Canadian Peace Conference

A national conference of students was held at Toronto on December 30th and 31st of last year at which the "Canadian Student Peace Movement" was formed. The object of the new organization is to co-ordinate the activities of students throughout Canada in their efforts for world peace. At this conference were present delegates from universities in Eastern Canada and as far west as the University of Manitoba.

Our immediate objectives for the remainder of the session are-

1. To set up Student Peace Movements on all Canadian campuses, or co-operate with bodies already existing for such a purpose.

2. To prepare for a National Peace Hour for students in March. 3. To publish a monthly bulletin containing information pertaining to the Movement.

4. To send as large a delegation as possible to the annual meeting Continued on Page Three)

NOTICE!

Student Council Elections will be held on March 3rd. Applications for respective positions must be in by February 25th.

EDITORIALS

THIS is a co-ed issue of the Gazette—an entirely new venture. Before the Gazette had always been edited by the men with a few girls contributing; but for this issue the girls have taken sole charge-showing perhaps what they can do, forfeiting certainly their ordinary privilege of the woman's last word. We wish to thank the editors for the opportunity-not of forfeiting our ancient privilege for it is one of the few remaining to us, but for the opportunity of showing what we can do. And we hope that their confidence in us has not been hopelessly misplaced.

We have not been swamped with contributions from the co-eds, but on the other hand, we have not encountered any of that much-discussed spirit of unwillingness to take up space in the Gazette. Everyone we have approached—and we have approached a great many-has met us with cooperation and has shown a desire to make the co-ed issue of the Gazette at least as good as it is ordinarily. Perhaps the Editors will not be so bitter in their mutterings about the number of girls on the campus and the little work they do for the Gazette. We would suggest, now that a beginning has been made, that the girls figure more prominently in the paper-a girl's page once every two weeks. Their lack of co-operation was due, in a large measure, to the absence of a sense of responsibility—the boys edit the paper, it is their paper, why should we bother?—was the prevalent attitude. And it was a justifiable one. Never before have the girls as a whole felt any responsibility towards the Gazette; it was something in which they took great interest but in whose publication they had no share. A girls' page would go far to wipe out that detached feeling. Perhaps, in future, a woman editor will replace one of the men editors.

We hope that this issue of the Gazette will not turn the tables on the Editors leaving them without any copy until the regular writers' blushes of shame subside—or are they prepared, realizing that

> "When Adam, waking, first his lids unfolds In Eden's groves, beside him he beholds Bone of his bone, flesh of his flesh, and knows His earliest sleep has proved his last repose."

DALHOUSIE is still suffering from its pre-depression reputation. The days of an almost tough sophistication, of a cheap exhibitionalism, are still being paid for. And being paid for not by its perpetrators, but by those of an entirely different attitude of mind. A new era in social bearing and social thinking is sweeping over college campuses,-over Dalhousie. It is manifest in a stricter attendance of classes, a greater interest in work. There has been a turnover in values-it is no longer "smart" to skip lectures, to hoodwink the professors, to go merrily from one party to another. "It is "smart" to make good grades, to work, to take your fun moderately. This new attitude is seen in a more modest speech and more decorous behaviour. And this spirit is the spirit of Dalhousie.

But the full realization of this change is hindered by a black cloud-a cloud of ghosts whose antics still jingle on, a cloud of living people whose minds, once having seen the bad, never admit the good. And Dalhousie suffers. Parents do not wish to send their children to a college which still seems blasé when the rest of the world is naive. What are we in Dalhousie going to do about it? We know they are wrong; we know that Dalhousie has changed with the world, that she accepts the new conception of living, that the majority of the students are workers who value their education. But how are we going to show the others? An instance of how "not" to show it appeared in the Gazette two weeks ago-that article entitled "Truth in the Daily Press"—an article which perhaps set out to be funny, but which failed lamentably. It presented a superficial aspect as if it were the whole truth. Nothing could be worse.

A remark by one mother is sufficient to show the damage such writing can do: "If I had seen that," she said, "before my daughter started out, I would never have sent her to Shirreff Hall." If criticism like that continues, Dalhousie will cease to be a co-ed institution. Moreover, the writer made an absolutely false statement: "The women students at Dalhousie make a perfect farce of education, particularly those who come from out of town. Obviously they look upon college life as 'a good time', for their classroom records indicate a sheer lack of application." Now glance at these results obtained from the University Office of the Christmas Exams, 1936:

Relative number of students having failures is 161/2% less in Shirreff Hall than in Arts and Science as a whole.

Of the total number of exams written there were 5% less failures in Shirreff Hall than in Arts and Science as a whole.

And most interesting of all: The average number Class I's (65-100) to each student in Shirreff Hall-1.02. While the average number of Class I's to Arts and Science as a whole is .8.. Is that sheer lack of application?

Let us be done with shoddy "clever" criticism. Let us be constructive rather than destructive. Then will the cloud be lifted from Dalhousie.

Memories of a Handle of a 15th Of Class '20 Century Cup

Suddenly I feel as though I should like "to think" my life over. I've been lying here for years in this soft earth, wholly covered, and now, suddenly, a hand has picked me up. I have always thought I was too deeply embedded to see light again, let alone anything that would stir my for the Dalhousie of 1916-1920 was memories like this. What a funny that of the war when the ranks of little hand this is! It's dirty, so very male students were sadly depleted, little, and so very curious. That although Ches denies that he is their official representative. Dirty work somewhere!

Question: "How does Mabel get into the education room when the door is locked"?

Answer: She opens the the window, seizes a chair, draws it out of the window, stands upon it, climbs

Anyone having any questions which they desire to be answered please forward the same to the editor who "Sees nothing, hears nothing, knows nothing, and tells all."

Inspired by the phrase "Eyes to see and ears to hear" which was uttered by Professor Fletcher during the course of one of his lectures one of our members was compelled to write the following lines:

"Eyes to See and Ears to Hear." Alone I sit upon the grass Under the maple tree

To hear the different things that pass,

At once I hear the sound of bees, The babbling of a brook, The merry chirp of birds at play In yonder shady nook.

I see the little insects hop, A snake go gliding by, And try to count the flock of birds That fly up in the sky.

I hear the rustling of the leaves, The creaking of the twigs,

forthcoming. It must be due to the Siegel the sexologist reading the fact that I am not well on my way who live up to the code.

> Alby Eagels was married last time let us know sooner.

It seems that if student opinion means anything on this campus there is at least one evil which cries out for correction.

CO-ED RELATIONS— (Continued from Page One)

as 'leap-year' is quite unnecessary." Earl Fraser: "Certainly a woman has just as much right to do the asking as a man has."

Len Kitz: "Any woman who would debase herself to the extent of asking a man to marry her is not the sort a self-respecting citizen wants for a wife.

Pete McCreath: "Granting the woman the privilege of proposing is a practical necessity if the man is bco backward to speak for himself."

Sports on Parade

(By the Sports Editor)

DALHOUSIE girl hoopsters, having been accused of lack of interest in no uncertain terms by various people on the campus, would like to have a word to say on the matter. This year the turnout for basketball has almost doubled that of previous years. Practices have been well attended, despite the number of times their practice hours have been taken from them by other activities in the gymnasium, and even though there have been several serious gaps made in the lineup since last year, the girls have determined to do their best to retain the Maritime Intercollegiate Championship brought home to Dal in '35 for the first time in years. The team goes to Sackville on Saturday, February 15th, to play the first game of the league against Mount Allison. All they need is a little encouragement to pull them through on top. How about it?

Badminton, which has always been termed one of the "minor" sports at Dalhousie, has drawn many more of our students to the gym this year than ever before. The team held their own against the Armouries' players last Friday, when they finished in a draw, 15-15. Apparently our players are improving by leaps and bounds. Professor Mercer deserves credit for the way in which he has devoted his untiring efforts to the development of the game.

After the fine showing made by the Tigers Basketball team in all their games so far this year, they shouldn't have much trouble against Mt. A. this Saturday...

The Dal hockey fans were rather disappointed with the showing made by the Tigers in their first game against the Blue Sunocos, for their pugnaciousness as well as for their poor playing. They have what it takes, so why can't they show it? Perhaps the enthusiasm shown by the fans proved too much for them. Dalhousie is banking on you to do well, hockeyists!

The artistic sense of the majority of the female basketball fans received rather a bad jolt when they were greeted by the blazing apparel of the boys' team. We hope it is not because they want to be noticed, for after all, it is their good playing, and not the color of their uniforms that counts. They do look very collegiate, but we pity the poor budget when the dry cleaning bills come rolling home. Perhaps, however, this will be offset by the "shortage" of material.

DAL LOSES SECOND GAME TO SUNOCOS

Showing signs of good, bad and indifferent play, Dal Tigers were snowed under by the Sunocos, who took advantage of their breaks to chalk up an 8-2 victory.

Play opened slowly, with both teams giving a tight, defensive exhibition. The only score in this period came when Todds Beazley, diminutive centre and coach of the Sunocos, was on the receiving end of a beautifully executed play which had McLellan beaten all the way. Don McGregor and Carroll shone with their heavy body checks in this stanza.

dominated the play, but their sloppy front of the Sunocos' net. work around the gasmen's net and With four minutes to go, Hanraway through the Dal defense to the and to give him many close calls. crease, where he made no mistake in As the crowd started to head for Dal's forwards looked silly with tiful solo effort. their poor back-checking.
