BANKS facilitate the nation's business » » **payrolls**

Increasing industrial activity and expanding markets make increasing demands on a firm's working capital. Experienced manufacturers meet this problem by borrowing from the bank . . . to meet growing payrolls, to pay for raw materials, and for other current costs of manufacture. Intelligent use of bank credit thus speeds production, permits business expansion and stimulates the flow of money.

113 YEARS

The Halifax Chronicle has been closely linked with the history of Nova Scotia for 113 years. It is one of the most quoted newspapers in Canada, and is the only paper of the Maritimes of which that impartial authority, the Encyclopedia Britannica, says it is "of national reputation and wide political influence."

Adhering always to a sound, sane editorial policy it has won and enjoys the confidence of all sections of the people to a marked degree.

The Halifax Daily Star, established in 1873, is associated with the Chronicle as an afternoon paper. These two, in combination, provide an excellent coverage of the entire province.

**Holiday in
NOVA SCOTIA**

Nova Scotia autumns are regarded by many as the finest time of the year. The numerous maple groves lend a magnificent coloring to the landscape, and there is a tang in the air that revives the most jaded appetites.

Nova Scotia provides ideal motor touring conditions. New paved highways lead the length of the Province to all principal points of interest, and linking byroads invite the motorist to explore delightful little villages and river valleys which gladden the eye of the artist and photographer.

Remember, too, that Nova Scotia has become famous for the low cost of its accommodations. You will find comfortable, hospitable hotels, inns and overnight homes with surprisingly low rates.

Let us help you plan your autumn tour.
