Introduction.

King's College was founded A. D. 1789, by an Act of the Provincial Legislature, chiefly through the exertions of the Right Reverend Charles Inglis, D. D., first Bishop of Nova Scotia. For this foundation funds were granted by the Provincial Legislature, and subsequently by the British Government.

By the Royal Charter granted in 1802, all the privileges of a University were conferred on King's College, which thus became the first University of British origin established in Canada.

A Provincial Act Incorporating the Governors of King's College, and annulling the Act of 1789, was passed April 4th, 1853. It provides that the Royal Charter of Incorporation shall not be affected by it further than is necessary to give effect to its own enactments.

The Patron of the University is the Archbishop of Canterbury, to whose approval all "Statutes, Rules and Ordinances" of the Board of Governors are subject by resolution of the Board of Governors recorded in the Statutes of the University.

King's College is open to students of all denominations, and imposes no religious test either on entrance or on graduation in any faculty, excepting that of Divinity.

The University confers degrees in Arts, Divinity, Law, Engineering, Science, Literature, and Medicine. The School of Law, situated in St. John, N. B., was established in 1892.

Candidates for Matriculation may now be examined at distant centres under special regulations, which will be found in the Calendar.

The aggregate outlay necessary for the three years' residence and study qualifying for a degree will, of course, depend much upon the tastes and economy of the student, but may be estimated at about \$200 per year. The mere money payment demanded need never, however, exclude a candidate really prepared to benefit by the course of instruction offered, inasmuch as many benefactors of the University possess the right of nomination. Each nominee is exempt from the payment of certain yearly fees, (See Stat. Cap. III, Sec. 2.) besides the fee for a B. A. degree. There being some forty certificates conferring this privilege, it is easy for students to obtain it. If a Divinity scholarship is held besides, nearly the whole cost of education will be covered. The Calendar supplies all necessary information with regard to these nominations.

Non-resident Undergraduates are admitted to the College Course and Graduation, under regulations which will be found in the Calendar.

A general statement of the financial condition of the University is appended.

The examiners for the past Academical year, outside the Faculty, were as follows: *Classics*, the Very Rev. Dean Partridge, D. D. *Hebrew*, the Venerable Archdeacon Smith, D. D. *Divinity*, Rev. Canon Brock, D. D., T. H. Hunt, M. A. *German*, Rev. H. A. Harley, M. A.

The University Library.

The foundation of the Library is due to the efforts of the first Bishop of Nova Scotia, and may be placed in the year 1799. Several contributions in money had previously been received, but it was not till that year that efforts were made to obtain books.

The original fund at the disposal of the Governors was not more than £250 sterling, and was entrusted to Mr. Inglis (afterwards Bishop), son of the Bishop, and a graduate of the University, who repaired to England in 1800 for the purpose of purchasing books. The names of Dr. Moore, Archbishop of Canterbury; Dr. Porteous, Bishop of Rochester; William Wilberforce, Sir S. Bernard Morland, John Earldly Wilmot, M. P., and others, thus became connected with the early history of the Library.

Munificent gifts from the University of Oxford continued to increase the value of the collection, which was further enriched by gifts from various English gentlemen, and from others settled in Nova Scotia.

The room in the College building set apart for many years for a Library Hall, was completed in 1810 at the expense of Sir Thomas Strange and the Archbishop of Canterbury.

Among later benefactors may be mentioned : The Smithsonian Institute; The British and Foreign Bible Society; T. B. Akins, Esq, D. C. L.; The Society of Incorporated Alumni of King's College; E. Binney, Esq; C. Cogswell, Esq., M. D.; The Dominion Government; The Institution of Civil Engineers; American Institute of Mining Engineers; The Royal Society; The Religious Tract Society; The Rev. George McCawley, D. D.; The late Rev. Canon Hensley, D. D.; General Sir F. W. Williams, K. C. B.; The late Bishop of Nova Scotia; The Rev. George Morris; The late Rev. G. W. Hodgson, M. A., and Her Majesty the Queen.

Calendar of the

This large collection of books, now numbering over 12,000 volumes, was in 1870 removed to the new Hall specially built for the purpose, and presented to the University by the Incorporated Alumni.

In spite of many blanks, the Library is one of the largest in the Province, and contains all the elements requisite for making it a wellappointed and efficient Reference Library.

An excellent Catalogue, prepared in 1893, by Mr. Harry Piers, at the direction of the Board of Governors, in accordance with the will of the late Charles Cogswell, Esq., M. D., contains much valuable historical information, and shows both the wealth and the deficiencies of the Library.

There is no special Library Fund except the fee from students, and the collection can only be increased by grants of money from the Governors, the occasional lapsing of prize money, and the benefactions of friends of the University.

NATURAL HISTORY.

Geology and Mineralogy.

The Geological Specimens, many of which are very fine, illustrate the most prominent features of general Geology, but the majority have been collected in Nova Scotia, and are especially adapted to show the character of the Fossil Flora and Fauna of the Province. There are special collections, which may be discriminated as follows :---

1. The W. B. Almon Collection, presented over forty years ago by Mrs. W. B. Almon, of Halifax, contains, with many minerals and a few shells, a considerable number of rock specimens and a few fossils, chiefly from Scotland, collected by the late W. B. Almon, M. D.

2. The Governors' Collection consists of coal fossils obtained in 1860, at the expense of the Governors of the College; these were collected by Prof. How, with the valuable assistance of a party headed by Richard Brown, Sr., Esq., then agent at Sydney Mines, who, from long study, was familiar with the district. Many of the specimens are exceedingly fine, and some are of large size.

3. The Alumni Collection consists of Silurian and Devonian Fossils, chiefly from Arisaig, N. S., collected, named and arranged stratigraphically by Dr. Honeyman; purchased and presented in 1861 by the Alumni of King's College.

4. The Australian Collection consists of specimens obtained through Colonel Nelson, in 1863, from Sir William Dennison, then Governor of New South Wales, in exchange for Nova Scotia specimens from the College Cabinet, sent by Professor How. It contains some beautiful fossils, and is arranged stratigraphically; its value is increased

Calendar of the

by an accompanying large detailed coloured section made by the Government Examiner of Coal Fields, under the instructions of Sir W. Dennison.

5. A collection of British Fossils, chiefly Silurian and Devonian, obtained through Dr McCawley in exchange for Nova Scotia specimens sent by Professor How from the College Cabinet, in 1860, to Captain, now Sir James Anderson.

6. A collection from Europe, illustrating chiefly the nature of crystalline and sedimentary rocks, purchased by the Governors.

7. Several collections, some of which are unnamed, and single specimens, given and obtained by exchange at various times; of these it will suffice to name: Reptilian Tracks of great geological interest presented by the widow of their discoverer, the late Dr. Harding; valuable Fossils, chiefly carboniferous, presented by H. S. Poole, Esq.; Silurian Fossils from Arisaig, presented by H. Hill, Esq., Sheriff of Antigonish; Coal Plants from Cumberland County, presented by Rev. Canon Townshend, Rector of Amherst; Cretaceous Fossils from England, presented by C. B. Bowman, Esq., and Dr. Honeyman; Silurian and Carboniferous Fossils of Nova Scotia, from Professor How; Rocks and Minerals from the Dominion Government; Devonian Corals of Ontario, and Canadian Rocks from Professor Spencer.

The Mineralogical specimens represent the most important species of Minerals, --some of them are of great beauty. They consist of those in the collection of Zeolites collected at the expense of the Governors and of various others obtained by gifts and exchange, as mentioned with regard to the geological department. Sir Rupert George; Rev. Dr Robertson, Rector of Wilmot; H. Brown, Esq.; Director of the Geological Survey of Victoria, formerly a distinguished student in Science at this College; Rev. J. Ambrose; Rev. J. C. Cochran; C. B. Bowman, Esq.; J. Bowman, Esq.; Rev D. W. Pickett; Hon. W. Odell and Professor How, have presented interesting specimens.

Zoology.

The Willis Collection consists of specimens fully illustrating Nova Scotia Mollusca, named, arranged and presented by J. R. Willis, Esq.; a collection from the U. S. Government. The department is further illustrated by a collection of foreign shells, some interesting skulls and skins, and a limited number of preserved animals.

Botany.

The Gogswell Herbarium, bound in five imperial folio volumes, contains a fine, systematically arranged collection of Phænogamous and Cryptogamous Plants of Great Britain, presented by Dr. Cogswell.

The Gossip Herbarium consists of a small number of Scottish Plants, presented by Dr. Gossip.

The Willis Herbarium consists of Nova Scotia Algæ and Terrestrial Plants, presented by J. R. Willis, Esq.

The Strange Herbarium consists of a considerable number of East India Plants, presented in 1805 by Sir T. Strange.

The Ball Herbarium of Nova Scotia consists of about 250 species, presented by Rev. E. H. Ball.

There are also a few woods, barks, leaves and fruits—from various sources—presented by C. B. Bowman, Esq.; Hon. W. J. Almon, M. D., and other benefactors.

The General Collection.

The General Collection consists of various curiosities from different parts of the world, and a small but choice cabinet of coins. Other interesting curiosities are the beautiful Indian Pipe from Queen Charlotte's Island, the models are the Leaning Tower and the Baptistry at Pisa, and the memorials of General Williams and Inglis, which include the sword worn by the former throughout the siege of Kars, and that used by the latter during the defence of Lucknow. There is also a model of the Cawnpore Memorial Cross, formed of wood from the house in the courtyard of which the women and children were massacred.

The College possesses also a number of autographs of royal and distinguished personages; one of Thomas Moore, the poet, inscribed in a copy of Lucian, presented by him on the occasion of his visit.

The Coins illustrate the Numismatics of Rome, and most of the countries of the modern world.

The different departments of the Museum are arranged in twentyfour flat cases, supported by the balustrade surrounding the gallery, and five large table cases all glazed, and provided with lock and key. The large specimens, which could not be conveniently placed in cases, are arranged on shelves or distributed in different parts of the hall.

The friends of Science in Nova Scotia and elsewhere are respectfully requested to contribute specimens to the Museum of King's College. The steps which have been taken by the Governors to provide suitable cases for the arrangement and display of the contents of the Museum in the fine Hall erected at the expense of the Alumni, offer a guarantee that the liberality of donors will be carefully recognized and fully recorded.

In the Library, in addition to a number of Photographs, there are several large Oil Paintings—including those of the late Drs. McCawley and Cochran, Rev. Charles Porter, A. M., the late Dr. J. T. Twining, end of Paul Mascarene. There are also marble busts of General Williams, of Cicero, and of Demosthenes.

It is particularly requested that donors will send their contributions of Books, Coins and Curiosities, addressed to the *Librarian*, and of Natural History Specimens to the *Natural History Curator*, King's College Museum, Windsor, N. S, in order that the receipt may be duly acknowledged, and the donations recorded in the yearly Calendars as heretofore.

The Coins illustrate the Numismatics of Roma, and one wood

Epitome of Froceedings of the Annual Meeting of the Alumni,

Held in the College Hall, Windsor, on Wednesday, June 16th, 1897, at 10.30, a. m.

Dr. Trenaman, President, in the chair.

Prayers by Very Rev. Dean Gilpin.

The minutes of last annual meeting, 17th June, 1896, were read and approved.

The minute book of the Board of Governors and Statements of the College Finances were laid on the table.

Proxies were handed in, examined, and found correct.

The following were duly proposed and elected members of the Association :---

R. M. Gray, Antigonish, N. S.; Rev. William Pilot, D. D., St. John's, Nfld.

The president reported that, under No. 9 of "Rules passed at different times," the Executive Committee had, during the year, elected Dr. G. Carleton Jones as a member of the Association.

The Report of the Executive Committee (including the Treasurer's account) was submitted, considered clause by clause, amended, and adopted, as follows:

REPORT OF THE EXECUTIVE COMMITTEE.

FINANCIAL CONDITION OF COLLEGE.

1. There is little in the financial condition of the College to call for special notice at the present time. The need still exists of a sufficient increase in the Endowment Fund, or in the annual contributions (a) to afford adequate remuneration for the faithful services of the Professor of English Literature, and (b) to enable some reduction to be made in the charges to students.

JUBILEE AND CENTENARY ENDOWMENT FUND.

2. A prospectus has just been issued by Rev. Dr. Bowman, with the approval of the Executive Committee of the Governors, and under the patronage of the Bishops of Nova Scotia and Fredericton, of a scheme for raising, during the next five years, an Endowment Fund of \$100,000 in commemoration of the Queen's Diamond Jubilee and of the centenary of the granting of the Charter, which will be celebrated (D. V.) in 1902.

According to this scheme the first \$20.000 collected will be applied to the payment of the debt incurred in making the recent improvements at the College and Collegiate School, thus affording to students the desired relief in charges.

It is unnecessary to speak particularly of this scheme here, as the whole subject will be brought up for discussion. (See p. 111)

STUDENTS.

3. The number of Students at the College during the past year has been about the same as for the two previous years.

NON-RESIDENT STUDENTS.

4. The scheme for Non-Resident Students, referred to in last year's Report, has been approved by the Governors and will be printed in the forthcoming Calendar. It has everywhere met with a very favorable reception, and a number of applications have already been received from candidates who intend to take their first examinations in October. (See p. 19.)

COLLEGIATE SCHOOL.

5. An important change has been made in the Collegiate School, which it is hoped, will result beneficially in every way. It was considered by the Board of Governors to be for the best interests both of the School and the College that they should be under one management. Accordingly they appointed the President of the College, Rector of the School, of which he assumes control at the end of the present month. The Bishop has undertaken the selection, in England, of an experienced Master who will take charge of the School in September.

CHURCH SCHOOL FOR GIRLS.

6. The Church School for Girls has again had a prosperous year, with an increased number of pupils The resignation of the Lady Principal, under whose care the School has increased almost three-fold, laid upon the Boards of Directors and Trustees the serious responsibility of providing a competent successor. We are glad, however, to be authorized to state that their efforts in this direction have been eminently successful, and a Principal of good academic standing, Miss Blanche L. Lefroy, of Cheltenham Ladies College, England, highly recommended for the position by the Principal of that institution, has been chosen in England by the Bishop, and will bring with her several properly qualified assistants to fill the other vacancies in the School staff. It is with much satisfaction that we call attention to the fact that the Boards of Directors and Trustees, recognizing the relationship between the College and the Church School for Girls, are now offering every facility and encouragement to girls to prepare for the examinations for "Associate in Arts," and for Matriculation at King's College, and this end has been distinctly kept in view in selecting teachers for the School.

Moreover, provision is now made whereby young women over 18 years of age, who desire to take a University course at King's College, may attend lectures at the College, while residing as special students in Music or Art at Edgehill, and thus enjoy there, at a moderate cost, all the advantages of a comfortable and well-regulated home.

FEMALE STUDENTS

7. A year ago a committee was appointed to report on the matter of the greater encouragement of Female Students to enter College, and their report contained a recommendation that special boarding places be provided in Windsor for such students. The provision of the Directors of the Church School for Girls above referred to; however, greatly simplifies this problem.

CONVOCATION HALL.

8. The condition of the Convocation Hall was referred to in our last Report as giving cause for great anxiety. After careful examination it was found necessary to take down the greater portion of the western end and rebuild it. The work is now progressing satisfactorily. The new wall is being thoroughly laid with stone and brick, and there is no doubt that, when finished, it will be much stronger than when first built.

LEGISLATION.

9. It may be noted that the Act of 1895 for the enlargement of the Board of Governors was amended at the last session of the Provincial Legislature in accordance with the report of the Committee on Legislation adopted at the last Annual Meeting, and the resolution which followed. A copy of the amending Act is submitted.

TREASURER'S ACCOUNT.

10. The Treasurer's account duly audited, and showing a balance in hand on current account of \$113.40, and investments. amounting to \$5896.33, is submitted herewith.

VACANCIES BY ROTATION.

11 Under Sec. 3, Cap. 66, Acts of 1853, Rev. Geo. Haslam and Dr. J. C Moody retire from the Board of Governors, and it devolves on this meeting to fill the vacancies.

There are two other vacancies on the Board to be filled at the same time—one caused by the death of Mr. J. A Shaw; the other by the resignation of Rev. Dyson Hague, who will shortly remove to Toronto.

The President of the Alumni, accompanied by Rev. F. J. H. Axford, Messrs. H. H. Pickett and W. L. Payzant of the Executive Committee, go cut of office under by-law IV. These vacancies are now to be filled.

It also devolves on the meeting to "nominate" five members of the Executive Committee of the Board of Governors under the provisions of sub sec. (b), Sec. I. of the Constitution of the Committee.

NECROLOGY.

12 Your committee regret to note the death during the year of the following members of the University :---

REV. WM. STUART,—Matriculated 1848; B. A., 1852. REV. JAMES J. HILL,—Matriculated 1854; B. A., 1858; M. A., 1863. J. A. SHAW,—E. S., 1857. REV. SIMON T. GIBBONS — E. S., 1876. RICHARD PRAT,—Matriculated 1883; B. A., 1887. IVAN PERRIN,—Matriculated 1894. ALBERT J. YOUNG.—Matriculated 1895.

MEMO.

WM. L. L'AYZANT, W. J. ANCIENT. } Auditors. Halifax, 26th May, 1897.

REPORT OF THE COMMITTEE ON ENCOURAGEMENT TO FEMALE STUDENTS.

The Committee on Encouragement to Female Students report to the Associated Alumni of King's College that they have held one meeting and considered the questions of how accommodation could be provided, and what fees should be charged.

They have decided, with regard to the former, to make enquiries in Windsor for some suitable house or houses, over which the College authorities could exercise proper supervision, and where they hope board and lodging could be furnished for from \$3.50 to \$4.00 a week, including washing.

They are prepared to suggest to the Board of Governors with regard to the second question, that in view of the fact that no accommodation can be provided for such students within the College Luilding, and they are therefore perforce obliged to be non-resident, the fee of \$20.00 charged to non-resident male students should not be exacted from female students.

If these two matters can be settled as above, and female students pay the fee of \$4.00 a term for the course in English Literature, obtaining a nomination which will exempt them from fees for the other ordinary subjects, the college might advertise to the effect that the expense to a female student attending King's College need not exceed \$130.00 to \$145.00 per annum.

(Sgd.)

All of which is respectfully submitted,

18th Aug., 1896.

F. NOVA SCOTIA, Chairman.

It was stated that this Report was handed to the Executive Committee, and by them forwarded to the Governors with the recommendation that the fee of \$20.00 charged to non-resident male students should not be exacted from female students; that the Board considered it inadvisable to remit the whole fee, but reduced it to \$8.00.

The Report was accepted, and the action of the Executive Committee confirmed.

Canon Vroom (in the absence of Dean Partridge) reported for the committee appointed last year (calendar 1896-97, p. 153,) "to secure such an amount of money as will enable the Board of Governors to establish the salary of the professor of English Literature on the same basis as that of the other professors,"—that the committee had issued circulars at an expense of \$25.04, and received returns to date of \$12.45.

The Report was received, expenses ordered to be paid, and the committee released from further duty.

Vacancies on the Board of Governors were filled by the election of Rev. Canon Vroom, in the place of the late J. A. Shaw; H. H. Pickett, in place of Rev. Dyson Hague, resigned; and R. J. Wilson and Hon. Judge Hodgson, in place respectively of Rev. Geo. Haslam and Dr. J. C. Moody, who retire under sec. 3, cap. 66, Acts of 1853.

Dr. Trenaman was re-elected president of the Alumni for the ensuing two years.

Vacancies on the Executive Committee of the Alumni, made by the retirement, under by-law IV, of Rev. F. J. H. Axford, H. H. Pickett, and W. L. Payzant, were filled by the election of Dr. M. A. B. Smith, Rev. W. H. E. Bullock, and the re-election of W. L. Payzant.

Very Rev. Dean Partridge, R. J. Wilson, Rev. Canon Vroom, Robert E. Harris, and J. B. Forster, were "nominated" by ballot as members of the Executive Committee of the Board of Governors.

Money votes were passed as follows :---

N. S. members-Rev. Dyson Hague, Rev. Canon Vroom, Rev. Dr. C. Bowman.

P. E. I. members-Hon. Justice Hodgson, A. B. Warburton, Esq., Rev. T. H. Hunt.

_____, General Secretary-Treasurer.

NOTE —The foregoing Prospectus is based on an estimate of 100.000 members of the Church of England in the Maritime Provinces, and that each and all of them should be interested in the maintenance of the • College at Windsor, which is most intimately connected with the Church to which they belong.

It may be noticed, however, that the Endowment sought for under this Prospectus has no connection with the denominational features of the Institution, but looks to the introduction and support of such departments of education as are purely secular, and as such should be of equal interest to all, of whatever creed, who value facilities for the better training of our youth for the many scientific professions which offer them the means of obtaining honourable and lucrative employment.

April 8th, 1897.

At a meeting of the Executive Committee of the Governors of King's College, held 8th April, 1897, it was

CHARLES BOWMAN, D. D.

Resolved,—that the foregoing Scheme for an Endowment, presented by Rev. Dr. Bowman, be approved for recommendation to the Governors and Associated Alumni of King's College, and that the Bishops of Nova Scotia and Fredericton be asked to allow their names to appear in the Prospectus as Patrons, and that the Bursar be authorized to pay for the printing of the same for distribution among the Governors and Alumni previous to their annual meetings in June next.

The preamble was endorsed by the meeting.

After an expression of opinion that the placing of so large a sum as \$100,000 in the prospectus would tend to defeat rather than assist the success of the scheme, it was

Resolved, That the preamble of Dr. Bowman's scheme for a Jubilee Endowment Fund having been endorsed by the Alumni, the details of the scheme be left with the Board of Governors.

[At a meeting of the Board of Governors in the evening all the words after "upon" in the sixth line of the preamble were omitted, and the following substituted in lieu thereof : "such terms and regulations as the Executive Committee (of the Board) may think advisable, and that such fund be applied to the liquidation of the debt now standing against the College."]

A resolution suggesting a reduction in the fees charged at the College and the School was adopted as follows :---

Whereas it is desirable that the educational facilities afforded by King's College and the Collegiate School should be placed within more easy reach of all who may desire to avail themselves of them, this meeting of the Associated Alumni would respectfully suggest to the Board of Governors the advisability of at once effecting a considerable reduction in the fees charged to resident students in both institutions.
