## Wherever You Are

Wherever you travel—amid new friends, new experiences, new interests—the copper strands of Long Distance Telephone wires will always link you with home. Swiftly and surely you may bridge the gap between yourself and distant loved ones—at any time, and in a matter of moments.

Important as the great scope of Long Distance is—to over 70 different countries and to many ships at sea—probably its greatest usefulness to you is in reaching people who are comparatively nearby. Within Nova Scotia no 3-minute, Station-to-Station call costs over \$2.38.

You can call 20 miles for 15c; 40 miles for 30c; or 80 miles for 50c, anywhere in Nova Scotia (Station-to-Station Day Rates). After 7 every evening, and all day on Sundays and statutory holidays, rates on calls over 33 miles are greatly reduced. Ask our Long Distance Operator for any information you may require.

From the time you board the plane, to the time you disembark at your destination, you can rest assured, that Northern Electric, two-way Radio Communication Equipment in the plane, and Northern Electric Transmitters on the ground, will provide the vital link in your safety.

## for Christmas—

what could be more appreciated than the gift of a year's subscription to the Dalhousie Review? Not only is it a gift that will keep on giving throughout the year . . . because of its undoubted editorial superiority, the recipient is subtly complimented. On receipt of your order we shall be glad to send a suitably worded Christmas card to the name and address you provide, before December 25th. The cost is only \$2.00 for 1 year, or \$5.00 for 3 years.

# ON LOOKING AHEAD

NO one knows what is before us in these war days. All we can do is prepare ourselves as well as possible for eventualities which may arise, and above all to make provision for those dependent upon us.

More than ever now every man should make his Will, and appoint an executor who is reliable, experienced, and permanent. In our more than 45 years of existence we have seen one great war, and many smaller ones. Because of this experience we know as far as is humanly possible what to expect, and how to deal with financial or real property during the trying times ahead.

Our Trust Officer will gladly discuss your Will with you, and provide every possible assistance. We should welcome your call at any of our branch offices. There is no obligation.

There's more to manufacturing than getting the order. You have to produce and deliver — and sometimes in quick time.

That often means more raw materials and large pay rolls which require extra cash.

Here is where the bank can help — by providing immediately those extra dollars so essential to you, if you are going to fill the order.

We invite the inquiries of industry for financial accommodation.

# HISTORY

*is being made today!*

**W**HETHER we realize the fact or not, we are "eye-witnesses" to what will be recorded as one of the most critical periods in the world's history...a period of unrest that may alter the cause of civilization. WAR... social and economic readjustments are taking place throughout the world...History is being made today.

But before it becomes history, IT'S NEWS. Each day's headlines announce the latest developments. Each day's news stories give you colourful details and interesting sidelights that history will omit...and these news stories are illustrated with live photographs, maps and sketches of the events they describe. Brisk editorials and reviews by brilliant men and women whose job it is to record history as it is being made. These and other sections of interest—sports, stock reports, entertaining comics, news of interest to women—all are daily features of The Halifax Herald and The Halifax Mail.

# 113 YEARS

The Halifax Chronicle has been closely linked with the history of Nova Scotia for 113 years. It is one of the most quoted newspapers in Canada, and is the only paper of the Maritimes of which that impartial authority, the Encyclopedia Britannica, says it is "of national reputation and wide political influence."

Adhering always to a sound, sane editorial policy it has won and enjoys the confidence of all sections of the people to a marked degree.

The Halifax Daily Star, established in 1873, is associated with the Chronicle as an afternoon paper. These two, in combination, provide an excellent coverage of the entire province.
