen for the opener of the Interfaculty league.

With the introduction of the five year Dental course this season Dalhousie advances again in standard and keeps pace with the leading institutions on the continent.

Lee Fluck of football and hockey fame is back this year to graduate in the spring. Others back into the fold are "Mickey" Dand, C. T. Browne, "Vic" Turnbull and Stanford.

Mr. O. Gardner who for years has been part time demonstrator has been taken permanently on the staff as technician.

Dr. "Jim" Lawley evidently finds it hard to get away from football. Jim has this fall formed and managed the Glace Bay War Vets who are playing in the Cape Breton League and are apparently giving Caledonia some competition for the title.

According to a page in an evening paper entitled "Personal Activities of Women", Mr. Vincent Clifford has returned to the city and is taking up third year Dentistry.

The world is more interested now, today, in what you do than in what you say.

**AT THE MAJESTIC**

This week the Players, under the able direction of Mr. Wilmer Walter, are producing "The Witching Hour." The story is one of thrilling mystery and absorbing love, and the play is one that you will never forget.

The company is an excellent one—the best the city has had for a number of years. All the members are artists, and have been giving the Halifax people splendid performances since the beginning of the season. This week's play is no exception—it is one of their best productions. A number of new faces appear in the cast.

Special mention should be made in this our first number of the little leading lady in the company. She is Miss Hazel Corinne. Although she has only been in the city a few weeks, Miss Corinne has already endeared herself to thousands in the city. Don't fail to see her in this week's play.

For the first two days of next week, the 23rd and 24th, the management of the Majestic have secured a musical comedy—"Savageland." This play has a cast of 35 people, and is being produced under the direction of Mr. Harry Murray, New Glasgow.

Seats are now on sale—Prices: \$1.00, 75c and 50c.

On Wednesday, Oct. 25, the Players will appear in a big new comedy Drama—"Putting It Over." It will run for the remainder of that week.

**Restless Rouge**

He—The coloring of your face reminds me of the colors of sunset.

She—Why?

He—Different places at different times.

**D. G. A. C. Meeting**

**Decision to Play Ground Hockey This Term.**

Girls' athletics at Dal. have never covered a very wide range, and in past years the D. G. A. A. has generally devoted itself chiefly to Basketball. This year there is to be an innovation in the form of ground hockey. At a meeting of this society, it was decided to form a committee to proceed with the arrangements to draw up a schedule. The committee is made up of a member from each class: Misses E. Crichton, M. Mader, H. Garan and E. McNeil.

Dalhousie Girls do not realize that in many colleges physical training is compulsory. Because they are not compelled to go in for games, a great many of them do not think it necessary to support them. This year the girls should make an endeavor to support the D. G. A. A. and turn out for practices. They could also assure the boys of their moral support at the foot-ball games by showing them that they know a Dal yell exists.

We are to have the use of the tank at the Y. M. C. A. This year it is available during the fall and winter months on Wednesdays and Fridays, from ten to two o'clock. Girls may learn further particulars from Miss M. Clark, President of the D. G. A. A.

**Senior Class Party**

**Pleasant Evening Spent at Robertson's Camp.**

On Monday evening, October the ninth the Class of Arts and Science 23 gathered en masse on the Dartmouth Ferry Slip, pleasure bound. Inclement weather daunted not our knights and ladies gentle but all pressed merrily along the wooded shores of the First Lake to Robertson's Camp.

As "Admiral Bill" Jones was chief committee man, we arrived to find all things ship-shape and the enticing aroma of boiling corn and blazing pine wood in the air. A cheery blaze on the hearth within, a roaring camp-fire out-of-doors, music, laughter, bustling activity welcomed all.

The evening passed quickly away. Cards and dancing, "spin-the-plate," "charades" and story-telling made the moments merry. On the stroke of eleven the happy party embarked on MacPhee's motor-ferry and Dalhousie songs and cheers wakened the echoes around the lake. From lake to harbor was but a pleasant walk and at 11.30 we boarded the homeward bound ferry "Halifax".

By unanimous consent the party was dubbed "best yet." Mrs. Murray MacNeil and Mrs. H. F. Munro proved themselves delightful chaperones and in

three hearty cheers Class '23 voiced their appreciation. Taken all in all, the Stately Seniors, though losing somewhat of their dignity, have acquired something more worth while—a host of pleasant memories.

**CORNER STONE OF NEW MEDICAL BUILDING**

The Corner Stone of the Medical Science Laboratory Building was laid by Dr. John Stewart, Dean of Faculty of Medicine, on Sept. 29th. The service was simple and impressive. Dr. Stewart used the same trowel with which Lord Dalhousie laid the corner stone of the first Dalhousie Building. The foundation sciences of Medicine, Physiology, Bio-Chemistry, Pharmacology and Hygiene are to be taught in the building. Pharmacy will also be housed here.

The corner stone is to the right of the main college street entrance and bears the following inscription:

This stone was laid by  
John Stewart, M. B., C. M., L. L. D.,  
C. B. E.  
Dean of Faculty of Medicine  
1922

**MT. A. IN TORONTO**

TORONTO, Sept. 28.—The educational committee at the Methodist Conference, received the application of the Mount Allison University of Sackville today, asking authority to enter negotiations with the object of federating with Dalhousie, Acadia, Kings and St. Francis Universities under the Carnegie Foundation Fund. It is understood that the committee was favorable to the request.—*Sackville Tribune.*

**Class '24 Notes**

The Juniors, Class '24, held their first meeting at noon on Thursday, Oct. 6th. The attendance was fair, the interest good, and the discussion of business lively.

In point of numbers this class in their Sophomore year held a record for the college, but this year the membership is sadly depleted. From more than one hundred the attendance has fallen to barely two-thirds of that number, but the old time spirit is still alive.

Most of the business was purely of class interest and need not be discussed here. One item, however, may be mentioned: Mr. Brennan, president last year, of Class '24, U. N. B. met his death this summer, under rather sad circumstances. He was employed on a timber survey and a falling tree crushed him to the ground, killing him instantly. A note of sympathy from the Class has been sent to the Juniors of U. N. B.

### DALHOUSIE 8 -- WANDERERS 8

#### City League Rugby Opener Sensational

Saturday afternoon's program provided the 2000 spectators, who crowded the new Studley stands, with thrills and laughs galore.

Coming back strong with a wonderful rally in the last stages of the game the Varsity fifteen played the Wanderers off their feet and, overcoming an 8-0 lead, tied the score.

With just seven minutes to go, Langwith went over for the first Dal. try; Coster following soon after with another. When amidst breathless suspense Mont Haslam converted, tying the score, the air vibrated with prolonged Dalhousie cheers, and seemed fairly to crackle with intensity and excitement.

The first try for the Wanderers came near the end of the first period, and was converted by Lilly, last year's Law graduate and Dal. captain, who is now with the Red and Black. During this period the Wanderers goal line was often in danger, but judicious and superior kicking prevented Dal. from going over.

Larry McKenzie, Logan, Max MacOdrum, Bruce, "Red" Sutherland, Baird, "Kelly" McLean, and Capt. "Dinty" Moore, the Tiger scrim, with the newly adopted 3-2-3 formation, certainly worked beautifully, heeling with machine-like precision, and pushing the rival scrim for a gain on all occasions. Aggressive following up by "Dinty" and "Kelly" was particularly noticeable and added a lot to the offensive power of the team.

Team work of the halves showed great improvement over last year, Porter, for instance, attempting less individual stuff, but being far more effective than ever before. Langwith was right there with the kicking, and Ted Coster showed class. He did some great tackling, providing a real classic right in front of the Dal. stands. Gordon MacOdrum, though handicapped by a badly wrenched knee, received right at the start of the game, showed that he is right there when it comes to team play.

The quarters, Bates and Beaton, were right on the job, and had to contend with continual offside play by opposing quarters.

Mont Haslam was clearly not at home at fullback, a position which is new to him. The half line is plainly his place.

MaeCoy was easily the star of the Wanderers.

Barnum and Bailey had nothing on

#### Attention Swimmers!

Dal needs you for her Swimming Team. Practices will soon begin at the Y. M. C. A. tank, when every man will be given a chance to show his wares.

Manager Don. McInnes has announced a meeting in the Munro Room, tomorrow, Thursday, October 19, at 12 noon, to arrange for practice hours and other details.

Everybody out to help Dal win the Swimming Championship this year.

the burlesque game between the Pine Hill "Taggers" and the University Hall "Blunderers", staged midst shot and shell, and to the wild accompaniment of martial airs, between periods of the big game.

Led by their band in killing kilts, and with their Captain astride an ancient ass, safe-led by beardless youths, the "Taggers" were first on the field, their rivals bouncing in soon after with "a la Lizzie". Then the fun commenced, and equalled anything of like nature yet produced by Upper Canadian or U. S. colleges. The boys deserve a great deal of credit. They promise even better for the next game at Studley.

Dalhousie's cheering, led by Charlie Beazley and the assistant leaders of the Rooters' Club, was a real feature highly commendable. Reports are that the Engineers made the most noise, with the lawyers a close second.

Policing of the grounds was very efficiently carried out by the students entrusted with the task.

tions for good sportsmanship featured the first meeting of the D. A. A. C. for the year held in the Munro room on Wednesday evening, October 4.

After considerable discussion, a resolution that Dal. remain in the Intercollegiate Football League received practically unanimous support and a recommendation to this effect was sent to the University Advisory Committee.

There has been a certain amount of dissatisfaction for years concerning the question of the status of players under the existing eligibility rules such as that barring graduate students and players of four years intercollegiate experience from the intercollegiate team. The effect on teamwork, of having to change the line-up of the regular Varsity City League fifteen immediately before playing a game with one of the other colleges always means a big handicap. In addition to this the playing of out of town games invariably involves a financial loss.

A determination to uphold Dalhousie's well earned reputation for playing the game for its own sake, and to maintain the spirit of friendly competition with the other colleges, in spite of inconvenience or sacrifice, tempered a great majority of the speeches on the question.

Ronald Forbes was appointed to help Manager Charlie Baxter with the affairs of the football team. Ron's official position is that of Assistant Football Manager, a new one provided for by a recent amendment to the D. A. A. C. Constitution.

Don McInnes was elected manager of the new Swimming Team, and reported bright prospects of getting together a strong aggregation of swimmers to compete with other Maritime clubs, such as Acadia or the local Y. M. C. A.

With President Murray Britton, (whose knowledge of the minutes was amazing) in the chair, business was conducted without waste of time, yet in a decidedly humorous vein. Outstanding flights of oratory by Archie Robertson of pugilistic fame, and a few "timely" questions from Murray Logan, heightened the intellectual tone of the gathering, or straightened out perplexing problems, as occasion demanded.

Norm. McKenzie read a report from the Advisory Committee embodying recommendations in reply to a questionnaire submitted by the D. A. A. C. last spring. This was adopted.

## The Onion Skin

Read It and Weep.

"How's she going, Mr. Gallagher?"  
"Not bad, mind you, Mr. Shean."

LOST—A brown felt hat, in good repair. Finder please return to Mr. Ash Can.

Excited Soph (to stern senior law student): "C'mon, let's haze the freshman, everybody is going to help."

Last night they treated a soph real rough.

Lawyer—(stroking a misplaced eyebrow): "Really, how humiliating."

E. S.: "We're going after them now, are you coming, Ike?"

Lawyer: "Yes, Yes, but let's go down to Mader's and have a bite to eat first."

Rumor has it that the football team is to be equipped from the stock of an auction room on Barrington street. On investigation the only basis of this rumor was the fact that the manager, accompanied by the assistant manager, the captain and coach, was seen buying a large supply of garters in that establishment one evening last week.

Registrar:—"How did it happen that you did not write the Property 1 paper, Mr. Fl—m—ng?"

J. F.:—"I was indisposed."

"'Ow is your health today, Mr. 'Arrison? an acquaintance greeted Harrison who had a liver that particular morning.

"My name is not 'Arrison," he snapped.

"Well," said the other, "if a haitch, a hay, two hars, a hi, a hes, a ho, an' a hen don't spell 'Arrison then what on hearth do they spell?"

### Hot Toddy

Who was the Dalhousie professor who presented a prescription at the office of the Nova Scotia Underwriters which happens to be next door to the vendor's?

1st Co-ed:—"What gown do you propose to wear to the Freshie-Soph?"

2nd Co-ed:—"I have decided on nothing."

Some people seem to think that the only way to preserve youth is to pickle it.

No allotment of funds has yet been made for tools required by Archie Robertson in his official capacity as measurer of rainfall. These dam(p) jobs do come your way, Archie.

## UNIVERSITY HALL

(CONTINUED FROM PAGE THREE)

have been elected. Dinty Moore, a man experienced in residence life, is the only member new to the Hall. With him are "Lauchy" MacPherson from the Dominion of Newfoundland, Henry DeWolfe, of piano fame, Eric Jerrett, the brains of the group, and Ronald Forbes. It is understood that Mr. Forbes will take a special interest in our social welfare as he won his "M" and "A" several years ago and performs in a Regal manner at the dances.

The boys have now settled down to the regular college routine. The wise birds are getting at their studies already. Billiards is evidently going to be as popular this year as formerly. The attentive ear may catch the call of "forty love" from the tennis court, or the muttered sigh "No, I can't open it" from—  
It certainly looks like a good year.

### NOTICE !

All contributions to the Gazette should be handed to one of the editors or dropped in the boxes for that purpose which are located in the MacDonald Library and the Forrest buildings. The box at Studley is situated at the foot of the main stairway of the library building, and in the Forrest building it will be found in the corridor near the main entrance.

Note also that contributions should be written preferably in ink and positively on one side of the paper only.

The manager of the football team requests that the executives of the various college societies call their meetings at times that do not interfere with the regular football and general rooting practices. Co-operation in this matter will be appreciated.

New students—Be sure that you patronize the advertisers in the Gazette.

### EDITORIAL

(CONTINUED FROM PAGE ONE)

lence attained by our predecessors. This will be only possible if every student in the university takes a personal active interest in this journal. It is your paper. Whether this volume will be a success or not depends largely, if not altogether on you. We invite your criticism, but make it constructive and not destructive. Make a contribution: win a Literary "D". Every student at Dalhousie is a potential member of the Gazette staff from whom we expect at least one contribution during the year, if you cannot write it yourself get in touch with your faculty Associate Editor who will be glad to receive the material. Let us all work together for the honor and success of our college paper.
