# MODERN WAYS FOR MODERN DAYS

---

Just a very few years ago the opening of the Vacation period meant the closing of personal intercourse between classmates.

The only means available to them to communicate with each other was by the slow process of the mails, or by means of physical transportation.

How much happier is the lot of the present day student on vacation!

Instead of writing a letter to the friend with whom he wishes to communicate, or travelling to speak with him,

He goes to his Telephone and puts in a call for the man he wants, be the latter in any part of Canada or the United States, and in a short time he is in speaking touch with him over the Long Distance Telephone Lines.

And, if the calling student has access to a Telephone in Halifax he may talk by Telephone to his friend, although the latter is across the Atlantic in far off Great Britain or in any one of a number of cities on the European Continent.

Vacation need not now involve separation, for a Telephone Talk is all but as good as a personal visit. In effect, it *is* a personal visit.

# They Never Forget

---

A wisely-drawn will is the crowning  
touch of a Father's devotion. They  
never forget his thoughtful care for  
each member of the family, his justice  
to their varying needs, his forethought  
for their comfort.

How different it is, when to the sad-  
ness of bereavement is added the con-  
fusion of “no will.”

Administration is expensive—the  
justice of the law often turns out to be  
injustice to the more dependent mem-  
bers of the family. For those who  
know “how Father meant to plan  
things” life is often one long unhappi-  
ness. If you have not made your will,  
give your family at once the benefit  
of your wisest thought for their future.

And name as Executor, The Canada  
Permanent Trust, thus assuring thrifty  
management for your estate, and exe-  
cutorship that never fails through ill-  
ness, age or death.

There is a certain man, with no Life Insurance experience, with whom we desire to get in touch; likely a very promising business man between twenty-five and forty-five years of age, who realizes the limitations across his path of opportunity, and whose abilities require greater outlook and earning capacity.

Such a man may want to make a move, but hesitates to "take a plunge."

There is a better way: The Canada Life will undertake to thoroughly educate him for the life insurance business, which has been growing and will grow as has no other business, a business which offers permanent success, does not fluctuate, is a professional occupation and has been truly named "The best paid hard work in the world."

This is done by close contact, a correspondence course and personal assistance, free of charge.

# Treasure from the Tropics

Nature endowed many districts with petroleum containing a high gasoline content. Such oil fields are common. But nature was less generous in providing raw materials for motor oil manufacture. In one oil field she stored a crude petroleum ideal for the requirements of a fine motor oil. That field is in Peru, and the virtues of its yield were discovered by IMPERIAL OIL scientists. To-day, IMPERIAL OIL controls the Peruvian field, and alone has access to its rich crude. Because Marvelube is made from Peruvian crude, it is an inherently better oil that more fully meets the requirements of complete and efficient lubrication under all conditions of motor operation.

Back of Marvelube are the experience, resources and integrity of IMPERIAL OIL LIMITED, for forty-seven years Canada's largest refiners of petroleum products.
