

NOVA SCOTIA

CANADA'S EASTERN GATEWAY

NOVA SCOTIA is the nearest Canadian Province to Great Britain. As the oldest established Province of the Dominion, it has more to offer the newcomer from the standpoint of social conditions, than the newer Provinces of the west. There are other important reasons, however, why British people should settle in Nova Scotia.

NOVA SCOTIA has the most basic resources for industrial development of any portion of the American Continent. While her industries are expanding rapidly, agriculture still remains of prime importance and last year the Province was favored with crops to the estimated value of over \$49,000,000.

Surface Protection

IT is interesting to note the excellent preservation of some old family residences. Except for their architecture, one might almost imagine them to be products of the present age, yet in reality, they stand as silent tributes to wise precautions against decay and deterioration on the part of former generations.

Any house worth building is also worthy of preservation by means of paint. The maximum of protection is found in

B-H "ENGLISH" PAINT 70% Pure White Lead
 (Brandram's Genuine B. B.)
 30% Pure White Zinc
 100% Pure Paint

The above formula produces a paint with a fine, smooth surface, which does not crack, chip or peel and a surface protection film that will defy the elements.

Investigate B-H "English" Paint. You will find most Canadians use it, because of its economy and lasting qualities. Even if B-H "English" Paint were more expensive than it is, it would still be the most economical, for the shorter life of cheaper brands makes them more expensive in the end.
