

Life Assurance

now ranks in magnitude among the first half-dozen businesses in the whole of Canada.

In importance, in adaptability, in opportunity — no field offers greater attractions to the young man of ambition than that of life assurance.

The Sun Life of Canada, by its magnitude, its stability, its success, its international character, affords to its representatives a scope only limited by the ability and energy of the candidates themselves.

Consider well the desirability of making this your life work.

Talk it over with the Manager of the Sun Life Branch nearest to you, or write for information to Head Office.

TO PARENTS OF BRIDES-TO-BE

You have chatted over perhaps what your gift to the young couple would be. You want to give them something fine—something useful—something they would have to buy. Above all, you want it to last a lifetime, for this wedding will be a never-to-be forgotten day.

A set of knives, forks and spoons in Birks Sterling Silver is the ideal choice. One hundred dollars will buy all they need in Saxon, one of our most popular patterns.

Are You Confident
Your Will
Is Right?

A man who takes these three precautions will secure real peace of mind about his Will.

1. Have a lawyer draw the Will. This saves the danger of litigation made possible by technical irregularity.
2. Discuss its practical provisions with this Company. Our wide experience in Executorship might suggest a more practical method of achieving the result in mind.
3. Name THE CANADA PERMANENT TRUST COMPANY as Executor and Trustee. That places all the experience and all the corporate judgment of this Company at the service of the family. They are assured a permanent executor, a responsible trustee, a regular income.

There is one feature which we cannot too often emphasize namely:

Even with our modern system of records, our experience in Trust matters, and our unquestionable financial responsibility, The fees and charges of our Company are no greater than are allowed to private executors.

“Hello! Gave you a surprise, eh?”

And no wonder, for the chances are they were thinking about you...perhaps even talking...when the Telephone rang.

Happy coincidence? Rather! Made even more jolly because you chose Long Distance.

There's no doubt about it—Long Distance is the ideal way to retain those summer friendships, to keep in touch with your people at home.

It's economical too. Your Telephone Directory gives a list of rates for Long Distance calls to various places within and outside of this province. Refer to it and convince yourself of this fact.

For rates to points not listed in the directory, call Business Office or Long Distance operator and the information will be promptly given.

Your friends and parents want to hear from you while you're away. Choose Long Distance for your purpose.

CANADA'S SPREADING WINGS

BREAKING the silence of centuries, Canada's airplanes drone from Labrador to the Yukon, exploring a wilderness almost as large as the whole United States.

Every day "Sky-Skippers" of the Forestry Patrol Service maintain vigilant watch over our vast timber areas. Every hour mail planes arrive and take off from Canadian airports. Every minute, in a hundred ways and places, young adventurers are demonstrating Canada's mastery of the air.

Imperial Oil's share in Canada's remarkable air development is known to all fliers. For their safety and convenience supplies of Imperial Gasolines and Marvelube Oils are established at strategic points—at city airports—at Indian trading posts—at sea-plane bases "a hundred miles from Nowhere."

Developing Canada's wealth, by meeting new transportation needs has been the work of Imperial Oil for fifty years. This work, backed by integrity and vision, has made Imperial an institution of international scope—with six great refineries—9,000 employees—a distributing system that begins in South America and ends at the Arctic circle.

Fifty years of constant enterprise are in the products Imperial Oil sells to-day.

Marvelube is Imperial's finest motor oil.

Imperial 3-Star and Imperial Ethyl are its best gasolines.

Which means that nothing finer can be put in your car.
