Holiday This Year in Nova Scotia

The Summer Land Supreme

REST, recreation, sport, historic associations, magnificent landscapes and seascapes—you will find all these and more in Nova Scotia.

A surf-swept country with comfortable hotels and country homes. Sand beaches bathed in sunshine. Salmon and trout fishing—no preserved waters. Tuna fishing. Swordfish harpooning. Yachting, boating, canoeing. Tennis, golf. Fresh and salt water bathing.

1500 miles of smooth, curving seaside roads for motoring amidst scenes that will make you glad. Oil and gas stations everywhere. Three months touring without registration.

Climate possesses remarkable tonic qualities, being tempered to the right degree of coolness by the sea breezes.

DEPARTMENT OF NATURAL RESOURCES

Halifax, Nova Scotia.

True Citizenship

FEW, if any, business enterprises now serving the province are so truly Nova Scotian in every sense of the word as the Maritime Telegraph & Telephone Company, Limited.

Over 90% of our shareholders are Nova Scotians—our employees are Nova Scotians—our activities are mainly restricted to Nova Scotia, although we maintain a close relationship with other lines of communication to further interprovincial and international relations—the profits from our business remain in Nova Scotia to assist in her commercial and economic development.

The social life of Nova Scotia pivots around its telephone exchanges.

Business, society, government and human life itself all depend on the telephone and the service it renders the community—and The Maritime Telegraph & Telephone Company accepts its responsibility to the people of this province with a true sense of obligation to render an ever better, more efficient telephone service!

A Good Living A Profitable Future A Provision for Old Age

THE Canada Life Assurance Company has a District in the Province of Ontario, offering these opportunities.

There is a certain man, with no Life Insurance experience, with whom we desire to get in touch; likely a very promising business man between twenty-five and forty-five years of age, who realizes the limitations across his path of opportunity, and whose abilities require greater outlook and earning capacity.

Such a man may want to make a move, but hesitates to "take a plunge."

There is a better way: The Canada Life will undertake to thoroughly educate him for the life insurance business, which has been growing and will grow as has no other business, a business which offers permanent success, does not fluctuate, is a professional occupation and has been truly named "The best paid hard work in the world."

This is done by close contact, a correspondence course and personal assistance, free of charge.

The first two booklets of the course will be sent to anyone interested. All correspondence strictly confidential.

EXTRA YEARS OF INCOME

Just as the thrifty depositor patronizes that savings bank which offers the highest interest rate commensurate with safety and service, so does the foresighted buyer of personal life insurance favor an institution assuring his ultimate beneficiary the most favorable return on policy proceeds left with the Company.

If he reflects that the principal of \$20,000.00 will pay an income of \$100.00 a month for 154 months longer at our rate of interest than at 5%, this differential of practically \$15,400.00 or 12 years additional income seems rather important.

On Dividends and monies left with the Company under the alternative method of settlement The Sun Life is paying 5½% with gradual increases every five years until 6% is reached.

America's Largest Railway is Ever Expanding

"A railroad is never finished. It must be self-competitive, fighting for new life, new business, new progress, new knowledge and vision."

SIR HENRY THORNTON,

Chairman and President Canadian National Railways.

The largest railway system on this continent is Canadian National Railways. It is the very nerve and blood and sinew of a great Dominion. It is never finished because it is always growing. It is alive with enterprise and purpose, pushing forward always to new achievement, like the country of which it is a part.

Its 23,000 miles of tracks extend from great cities of the United States to everywhere in Canada, join Atlantic to Pacific and reach the shores of Hudson Bay.

Canadian National is not only the largest railway in America—it serves every phase of travel and communication. It operates magnificent hotels, hunting and fishing camps, steamships on two oceans, a telegraph system, radio stations, and express service. It has more than 100,000 employees.

For five years passengers on Canadian National crack trains have enjoyed radio service. To-morrow they may have telephone connection on moving trains with home and office: already it has been accomplished.

To-morrow the shining steel of the Canadian National network will give new life and find new wealth across far country which to-day seems only a wilderness.

Maxima in luxury and efficiency are the standards throughout the Canadian National system. To-morrow these maxima will be superseded by new achievements—finer, better, greater.

Truly it is said—America's largest railway system is ever expanding.

CANADIAN NATIONAL

The Largest Railway System in America

4000 Miles

In far Peru—more than 4,000 miles from the station where you fill with Marvelube—Imperial Oil secures the rich petroleum from which this better motor oil inherits its lubricating superiorities.

To bring this better crude to Canada in Imperial's own ships and transform it by special processes into Marvelube is an undertaking which is possible only because of Imperial Oil's immense resources and facilities.

But Marvelube, a better oil because of the natural lubricating superiorities of its carbon-free, sulphur-free base, is well worth the huge effort and investment.

There is a grade of Marvelube refined to meet exactly the specifications of your car, truck or tractor. See the Marvelube Chart at Imperial Oil stations and dealers.

PROGRESS follows the electric car lines. Community growth depends on good transportation facilities.

No matter where you live or what you do, efficient car service vitally concerns you. If your street rail, way is not prospering, if it does not have your support, it will sooner or later hamper this town's progress and your welfare.

The electric cars serve you in many ways. They take you to work quickly and cheaply. They take you to church, to outings in the country, to movies and parties. They are at your service day and night, regardless of the weather.

Use them freely. They are yours.
