

# NOVA SCOTIA

## CANADA'S EASTERN GATEWAY

---

NOVA SCOTIA is the nearest Canadian Province to Great Britain. As the oldest established Province of the Dominion, it has more to offer the newcomer from the standpoint of social conditions, than the newer Provinces of the west. There are other important reasons, however, why British people should settle in Nova Scotia.

NOVA SCOTIA has the most basic resources for industrial development of any portion of the American Continent. While her industries are expanding rapidly, agriculture still remains of prime importance and last year the Province was favored with crops to the estimated value of over \$26,000,000.

NOVA SCOTIA has land suitable for Mixed Farming, Market Gardening, Dairying, Sheep Raising and Fruit Growing. Her apples are among the finest flavored in the World. Trees bear from five to ten years after planting and yield profitably for from sixty to one hundred years. Nearly a million acres of land not yet planted are suitable for orcharding.

NOVA SCOTIA has strong local markets and unexcelled opportunities for exporting. Her ports, a number of which rank among the most accessible and safest harbors in the World, are near to the great international trade routes.

NOVA SCOTIA, unlike the great prairie Provinces of Canada, the development of which depend very largely upon one or two resources, presents the greatest variety of Agricultural, Industrial and Commercial opportunities of any part of the Dominion of Canada.

## Telephone Talks With Home are Taking the Place of the Old-Time Letter Home

Communication to be worth maintaining must give pleasure to both parties to it.

How many people find pleasure in writing letters, especially letters which are due to be written on given dates?

Very few. The writing of such letters soon assumes a burthensome nature.

How different with a chat! Into a chat both parties enter with zest and pleasure, and chats fixed for a given date, instead of being evaded, are looked forward to.

And a chat over the Long Distance Telephone Lines is just as enjoyable as a face-to-face one.

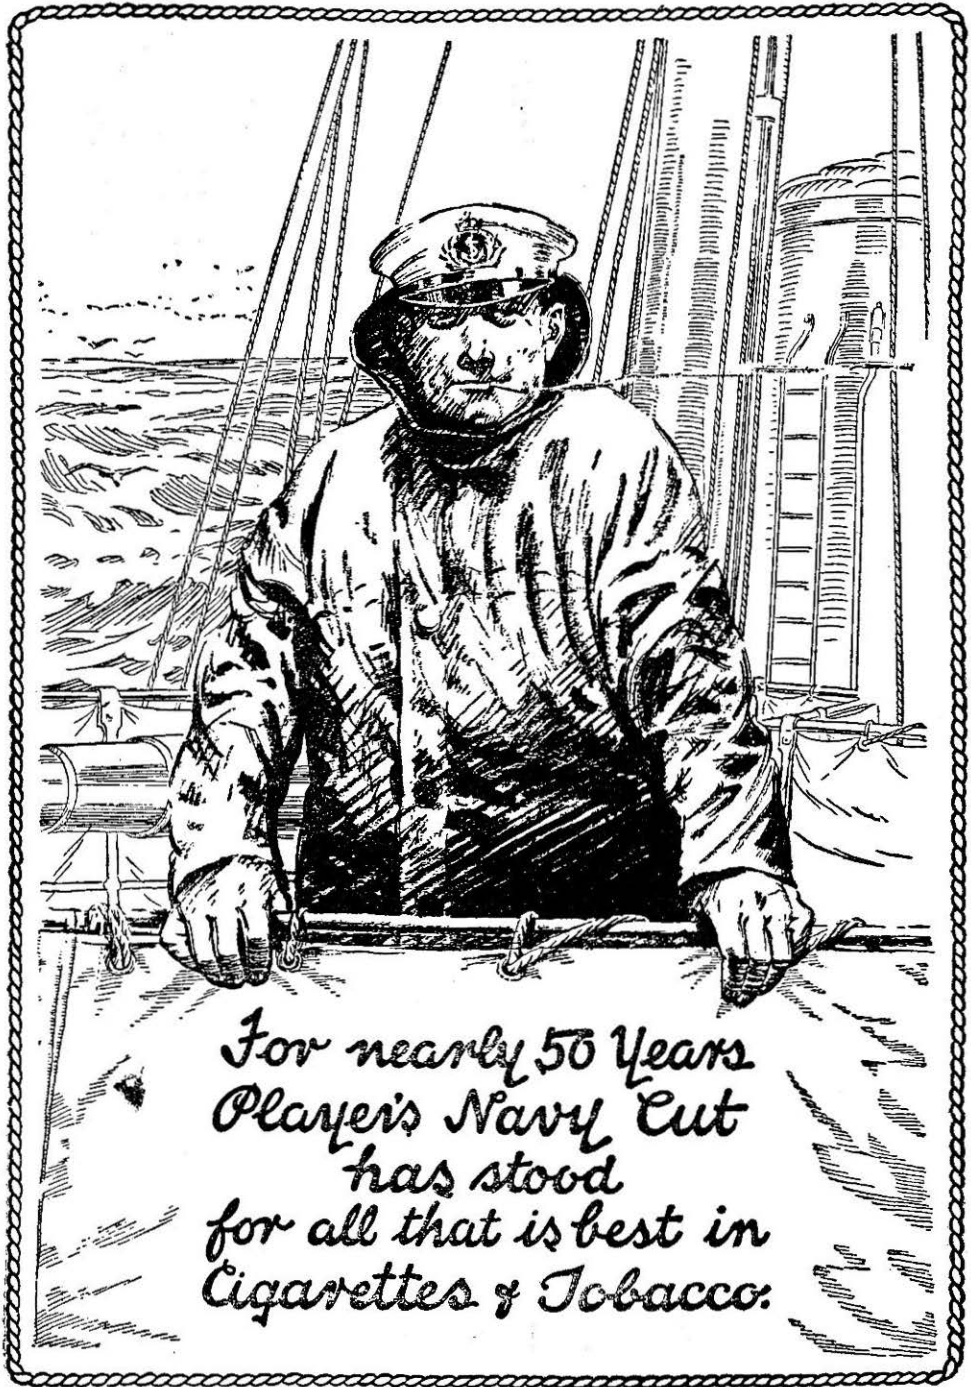

More news is given and received by means of a Telephone Talk than could be conveyed in a dozen letters.

These are reasons that explain why, when a member of a household leaves home for college, a periodical Telephone Chat is, in an ever increasing number of cases, being substituted for the old-time, regulation home letter.

### EXECUTOR

Many able persons are unwilling to  
incur the responsibilities of executor.

Individual executors and trustees  
often neglect their duties, causing  
real annoyance and sometimes loss  
to the beneficiaries of an estate.  
The appointment of this trust company  
effectually guards against risks of all  
kinds.

### WILL

If a testator submits his will to us,  
our solicitors will advise him.

If you have already had your will  
drawn up and care to submit it to us,  
we will be pleased to advise you upon  
the subject and tell you at length how  
we best might serve you.

### APPOINTMENT

The appointment of this company  
as executor is a safe financial step.

This trust company will either act  
alone or jointly with others in the  
administration of the affairs of an  
estate and give ample guarantee of  
the faithful performance of its duties.

### FOREVER

Individual executors may pass away  
but this Trust Company lives forever.

The resignation or the death of  
individual trustees who have been  
appointed to guard and regulate the  
affairs of an estate frequently necessi-  
tates the naming of new trustees.  
This, of course, adds extra expense to  
the estate. The appointment of a  
reliable trust company solves this  
problem.

## Surface Protection

IT is interesting to note the excellent preservation of some old family residences. Except for their architecture, one might almost imagine them to be products of the present age, yet in reality, they stand as silent tributes to wise precautions against decay and deterioration on the part of former generations.

Any house worth building is also worthy of preservation by means of paint. The maximum of protection is found in

**B-H "ENGLISH" 70% Pure White Lead**  
(Brandram's Genuine B. B.)  
**B-H PAINT 30% Pure White Zinc**  
**100% Pure Paint**

The above formula produces a paint with a fine, smooth surface, which does not crack, chip or peel and a surface protection film that will defy the elements.

Investigate B-H "English" Paint. You will find most Canadians use it, because of its economy and lasting qualities. Even if B-H "English" Paint were more expensive than it is, it would still be the most economical, for the shorter life of cheaper brands makes them more expensive in the end.

## THE "GOLDEN" IN RAKWANA ORANGE PEKOE TEA

Is a mark of its distinction, its higher rating. A better type of high grown tea is selected for it, the result showing in the cup. Not every one will investigate nor all who do appreciate its finer taste, its more delicate fragrance. But those who do—the cognoscenti—will be well content with their adventurousness.
