## THE DALHOUSIE REVIEW

Invites contributions in prose or in verse from both new and established writers. Manuscripts should not exceed 5,000 words in prose, 300 in verse. They should be typewritten on standard-size paper and double-spaced except for quoted matter, and footnotes should be numbered consecutively and typed together at the end of the article. All manuscripts should be accompanied by an addressed envelope and return postage in Canadian stamps or International Reply Coupons. Editorial correspondence should be addressed to The Editor, *The Dalhousie Review*, Dalhousie University, Halifax, Canada. Correspondence regarding advertising and subscriptions should be addressed to the Business Manager, *The Dalhousie Review*, at the same address.

The contents of *The Dalhousie Review* are listed in the *Canadian Index*, Canadian Library Association, Ottawa. *The Dalhousie Review* is authorized as second class mail by the Post Office Department, Ottawa, and for payment of postage in cash.

**Second Class mail registration number 1115.**

Opinions expressed by contributors are not necessarily those of the editor  
or of Dalhousie University Press Limited.

## NOVA SCOTIA CLIMATE . . .

- The first province in Canada where the leaders of both industry and labour have agreed to suspend requests for amendments to the Provincial Labour Relations Act . . . a significant step in labour-management understanding and co-operation.
- The first National Work Study School in Canada is established here—to train Canadians to be more productive in the use of time, money and materials.
- A new government department . . . first in Canada . . . headed by a senior minister . . . working effectively for voluntary economic planning to establish goals for industrial growth, greater productivity and wider markets.
- Industrial Estates Limited . . . a non-profit Crown Company of the Province . . . will provide site and plant on long-term lease basis.
- Excellent educational system including vocational schools, universities . . . and research establishments.
- The Interprovincial Grid transmission line, built in 1960 . . . connecting with New Brunswick . . . is the start of a National Grid transmission system.
- Plenty of low-cost electrical power for industry of any size.
