

ANN MARIE PINCIVERO

Edit

how pathetic
we didn't even make it to two years
just three months short
how sad
to come so close and fail
still when I tell others of you
I'll say it lasted 2 years
round it off
just to simplify
I'll simplify so many things about you
generalize condense edit
pretty soon you won't even be real
you'll be small and faded
reduced to a character
in a sad love story
no—smaller than that
more trivial
you'll be an anecdote
a joke
